9x13 Wilton Rugs, \$30 and \$35.

ELECTION IS OVER A DAY

County Treasurer Was Elected Wednesday Morning

SEVERAL MEMBERS ABSENT

And Election Made Special Order Second Time

The election, of a county treasurer to take the place of the late Alva Sherwood, which was made a special order by the board of supervisors for 2 o'clock Tuesday afternoon, was postponed until Wednesday morning at 10 o'clock on account of the absence of some of the members. A motion to postpone was made by Supervisor Stemm and it was carried.

The supervisors are talking very little about the successor of Mr. Sherwood. There is but little electioneering going on. Will H. Weber has been among the members, Carl J. Schultz has interviewed some of them, but neither has made an active canvas. Fred West, the democratic nominee of last year, has not been near the court house.

Tuesday afternoon County Drain Commissioner Stryker read his report. Chairman Daigneau read the following resolutions on the death of Alva Sherwood Tuesday afternoon, which were adopted:

Whereas, it has been the will of Divine Providence to remove from our midst by death our esteemed county treasurer, Alva Sherwood, therefore,

Resolved, That we, the board of supervisors for Berrien county, assembled, do hereby express our deepest sympathy for the bereaved family in their hour of grief.

Resolved, that in the death of Alva Sherwood, Berrien county has lost a very faithful and efficient officer and the community one of its most highly esteemed and worthy citizens.

Resolved, that the clerk of this board be instructed to forward a copy of these resolutions to the bereaved wife and family of the deceased and they also be placed on the minutes of this board and become a part of its official records.

S. E. DAIGNEAU,
F. C. FRANZ,
G. L. STEVENS,
Committee.

Padded bills for services rendered the county in criminal and other cases will be pruned to the bottom. Chairman E. S. Kelley of the committee on claims of sheriff constables and justices, reported that many bills presented were incorrect in their charges for railroad, hotel, telephone hire and the like and these bills the board sent back to their makers for correction. In a few cases however, the bills were pruned down to the legal charge.

The county normal school proposition was referred to the judiciary committee. Judge Coolidge was authorized to sell all the surplus law books in his office and turn the proceeds over to the county treasurer.

County Superintendent of Schools C. D. Jennings appeared before the board of supervisors in behalf of the county normal law which was passed by the legislature in 1903 providing for such an institution in each county if the supervisors so recommended. Mr. Jennings first explained the proposition in detail then asked the supervisors to ask any question that would bring out the chief points of the subject. Supervisor Kelley of St. Joseph asked why this institution should be supported by the county more than a law or medical school. His question was ably answered by the commissioner, who firmly contended that a higher class of education was necessary for the rural and village teacher. The majority of the supervisors seemed a little inclined to fight the bill on the ground that the teachers are paid for their services and should pay their own tuition instead of allow-

ing the county to stand the expense. No further action was taken on this subject, but a vote will be taken in a few days.

Following the discussion on the county normal subject, James O'Hara city attorney for St. Joseph and in behalf of that city, appeared and asked the attention of the board while he explained a state of affairs that had existed in St. Joseph regarding paying fines to the state which belonged to the city.

Justices of the Peace Weber and Bracelin had for several months turned over to the county treasurer fines collected from people arrested in that city on state warrants which Mr. O'Hara stated belong to the city. Law on the subject was read and it was said to be a fact that the same mistake is being made in other towns. The law recites that in townships and villages such moneys collected shall be turned over to the state but in incorporated cities the fines shall go to the city treasury.

Charles W. Whitehead, county agent, appeared before the board and urged that the county establish a stone pile. He declared that two-thirds of the inmates of the county jail are hoboes who secure free board off the county. In the last six months 240 of them have been in the county jail. Many of them are professional jail birds.

RESULT OF BALLOTS

First ballot—
Carl J. Schultz16
Fred J. West.....16

Second ballot, same as first.
Third ballot—
Carl J. Schultz.....18
Fred J. West.....9
Will H. Weber.....4
Not voting.....1

Carl J. Schultz, the man appointed deputy county treasurer as the late Treasurer Sherwood lay dying in a Grand Rapids hospital, has been chosen to fill the vacancy caused by the death of Mr. Sherwood.

After the adjournment of the session Tuesday afternoon the republicans held a caucus and by a vote of 10 for Schultz and 6 for Will H. Weber of Benton Harbor, the former was made the candidate of the republican faction on the board.

The democrats also went into caucus and they voted to give their support to Fred West, the popular Bainbridge man who was the opponent of Mr. Sherwood in the last election. It was given out that in case it would not be possible to elect Mr. West the entire sixteen votes of the democrats should be given to Weber. This announcement kept the republicans guessing and it is evident from the vote Wednesday that it was given out to mystify the republicans.

Chairman Baker, a democrat of the democratic caucus had not pledged its support to Weber and that the story was without foundation. But the story brought together a good many republican politicians last night and some even went so far as to advise Mr. Weber that he could not afford to take the office against the man whom the republicans had decided to support. The scare that was given the friends of the caucus was dispelled Wednesday morning when the second ballot was taken and the feared 16 democratic votes for Weber did not materialize.

The deadlock was broken in the third ballot. The democrats realized that while the board was a tie the republicans and the republican candidate had the whip hand. The republicans could have kept casting their solid vote for Schultz and the democrats could have kept voting for West for the next year and a quarter and all the time the office would have been in charge of the republican candidate, who would have been held as deputy until his successor was elected.

After the second ballot the election of Schultz was a foregone conclusion and the four votes given to Mr. Weber were in the way of a compliment to the Benton Harbor candidate. The result of the ballot gave Mr. Schultz one vote more than he needed.
In the afternoon there was a box of

cigars and a bag of bananas on the desk of the chairman and he announced that the smokers might smoke to the long life of Treasurer Schultz and the eaters of bananas might eat in honor of the new officer.

New Insurance Rates in Effect October First

Every insurance agent in the twin cities and the state of Michigan has been supplied with a copy of the new insurance rates which went into effect on mercantile buildings October 1st. A similar ruling was made by the insurance commissioners beginning January 1st, but the agents forgot to make it known and give the owners of brick blocks the benefit of the reduction in rates.
The new provision states that upon brick or stone mercantile or office buildings, not contents, occupied exclusively for mercantile purposes, offices, public hall without scenery, or dwelling purposes, can be written at one and one-half times the annual rate for two years, two times the annual rate for three years, two and one-half times the annual rate for four years, three times the annual rate for five years, four times the annual rate for six years. In other words, add 75 per cent of the annual rate for each year beyond one.

United In Marriage

Walter Noble, of Niles, Weds One of Buchanan's Society Girls

Wednesday evening at the home of Mr. and Mrs. H. F. Kingery, of Moccasin avenue, occurred the marriage of the latter's sister, Miss Carrie Boyle to Walter Noble, of Niles.

The home was beautifully decorated, and in the presence of the immediate relatives, they were made one, by the Rev. C. E. Marvin, of Niles.

Both the bride and groom are popular in society circles and highly esteemed. Mr. Noble, of Niles was formerly a Buchanan boy, but now a leading merchant of the above named city. This wedding is the culmination of a school day romance, when the bride and groom were fast and constant friends for several years.

An elaborate luncheon was served after which the happy couple departed for Niles, where they will welcome all their friends to their home on Broadway. The Record with the many friends of both extend congratulations and wish them a happy journey through life.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heal the hurt.

House cleaning time is drawing near, and plenty of old papers can be purchased at the Record office for that purpose.

For watch and jewelry repairing try Horace Shadel now with Mr. Elson, opposite Hotel.

The Misses Minnie and Carrie Shafer have moved, and are now located in the J. K. Wood house on Main street.
"The audience that greeted Edward N. Hoyt at the Majestic last night saw one of the best presentations of "Hamlet" ever made in this city and were treated to a surprise by a pleasing and artistic young scholar. Mr. Hoyt showed the result of his early training in old school methods that seemed most pleasing to the select audience last night. He seemed to rise to the strong situation with more of a suggestion of genius than any Shakespearean star that has ever appeared at anything like popular prices in this city."—Grand Rapids Post. At Rough's Opera House next Wednesday night, Oct. 18.

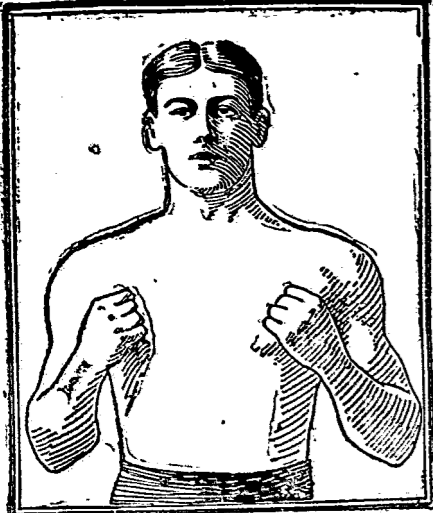

Furnace Heat Is Best and Cheapest
Furnace heat is best, cheapest and most healthful—and we honestly believe the Round Oak the best furnace ever made. Everybody knows the famous Round Oak Stove—the most popular in the world. This furnace is made by the same people—and it's just as good.
There are all kinds of furnaces at all kinds of prices—but to save fuel—(important nowadays)—the furnace must be air-tight and hold the fire. Cheap furnaces don't do this—so they're really the most expensive.
We furnish free a carefully prepared scientific plan for heating your home. Then we install a ROUND OAK FURNACE "As Easily Regulated as a Lamp" that saves fuel from the first day and burns any kind of hard or soft coal, coke or wood. A furnace should be properly installed—to fit the needs of the house it heats. You take no chances with the Round Oak—nor do we.
E. S. ROE, Sole Agent, Buchanan.

A TRIP OF 5000 MILES

Gentleman From Alaska Drops Into Niles to See Hamilton

ON WAY TO WASHINGTON

To Implore Congressional Aid for Development of Territory's Vast Wealth

After 5000 miles of travel from far off Alaska, Mr. D. A. McKenzie, dropped into Niles today to see his old friends Congressman Hamilton and his private secretary Thomas Hance.

Mr. McKenzie admits that he is under many obligations to both the Congressman and his private secretary for many favors received at Washington, when he has been several times before the Committee on Territory, of which Mr. Hamilton is chairman, as a supplicant for legislative favors for a territory that the people in Alaska feel has not had its proper share of government attention.

They need schools, roads railways, in fact almost everything. They have a vast territory of 600 000 square miles with an estimated population of less than 100,000 and half natives at that.

Mr. McKenzie is enroute to Washington again. They are seeking now government aid for a 500 mile railroad project, which would develop a rich copper, coal and agricultural region. All they ask from the government is to guarantee the interest on the equivalent of \$80,000 per mile of trackage, estimated to cost \$47,000 a mile.

Mr. McKenzie has relatives at Dowagiac and will go there tomorrow for a visit with Chas. Fowle and family before going on east.

He has spent some years within 100 miles of the Arctic Circle where the mercury goes 70 below and the sun in midwinter never sets. He is a placer miner and bears all the earmarks of a successful man of affairs, quite used to the ways of civilization as indeed, he is, for he went from the states.—Niles Sun.

THE INTERNATIONAL

The Great Live Stock Show at Chicago December 2nd to 9th

That the international Live Stock Exposition has found a warm spot in the hearts of the live stock and agricultural people of the United States, Canada and across the water brethren is emphasized as never before by the very much increased inquiry as to rates and dates and the enormous number of congratulatory letters on the construction of the New Coliseum. That the Exposition is filling its mission by its annual lessons clearly taught to the thinking man is acknowledged by the leading educators of the country. The show comes at a time when it is convenient not only for the father to attend, but to bring the boys and mother and the girls to see and learn all about the wonderful strides being made on domestic animal production. This year it is held from December 2nd to 9th at the Union Stock Yards, Chicago, and possibly this year's show means more to the people at interest than any previous event of its character in their history, as a joining of hands with those who show by their acts that they are willing to strengthen your hands in the development of the Live Stock industry should be taken advantage of by every farmer stockman in the country. Low rates which will be given by the railways will be advertised later. The following interview with Prof. H. H. Wing of Cornell shows what the East thinks of this exposition:

"Students of animal husbandry will look forward with much pleasure to the completion of the new building in which the International Live Stock Exposition will be held this year. From personal experience I am convinced that there is no place where the students of Animal Husbandry, and by the students or Animal Husbandry I would include every man who breeds animals, can learn so much in so short a time as at this show. The facilities for a close inspection and study of high class animals will this year be immensely improved and the stock men of America should, and no doubt do, appreciate the liberality of the Union Stock yards in providing such ample facilities in advance of the completion of the

membership asked by them from the stock men as a guarantee of the continuance of the show."

Professor Herbert W. Mumford, of Illinois is quoted in the following short but pithy comment on the International:

"It is at the International that breeders and buyers mingle to mutual advantage. The breeder becomes better informed as to approved market types, and thus the International becomes a potent factor in giving direction to the breeders' efforts toward live stock improvement."

Eddie Foy.

Eddie Foy in "The Earl and the Girl" will appear at the Grand Opera House, October 16th for a season of two weeks. "The Earl and the Girl," it may be remembered, is one of the most successful of London musical comedy productions, and is still playing in the English metropolis to crowded houses. It has been seen in Chicago, but this will be Eddie Foy's first appearance here in the play. He scored an instantaneous success in Boston and Philadelphia, and at the conclusion of the Chicago engagement will go to the Casino in New York for an indefinite run.

In addition to Mr. Foy the distinctive features of "The Earl and the Girl" are its funny situations, its pretty songs and marches, and its attractive costumes. One of the sensations of the production is the swing song in which the members of the chorus, in illuminated swings, sail far out over the audience. In the cast are Georgie Crane, Amelia Summerville, Violet Hollis, Victor Morley, Templar Saxe, and many others.

Do not allow your watch to run dry and out the pivots. See Horace Shadel, have it cleaned, save trouble, save expense.
