THE editor of the Record, accompanied by his wife and daughter Grace, is taking in the editorial excursion to Niagara Falls, this week.

THE "Blue and Gray" was played at Berrien Springs, Monday evening, by the Buchanan company, to a full house. A train load went from here.

LOST.—A small gold locket from my watch chain. The finder will be liberally rewarded by returning the same to me.

NEXT Sunday will be observed as Children's day at the United Brethren church in this place in the forenoon, and consisting of music, dialogues, etc.

THE wool market has been quite lively in this place this week, with three buyers in the market—Redden Bros., C. B. Treat and John Hus.

FRANK LOUGH, who went to Otis, Col., a few weeks since, has returned. He speaks in high terms of that country.

OAK Ridge Cemetery was cleaned up in fine shape for memorial day. Sexton Hahn is justly being praised for his appearance.

SOME of the Masons of this place attended a meeting of instructions at Benton Harbor, Monday. They report a large attendance and a profitable meeting.

A LARGE number of Benton Harbor men went to Cassopolis, Tuesday, as witnesses in the Haire murder case, which is now "on tap" in the Circuit Court of that county.

ON Sunday evening, June 6, Rev. H. Valette Warren will preach a baccalaureate sermon before the graduating class of our high school, in the M. E. church of this place.

A FEW more cents off from the price of wheat will have a tendency to increase the popularity of other branches of husbandry and decrease the acreage of that cereal.

THE Buchanan band treated the people to some good music Memorial day. We don't see why they do not perfect a permanent organization and "stick together."

MR. A. C. GEYER will speak at Rough's Opera House, Saturday evening, on "The Labor Question." Mr. Geyer is a fine speaker, and will entertain you. Admission free.

OUR young friend Clint Bliss started yesterday morning for the northern peninsula, where he has secured a situation as engineer in the Gogebic iron mining region.

FREDDIE, a little son of Mr. John Huss, aged 2 years and 3 months, while playing about the yard, Friday, fell from the top of a fence to the ground, receiving injuries from which he died Tuesday morning.

BUCHANAN wool buyers have been paying 20 to 22 cents for unwashed wool, while buyers in other parts of the state have been paying 15 to 18 cents. A good thing for the farmers but rather thin business for the buyers.

THE entertainments given under the auspices of Wm. Perrott Post, Friday and Saturday evenings, did not "pan out" financially as well as was expected. They ought to have fared better.

SOME appear to object to the observance of Monday for memorial services, when Sunday is the thirtieth. In some states when legal holidays fall on Sunday, the following day is the holiday.

MISS ELLA TICHE, a former teacher in our schools, and now principal of the Madison school in South Bend, will spend her vacation in that city teaching a select school for grammar and upper intermediate pupils.

LOST.—A black memorandum book, containing a note, lay receipts and various other papers. The finder will please leave the same at this office or hand it to Mr. Enos Holmes, the owner.

MISS BESSIE BRYANT, of Chicago, an elocutionist highly spoken of by the press where she has given readings, will give an entertainment in this place, at Rough's Opera House, on Thursday evening, June 17.

JOSEPH BIRD, an Englishman who has been in this place for two or three years past, and for the past six months in the employ of Dr. Spreng, died Monday morning, after a short illness, of inflammation of the stomach. He was about sixty years of age.

THE Old Settlers picnic at Berrien Springs yesterday was well attended, though not as largely as in years past. We regret we were not able to be present to eat pumpkin pie with them. Mr. Charles F. Howe, of Bertrand, was elected President for the ensuing year.

WE would suggest to the Hose boys that when they want a little friendly game of cards in their room that they "pull down the blinds." It would appear better. A minister informs us that he saw card playing there last evening, and mentioned the names of some of the players.

THE object of the Benton Harbor Fruit exchange is to protect its members from encroachments at the hands of sharpers among Chicago Commission men, who take the fruit and send the shipper a bill for the trouble of handling it. Some of the most outrageous practices of this kind are reported.

FRANK ROUGH, a son of Mr. Geo. G. Rough, accompanied by two other boys, with a single horse, tried to beat the narrow gauge train from Berrien Springs to Buchanan, yesterday, and by running the horse the whole distance, succeeded in doing so. It was probably fun for the boys, but undoubtedly not for the horse. An arrest for cruelty to animals would probably teach the boys a well merited lesson.

SANTARIUMS are getting thick in this region. There is one at Berrien Springs, one at Cassopolis, and now one is to be opened at Constantine. This is about the healthiest corner of the world, and perhaps its all right to induce the sick and afflicted to come hither and be healed.

MISS HAMILTON, of Benton Harbor, is to be the soloist at the Interstate Sunday school convention which meets at Ottawa, Kas., this month, having been selected for that position by Prof. W. F. Sherwin, of the New England conservatory, who has charge of the musical part of the program. A high compliment to Benton Harbor musical talent.

AMONG the appointments of teachers for the South Bend city schools for the coming year, we find the name of the Misses Ella Teiche, principal, and Nellie Jones, teacher in second primary department of the Madison street school. These young ladies will be remembered as former Buchanan girls the former as teacher in our schools.

REPORTS of the Agricultural Department to the lower House of Congress say the wheat crops of India, Australia and South America, already harvested, are 22,000,000 bushels less than last year, while the product of the United States promises to exceed last year's yield by fully 100,000,000 bushels. The wheat in the United States May 1 last was 104,000,000 bushels, against 132,000,000 bushels in 1885.

UNTOX religious memorial services were held at the Old School House grounds Sunday morning. Rev. H. V. Warren delivered an excellent and appropriate address. The subject he selected was the influences opposing our government. Among these he classed illiteracy, the presence of foreign transports of the criminal and anarchal classes, and intemperance. There was a good attendance.

OUR friend W. G. Blish, of Niles, has stirred up a small-sized breeze by asserting in the Star that nearly all the gallon and half-gallon measures used by the grocers of that city do not hold as much as they are represented to. We wonder how an investigation would find the measures used in this place, or almost any other place for that matter.

MR. LEROY S. BROXSON came into this office, a few days since, and saying he had brought us some prohibition liquor from his distillery, placed a quart Mason can on our table, and he departed. We protested against tempting us, but he would not listen. The contents of the can was what we have been used to calling maple syrup, perhaps we are mistaken in the beverage.

THE L. A. S. of the M. E. church, will give a strawberry and ice cream social, Friday and Saturday evenings, June 4 and 5, in the store room formerly occupied by Mr. G. W. Fox. Proceeds for the benefit of a needy minister in the northern part of this state. The young ladies will have charge Saturday evening. Every body invited.

IN the case of the people vs. Thomas Haire, for the killing of John McCroin at Benton Harbor in 1883, now on trial in Cass county, the following persons have been sworn as jurors: Ruben E. Allen, Howard, John C. Loman, Jefferson, Galispie B. Southworth, Newburg.

SUPERVISOR Alexander furnishes us with the following figures of farm statistics in this township, as he found them while taking the assessments of the township: There are 13,000 acres of improved and 5,295 acres of unimproved land in the township. Last year there were raised 2,783 acres of wheat, yielding 45,820 bushels; 1,512 acres of corn, yielding 55,804 bushels of ears; 778 acres of oats, yielding 96,757 bushels; 120 acres of cloverseed, yielding 224 bushels; 84 acres of potatoes yielded 8,637 bushels, and 1,793 tons of hay were cut from 1,290 acres of hay land. 2,330 acres of wheat are now on the ground. Of live stock over six months old, he found, horses, 393; mitch cows, 328; cattle other than milch cows, 883; hogs, 1,150; sheep, 1,010. 6,280 pounds of wool were sheared from 1,040 sheep. There were 48 acres of apple orchards, from which were sold 2,805 bushels; probably nearly as many more were reserved for home consumption. 2,800 pounds of grapes were marketed.

Mrs. JOHN MORRIS left this morning to visit the home of her parents at Dayton, O., and will remain there during the greater part of the summer if she does not get lonesome to see John. She was accompanied by Mr. Garrett Morris, who will visit relatives in that vicinity.

WE are pleased to read such notices of former Buchanan boys as the following from the South Bend Tribune. Carson is a graduate of our High School, and is well known in this vicinity, where he was born. He had the honor of being the orator on Memorial day at South Bend, and the Tribune thus notices his address:

"The address of Mr. A. C. Geyer, was pathetic from the beginning to the closing sentence. He specially pleased those who were boys and young men fighting the battles of the rebellion while he was but a cradling babe. They could not hear his stirring words without feeling that he was stirred by the same enthusiasm which carried them to the wars. He would have been one of them if old enough, and every veteran can cross paths with such a man. Not only was the sentiment of Mr. Geyer's address manly, generous and patriotic but in the manner of delivery he was eloquent. Indiana has few speakers so eloquent, and the time is not far distant when the state will have cause to be proud of him."

IN its report of the proceedings of the day, the Tribune again speaks of Mr. Geyer as follows:

"The speaker of the day, Mr. A. C. Geyer, the eloquent young orator of this city, was introduced and held the vast audience half an hour by an address replete with the loftiest sentiments of patriotism throughout. The address was listened to by the largest assemblage attentively throughout, and some of its thrilling passages warmly applauded. Added to a pleasing flow of language, Mr. Geyer has a fine presence, an intelligent face and a clear, sonorous voice, and he is destined to be a most efficient public speaker."

THE high school closed last Friday, with interesting exercises. School continues in the lower departments one month longer. Miss Nellie Jones is home to spend vacation. Col. Alcott's young American and young ladies representing the states were one of the chief attractions of Decoration day. Col. Alcott's brief address on Decoration day places him among the orators of the nineteenth century.

South Haven raised 100,001 pounds of grapes last year and 6,718 bushels of small fruits.

Laura Dainty.

On Friday evening next, June 4th, at Rough's Opera House, the popular favorite, Laura E. Dainty, supported by an excellent dramatic company, will present the great domestic drama "A Mountain Pink," for the benefit of the Alert Hose Company. The Chicago Evening Journal says: Miss Dainty's conception and portrayal of the leading roll is very clever. Her natural talents, combined with a thorough knowledge of the elocutionary art, a sympathetic voice and attractive form and features, all aid her in giving a delightful impersonation of the part. In the lighter scenes she is droll and vivacious, and in the more pathetic scenes she speaks and acts with a depth of feeling that elicits the sympathies of the audience. She established herself as a favorite at once, was frequently applauded, received double recalls before the curtain, and was also the recipient of several floral tributes. The company gave excellent support.

GALLEN ITEMS.
