

Downloading eBooks to Your Nook

Before You Begin... Make sure you know your library card and pin numbers (your pin number is your phone number, including area code). Also make sure you have downloaded and installed the free **Adobe Digital Editions** software on your computer (available on the SMDL website).

1. Go to <http://smdl.lib.overdrive.com> and select an eBook of your choice. You can also do an advanced search at this point to find a specific title, author, or to limit your results to only available titles.

Click on **Advanced Search** and you can adjust the search terms to fit your needs. You can also check the box **Only show titles with copies available** at this point if you only want to see books that you can check out right now. When you are done click on **Search**.

Pride and Prejudice

by Jane Austen

Average rating: 
My rating: 

Silly Mrs. Bennet is "husband hunting" for her five daughters. Heaven knows it isn't easy! Darcy would make a great match for Elizabeth- if it weren't for his false pride and her stubborn prejudice....

8. A new window will pop up, asking you to choose the program with which to open the file. Adobe Digital Editions should automatically be chosen (if you have not already downloaded Adobe Digital Editions you will have to stop and do that first). Click **OK**.

9. Adobe Digital Editions will open and automatically bring up your book. You can read it right here, or you can transfer it to your Nook.

10. To transfer the book to your device first plug your Nook into your computer using its USB cable. (If this is the first time you have used your Nook with Adobe Digital Editions, a Setup Assistant will open. Click **Authorize Device**.)

USB (larger) end plugs into the computer USB port.

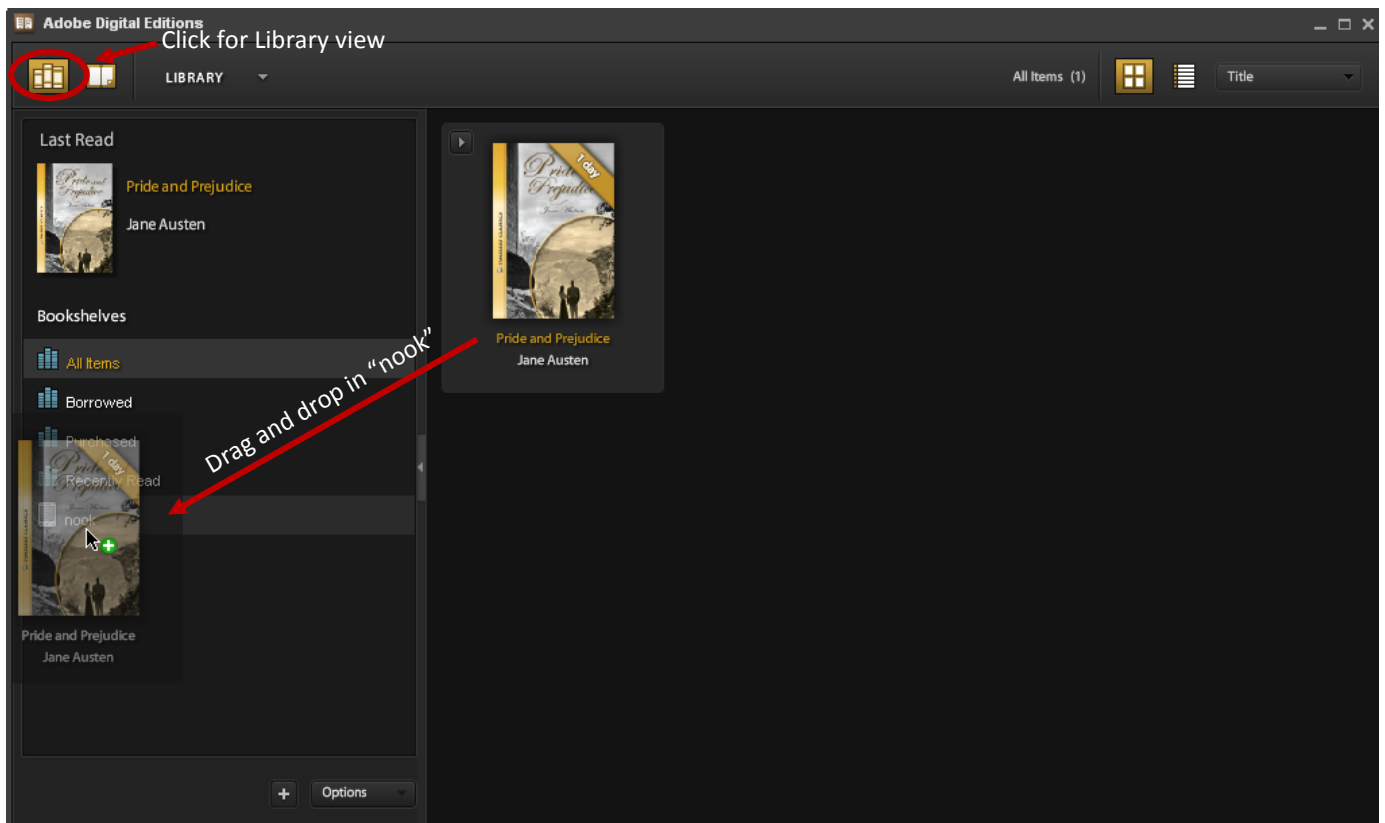

Other smaller end with "n" on it plugs into nook.

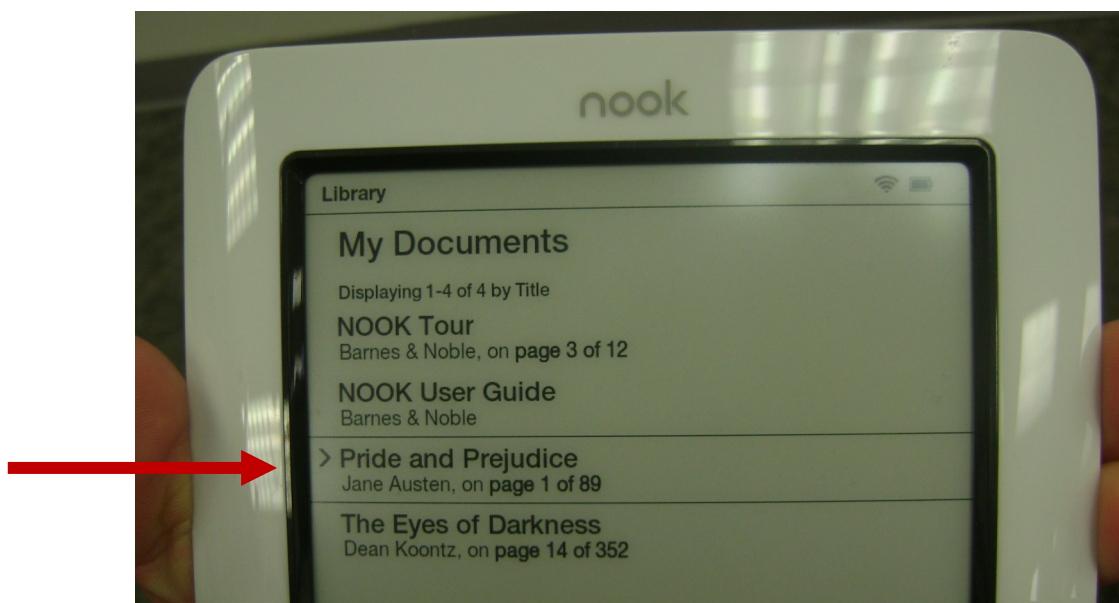

USB port looks like this

11. Click on the bookshelf icon in the top left corner to make sure you are looking at the Library View. Your Nook should be listed at the bottom of the left column of the screen, with any eBooks you have downloaded on the right. To transfer an eBook to your Nook, drag and drop the eBook from the right side of the screen onto the Nook icon. This will copy the file to your device.

12. Your book has now been downloaded to your nook. Unplug it from your computer and look under "My Documents" to find it (may be in a slightly different location depending on your version of the nook).

If you need further assistance downloading to your Nook you can call the library at (269) 695-3681.
