TIED A CAT'S TAIL TO KITE'S TAIL

Pussy Went up 200 Feet and Dropped Off

D. A. Harding, living on Diamond avenue, South Bend, while 20 years old, has not outgrown his love for flying kites. Harding made a huge kite and endeavored to put it in the air near his home, Tuesday. The kite would not fly and it was finally discovered that it was because it did not have tail enough. In searching around for the necessary ballast Harding found a cat. This feline was pressed into service. It was tied to the tail of the kite by its tail and the kite sailed beautifully. When about two hundred feet in the air the string holding the animal to the kite became unfastened and the cat fell to the ground.

The fall did not kill the animal, but it was badly crippled and was killed by Harding. People living in the vicinity witnessed the unhuman act and Humane Officer Moore was summoned. He arrested Harding and he was arraigned on a charged of cruelty to animals. He pleaded guilty in the police court and paid a fine of \$1 and costs.

REGRETS HIS DEPARTURE

Rev. J. C. DeViney, of Gobleville Moved His Family to Douglass

The following is taken from the Gobleville News, dated Sept 28, and relates a very interesting article about a former Buchanan boy.

Rev. J. C. DeViney of the Methodist church moved his family to Douglass, last week, where he was assigned in connection with Saugatuck.

It is with regret that we part with him as he has made many firm friends both in and outside the church, during his three years as pastor, and he leave the charge in excellent condition

This charge has raised over \$3300 during his stay which has been sufficient to meet all obligations and pay about \$400 to missions and outside benevolences.

There has been a net increase in membership of 50, over deaths and withdrawals, a new well has been put down on the church property,

a new lighting plant installed, the church re-decorated, a new organ and song books purchased, and new walks laid in front of the property; while the North Point church has been re-painted and fixed up generally.

Monday night the church gave him and Mrs. DeViney a reception and Tuesday he left for his new and larger field where he will have the work formerly done by two, and we trust he will be equal to it and be as successful there as here.

We are confident that Rev. DeViney will fill his new assignment as faithfully as he did at Gobleville, and we wish him every success in his new home.

LIBERTY NEAR FOR SMITH

Attorney Hicks will go to Niles Today to Ask Release of Pair.

Attorney William C. Hicks will go to Niles today and ask Judge Coolidge to order the discharge of Will Smith and Mrs. Corda Swank, in jail on the charge of adultery, suspected by Sheriff Tennant of having been implicated in the murder of Lloyd Dynes.

The matter was to have come up before the court at 1 o'clock yesterday but the adjournment of the session for the fair made a change of program necessary. Attorney Hicks was about ready to start for Niles yesterday morning when he discovered that he did not know where Attorney Sterling, who was out of the city, and had put the files in the case.

"It may be a little irregular to appear before the judge outside the court room," said the attorney, "but I think that the circumstances will justify the action. These people have been in jail a long time. The adultery charge is withdrawn by the husband and there is no evidence of any crime against them. They ought to have their liberty."

The people of Galien are sympathizing with Mrs. Swank in her imprisonment.

COUNTY JAIL IS TOO SMALL

Inspector Recommends Employment for Prisoners

The Berrien county jail inspectors have filed their report to the board of supervisors with the county clerk and they make two recommendations, which while they will probably be passed unnoticed by the supervisors are of interest.

In the first place the inspectors have decided that the county jail is too small and that it is no longer large enough to hold the offenders which this county produces. In other words they acknowledge that Berrien county crime is on the increase and that this county has not sufficient accommodations to care for the numberless law breakers.

Their second recommendation is that the prisoners be given work to do and that they be compelled to pass their time to some advantage instead of being allowed to spend their hours playing cards and lying on the bunks of their cells. Both of these recommendations are believed by the members of the board to be something over which the board of supervisors should spend a little extra time, but they do not expect they will.

The condition of the bedding is reported to be fair, the cells good, the cage clean and the entire jail to be in first class condition.

VERY STRICT AT OLIVET

Only Model Students Will Play on Her Team

Hereafter, the Olivet athlete must be a student. Dr. Miller made this very evident in chapel Monday. The names of all candidates for athletic team are to be given to Secretary Lee by Coach Kennedy. Mr. Lee will give to each a card bearing his name, the studies he is pursuing and the names of his instructors. Every other Wednesday the player must present, to Coach Kennedy, when reporting for practice, this card signed by each of his instructors. These cards will not be signed, if the work of the player is unsatisfactory. Whenever a card is not signed the athlete will not be allowed to compete in inter-collegiate contests.

The rule will not effect the football team much as most of the players are leaders in their classes.

HEAR THE ATHLETE

Men's Mass Meeting at Advent Christian Church

Rev. Jas. Thomas of Albion college, will address the men's mass meeting next Sunday afternoon at 3 o'clock, at the Advent Christian church. Mr. Thomas is a strong and forceful speaker. He has been a member of several gospel teams sent out from Albion, and will undoubtedly hit the mark next Sunday afternoon.

His subject, "A Three-thirds Man," is a strong one and will appeal to men both young and old. Mr. Thomas holds the medal as an intercollegiate wrestler. Come out and hear a man who can be both an athlete and a christian.

DEMANDS MORE CASH

University of Michigan May ask Appropriation of Nearly a Million

Ann Arbor, Oct. 2.—There is no doubt that the University of Michigan will go before the next legislature and ask for more funds. This is considered absolutely necessary.

In his annual report President Angell says that a half a million dollars can be economically spent in buildings on the campus, and that some provision must be made to give certain professors increased salaries if Michigan is to keep other colleges from weaning them away.

How to Clear Soup

Put the stock to be cleared in a stewpan, allowing the white and shell of one egg to each quart of stock. Beat the white of egg slightly, and add to the stock, with the shell broken in small pieces. Place on the front of the range, and stir constantly until the boiling point is reached, then let boil without stirring for two minutes. Set on the back of the range where it may simmer for twenty minutes; remove the scum, and strain through a double thickness of cheesecloth placed over a fine strainer.—Fannie Merritt Farmer in Woman's Home Companion for October.

Concerning Fall Clothing

We have sold a lot of fall clothes already. That is proof that there are men who come to our store right at the start of every season because they know what we tell them about right styles, good materials and correct patterns, can be depended upon.

We were the first store in South Bend to talk clothing for the new season. We were so well cleaned up on all our summer stocks we had to begin talking about fall goods—our summer suits were all gone. Another proof that patrons like our clothing.

This coming season, the standard of quality in Spiro clothing will be moved up a peg—it will be as near perfection as all these years of experience and high ideals can bring it. One hundred per cent wool, best of workmanship, best of style.

New fall suits in dark tones of mixed Cheviots, Velours and Worsted.

The report of the existence of the Missouri river has been confirmed. All aboard for a steam trip of 2,500 miles.

The proceedings of the democratic convention at Buffalo show that Nebraska is far more conservative than New York.

The season is approaching when buckwheat cakes will be served swimming in glucose flavored with hickory chips. For particulars of this consoling nature, watch the pure food labels.

Within ten years, it is prophesied communication will be opened with the planet Mars. Our neighbor is said to be older than the earth, and many cautiously answer the question with "I have nothing to say."

Mr. Hearst and Mr. Bryan should exchange testimonials. Their candid opinions of each other would add to the interest of the campaign, and there is no danger of injuring democratic prospects, now represented by a row of goose eggs.

In the course of his letter of acceptance the democrat candidate for governor refers to the independent spirit manifested by the voters of Michigan two years ago, and Mr. Kimmerle expressed the hope that the same courageous spirit shall be exercised this fall. Mr. Kimmerle's hope is quite timid and modest from a democratic point of view. The courageous, independent spirit exercised by the voters of Michigan two years ago brought about the most sweeping republican victory this state had ever known. Of the six or seven hundred county officers elected throughout the entire state, only five were democrats. Not a democrat was elected to either branch of the state legislature and every democrat candidate for congress was defeated. Yes, indeed, the independent, courageous spirit of the voters of Michigan was strikingly manifested two years ago, and Mr. Kimmerle's hope that it shall be repeated this fall will be realized to a greater extent than he will in the least enjoy.

State Items

At 11 o'clock Tuesday forenoon four men broke into the home of Mrs. F. J. Watson, a mile and a half north of Coldwater. She was alone at the time and her baby was in the dining-room. The child cried and she stepped into the room to see what was wrong. Immediately a man grabbed her, tearing her clothing and bruising her face, while the other three ransacked the house. She screamed and fought with the one holding her. Her screams attracted some men nearby, who came to her assistance, but the robbers jumped through a window and ran to the woods.

A Pere Marquette engine was derailed at the west approach to Potter street bridge Saginaw, while switching Sunday evening. Conductor Frank Miles was thrown from the engine across the rails and both his legs cut off, one at the ankle and the other at the knee. He was removed to a hospital and is in a critical condition from loss of blood and the shock. He lay under the engine for 90 minutes before being taken out, suffering untold agony, but watching his rescuers work to save him, without once losing consciousness. He will probably die. He is married and has a family in California. Mr. Scott, agent of the Pere Marquette at Mer-shon station, was hit by a fence against which the locomotive fell and badly injured, but will probably recover. The engine rolled down the embankment.

Springing upon a moving elevator, Claire Neeley, of Mason, Mich., orderly at Mercy hospital, was caught between the third floor and the lift Monday afternoon and crushed to death, his body cut almost in two. Neeley was 23 years old and unmarried. His brother was drowned two years ago.

When Mr. and Mrs. William Needham, grandparents of little two-year-old James Merriam, son of Ray J. Merriam, of Saginaw, became alarmed at his absence from their back yard Tuesday, where he had been playing, they found him in their cistern drowned. It is thought he had only been in a few moments, but was dead when taken out.

Officials of the Superior & Pittsburg Copper Co., at Calumet, Tuesday, confirmed reports of rich disclosures of ore bodies in its mine at Bisbee, Ariz. Three drifts on the 1,000 foot level of the Hoatson shaft ran into rich copper ore almost simultaneously and on the 1,000 foot level of the Briggs shaft a crosscut has penetrated what is supposed to be the apex of a large, ore body. The opening is breasted in ore averaging 11 per cent copper.

While crossing Chicago street at Coldwater, Mrs. N. A. Thompson, visiting there from Tampa, Fla., was suddenly attacked by a large bull which a farmer was leading to the cars as a show animal at a fair. Before the man could gain control of the infuriated animal it had trampled Mrs. Thompson into the street, and her life seemed to have been stamped out, and doubtless would have been but for the quick action of her 16-year old daughter, who dragged the prostrate form of her parent from under its feet. Before the animal could make another attack the farmer had the rope which was attached to the animal's nose and led it away. Mrs. Thomson was not seriously injured, save for several bruises and her clothes being badly torn.

News of Buchanan Citizens.

H. A. Hathaway just returned from a western trip and met three old Buchanan boys, who wished to be remembered to all old acquaintances. Dwight Baker looked hale and hearty, in a first class livery stable, at Prescott, Arizona, he being the proprietor. He is also a member of the school board, and one of the leading hustlers of the place. Kieth LeGar, his nephew, also a Buchanan boy is an able assistant at the livery, and manager in the absence of his uncle. While at Waldron, Colorado, Mr. Hathaway met Zell Riley, who is a partner of the leading weekly paper

of the town. He reports a healthy climate and prosperous business having a nice little bank account for his four years labor.

Arthur Roe, is located on a 360 acre ranch, which he recently purchased at Grand Encampment, Wyo., and reports good crops for this year having 80 acres of barley to cut and doing a thriving business, generally. We are always glad to hear from any of our old friends and acquaintances and especially when they are doing as nicely as Mr. Hathaway reports in these cases.

A number of the neighbors, friends and relatives of Mrs. Henry Imhoff, residing north of town, gave her a pleasant surprise, Thursday morning, when they gathered at her home early in the morning to spend the day. An elaborate dinner was prepared, and to say all did justice to the good things would be putting it mildly. When they took their departure, they thanked their hostess for her able entertaining, and report it to be one of those happy occasions not long to be forgotten.

To Ailing Women
A Little Sound Advice Will Help Many a Sufferer in Buchanan

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of any bearing down pains, lameness, backache, sideache, etc. Uric poisoning also causes headaches, dizzy spells, angus, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, the remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well.

Mrs. C. J. Hemstead, wife of C. J. Hemstead, grocer, living at 215 Cortland street, Dowagiac, Mich., says: "My back troubled me for a long time and the aching was so severe that at times I could hardly attend to my household duties, for the pain went clear through my shoulders. I doctored and tried different remedies but none seemed to me any good. This was my condition previous to using Doan's Kidney Pills. I could notice the good effect of the treatment at once and it was only a short time until my back was as strong as it ever was and free from pain. To say I endorse the preparation mildly expresses what I think of it."

Plenty more proof like this from Buchanan people. Call at W. N. Brodrick's drug store and ask what his customers report.
For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo N. Y., sole agents for the United States. Remember the name Doan's and take no other.

The building of the new Methodist church, on the corner of Roe and Oak streets, was commenced last Wednesday, and they hope to have it completed inside of three months. The tearing down of the old land mark will be in about a week. Mr. Wilson Leiter has the contract for the building. The new church will be constructed of yellow brick with the stone trimming, and when completed will be a very neat but not gorgeous construction.

The None Such Club most pleasantly and completely surprised Mrs. O. P. Woodworth, last Tuesday evening, when twelve of the members marched in the back door just as she was preparing supper. The ladies had come fully prepared and were laden down with well filled baskets, and they at once took complete possession of the house. After recovering from the surprise, Mrs. Woodworth gave them a hearty welcome, and the evening was passed in social intercourse and music. At a late hour all departed voting Mrs. Woodworth a most able entertainer, but with regrets that she is so soon to leave their midst, they all took their leave.

NERVOUS DEBILITY CURED

Excesses and indiscretions are the cause of more sorrow and suffering than all other diseases combined. We see the victims of vicious habits on every hand; the pallid, pimpled face, dark circled eyes, stooping form, stunted development, basinal, melancholic countenance and timid bearing, proclaim to all the world his folly and tend to blight his existence. Our treatment positively cures all weak men by overcoming and removing the effects of former indiscretions and excesses. It stops all losses and drains and quickly restores the patient to what nature intended—a healthy and happy man with physical, mental and nerve powers complete.

For over 25 years Drs. K. & K. have treated with the greatest success all diseases of men and women. If you have any secret disease that is a worry and a menace to your health consult old established physicians who do not have to experiment on you.

We guarantee to cure Nervous Debility, Blood Diseases, Stricture, Varicocele, Kidney and Bladder Diseases. Consultation Free. If unable to call, write for a Question Blank for Home Treatment.
