# REPUBLICANS SWEEP COUNTY

## ELECT ALL BUT SHERIFF

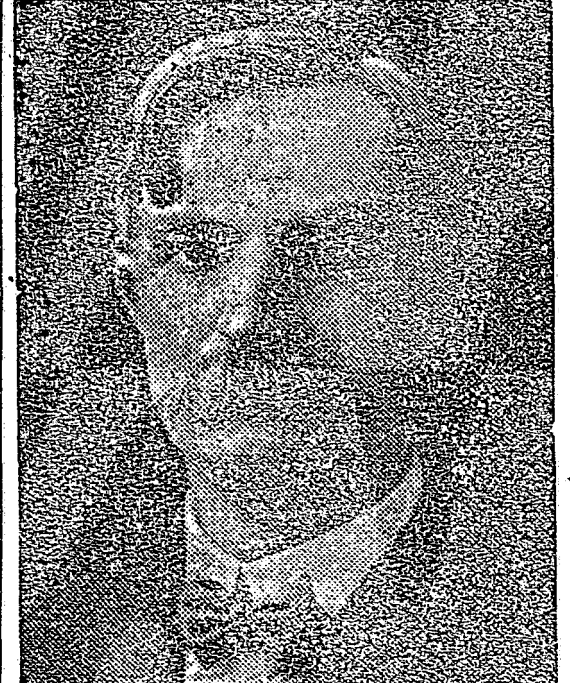

Democrats Win One Victory. send Joseph Tennant Back to Sheriff's  
Office. Starkweather Led Him to a Hot Finish

By the largest majority with possi-  
bly one exception, Fred M. War-  
ner was re-elected Tuesday to the  
highest elective office in the gift of  
the people of the state. His ma-  
jority over Charles H. Kimmerle, his  
Democratic opponent, is close to 100,-  
000.

He has carried every county in the  
state by majorities far greater than  
he did two years ago, when Prof.  
Woodbridge N. Ferris ran against  
him and was beaten by 60,000.

With Gov. Warner, of course, the  
whole state ticket is elected.

In only eight of the twelve con-  
gressional districts of the state were  
there contests, and in every one of  
these eight the Republican candidates  
are elected by majorities ranging  
from 3,000 to 25,00. Those congress-  
men who were re-elected without op-  
position are Charles E. Townsend, in  
the second, William Alden Smith, in  
the fifth, Joseph W. Fordney in the  
eighth, and George A. Loud in the  
tenth.

FRED WARNER

The legislature will be almost  
solidly Republicans, only a few Demo-  
cratic candidates for senator or re-  
presentative having been elected.

Except in a few of the larger cities  
where there were bitterly fought,  
local issues to bring out the voters,  
the vote was very light, being hard-  
ly 75 per cent of that of two years  
ago.

The only time a candidate for  
governor in Michigan ever received a  
majority greater than that given Gov.  
Warner Tuesday was in 1894, when  
John T. Rich was re-elected for a  
second term over Spencer O. Fisher,  
of Bay City, by 146,000.

With one exception the republican  
party of Berrien county swept the  
district Tuesday putting every nomi-  
nee on their ticket, except Frank  
Starkweather, into office. The demo-  
crats pulled out of the race with just  
one victory to their credit, that was  
the election of Joseph Tennant to the  
office of sheriff, after a fight which  
made the contest of two years ago  
fade into insignificance.

For the past two months the Dem-  
ocrats had centered their attack up-  
on three offices. Sheriff, clerk and  
register of deeds. It was their aim  
to re-elect Joseph Tennant as sher-  
iff, elect George Larkworthy as  
clerk and replace I. L. H. Dodd with  
Gus Knaak of St. Joseph. In two of  
these tasks they failed. Sam Min-  
ers, swept his opponent before him  
to victory and rode into his office on  
a storm of republican votes that gave  
him a majority of about 130.

During the early hours of Tuesday  
evening the Democrats feared that  
they had lost all and there was gloom  
in their camp, but as the returns  
continued to filter in from the rural  
districts the majorities began to ap-  
pear in Tennant's favor and by  
eleven o'clock his majority was as-  
sured. All hopes of electing Lark-  
worthy were lost when St. Joseph  
failed to give him as good a majority

SAMUEL B. MINERS

as it did two years ago, but later in  
the evening the Democrats took heart  
and especially in Benton Harbor was  
it reported that he would win with a  
margin of 25 or 30 votes. This claim  
was speedily banished by the Republi-  
cans Wednesday morning when they  
looked up the vote in all the precincts  
and established the fact that Miners's  
majority was somewhere in the neigh-  
borhood of 130.

The race for the county clerk's  
office was perhaps the hottest seen  
in years and several times there  
appeared to be no choice, so evenly  
did the vote stand. Miners lost in  
the twin cities, Larkworthy over-  
coming the big republican majority  
in Benton Harbor and receiving a  
small vote in St. Joseph, but Miners  
gained strength in the county and the  
rural residents stood by him royally.

Nelson C. Rice, of St. Joseph, was  
elected over his opponent Henry  
Chamberlain, of Three Oaks, by a  
majority which will run in the neigh-  
borhood of 340 or 350. It was im-

NELSON C. RICE

possible to tell Tuesday evening, how  
the vote was going as the returns  
were very slow to appear in the twin  
cities, but a careful review Wednes-  
day morning showed that Rice had

CHARLES WHITE

been elected without experiencing  
even a close shave.

Representative Kelley of Benton  
Harbor was re-elected with a big ma-  
jority and Kinnane won over Jarvis  
although the democrats led him a  
hot chase in many places.

One of the surprises was the  
strong run made by Hicks who show-  
ed unlooked for strength in many  
places but who could not muster  
enough votes to put him in the place  
now held by Charles White of Niles.  
Mr. White's record, as prosecutor  
stood him in good stead Tuesday  
and the vote given him was proof  
of the fact that the citizens of the  
county do not consider him too  
young to hold the office of prosecut-  
ing attorney.

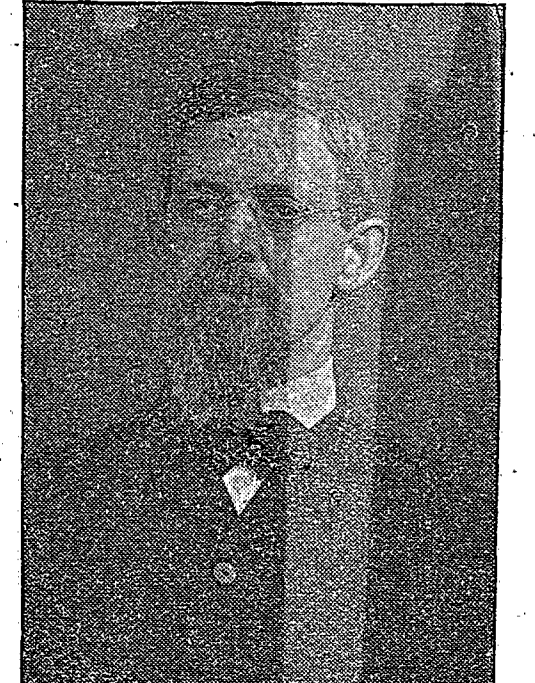

Carl Schultz is the republican who  
lead the county ticket. It is be-  
lieved that his majority will be at

CARL J. SCHULTZ

least 1500 This huge vote came  
practically without the solicitation  
of the treasurer as he campaigned  
but little.

It is conceded by republicans and  
democrats alike that the campaign  
which closed Tuesday was one of  
the hottest held in this county in  
recent years. The only regret of the  
republicans is that they were unable

I. L. H. DODD.

to wrest the office of sheriff from  
the grasp of their opponents, while  
the democrats mourn their failure  
to carry the county clerk's office.

### OPENS AGAIN ON MONDAY

Jury Civil Cases Will Come  
on at that Time

Circuit court will open again next  
Monday and the work of finishing  
the cases which still remain on the  
calendar will begin anew. The crim-  
inal calendar was concluded last  
Monday.

Judge Coolidge has issued a new  
assignment for the coming week and  
for Nov. 12, 13, 14 and 15 has book-  
ed 17 cases. Four of these are billed  
for the first day.

Court opened up Thursday and  
Judge Coolidge was present to hear  
the arguments in one case and per-  
haps to dispose of several others.

## Prepare For a Hard Winter

That the coming winter is going to be the hardest one for the past twenty years, there is abundance of signs to show, and among them may be mentioned:

**First**—That the corn husks are an inch and a quarter thick and the stalks lean toward the west.

**Second**—Owls are leaving the country a month earlier than usual, and squirrels are laying in sweet pot toes, as well as nuts, for winter provision.

**Third**—That a better grade of clothing has been purchased by our customers than ever before. They are asking for higher priced garments and are choosing the best makes of warm, well made and stylish clothing.

**Fourth**—Farmers who have taken the trouble to investigate, tell us that toadstools have wrinkles on them. The last time this happened we had winter weather that froze the handles of plows.

**Fifth**—That warmer underwear, better made shoes and complete winter outfits for the little fellows have been purchased more freely than ever before from our immense stock of **men's and boys' furnishings.**

**Sixth**—We have the largest, most modern and best equipped clothing store in northern Indiana and are doing the biggest business in the establishment's history. That's the best sign of all.

### When Women Love

"When Women Love" the big, new scenic melodrama, will be presented at Rough's Opera House, Monday, Nov. 12, by a large and competent company. The entire production is worthy of note, and is one of the best attractions playing in the popular priced houses.

The play is a new one, and deals comparatively with the rich and poor, the scenes being laid in New York City, prominent among them being the woman's ward at Blackwell's Island; the interior of a large factory, with the machinery in operation; the great mob scene, and the garden fete with its marvelous electrical effects.

The novel features, elaborate scenery, and thrilling climaxes make it an attraction above the ordinary. It is a play that will delight and please all classes. The action of the piece is interspersed with musical specialties, rendered by well known vaudeville artists.

## GRAND JURY IN DECEMBER

Will Convene at the Court House on Monday, Dec. 3

On Monday, Dec. 3, a special grand jury will convene at the court house at the county seat in St. Joseph, the great Gretna Green Center. This body extraordinary has been called by Circuit Judge Coolidge.

The Municipal League of Benton Harbor has held a meeting and the members of this organization will be busy for the next few weeks gathering evidence to place in the hands of the county prosecutor, who will lay the data gathered before the grand jury.

The league members have divided themselves into committee and they are hard at work endeavoring to bring about the indictment and conviction of a number of saloonkeepers and drug store proprietors who have sold minors any quantity of intoxicating beverages and who have openly defied the liquor statutes.

The league promises to be active in causing the serving of innumerable subpoenas on prominent men in the twin cities and in other sections of the county. President John J. Sterling and Vice President Harvey already have the names of more than fifty men who will be summoned before the grand jury to tell all they know about drug stores, saloons, billiard halls and gambling joints.

The leaguers intend to go before the St. Joseph city council of the next regular meeting of that body and ask that the licenses of saloons be boosted

from \$500 to \$1,000. The league claims to have the support of some of the most influential saloon proprietors in this move.

Stromberg-Carlson company has a representative here asking for a franchise to put in a new line. On the other hand the Twin City company now in operation, asks a franchise enabling them to put their wires underground. The service has been so poor for a long time, that the people are very unwilling to have it continued, so the council is at a loss to know what to do.

## IS SHORT IN HIS ACCOUNTS

Driver of Twin City Creamery Wagon Alleged to Have Pocketed Money

Peter Corey, formerly a driver for the Twin City Creamery, in this city, was arrested Tuesday morning, charged with embezzlement from the firm.

Corey worked for the firm for six weeks and when he settled his accounts with Arthur L. Leonard, agent for the company in this city, it is alleged that he was unable to account for a shortage of cash and was unable to produce milk tickets, the equivalent to the cash, and was also unable to explain the matter to Mr. Leonard, who subsequently informed Mr. Parks the proprietor of the company.

The matter lagged along until Tuesday without any settlement and as Corey had left the Twin cities and gone to Indiana to work, he was not arrested until Tuesday, while on a visit to his parents, who reside in Benton Harbor. Corey spent Sunday in the twin cities and on Monday appeared in Justice Evan's court to answer to the charges preferred against him. He was accompanied by Attorney I. W. Riford and entered the plea of not guilty, and the examination was set for next Monday, when Prosecuting Attorney White will be present.

Corey gave bonds in the sum of two hundred dollars, signed by his father, John G. Corey, and was released from custody and returned to his work in Indiana.

In the complaint Mr. Corey is charged with embezzlement of \$34.24 of the company's money while in their employ covering a period of six weeks. St. Joseph Press.

## COLD TEA KILLS TYPHOID

Important Discovery Said to Have Been Made by a British Officer

That cold tea will destroy the germs of typhoid fever is the very latest discovery of medical science.

While carrying out a series of experiments to ascertain whether the micrococcus melitensis, which is supposed to be the cause of Malta fever, would survive in milk when added to tea, Major J. G. McNaught of the Royal Army Medical corps recently made an investigation into the action of cold tea upon the bacillus typhosus, the germ which causes typhoid fever.

The results of his experiments showed that in five hours the micrococcus melitensis was completely destroyed and in the case of the bacillus typhosus contract with the cold tea for four hours greatly diminished the number of the bacilli and at the expiration of twenty hours none of the bacilli could be recovered from the tea.

He considers the experiment of very great interest with reference to the question of the use of cold tea as a substitute for water in the soldiers' canteens as a safeguard against typhoid infection.

The Chinese, who habitually use cold tea as a beverage in place of water, are almost immune from this dread disease, who destroys so many Americans and Europeans.

### Council Proceedings.

A special meeting of the Village council was held in the council rooms Friday evening, Nov. 2

President Chas. F. Pears, presiding Trustees present, Messrs. Bishop, Miles, Roantree, Chamberlin and East. In the absence of Clerk Graffort, trustee East was appointed clerk pro tem.

President Pears stated that the object in calling the meeting was to start an investigation regarding the sanitary condition existing here at the present time, and called upon health officer, Dr. Orville Curtis, for his views regarding the matter.

Dr. Curtis stated that there were three cases of typhoid fever, two proving fatal and all using city water and that in view of the fact that there were many places where certain irregularities existed on and in close proximity to McCoy's creek, where cows were allowed to drink, that he deemed it expedient to investigate matters thoroughly and do so immediately without taking any further chances on an epidemic of typhoid fever.

Accordingly he had sent for Dr. Shumway of the state board of health, Lansing, whom he then presented, requesting his views on these affairs as they exist here at the present time.

Dr. Shumway then addressed the meeting regarding the contamination of our shallow wells and other water supplies by cesspools, etc. He feels confident that owing to the character of the soil here we are more liable to contamination from cesspools than any other cause, and that in his judgment, what is needed here now and needed bad is some kind of sewer system. His talk was very entertaining and instructive.

It was decided to send samples of our water supply to laboratory of hygiene at Ann Arbor for analysis and samples of milk from various places to Dr. Shumway at Lansing.

Motion was made by Mr. Bishop, supported by Mr. French that Dr. Shumway be authorized to send his sanitary engineer to Buchanan to give us all possible information regarding the most practical method for a sewer system. Ayes 6. Motion prevailed.

Moved by Bishop supported by French the council adjourn. Motion carried.

## SINFUL HABITS IN YOUTH

**MAKE NERVOUS, WEAK, DISEASED MEN.**

The result of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Seminal Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk. 25 years in Detroit. Bank security. CURED WHEN ALL ELSE FAILED. No names used without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married Life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Drs. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, skilful and responsible financially, so why patronize Quacks and Fakirs when you can be cured by reliable doctors."—W. A. Beiton.

Laboring men are in great demand. Not the kid glove kind, but those who are able and will to do a good day's work and are not afraid of their garments coming in contact with Mother earth. Besides the local demand, contractors from other cities are inserting ads or sending representatives here for men and promise wages from \$1.75 per day to 40c per hour.

After considering the subject for four days of consolidating with some other fraternal society the Patricians have united with the Fraternal Brotherhood of Los Angeles, Cal. There were three societies making overtures but they united to throw out the members over 54 years old. The Patrician officers would not listen to this injustice, but finally made the following bargain with the Brotherhood. All members under 54 must pay about 9c a month more than formerly. Those older will pay double assessments for a certain number of months and then drop back to the 54 rate. All death claims from now

on will be paid by the Brotherhood which has about 32000 members and a surplus of \$235,000. It was organized eleven years ago about the same time as the Patricians and is doing business in nineteen states. Frank Platt and Roman I. Jaavis are retained to look after the business here.

Has any one noticed that the election in this county is just opposite that in New York state? This county elected its republican ticket except the head, which went democratic, and New York state elected its democratic ticket except the head, which was republican.
