

CAR HITS TWO SCHOOL GIRLS

Union Services to be Held at M. E. Church Thanksgiving Morning

RUNS AMUCK WHEN DRIVER FAINTS AWAY

Now Here's the Proposition

EDUCATION Bi Hays What can you know of blasted hopes Unless you've hung upon the ropes And sparred for time as one who knows The rain of fate's disastrous blows? For love is where all wisdom starts And suffering is the key to hearts. I think it possible to be A man of lofty dignity And rise to overlord or king— Yet not know much of anything About the fortunes or the weal Of those you tread beneath your heel. Or have the insights that arise From fellowship in sacrifice. There is no knowledge springs From pride; A friend is one who walks beside.

JACOB DEKKER EXPIRES WHILE CUTTING WOOD

MOVED HERE FROM NEW TROY YEAR AGO; REMAINS BURIED IN CHICAGO. Jacob Dekker, 39, died suddenly Friday from heart failure while engaged in cutting wood east of the River Street plant of the Clark Equipment Company. He had been granted permission by the Clark Company to remove a tree on their property for fire wood and was engaged in cutting it up, when a member of a crew on a passing M. C. switch train saw him slump to the ground. Medical aid was summoned but he was dead before the physician arrived. He had suffered from heart trouble for a year. Dekker was born in Chicago, moving to a farm near New Troy with his family about eight years ago. A year ago he sold the farm and moved to Buchanan, residing at 108 Cayouga Street. He had been employed for several years as a mechanic at the Clark plant. He leaves a widow, two daughters, Ruth and Jane, and two sons, Roger and Roy. The body was taken to Chicago Sunday for burial by T. D. Childs.

George Wynn is Elected Head of W. S. T. C. Juniors

George Wynn, son of Mr. and Mrs. Paul Wynn, and a member of the 1928 class of the Buchanan high school, has been honored by his fellow students at the Western State Teachers College by election to the presidency of the Junior Class of that institution. He has made a brilliant record there, having attained the highest scholastic rating in school last year, with a total of fifteen A's for three semesters' work in five subjects. In addition to his achievements in the study hall, he is playing regular quarterback in every game on the first varsity team.

Mrs. Wilbur West Expired Sunday at Pawating Hospital

Mrs. Alice Lake West, 37, wife of Wilbur West, 608 South Oak Street, died at 2 p. m. Sunday in the Pawating hospital after a long illness and was buried Tuesday afternoon in the Three Oaks cemetery, after a funeral at the local Church of Christ, Rev. J. L. Griffith officiating. She was born in Three Oaks on April 22, 1893, the daughter of Mr. and Mrs. Lewis Lake. Eight years ago she was married to Wilbur West. She lived in Three Oaks nearly all her life, coming to Buchanan two years ago. Surviving are her husband, three daughters, Mrs. Katherine Sutton, and Edna Walters and Nellie West, all of Buchanan; one son, Harry Walters of Buchanan, her father, Lewis Lake; two brothers, George and Lewis, Jr.; two sisters, Mrs. Hattie Wyant and Mrs. Mary Rohl, all of Three Oaks. How is it that homely girls always manage to marry the best providers?

BEGIN AT 10 AND END AT 11 A. M. SHARP

M. E., Presbyterian, Church of Christ and Evangelical Co-Operating. OTHER SERVICES HELD A union Thanksgiving service will be held by the Church of Christ, Evangelical, Presbyterian and Methodist churches at the latter church building Thanksgiving morning, beginning at 10 a. m. and concluding promptly at 11 a. m., to which all who wish to add an appropriate church attendance to the observance of the day are invited. The order of service will be as follows: Organ Prelude at 9:55. Doxology. Invocation by Rev. Thos. Rice. Reading of President's Proclamation by Rev. Harry Staver. Hymn, "America, the Beautiful." Scripture and Prayer by Rev. W. D. Hayes. Offering and Offertory. The offering for the United Charities. Special music in charge of and solo by Arthur Johnston. Address by Rev. J. L. Griffith. Hymn, "America." Benediction by Rev. Harry W. Staver. Service will conclude promptly at 11 o'clock. The Christian Science Society will also hold a 11 o'clock service at their church on Thanksgiving morning.

WAGNER GRANGE INSTALLS HEADS FRIDAY EVENING

MR. AND MRS. GEO. SHAFER OF MT. TABOR IN CHARGE OF CEREMONIES. Installation of officers formed the principal order of business at the meeting of the Wagner Grange held at the hall Friday evening, the ceremony of installation being in the hands of Mr. and Mrs. Geo. Shafer of the Mt. Tabor Grange. Ralph Hess was installed as grange master and announced the appointment of Bert Mitchell, Charles Dickow and Charles Hess on the executive committee. Other officers installed were the following: overseer, Frank Wright; lecturer, Helen Norman; steward, Will Whittaker; assistant steward, Will Whittaker; chaplain, Anna Wright; treasurer, Clyde Gunyon; secretary, Gertha Whittaker; gate keeper, Tom Quirk, Jr.; Ceres, Louise Dickow; Pomona, Ann Quirk; Flora, Fairy Gunyon; lady assistant, Bernice Harroff; pianist, Virginia Hess. Following the installation, Mr. and Mrs. Shafer gave a very interesting report on the state grange held last month. The meeting was preceded by a fine supper served by the ladies of the grange. Guests of the evening were Mr. and Mrs. Arthur Knoblauch, Arthur Martell, past master of the College Grange at Michigan State College at East Lansing and his mother, from Three Oaks; Dean Clark, Mr. and Mrs. John Kinney and Mr. and Mrs. George Shafer and son and daughter of Mt. Tabor Grange, Mr. and Mrs. Howard Wilson of Portage Prairie Grange.

Dr. C. E. Waldo Talks on Habit at Meth. Church

Seventy-five members of the Methodist church gathered in the basement of the church Thursday evening for a pot luck supper and program. The chief feature of the evening was an excellent talk by Dr. C. E. Waldo on the theme of the influence of habit in life. The high school orchestra played several selections. The meeting was sponsored by the Bethany Class, Arthur Johnston presiding. Then there is the efficiency expert who gave his little boy a saxophone and a hammer for Xmas.

Fisherman's Luck

Fishing is much like making love to a widow—it can't be overdone. Last week Berrien county fishermen were catching fish—millions of them. Of course they were all little fellows that were running up the St. Joseph river and were herded at the Berrien Springs dam, where from fishermen were seining and stocking nearby lakes. But a fish is a fish, no matter the size and one true follower of the sport after breaking his back dragging in a seine containing thousands of fish was overheard to make the standard old gripe "Damit, there's three of them got away."

CELEBRATE 50TH ANNIV. OF WEDDING

Mr. and Mrs. Charles Haslett, Former Residents, Now at Chesterton, Ind. FAMILY WELL KNOWN Three Sons of W. Haslett, Sr. Have Observed Golden Weddings. The golden wedding anniversary of Mr. and Mrs. Charles Haslett, former Buchanan residents, which was observed last week at Chesterton, Ind., adds a chapter to the history of an interesting local family, which has been distinguished by the unusual longevity of its members. Charles Haslett is one of the sons of William Haslett, Sr., a pioneer settler on Portage Prairie. Of the surviving brothers, three have celebrated their golden wedding anniversaries. The oldest living, James Haslett, of Three Oaks, and his wife, will celebrate their sixty-third wedding anniversary at their home Christmas Eve. Mr. and Mrs. William Haslett, Jr., who now live on the old homestead on Portage Prairie, observed their golden wedding anniversary Oct. 5, 1929. This latter couple is the oldest resident couple on Portage Prairie. William Haslett, Jr., the oldest active resident of Bertrand Township. He was born on the old homestead settled by his father in 1847, and has never lived outside of Bertrand Township. Another brother, Robert Haslett, died several years ago. Charles Haslett has spent his life in two houses, the homestead on Portage Prairie and the house where he now lives. The Chesterton Tribune article is reproduced in part: Mr. and Mrs. Charles L. Haslett, residents of Chesterton for the last forty-five years, celebrated their fiftieth wedding anniversary Sunday, when about thirty relatives gathered at their home for a one o'clock luncheon. On Nov. 10, 1880, Miss Ellena Thomas, daughter of Mr. and Mrs. William Thomas, pioneer residents of Chesterton, was married to Charles L. Haslett at Buchanan, Mich., where the Thomas family was residing at the time. In March, 1885, the young couple came to Chesterton to make their home in the house where the bride was born and where they still reside. To them were born two daughters: Mrs. Roy Hubbard who passed away Jan. 10, 1920, and Mrs. Charles H. Smith of Chesterton. Mr. Haslett held the office of Westchester township trustee for two terms and acted as postmaster at Chesterton during Wilson's administration. He has been on the board of review and has been called to other offices of trust in political and lodge circles. The out of town guests included: Mr. and Mrs. William Haslett, Mr. and Mrs. Glenn Haslett and daughters, Mrs. Sparks and John Haslett, all of Buchanan; Mrs. Elizabeth Haslett of LaPorte and Mr. and Mrs. William Morgan of Chicago. In spite of recent happenings New York producers say the stage is getting cleaner. Well, that's one nice thing about hitting bottom; there's no place to go, but up.

SCHOOL TO SERVE MILK TO CHILDREN

Creameries Co-Operate With Schools in Serving Milk to Underweight. Buchanan Merchants, Dentists Co-Operate to Aid Children. There are a number of underweight children in school, some as much as 22 per cent underweight. It is in hope of preventing some of the ills which come to children in such a run down condition that we have started to serve milk in school. It is served in the room at recess time. The price is 3c for the half pint bottle. The creameries are co-operating with the school this year as they did last by selling the milk to the school at 2 1/2 cents. This helps to pay for the straws and gives a few free bottles to children who cannot afford to pay. Two years ago the parent-teachers association gave a carnival in the high school gymnasium, the proceeds going for free milk, clothing and dental work. Besides this donation from both the St. Joseph Valley and the Wilson creameries, acknowledgment should be made to the dentists for the free work they have done and to the clothing stores for the goods they have sold at cost. Also \$75 was received last fall from the sale of chrysanthemums at the Clark Equipment Company. The committee in charge of this part of the P. T. A. work are Mrs. Paul Wynn, Mrs. C. D. Hamilton, Miss Lillie Abell with Mrs. Reba Lamb as chairman.

DAIRYMEN ARE CONFRONTED BY FEED SHORTAGE

GOOD ALFALFA HAY WILL PAY DIVIDENDS AS DAIRY FEED, SAYS M. S. C. Gerritt Koster, tester for the South Berrien Dairy Herd Improvement Association, reports that many dairymen are undecided as to whether they should buy hay to feed their cows or feed corn stover, this winter when there is a shortage of feed. The Dairy Department of the college, however, advises that twenty-five to thirty dollars per ton can be paid for good alfalfa hay and fed at a profit to the average dairy cow. One that will produce three hundred to three hundred fifty pounds of butterfat per year. The three highest cows in each class on a butterfat basis for this month are as follows: Under three years Doan Straub's purebred Holstein produced 1302 pounds milk and 46.9 pounds of fat; Henry Nemitz' purebred Guernsey produced 927 pounds milk and 48.4 pounds fat; Warren Tony and Son's purebred Guernsey produced 936 pounds of milk, 43.9 lbs fat. Under four years George Olmstead's grade Holstein produced 1810 pounds milk, 61.2 pounds fat; Charles Smith & Son's grade Guernsey produced 1147 pounds milk, 60.8 pounds fat. Henry Nemitz' grade Guernsey produced 887 pounds milk and 48.8 pounds fat. Under five years Charles Smith & Son's grade Guernsey produced 1263 pounds of milk and 63.4 pounds fat; Samuel Thomson's grade Guernsey produced 1045 pounds milk and 48 pounds fat; Charlie Clark's grade Guernsey produced 1073 pounds milk and 53.7 pounds fat. Mature Class Doan Straub's grade Holstein produced 1879 pounds milk and 75.2 pounds fat; John Clark's grade Holstein produced 1897 lbs. milk and 72.1 pounds fat; Doan Straub's purebred Holstein produced 1668 pounds milk and 68.7 lbs. fat; Morton, Hampton's purebred Holstein produced 1736 pounds of milk and 67 pounds fat. The three high herds for the month follow: Henry Nemitz mixed herd of thirteen cows averaged 938 pounds

H. R. Adams and Family to Spend Winter in Calif.

Mr. and Mrs. H. R. Adams and daughter, Miss Louise, are leaving Tuesday by train to spend the winter in California. They plan to take the Burlington railway from Chicago to McCook, Nebr., where they will stop and spend Thanksgiving at the home of Mrs. Adams' sister, Mrs. Peter L. Zimmer. They will travel on west by way of the D. & R. G. railway, stopping to visit several days in Salt Lake City. They will visit a relative in Lovelock, Nev., and will end their journey at the home of their son, George Adams, who is in the insurance business at San Mateo, near San Francisco. They plan to spend the main part of the winter there, leaving towards spring for a visit of a month in Los Angeles, and return with short visits at San Antonio, Tex., and New Orleans, La. They plan to arrive here about April 1.

500,000 FISH PLANTED IN LAKES HERE

Mammoth Run Young Perch From Lake Michigan up St. Joe River. SEINED BELOW DAM. Prospects for piscatorial sport in the lakes of the Buchanan district in the next three years or so were boosted materially during the past week, by the planting of approximately 500,000 perch taken from the St. Joseph River below the Buchanan dam. This is the largest planting of game fish ever made in the lakes of this district and was made possible by a phenomenal run of nine months old perch up the river from Lake Michigan, driven presumably by the shoals of hungry rock bass and other predatory fish which are said to be following the run. The run was first discovered by Conservation Officer Cleve Eborner of Galien, who was patrolling along the river near the Ox Bow bend November 5, and saw the small perch near shore. The run tends to follow the main current in deep water. Walter Hughes of the Benton Harbor state fish hatchery was notified and immediately went with a force of helpers to the foot of the Berrien Springs dam, where operations were begun with nets and seines, taking the young perch from the river to stock the inland lakes. Immense hauls were made, one drag of a net pulling in a catch estimated at not less than 100,000 young fish. The fish are from two to four inches in length. It will require three years of average food conditions before they will be large enough to furnish sport, according to Hughes. Several other varieties are found in lesser numbers, including walleyed pike, bass, shiners, trout and carp.

Home Service Holds Thanksgiving Party

A very delightful social occasion was observed by members of the Home Service Department of the Presbyterian Church at the home of Mrs. M. L. Hanlin Tuesday afternoon. About fifty guests were present. Mrs. Ray Stults guest two numbers and was accompanied by Mrs. Ida Rice. Rev. Harry W. Staver gave an interesting talk on "The Story of the Pilgrims." Dainty refreshments were served by the committee of hostesses consisting of Mrs. M. L. Hanlin, Mrs. Lucy Beiste, Mrs. Fred Moyer, Mrs. Glenn Merrifield, Mrs. Lester Lyons and Mrs. George Spatta.

Death of Wm. Smith of Roseland Ind.

Word has been received here of the death of Mr. William Smith of Roseland, Ind., which occurred on Wednesday afternoon. The funeral services will be held Saturday afternoon at 2 o'clock from the National Tribune furnished this office by Samuel Bunker. According to the report of Sept. 30, there were 46,799 survivors of the Civil War in the United States, a total of 876 having died the preceding month. This is an average of approximately one to every 2,750 of the nation's population. Buchanan has five survivors, Samuel Bunker, John Dick, George Heywood, George Hanley, and John Coveney. This is an average of about one per thousand, for the approximately 5,000 population of the city and township. According to the figures of the National Tribune, there were 164,416 Civil War widows alive on Sept. 30, 1930. The moth gets all the blame, though it eats nothing itself, yet society gets none of the blame for what its young criminals do. Even sympathy may be overdone.

Notice

To correspondents and advertisers: Owing to Thanksgiving Day next week the Record will be published on Friday but much of the work in getting out the paper will have to be done on Wednesday. Please send in correspondence, news items and want ads a day earlier than customary.

ALBERT MANN IS INJURED IN AUTO MISHAP

Thrown from Car on US-12 on Return from Visit at New Buffalo. DOOR NOT FASTENED. Albert Mann, 411 North Portage Street incurred a dislocated shoulder and a fracture of the right upper arm at the shoulder Sunday evening when he was thrown from the car driven by his son-in-law, Gilbert Renbarger, while enroute home from a visit at Milwaukee. The party, consisting of Mr. and Mrs. Gilbert Renbarger of Three Oaks and Mr. and Mrs. Albert Mann of Buchanan, were returning Sunday from a visit with the latter couple's daughter, Mrs. Raymond Holston of Milwaukee, and were approaching New Buffalo on US-12. At that point Renbarger turned out for a passing car and his right wheel struck a hole in the concrete. The jolt threw the weight of Mr. Mann against the car door, which came open and he was thrown to the ground. In addition to the injuries listed above, he incurred painful bruises of the head, face and limbs. He was taken to the Wallace hospital, where he is reported to be making satisfactory progress at the present time.

EVANS COMPANY BUYS OUT BARR'S DRY GOODS STORE

WILL REMAIN UNDER SAME MANAGEMENT AND LOCATION. In this week's issue of the Record is the formal announcement of the purchase of Barr's store in Buchanan by The Evans Company. The transfer already has been made and the new company is staging a stock-reducing sale as its introduction to the Buchanan public.

Henry Smith Opens Furniture Finishing Shop

The Record has been informed that the city has a new industrial enterprise, small but flourishing, in the form of a furniture finishing shop started by Henry Smith at the rear of his home on Moccasin Avenue. Smith was an expert cabinet worker in the days when the furniture business was flourishing in Buchanan. For twenty-five years he was a foreman in the Buchanan Cabinet Company, which was located in the brick building on Days Avenue now occupied by the service department of the Clark Equipment Company. Since physical ailments have prevented him from leaving home he has opened a shop of his own.

Buchanan District Has Double Quota Civil War Veterans

The Buchanan district has more than twice its quota of Civil War survivors, attesting the longevity of the race in this section, according to statistics in a copy of the National Tribune furnished this office by Samuel Bunker. According to the report of Sept. 30, there were 46,799 survivors of the Civil War in the United States, a total of 876 having died the preceding month. This is an average of approximately one to every 2,750 of the nation's population. Buchanan has five survivors, Samuel Bunker, John Dick, George Heywood, George Hanley, and John Coveney. This is an average of about one per thousand, for the approximately 5,000 population of the city and township. According to the figures of the National Tribune, there were 164,416 Civil War widows alive on Sept. 30, 1930. The moth gets all the blame, though it eats nothing itself, yet society gets none of the blame for what its young criminals do. Even sympathy may be overdone.

Wallace Starts Dobermann-Pinscher Kennels Near Tow

Dr. Wallace has opened a Dobermann-Pinscher kennels on the Harry Huffman farm on the Glendora stone road opposite the Alice Clark home, the new enterprise being known as the Wallace-Huffman Dobermann-Pinscher kennels. He lately received a rating from the American Dobermann-Pinscher Society to the effect that his dog, Wizard of Dawn, shown in the Detroit exhibit has been classed "excellent," the highest rating on the score card, by Herr Baummann of Germany, the greatest living authority on that breed of dogs.

TON DYNAMITE IS FIRED IN FILL ON ROUTE M-60

Employed to Blow Muck from Under Dirt Fill Over Pike Lake. ALSO AT DAYTON LAKE Contractors Hope to Finish 75 Per Cent Dirt Work Before Winter. Residents of the Bakertown and Dayton districts who detected muffled detonations accompanied by the rattle of the windows and dancing of pictures on the walls Tuesday afternoon were aware, not of the seismic disturbances accompanying a terrestrial stomach ache, but the discharge of 2,000 pounds of dynamite which was set off in the M-60 fill across Pike lake to settle the dirt. The dynamite was discharged in pipes which were sunk in the dirt on each side of the fill to blow the soft muck from underneath. The construction company first graded the fill about five feet higher than the finish grade line, and then pipes were set in rows on each side of the 20 foot fill, with about ten feet between the pipes in line. First a stick of dynamite was lowered into the bottom of the pipe and discharged, to blow open a pocket at the lower end. Then from 25 to 30 sticks of dynamite were lowered into each pocket and were discharged to blow the muck from under the fill. After the discharge of the blasts the fill settled about five feet. It is to be refilled five feet above the finish grade and left to settle for the winter. The fill is about 600 feet in length and is on the Ralph Seabury farm. About a ton had previously been discharged in the Dayton Lake fill. Lewis & Frisinger officials stated that they had been favored by excellent weather, not having lost a single day on account of bad weather since they started grading about Sept. 15. They expect to complete about 76 per cent of the dirt work before they are obliged to stop for the winter.

Buchanan District Has Double Quota Civil War Veterans

The Buchanan district has more than twice its quota of Civil War survivors, attesting the longevity of the race in this section, according to statistics in a copy of the National Tribune furnished this office by Samuel Bunker. According to the report of Sept. 30, there were 46,799 survivors of the Civil War in the United States, a total of 876 having died the preceding month. This is an average of about one per thousand, for the approximately 5,000 population of the city and township. According to the figures of the National Tribune, there were 164,416 Civil War widows alive on Sept. 30, 1930. The moth gets all the blame, though it eats nothing itself, yet society gets none of the blame for what its young criminals do. Even sympathy may be overdone.

Buchanan Farmers Shipping Lambs to Detroit and Chicago

The St. Joe Valley Shipping Association shipped two carloads of lambs last week, one being consigned to the Chicago producer's Commission Association realizing 7.75 and the other to the Michigan Live Stock Exchange of Detroit and bringing from \$7.00 to \$8.00. Then, too, you can tell whether a man is boss in his home by taking a look at his stenographer.

RUNS AMUCK WHEN DRIVER FAINTS AWAY

Barbara Wallace Gravely Injured and Leona Campbell Hurt. OLIVE SMITH DRIVER. Stories of Witnesses Disagree on Explanation of the Accident. Barbara Wallace, seven year old daughter of Mr. and Mrs. George Wallace, is reported to be in a favorable condition at the Pawating Hospital this morning, with a fair chance for recovery from the grave injuries which she incurred when she was struck by a car driven by Mrs. Olive Smith in front of the Dewey Avenue school Monday. The little girl was knocked down by the car, statements of witnesses varying as to whether the wheels passed over her. One statement is to the effect that she was knocked down by the car, her head striking against a telephone guy wire, and the impact of her body on some books which she held against her as she struck the sidewalk breaking three ribs on the left side, one of the ribs puncturing and collapsing the left lobe of the lungs. Leona Campbell, 7, was also struck by the car, but fell between the wheels on the soft lawn, so that she incurred only a sprained shoulder and bruises. The stories of the witnesses and of those involved in the accident do not agree in all particulars. George Wallace states that he had taken the little girl to school in his car at one o'clock, and had approached the school house from the north on Moccasin Avenue, parking his car on the right side. The street was clear at the time, he stated, and the little girl got out on the right, walked around behind the car and he watched her safely across the street. He states that the car driven by Mrs. Lyle Smith approached from the south at a moderate rate of speed, not to exceed 15 miles per hour, arriving opposite his car after his daughter had entirely crossed the street. He states that to all appearances, another pupil of the school had crossed the street after the Wallace girl and that in attempting to avoid striking this second child Mrs. Smith ran up on the side walk, where the car struck the Wallace girl. At this point Mrs. Smith applied a lost control of her car, Wallace states, and it ran driverless across the lawn, knocking down Leona Campbell and passing over her. It apparently stopped from loss of momentum almost opposite the northwest corner of the school building. Mrs. Smith stated that she and her sister, Miss Martha Burns, had turned off Front Street on route to see her sister, Mrs. Hathaway, who is employed at the Lyle-Burns home. She stated that she approached the school house at a moderate rate of speed, about 15 miles per hour, when a child came from behind the car parked on the west side of the street, and ran across the road directly in front of her. She stated that she tried to avoid the child and ran up on the sidewalk, where she states that to the best of her knowledge she struck the same child that she had been trying to dodge. She stated, however, that she was badly frightened and it was not clear in her mind as to what actually happened. She stated that at some point in the course of the accident she lost consciousness. When she was taken from the car she collapsed on the lawn, and was taken into the school house, where some time was required to revive her. She was driving a Model-T Ford sedan, the property of Howard Fuller.

Mr. and Mrs. Doane Straub and family were Sunday dinner guests of Mr. and Mrs. George Olmstead.

Mrs. Elizabeth Renbarger, Mrs. William McCoy of Kenosha, Wis., were Friday guests of Mr. and Mrs. James Renbarger. Other guests during the week were Mrs. Lila Renbarger, Buchanan, Ellis Renbarger and son, Gilbert of Three Oaks, Mr. and Mrs. L. L. Bissel, Buchanan, Mr. and Mrs. Schuyler VanTilburg of New Carlisle, Mr. and Mrs. Frank Lawson.

Mr. and Mrs. George Seyfred entertained Sunday at dinner, Mr. and Mrs. John Morley of Lakeside, Mr. and Mrs. Gearhart of New Troy, Mr. and Mrs. Rodney Hoadley and son of Three Oaks, Mrs. M. Morley. Afternoon guests were Mr. and Mrs. Amos Jannasch and daughter, Bessie, Mrs. Nona Huntington and daughter, Helen of Buchanan.

Mrs. M. Morley returned home Sunday, after spending several days with Mrs. R. Hoadley of Three Oaks.

Miss Ollie Swank spent a day with her brother, R. E. Swank, last week.

Miss Rood, Miss Brown, and C. Brown of Chicago, were the Sunday guests of J. R. Rood.

Mr. and Mrs. John Hoelville entertained over the week end the latter's mother and sister, Mrs. A. E. Spensley and daughter, Ruth of Chicago.

The "Jolly Bunco Club" met on Wednesday evening at the home of

Mrs. Albert Jannasch. Bunco was the evening's diversion. First prize was won by Mrs. Clara Fartridge. Mrs. N. Jannasch received second prize, Mrs. C. Skilleger win the consolation prize. The hostess served a luncheon.

Mr. and Mrs. Bert Beistle of South Bend, spent several days last week with her sister, Mrs. Marcia Jannasch.

Mr. and Mrs. T. Mains of South Bend and Mr. and Mrs. Frank Lawson were Sunday evening guests of Mr. and Mrs. R. V. Slocum.

A son, William Albert, was born Nov. 12, to Mr. and Mrs. Robert Good.

Mr. and Mrs. Earl Toland of Minneapolis, were guests last week of Mr. and Mrs. Doane Straub.

The Maccabee meeting was held Wednesday afternoon at the home of Mrs. Marcia Jannasch. After a short business meeting, bunco was played. Mrs. F. Thorson won first prize, Mrs. G. Mecklinberg won second prize and Mrs. M. Burger won the consolation prize. A luncheon was served by the hostess.

Doan Straub attended the North Berrien County Cow Testing meeting held at St. Joseph Wednesday.

Mr. and Mrs. C. A. Roberts spent several days at Muskegon and Lansing last week.

Mr. and Mrs. Henry Klasner entertained Wednesday, Mr. and Mrs. Clarence Pennell of South Bend.

Mr. and Mrs. Robert Burns and Mrs. Nancy Powell of Akron, Ind., were Thursday guests of Mr. and Mrs. Frank Burns.

Mr. and Mrs. George Gunderman of South Bend, were Thursday afternoon guests of Mr. and Mrs. R. V. Slocum.

The Culture Club met Friday with Mrs. Clyde Swank for their Thanksgiving meeting. The program was given over to the committee in charge: Mrs. Ewing, Mrs. Tooley, Mrs. Shearer, Mrs. Hagley and Mrs. Clark Glover. Mrs. Sebasty gave a reading which was much appreciated. A toast to the day was given by Mrs. Swank and answered by sketches read by Mrs. Glover and Mrs. Hamilton and Mrs. Clayton Smith.

Mrs. Ewing gave the word study for the day. The club voted to help with the Red Cross drive for Weesaw township. In the games a "turkey" was won by Mrs. Carl Renbarger. Other prizes going to Mrs. Jannasch, Mrs. Wentland and Mrs. Dodd.

Mrs. Della Swank and Mrs. W. Ender were guests.

Mrs. Edward Howard and children and Mrs. Frank Burns were in Buchanan Monday.

Mrs. Meryl Bachman of Buchanan was an overnight guest at the Burns home Monday.

Rev. C. M. Conklin is spending the week at Copenish, his former

home. Mrs. Richard Wentland visited her daughter, Bonita, in Evanston, last week and attended the opera, "Madame Butterfly," in which Mary McCormick has the leading role.

The Red Cross work is going forward with much enthusiasm this year and Galien township is doing her bit. The quota of the township is \$35 and everyone is invited to help this worthy cause by a donation, small or large, or with a subscription membership which is \$1. The larger cities have already gone over the top and it is hoped the smaller ones reach their goal. The school children are working for one hundred per cent membership.

Frances Sanger, John Starcher, Madison, Ind., were Sunday guests of Lee Doyle, who is convalescing nicely from his recent auto accident.

Mr. and Mrs. Walter Scott and Mrs. Frank Lawson left Monday

for a few days visit in Chicago. Mr. and Mrs. James Renbarger Miss Ollie Swank and Frank Lawson were business callers in Niles Tuesday.

Arthur Babcock of Grand Haven and Miss Betty Horling of Grand Rapids, spent the week end at the Bert Babcock home.

Neighbors of Henry Amen, who has been ill, held a husking bee at his farm, putting his corn crop in the bin.

Mr. and Mrs. Charles Long of Mishawaka and Mrs. Jane Thompson of Cassopolis were Sunday guests of Mr. and Mrs. Frank Heckathorne.

The Maple Grove Aid cleared over \$50 at their bazaar which was held Nov. 15.

His Turn Master: Did you throw out the shoemaker when he came with my bill?

Servant: Yes, sir, but here he is again with a bill for me, so now you can throw him out.

Galien Couple Honored on Silver Anniv. of Wedding

Mr. and Mrs. Guy Hinman were surprised Monday evening by 65 friends on the occasion of their silver wedding anniversary. The evening was spent very pleasantly, a pot luck supper and a session at cards being the features of the entertainment. The guests made up a purse of silver for Mr. and Mrs. Hinman, who also received many beautiful silver presents.

Burglars or Fire, It's All Same to This Cop

Burglars or fire, it's all the same to Corp. Raymond Credo of the New Orleans police force. Credo won promotion when he

shot it out with two hold up men, killing one and wounding another. Shortly after, Credo was roaming around the criminal courts building when the test fire gong started. Coincidentally, a judge's office burst into flames.

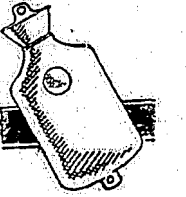

Credo won laurels by seizing an extinguisher and battling the flames until he extinguished them.

Frauds in old paintings can be detected by electric rays under a system recently devised by Robert Maurer, Austrian scientist.

Driven from the sixth tee at a Large, Scotland, golf course recently, a player's ball struck a seagull in full flight, killing the bird instantly.

Which Time? Old Salt: So you want me to spin a yarn, boys? Boys: Yes, a true one. Old Salt:—Right, I'll tell you about the time I was eaten by cannibals.

Sick Room Supplies

A complete line of sick room needs such as hot water bottles, bed pans, bandage, tape, etc., can be found at THE CORNER DRUG STORE WISNER PHARMACY

PRESENTING

THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long

hood lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the smart, graceful, new bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

» » AT NEW LOW PRICES « «

Chevrolet has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the Bigger and

Better Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the new economy of owning a modern, fine quality, six-cylinder automobile.

Shreve, Miss Irene Imhoff and Claude DeWitt formed a party which motored to Sturgis Sunday to attend the game between the independent football teams of Buchanan and that city.

Sure Way to Stop Night Coughs

Famous Prescription Brings Almost Instant Relief. Night coughs, or coughs caused by a cold or irritated throat, can now be stopped within 15 minutes by a doctor's prescription called Thoxine which works on an entirely different principle from ordinary medicines. It has a quick double action, it relieves the irritation and goes direct to the internal cause. Thoxine contains no harmful drugs, is pleasant tasting and safe for the whole family. Guaranteed to give better and quicker relief for coughs or sore throats than any thing you have ever tried or you can have your money back. 50c, 60c, and \$1.00 bottles. Sold by Wisner Pharmacy and all other good drug stores.

Relief from Curse of Constipation A Battle Creek physician says: "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuated bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit, or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Wm. N. Erodick. 16132

Imagination.

Imagination? Yes, you have it. But do you use it? Imagination is the gift of man that places him over all other creatures. It is the gift that has made the progress of the world. It permits man to peer into the future and to vision work out scientific and mechanical improvements and happier social relations. It is essential to power and progress.

And you can have it? Sure you have. You can sit in your chair and imagine yourself a king or wealthy, or powerful, or in whatever situation you please. You can imagine yourself in whatever adventure you would enjoy. And you are as you imagine while you sit still and dream. A lot of us do it and it's fun. You can imagine yourself the hero or heroine of the story you read. You can see the sights of the travel story. You can travel with Byrd in the Antarctic or with Lindbergh in the air. You can live the movie. You can enjoy the voices from all over the world on the radio.

All this, imagination offers you and you accept. What would life be without imagination? It eases the stern realities. But why not use this gift of imagination, in addition to even greater purposes, to practical purposes?

Cast yourself with your imagination into your job. Think how you would like each operation to be performed, what improvements are possible, how you might go about accomplishing it. If you produce, imagine the ways it might be done better with less waste, greater production.

If you record, imagine how the work might be done quicker, more work done, more intelligently, more significantly.

If you sell, imagine your customer being rendered the best possible service, how your goods suit his best needs. Imagine you are talking to him, what arguments he is going to use, and how you are going to convince him.

You've often heard this remark, "Ha! Just imagine." Well, do it. Have a vision and make a program. Then carry out the program. That's what imagination is for.

Crime as "Big Business."

Crime in this country has not only "assumed the gigantic proportions of big business, keen and influential," but it is also well organized and fortified to resist the law, even after arrests have been effected by the police authorities, James E. Baum, deputy manager, American Bankers' Association in charge of its protective department, told the Tri-State Better Bank Management Conference held in Minneapolis recently, under auspices of the state bankers associations of Minnesota, North Dakota and South Dakota.

"Crime is strongly entrenched, not alone in politics, but also as one of the major elements which tend to raise the cost of conducting legitimate business—and that means the cost of living," he declared. "The direct financial loss through crimes in this country has steadily increased until it has reached the staggering total of \$5,000,000,000 yearly, or more than the annual budget of our federal government. Double this figure for the rapidly expanding costs of our numerous investigative and police forces, criminal courts and prisons and we gain some idea of the tremendous tax which criminals impose on virtually all of our people."

Experience of casualty and surety companies, and the records of the American Bankers Association's Protective Department, indicate that during the past five years the direct loss which crime inflicted upon banking averaged more than \$12,000,000 annually, Baum said. Of this yearly burden the embezzler accounted for not less than \$7,000,000 and the forger took another \$1,000,000—losses resulting from crimes of opportunity which are preventable with reasonable care and contrrollable within the banks. "The amount 'doled out annually to the latest and most serious menace to bankers, the holdup bandits, is less than \$2,000,000," he said, and losses from bank burglary average about \$400,000 annually, the remainder being divided among credit sharks, sneak thieves and swindlers."

Interesting Facts.

A noted statistician informs us that "all the vision, initiative, enthusiasm, and leadership in the country are locked up in two per cent of the people. If these two per cent were wiped out we would go back fifty years. This means that ninety-eight per cent of the people follow in the wake of some 2,500,000 individuals, the smaller number actually doing and directing for the majority. Such a condition is easily understood, if a close study of the average individual is made. It is a known fact that eighty per cent of the people in this country think in terms of a child twelve years of age. This, in spite of our extended system of education and great industrial and economical achievements, the great establishments forming the background for such achievements being institutions of learning in the highest sense of the word.

With these facts and figures before us one marvels at the great advancement made in this country, giving it the leadership of the world in most things. The small per centage that lead, lead well or the majority

would fail to follow. No other country can boast of so many pioneers in the field of industry, no other country can point to as many industrial leaders, leaders who think in terms of service for the masses rather than in terms of dollars.

The majority of us owe much to the two per cent, but few of us ever give them due appreciation.

From the Silent Partner.

A fool cannot get angry. A wise man will not—when he thinks. The trouble is, we all get excited before we start to think.

Anger is a sudden sentiment of displeasure and usually wears off with a few hot words. But how these "few hot words" reveal to us the world!

The daily disposition to get angry can be cured if you will only take time to watch others who are making fools of themselves. The lesson should be enough.

If you have an explosive temper you have about the most expensive human handicap. Anger is infection of the intellect. Crazy people are "mad" but anger is left for the so-called sane. When a pitcher gets angry, he loses the game. Let the player lose his goat and he wins—defeat. When anger is in, real ability goes out.

To quarrel with a superior is silly; to wrangle with an inferior, small; to fight with an equal is doubtful; to get angry with one you think a great deal of is at least disquieting and sometimes dangerous.

A fit of anger seldom pays; and after it is all over, how well we know it. The important thing is to stop the fit before it gets started. Nine quarrels out of every ten would never start if people would only stop to ascertain whether the difference is worth contending about.

There are folks who are never happy until they can start a quarrel. They are alive with the microbe of anthithesis, and eventually dead so far as their former friends are concerned.

Anger supports the doctors, revenge supplies the funeral directors with "cases" and jailers with jobs. He that cannot rule himself will ruin himself.

Subsidized Competition.

During the present business depression, the railway situation in this country is widely different from what it was in 1921, the year of the last serious depression, or than it ever was prior to this year, observed a speaker at a recent section meeting of the American Railway Association.

The railways, he pointed out, are not only suffering from loss of business due to the depression, but to other influences and conditions to which they never were subject until recent years. Owing to these new influences and conditions, railway officers and employees are worrying about whether after the present depression passes, the railways will have enough traffic. Until recent years railway managers were always concerned about whether they would be able to provide enough facilities to handle future traffic, not about whether they would have enough traffic to handle.

"It is the irony of fate," the speaker observed, "that at the end of a decade in which there has been an enormous decline in railway passenger business, and a relatively small increase in freight, the government should be carrying out a program of extensive development of inland waterways for the purpose of 'relieving' the railways."

"Means of transportation by water and highway that are largely subsidized and unregulated by the government are diverting increasing amounts of traffic. How long will railway employees and the public continue to accept government policies which constantly reduce employment on the railways, which prevent the railways from earning adequate returns in good years and compel such severe retrenchment in poor years, and which, from the standpoint of the public, are without economic justification, because they involve taxing the public to help provide transportation service that is more expensive, including the taxes paid, than service by rail?"

—Pere Marquette Magazine

Radio's Great Progress

According to the Commerce Department, in Washington, there are about 13,500,000 receiving sets in operation in the United States. This indicates the present size of the radio industry in the United States. That the growth has been rapid is best shown by the fact that more than 40 years elapsed before this number of homes were equipped with telephones and electric light.

A young skunk who parked himself on the front porch of a city resident during a recent severe hailstorm, was neither desired nor made welcome in that home as a pet. Strange! Perhaps the poor little animal was suffering from a bad case of halitosis or sumpin'.

One doesn't always have to have a lot of money in order to buy a rattlin' good car.

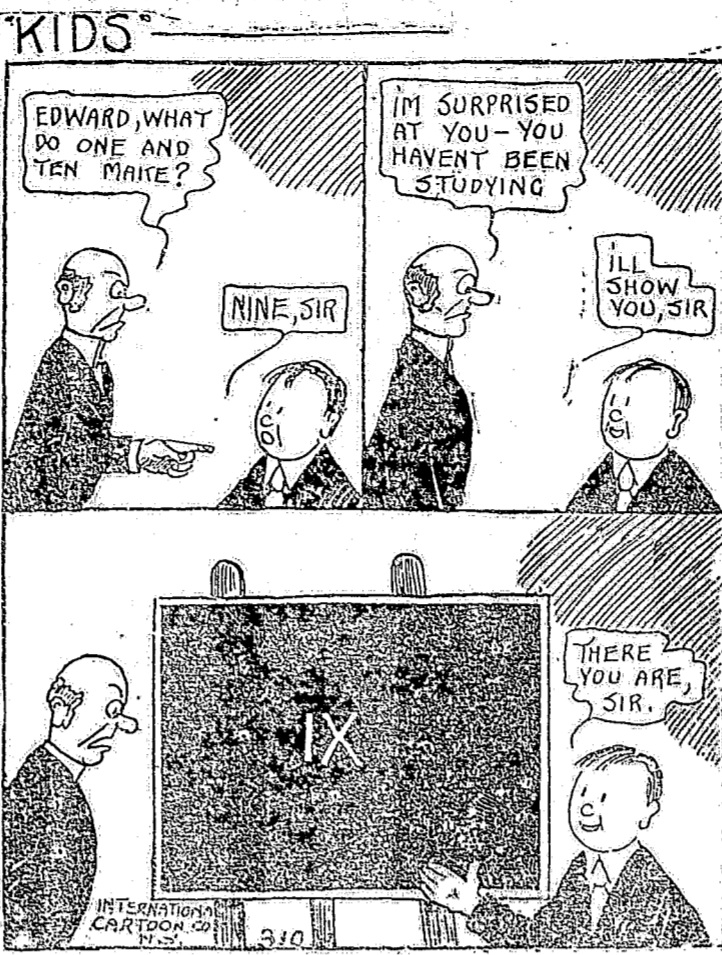

Cleo: "My mist'ess done pine an' die since we come No'th."

Patra: "My mist'ess done dine on pie since we come No'th."

The average woman is 100 per cent Talkie!

With only 20,000 accidents reported annually in the home, it is obvious that stepping on toy autos and old golf balls; parked on stairways by the children is not considered an accident.

Wonder why society editors always go in to great detail about what a bride will wear going away and never say a thing about what she'll wear on the return trip.

Old Timers Corner

I have been thinking and wondering how it came about that I became a dentist, and how so-and-so became a lawyer and so on. There was never a word said to me as to what I might want to follow as a life's work, and I sort of followed the path of least resistance for a long time, stepping along in tune with what ever happened to come my way, until one day while I was teaching school at Avery, I was listening to a class recite and my mind didn't have to be on the subject very hard, I guess, for all of a sudden I had decided to go to Ann Arbor that next year and study dentistry. I don't know yet, why I happened to pick on that one vocation, but it has proven to be all right in many ways and in many others it has not been so good, as in this case in most vocations. It sure is not all a "bed of roses," and it meant several years of hard work and study, but it was immensely interesting to me from the beginning and still is. If it could be typical, for me, I would have it so that I could do the best work in the world for every one and not have to charge them a cent for it.

I like to do the work for the sake of doing it well and making for better health and better human mouths. But even dentists have to eat and pay rent, etc., and so I have always had that lack of financial zest to contend with. I like to work and like to make every one that I work for, have the best possible chance for their physical welfare as well as making them good to look at by fixing up their mouths in the best possible way. Many dentists seem to care very little for that end of it, but work solely for the money they can get out of it. Putting in the cheapest materials and getting the highest possible fee. It is like every other business or profession, not all of us are on the level.

And now why am I telling all this to you in my letter? Not because it may make me solid with you, who read it, nor that I may get a patient by writing it. Far from it. It is just sort of talking things over with you, as though you had asked me about it.

This while thing started in my mind, when I was trying to decide WHY, why did I take up dentistry? In our time, there was very little thought as to what Jim or John or Tom or Charlie would become. The boy or girl just sort of drifted along and followed suit, so to speak, in some sort of the best advantage and the boys finding work that they could do to support their families as they acquired such a thing. But today, in our high schools, and even in the lower grades, vocational work is emphasized to a greater extent and children are given opportunity to apply themselves to various occupations and they will unconsciously find some line of endeavor that appeals to them and when the time comes when they must assert themselves, they have an understanding that places them far ahead of what we had at that age. I had no more idea of what was going to be expected of me as a dentist than the man in the moon when I went to Ann Arbor that fall and registered for dentistry. But happily, I happened to be of a mechanical turn of mind, from heredity or some other way, and so I fitted in very well, and had several classes that had no more idea of "making" anything than a cat would. And the result was a misfit in a perfectly good profession. There are a lot of just such misfits in every line, and they work thru a life time, knowing that they are not suited but without the back bone to "cut it out" and do something else. But with the modern equipment for vocational study in the schools, there should be less and less of this misfit business.

I was just wondering if I would like to try it all over again, starting today with an age, say of ten or twelve years and see what I could do in life that would be more congenial and make more money and—well, I don't know about it. I might make a worse mess of things than I have done this time, so I guess I won't even wish-

which shows symptoms of taking well with manufacturers of chairs, owing to its cheapness. W. S. Wells is connected with him in the business.

Rolla Roe has purchased the Enterprise, that is, he has taken the plant off the hands of Mr. Koontz and agreed to meet the payments for the original purchase money to the Illinois type foundry which Mr. Ayshire did not meet. Mr. Roe has moved his family to this place and took the helm Monday. A jolly party convened at the home of Mrs. H. Blodgett of this place Tuesday evening to witness the marriage of Miss Mary Blodgett and John Bracken of Niles, Rev. Berwick officiated. There were many presents.

MRS. LUCILLE MAY BREWER
 Mrs. Lucille May Brewer, 29, the wife of Jesse Brewer, 315 Sylvan Avenue, expired at 11:30 o'clock Saturday evening at the University hospital at Ann Arbor, after a prolonged illness.

She was born in Ohio on June 26, 1901. Her name before marriage was Lucille May Hardaker. She lived in Buchanan for eight years and was a member and officer of the Royal Neighbor lodge at the time of her death.

She is survived by her husband, by her father in Ohio, by her mother, Duella Daggett of Buchanan; three daughters, Marguerite, Rieta and Florence; two sons, Jesse Jr., and Richard Dale of Buchanan; four brothers, William Hardaker of Elyria, O.; Nelson and John Hardaker of South Bend; George Hardaker of Cleveland, O.; four sisters, Mrs. John Shryver of Buffalo, N. Y.; Mrs. Olive Bates of Roseland, South Bend; Mrs. Cecil Saxton of Indianapolis, Ind.; Roberta Scott of Tonawanda, N. Y.

Funeral services were held at 2 p. m. Thursday at the Methodist church, Rev. Thomas Rice in charge. Burial was made in Oak Ridge cemetery.

LOCAL PIONEER

Says Signs Point To Easy Winter

All of the old true and tried weather signs point to an open winter this year, according to A. L. Hoople, local pioneer, who has been collecting weather data in this vicinity for the past fifty years. Chief among the signs is the fact that the corn shucks this year are worn loose and don't cover the end of the cob. On the other hand, the feminine styles are worn longer this year and since they always go by contraries, this also may be taken as prognostication of low temperatures. But of course that is offset by the fact that everyone else runs a high temperature. When the girls take to short skirts and open work, it is a sure-fire sign that you will be walking over the fences. When the corn wears its shucks long, the girls wear their shucks short, which is just that much more evidence that the women don't know shucks. An ear of corn knows enough to wear its shucks so that they will cover the end of the cob even if the girls don't.

OLD TIMER.

ITEMS FROM THE RECORD OF JUNE 26, 1884.

Hay season and a large crop. Clifton Hamilton now sports a new milk wagon, finely painted by Perry Anderson.

Mrs. John Arthur of Charlotte is visiting friends in Buchanan. She will return home next week. Skunkwiler is the name of a citizen of Oroonok township. He enjoys pretty good health too.

The brick masons are now busily engaged upon the block of Redden Bros., and a good showing has been made.

Asa Ham of South Bend, well known in this place, now plays the role of pa for an eight pound girl. Postmaster Alexander boasts of having had new potatoes as large as hen's eggs for his dinner June 21. Pretty early.

A young man named Stewart, living three miles west of town, had his arm broken while wrestling with Lincoln Burrus Sunday.

The cellar of Binns' brick building is about excavated. We soon expect to see the brick being piled up for this building and the one adjoining to be built by Mr. Nash.

The following officers of Buchanan lodge No. 75, I. O. O. F. were elected last Tuesday evening: W. H. Aldrich, N. C.; L. T. Eastman, V. G.; J. H. Paul, secretary; J. M. Bliss, treasurer.

John Morris has got what the boys call the "dead wood" on the ice cream business. He now manufactures it by water power, having attached his freezer to W. H. Aldrich's water wheel in the race and all pronounce it well made and "licking good." The Record office corps can testify as they have sampled it.

BUCHANAN 40 YEARS AGO

There is one more in the family of Will Haslet than there was last week. All in good spirits.

Burns Helmick moved his family to Pullman, Ill., last week, having found employment there.

Oak Street between the race and Chicago Street and Days Avenue from Spencer & Barnes shop to the foot of the hill are in bad shape for travel.

J. L. Richards portrayed the portrait of Cleveland with the card "1802" at his home Saturday.

The jubilant Democrats of this vicinity celebrated with an ox roast Saturday. Charles Hinderer of Niles carved the ox. Some of the Democrats were pretty well loaded, before night.

There was not much call for the personal insults offered several Republicans who went up to hear Frank Shively speak Saturday. There are some things best not done and this was one of them.

George Slater has invented a new spring for castor rockers

Episcopal Guild Gathers \$217.37 For Charity Fund

The supper sponsored by the ladies of the Buchanan Episcopal Guild was a great success; and the members wish to thank everyone who so kindly assisted by donating either money or services. The total receipts for the supper amounted to \$238.80, of which \$217.37 was net over expenses. The net was turned over to Mrs. John Fyde, treasurer of the United Charities Association.

2 Meals Day, Plenty Water Helps Stomach

"Since I drink plenty of water, eat two good meals a day and take Adlerika now and then, I've had no trouble with my stomach."—C. DeForest.

Unlike other medicine, Adlerika acts on BOTH upper and low bowel, removing poisonous waste which caused gas and other stomach trouble. Just ONE spoonful relieves gas, sour stomach and sick headache. Let Adlerika give your stomach and bowels a REA-cleaning and see how good you feel! W. N. Brodick, Druggist.

MICHIGAN BELL TELEPHONE CO.

A Christmas gift at very low cost

Every member of the family will welcome this new kind of Christmas gift... extension telephones. For extension telephones provide new comfort, convenience and ease for your family, throughout the year.

Extension telephones can be installed in various places throughout your home... upstairs, in a bedroom or the hall... in the kitchen... in the living room... in fact, wherever extra comfort and convenience are desired, there extension telephones will prove exceptionally useful.

You can enjoy the modern convenience of extension telephones in your home for 2 cents a day. To place orders, or for information, call or visit any Telephone Company Business Office. Installation will be made promptly at any time you specify.

Bucks Lose to Western State High in 2nd Period

CELERY CITY IS SHADED IN FIRST HALF

Buchanan Scores Once and Threatens Twice During First Period.

END SEASON SATURDAY Will Meet Strong St. Joseph Team in Home Sweet Home Number

After entirely outplaying their opponents during the first half, Harold Bradford's Buchanan football team suffered a setback and Western State High School scored twice in the second half to beat the Bucks 12 to 6.

Buchanan started right off with a bang marching down the field twice in the first quarter, only to see their scoring chances lost first on a pass over the goal line and a second time when they did manage to cross the goal line in the second period however, when Louie Morse heaved a pass from the 50 yard line to his brother, Lauren, who galloped thirty yards for the first score of the game.

The try for extra point failed. State scored their first touchdown in the third period when Lauren Morse attempted to punt from his own 15 yard line but had his kick blocked and when the pile of players had dispersed, the ball was awarded to Kalamazoo. On the fourth try at the line the celery eaters put the ball over. Their kick for extra point was a little wide.

Not content with a tie, the Kalamazoo boys started right out for another one. They marched right down the field to the 15 yard line again until Louie Morse took things in hand and snagged on to a Kalamazoo pass while standing on his own goal line. This, at least gave the Bucks a chance to kick out but it only prolonged the agony. State started right in again and with the help of two passes which were called complete because of interference, again placed the ball inside the Buchanan 15 yard marker. Time was growing short and so the Kazooks promptly sent a pass to Bennett who fell over the goal for the score.

Their attempt for extra point was terribly low, Kalamazoo kicked off again and the game ended, giving the Bucks one more defeat for their record.

Buchanan looked very good during the first half, and, had they continued that style, would probably have rolled up a good score on the Celery City boys. The Bucks meet St. Joseph at their field this Saturday, the game being down the curtain on the football field for this year. The Saints have an exceptionally strong team this season and the local boys will have a real battle at St. Joe.

Summary: Buchanan, 6 Western State, 12

P. Letcher R. E. Decker Hamilton R. T. Keiser Dempsey R. G. Molton Donley C. Parsons Montgomery L. G. Moore Drietzler L. T. Bohnett Lou. Morse L. E. Russell Lau. Morse Q. B. McKay Innhoff R. H. Walker Chubb E. B. Davis

B. H. S. Juniors Vanquish Niles in Soccer Game

The juniors, winners of the inner class soccer games, played the seniors of Niles Monday night at Plym park.

The game was a very interesting game throughout and Buchanan won by a score of 2-0. Due to the illness of Miss Rothenback, Miss Shriver acted as advisor. Immediately after the game the girls were taken to the high school and enjoyed a lunch prepared by some of the members of the G. A. A.

Benton Harbor Minister Speaks Before Assembly

The student audience that attended general assembly Monday morning devoted their attention to Dr. R. J. Brown from Benton Harbor.

The students filed into the auditorium at 11:15, eager to find their assigned seats. Every one succeeded except a group of senior girls who were unable to crash the balcony door.

Dr. Brown gave a talk on buses and bleeding wounds. He described how to extinguish the flames of burning clothing and how to treat burns.

Dr. Brown demonstrated how to apply pressure to a bleeding wound to stop the flow of blood from the heart.

This first aid advice was gladly accepted by all members of the student audience.

DEBATERS MEET BERRIEN SPRINGS IN PRACTICE TILT

BUCHANAN TO MEET LAWTON IN SECOND STATE TILT NOV. 21. Practice debates are quite "the thing," according to Buchanan debaters' ideas. At least another one was held with Berrien Springs Tuesday evening.

The second state debate will be held at Lawton, Friday evening at 7:30. Lawton has won one debate for the affirmative, and Buchanan has won one negative debate. Good competition, in other words, will be plentiful and the debate promises to be of unusual interest.

On this same date, Nov. 21, 276 high schools in every part of the state will meet in 138 debates in which 828 high school pupils will participate.

The subject of this debate as well as all debates throughout the state during the coming winter months will be: "Resolved: That National Chain Grocery Stores Operating in the State of Michigan are detrimental to the people of the state."

The debating of this question has been endorsed by the National Chain Stores Association, Great Atlantic and Pacific Tea Company, Kroger Grocery and Baking Company, The Independent Merchants Association, and the Independent Grocers and Meat Dealers Association in Michigan.

This debate followed by two others on December 12 and January 9, will conclude the Preliminary Series of debates in which every high school must participate in order to qualify for the Elimination Series of debates.

Only the schools with the highest percentage of victories will be entered in this Elimination Series and each of these schools will receive the University of Michigan W. F. Place Trophy through co-operation of the Detroit Free Press. This trophy is in the shape of a shield, the design of which was taken from the well-known University of Michigan shield. Its base is of American walnut, 17 inches in height and 15 inches across the top, and the medallion superimposed upon the shield, is 9 inches in diameter, three-eighths of an inch thick, and is cast in solid bronze with all lettering artistically embossed.

While the Elimination Series, beginning on February 20, is in progress the schools will debate among themselves with the defeated schools dropping out after each debate until only two undefeated schools remain. These two schools will be taken to Ann Arbor, at the expense of the University, for the state championship debate on May 1. Each of the six debaters participating in this final debate will be presented with a gold watch by the Detroit Free Press and both schools will receive a large bronze trophy cup, one engraved first honors, the other engraved second honors, presented by the University of Michigan Extension Division.

The audience for the State Championship Debate in May will undoubtedly surpass last year's record attendance of 4,500 people, as the Michigan Schoolmaster's Club will be in session at Ann Arbor on this same date and will attend the debate.

7th Reading Class Studies Miles Standish

The seventh grade reading classes in charge of Mrs. Walton, are studying the courtship of Miles Standish. In addition to this they are memorizing the poem, "The Landing of the Pilgrims."

A "great" writer is one who prompts us to write on the margin: "How true."

SIDELINE ECHOES

Buchanan gave away a perfectly good ball game Friday at Kalamazoo. The first half saw the Bucks playing football the way they should, but they changed plenty in the last two periods.

A nice time should be in store for the local boys when they meet St. Joe this week end. Hank Howe's proteges have been upset, but once this season, that time by a class A school, and have been rolling up big scores on the best teams in this district.

The entire football squad from Buchanan high school saw the Notre Dame-Drake game at South Bend, Saturday, as guests of Coach Knute Rockne and are still talking about the hard-blocking Irishmen. A bareheaded and called Briley, and a tall Spanish gentleman with the romantic name of Don Carlos, also received their share of attention on the Drake side. The only disappointment came with the absence of "Big Joe" Savoldi, who used to crack at Buchanan lines until he graduated to big time football. The local boys wanted to see if he hits them harder now than he did a few years ago.

Two teams who hold victories over the Bucks this season met Saturday and had a very interesting argument. The Wildcats from Riley High of South Bend nipped the Niles Redbirds by the narrow margin of a point after touchdown, winning 13 to 12. This was quite a coincidence as Riley had defeated the Bucks by a 13 to 0 score, while Niles had a 12 to 0 victory to their credit. In other words Buchanan was just used for a tester.

One more football season is drawing to a close. One more week of practice, one more game, and the football season will end for the Bucks and except for a few Turkey Day games, for most of the schools. It surely has been a funny season from a standpoint of ups and downs, not a very profitable one for Buchanan, who has fared quite well in previous years. Yet half of the fun of winning comes after losing a few.

Here is the Bucks' record so far: Buchanan, 0 Watervliet, 0 Riley, 13 Buchanan, 0 Dowagiac 12 Buchanan, 0 Three Oaks, 6 Niles, 12 Buchanan, 0 Otsego, 0 Buchanan, 21 Coloma, 13 Buchanan, 6 State High, 12 Buchanan, ? St. Joseph, ?

One more Echo. See you next week.

H. S. TO HOLD OPEN NIGHT FOR PARENTS NOV. 24

Monday, November 24, will be "open night" in Buchanan high school for the parents. Teachers will be in charge of their various classes. The parents are to follow their child's schedule. This meeting is to get the parents acquainted with what is going on in the schools.

Last year "open night" was very successful in the school. A fair number of parents were present and the work was enjoyed by all. The school wishes to urge as many parents as possible to attend.

The program begins at 7 o'clock and lasts until 9 o'clock. Classes begin at 7 o'clock and run through until 8:30. From 8:30 until 9:00 a business meeting will be held. At this time refreshments will be served by the committee in charge.

Attention Called To Rock Garden On H. S. Grounds

Probably only about one-half of the students know that the high school has one of the prettiest, if not expensive rock gardens in town.

It was built last spring by the sophomore, junior and senior classes in agriculture. The rocks were collected from various places in the county and brought to the school, which is cement, holds 47 1/2 gallons of water. Underneath this is a steel drum that holds 65 gallons and can be drained in 12 minutes. Of course the water has all been drained for the winter now.

On the edge surrounding the tank, are two Colorado spruces, seven or eight varieties of flowers, four dahlias, and the mound is banked by spirea or bridal wreath.

The biggest problem is to keep the children from picking up the stones and throwing them around. Next year more flowers are to be added and Mr. Knoblauch asks for donations of tulip bulbs or any kind of flowers. Pink moss would also beautify the garden, but that is rather expensive. Sometime when you are around the school, walk to the west end of the building and see what a fine rock garden we have.

JUNIOR HIGH NOTES

The first division of the 8th grade banked 100 per cent last week. Members of the 7th grade history class are drawing maps this year. This is the first time this year they have done so. The maps are all free hand drawings and depict the Roman possessions of the fourth century.

The 8th grade history class began the study of the war of 1812 this week. Maps are to be made to show the states and the territories. They will be free hand work. The causes and effects are to be studied, and Mrs. Whitman states that the effects will receive very close attention as they are quite important.

The 8th grade arithmetic classes are studying the advantages and disadvantages of mortgages. Most of it is to be oral.

Latin Club Adds 13 New Members

The membership of the Latin Club has increased by thirteen new members since the initiation last Thursday.

The high lights of the initiation were: Jean Russell had to count one row of bricks around the school house. Romance was also present at the initiation. Richard Schram proposed to Kathryn Portz. Although the proposal was given over the phone, it lacked none of the old-fashioned thrills.

After the initiation was all over, the new members served a banquet consisting of Eskimo Pies.

Citizenship Class Planning a City

The citizenship class, under the supervision of Mrs. Whitman, are studying city beautifying and are planning a city. Three upper classmen taking this course are making a chart of Buchanan, laying out all the streets and locating all fire plugs, stating distance between plugs. The chart is to be given to the fire department.

Clarice Banke in Charge of Program of Shorthand Club

The regular weekly meeting of the shorthand club was held in Miss Chandler's room on Wednesday, Nov. 12. The meeting was held from 3:30 to 4:00.

Clarice Banke was in charge of the program. Roll call was responded to by an article of some importance to the business world.

After a short program of jokes and sentences in shorthand, refreshments were served.

The program for November 17, is in charge of Ruby Rober...

New Decorations Follow the Fire at Dewey Ave School

The repair work is scheduled to be finished at the Dewey Avenue school by December 6th. School will begin the following Monday. The upstairs in the brick building will be redecorated. The ceiling will be painted a cream color and the walls a light tan. This will take the place of paper.

Elsie is doing the work. The sheds in the rear of the brick building are to be painted the same color and more light is to be had than before.

Henry Smith is doing some of the refinishing of the furniture that was damaged in the fire. The refinishing work being done by the school is progressing very well.

THE INQUIRING REPORTER

Do you think the Inquiring Reporter's column is read enough to be worth having?

Surely, I think we ought to have an inquiring reporter. Students are always "bringing in" the idea that they should have a voice in the school paper. Well here's your chance, express yourself. Co-operate with the inquiring reporter and help her with the questions, or else if you don't want to help, say nothing—don't knock your school paper.

Marjorie Lamb. If we could be serious minded enough to take advantage of this chance to make something of it, it would be worthwhile to continue the inquiring reporter's column, but as it is now, it is a place to convey your ignorance. It should display intelligence, so let's make use of it. Helen Schmalzried.

It is undoubtedly read, but the questions aren't sufficiently interesting to read it very often. Are there no more questions of interest? If so, let's have some. Allan Stevenson.

I think this column is read and is worth having because it is one of the few articles that are in the paper regularly. Florence Hansen.

Some people say it would be all right if they didn't use such silly questions. Personally, I think it is all right. It gives the students a chance to express their opinions without getting in "hot water." Alene Huff.

Dorothy Swartz Completes Best Leaf Notebook

The biology class, under the supervision of Mr. Knoblauch, gathered leaves and made notebooks. The best one handed in was made by Dorothy Swartz.

Grade News

Kindergarten, Miss Ebbert: We have begun our Winter Bend Project. We have colored blue jays and cardinals and have pasted them on large free hand drawn evergreen trees.

One day we made some large Thanksgiving posters. We have enjoyed talking about all the many things we have to be thankful for and are going to show others how thankful we are.

Lynnae Lohmang, Jeannette May, Vivian Bennett, Clara Margaret Bradley, Hubert Conant, Billy Miller, Billy Joe Robbins, Niles Stewart, George Zupke, George Hempel, George Roberts, Jimmie Morris, Catherine Babcock, Walter Leazenby and Virginia Ochenryder are members of our morning kindergarten group who can count at least to ten. We are learning to write some of our numbers and also to recognize them when we see them. We learn all these things through our games and daily activities.

First Grade, Miss Myers: We are sorry to have Ruth Toll absent because of sickness. The boys and girls in group 1 and 2 are reading in their new Beacon Primers.

We are all busy working on our Indian Project. We will soon have it finished. Bernice Allen has moved to Big Rapids.

First Grade, Miss Vandenberg: Leon Crawford, Jacqueline Bostall, Margaret Semple, Josephine Pascoe, Charles Heins, Shirley Irskine, Mary Opich, Gwendolyn Irlie, George Phiscator and Barbara Wallace are reading in their new Beacon Primers.

The poem, "Little Jack Pumpkin Face" was expressed by group 2 and 3 during picture drawing. We are sorry that Cleo Roussele is so ill and hope that she will be back with us soon.

Third Grade, Mrs. Fischer: The following names have been added to our dental honor roll, Paul Bennett, James Leazenby, James Helman, Edward Pasope and Vivian Carlisle.

We are sorry to lose Ruth Campbell who has moved to South Bend. Duane Beadle brought us a boat which his brother had made. We made pictures of this using the boat as a model. We also made free hand drawings of turkeys.

First Grade, Miss Carnagan: We are making Indian drums and learning an Indian dance. Richard Troutfetter and Robert Dodge are now in group one in reading.

Grade Two, Mrs. Heim: The following pupils have received the grade 100 for their work in spelling for the past week: Evelyn Dalrymple, Marjorie Bowman, Hoesa Coultas, John Vicars, John Montgomery, George Fitch, Pansy Maxson, Louise Fuller, Bonnie Mitchell, James Swartz, Virginia Helerman, Jack Markham, Judd Walls.

Fourth Grade, Mrs. Fuller: We have finished our rock garden and our plants are growing nicely. We have a little fish and some tiny snails in our pond. The pitcher plant is very interesting with its pitchers full of water.

Our Thanksgiving sand table committee are busy during their spare time. They are Betty Anne Miller, Betty Jane Mitchell, Ruth Jean Hasselt, Mildred Marsh, Edwin Ingelright and Lucian Depyl. They are showing the Pilgrims going to church.

Mildred Marsh is still absent from school and we are sorry that she is ill. We had an Armistice Day sand table last week showing the Statue of Liberty on the small island in New York harbor. We stood in two long rows facing the east for one minute at eleven o'clock Tuesday.

7th, 8th Grades Tackle Difficult Array of Woods

The seventh and eighth grade spelling class, under the supervision of Mrs. Walton, have been drilling on one hundred difficult words.

The seventh grade's first division average was 96 1/4 and the second division average was 90. The eighth grade's first division average was 97 1/4 and the second division average was 91 1/4. The spelling match will be completed Nov. 21.

A Painful Request: Harold (dancing): I wish I were in your shoes. You're such a clever dancer. Girl Friend: Perhaps so! But I wish you would refrain from attempting to get into them now.

More Sarcasm: Waiter: How did you order your steak, sir? Impatient Diner: Orally, I'm sorry to say. I see now that I should have ordered it by mail two weeks in advance.

NEW STUDENT: Lorren Jewell is a new student in our midst. He comes to us from Decatur, Ill. We hope that he likes us.

Biology class begins second major division of study that deals with heredity.

SCHOOL SLANTS: The result of the varsity soccer game between Niles and Buchanan was a smashing victory for the locals, the score being 3-0. Not half bad.

Miss Rothenback is laid up with quinsy sore throat! We sympathize with her.

During Miss Rothenback's absence Mrs. Zerbe will take charge of all gym classes.

Allan Stevenson was reproached for leaving 5th hour study last Monday by Helen Schmalzried.

Stub Boyce and Jimmie Postlewhite attended a debate at St. Joseph as representatives of Miss Hanlin's journalism class.

Anybody in the crowd find a mud guard? If so kindly return to Richard Brodbeck and you will be richly reimbursed.

John Strayer incurred a pulled tendon in his arm while out to football practice Monday.

Mr. Moore intercepted quite a few notes the other day in fourth hour study much to the chagrin of those sending them.

Curley Bradford took charge of Miss Rothenback's gym classes Monday. Oh, what a work-out! open night school at Berrien A large delegation attended open night school at Berrien Springs last Wednesday night.

Among those seen there were Cleo Cook, Ruby Robe, M. J. Harkinder, Clarice Banke, Alene Riley, Marie Hess, Vivian Wissler, Stub Boyce, Dick Chubb, Virginia Lister, Enid Reams and Elizabeth Hess.

Curly Bradford is a bit peeved at the senior football men and they have not had to report for practice for some time. A notice something on this order has been placed in full view on the bulletin board: Football Practice Tonight—Seniors need not come! H. C. E. Sanborn Denna was seen sitting on the floor this morning.

NOTICE OF MORTGAGE SALE
 WHEREAS, Margaret Bolton of Chicago, Illinois, did make, execute and deliver to Elwood Brockway and Agnes E. Brockway, husband and wife, a certain mortgage on premises hereinafter described, which said mortgage is dated the 21st day of September, A. D. 1928 and recorded in the office of the Register of Deeds for Berrien County, Michigan, on the 6th day of October, A. D. 1928 in Liber 157 of Mortgages on page 467, which said mortgage was afterwards assigned by said Elwood Brockway and Agnes E. Brockway, husband and wife, to Charles J. Kane by assignment of mortgage dated the 27th day of September, A. D. 1930 and recorded in the office of the Register of Deeds for Berrien County, Michigan, on the 1st day of October, A. D. 1930 in Liber 9 of Assignments of Mortgages, on page 136, and WHEREAS, default has been made in the conditions of said mortgage whereby under the terms thereof the whole amount of the principal and interest secured thereby has become due and payable, so that the power of sale contained in said mortgage has become operative, and WHEREAS, there is claimed to be due at the date of this notice, for principal and interest, the sum of Two Thousand Twenty-nine and 80/100 (\$2029.80) Dollars, and an attorney's fee of thirty-five (\$35.00) Dollars, and no suit or proceeding at law having been instituted to recover the money secured by said mortgage or any part thereof, notice is hereby given that on the 2nd day of February, A. D. 1931, at ten o'clock in the forenoon, the undersigned will sell at the front door of the court house, in the city of St. Joseph, Michigan, that being the place where the Circuit Court for the

County of Berrien is held, at public auction to the highest bidder, the premises described in said mortgage, to-wit:

Those certain pieces or parcels of land, situate in the Township of Gallien, in the County of Berrien and State of Michigan, and described as follows, to-wit: the north three-eighths (3/8) of the north one-half (1/2) of the southwest quarter (1-4) and the south quarter (1-4) of the northwest quarter (1-4) of Section Fifteen (15), Town Eight (8) south, Range Nineteen (19) west, Forty (40) acres more or less.

Dated: November 6, 1930.

Holmes Tells About Early Railroad Building in Mich.

Editor Record,
 There is a bit of interesting story connected with the building of M-60 east from Dayton. When the Michigan Central track was built through from Kalamazoo to New Buffalo in 1845, they had a lot of trouble at what has since been known as the "stink hole" where there was the worst fill met in the whole line of the road, in crossing the marsh about 80 rods west to the high bridge. There is a small lake, perhaps fifteen rods south of the track, which was intensely deep, before the track men came to make the fill across the marsh, then besides that all that came from the sand pits near the Baker-town graveyard was used. When the men had the fill so they thought it safe they left their dump car out in the fill for the night and next morning the fill, dump car and all were gone. The weight of the fill was sufficient to break the soil and the buck between the track and the lake and slid out onto the lake filling it so it was so shallow that elbow bushes grew in the middle of the lake which had been so deep. When that slide came on the sod was broken, leaving cracks as much as from a couple of feet to a rod wide and can yet be seen there.

This is the foundation on which is now being built M-60. A few rods south of the lake mentioned is Egbert Lake and something like eighty rods farther south is Pike Lake.

Where M-60 crosses Dayton lake there is but shallow water and no sink hole to contend with. What was formerly known as "Redding Lake" was a small affair until a dam was built across the Gallien river which heads at that point, the bulk of the present lake being the "back water" from that dam.

I am sorry to see "Old Times" get off on the wrong foot on the question of prohibition and crime. It is not prohibition that is the cause of crime but exactly the reverse. That law was passed as a war measure to protect our soldiers from drunkenness and its accompanying evils, and it has come to whether decency or hellishness shall rule the country and I have the fullest faith that decency will win and that most decidedly. In 1917-18 December and January, I spent forty-three days in service on the trial jury in the U. S. District court in Des Moines, Judge Martin J. Wade. We turned out an enormous lot of work, nine-tenths of which was a fight against drunkenness and prostitution among the soldiers who were in training at Camp Dodge, and the balance with I. W. W. traitors, punished under the espionage law. About then the prohibition amendment was passed.

Item: In all of this fuss about crime and the stories in the newspapers, I have yet to see any of such items under date from Delaware. Per contra, Delaware, for the past twenty or more years has had a very robust and active system of state whipping posts. You may point your own conclusion, I am not hunting sequences.

J. G. HOLMES.
 The density of a star is often only one-thousandth that of the air in a soap bubble.

According to the 1929 preliminary report, there are 717,000 acres of sugar beets in the United States. More than 7,620,000 short tons of beets are produced from these acres.

Ten thousand people attended a convective in memory of the Covenanters, which was held recently at Carfin, Scotland.

An acre of good fishing will yield more food in a week than an acre of the best land will yield in a year.

Her Mission (Written in Memory of Pauline Decker)

She came as a flower fair and good To bless this world of ours— And the blossoms rare to all who would
 She gave thru the sunny hours. She was sent on a mission by her Lord divine,
 A mission none other could fill, And she finished her task with a willing heart,
 And she loved the Father's will.

She lived, and her life was not in vain,
 Nor her works which she did so forget
 For those who knew her will not forget
 The story she loved to tell.
 "Of such is my kingdom fair,"
 "Of such is my kingdom fair,"
 And if we will live like this little child,
 We shall be with him over there.

"She is not dead" the Saviour said As he looked on the maid of old So this child but sleeps where, the flowers creep
 While her soul is within the fold, Where the angels sing, and the children bring
 Praises to God above,
 Where she waits in peace for our release,
 To meet in that land of love."
 Rev. W. D. Hayes.

Aunt Sidonia, an Alabama negro, was a great advocate of the rod as a help in child raising. As a result of an unmerciful beating which she gave to her youngest and "ornariest," she was brought into court one day by outraged neighbors. The Judge, after giving her a severe lecture, asked if she had anything to say.

"Jest one thing Jedge," she replied. "If you kep it as you a question. Was you ever the parent of a puffedky wuthless culled

GIRLS LOOK!

Starting Saturday, Nov. 22nd, a chance to win a Beautiful Baby Doll fully dressed with wool sweater and cap. The doll you have all admired and wanted. Given absolutely FREE, with no strings attached, no red tape.

Merely save our sales slips. Have your friends save theirs for you. On Saturday, December 20th, at 8 p. m. the doll will be given to the one whose collection of sales slips totals the largest amount of sales. All slips must be in our hands by 6:00 p. m. Friday, December 19th. Open to all girls under 14 years of age.
