## BANQUET A SUCCESS

Given By Hon. Samuel Kelley at Hotel Benton

## A BOOM FOR HAMILTON

Was One of The Features of This Peach Feast. Held Thursday and Friday

The peach festival given by Hon Samuel H. Kelley, at the Hotel Benton in Benton Harbor Thursday and Friday, was one of the pleasantest and most interesting events of the season. About 80 more noted personages participated in this feast.

The members of the legislature began arriving early Thursday morning, and at noon upwards to twenty-five had registered, and at night it was more than trebled.

The rotunda of the hotel was trimmed for the occasion. On the walls were pictures of the thirty-third Michigan legislature, pictures of Governor Warner and Congressman Hamilton, and in convenient reach all about the hotel were peaches in bushel baskets and the members were being constantly urged to try one more, and the baskets of luscious fruit kept rapidly disappearing.

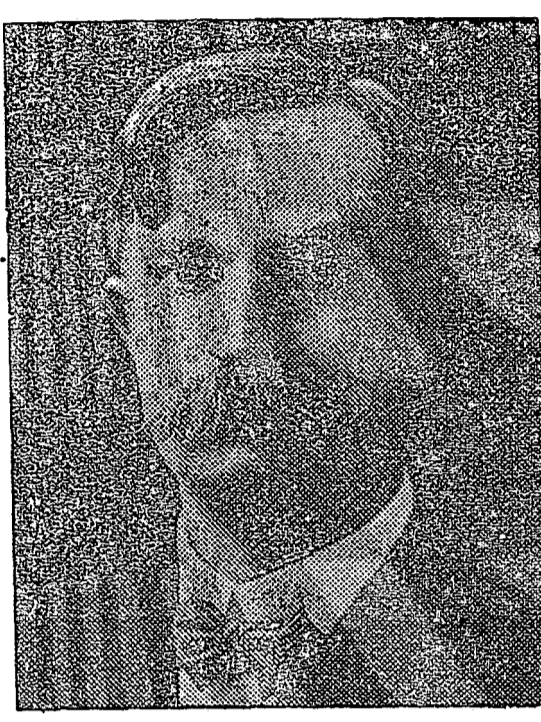

Dinner was served at the hotel and the guests were taken out on the lake on the City of Benton Harbor upon the arrival of the Pere Marquette train from the north. On this late train came Jerome Turner of Muskegon and "Nick" Whelan of Holland, two of the most prominent candidates for speaker. They brought their booms along and made the best of their opportunities.

Van Buren county butted in and tried to steal the glory of the Berrien peach belt. In the office of the Hotel Benton was a paper box containing four large red-cheeked peaches that were much admired by everyone. Accompanying this display was a card upon which was printed, "Grown by Ira Spaulding, Hartford, Mich."

The host, denies that the meeting is held for any other object than surface indications point to, viz: to give the visitors an opportunity of "sizing up" the many advantages the Twin Cities enjoy and to have them visit the peach orchards in the vicinity of the above named towns, which never before appeared to better advantage, the trees bending as they do beneath a record breaking yield of fruit.

Nevertheless, it has been hinted that the meeting is held for the purpose of booming Congressman Hamilton for U. S. Senate, but Mr. Hamilton has said that, if precedent is followed, the office will fall to some man in the eastern part of the state, where the vacancy exists.

and said: "The people of Michigan know that this corner of the state is rich in its fruit products but they have no idea of the real size of the crop. This visit will give the entire state a better idea of Berrien county and its proper place among the counties of the state."

GOVERNOR WARNER

After eating at Warden Vincent's banquet board in St. Joseph, Friday after a morning nap in the hotel Benton and a forenoon auto ride through the peach orchards, the visiting legislators declared that Berrien county was the best county in the state.

"You beat us in everything," was heard on all sides, "except for good roads. Few counties have worse highways than those we rode over today." The secret that the worst roads of the district were shunned was not unfolded to the lovers of good roads.

Every visitor was surprised with the fruit resources of Berrien. Said one of the Grand Rapids men: "We always thought that Grand Rapids was the great peach market of Michigan, but you have us beat to death. I never saw so many peaches in my life as I saw coming into your market last night."

Speaker Master asserts that this is the best time the legislature has ever had. "I would like to have the boys come to Kalamazoo," he said, "and we could give them a good time, but we could not duplicate the enjoyment that has been furnished on this visit. Every member appreciates it, too."

The only thing that some of the representatives claimed in comparison with things in Berrien county is, that they had better roads in the country.

None questioned that Benton Harbor led all the cities of her size in the state in asphalt pavement, but some of the lawmakers seemed to be as proud of the stretches of good roads in their districts as the Berrien county people are of their peaches.

There were no faultfinders in the party, headed by Governor Warner, that started from the Hotel Benton in the morning for an automobile ride through the fruit section surrounding this city, but it is hard for a visitor to gaze in wonder at the beauty mile after mile and simply say, "I never saw anything like this before." Every solon must be patriotic to claim something for his own county and most of these claims were given in this invitation. "I wish you fellows would come up in our section and see our good roads."

When it means progress Berrien county always takes the hint.

"Oh, if Holmes was only here!" was the piteous wail of the legislators, as the long procession started up Pipestone street this morning. Holmes is the author of the speed regulation auto bill which passed the legislature and is now a law. Holmes, they thought, should have been the guardian of the sight seers.

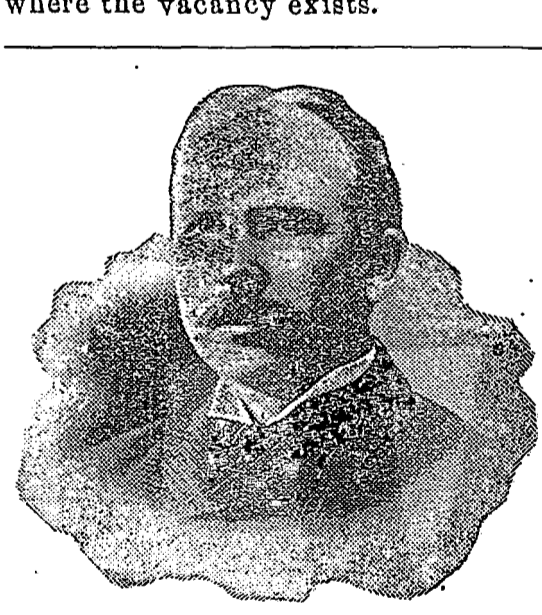

Governor Warner, seated beside Col. Bean in his automobile, headed the procession and there was not a dull moment for the executive. Other guests rode in machines owned by the local townsmen.

Coursing through the beautiful Fair Plain district, a stop was made at the beautiful home of Dr. D. C. Bartlett, on the banks of the St. Joseph river. It was an agreeable surprise for the visitors. After an informal reception, Dr. and Mrs. Bartlett and their little daughter being assisted by Mr.

and said: "The people of Michigan know that this corner of the state is rich in its fruit products but they have no idea of the real size of the crop. This visit will give the entire state a better idea of Berrien county and its proper place among the counties of the state."

CONGRESSMAN HAMILTON

It has also been intimated that jolly Sam Kelley has an eye on the speakership of the House of Representatives at Lansing, and that this gathering was conceived of with an eye to advancing his ambition.

Governor Warner reached Benton Harbor at 3 o'clock in the morning making a night ride across the state to attend the last day of Sam Kelley's peach feast.

He was up early in the morning and took the auto ride and in the afternoon went up the river for a boat ride. Later he will visit the West Michigan nurseries in company with Secretary Harry L. Bird.

The governor was surprised at the immensity of the Berrien peach crop

and Mrs. A. M. Fogg, of Chicago, the host and hostess led the way to the top of the bluff overlooking the river and introduced their guests to a fruit bedecked table and invited immediate indulgence. The scene embodied all the richness of a Michigan landscape with the choicest of its products encased among flowers.

The festive board was piled with assortments of delicious peaches, pears, grapes and apples.

A new "peach" has been discovered in the hospitality of Dr. Bartlett's family.

As the party turned to resume their ride, Representative Simpson of Van Buren county proposed three cheers and a tiger for Dr. Bartlett and his family, and they were given with a vim.

Dr. Bartlett's farm is one of the most beautiful spots along the St.

Joseph river and he is known as the "dispenser of choice hospitality."

Returning to Benton Harbor the party were driven to Hignman Park, where they were photographed by Poundstone, thence to St. Joseph and out the Lake Shore Drive, and back to the Hotel Benton.

William H. Quilliams, sergeant-at-arms during the legislative session, was the busiest man in town. He knew every visitor better than anyone else, for all he had to do last winter was to make their acquaintance and win their friendship.

The visitors began leaving Friday afternoon. The boat ride in the afternoon on the Tourist ended the program, and Sam Kelley was voted the best entertainer in Michigan.

Four people were injured last night in an accident on the Pere Marquette railroad, near the depot at Yale. A freight engine drawing a train of loaded cars struck the Junction house bus, driven by Geo. Johnson. The four occupants: Dr. J. B. Stevens and wife and Mrs. Wm. Steinburg, of this place and Mrs. Wm. Stevens, of St. Mary's, Ont., were all injured, none of them seriously.

Advertisers from all over Michigan are going to Holly, Mich., to attend camp meeting, which opens to the public September 12, for one week. They have a large field covered with tents and the town is filling up and thousands of people will be in attendance during the coming week.

In a jealous rage Fred Crum, a hack driver, attempted to kill Leona White, at Alpena, Mich., his former sweetheart, and Dennis Brennan, who was taking her home Saturday night. Crum fired twice at the girl, but the bullets went wild. He shot three times at Brennan. One bullet inflicted a slight wound in Brennan's chin, another went through his coat pocket and another through the front of his vest. Crum escaped and is still at large.

Michael Frost, of Detroit, was captured by an officer Saturday night while in the act of burglarizing a second hand store on Third street, at Bay City, Mich. He was garbed in a suit of clothes he had just stolen. In his pockets were four watches and considerable jewelry. There was also a letter, postmarked Detroit, warning him to remain where he was, as the Detroit police were after him, having called at his house just after he left Detroit. The Detroit police were notified of the arrest.

A well known Michigan railroad man denies the rumor recently set afloat that the beef trust had got an

Sol Snyder, of Odessa Center has discovered a new kind of fruit and calls it a "garden huckleberry." The berry is jet black, very sweet and about three times the size of the ordinary whortleberry.

A Muskegon girl has left home because she became tired of hoeing potatoes. Her father forced her to this work and in the winter she was obliged to operate a hand organ in the streets.

It cost Joseph Kirby, of Detroit \$40 for a little ride in Clarke's ice wagon in Wyandotte last Saturday. Wyandotte's eccentric citizen created a sensation by driving rapidly down Biddle avenue in a borrowed wagon and then beating the two drivers with a horsewhip when they tried to get their wagon back. The two drivers threatened to have Kirby arrested and they made it their business to see that Kirby was told of their proposed action. He settled the case by giving each of the men \$20 and offered to pay any of their doctor bills if they had contracted any.

**Two Lads Prosper**

Both are Expert Telegraphers and Successful Station Agents

The youngest ticket agent and telegraph operator in the employ of the Lake Shore & Michigan Southern railway at Plainwell, Mich., is Geo. Brining, a 16 year old boy, who has just been advanced from night operator at Clayton to ticket agent and telegraph operator at Jonesville, a village of about 2,000, near Detroit.

The young lad always evinced a keen interest in this line of work, and when his brother learned it, his interest increased. He attended the Valparaiso school of Technology and after being there only four months graduated. He joined his brother at Ottawa Lake and was there three months as assistant. From there he transferred to Clayton and after two weeks' service as night operator he has just received his appointment for Jonesville, which is one of the most important charges ever given to a 16-year-old boy.

Glenn Brining, who is his older brother, despite the fact that he is only 18 years of age, has been ticket agent and operator at Ottawa Lake for more than a year, and his efficiency has given him a good standing with the officials of the road.

The lads were both born and brought up in Plainwell, where the father, George Brining, is an employe of the Michigan Paper Co.

Their mother was a Buchanan girl, Jennie Case, daughter of Mr. and Mrs. James Case.—Grand Rapids Evening Press.

**FIRST PANEL DRAWN**

Under the New Law—Jury for September Term

St. Joseph, Sept. 7.—The jury for the September term of the court—the first panel under the new law creating a board of commissioners for Berrien county, was drawn yesterday at the county clerk's office. Quite a little excitement was caused on south Portage street, yesterday when Al Pagin was placing his baggage on the dray to be taken to the depot. A satchel containing some of his clothing among which were several cartridges, was put among the other baggage, and he letting it down rather heavily, the cartridges exploded, tearing the side out of the satchel and burning a number articles of clothing. The little chap did not seem anxious to save anything but his ball shoes, which he heroically saved from the ruins. Three cheers should be given to this coming ball player.

The game of next Friday, Sept. 15, Mishawaka vs Buchanan Blues, will afford as much excitement and pleasure to the spectators as our game of last Friday. We are sure of a good game for just a few weeks ago the Mishawaka team played the Paw Paw team and came out victorious. A large crowd is expected and a good game will be witnessed by all who are in attendance. Come one, come all.

The ruins of the elevator along the Grand Trunk right of way in Edwardsburg are still burning. The large building that was valued at approximately \$10,000, was struck by lightning and fired Aug. 24. Despite the fact that rain fell steadily for two days last week the debris is still blazing. It has been announced that the building will not be reconstructed this year. The progress of Edwardsburg has been retarded on several occasions by destructive fires.  
In all probability two boys that left the port at St. Joseph last Saturday morning in a small boat have been lost. Captain B. Randall of the tug Flora V. returning from South Chicago, picked up an overturned yacht tender ten miles from port. The craft bears the nameplate of the St. Joseph Boat Manufacturing company, and answers the description of the boat in which the unknown boys rowed out into the lake and south along the shore. Marine men say the little craft was probably caught in the terrific gale of Saturday night, carried out into the lake and capsized in the high sea. The boys names are unknown.

**BEST GAME OF SEASON**

Was Played at Buchanan Base Ball Park Last Friday

**BUCHANAN THE WINNERS**

Considerable Paw Paw and Niles Money Stayed in Buchanan.

The ball game between Paw Paw and the Buchanan Blues, last Friday, was the best game played here this season.

The game played between these teams August 18th, had created considerable interest in the return game, and consequently attracted a large crowd.

About three o'clock the Ban played a selection down town and then marched to the ball park, where several pieces were rendered.

The game was called about 3:30 with Paw Paw at bat, but they failed to land a man safely at the initial bag.

In the Buchanan half of the first, they fell all over Sanger's "twisters" and each man up hit him easily. Ashby went out on a fly to Snow, short stop for Paw Paw. Ball put a hot drive safely past Folsom at 3rd reaching 2nd on it. White hit safely to right and Doll in a hard run from 2nd attempted to score but was caught by a good throw of Page from right field. Stillman went out on a fly to Killifer at 2nd and White died at 3rd.

From that time until the fourth inning, it was one, two, three out.

In the 4th with Paw Paw at bat Killifer was an easy out. From Ashby to White, Sanger reached 1st safely but was forced out at 2nd by Chaffee, who hit the ball. Page then hit out to center and Stillman fumbled making the only error charged up to Buchanan. Chaffee scored on this error, then the Page tried to steal 3rd but was caught by Boyle's throw to Ashby.

When Buchanan came to bat in the 4th, they changed the looks of the score board and won the game.

Stillman was up to bat and hit a high one just inside of the diamond, Chaffee attempted to field it, but dropped the ball, with Stillman on 1st. Doll tried to sacrifice, but Sanger threw wild over 1st and the runners reached 2nd and 3rd. Boyle hit to Sanger, who tried to catch Stillman at the 3rd. Stillman started home and reached it safely, when Chaffee muffed the ball. Doll advanced to 3d and scored on an error by Killifer's at 2nd. After the 4th inning, either side made a run and the game ended with good playing by both teams.

Buchanan made two double plays during the game, and seemed to have the best of the batting at all times.

Both Leitman and Sanger pitched a good game, but the former had the best of it at all times. Sanger is a "kicker" when playing and it looked very much as if he would "scrap" for a game before he would lose it.

Niles had a large delegation in attendance and having picked the Paw Paw team as the winners, left considerable money in Buchanan in consequence.

Each of these teams having won a game, in all probability the tie will be played off in the near future. Below we give the official score of the game.

**A LARGE CROWD**

Will Be in Attendance at the Southern Michigan Fair at Benton Harbor

The Southern Michigan State fair, which will be held October 3, 4, 5 and 6, on the grounds of the Benton Harbor Driving association, will be a greater success than the originators had any idea when they proposed to hold a fair about two weeks ago.

The committees are working out giant plans. The advertising will be on a large and liberal scale. Already the premium lists have been printed in half a score of papers and next week a large number of the newspapers in this part of the state will have published the list of liberal prizes.

The short interval before the fair gates will open will prevent the building of many permanent buildings, save the horse and cattle sheds. The fair grounds will be a city of tents. In this regard it will be like the state fair held in Detroit this week, where the business was conducted for the most part under canvas. And on this score Benton Harbor will be as well off as Detroit.

The speed program is being advertised in both the Horseman's Review and the Western Horseman.

President Hipp and Engineer Johnson are preparing a map of the fair grounds and the location of different concessions and exhibitions will soon be staked out.

George S. Avery, chairman of the committee on concessions, is receiving numerous inquiries from people who want to operate different sorts of business on the grounds.

A balloon ascension is being arranged, one for each day of the fair.

**A Mammoth Structure**

Bridge Over the River at Berrien Something Worth While

Berrien Springs Era: The public knows but little about the mammoth steel bridge now being erected by the South Bend and Southern Michigan Railway company at this place. The structure will be 1800 feet, over one-third of a mile long when completed. It will stand in nine cement piers and be composed of eight steel "overhead" spans. It will be high enough that when the dam is completed and the water backed up to a depth of twenty feet, and in many places thirty-five or even forty feet deep there will still be ample room for small boats, etc., to pass beneath it. Thus it will be seen that this mammoth structure is not only great in length but exceedingly high.

Six of the enormous pier are already complete, two more are nearing completion and but one, the one nearest the shore, remains to be built. The steel tracks have been all laid from Niles to the south side of the river, and as soon as the bridge has been finished cars will be running from Berrien Springs south to Niles, South Bend, Mishawaka, Elkhart and Goshen.

Mrs. E. Parkinson will handle pattern hats for a Chicago firm, and will carry trimmed hats from \$1.50 to \$5.00. The line will contain turbans, street wear and a fine line of black velvets. The firm is one of the largest houses in the city. Call now and see for yourself.

**A MOTHER AND THE SON.**

New York Post Office Makes Delivery to a Very Vague Address—Letter from Ireland.

Among the truly remarkable feats performed by the post office employes in the way of deciphering addresses and discovering the persons to whom letters are addressed, the following incident, related in Youth's Companion, which took place in New York not long ago, is one of the most interesting. A letter was received at the general office addressed simply: "My Mother, New York, America."

The chirography was somewhat difficult, but even with this finally mastered and the deciphering of its Irish postmark, the fact that there was more than one mother in Manhattan with a son in Ireland made the post office people despair of ever discovering the rightful owner.

A day or two after the receipt of this mysterious missive a cheery-looking Irishwoman elbowed her way to the general inquiry window. "Ye haven't a litter from me b'y, have ye?" she queried, eagerly.

As most of the employes on that floor had had a laugh over the address of the letter to "my mother," the thought of it returned to the mind of the inquiry clerk at mention of "me b'y." It was quite possible that such a questioner might be the mother of such a writer.

The home of the "b'y" was found to be the same as the postmark on the letter, and after a few more precautionary inquiries, the missive was handed over to "my mother," on condition that she open it on the spot and verify her claim. This was done, and "my mother" was actually identified among the three million and a half recipients of mail matter in the great city.
