Mr. Swift was returning home from the field with a load of hay, when the horse gave a sudden bolt and commenced running, throwing the unfortunate man to the ground, and in so doing broke his neck, his death being instantaneous.

Dr. O. Curtis was at once summoned, but at a glance found that he was past any help.

PASS HALF MILLION MARK

State Auditors' Disbursements For Fiscal Year

Lansing, Mich., July 11.—For the first time the allowances of the board of state auditors for a year have passed the half-million mark.

It is given out that the total for the fiscal year ending June 30 was \$321,550.12. Of this \$422,216.33 is classed as general, \$36,763.21 went for printing, 26,750.57 for binding and \$35,847.01 for stationery, including about \$27,000 worth of paper that was furnished the printer.

One thing that has brought the amount up beyond the half-million mark is the payment of \$60,000 to the United States government in revenues from St. Mary's ship canal, which the courts have held was owing by this state.

It is stated that the new state highway department, the law allowing circuit judges their expenses in traveling and the increased expenses of the dairy and food department owing to the additional force of inspectors, have as well aided to swell the total of wards.

The year before the allowances aggregated \$412,000, and for the year ending June 30, 1904, \$488,000, including the cost of a new roof for the capitol.

The highest sum previously expended in a year was \$497,000, which was in 1901, when the state paid for a complete railroad appraisal.

GROOM IS 19; BRIDE 70.

Young Man Weds Aged Woman at St. Joseph.

St. Joseph, Mich., July 11.—Frank Kreigh, aged 19, and Mrs. Sara Eliza Jane Lemon, aged 70, were married here yesterday by Justice Cyrus B. Groat.

Of all the strange matrimonial alliances causing more or less happiness and sorrow which have been made here, this is the strangest.

The bridegroom walked erect into the office of the justice. On his flushed, happy face was a smile and on his arm was his bride.

The bride was happy, too, though she was bowed by her three score and ten and her hair was snow white. She wore the black silk dress in which she was married years before the civil war.

Kreigh is a farmer residing near Niles, Mich. He is just out of school. He was engaged to a girl of his school days when he met Mrs. Lemon at a church social and became infatuated with her.

In a motherly way she invited him to call on her. He called again and soon neighborhood gossip had it that the lad was in love with the woman old enough to be his grandmother.

Kreigh admitted it, and all the persuasion of his friends could not induce him to give up his suit. He jilted his maiden sweetheart and proposed to Sarah Eliza Jane Lemon. He was accepted in the same motherly way and the wedding ceremony was immediately performed.

"I am happy," declared young Kreigh after the marriage ceremony was performed. "I have found my ideal in a wife and I propose that our life shall be one continual honeymoon."

How to buy good Clothes

You know your own business, of course, but do you know anything about the clothing you wear? You buy machinery or wagons or live stock, only after a thorough investigation of their merits, yet you buy clothing mainly on its looks behind a fine plate glass window, or because you have been in the habit of buying it at a certain store.

Do you know what is inside of the clothing? Do you know whether the fabric is all-wool? Do you know whether it has been tailored by hand or machine?

Suppose you begin a little investigation. Come in at any time to The Biggest and Best Clothing Store in South Bend, and we will tell you why we allow nothing but dependable fabrics to be used in our clothing, and show you how we test fabrics to prove them all-wool. Why we permit nothing but hand tailored work in the important parts of the clothing, we will even rip open a coat and show you what hand tailor work means.

All sorts of summer suits now ready, including serge and the stylish greys, \$10, \$12.50, \$15, \$18.50, \$20, \$25.

New, desirable styles and dependable qualities of clothing, hats, furnishings and shoes. Select the styles to suit your taste. No other store offers so wide a choice.

Our one price policy gives you the figure anyone is able to get without delay or argument.

Our policy of "money back if you want it" insures confidence in all our dealings.

Mr. Chas. Babcock Receives a Hard Shock of Electricity

Mr. Chas. Babcock was again the unfortunate victim of electricity yesterday at the Chapin power house. He was cutting out switches on the high tension switch board, on the South Bend line, and had succeeded in taking down one, and was reaching for another, when he took hold of a live wire, which at once rendered him helpless. Mr. Babcock has been very unfortunate in receiving electrical shocks since he has been employed at the Power House, but we are pleased to note none has proved fatal. Mr. Babcock will be unable to resume his duties for 4 or 5 days, if not longer. Mr. Cliff Hamilton is acting as his substitute.

A smart young man from Chicago was amusing himself and creating a disturbance by pulling off the little bags on a drug store awning. Mr. Clauser happened along, and put an end to the fuss by breaking his cane over the disturber's head. He was knocked down by the blow, then arrested by a policeman, but later released on promise of good behavior.

Earl Gardner, the Buchanan young man, who won out in the competitive examination for a cadetship at Annapolis, has failed a second time to pass the physical examination on account of bad lungs. Congressman Hamilton deplors the young man's inability to pass the physical examination, recognizing the fact that he is brilliant mentally and that he is a most deserving youth.

The ball game of today, South Bend Maple Leaves vs Buchanan Blues has been postponed. The game was called off at 5 o'clock Thursday afternoon, owing to the South Bend pitcher being injured. The manager of the Buchanan team made every effort to secure another team for this afternoon game, but the time being limited, was unable to do so. The next game will be placed next Friday afternoon. Three Oaks Greens vs Buchanan Blues. A good crowd is desired.

The searchlight by which one of our fellow townsman was going to discover who the sparking couples were that kept people awake about the school house and churches, worked to perfection. We had a nice list of names all prepared and ready to print, but somehow the parties got wind of it and paid up on subscription and other old accounts so promptly that we have pried the type, burned the copy and erased the whole matter from memory for the time being.

On his return to his office he found a load of hay, fifteen bushels of corn, ten bushels of potatoes, a load of wood and a barrel of turnips that had been brought in. All the country editors are trying to borrow Winchester's.

If you have transgressed against the laws of nature, you must suffer. Youthful ignorance, later excesses and nervous diseases have wrecked thousands of promising lives. Treat with scientific physicians and be cured. Avoid quacks. E. A. Sibley, of Toledo, says: "At an early age I was the victim of youthful complaints. I treated with a dozen doctors, who all promised to cure me. They got my money and I still had the disease. I had given up hope when a friend advised me to consult Drs. K. & K., who had cured him. Without any confidence I called on them, and Dr. Kennedy agreed to cure me or no pay. After taking the New Method Treatment for six weeks I felt like a new man. The weakness ceased, wormy veins disappeared, nerves grew stronger, hair stopped falling out, urine became clear and my physical system vitalized. I was entirely cured by Dr. Kennedy and recommend him from the bottom of my heart."

The 4-year-old daughter of Mrs. Jesse Blackman, 104 West Eighth street, Holland, narrowly escaped drowning at the Graham & Morton dock, Tuesday. The mother and child with many others were assembled on the dock awaiting the arrival of the afternoon boat from Chicago. The child wandered away from its mother and walked off the north side of the dock into sixteen feet of water. David Vander Schel saw the accident and he bravely plunged into the water after the child, grabbing her after she came to the surface for the first time.

Miss Alma Brown, aged 15 years, a daughter of Will Brown, of Paw Paw accidentally shot herself, on Tuesday. The girl was visiting relatives in Almena, a few miles from Paw Paw, when the accident occurred. Her brother was about to shoot a bird with a rifle and the girl asked him to let her take the gun. She took hold of the weapon by the muzzle, drawing it toward her. The trigger caught and the piece was discharged, the ball striking her in the head, killing her instantly.

Mrs. Duke Laird, residing at 913 Hess avenue, Saginaw, died in great agony at an early hour Tuesday morning, from the effects of Paris green taken last evening. She died bitterly repenting her rash act, which was due to despondency. Besides her husband, she leaves two little children. She was 24 years of age.

Michael O'Donnell, foreman of the

dynamite gang at the excavation for the new Chandler Dunbar power plant, at Sault Ste Marie, was killed by an explosion Tuesday night. He had an unusual number of fuses to light and, before he had finished his work, the explosion occurred. He was standing over the charge and he was blown 20 feet in the air. One leg was severed from the body and he was horribly mangled in other places. One other workman was slightly injured.

Hope Dobb, a wealthy Holland resident, tried to commit suicide by hanging himself with a heavy log chain early Tuesday, and the doctors say he may not live. He has been in poor health for several years and chose a hayloft for his deathbed, but his son happening to want some tools found him hanging from the rafters. Dobb is 54 years old and the father of eight children.

Napoleon Duhamel, aged 19, was seized by cramps and drowned while bathing in Keweenaw Bay, near Gay. Edward Dorrie, aged 18, was dragged into deep water in Portage Lake, Hansock, by a horse he was leading and drowned, Monday. Blake Paton and Chas. Kettenbeil, two promising young men of Lake Linden, Mich., were accidentally drowned at Duluth. Kettenbeil leaves a wife.

GIRL BASEBALL PLAYER.

Champion of Her Sex Who Has a Great Record as a Thrower.

Four years ago Miss Marion Reynolds was the champion female ball player of Maine, if not of the United States. She was born on a farm, says Modern Women, and was one of a large family, mostly boys, all of whom were noted local baseball players.

As she grew to maturity her services were frequently required to make up the regular number for a team, and in this way she got such practice that she equalled any of them on the team.

A claim was made by the friends of a young lady in a New York college as the champion because of her throwing a ball 181 feet. But at Belfast, Me., Miss Reynolds threw the regulation ball, notwithstanding a strong wind was blowing, a distance of 182½ feet.

The measurement was made by the managers and several doubters. After the exhibition they tried her as a catcher, pitcher and batter, and she could outplay them all.

Miss Reynolds is of medium height and graceful form. Her manners are pleasing and unassuming. She dresses with taste. She has played ball in many cities, but has retired from the game and is now teaching school.

NEW YORK SAMARITANS.

Incident of the Fallen Horse, the Calm Driver and the Willing Helpers.

It has been said of New Yorkers, and the saying is supported by a series of traditions, that if the wind blew off a man's hat in New York at least 50 persons will run to pick it up, anxious to recover it, brush it and run a block to return it to the owner.

Yesterday a horse drawing a heavily loaded wagon on the Bowery slipped and fell. Before the animal got through kicking and struggling it was tangled in the harness from bridle to breeching.

The driver looked tired and seemed to enjoy his cigarette and the respite from work. In a minute horse and wagon were surrounded by a crowd.

Twenty or more men got busy and pretty soon the horse was on its feet, the harness adjusted and the crowd scattered. The driver didn't move an inch from the time the horse fell until he clucked to the horse to resume the trip. He didn't even smile. He took it as a matter of course.

CALIFORNIA TOMATO PLANTS

Three Months After Planting the Vines Climb to a Height of Twenty Feet.

The largest tomato plants in the world are found in California. One grower has three plants which have reached a length of 30 feet.

In three months from the time the seeds were planted, says What to Eat, they had climbed to the top of a 20-foot trellis. When they reached this remarkable height they grew backward until they attained a length of 30 feet.

They have no special care or cultivation, and have had no protection from the weather; yet in spite of every disadvantage they kept on growing and fruiting in the most astonishing fashion.

The trunks are one and a half inches in diameter, the foliage thick and luxuriant. Enormous quantities of tomatoes have been picked from these three plants, and the fruit is of unusual size, possessing fine flavor.
