Now Here's the Proposition

DOLLAR DAY Bi-Haws We are all set for Dollar Day The hour is struck, the stage is set We'll show 'em when we get away There's life within the old berry yet.

So Herb can shut the old P. O. And hunt a job upon the section.

Of his rare gifts of versification And so I offer this congratulatory note Gleaned from The Record and imagination.

And now he accuses good, church-going people Of smashing the floor and climbing the steeple Whenever they hear the squeak of a fiddle.

But we freely and fully forgive Bi-Haws For whatever he says, whatever the cause; He thus finds relief for his feelings awhile.

Oh dearest, get them out again, my old red flannels and the rest And order up six tons of coal and spread some good goose grease on my chest.

BUCHANAN IS SET FOR BIGGEST DOLLAR DAY IN HISTORY OF TOWN

BERRIEN O. E. S. HOLDS COUNTY MEETING HERE

300 Gather at Am. Legion Hall for 19th Yearly Convention

ELECT NEW PRESIDENT

Mrs. Emma Knight Re-Elected Secretary for 17th Consecutive Term

One of the most distinguished gatherings of lodge officials ever gathered in Buchanan was held Monday afternoon and evening, at which time the Berrien County Eastern Star Association held its nineteenth annual convention in the American Legion hall.

Among the most distinguished of the guests were the following: Past Most Worthy Grand Matron, Mrs. Emma Ocock of Hartford, Mich.; Worthy Grand Matron of Michigan, Mrs. Mary Watson of Calumet; Worthy Grand Patron Charles Cross of Bangor, Mich.; Grand Warden Flora Sutherland of Benton Harbor; and five Past Worthy Grand officials from various points over the state.

The afternoon was devoted to the annual business session and program, the most important business item being the election of officers. Mrs. Marie L. Smith of Watervliet was elected president to succeed Mrs. Eva Boone of Buchanan. Mrs. Maude McKie of Three Oaks was elected first vice president. Atty. Wilbur Canningham, assistant county prosecuting attorney, was elected second vice president, having just completed a year as sergeant-at-arms.

After the close of the business session a program was held, for which the Eastern Star quartet of Benton Harbor sang several selections.

The St. Joseph chapter held a memorial service in honor of deceased members. The recently elected officers of Sylvia chapter of Buchanan were then installed by Worthy Grand Matron Mary Watson, who selected the following three to assist her in the ceremony: Mrs. Blanche McIntosh, of Buchanan, Grand Marshal; Mrs. Mary Marin of Benton Harbor, Grand Chaplain; Mrs. Ida Bishop, of Buchanan, Grand Organist.

Fine Seasonable Offerings, Made in All Lines Spring Apparel

MERCHANTS COOPERATE

Record Advertisements Carry Gospel of Buying At Home

Arrangements are now practically completed for what should be the greatest Dollar Day in the history of Buchanan, offering and prices considered, and little remains but to refer our readers to the special advertisements on the inner pages of this issue of the Record, which tell the story in the prices more effectively than would be possible in any generalized statement.

The list of merchants who cooperated in helping to make the day are as follows: Joe Roti Roti, Buchanan State Bank, First Nat'l Bank, M. Cross, C. Rehm, Wm. Brock, A. & P. Grocery, Earl Beck, City Bakery, A. C. Store, Great American, I. & M. Electric Co., Wisner Pharmacy, Barr's, Berrien County Electric, Princess Ice Cream Parlor, C. G. Rogers, D. L. Boardman, Vogue Beauty Shoppe, Robinson's Music and Art Shoppe, Harry Binns, J. E. Arney, E. R. Desenberg and Bro., G. E. Smith, Livingston's, Jesse Lauer, Michigan Gas and Electric Co., The Record Co.

FIRST BALL GAME 1928 SEASON AT THE PARK SUNDAY

TEAMS REPRESENTING NO. AND SOUTH SIDES TO CROSS BATS

The 1928 baseball season will be inaugurated here Sunday afternoon by a match game between teams representing the north and south sides of town, with the available material for the Buchanan Blues divided between the two teams in order to get a line on the comparative merits of the players.

Our Sunken Garden Pipe Dream Takes Semblance Reality

Our pipe dream of a sunken garden emerges this week from the realms of imagination and takes form and semblance of reality. Ed Tonneller of Benton Harbor, one of the proprietors of the lots in question, has given his consent to the parking of the ground, conditioned on the like permission from his brother and partner in ownership, Henry Tonneller of St. Petersburg, Florida.

WARD PLANT CLOSES MAY 15 PREPARATORY TO LOCATION SHIFT

Factory Has A Fine Development Record; Reaches Limit Present Quarters; Sentiment to Keep Factory

Announcement was made this week at the Ward Mailbox Factory of the suspension of work at the plant May 15 for the purpose of moving, destination not announced.

It is no secret that three locations have been under consideration, one being the former quarters of the Ward Ice Box plant in Buchanan, and the other two in outside points.

The company started with three employees four years ago, and is now employing 14 people, to which number they are limited by the size of their quarters.

Ward stated this morning that he was now behind on this year's contract for mailboxes, mainly due to the waste motion in handling. In making the large type of boxes, four handlings were required where one would have sufficed in adequate quarters.

Sentiment to Keep Factory There is a strong sentiment among local people to retain the plant here. Basing his offer on comparative advantages offered elsewhere, Ward has made the following proposition to the city: W. J. Miller has offered to take \$9,000 to satisfy his claim against the Ward Ice Box building, which is considerably less than the actual total, including interest accrued.

EDUCATOR OF NOTE SPEAKS HERE FRI. EVE.

Nygaard, Principal Chicago Schools 20 Years, to Address P. T. A.

ON 'ADOLESCENT' CHILD

To Treat Problems Girls and Boys 12 to 18 Years of Age

An event of paramount importance to every father, mother and teacher in the city of Buchanan, who has a boy or girl between the ages of 12 and 18 years, will be the visit here of Mr. Nygaard, of Chicago, who has accepted an invitation extended to him by the Parent Teacher Association to come here and address the meeting to be held in the high school auditorium Friday evening, April 27th, at 8 o'clock.

The subject of Mr. Nygaard's address will be "The Adolescent Child", a subject of supreme importance to all parents and particularly to those whose children come within the age range mentioned above.

Walter Pfingst and Weiser Tangle Cars Both Weiser Today

With some reluctance but compelled by an abiding sense of our responsibility as the official chronicler of events in Buchanan, we are taking up the painful task of recounting the mishaps of one Walter Pfingst of Buchanan and one Leo Weiser of Niles, who met head-on at the corner of Front and Portage Tuesday night, while speeding on hot dates, and wound up in a scrambled state on the grounds of the Gaffill filling station.

Mr. Weiser was doing a straight-away westward down Front and his speedometer had just touched the 23,90734 mark set by Ray Keech at Daytona Beach Sunday when he came in contact with Mr. Pfingst, who was practicing doing a hairpin around the post at Front and Portage. Weiser was able to right his car and get it towed to Niles. Pfingst's car is recuperating in a local flivver hospital, and all engagements are off during its convalescence.

An admission charge of 10c will be made and it is hoped enough tickets will be sold to defray the expense of bringing this speaker to Buchanan. The ticket sale has been placed in the hands of the Junior High School pupils and if a sufficient number of tickets are sold by these pupils before Friday night, a prize of \$5.00 will be given to this department.

CONTEST HELD AT H. S. AUDITORIUM TO PICK THE LOCAL CANDIDATE

Meeting Opens 1:30 P. M. With Fine Program To Which Public is Invited. Benton Harbor Judges

All the dizzy blondes, the dazzling brunettes, the blue-eyed knockouts and the appealing peaches of Buchanan are commingled into the contest to be staged at the high school auditorium Friday afternoon to select the lady to represent this district as candidate for selection as the Blossom Queen at the Festival to be staged at the Twin Cities from May 6 to 13. This is one of the most coveted of the beauty awards of the United States, and carries with it considerable honors and social privileges, the successful candidate being extensively feted and entertained, not only during Blossom Week but also at Chicago subsequently.

The following is the write up of the contest furnished by Miss Dorothy Charles of the Microphone Staff, which gives full particulars of requirements and other details of the selection here.

C. OF C. WORK ON PLANS FOR COMING YEAR

Harry Boyce Elected President To Succeed Harleigh Riley, Resigned.

PLAN YEAR'S PROGRAM

Formulating Outline Work for Year Within Bounds Possibility.

The Board of Directors of the Chamber of Commerce held a business session Thursday evening, electing Harry Boyce as the president to succeed Harleigh Riley, who presented his resignation on account of increasing pressure of duties in connection with his position as local manager of the Indiana & Michigan Electric Co.

Mr. Riley was re-elected president a month ago at the time of the re-organization of the Chamber, after a year of efficient service in the interests of the village, but he insisted that his resignation be accepted, to take immediate effect.

The organization is at work carefully developing a program of work for the coming year. Literature and advice is being secured from other civic organizations over the country and from the United States Chamber of Commerce, with a view to carefully formulating a program of work based on community needs within reasonable financial limits, and with a view to what the council believe may be actually accomplished.

N. END WALTON ROAD READY FOR LAYING PAVEMENT

Grading work has been completed on the Walton Road project from the Wynn filling station on the Niles St. Joe road to the bottom of Wynn's hill, where the construction force is now engaged in building a large cement culvert. The road bed is now ready for the stone to that point, and the grader is being used to fill the worst spots at this end of the project.

A force of nine men in the employ of the American Telephone Co. were brought here from Niles the first of the week, and are moving the telephone poles out of the way of construction work. Grading work is also in progress at the north end of the Range Line road.

ODDFELLOWS TO CELEBRATE 109 ANNIVERSARY

An elaborate program will be given Thursday evening in Odd Fellow hall by Buchanan Odd Fellow lodge and encampment and the local Rebekah lodge in commemoration of the 109th anniversary of the founding of Odd Fellowship. Since the organization of the order back in 1819 it has grown to be the largest, from point of numbers, fraternal organization in America.

The following program will be given: Song, "America" (first verse), assembly; invocation; reading, "The Proclamation," John Luke; vocal selections, ladies' quartet; cornet solo, John Hess; reading; vocal selections, male quartet; stringed instrument selections, instrumental quartet; address, the Rev. H. C. Beauchamp, pastor of the United Brethren church, South Bend; song, "America" (last verse), assembly; benediction.

ELECTION WORRIES WIFE OF CANDIDATE

Berlin, Apr. 26—Frau Marie Fischer, whose husband is in the running for the Mayoralty of the little town of Pfaeffinger in Wurttemberg, got so excited by the suspense of waiting for the election that she attempted suicide by jumping into the River Ahr. She was saved and suffered only a slight chill.

Lure of Desert Gold Beckons H. S. Bristol, Local Pioneer

"You're never too old till you quit," is apparently the motto of H. S. Bristol, pioneer Buchanan man and head of the Bristol Pattern Works here.

Anyway, after what would constitute a lifetime's activity for two average men, Bristol set out last winter on an adventure which would have daunted young and hardy men, following the lure of desert gold under the brassy skies and over the burning sands of Death Valley, Calif.

All of which proves that Romance is not all dead, nor entirely limited to the movies. There are many who hear the call of gold all their lives, but there are few who go.

Playing croquet along the Golden Strand with the has-beens, however, was too tame for Mr. Bristol, who had gone to Whittier, near Los Angeles, last summer in company with his wife, his daughter, Mrs. Belle Weikel, and his granddaughter, Miss Ruth Bristol. Since his youth he had dreamed of prospecting for the magic treasures hidden in the bowels of the western hills, and he decided to make the dream a reality. First he set out with his brother, Frank Bristol of Los Angeles, and a party of kindred souls. Four weeks they trekked up and down the arroyos, and along the rivers and deserts of Bret Hart's country, famed since the Golden Stompede of '49.

Going by car, and carrying water and gasoline supplies in tin cans they left Whittier first to the Twenty-Nine Palms of the Imperial Valley, into the Bullion Hills and along the rivers with the Spanish names into the fabled lands of sunken hopes and missing men. For four weeks they drove where they could drive, and then left their cars and hiked, through the Mohave Desert and through Death Valley, the Superstition Mountains, the Chocolate Mountains, passed the poison springs whose banks were strewn with the bones of birds and animals and other more greivousome relics of nameless tragedy. Then the rest of the party weakened and they returned to Whittier, where Bristol recruited his son, Frank Bristol, to the cause, and they set back again on the trail. For two weeks they beat the hills again and again the junior member of the expedition wearied and they returned to Whittier.

Then Bristol went back alone, and at last his search was rewarded, though in a prospect located by another man. Near Stockton, Calif., he found a mine who owned a rich lode of 'gold' bearing quartz which he was unable to develop. Together with a company of Whittier men, Bristol

bought the lode and development was started. Some fine specimens were secured, a few of which Bristol has on display in the Buchanan State Bank as evidence of the reality of his adventure.

He arrived here with his party Saturday, returning via the southern route through Arizona, Texas, and up through Louisville, Ky., having travelled 17,000 miles since leaving here last summer. He expresses great confidence in his mine, stating that a test run of the property for a day netted them in excess of \$600 over expenses.

PAUL A. TRAUTWEIN, AGED RESIDENT OF WEESAW TWP., DIES SUDDENLY

Paul A. Trautwein, bachelor, age 77 years, well known resident of Weesaw township, who has made his home with Mr. and Mrs. Fred Hagley, passed away very suddenly Tuesday morning, April 24th, 1928, while assisting to right a load of hay which had tipped over.

Mr. Hagley had been hauling hay from a distant farm and on entering the long winding driveway on his own farm, the load tipped over, throwing him against the wire fence and injuring his leg. Mrs. Hagley and her sister, Mary Swartz, came down to assist in righting the load and getting the balance of the hay to the barn. Mr. Trautwein, who has been afflicted with rheumatism and unable to work, also came and offered to hold a rope in righting the load. Mr. Hagley and the two ladies took the load to the barn, but Mr. Trautwein stayed behind to clean up the remainder of the hay. Afterwards Mrs. Hagley saw him leaning over and picking up his cane several times, but the last they happened to notice him was about ten o'clock.

After they finished they started to dinner, and, missing Mr. Trautwein, Miss Swartz went to look for him, and found that he had fallen near the place where the load of hay had capsized. He was taken to the house immediately, Dr. J. C. Strayer was called, and

on thorough examination found that he died of apoplexy.

The body was removed to the Hamilton funeral parlors where the funeral will be held Friday afternoon at 2 o'clock, April 27th, 1928. Rev. J. J. Perry, retired pastor of the Church of Christ will conduct the services. Burial will take place in Oak Ridge cemetery.

Mr. Trautwein was born in Stuttgart, Wittenburg, Germany, and came to this country fifty years ago, going to work on a farm in Buchanan township. He worked for several farmers in Weesaw and Buchanan townships.

He had made his home with Mr. and Mrs. Hagley for the last thirty years. For the past five years he has been unable to work, and Mr. and Mrs. Hagley have taken care of him as one of their own family.

Mr. Trautwein has a few cousins living in this country, also a sister and a half brother, Fredrick Beck, both of Stuttgart, Wittenburg, Germany.

WE KNOW WHAT THEY MEAN BUT IT AIN'T GRAMMAR

A Buchanan man who knows his adverbs calls our attention to a grammatical slip on the part of a former administration of village dads in the traffic signs placed on streets approaching schools, warning motorists to the following effect: "SCHOOL, DRIVE SLOW". If the town dads want to take liberties with the vernacular, thinks this citizen, they ought to select some other place in town to be ungrammatical. It teaches the kids bad habits.

LEGION AND AUX. HOLD CONVENTION DOWAGIAC APR. 29

Plans of the Buchanan posts of the American Legion and Auxiliary are now pointed toward the district conventions of those organizations which are to be held at Dowagiac, April 29. A banquet is to be served in Woodman Hall over the State Bank on Front St. at 11:30 a. m. that day, and the business meeting and program will be held immediately afterward. The two organizations will hold their meetings separately. Large delegations are expected from each post and unit in the district.

BERRIEN COUNTY GROWERS URGED TO LABEL THEIR STRAWBERRIES THIS YEAR

The state department of agriculture, through its local representative, William H. Esslinger, is urging the use of a label for the Michigan grown strawberries in Berrien county as well as other producing parts of the state.

Mr. Esslinger, in a recent report stated that the cost of doing this is not prohibitive and that it is an important step to take in meeting competition from other strawberry producing states.

"Most of the other producing states," declared Mr. Esslinger, "market their strawberries under a label or brand and they have found it profitable to do so. The common practice in Michigan is to market the product in plain non-labeled containers which tends to make the fruit look cheap as compared to the labeled packages of outside competitors."

The department of agriculture is receiving daily reports on the

1928 strawberry crop and will continue to do so during the entire season.

At the present time indications point to a quality crop throughout the early producing states. There has been an increase of 11,070 acres in 1928, both the latest estimate and late producing states showing a slight increase over 1927.

Information regarding the prospective crop, market conditions and labelling can be obtained at the branch office of the department at 78 Elm street, Benton Harbor. The phone number is Harbor 2557.

On the Back Seat

The cackon that sits on the back seat and tells you how to negotiate the old chariot isn't the only back-seat driver, observes Cash Miller, cigar store philosopher. "This country is full of back-seat reformers that want to dictate to a guy how to raise child, n. tick his dog, go to church, run his business and think—Think Magazine."

Steven Chawlski is on the street again after an operation for gall bladder trouble.

Mrs. J. C. Anshel received word Wednesday morning that her brother, A. L. Bowen had died on the previous evening at Washington, D. C. and that burial would be made at Rock Island, Ill.

Mrs. Annabel and her daughter, Mrs. W. H. Trautner left this morning for Rock Island.

Mrs. Josephine Pennell, supervisor of the elementary grades of the Buchanan schools, spent Tuesday in Berrien Springs attending a meeting of the Berrien County text book committee of which she is a member.

Mrs. Paul Wynn is building a new farm house on his place on the St. Joe river road at the mouth of Estes Creek, immediately at the foot of Moccasin Hill.

William Fette has a contract for enlarging the tenant house on the E. Clark country home west of Buchanan.

Mr. and Mrs. Ernest Snodgrass of West Chicago street are the parents of a nine pound son born Monday morning. Be it added that Mr. and Mrs. Richard Kean of Kean's lunch are the proud grandparents.

Miss Lucille Shashy and George Franklin were dinner guests at Lake beyond South Bend Sunday. Raymond Pabalan, former printer in the Record shop, was here over the week end from To Star College, Angola, Ind., the guest of Mr. and Mrs. Jesse Vile. He will return again in a few days.

The city special assessment board comprising Henry Kingery, Alonzo Howe and William F. Richards began work Monday making the assessment roll for the construction of the storm and sanitary sewers on Third and Portage streets.

Miss Dorothy Partz was here during the past week from Michigan State College, spending the spring vacation at the home of her parents, Mr. and Mrs. J. H.

She was accompanied by a college friend, Miss Jane Scott of Lincoln, Neb.

William Letter has completed the installation of a composition roof on the Sands residence, 175 Charles Court, occupied by Leon Wood.

At the annual election of Delta Sigma Psi, one of the leading fraternities on the campus, Ted Chulis, one of our Buchanan boys, was elected President for the year 1928-29.

This is the second year that Ted has been honored by his chapter, as he is now holding the highest position ever given a junior by his fraternity. We are sure that his many friends at home

will be glad to know of these honors that are coming to him.

As the college year nears its close the various organizations at the University are arranging so far as possible for next year. New officers are being chosen and plans laid so that the opening of college in September every thing will be ready to move forward in order.

WHEREIN WE LEARN EASTON DOESN'T GET HIS FROM CAN.

FOUNDER EDITOR IS FOUND TO BE ADDICT OF BATTLE CREEK BEER

Now we have it! Guess what G. S. Easton drinks. No, not Scotch. Not neither beer either. No, no milk sweat. Wrong again. Still wrong. No not that, nor any other form of fiddle juice. Give it up!

It's Battle Creek Brew. That is the health giving beverage that has built up his constitution so that he can stand up to those big black cigars. We got the low down on it yesterday in the form of an announcement from the Postum Cereal Company which stated that Mr. Easton had won one of the 1,000 prizes offered by that concern for the best essay describing how and why Postum Cereal made him what he is today. Mr. Easton, on being interviewed stated that there was no foundation to the report that he was only getting essays written. Also that the report that he had three cups of coffee and a couple of shots of Detroit's best to put him in the proper frame of mind for composition.

BUCHANAN LADIES FLY ABOVE CLOUDS HERE THIS MORN.

While other Buchanan people were taking their beauty nap early this morning, Mrs. Chandler Peare and daughter Miss Gull Peare were circling above the clouds over the village, in a Fairchild cabin monoplane driven by Dick Peare, who was a guest at the home of his parents here last night while enroute through from Detroit to Chicago to deliver a machine at the Fairchild office in the latter place.

They left for the Niles Airways at 6 o'clock this morning, and took off there at 6:30, rising above the clouds, which hung about 1200 feet high, a short distance from Niles. Circling above Buchanan 1500 feet up, they saw a feathery sea beneath them, with the village showing occasionally through a rift. In the west, a rainbow hung just above the clouds. Both ladies were most enthusiastic over the trip.

Young Peare is a regular pilot for the Fairchild company at their factory at Minneola, N. Y. He flew over Buchanan for several minutes yesterday, sailing low down the full extent of Front st. before flying back to the Niles Airways.

After leaving Niles this morning, young Peare arrived at Chicago in exactly an hour, from take off to landing.

PLAY BALL!

Men like to class themselves as sportsmen, high school students like to class themselves as athletes but we believe that there is still another group whose desire to compete is fully as strong as that of the first two groups.

believe us, we doubt if there is a more enthusiastic bunch of leather lunged rooters on the face of the earth.

The players are learning the rudiments of the game and the spectators are forming their codes of sportsmanship. Managed under proper supervision, as the game now are, the results cannot fail to be highly desirable.

ELI HELMICK RECALLS OLD DAYS IN ORONOCO TWP

BORN THERE 88 YRS. AGO IN DAYS GOOSE QUILL PENS WOODEN PLOWS

Memories of the days when they plowed with wooden mouldboard drawn by oxen in the Mount Tabor Grange district, and when an old school house was built near the site of the present grange building, with not a single nail in the structure were recalled by an interesting call which the Record received last week from Eli Helmick of South Bend.

Mr. Helmick bears the double distinction of being one of the oldest pioneers of this section, and also of being registered at the Buchanan polls for a longer period than any save a few of the oldest voters here.

He was born on the homestead of his father, Jesse Helmick, who cleared the timber from a farm, on which the Mt. Tabor Grange Hall is now located, six miles north of Buchanan. At that time the town of Buchanan was located down on the St. Joseph river bottom, immediately above the present bridge and on the south side of the stream. There was a small settlement around an old grist mill on the present site of Buchanan, but that was then known as McCoy's Creek.

The old school house was built when Eli Helmick was three years old, the structure being bound together with wooden pegs. Sheets of oiled foolscap were pinned in the windows. There was a five-place six feet long, for which Jesse Helmick pulled in back logs with a yoke of oxen at stated intervals. The dirt floor was left uncovered. The pupils wrote with

goosequills, Eli having never seen a steel pen until he was ten years old. A summer and winter term of school of 3 months each was held, the teachers boarding around at the homes of the pupils.

There was for a time an Indian village about a mile east of the present site of Mt. Tabor Grange, where for some time a cluster of birchbark wigwags was maintained. The Indians for many years maintained a sugar camp a mile west of Mt. Tabor Grange, where they "billed sap." There was also an Indian village just this side of Niles. Many times long files of Indians passed by the Helmick homestead bound for Berrien Springs or return, sometimes well "lickered up," and vociferously whooping as they went. They were friendly however, and never harmed anyone if not first molested.

Among the interesting memories of those days which Eli Helmick retains is a fire shovel which his father made 103 years ago, from short pieces of wagon tire welded together. The date "1825" is plainly stamped on the shovel. Helmick volunteered in the Civil War and spent three years soldiering, making the historic march with Sherman to the sea. He started on the march May 7, 1864, ending Sept. 4 of the same year. There was never a day during the four months when Helmick was out of carshot of firing, if not actually under fire. At one time he was engaged in battle steadily for eight days, without an opportunity to stop to eat or sleep. After his discharge he returned to Oronoco Township. The three older brothers, John, Samuel and one other, farmed, until they died in the Mount Tabor Grange district, and a younger brother and sister, Burns Helmick and Mrs. Alice Clark, still reside there.

In 1884 Eli Helmick moved to Buchanan, engaged in lumber work here for many years. At one time he operated a sawmill for Solomon Rough, where the Bu-

chanan Lumber yard now stands. His daughter, Mrs. F. C. Hathaway, still resides here. For several years Mr. Helmick has lived most of the time with relatives at South Bend, but he has still maintained a home and claimed residence here.

In spite of his 88 years, he is still active though sight and hearing have failed him some. "Every day I walk some," he said. "If it is stormy I walk back and forth in the house. As long as I live am going to keep active. This quilting stuff is largely in your mind."

GUENTHERS PASS THRU EN ROUTE EUROPEAN TOUR

Mr. and Mrs. C. F. Guenther left Monday after a visit of three weeks at the home of Mrs. C. D. Kent, 307 Main street, continuing their trip to Europe, where they will visit at their former home at Krohne, Michlenburg, Schwerin, Germany and in several other European countries.

With them was their daughter, Mrs. D. W. Kent, who is also the daughter-in-law of Mrs. C. D. Kent. She went from Buchanan to Fort Benning, Ga. to visit her husband who is a lieutenant in the regular army there. Her small son, Graham Kent, remained here with his grandmother, Mrs. C. D. Kent, until the return of his elders.

BOY SCOUTS ARE PLANTING PINES AT LAKE MADRON

PLAN TO BUILD ROAD TO MESS HALL AT CAMP DURING COMING MONTH

Reforestation was in progress at the Boy Scout Camp at Lake Madron last week, 2,000 two year old pine seedlings having been received there for planting about the drives and lodge.

The seedlings are of the White Pine and Jack Pine varieties. Most of them will be planted about the Lake Madron lodge and roads, but a number will be taken to Benton Harbor, and some have been promised to Buchanan Boy Scouts.

Scout executive Charles Spurr of Benton Harbor was in charge of the work. During the coming month the boys plan to build up the road leading across the swamp to the mess hall. A clay bottom will be installed, and crowned with sand and gravel. The scoutmasters and their wives will go out at that time, the former directing the work.

JOHN MORSE TOPS BIG LEAGUE MARKS IN DOWAGIAC GAME

If Johnny Morse, the classy ball tosser of the E. H. S. nine keeps it up, there will be some National or American scouts on the bleachers here before the high school season is over, according to fanciers of the game who watched him play Tuesday. Morse is said to have broken the official major league records by striking out eight men in succession. He struck 47 men in seven innings, allowing only three hits.

SCOUT MASTERS CONVENE AT CHURCH FRI. EVE.

85 LEADERS OF YOUTH FROM FIVE CITIES PRESENT FOR SESSIONS

The fifth session of the Beaton Harbor-St. Joseph and Dowagiac Council of the Scout Masters Training School was held at the headquarters of Troop 41 at the M. E. Church Friday evening, starting at 7:30. Thirty-five were present as follows:

St. Joe—Ted Thomas, Stanley Vandenberg, John Darlington, Robert Ruttoskie, Harold R. Coats, Howard R. Olson, Claude St... and Harold Koontz.

Dowagiac—James O. Best, field executive; Oscar Noll, Roger Stacey.

Benton Harbor—John Mayer, Robert Chesher, J. Engelbreit, Buchanan—Rev. Liddicoat, Ken Blake, Leon Wood, Leo Slate, Herman Boyer, Lyle Mitchell, Don Wood, Paul Easton, Claude Small, E. Gossinger, E. Longworth and Charles Bradley.

Scout executive Charles F. Spurr had charge of the school. Rev. Liddicoat opened with a prayer and greeting. After several peppy camp and meeting songs, the returns were given on a test held at Meeting No. 4. A short test of general scouting knowledge showed considerable weakness in test book work. A test on the recognition of sixteen song birds was a poor reflection on the knowledge of those at the meeting. Executive Spurr announced the arrival of 2,000 two year old pine saplings, of which 1,500 are to be planted at the Lake Madron camp. After short sessions of the various patrols, games were played and all went home with many new ideas for their troops. All who were able of the attendants of the school held an overnight camp at Lake Madron on Saturday.

The object of the school is to give life, pep and new ideas to the leaders and prospective leaders.

"How did that story pan out with the man up in the Bronx who found a big ballstone on his back stoop this morning?" asked the city editor. "Nothing in it," replied the reporter. "He discovered it wasn't a hailstone after all. The iceman left it there."

CHURCHES - LODGES - CLUBS - SOCIETY

Atty. A. A. Worthington's Sunday School class of the Methodist Church will entertain at a birthday party and pot luck supper at the church parlors Monday evening. All members of the class are cordially invited to be present, bringing their own sandwiches, one other dish, and their own dishes and silver. The supper will begin at 6 p. m. and will be followed by a social time.

The W. C. T. U. will meet with Mrs. Henry Blodgett, 506 Main St., Friday afternoon at 2 o'clock. This is an important business meeting and every member is urged to attend.

The Women's Foreign Missionary Society of the Methodist church will meet Wednesday after-

noon, May 2, with Mrs. John Andrews, Terre Coupe road. Mrs. Sargent will review the last chapter of "The Straight Way Forward Tomorrow." Cars will leave the Wisner store at 1:45 and 2:00 o'clock. Please be prompt.

Regular meeting of the Royal Neighbors, Friday evening. Officers will practice for initiation after lodge.

The Royal Neighbor Club will meet Thursday evening, May 3 in the home of Mrs. Arthur Voorhees at 415 Moccasin Ave.

The F. D. I. Club was delightfully entertained Tuesday evening at the home of Mrs. Roy Pierce. At the meeting it was decided to

assist the Rebekahs with their bunco party. A memory contest was conducted and Myrtle Leggett won the honors. At bunco Mrs. Edith Willard and Rose Marrs received the prizes. Mr. and Mrs. R. F. Hickok will entertain the club May 10th, at which time the husbands will be guests.

Mrs. Richard Schwartz was the hostess to the E. G. U. Sorority Tuesday evening. Following a short business meeting bridge furnished the diversion. Ruth Mills won the high honors. The next meeting will be held at the home of Gale Peers, at which time the election of new officers will be held.

PRESBYTERIAN C. E. TO ENTERTAIN AT SILVER TEA SAT.

An event which will be of interest to the women of Buchanan is the Silver Tea to be given Saturday, April 28, in the parlors of the Presbyterian church at three o'clock.

This Tea will be given by the Christian Endeavor of the church, who have arranged the following program for the occasion.

Piano solo—Charlotte Arnold. Reading—Marjory Campbell. Cello duet—Jane Habicht and Jane Easton. Talk—Mrs. G. H. Stevenson. Vocal solo—Mrs. H. B. Thompson.

Following the program tea will

be served and a silver offering will be taken for the purpose of raising money to complete the final payment on the piano bought by the Society for the church. Members of the Endeavor have been working for some time gathering relics which will be displayed at the Tea.

WILSON McLEOD TO HANDLE BOTH NILES AND BUCHANAN NEWS

Wilson McLeod, Buchanan correspondent for city dailies in this vicinity, has been honored by promotion in the service of the principal paper on his "string," the South Bend Tribune having taken over the Niles office yesterday, to handle that district in conjunction with his Buchanan news service. McLeod will spend the hours between 8 a. m. and 2 p. m. daily in the Tribune office at Niles, and will cover Buchanan in the afternoon and evenings.

W. MCLEOD WRITES ABOUT WAGON MAKING DAYS

When Fast Steppers, Horse And Man, Raced Where Clark Plant Now Is

The following well turned yarn which truthfully depicts the Buchanan of 60 years ago, was written by Wilson McLeod, former Record man and now a Buchanan correspondent of four city dailies: "Buchanan was an uncouth, untamed frontier town during the hectic years following the Civil War. Gambling houses flourished here and the old half mile track on the site of the present Clark Equipment company plant attracted racing men, touts, gambling and other race track followers from all parts of the country. Mountebanks, gamblers, underworld characters and nondescript drifters sought Buchanan in large numbers as a fair haven to ply their trades. There were two well established and well patronized gambling houses, one in the old hotel at Days avenue and Front street and the other in the building on Front street lately vacated by the Economy Shoe Store, both of which featured faro, roulette and the other gambling diversions popular in that day. Buchanan was the center for foot racing from 1870 to 1880 and the country's most famous milers and distance runners furnished the attraction at racing events here. Payson Weston, the famous walker, staged a 50-mile walking exhibition at the old race track in 1875.

Buchanan, despite the era of financial depression that swept the country following the war, was prosperous, even if that prosperity was a little tainted in the viewpoint of a moralist. A demand that could not seemingly be supplied came for cheap furniture and wagons to supply impecunious and practically destitute eastern people who emigrated in great numbers to the west and southwest to take up government land grants. This demand for cheap wagons and furniture furnished foresighted Buchananites with the impetus to embark on manufacturing careers and share in what little prosperity could be gained from an unprosperous war. Horace Black, a son of a Massachusetts furniture manufacturer and father of George H. Black and Mrs. Sarah F. Smith of Buchanan and Mrs. Nellie Webster of South Bend, was attracted by the epidemic western invasion so set out in 1859 with his wife and eight children from Ashburnham, Mass., and came to New Buffalo, then western terminal of the Michigan Central railroad which had been built that far by the state of Michigan the year before. He and his brother, C. S. Black and his sons, H. S. and George H., were actively engaged in furniture manufacture from 1859 to 1886 under the various firm names of C. S. and H. S. Black, H. S. Black and Black & Willard. The New Buffalo factory was moved to Buchanan in 1860 and it was there that the first round cornered bread ever produced in Michigan was manufactured here from black walnut on a production basis. Five furniture factories were in existence here at one time. George H. Black, an inventor and manufacturing genius before his retirement several years ago, patented the first garden cultivator in 1866. This cultivator known as the "Queen of the Garden," a crude implement as compared with the modern day cultivators, received a big demand until the 90's when the sales subsided. Mr. Black then perfected a typewriter desk to use with the "new fangled writing machines" and his success as a manufacturer became assured. It continued in the manufacture of the typewriting desk and other furniture items until 1911, when he retired.

One other thing that aided in Buchanan's prosperity in the early seventies was the manufacture of a trundle walnut bed to meet the demand of the southwestern homesteaders for a cheap bed adequate for their needs. This was why the trundle bed came into existence. It was a bed similar to the types in use today save that a smaller bed for the children could be slid under the bed and pulled out when needed. Homesteaders living in small quarters where floor space was utilized to the utmost, bought these beds in large quantities and the Black company shipped them in carload lots at frequent intervals from their factory here. Prior to 1875, Buchanan denied admission to colored people within its borders. However there was one exception. In 1868, Thomas Jones, emancipated slave, came tactfully ingratiated himself into the good will of the community and was permitted to remain. He opened a barber shop here and prospered. With considerable supply of newly earned gold and the colored man's inborn yearning to gamble it was only natural that his attractions become drawn to the roulette wheel. He soon lost all his money and left town penniless. George Black tells of instances in which negroes were frightened from town immediately upon their arrival here. If a new arrival of dusky hue would enter a store or saloon loiterers or customers would congregate in a corner and talk in an undertone, "pointing fingers occasionally in the negro's direction. The latter believing him to be the object of an immediate lynching party would slip out of the place and take the quickest exit from town. One negro, more stubborn or brave than the rest, refused to be so easily deported and had to be forcibly driven from Buchanan by the aid of the village's hand pumping fire truck, the colored man leaving town double quick on the business end of a strong stream of water from the fire hose. The old fire truck has had a historic experience. It has served the village for sixty years prior to 1895 and four years ago, after having been stored in the water works in the interim, was given to the Chamberlain Memorial museum in Three Oaks, where it is on exhibition. The old truck was taken to Chicago in 1873 and was a very prominent factor in fighting the disastrous fire that swept the city. In the buccanalian days when Buchanan rivaled Cripple Creek, Dawson City, Deadwood and other frontier outposts, George Black was a race horse man, with a stable of fast steppers. He was the owner of the famous stallion "Galladin, the Black Ghost," which was from the best stock in England having as original sire and dam the famous Flying Childers and the equally noted Danby Arabian. Salladin had a mark of 1:59 and was one of the fastest steeds in the middle west. Mr. Black refused fabulous prices for Salladin in the horse's hayday and after a most luxurious retirement, the Black Ghost died in the late seventies.

Thirty-one years ago Mrs. Dalrymple preceded him in death, and since that time he has made his home with his daughter, Mrs. Lulu M. Remington. Mr. Dalrymple was a charter member of Buchanan Camp No. 588, Modern Woodmen of America, and remained a member until his death. Besides the daughter he is survived by two sisters: Mrs. Edwin Steele, Mrs. Morris Fowler, two grandchildren, Carl and Miss Berta Remington, also two great grandchildren, all of Buchanan.

IRIS BEAUTY SHOP TO BE LOCATED IN P. O. BUILDING

The Iris Beauty Shoppe, now located at 120 West Front, is scheduled to move between May 1 and May 10 to the vacant quarters in the east side of the Post Office building, formerly occupied by a lunch stand. The building is now being treated to a coat of glass colored stucco outside and the frame is to be painted a lettuce green, giving the structure quite a handsome exterior. The interior is also to be renovated.

Paint Top and Bottom
In order to last, shelves should be protected with paint or varnish on the bottom as well as the top and sides. Decay is no respecter of surfaces, and will attack and wear away one side as well as another. Therefore, it is best to paint or varnish the entire shelf as soon as it is put up.

NOSE PUNCHING NEW FRENCH CAMPAIGN PLAN

Belfort, France, Apr. 26—In a joint debate with Andre Tardieu, Minister of Public Works, Deputy Andre Meillet suddenly struck the former French High Commissioner at Washington a violent blow in the face. Although his glasses were shattered Tardieu escaped eye injury and suffered only a nose bleed. After this was attended to, the debate went merrily on.

Dependability, Satisfaction and Honest Value!

Never before in our history have we delivered as many new Chevrolets as during the first three months of this year. Naturally a large part of this increased business required the trade-in of the new Chevrolet owner's previous car. These cars have been reconditioned with the result that many of them can hardly be distinguished from new cars. Furthermore, these cars carry the official red tag "with an OK that counts" which shows the true condition under which the car is offered for sale. Come in and inspect these used cars, and when you buy from us you may do so, confident that we want your goodwill, the same as we now enjoy with Chevrolet owners in this community.

Long Vacation Spoiled Evening for Senator A prominent man in public life - a senator, it may be said without fear of embarrassing him - was the principal speaker at a recent banquet. More than that - he was the victim of one of those persons whose duty it is to speak as curtain-raiser to the main attraction of the evening, and who forgets himself in his own flow of oratory. He went on and on and the reporters were getting restless and worried about making the final editions with the principal speaker's important talk. Finally, the senator handed a reporter a message: "How long can you men wait?" He was given the time and then asked in a message how long the gentleman speaking was going to hold the floor. He courteously replied - for it can again be safely said that the curtain-raiser was also a member of the upper house of congress - "that he thought he would speak only 20 minutes longer. Time went on, and the speaker went on, and when it became apparent that he would go on for some time longer, the gentlemen of the press received another note from the important senator. It read: "All prophecies are withdrawn." - Philadelphia Record.

Joys of Exploration Found in Adventure One is often asked what is the attraction and what are the joys of polar exploration. The answer is - Adventure - where there has never gone before. Achievement - discovering something of value to mankind, such as the whale-fishery of South Georgia; or ramming your way through ice or any difficulties under steam or sail. The wonderful pure beauty of these regions - and last, but not least - comradeship - the comradeship of men. Men who fight alongside you, toil with you, laugh with you, stand by each other through thick and thin; who share trials, hardships, joys, dangers and food, and are determined at all hazards, to "see it through" together. For such men you feel a great affection, and the results are teamwork and loyalty of the finest, highest quality, with joy of memory that never fades away. - From "Under Sail in the Frozen North," by Commander P. A. Worsley.

The Taste Test Walter and Lawrence were in the habit of saving a part of their dessert from the evening dinner for consumption the next afternoon, and in accordance with this custom, two small cakes had been placed in the cracker jar for them. William, being the first on the scene the next afternoon, went to the jar. He found only one cake, and a large piece had been bitten out of that. Full of wrath he went upstairs and roused his brother. "Say," he demanded, "I want to know who took that big bite out of my cake?" "I did," sleepily answered Lawrence. "What did you do that for?" "Well, when I fasted it I found it was your cake, and so I ate the other one."

Caporizing Long Practiced

It is impossible to say just how long the operation of caporizing has been performed. It seems quite certain, however, that the practice was familiar to the Chinese more than 2000 years ago. Later it was practiced by the Greeks and Romans, and through medieval times by the people of middle and southern Europe, until in recent times it has been introduced into America.

Explaining Myopia Diver Requires Care

Some justification for calling a near-sighted motorist a "poor fish" was advanced recently at the convention of the American Academy of Optometry. It was said that near-sightedness, or myopia, is prevalent because man has not yet completely lost some of the instinctive traits of a fish. His eyes naturally diverge to the right and left instead of looking straight ahead. The inner muscles of the eye, in trying to correct this and retain the parallelism of the vision, subject the eye to a strain which produces myopia.

America's Motto

When John Adams was minister to Great Britain in 1787 it was suggested to him that the Latin phrase meaning "out of many, one" would make a fitting motto for the new independent colonies. On his return to America he transferred the suggestion to his friend, Charles Thompson, secretary of congress, who in 1792 reported his desire for a government seal in which the phrase, E Pluribus Unum, appeared on a ribbon held in an eagle's beak.

Talking Parrots

The Mexican double yellow head is probably the best talking bird among American parrots. This is probably equal to the African gray, which is the Old world favorite. Parrots must be taught to talk while young. Older birds learn little and very slowly. "Poor-Man an Insult" In this extravagant age, a poor man is an insult to a woman. A poor man is frequently able to fool a woman through marriage, and make her believe he is very promising and will become rich, but he can never fool her after marriage. - E. W. Howe's Animals.

BOY SCOUT TROOP 41 HOLDS COURT OF HONOR MAY 1

Troop 41 of Buchanan wound up most of its business for the registered year of May 1, 1927-28 last Tuesday evening. The 18 members present recalled many good times they had during the year and are looking forward to next year to be more successful. Tests on bird study and intelligence were had with some amusing results.

Each of the four patrols were assigned a part in the Court of Honor program May 1, which is to commemorate Troop 41's second anniversary.

All parents and persons interested in Scouting are cordially invited to the Court of Honor May 1 at the M. E. church.

REAL ESTATE MEN REPORT BACK TO FARM MOVEMENT

LANSING, April 18—Inquiries regarding farm land in lower Michigan indicate a back-to-the-land movement, according to real estate brokers.

During the past two months, more information about farm land has been sought than at any other period since 1919. Brokers report that many city men with families have signified desires to move to a farm in this state.

Many of these were former farmers who in the years between 1919 and 1925 deserted their farms to live in the cities, the real estate men averred.

Difficulty of making as good a living as they did on the farm is

given as the reason for the back-to-the-farm move. City life, they learned, was not as productive of wealth as many believed when they turned to the cities.

The wish of women to live in a good home with modern conveniences is keeping many families away from the farm, brokers claim. The average woman is not interested in returning to the farm unless the home is comparable in a large way to the one in which she now resides, brokers say.

Therefore in listing their farm wants with real estate firms, many would-be farms insist upon places with good homes, the city men apparently being anxious to have their families contented in the country.

HERE IS REASON WHY WOMEN LIKE TO MOVE FURNITURE

Farm women no doubt resemble their urban sisters in having an inherent desire to occasionally change the position of the furniture in their houses, but home economic extension specialists at Michigan State College do not think that the satisfying of a habit of change is the reason why 1460 Michigan women have taken home furnishing courses this year.

The specialists believe that these farm women are so interested in providing an attractive home for their families that they put in a little extra overtime work at home to enable them to attend group meetings where the possibilities of home betterment are discussed.

The women enrolled in the home furnishing courses find that convenience and beauty are usually related, and that, if the furniture is arranged to give the greatest possible comfort, it will also make the best possible appearance.

Instances have been found in furniture placements where the individual pieces occupied positions that compelled everyone who crossed the room to take several extra steps. These extra steps are an added burden to the women who must do the housework.

Furniture and rugs should be placed so that the lines of these pieces coincide with the lines of the room. Rugs laid askew or tables set at an angle give a room an appearance of disorder.

Niles, Mich., Apr. 25—Miss Alice McOmber, daughter of Mr. and Mrs. J. L. McOmber, 302 South Fourth St. will represent Niles in the annual blossom festival at St. Joseph and Benton Harbor next month and will be candidate for the blossom queen.

CHILD SPECIALIST TO GIVE TALK ON PRE-SCHOOL-CHILD

Buchanan parents who have children of over four years not yet entered in school are invited to attend a meeting to be held at the Dewey Avenue school May 2, beginning at 2:30 p. m. The meeting is to be addressed by Dr. Milo Miller, child specialist from South Bend, and also by Supt. Harold Stark. Dr. Miller will illustrate his talk by slides.

Buds Saved from Frost by Ice Packed Under Trees

Tulsa, Okla., April 26.—Joe McCrary has packed about 125 to 450 pounds of cracked ice around the base of the trunk of every tree of bearing age in his orchard.

The ice retards the flow of sap, and consequently delays budding until danger of frost passes.

A three-inch layer of straw, covered by a thin layer of dirt, keeps the ice from melting. When McCrary wants the trees to blossom, he will remove the straw and let the ice melt.

EASTER BRIGHTENED FOR GIRL CASHIER BY HONEST MAN

New York, Apr. 26—Helen Ballard, cashier at the Hotel Ansonia, checked up \$90 short the night before Easter.

The sun grew brighter for her on Sunday, when after a sleepless night, an athletic young man approached her window and said:

"I got \$90 too much money in my pocket; I believe you made an error when you cashed my check yesterday."

He was Mark Koenig, Yankee shortstop.
