American Legion to Stage Drive For Salvation Army Aug. 8 to 13

Larger Force Is Needed To Finish Says Supt. Stark

Now Here's the Proposition

We love to see our friends drop in— How could we do without them? Still more we love to see them leave. So we can talk about them.

Quick Fire Service

A Model A Ford suffered a scorching that doubtless added to its antique appearance about 11:30 p.m. Monday night when it caught fire at Sprague's filling station.

As related by Batting Jack Foreman, the demon gas salesman at Sprague's, it was something like this: "This guy driving it—I don't know who he was—he was driving his brother's car—he stops and hands me a dollar and says, 'I want that much gas.' Before I get forty cents worth in I see a dollar is going to crowd it, sixty, seventy, eighty cents, she is nailing full, ninety, ninety-eight cents and oops! over the top and down the sides she goes.

"And just as she goes over, the gas hits a bare wire or the motor backfired or something and the front end is all over. I runs to the telephone and calls the fire department and just as I'm putting the phone back on the hook, around the corner comes Ted Cramer and the fire truck. He musta been sleeping in it. I never saw a fire truck get there so quick."

The flames burned the wiring off and did some damage to the car top.

Ed's Third Foultry Flock

As further proof that the Record news engineers we add a footnote to hitherto unpublished food losses at the Mike Ross farm.

In addition to 27 pigs Mike lost a third of his poultry flock. The third consisted of a 5-year-old hen. The remainder which survived consisted of a thirteen-year-old rooster and one duck.

Fishless Fish Supper

This is a story of a fish that got away. Since there were a number of unimpeachable witnesses there must have been at least some truth to the story.

It seems that Mr. and Mrs. John Metzger and Mr. and Mrs. John R. Moyer spent Saturday night and Sunday at the summer cottage of Mr. and Mrs. Walter Thuring near Allegan, Mich. So in appreciation they went out by boat to catch a mess of fish. The only nibble they got was when a big pickerel, size anywhere from a foot and a half to three feet, snagged on John R's hook and rode in to the edge of the boat. When he saw the crew in the boat he made a last desperate flounder and got off the hook. There were no fish for supper in the Thuring summer home.

A Farm Auction 100 Years Ago

Mrs. J. C. Reep some time since handed us the following advertisement of items at a farm auction at Columbia, Ky., in 1849, 100 years ago.

"Having sold my farm and am leaving for 'Oregon territory' by ox team, will offer on March 1, teams, buck and ben, and Tom and Jerry, one 60-gallon kettie, 85 sugar troughs made of white ash lumber, 10 gallons of maple syrup, two spinning wheels, 30 pounds of tallow, 300 hoop poles, 100 spilt hoops, 100 empty barrels, one 32-gal barrel of Johnson-Miller whiskey, 7 years old, 20 gallons of apple brandy, one 40-gallon copper still, one-half interest in tanyard; 50 gallons of soft soap, six head of fox hounds, all soft-mouthed except one.

"At the same time I will sell my six Negro slaves two men, 35 and 50 years old, two boys, Mulato venches 10 and 30 years old. Will sell all together to the party as will not separate them.

"Terms of sale, cash in hand, or note to draw 4% interest with Bob McConnell as security.

"Sale will begin at 8 a.m. Plenty to eat and drink. Signed, J. L. Moss."

Robert Borst, Jr. Believed Improving Robert Borst, Jr., 4-year-old son of Mr. and Mrs. Robert Borst, Terry Camp Road, is reported to be improving from polio but not out of danger yet at St. Mary's hospital, Grand Rapids. He remains in an oxygen tent and is fed through a tube in his throat, as his throat is still paralyzed.

William Baker Is Named Chairman

Arrange For Tag Days On City Streets August 12 And 13

The annual canvass for finance support for the Salvation Army will begin here Monday, August 8, and will continue through August 13, with the Ralph Rumbaugh post of the American Legion in charge and William Baker as the chairman.

William Zachman is acting as treasurer, and other members of the committee are Carl Garmier, John Moyer, Art Allen, George Sullivan and Bill Sullivan. There will be no house-to-house canvassing this year, but the canvass will be furthered by other means, including two tag days to be held on Buchanan streets, August 12 and 13.

"Anyone who is not contacted in any way, but who wishes to give may send their contribution to William Baker, 605 South Oak street, Buchanan. The committee of veterans ask the community to support the canvass as liberally as they are able, in view of the assurance of full use to constructive ends of all funds that go to the Salvation Army."

On completion of the campaign, a portion of the money raised will be left with the local committee for a program of health, welfare, and cultural activities. Such needs as clothing for school children, dental, optical, and medical assistance, and family welfare needs of all kinds will come within the scope of the local program.

These will be no restrictions on the use of the funds, and the local committee can render service at the point of need, to the limit of their funds. The remainder of the amount raised will be used to provide maintenance of maternity hospital for unmarried mothers, a fresh-air camp benefit for mothers and children, services to veterans, and other regional services, including a reserve fund for emergencies and disasters. The program is available to Buchanan whenever the need arises.

3 Boys Leading '49ers Across The Map In Library

Presbyterian Church To Solicit Funds To Complete Building

At a meeting of church officers of the Presbyterian church, Wednesday evening, plans were made for solicitation of funds to complete the addition to the church, now in the process of construction.

The church organization had a substantial fund for building purposes but it proved inadequate to do the work needed to fill the church requirements. Present plans call for the completion of the addition by September 1. The addition will provide four additional Sunday school rooms, and a new heating plant is being installed.

Rare White Egrets Are Summer Guests At A. Harroff Farm

Two white egrets, birds relatively rare here, have been spending part of their time during the past two or three weeks in the pond at the Amos Harroff farm on Wagner road immediately south of the Wagner school. These birds are a beautiful species of white crane, which once became almost extinct because of the demands for its beautiful plumes for women's hats, back in the 1890s and early 1900s.

Famed Journalist, Dr. Roy L. Smith, Speaks At Assembly

Buchanan people who availed themselves of the opportunity enjoyed hearing one of the best known journalists in the United States, Dr. Roy L. Smith, who was the featured speaker on Sunday, July 31, the opening day of the Methodist district assembly at Crystal Springs.

Buchanan Co-ops Gets 125,000 Bu. Of '49 Wheat Crop

Early Apples, Peaches And Plums Going On The Market

With a possible 5% of the 1949 wheat crop still in the straw, Buchanan Co-ops had received a total of approximately 125,000 bushels of harvest run yesterday.

It is anticipated, states Manager Robert Koenigshof, that the Co-ops will receive a total of 130,000 bushels in the harvest run, with more wheat held in storage by farmers than usual. This totals the largest crop raised in the Buchanan community in recent times and probably the largest ever produced here.

The combines were stopped Monday evening by a rain, which registered a fall of 55 inches at the Ind. & Mich. hydro-electric power plant here. At that time about 25% of the wheat was damaged by sprouting.

Oats not yet combined are incurring loss from the fact that part of the oat straw has gone down and the weeds are rapidly growing up through them.

Corn has been the chief beneficiary of the hot and humid weather of the summer and at the present date promises one of the best if not the best in the history of the district. The only corn showing damage is that in low, poorly drained spots, where it was drowned by the heavy downpour of July 7.

One of the finest apple crops ever known here is also going on the market now, with Dutchess, Red Astrakan, Transparent and Sweet Bough as the first offerings. The early run swamp-demand and the fruit was selling on the St. Joseph market from 50c to \$1.25-per bushel. Plum and a few peaches are also being harvested in Buchanan orchards. Golden Jubilee and South Haven are now ready in the peach hie.

High Grade And Schmaltz Nines In League Finish

Methodists And Church Of Christ Battle For Title In Boys' League

THE CITY MANAGER GOES ON THE JOB

City Manager C. Leland Gunn arrived from Birmingham, Mich., and took over the duties of his office Monday. Being unable to find a house at once, he is temporarily rooming at the home of Mrs. Nell Lamb, 207 Moccasin, and his family remains in Birmingham. His office is on the second floor of the city hall, at the head of the stairs.

He has written the following introductory statement to the people of Buchanan: "The office of the city manager is wide open to you. As your employee I want to render as much service as possible with the available facilities."

If you have a matter that you would like to talk over, please feel free to drop in. The other city employees and I will be glad to help you all that we can, consistent with sound municipal practice.

I would like to take this opportunity to thank the many people who have made me feel welcome to the home-like atmosphere of Buchanan. I hope that our association will be long and pleasant.

C Leland Gunn, City Manager

Mr. Gunn comes to Buchanan from a town which he served as a municipal worker or official since 1936, with time out for military service during World War II. The people of Birmingham had time to get acquainted with him. On the basis of that acquaintance he was given a fine endorsement by all officials and business men contacted by a member of the Buchanan city commission investigating the records of candidates before reaching a decision.

It is very important for Buchanan that he receive support and co-operation here, to the end that a fair trial be made both of his abilities and of the possibilities of expert management in municipal affairs.

We advise that you avail yourselves of Mr. Gunn's invitation and meet him. We think you will like him.

Physical Test Blanks For Grid Players Arrive

Examination blanks have arrived from the state office and are available for all Buchanan high school boys going out for football, reports Coach Miller. They can be obtained any afternoon from 1 o'clock to 4 o'clock at Memorial Field or you may get one from Mr. Bailey's office at the high school.

The price of insurance this year is \$2, one-half of which will be paid by the high school athletic department.

Get your blank and have it filled out, and hand it in when you receive your equipment.

Practice begins Monday, Aug. 29, at 10 o'clock a.m. There will be two practices daily during this week.

Returning lettermen will get their equipment Thursday, Aug. 25, at 4 o'clock, all others on Friday at the same time.

St. Anthony's Adds Second Morning Mass During Next 5 Weeks

Palladium Too Soft

Pure palladium has about the same hardness as pure platinum and is therefore too soft for use in jewelry. Other platinum metals are added to give it the toughness, hardness and working qualities needed for making rings, brooches, earrings, necklaces, bracelets and watch cases. In the hard condition palladium has a tensile strength of 80,000 pounds per square inch.

Flax Has Ancient History
Flax, from the seed of which linseed oil is made, is one of the most important materials used in the manufacture of paint, and also important in the linoleum and other industries. It was a cultivated plant as far back as biblical times. In the early days it was grown for its fiber, and this is still the case in some flax-growing areas, for the making of linens. However, today flax is grown chiefly for production of seed to be crushed for oil.

Harry Ritter Is Jr. Fish Derby Winner In July

Brothers, Henry And Albert Rakowsky Win Second And Third

Sizes of fish as well as the number caught dropped off during July in the Lions Club's Junior Fisherman's Derby, reports Bob Groat of Ted's Auto Supply. Winners for July were 1st, Harry Ritter, 11, 209 Main street, a 9 3/4-inch brook trout, 2nd, Henry Rakowsky, age 8, 209 East Dewey, a 9 9/16ths inch brookie, 3rd, Albert Rakowsky, age 13, 209 East Dewey, a 9 1/4-inch brookie. The winner of first and second place may go to Ted's Auto Supply and receive their certificates of award, for which they will get

their prizes at Gambles store, donors of prizes this month. The winner to third place will get his prize at Ted's Auto Supply, donated by the Bend of the River Conservation Club.

One of the lucky, though no prize-winning fishermen, was Dick Smith, who caught a trout carrying a 45c spinner and a small spoon in its stomach. The next award will be made following the close of the fishing season on Sept. 11. Until that date all the entrants, including those who already won prizes, may work for the grand prizes. Winners of monthly awards will receive credit for their previous catches and may attempt to improve their chances. The hot weather prevailing during most of July discouraged the young fishermen, as it made both boys and fish sluggish.

Terre Coupe Club Has Picnic Dinner At Potawatami Park

Thursday, the Terre Coupe Road Home Economics club members held a picnic dinner at Potawatami Park, South Bend. During the business meeting, which followed the dinner, plans were made for the concession of Berrien county extension clubs at the county Youth Fair at Berrien Springs, in September.

President Emma Leiter presided and named Mrs. Ora Briney as chairman of the committee which will assist at the concession booth on September 15. Each member will contribute fancywork to the project. It was decided to omit the first meeting of the fall on Sept. 13 in the home of Mrs. Robert Bowers. Mrs. Bowers was in charge of the entertainment and contest prizes were won by Mrs. Onofrio Morelli and Mrs. Nelson Ream.

Members entertained their children at the picnic.

Wet Paint Kills Cattle

Wet paint on farm buildings and fence posts is dangerous to stock as the lead contained in making in many kinds of paint can kill cattle. While the paint is wet, animals are attracted to it because it contains linseed oil. It is important to keep stock away from wet paint and discarded paint buckets.

Optimists Meet First '49 Defeat In 15th Contest

Down Kawneers, Galien By Heavy Scores; 3 Oaks Legion Wins 4-2

The Optimists slaughtered an inept Galien team by a score of 13-1. While Ken Heezen was scattering four hits and striking out 14, the Optimists were greeting Mollenkott, the Galien ace, with a 16-hit barrage.

Rog Wissler at third base, was the busiest Optimist infielder, as he accepted five chances faultlessly. Rog and Art Blake with three for three each, were the leading hitters. Wissler had one triple and Blake had two triples and a double. Jim Topash, Truman Schragg and Smith with two hits each found Mollenkott's offerings to their liking.

The game was fairly close until the Buchanan regulars entered the lineup. From then on it was not a question of who, but how many. In the third, singles by Schragg and Wissler, a double by Topash, and a triple by Blake accounted for three runs. Then in the fourth six

hits and two bases on balls brought in eight runs. A double by Blake and a triple by Wissler drove in several of the runs. Lintner was the best for Galien as he banded out a triple and only made one error.

Kawneer Swamped 15 To 0

The Buchanan Optimists snapped out of their slump last Wednesday at the expense of Kawneer, swamping them 15 to 0 under a 14-hit deluge.

Marion Fuller, the Niles south-paw, proved to be no puzzle to the Optimist sluggers who drove him from the hill in the third inning. With six left hand hitters in the lineup, the Optimists have always been weak against lefthand pitchers, but they have now apparently surmounted this obstacle. Two of last season's most powerful hitters, who have been in the throes of a severe batters slump, showed signs of their former brilliance. Leroy Smith greeted Fuller with a long home run in the second inning. This was the first round tripper of the season for the Optimists. Dick Lauver uncorked a long drive in the fourth that Mykos, the right fielder, caught back against the fence.

Undaunted by this catch, Dick slashed a hard line drive through the infield on his next trip to the plate for a base hit. Adding these two power hitters to the seven regulars that are already hitting over 300 totals up to a tough afternoon for an opposing pitcher.

Bill Hess with four times at bat, four hits and four runs, had a perfect day on offense.

The Optimists played errorless ball afield, led by Leroy Smith, who handled four chances in the approved manner. Last but not least was Rog Wissler who shut Kawneer out with one hit, while striking out seven.

Three Oaks Legion Scores 4-2

In their fifteenth ball game, the Optimists had the cloak of invincibility jerked from their shoulders by the Three Oaks Legion, going down to a 4-2 defeat after 10 innings.

Melvin Klute lived up to his advance notices by outpitching Ken Heezen, whose support did not measure up to its usual standard.

The Optimists jumped into the lead when Ken Ehler banded one of Klute's offerings into the woods, for a home run in the

third. Another run was added in the fourth when Topash singled, Wissler walked and Topash scored after two passed balls by Votaw, the Three Oaks catcher.

Three Oaks came back in the sixth to tie it up on a single by Klute, a base on balls, a passed ball and two errors.

The Optimist defense fell apart in the tenth inning and they threw the ball around like a bunch of girls at a sorority picnic.

Three Oaks tallied twice without benefit of a single hit. A hit batsman, a base on balls, and three errors turned the tide of battle in favor of Three Oaks.

Klute is almost a sure bet to make the Optimist All-Opponent team as he collected two hits to lead both teams, held Buchanan to three hits and struck out ten. A return game is being arranged as the Optimists are anxious to try him again with Leroy Smith and Jerry Shaver in the lineup.

Hold 44th Reunion Wells-Herkimer Clan At F. Tichenor Home

The forty-fourth annual reunion of the Wells-Herkimer family was held Sunday at the farm home of Mr. and Mrs. Fred Tichenor. Sixty-five members of the clan attended the reunion. These are descendants of two brothers who married sisters, Francis and Rachel Herkimer Wells and Isaac and Sarah Herkimer Wells, pioneers of Berrien county.

New officers elected were President, Glenn Sanford, Buchanan, vice-president, Dr. Clarence Gillette, Niles, secretary-treasurer, Miss Rachel Gillette, Niles. Mrs. William Scott, age 88 of South Bend, was the oldest member of the family present. The 1950 reunion will be held at the Ira Swartz home of Portage Prairie on July 30. Those attending from a distance were Mr. and Mrs. George S. Wells and family, Pittsburgh, Pa. and Miss Mary BeeVol of Council Bluffs, Ia.

Hold Stearns-DeVoe 14th Family Reunion At Jean Klock Park

The fourteenth annual reunion of the Stearns-DeVoe family was held Sunday at Jean Klock park, Benton Harbor. More than 50 members of the clan attended the reunion. Charles DeVoe of Three Oaks, age 85, the oldest member, was re-elected president of the 1950 reunion.

Other officers elected were Vice-president, Ornn Stearns, Buchanan, secretary-treasurer, Miss Janice Rizer, Buchanan. Jean Ann Proseus, 5-month-old daughter of Mr. and Mrs. Delos Proseus, Buchanan, was the youngest member present.

Miss Cleo DeVoe of near Los Angeles, Calif., and Dr. and Mrs. E. E. Swem of Lima, O., were from farthest away. Others were from Litchfield, Battle Creek, Kalamazoo, Hillsdale, Jonesville,

New Troy, Three Oaks and Buchanan. The 1950 reunion will be held July 30 at the same place.

Ivan Ferguson Brings Back Fish Also The Evidence

Ivan Ferguson arrived home Friday of last week from a vacation trip to upper Michigan and Wisconsin, amply fortified with evidence that he caught a fish.

The evidence is of two kinds. First, he has a sizeable Mackinaw lake trout in his freeze box. Second, he has a certificate from the Munising-Lake Superior Trollers' Association, stating that the association "proudly certifies that Ivan Ferguson of Buchanan, Mich., on this 26th day of July, 1949, caught a Lake Superior Mackinaw trout aboard the cruiser Widgeon, operated by Harry K. Van Dam, out of Munising, Mich. Weight 21 pounds. Length 33 1/2

inches. Girth 21 inches. Official weigher, Leonard N. Matella signed and attested by R. A. Learman, president of the Munising-Alger Chamber of Commerce, and E. A. Morrison, president of the Munising-Lake Superior Trollers' Association."

Migosh, you gotta believe hat one.

Ivan reports that he was trolling with a steel line 300 feet long. When the trout caught hold he pulled like a yearling bull, but did not put up the cagey fight that game trout of the streams usually stage. It was one straight pull and then all was over. Ivan used a brass spoon for bait. There were four fishermen in the party. The cost of the boat was \$40. Let's see, one-fourth of \$40 is \$10 and you divide 21 pounds into ten and you get just about 47 1/2 cents a pound. But of course he might have caught other fish and anyway you have to consider the thrill, which was practically priceless.

In addition to the big fish Mr. Ferguson was accompanied back by his wife and daughter, Rita. But of course, they went with him. They went by car, crossing the lake by ferry from Muskegon to Milwaukee, then driving to the Dells, Land O' Lakes and back into the Upper Michigan Peninsula. Thence they came home by the Strats and visited friends at Potosi and Big Rapids.

Scope of Oil Companies

Today more than 34,000 companies are engaged in the oil business throughout the United States. Of these, 13,475 are in the production end of the business, 400 are refiners, 650 are engaged in transportation of oil products, and 20,000 deal with marketing and distribution. In addition, there are nearly 250,000 service stations, as well as thousands of other retail outlets for oil products.

For Pedestrians

If walking on the highway, walk toward oncoming traffic and keep as far to the side of the road as possible. A skidding car will then be less likely to strike you, or if you should slip you will be less likely to slide into the path of a car.

Before using a cloth to wax the floor, soak it in cold water and wring it out. You will find that the cloth will not, in this way, absorb the wax and that you will save a good deal of wax that would otherwise be wasted.

Berrien 4-H's At Camp Madron August 7 To 13

100 Members Will Enjoy A Week Of Combined Study, Sport

One hundred members of 4-H clubs from Berrien county will enjoy a week's camping experience at Camp Madron, August 7 to 13, according to Leonard J. Hill, county 4-H club agent.

The camp is used as a regular Boy Scout camp. Among some of the camp activities that will be carried on during the week will be waterfront activities, handicraft and art works, boating and several special evening programs.

Several evening programs have been arranged. Monday evening's program will consist of conservation slides and movies shown by representatives of the State Conservation department. Russel Payne of Niles, will present Tuesday evening to give some material on birds. The Wednesday evening program will be a model airplane demonstration by Clarence Wirth of New Troy, and a talk by Mrs. Ed King of Sodus, on her recent trip to Japan.

Thursday evening parents are invited to visit the camp. That evening Collins Gillespie of St. Joseph, will give a talk on the use of cameras. Friday evening's program will be a party planned by the campers.

Each day there will be some training classes at which time several important topics will be discussed. Among the personnel that will carry on these programs will be J. D. Johnson, county agricultural agent; C. F. Conrad, assistant county agricultural agent; Miss Ina Redman, county home demonstration agent. These people are all members of the County Cooperative Extension staff. Other people that will be helping out will be Mrs Myron Sattler, Berrien Springs, Louis Miller, extension forester, and some representative of the state department of conservation.

The camp will be well staffed with Bill Campbell and Jack Wheeler handling the waterfront activities. Both are experienced swimmers with Bill Campbell being a graduate of Western Michigan College. Jim Ciesler and Kirk Gore will work with the 4-H members on handicraft work. Jim Ciesler is also from Western Michigan College.

The kitchen will be well-staffed with Jay Mitchell as cook, with Paul Totzke helping as assistant cook.

Other 4-H leaders that will help as counselors for girls will be Mrs Chester Rutz of Benton Harbor, Mrs Tom Sharal of Sodus, Irma and Mildred Janke of Benton Harbor, who are junior leaders, will also help out as counselors for the girls. Ted Rowe and Hill will act as counselors for the boys.

There will be a full time nurse at the camp at all times.

Bankers Believe Market Prices Hit Bottom 4 Mos. Ago

Bache & Company has expressed its opinion that the market has registered its bottom prices for the year as of four months ago. "For over three years fear of what is now occurring in the business world have dampened market sentiment, preventing normal price-earning relationships," the company states. "When this weight is lifted, a welcome change in psychology should evolve, with tonic effect on our markets."

The market tonic according to Bache & Company will be a realization by investors that there isn't going to be a war.

2. There won't be a tax increase.

3. We have no vicious labor bill.

4. We are rapidly heading for business normalcy.

5. Costly inventories are shrinking.

6. Excess, inefficient plant space is being idled or scrapped.

7. The public needs are still huge and purchasing power enormous.

As realistic prices return, vast additional markets will be tapped.

8. Money is cheap and credit plentiful.

9. Stocks are low and yields are high.

V.F.W. Auxiliary Vote Aid To Picnic At Katherine Park

Members of the Veterans of Foreign Wars Auxiliary met Thursday evening in the V. F. W. hall and voted to donate \$10 to the Kathryn Park recreation fund for the picnic, which will be held early in September, to close the summer program for children.

Other donations made were \$5 to the Salvation Army's drive for funds and \$14 to the Veterans Hospital Service Council for birthday gifts and game prizes for Percy Jones General Hospital, Battle Creek. Mrs. Edwin Inglett presided.

Mrs. Robert Hamilton gave a report on the picnic at Gull Lake, July 14, at which the local unit assisted in entertaining 150 patients from Percy Jones hospital.

The next meeting will be held August 11.

Wyo. Photographer Tries To Stop Sale Wild West Horses

Verne Wood, a photographer of Rawlins, Wyo., is out to save the wild horses of the West, which are now in danger of extinction by unthinkingly cruel methods of roundup and slaughter. The details are frankly harrowing, but every humanitarian should be familiar with them.

Three years ago, the professional hunters began the use of airplanes equipped with screaming sirens to frighten and bewilder the horses and drive them into the traps. Some of the mares and colts run until they drop from exhaustion and are left on the plains to die and become food for vultures. Those horses that reach the traps are kept there (often by such cruel methods as "nostril hobbling") until they can be shipped to a butcher or sold to fox ranches and other outlets, which will pay two cents a pound and up for horse flesh on the hoof.

A large amount of the meat no doubt reaches the East and other parts of the country as the frozen horse meat which so many pet owners are feeding their dogs and cats because it is nourishing and cheap, without realizing at what cost of cruelty it is obtained.

Verne Wood's objective is the creation of a government refuge for the wild horses of the West, before they share the fate of the buffalo. He does not think they would overrun the range if allowed to propagate, as the hunters would have the public believe.

But he proposes a plan of humane roundup and elimination if such a course should prove necessary.

Church Of Christ Youth Back From Lake James Camp

On Sunday, July 24, Mr. and Mrs. Eugene Adolph and Wilber Kohn traveled to Lake James Christian Assembly, Angola, Ind., to bring eight senior campers of the local Church of Christ to their homes.

The young people, namely, Judy Adolph, Joy Longworth, Dora Lee Kohn, Kathleen Hubbard, Lois Wile, Charles Clem, Elmer Adolph and Bill Grove had spent a week on the assembly grounds, attending Bible classes in the mornings, enjoying various forms of recreation in the afternoons and finishing each day with vesper services before retiring.

There were 170 young people of high school age and over attending camp at this particular time, this was the highest enrollment for senior week in the history of the camp.

Charles Clem was chosen second best camper of the week and will have half his expenses paid in order to attend another session in case he cares to go.

The Lake James Christian Assembly is one of the oldest camps of the brotherhood and has been in existence for 20 years. The various ministers of the area lend their teaching services and their wives often serve as camp mothers.

Sessions are planned for all ages during the summer, including a School of Missions and a week of music instruction.

A group of juniors from the local church attended this camp in June.

The local Bible school pays a half or three-fourths of the camp fee according to the young people's attendance record at Bible school during the year. This year eight campers had perfect Bible school records and several others missed only one or two Sundays.

Mr. and Mrs. Earl Longworth and Mr. and Mrs. Wilber Kohn accompanied the young people to camp.

Extension Women To Hold Session At Camp Wakeshma

"Extension" women and their friends from Van Buren, St. Joseph, Cass and Berrien counties will have a joint camp at Camp Wakeshma on Cotey Lake, Aug. 12, 13, and 14. The women campers arrive at camp around 4:00 p. m. on Friday and leave after dinner on Sunday.

The women at camp may enjoy games such as archery and shuffleboard, swimming and craft work. The program in the evening consists of imitation of new members, games, stunts, and square dancing. Services are held on Sunday morning.

South Of St. Louis In Technicolor At Hollywood Theatre

A couple of good full-length features make up the program for the Thursday-Friday-Saturday shows which start-off attractions for the coming week at the Hollywood Theatre. The one of particular appeal to youngsters as well as to many older patrons is the new Tarzan (Lex Barker) picture, "Tarzan's Magic Fountain." Here are just a few of the Tarzan thrills in this most astounding adventure film. Wizardly that "turns" a 50-year-old woman into a beautiful girl, a mysterious plane crash with a skeleton on the controls, Tarzan trapped in the torture chamber of the treacherous Leopard Men, Warriors of the Flaming Arrows wreaking death on white intruders, the wondrous Fountain of Light with its magic youth-giving potion, and Jane (the heroine) and her cruel captors engulfed in the fury of a tropical flood. Brenda Joyce plays the part of Jane, the wife of Tarzan.

The Moss Hart play that smashed the heart of Broadway is the other half of the Thursday-Friday-Saturday show. It's "Wagner Bros." triumphant hit, "The Decision of Christopher Blake." The film stars Alexis Smith, Robert Douglas and Ted Donaldson as Christopher Blake. The story itself is simple. A married couple decides to get a divorce after several years of married life. The man problem, however, is the young son, who is bewildered by the move. He overhears certain conversations between his parents, learns there is another woman in his father's life, but is still completely puzzled by the sudden course of events. His father takes him to the theatre one day, and during the performance the lad falls asleep and dreams about his parents. These dreams crop up periodically and each time his parents appear in different roles.

Young Blake is lifted to the skies in these lapses and tries to solve his problems, but when he awakens he is still befuddled.

Sunday and Monday's show is an action-jammed historical adventure yarn set in the lawless period of the southwest following the war between the States. It's in glorious technicolor, it's the exciting drama "South of St. Louis" starring Joel McCrea, Alexis Smith, Zachary Scott, and Dorothy Malone. During the Civil War, corresponded to our World War I phrase "over the hill." In both Union and Confederate armies, a deserter went "south of St. Louis."

For Tuesday and Wednesday the management has booked the gay romantic mix-up, "Slightly French." This one is a Columbia Pictures' musical comedy with Dorothy Lamour and Don Ameche cast as the principals. Hit tunes of the show include "Let's Fall in Love," "Fifi From the Folies Bergere," "I Want to Learn About Love," and "Night Sings A Lovely Serenade."

Probate News

Speeding Driver Plows Into Cows On Wagner Road

As Mr. and Mrs. Lloyd Wallace were taking their four cows across Wagner Road to pasture on Friday morning, a car struck two of the cows, injuring one quite severely. However, its calf was born on Monday and seems to be alright.

The driver of the car, a man from Three Oaks, and his passenger were not injured but the car was damaged. Afraid of being late on his job, he was driving fast, and did not realize that his brakes, which he said had been adjusted recently, could not hold at all.

Navy Mothers Plan Annual Picnic In Michigan City Park

The Navy Mothers club met on Wednesday in the Legion hall with Comm. Gladys Hagley in charge. They voted \$5 to the Salvation Army. Mrs. Hall reported that gifts and cards had been sent to two local Navy boys for their birthdays.

The annual family picnic will be held on the evening of Aug. 10 in Washington Park, Michigan City. This will be a potluck supper. There will be no regular business meeting on Aug. 10.

Mrs. Mitchell is chairman. Families with boys entering the Navy will please contact Mrs. Fred Hall giving her the address and birth dates of the boys.

June Reported 3rd Consecutive Month In Road Death Drop

June was the third consecutive month in which there has been a downward trend in traffic deaths in Michigan, according to the monthly statistical report of the State Police.

Fatalities numbered 87, a reduction of 31, or 26%, under the 118 killed in the same month a year ago. There were 3,352 persons injured, a reduction of 191, or 5%, but total reported accidents increased to 11,165, a gain of 245, or 2%.

As during April and May, most of the net fatality reductions was on rural trunkline highways, but there was also a substantial decrease in urban areas.

During the first six months of this year, there have been 586 persons killed, 18,034 injured and 68,760 accidents reported. Compared with the same period last year, there were 11 fewer deaths, or 2%, injuries increased 223, or 1%, and reported accidents were down 2,183, or 3%.

Bicycle and ran-off-highway deaths increased, while there was a reduction in pedestrian fatalities and those caused by collisions.

Mileage for the month of May, the last month for which figures are now available, showed a gain of 6% over the same month a year ago. Mileage for the first five months showed a 4% increase as compared with the same period of 1948 and the death rate per one hundred millions miles of travel was down 1%.

Double Mirror Tried To Reduce Accidents

A double mirror designed to eliminate hazards when one vehicle passes another on the highway is reported to be of particular use to vacation motorists.

The manufacturer says that the device assures a clear view of oncoming traffic and the road ahead by enabling the driver to look around the vehicle immediately in front.

It clips onto the top of the door and gives an extensive view ahead and back.

Wheat Acreage Allotments In Effect For 1950

Berrien County Allotment Is Set For 13,867 Acres

The Berrien county AAA committee has been notified that marketing quotas will not be proclaimed by the Secretary of Agriculture for the 1950 crop of wheat to be planted this fall but that individual farm acreage allotments will be established as a basis for price support eligibility.

Martin H. Kretschman, chairman of the Berrien county AAA committee, said that the Berrien county wheat acreage allotment has been set at 13,867 acres for the 1950 crop, representing this county's proportionate share of the state allotment of 995,426 acres and the national allotment of 63,944,099 acres.

The chairman pointed out that farmers are under no legal compulsion to plant within their individual farm acreage allotments but that under the provisions of the Agricultural Act of 1948 (the Aiken Bill), farmers who plant in excess of their acreage allotment will not be eligible for price support loans or purchase agreements on any of their 1950 wheat crop.

The 1950 county allotment of 13,867 acres compares with the best available estimate of 16,936 acres for harvest in 1949 in Berrien county.

The state allotment for 1950 of 995,426 acres is a reduction from the estimated 1,311,000 acres from which the 1949 crop is being harvested—the second largest acreage in recent history.

Mr. Kretschman pointed out that a national wheat acreage allotment must be established each year by the Secretary of Agriculture in conformity to existing legislation which requires that the national acreage allotment, using the national average per acre yield, provide a supply of wheat—equal to a normal year's domestic consumption and exports plus a reserve supply of 30%.

Allotments were used to adjust wheat production to needs before the war when burdensome wheat surpluses were plaguing farmers and farm prices, Mr. Kretschman said.

During the war and in the recent post-war years, the demand for our wheat has been so great throughout the world that the wheat acreage allotments were, in effect, production goals which farmers were encouraged to meet if they possibly could.

But now with exports and foreign aid dropping off, wheat surpluses are again in sight for next year unless farmers adjust wheat production downward to meet expected requirements.

Berrien county farmers will be notified of their 1950 farm acreage allotments by mail sometime before August 1, 1949, well in advance of planting time.

Farmers are advised that an appeal procedure is available to those who are not satisfied with their allotment. Those who wish to file an appeal should do so at once after receiving their notification of allotment through the mail.

Appeals should be filed with the Berrien County AAA Committee, Room 25, City Hall, St. Joseph, Michigan.

Chicken Thief Stopped
A chicken thief who had been leaving piles of feathers about the premises of Earl Dunbar in the Coveney district was brought to terms last week. A flock of Dunbar's chickens had gone wild, insisting on roosting in a tree. These were the victims. Dunbar set steel traps on the top of two posts on either side of the tree. About 11:30 p.m. Friday night he heard his dog barking around the tree. He turned a floodlight on, revealing a Great Northern Horned owl, with a wing spread of four feet, five inches, standing the dog at bay.
