About two miles north of Grand Ledge, in the heart of a large old forest, lives an eccentric but happy fellow named Dick Luke. His daily labors are devoted to the interest of a coal mine, which extends 500 feet into the side of a hill, and wherein by the aid of the flickering rays of a lard-oil lamp, Dick Luke has for ten years past croaked on his side and back, and slowly poked the treasure from the side of the mother earth.

Judge Parrish, of Grand Rapids, gives the farmers the following points regarding the ownership of the streets and roads: "The owner of land on which there is a public highway owns the soil on which the highway passes, subject to the right of the public to use it for the purpose of highway. You are under just as much obligation to restrain your cattle from destroying the grass, trees or herbage of the highway along my premises, as you are to keep them out of my corn field, except so far as the public use will permit or deem necessary."

MR. N. HAMILTON is extending his cement walk to the north line of his lot. Since this kind of walk has been brought down in price, within the reach of ordinary mortals, there is a good prospect that Buchanan will have a good supply of it, and where is a town that needs it worse. We have some abominable cases of bad sidewalk, where there is danger of broken legs or heads.

MR. W. O. HAMILTON had a little experience, Friday morning. He was driving across the Alburgh Central, at the crossing at the depot, when a freight train that was standing there backed up against his wagon, breaking down the wheels, and left it in rather bad shape for farther travel. There was no damage other than that done the wagon and the spilling of one sack of wheat.

THE Benton Harbor Palladium has changed hands once more, J. P. Thresher being the new man on the tripod. Mr. Thresher is an old man at the business, having been connected with the newspaper business of that place and St. Joseph a number of years. We look for an enlargement of the Palladium at an early day, as the fluency of Mr. Thresher's pen will demand more space. It took two columns to hold his "how."

PROBABLY the best patronized of any public institution in this township is the township library. The library now contains over 1,000 valuable books, and more are added each year. \$200 worth of new books were added last winter and there will be nearly that amount to apply in that-way the coming winter. All who want reading matter can have it here for the trouble of going after and returning it, and there is no good excuse for any person to be out of good reading.

THOSE who have unflinching day walks are losing money every day they fail to put the finishing coat on their walks. It will be but a short time before there will be breaks in that walk, and the walk past redemption. All that is necessary is to wet your walk over the surface with coal tar, applied with an old broom, and sprinkled with fine dry sand and your work is done and your walk put in condition to last a number of years. You can do it yourself, and now is the time to attend to it. A stitch in time will save more than nine in this case.

MARRIED, by the writer, Saturday, Sept. 22, at the residence of W. Hunt, Thomas G. Patrick, aged 75, of Grant City, Iowa, and Mrs. Christine E. Bechman, aged 58, of Buchanan. A few friends and acquaintances were invited to witness the ceremony, after which a sumptuous supper was served. This aged couple have the good will of all who know them, hoping they may be a help and comfort to each other down the declivity of life.

WM. W. EASTMAN.

There is talk that the Cincinnati, Wabash & Michigan road will be extended to the mouth of the river at St. Joseph. This will be something of an encroachment on the ferry business, as all passengers from the lake boats must ferry to the railroad, and something of a joke on Benton Harbor, by transferring the terminus with its accompaniments to St. Joseph. The Wabash people have talked this over for some time, but have found the St. Joseph Valley road a little in their way by holding right of way where they want it.

Nuptial.

Among the social events of the season was the marriage of Mr. Morris Lyon and Miss Matt Hamilton, which took place in the presence of over one hundred invited guests, at the home of the bride's parents, Mr. and Mrs. N. Hamilton, Thursday evening, Sept. 27, Rev. C. G. Thomas officiating. The marriage of these well and favorably known young persons brought together as gay and jolly a company as has been known in Buchanan in many a day. The evening was spent by all in trying to have a better time than his neighbor could possibly do, and "taking care" of the sumptuous repast that had been prepared, and they made a perfect success of both. The new family were presented by the guests with the following list of elegant presents:

Ed. Munson, twelve-year-old son of Mr. Frank Munson, created a considerable disturbance Friday afternoon. Instead of going directly home from school as usual, he started for a walk of eighteen miles to his grandfathers, at Brownstown on the lake shore, which place he reached a short time after dark, well tired out and nearly starved. His disappearance was not noticed until sometime after time for him to be at home, when search was instituted, and Charles Evans finding a clue to his whereabouts, followed him to Brownstown and brought the lad home next morning. He could not give much reason for going away, excepting that he did not like his teacher, and did not want to go to school.

If there is any one person more than another who has an abiding faith in the new postage regulation that allows you to send your letters to all parts of the world and Canada for two cents each, it is the postmaster. The salary of the postmaster is readjusted every two years, the salary for the coming two years being made according to the amount of business done by the office during the year before the readjustment. The last of which was made at the last July quarter. During the past two years the Buchanan postmaster has drawn \$1,700 for wages, and his report last July showed a business for the year before, aggregating \$85 more than the amount required to raise the salary of the office to \$1,000; but instead of being that amount he has just been informed that from last July his salary will be \$1,400, out of which he furnishes all of the equipments of the office, excepting only blanks, stamps, mail pouches and locks, including boxes, fuel, lights, house rent, all clerk hire, &c.

THE Chicago Times in its account of the Illinois State Fair contains the following note of interest in Buchanan: "The finest display of wagons on the state fair ground will be found in a large tent inside the circle of the race track. These wagons are manufactured by the Rough Bros' Wagon Works, of Buchanan, Mich. There are six wagons on exhibition, one a common stock wagon; one is with dark wire colored body and straw-colored gearing, elegantly decorated in tube colors; and the other two are of artistic appreciation of the keenest order. The bodies are of white walnut, oiled and polished, revealing the beauty of the texture and the grain. The seats of one are most beautifully and highly decorated after the Japanese designs in gold, ebony, and color, executed by hand and displaying exceeding taste and artistic skill. The other is a tasty style not to be excelled. The hub of a Pennsylvania black-hick, the spokes and felloes are Indiana oak. The axletrees are of hickory. The two last named axles are supported by the state fair ground, and are supported by Norway clips and are supported by a support in an aperture of the skin, in which it is inserted. These yokes do away with the boring of holes through the axletree, thereby increasing the strength and durability of the wagon. These wagons are exhibited by Maj. S. Wells and J. A. Mann."

This question of adopting Detroit time for all kinds of business is agitating the minds of the citizens of this place. Uniformity is the only argument in its favor, but Detroit time is not time for Buchanan any more than Washington or Boston time. There is no good reason for setting all of the town clocks twenty minutes ahead, because the Michigan Central railroad is run in that way. Suppose we had another railroad that was run on St. Louis or Denver time, should we set our clocks to correspond, and when any one asked you what time it is, look at your watch and then tie to him twenty minutes or half an hour.

THERE was a collision of freight trains near Coryboto, Monday night. Train No. 17 going west had stopped, when another train that was following came plunging into the rear end of it, demolishing the caboose and four or five cars. There were thirteen men in the caboose, among whom was Charley Evans from this place, all in charge of stock for Chicago. The brakeman standing on the rear platform saw the danger, and gave the alarm, so that the passengers jumped from the car just in time to save being badly mixed up. A trotting horse and his colored groom were in one of the cars, but miraculously escaped injury.

[Niles Mirror.] H. M. Armstrong, near Cassopolis, got upon the fast train Friday evening, with a view to go to Dowagiac, but found he was on the wrong train and jumped off at the other end of the yard, striking his right leg against a switch and broke it just below the knee. Drs. Bonine and Belknap attended to it, and pronounced it a bad break.

[Berrien Springs Journal.] A Berrien Springs cherry tree is in blossom. The reports of the school officers to the county clerk show quite a decrease in the number of school children between the age of five and twenty years during the past year. No reports have yet been received from Benton, Buchanan, Chikaming, Lincoln and Niles townships. In the remainder of the townships there has been a decrease of 227 scholars. There has been an increase in Bainbridge of 20, in Berrien of 24, and in Lake of 8, and a decrease in the same order as follows: Bertrand, 20; Galien, 88; New Buffalo, 16; Niles city, 30; Oronoko, 12; Sodus, 7; Three Oaks, 1; Watervliet, 30; Weesaw, 33. Hagar and Joseph had the same as last year. This decrease must have been caused by the unprecedented emigration to Dakota, Nebraska and other western states.
