## City To Try and Prevent Removal of Sidewalks

On Monday the city commission conducted a public hearing on the necessity for a sanitary sewer on Rynearson as requested by Joseph Roti Roti. Only one other property owner was involved, Thomas Fitzpatrick, who had just put in a new dry well. The total cost would have been \$5,756. Finally the commission voted to abandon the project and to investigate the possibility of serving Mr. Roti Roti alone.

The Mayor appointed the community development citizens advisory council which will study various projects in connection with the application for federal funds. All the plan commission was appointed including Joseph Garbert, Sr as chairman, James Jesse, Rev Keith Morrow, William Sullivan, Norman Kreager, Loren Anderson, Mrs Reginald Bellare and Mrs John Cress. Other members include Joseph White, Mrs Thomas Irvine, Donald Ryman, John North and William Swaim.

Mollberg Construction had done some sidewalks on Moccasin as a sub contractor for a job for Michigan Bell. They haven't been paid for their work and threaten to tear up the sidewalks if they don't get some money. The commission, alarmed by the prospects of having the sidewalks demolished, voted to issue a temporary injunction to prevent such action.

The city will set a new date for installation of sidewalks in the middle school area. They'll have a public hearing on March 10 to determine the deadline date. The commissioners studied a proposed ordinance to prohibit

burning in the city. Actually it would do away with burning of leaves, trash or garbage altogether. It was decided to table it to change the language in the ordinance.

Stop signs had been installed on Circle Drive in the area of Clark's new offices, and the commission ratified the traffic ordinance pertaining to the signs so that it would become permanently effective.

Ordinance 218 was voted for emergency passage. This sets up the city's own employment compensation system.

Three laborer positions authorized by CETA of Berrien County have been filled. It was an idea that they might be put to work this spring repairing curbs in the Heights area. The city must decide how much of the cost it would assume or whether the cost would be divided among property owners.

Richard Swem appeared to ask the commission to reconsider earlier policy on changes for burial at the cemetery. The change is double for holidays, and Swem said that this is a hardship when the holiday comes in the middle of the week. The commission agreed to study this and indicated that they would look over the whole rate structure for the cemetery.

The second week in May will be proclaimed "Municipal Clerk's Week."

At the urging of Joe Garbert Jr., the commission will write Governor Miliken opposing any increases in revenue sharing from the state in this year's budget.

## John Loses

The Niles Township hall was packed Saturday Afternoon. About 37 people jammed it for the special meeting to decide about supervisor John McDonald's salary. He had asked for an additional \$4000 plus \$500 in social security and other benefits for which he said he'd also act as township assessor. He claimed that \$19,285.12 was removed by cutting out the assessor's salary. His present salary as supervisor is \$8000, and he said he received no other income.

After considerable discussion, it was finally decided to bring the matter to a vote. Bits of paper were passed out, and electors had to push their way to the front to deposit their ballots in a box. One woman, to prove a point, voted twice, and then she sought recognition from the press to demonstrate her dissatisfaction over the way the vote was conducted.

The vote was 191 to 109 against McDonald's request. Previously he said that he might consider resigning if he didn't get more money. After the vote he said he'd have to think over what he would do now.

The matter of who will act as assessor for the township is still undecided.

## Write Those People!

With the economic situation still a mess, politicians manage an unusual amount of talk. Everybody's blaming everybody else. Hubert Humphrey, who hasn't offered a constructive idea to the discussion, rants on about the need for more jobs. Edward Kennedy, with a chance for real leadership, instead tells labor what they want to hear and blames the whole mess on Ford. The President, on the other hand, vacillates on his whole economic policy, and can't seem to sell anything to the general public.

Senate hearings are filled with has-been economists who can offer nothing new. Congress is listening to Ralph Nader, union leaders, college professors and utility executives but it's not listening to the little businessman who's being squeezed out of existence by higher costs and more government harassment.

A politician who never had to run his own business doesn't understand what he's doing to a large segment of the populace. His only answer to every problem is to spend, spend, spend. Election promises of coping with the inflationary trend are forgotten.

The new budget of \$3.51 billion with a \$51 billion deficit is a shocker. This figure is so staggering that it's impossible for the average man to comprehend. But any person with a high school education knows that to continue operation on this basis can only result in ruin.

They say that a single letter to a congressman or senator or to the White House itself does more good than any number of petitions. If that's the case, we all should be writing everybody in Washington asking them when they're going to cut out all this political maneuvering and get down to some drastic cutting of government expenses.

## Open House Planned For the Middle School

On Sunday, February 23, the new middle school will have an open house for the public. This will be combined with a dedication of the building. The public is invited between 2 and 5 p.m.

The middle school band and the middle school chorus will perform. Rev. Fred Wilkins of St. Paul's Lutheran Church will give the invocation and the benediction.

Superintendent Richard

Dougherty and school board president David Hanson will be on hand to greet visitors. Earl Van Allsburg of Daverman Associates, architects will officially present the keys to the building to the middle school principal, Richard Proud.

Most of the work on the new middle school is completed. The gymnasium is finally finished, and it will be ready for use Monday.

## English Visitors To Arrive March 27

Buchanan will again have a visit from people from the sister community of Cambridgeshire, England. They will arrive March 27 and stay until April 11. Community Education director Wayne Writer has asked for volunteers of families who will act as hosts for them.

Coming to Michigan this year will be Yvonne Smith and Dean Zamzow, students, Mrs. M. Olday, warden of a special school, Mrs. M. Elbourne, housewife, Mrs. M. Loader, librarian, Mr. and Mrs. K. Foreman, headmaster and his wife, Miss J. Howe, office worker, W. John-

son, agriculture worker, and Mr. and Mrs. R. Charlton, motor engineer and his wife. The latter six people will go to Kentucky on April 3. Some of those who will have been visiting in Kentucky will come to Buchanan. They are Mr. and Mrs. G. R. Stroud, a local government officer and his wife, Herr and Frau Planken, from Cambridgeshire's German sister city, and Mr. A. A. Allen, the community education tutor.

Mr. Writer asks anyone interested in being a host to any of these visitors to call him at the high school.

## Largest Exhibitor Lenten Luncheons Begin February 19

Clark Equipment Company is the largest exhibitor at the 1975 Construction Exposition & Road Show (ConExpo) now being held through February 14 in Chicago.

ConExpo is held once every six years. It is the largest non-consumer show of any type, with more than 250,000 persons expected to attend this year.

Twenty-seven pieces of Clark construction equipment will be on display at three exhibits in Chicago's International Amphitheatre and McCormick Place. Equipment includes the giant 675 tractor shovel, the largest of its type in the world. In addition, scrapers, cranes, logging skidders, graders, log loaders and hydraulic excavators will be exhibited. Clark's Axle and Transmission Division also will have a display.

The 675 stands more than 21 ft high and has a bucket with 24 cu yd capacity. A full size automobile could fit in the machine's bucket.

The 675 represents a major advancement in tractor shovel development since the last ConExpo six years ago when the Clark 475, a 12 cu yd machine, was then the largest tractor shovel.

Clark construction machinery is manufactured at Clark plants at Benton Harbor, Mich.; Lima, Ohio; Aurora, Ill.; Lubbock, Texas; Spokane, Wash.; Gwinner, N.D.; St. Thomas, Ont., Canada, and various locations overseas.

Helping to show the Clark line of construction equipment will be four National Football League quarterbacks: George Blanda and Ken Stabler of the Oakland Raiders, Len Dawson of the Kansas City Chiefs, and Roger Stauback of the Dallas Cowboys.

## Lenten Luncheons Begin February 19

The annual Men's Lenten Luncheons will be held this year at the RLDS Church, 303 N. Oak Street. This annual event is sponsored by the Buchanan Area Fellowship of Churches.

Serving, buffet style, will begin promptly at noon each Wednesday, followed by a short program to conclude no later than 12:30 giving the men time to return to work. Dress required work clothes, whatever that may be.

The ladies of the RLDS Church will be furnishing the meals and asking for donations to cover the cost. The program is being arranged by the host pastor, Arville Armstrong. Speaking February 19, will be Dr. Kenneth Jones. All men of the community are welcome. Bring your working partner with you.

## Auto Licenses

It will be possible for Buchanan residents to obtain their new automobile licenses in Buchanan on Saturday, February 15. Personnel from the license branch will be at the Buchanan city hall from 9 a.m. to 4 p.m. All that is needed are the prepared applications sent by the state. If an applicant doesn't have one, he should bring his latest automobile registration and proof of insurance.

## ICB Names Dan Smith Executive V P

Dan L. Smith, branch manager of Inter-City Bank's Buchanan branch since 1966, has been promoted to ICB executive vice president, according to Eitel O. Eberhardt, chairman of the board and chief executive officer.

Smith, who has moved to ICB's main office on Riverview Drive, Benton Harbor, joined the former Union State bank at Buchanan in 1956. Union State later became part of Inter-City bank.

Smith was promoted to assistant cashier in 1962, second vice president in 1965, vice president in 1967, and senior vice president in 1971. He was elected to the bank's board of directors in 1972. Smith, who was graduated from University of Wisconsin's graduate school of banking in 1969, is a member of the board of trustees of Pawating hospital and a lifelong resident of Buchanan.

Smith is a member of the Pickwick Club and of Orchard Hills Country Club.

Dan L. Smith

## New Honor Roll Announced

Tina Grady and Ron Dunn were gold medal winners for Buchanan at the District FFA Leadership Contest at Niles. Rod won the Greenhand Public Speaking with a speech entitled "Agriculture - Free of Slave." Tina, winner of the Public Speaking Contest had as her topic, "Rising Food Prices."

Second place winners in parliamentary procedure included Rex Dunn, chairman, Howard Lear, vice president, Mark Swartz, secretary, Lee Wregglesworth, Bruce Klug and Doyle Morris

## Metea Court Is Where The Action Is

One of the assets for Buchanan has been Metea Court. It is now "where the action is." Under the management of Ruth Irvine, something is going on there constantly. The coffee pot is always on, and the residents here meet in fellowship in the spacious community building, which is the center of activity. There are arts and crafts going on downstairs, and a kiln for ceramics has brought out unknown talents. All kinds of social activities take place at Metea Court. Several of the residents invite their church circles to use the meeting room and its kitchen in the basement is a pool table at which there are hotly contested games among the men.

The whole concept of Metea Court got under way in late 1969. A non-profit corporation was formed. George Sullivan was its president. Dan Smith was its treasurer, and Lou Desenberg secretary. Board members included Rex Porter, Robert Faulhaber, Fred Stout, Joseph Garbert Sr., Rev. Keith Laidler and Harry Kennedy. Funding was obtained through the Michigan State Housing Development

Authority. When the whole project was completed and opened, it was sold to Donlen and Loggren under a limited partnership arrangement.

September, 1972, was the date of the opening, and Mrs. Irvine assumed the managership prior to that. There are 76 units, all filled. Mrs. Irvine said that there is a present waiting list of 134.

Mrs. Irvine said that the residents like the layout of the buildings and their lack of stairs. They like the space in which to move about, and they can get to the stores fairly easily. She said that some of the people tend to be shy and retiring when they first come to Metea Court, but most of them blossom out and take part in the activities and fellowship.

Donlen & Loggren is going to expand Metea Court. An addition of 24 units is planned, and construction will begin this spring.

Many of the early critics of the Metea Court concept have now become strong boosters. As one community leader put it, "It's been one of Buchanan's most successful ideas."

## Arrested

Last week, Terry Lee Williams, 501 Rynearson, was arrested on a warrant for breaking and entering an unoccupied building. This stems from a breaking and entering of the Beauty Nook. Williams was arraigned and released on his own recognizance.

## Reports Attack

On Sunday evening, Raymond Watkins of Niles reported that he was attacked as he was getting gas at Ross Standard. He said that three males beat him and robbed him of his watch. Buchanan police have three suspects.

## Special Section

As a special supplement, the Record is this week publishing the annual report of the Galien River Soil Conservation District whose annual meeting is this Saturday.

The new vice president of the Buchanan Area Chamber of Commerce, Ron Moses, congratulates the new president, Earl Reuter.

Michigan state police remove the body of Robin Bess Chellberg from a wrecked car on U.S. 12 Saturday night. The car, driven by Douglas Mills of Chesterton, Indiana, skidded broadside into the path of a car driven by Daniel Snodgrass of Galien. Snodgrass and his wife Linda and Mills were treated at Pawating Hospital and released. Miss Chellberg, also of Chesterton, was pronounced dead on arrival at Pawating. The accident happened just west of Bakertown Road.

The Howe Preschool Advisory Council met recently at the school following a meeting of all Howe parents to begin plans for an open house later this spring. Shown here (from l to r) are Glen Allender, Helen Moyer, Fanella Bedenfield, Gail Ketchum, president of the council; Sue Baber, vice president; Kay Price, secretary and Ruth Lamm, the Howe Preschool teacher.

### BPW Meeting To Be At Andrews

The next meeting of the Business and Professional Women's Club will be Monday, February 17 when the group will have a buffet supper at the Lincoln Room at Andrews University. Members are to meet at the Inter-City Bank parking lot at 6 p.m. to proceed to Berrien Springs.

The speaker will be Dr. Erwin Sicher, an associate professor of history from Europe, whose topic will be Current Problems Facing the Europeans.

Any member who is not contacted, is asked to call Mrs. Harold Rutter, chairman of the world affairs committee in charge of the evening's arrangements, by Friday. Others on her committee are Mrs. Bernard Klute, Mrs. Mary Kolhoff and Mrs. Alice Grace Ranahan. The committee suggests that this is a good night to take guests and members are urged to invite a friend.

### Performs For Patients

Skip Birong, a former employee of Berrien General Hospital, gave a show there last Friday for the older people at the hospital. The program included singing to the accompaniment of his own guitar.

A graduate of Buchanan High School, Skip is the son of Mr and Mrs Phillip Birong of Route 1, Buchanan.

## Strictly Personal

By D.E.N.

An article in the Michigan Journalist entitled "Food Stamps and the Affluent Student" is shocking. Over 2100 University of Michigan students and 1130 at Michigan State now get food stamps. A typical purchase seems to be Hostess Twinkies, cheese, Coke and Bologna. Parents cheat by claiming they send their children far less money than they do.

The federal government is pretty strict in forbidding employees to use government cars for personal reasons, but Michigan state employees have no such restrictions, and many take advantage of this.

Father Groppi from Milwaukee is back in the news. He always manages to get his picture taken when he's protesting something.

The offer of the Soil Conservation District for trees as announced in this week's supplement is appealing. But 500 white pines are too many for our needs. Anybody want to split a shipment?

This relatively new voter in Niles Township was amazed at the amount of bitterness and hostility generated at the meeting Saturday. It was hot and packed and smelly. Women kept wanting to make speeches, and there was considerable pushing and shoving among a few babes trying to register their votes. All in all, a disappointing performance.

### College Club

The February meeting of the Buchanan College Club took place in the home of Mrs. Daniel Shelles with twenty-five members present. Mrs. Karen McBratne, school child development specialist, spoke on school services for the special child. She discussed testing procedures and services available.

During the business session conducted by Mrs. Conrad Larson, the president, Mrs. Kent Hassan, scholarship chairman, announced that 19 students are using the loan fund at the present time.

Hostess chairman for the meeting was Mrs. Kenneth Bever. Her committee members were Mrs. Terry Braaksma, Mrs. Ronald Moses, Mrs. Clifford Shafer and Mrs. Raymond Stone.

The next meeting will be March 5 at the home of Mrs. Gerald Moulds. Gloria Cooper and Sally Genter of Niles will present a collection of readings entitled "Swing Into Spring."

### Wednesday Book Club

The Wednesday Book Club will meet February 19 at 2 p.m. in the Metea Court Community Building with Mrs. Ralph Fisher as the hostess. This is a change of meeting place, members are asked to note. Co-hostess for the afternoon will be Mrs. Ralph DeNardo.

Mrs. Ted Halbritter of Niles will present the book review, and the president, Mrs. Stanley Stromswold, will preside at the meeting.

## A Minute With Mary

By Mary Snow  
Extension Home Economist

### Follow Directions for Safe Slow Cookery

Whether it's part of the nostalgia kick, the energy crunch, or busy schedules, the slow cooker has arrived. Millions of families are enjoying the old-fashioned flavor of slowly-cooked stews, roasts, and soups -- and for only a few cents a day.

With the help of a slow cooker, you can leave the house all day and still come home to a delicious dinner. At least, that's what can happen if you follow the directions for using and caring for your slow cooker.

Mrs. Ella Jo Mood, an Extension equipment specialist at Purdue University, says following directions is the whole key behind successful and safe slow cookery.

For one thing following directions will insure that the food you cook will be safe to eat. The slow cooker is hot enough to keep food safe when directions are followed.

The instructions will tell you the proper temperature setting to use for a particular recipe. If you use the proper setting, the insulated construction of the cooker will retain the right amount of heat for the food you're cooking.

But don't think that the instructions for one slow cooker apply for all others. Instructions vary from cooker to cooker.

The lowest setting on one cooker may be a different temperature than the lowest setting on another.

For general food safety, a meat product should not remain between 40 and 140 degrees F for more than two hours. The temperature of the finished product should be above 165 degrees F to kill the bacteria that may be present.

If you have doubts that your cooker is reaching these temperatures, test the finished temperature of the food with a meat thermometer. The temperature should be as high as the instruction manual indicates is best.

Don't try to use your slow cooker for jobs it was not intended to do. For example, if the instructions say not to use frozen meat, don't. The temperature of the frozen food might break the ceramic cooker. Or, it might take too long to thaw the food, allowing it to set in the danger zone long enough for bacteria to multiply rapidly.

Many recipes specify that you start cooking on the high setting and then reduce the cooking temperature. This is to get the food up to safe temperature in a hurry.

What if you want to use a recipe not designed for use in your particular cooker? Find a similar recipe in the cookbook that came with your cooker. Then adapt the instructions for the recipe you want to try out.

### On Dean's List

Pamela Nelson, a freshman at Albion College, was named to the fall semester Dean's List among almost 500 students who have earned the honor according to an announcement from the college.

To be named to the list, a student must retain a 3.3 or better scholastic average while carrying a full class schedule.

A 1974 graduate of Buchanan High School, Pam is the daughter of Mr and Mrs Maurice Nelson.

## Letters To The Editor

Dear Editor,  
Buchanan City Commission held an open meeting at the high school February 3 and it seems sad that people like myself haven't attended more meetings or have they and the results been such that it did not warrant their returning.

I am sorry to say it is a little upsetting to hear that some sections of town can probably have curb and gutter installed with Federal Grants where in our 37 years in Buchanan we have paid for 2 street curb and gutter installations. This was just as much a hardship on us at that time as it is on anyone now. Are these properties all owned by low income families or by people renting them?

We also were forced to put in plumbing facilities years ago - How did thirty-two homes become exempt? Are they also owned by the people living in them or by others?

We could all let our properties deteriorate if that was our way of life and use our money for more expensive cars and other forms of entertainment.

If unemployment is so high, why do we have more jobs than people? Are these jobs such that as long as people get repeated help they won't do?

If the towns of Galien and New Troy can handle an ambulance service and are really doing a wonderful job, why can't Buchanan come up with something as equal? I think the party that suggested something similar to paramedics is giving us something to think about and it needs to be exploited.

Vesta Casto

## SCHOOL Lunch Menu

Menu in Buchanan Schools for the week of February 17-21

Monday, Salisbury Beef Pattie with Brown Gravy, whipped potatoes, carrot cubes with margarine, enriched bread, fortified margarine, milk, candy

Tuesday, Frankfurter, tater barrels, garden vegetables with margarine, hot dog bun, catsup, milk, cookie

Wednesday, Hamburger french fries, corn-of-the-cob with margarine, hamburger bun, catsup, milk, cookie

Thursday, Fish Sticks, cheesy whipped potatoes, California vegetables with margarine, enriched bread, fortified margarine, milk, cookie

Friday, Sloppy Joe, french fries, cut green beans with margarine, hamburger bun, milk, cookie

### Meeting Called for Indian Parents and Students

There will be a public meeting Saturday, February 15 at 4 p.m. at the James Topash residence, 116 South Detroit Street. The meeting is for parents of Indian children and for Indian students of high school age. The purpose is to discuss Title IV, Part 186 of the Indian Elementary and Secondary Assistance Act.

The intent is to provide an opportunity for discussion of the adequacy of the current program, to discuss the program for the coming year and to elect a parent committee.

Everyone is cordially invited.

## A Savings Plan For Every Need

NEW LOWER MINIMUMS

5% PER ANNUM	Open Passbook	Interest paid from day of deposit to day of withdrawal Effective Annual Yield-5.13 percent

### Don't Forget To Clean Those Houseplants

When the cleaning urge is on you, don't neglect your houseplants - they need cleaning, too. According to horticulturists at Michigan State University, houseplants need an occasional dusting to keep them good-looking. For smooth-leaved plants that need no more than dusting, a wet sponge or soft cloth rinsed frequently in clean,

warm water is all you need. You can also gently spray a plant with lukewarm water, outdoors when weather permits or indoors in the sink or bathtub when the weather is cold. Spraying is the recommended treatment for plants with many small leaves that would be a lengthy chore to wash one by one. Badly water-spotted plants or

those with an oily film from cooking or heating can be cleaned with a mild soap solution. Dip the plant in the solution or wipe gently with a soft cloth. Be sure to rinse well to remove all traces of soap. Plant polishes are available in florist shops and garden stores. They give foliage an extra shiny appearance. MSU horticulturists

suggest washing the plant thoroughly and dusting with a soft, damp cloth before applying the polish according to the manufacturer's directions. Hairy-leaved plants like African violets and gloxinias should not be polished, the experts say. Wiping the leaves would injure them and destroy the plant's natural beauty.

## Indian Hills

By Mrs. Adolph Rychly  
695-6039

The Bible Quizzers of the Oronoko Methodist Church have invited area youth in grades 4 thru 12 to a rally at the church Sunday, February 16 at 2 p.m. Mrs. Larry Evans is sponsor. A spaghetti supper will be served to an expected group of about 35, many of whom are coming from Berrien Center Bible Church.

Friends of Jose Neves, Oronoko Methodist Church foster child in Brazil, are asked to bring valentines for him to church next week. The lower Sunday School youth have been busy making them for him and his friends.

Ann Dargus was elected chairman of the Administrative Board of the Oronoko Church when it met February 4 and Richard Hayden was reappointed as vice chairman. Mrs. Louise Duns was asked to remain as secretary with Mrs. Anna Taylor her assistant. Building needs were discussed, and Mrs. Fritz Dargus, Council of Ministries chairman, was instructed to call a meeting of her committee to decide on future needs of the church.

Scout Sunday was observed this past week at the Oronoko United Methodist Church with Robbie Gunn, Kent Stroud, Todd Cable and Rodney Canfield as ushers. Acolytes were Brownies Loretta Cable and Rene Batchelor.

The Pioneer Farm Bureau Group will meet at 8 p.m., Wednesday, February 19 at the home of Mr. and Mrs. Gerald Tichenor. The discussion topic for the evening will be Estate Taxes.

There will be a Youth Membership Class for those desiring to join the Oronoko Methodist Church beginning Saturday, February 15 at 9:30 a.m.

The annual Valentine's Day party for youth and adults of the Oronoko Church will be held in the Fellowship Room this Saturday, from 7 to 8:30 p.m. Mrs. Evelyn Balos, Mrs. Linda Millring and Mrs. Ann Canfield are in charge of arrangements. Guests are asked to bring a small dessert for a dessert potluck. The Sunday School will provide the beverage.

### To Appear in Musical

Greg Sawyer, a Northern Michigan University freshman from Buchanan, will be one of 29 students cast in the all university production of the musical "Man of La Mancha."

Greg had played one of the leading roles in the BHS Drama club production of the same musical here two years ago.

This year's spring musical is under the direction of Charles H. Harper, NMU director of theatre. Harper has also directed "Dylan" and "Charley's Aunt" since joining the faculty in 1973.

Greg will play the part of a Moor in the musical. Majoring in music education, he is the son of Mr. and Mrs. Robert Sawyer, Madron Lake Road, Buchanan. "Man of La Mancha" will be presented at 8:15 February 21, 22 and 28 and March 1 in the Forest Roberts Theatre on campus in Marquette. Tickets are now on sale.

## Action Opens Another Center To Assist Poor

Berrien County Action is opening a New Buffalo area community center, located at Fire Station No. 2, U.S. 12. An open house and ribbon cutting ceremony are planned for Friday, February 21, at 11 a.m. The Community Service Center will be open five days a week from 9 to 4 and will facilitate a staff of outreach workers, who will work in the Southeastern area of Berrien County.

Berrien County Action program is to help families learn how to help themselves, by providing outreach and referral services for learning to cope with unemployment, health, housing and fuel, plus the many other day-to-day crises of living on low income in today's inflationary situation.

There are Berrien County Action offices located in Niles Township Hall - 320 Bell Road, at 200 Fidelity Building, Benton Harbor and Coloma United Methodist Church Parish House. These centers are available from 8:30 to 5:00 daily.

The Action board has representation from public and low income sectors of the community and includes democratical elected representation of the poor. Action identifies causes of poverty and make ways of eliminating them, and also helps mobilize community resources.

All agencies in the social services have been most helpful. One of the basic functions of Action is to make people aware of the resources available to them. Most agencies cannot always work on a neighborhood level without an increase in staff and budget, and Action, Inc. has attempted to fill this gap. Action also feels it has a talent to provide a great deal of assistance to local government under the new federalism program.

Action hopes to establish an advisory council to strengthen the voice of the poor in the community action process. It would also participate in long range planning by assisting the center in developing programs designed to meet needs of communities. The public is invited to contact South County supervisor, Cletha Wade of Niles and New Buffalo office, for any further questions.

### Graduates

Major Merlin J. Harroff, son of Mr. and Mrs. Harroff of Buchanan, has graduated from the Armed Forces Staff College at Norfolk, Virginia.

The five-month Department of Defense school provides students with intensive education related to national and international security.

Major Harroff is being assigned to Minot AFB, North Dakota, for duty.

The major, a 1957 graduate of Central High School, South Bend, received an A.A. degree in 1969 from South Baptist College, Walnut Ridge, Arkansas, and a B.A. degree in 1972 from the University of Maryland European Division in Germany.

His wife, Jane, is the daughter of Mr. and Mrs. Ralph B. Welch of 1339 Solano Drive, Sidney, Nebraska.

## Still in Hospital From November Crash

Charles Wilcox, 19 year old son of Mr. and Mrs. Dale Wilcox of Bakertown Road, was seriously injured in a car crash November 8 just north of Hudson Lake, Indiana. He was hospitalized in LaPorte until December 27 when he was moved to Indianapolis to University Hospital where he remains.

Charles received extensive injuries and has had four operations to date, using 76 pints of blood so far. He faces at least one more operation to correct a broken upper jaw that leaves his face partially paralyzed. Charles has been severely plagued with internal bleeding, although reports received Monday indicate that following recent surgery to mend a broken blood vessel he is coming along fairly well at the moment. His doctor says if he can keep from bleeding a few days longer the outlook is considerably brighter.

Friends have been extremely generous in donating blood for Charles his family reports, but with the quantity being used still more can be used to replace the units. The Red Cross Bloodmobile will next be in Buchanan on May 22 and again September 25 and 26, and anyone who wishes to help may donate at that time signifying it is for Charles. Unfortunately, the Record wasn't aware of his need in time to publicize it for the recent drive here which was scheduled on extremely short notice. There will also be a bloodmobile visit in Niles on April 4.

Charles' address in Indianapolis is Room 416, University Hospital, West Michigan Street, Indianapolis, Indiana 46202 for those who would like to send him cards.

## Twenty Enter Miss Buchanan

Entries for this year's Miss Buchanan event are now closed with twenty girls entering the competition for the title of the 1975 Miss Buchanan. Mrs. Jack Beatty, chairman of contestants for the Buchanan Jaycees, sponsors of the contest, has released the list of entrants: Linda Andersen, Patricia Anderson, Rosemarie Bowker, Donna Canfield, Kim Carlson, Dolly Clark, Pamela Cottrell, Sarah Dougherty, Susan Klungerman, Brenda Kyles, Donna Mattern, Tamilyn Mattson, Marcia May, Janis Metzger, Vicki Reynolds, Caroline Schwartz, Ann Seager, Tami Slocum, Deborah Witchell and Susan Withers are all to take part in The First 200 Years, the theme of this year's contest.

The twenty had their first meeting Wednesday night in the Jaycee Hall and will next gather at 6:45 February 19 for a Pre-contest Dinner at the Clark Credit Union when Blossomtime representatives will be present to show slides of last year's events to them.

General chairman of the March 15 event is Mrs. Ron Lunde.

## Ask Senator GRIFFIN

By cutting through red tape, members of Congress can often lend a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

I'd like to get one of those summer jobs with the Federal Government, but I don't know if I'm old enough and I don't know what kinds of jobs—if any—are available for young people like me. Can you advise me?

—S. C., Detroit

If you're 18 or older, or if you are at least 16 and have graduated from high school, you can qualify for a summer job with the Federal Government. I suggest you write to the U.S. Civil Service Commission, Washington, D.C. 20415 and ask for a free copy of Announcement 414 entitled "Summer Jobs in Federal Agencies." This publication will tell you where the jobs are and how to apply for them.

The number of those summer jobs is limited, and summer is not far off—so hurry! I retired this year, and my wife and I decided to buy ourselves a little power boat to use in our leisure time. My problem is I'm not much of a boating expert and I would like to learn more about it. Can you answer my S.O.S.?

—L. C., Livonia

Your local Coast Guard Auxiliary can. It offers free courses in boating safety and seamanship. To find out when and where such classes are held, check the phone book and contact the Coast Guard Auxiliary in your area. You will also be interested in a pamphlet published by the U.S. Department of Transportation entitled "Federal Requirements for Recreational Boats." The pamphlet provides an excellent briefing on boating rules and regulations along with some good safety tips. You can get a copy free by writing Consumer Information, Public Documents Distribution Center, Pueblo, Colorado 81009.

## WCTU Meeting To Be February 18

The WCTU will meet Tuesday, February 18 at 7:30 p.m. in the home of Mrs. Luther Miles, 503 Michigan Street. Devotions will be given on the subject, I Am My Brother's Keeper, taken from Genesis 4:9-16 and Romans 14:17-21 by Mrs. Joel Gillette. Prayer concern by the members will be alcoholics and their families.

### Brandy For The Parson

By Raymond Foxall

This is a fast-moving small novel of suspense. It is one that can be read fast, and is hard to put down.

It deals with smuggling, spies and murder in the days when Napoleon was contemplating invasion of England. A sharp little detective from London is sent to solve a murder on the east coast, and he uncovers a hotbed of smugglers and a system of passing information back to hostile France.

The title is a little misleading. The brandy refers to the counterband being shipped in from France, and there is a parson whose activities are made to appear mysterious, but a reader has the feeling that he's a red herring.

Apparently this is a continuation of books in which this same little detective is featured. He's called the Ferret. The author has some ability at telling a story well, and his books can be sought for a short evening of entertainment.

### The Snow Mountain

By Catherine Gavin

This is a novel about the Russian revolution. Normally a bug on history, when reading a historical novel, has to make reference to real history to separate fact from fiction. But that isn't necessary in this case, because the author sticks pretty much to the real facts.

The trouble is that with such a fascinating subject, this should be a fascinating novel. It isn't. It's bogged down too much in trivia.

Where could an author get such a ready-made character as Rasputin in real life and in this novel, he had to be poisoned, shot, stabbed, beaten and finally thrown in the river before he was pronounced dead from drowning.

The whole royal family is closely portrayed to the reader so that it's difficult to see their ultimate execution by the peasant firing squad without feeling great remorse. The Grand Duchess Olga, one of the Czar's daughters, is really the heroine, and one gets to know her too well to stand the fact that her bones were finally discovered in a pit covered with lime.

The Czar was a silly man. He refused to take advice from anybody and was stubborn to the end. His wife, the Czarna, was a silly woman. Under the spell of Rasputin, who took all the credit for preserving the little princess life, she managed to wield too much influence over her weak husband. In effect, they got what was coming to them. But, as the author so aptly points out, the whole mess could have been avoided.

## Welcome Wagon Club

For those getting their papers Wednesday, the February meeting of the Welcome Wagon Club is February 12 in the home of Mrs. Gary McKean, 314 Harlan.

A slide program on Thailand is being presented by Robert Hand, and the regional supervisor of Welcome Wagon was invited to attend the meeting.

Members were to decide to which community project the club will donate its treasury this year.

Peter Trull has been named Buchanan High School's 1975 Betty Crocker Family Leader of Tomorrow. Peter, the son of Mr. and Mrs. Donald Trull, won the honor by scoring high in a written knowledge and attitude examination given to seniors here and throughout the country on December 3. He took the test as a part of his Bachelor Living class taught by Mrs. Gabriylak. He will receive an award from General Mills, sponsor of the annual event, and is eligible for state and national honors.

From all school winners in Michigan, a State Family Leader of Tomorrow is elected to receive a \$1,500 college scholarship with the second-ranking student receiving a \$500 one. All state winners and their advisors will gather in Washington D C in April.

Peter is a senior who also spent his freshman year at BHS and the next two with his family in Australia. After graduation he plans to major in marine biology at either Lake Superior State or Michigan Technological University. He is presently working at Niles Manufacturing Company through the Co-op program.

A card for the March of Dimes was brought into Herb's Place last Thursday afternoon late, and it was entirely filled by Saturday noon - isn't that some sort of record? Herb reports that most of the credit can go to the Clark employees, three of whom are shown here (1 to r) Bill Bowker, Nick Coultas and George Wolfe.

## Brownie Troop 83

Brownie Troop 83 of Indian Hills School has been busy the last few weeks and is now finishing work on the girls' "Ready Helper" patches. Each girl has put together a sewing box in addition to carrying out certain chores at home.

The troop took a recent field trip to Niles, eating lunch at Burger Chef and touring the City Hall and the old St. Joseph Museum, which they found very interesting.

With Valentines Day just around the corner, the girls will make valentines this week and will soon start preparing for The International Friendship Day in March. They will begin delivering the Girl Scout cookies March 10 for orders taken in January.

A number of girls recently received Brownie certificates - Celeste Dodson, Kim McBain, Alice Gunn, Teresa McBain, Pam Larson, Kim Fenn, Beth Lohraff, Kelly Harrington, Deana Brady, Chris Wilson, Deanna Sankey, Debbie McBain and Sherri Christopher. Leaders of Troop 83 are Mrs. Judy Lohraff and Mrs. Sue Wilson.

## Youth Fair To Add Buildings

The Berrien County Youth Fair Board of Directors has voted to construct two new buildings in time for the 1975 Youth Fair, August 12-16. These buildings to accommodate the Commercial exhibits will be located just South of the Grandstand area.

This expansion is the first change since acquiring the additional 72 acres in the fall of 1973. The new buildings will be 60 x 200 ft. of pole type construction, clear span, with metal siding at an estimated cost of \$50,000 for the two buildings. Volunteer help will be requested from all residents of Berrien County for a "Work Bee" as work progresses. Anyone interested in helping is asked to phone the fair office at Berrien Springs 473-4251 or James Reed, Building Chairman, Niles 684-3333. Cost of the buildings is based on the use of volunteer labor.

The Youth Exhibits will be transferred to the present Commercial buildings in order to give more room for display of craft items and home economics exhibits. These two departments, over crowded for about 4 years, are a prime reason for the expansion program decision.

Changes in youth exhibit classes will be apparent at this year's fair. At present a major change in the crafts department has been approved. All model classes including cars, airplanes and boats have been dropped from the entry listing. Youth exhibitors are urged at this time to plan projects other than models for their exhibit at the 1975 Fair. The Premium Book which lists all classes available for the youth to participate will be available for distribution about May 20 at the youth fair office in Berrien Springs.

Niles-Buchanan Meals on Wheels is presently serving the top number of subscribers since its inception two and a half years ago. Shown here in the office in Niles are three newcomers to their particular areas of responsibility. Seated (left) is Mrs. Kenneth Mall of Buchanan, the new eligibility worker for the Buchanan area - it is her responsibility to visit clients - next is Mrs. James Marshall, the new office secretary for the organization. Standing is Mrs. John Strayer of Niles, who is now the president of Meals on Wheels, she formerly served as chairman of volunteers for the Niles area.

### Meals On Wheels Approaches Goal

Niles-Buchanan Meals on Wheels is within sight of a goal set soon after it began operation two and a half years ago - being at this moment just one short of forty subscribers for its meal service - ten of them in Buchanan.

The headquarters, located in the basement of the Kraji Drug Store in Niles, is manned by Mrs. James Marshall, who just recently assumed the post of office secretary, and is the person prospective clients should contact. A new board was elected in December with Mrs. John Strayer as president, Mrs. E.C. Witwer as vice president, Mrs. Kent Hassan, secretary and Mrs. Bill Malone, treasurer.

Most people are by now familiar with Meals on Wheels, but for any who might not be, it provides an extremely helpful service for those people, elderly or ill, or who for varied reasons have difficulty providing themselves with regular nutritious meals.

Through the help of volunteer drivers working in teams of two a hot meal, accompanied by a cold evening snack, is delivered to the subscribers at noon each weekday. Many of those using the service are on special diets - limited calories, low salt or diabetic for example - which are catered to through the careful arrangements of Mrs. Marshall.

There is always a need for additional volunteer drivers and several could be used at this time in Buchanan. Interested people may contact Mrs. Richard Chubb of Buchanan for more information. Here is a fine way for someone who is service minded to contribute two hours of his or her time on a weekly, monthly or substitute basis. The volunteers may very well reap unexpected rewards in helping to brighten the day for someone who looks forward to these visits.

Clubs or church groups, for example, could volunteer to provide drivers for one day a week or month on a regular basis. The volunteer drivers are a very important part of the service, and the elderly or confined enjoy this pleasant association just as much as they do the food. It is pointed out that husband and wife teams of drivers are very much appreciated, because often in the case of men subscribers this is the only contact they may have with other men. All in all, a fine opportunity to share a little of one's time and oneself.

Buchanan Moose Lodge 449 will hold an enrollment of new members on Sunday, February 16 at 1 p.m. Guest speaker at the enrollment will be Supreme Governor Armand Chappori.

Chappori, a prominent Chicago attorney, was elected to that office last June at the international convention. He became affiliated with the Moose in 1942 when he joined Roseland Lodge No. 1062 and was elected president in 1943, holding the office until elected junior governor in 1947 and governor in 1948.

After serving as interfraternal council chairman of the Illinois Moose Association for three years, he was elected state president in 1958 and now serves as a member of the executive committee. Chappori has served as associate justice of the Supreme Court and as chief justice and was elected to the Supreme Council in 1965, elevated to supreme prelate in 1972 and supreme junior governor in 1971. He was awarded the Fellowship Degree in 1945 and the Pilgrim Degree of Merit in 1951.

### Obituaries

Lester Batten

Services were held Saturday morning for Lester Batten of 121 S. Cayuga Street, Buchanan, who died at Pawating Hospital February 5. He was born in Buchanan May 7, 1909 and was employed as a machinist at Clark Equipment Company.

His only survivors are a brother, Clyde Batten of South Bend, and several nieces and nephews.

He was a member of the Buchanan Church of Christ, Ralph Rumbaugh Post 51 of the American Legion and of Veterans of Foreign War.

Services were conducted at Swem Chapel of Swem-Smith Funeral Home by Robert Hudson and burial was in Oak Ridge Cemetery.

Fred F. Good

Fred F. Good of Galien died February 9 in Unity Hospital. Born November 12, 1886 in Three Oaks, he was a farmer and a lifetime resident of this area.

He was predeceased November 4, 1973, by his wife, Anna, whom he married in 1911 in Petoskey. Surviving is a sister, Mrs. Edith Curry of Galien.

Services were conducted Tuesday morning at Swem Chapel of Swem-Smith Funeral Homes by Robert Hudson, pastor of the Buchanan Church of Christ of which he was a member. Burial was in Forest Lawn Cemetery at Three Oaks.

Charles G. McCashin

Services for Charles G. McCashin of 310 Remus Drive, Buchanan, were scheduled for Wednesday afternoon at 1:30 at Swem Chapel of Swem-Smith Funeral Home. He died February 9 at Kalamazoo State Hospital where he was admitted in December.

Born June 16, 1933 in Center Grove, Tennessee, he had been a resident of Buchanan since 1950. He had been employed by X-Ray Pipeline.

Survivors are his mother, Mrs. Oleda M. Gardner McCashin of Buchanan and a son and daughter, both at home, Roger McCashin and Debora McCashin. Three sisters and a brother also survive, Mrs. Margie Grimes and Mrs. James Wallace, both of Buchanan, Wilbur McCashin of Modesto, California, and Mrs. Sue Timmons of New Troy.

Rev. Kenneth Snow of Faith United Methodist Church officiated and interment was in Oak Ridge Cemetery.

### District Music Festival Winners

The district solo and ensemble festival was Saturday at Lakeshore High School and a number of Buchanan High School musicians achieved first division ratings - Laurie Nelson, flute solo, Janice Unger, tenor saxophone solo, Lisa Swem, piano solo, Lisa Swem and Shelley Hamilton, clarinet duet and Linda May, piano solo.

Receiving second division ratings were Kyla Newsom, clarinet solo, Debbie Tyus, French horn solo, Laurie Nelson and Lisa Swem, tuba piccolo duet, Kyla Newsom and Linda Morrow, woodwind duet, and David Gault, trombone solo.

Those students achieving first division ratings are now eligible to go on to the state solo and ensemble festival.

The Record will have a picture of the winners in next week's issue.

While Dan Karpinski is immobilized in a cast to his waist he is continuing his studies at home and keeping up with his seventh grade class by use of telephone communication. He hears all the classroom activity and can also speak in return by pressing the switch at the top of his instrument.

### 7TH Grader Keeps Up By Telephone

Perthe's Disease is an unknown malady to most of us but a very real one to Dan Karpinski, seventh grade son of the Dodge Karpinskis. Dan was pictured on crutches in the Record late last summer on the day Little League awards were made. Since July he has been experiencing lameness which was diagnosed as Perthe's Disease, a deterioration in the hip socket.

For a time there was hope that removal of pressure by keeping him on crutches would serve the purpose but a decision was made to go ahead with surgery. This was done in early September. Dan went into a long cast to his waist and keeping the leg with the affected hip turned at an angle. It looks rather uncomfortable, but Dan is remarkably philosophical about it, and seems to have made a good adjustment to his confinement with the help of his family. He gets around the house remarkably well on crutches - cast and all.

Dan's mother Carolyn, who was formerly employed full time in the high school guidance office, now just works a few hours at the end of the day. She reports that each of the family has cut back somewhat on activities and they have found an unexpected benefit in an increased feeling of family closeness.

Through telephone communication the patient has maintained contact with his Buchanan Middle School classes, listening in on geography, English and science, although the last has now been dropped because of a concentration of lab work that does not transmit. The system has worked out well leaving the responsibility for his assignments with his regular teachers, he does his work at home and is visited two or three times weekly by Robert Guntle, homebound teacher from the Berrien County Intermediate School District, who takes Danny's work to and from school and helps with any difficulties - especially math which Dan does entirely from his books without class participation.

Between being connected with his classes by a two-way telephone hookup, regular visits from his contemporaries, the

companionship of his sixth grade brother David and his trips to various athletic events including all the seventh grade home games in various sports, made possible by his parents and a wheel chair, Dan feels very much a part of things. He was also able to attend orientation day at the new school and spent last Friday there in his wheel chair attending classes.

In two weeks he goes into the hospital to have his cast removed and x-rays taken. If healing has progressed as much as his doctor hopes, his cast will stay off and he will be able to return to school regularly. If not, the cast will be replaced for another few months to permit healing to finish and he will continue on his present regimen. Everyone hopes it's good news for Dan.

### County Extension Events

- February 13 Annual Waste Management Meeting - 10 a.m., Youth Memorial Building, Berrien Springs.

The Cass County Republican Women's Club will meet Wednesday, February 19, in Cassopolis at the Diamond Lake, First Commercial Savings Bank, 1:30 p.m.

Herbert Phillipson, Jr., Republican County Chairman, will be the speaker. All women in the county are cordially invited to attend.

**Swem Smith Comments**

**Richard Swem** **LeRoy Smith**

With the exception of the Bible, we think reading about Lincoln can buoy one's spirits, can give hope when hope is needed, more than any other way. Sadly, but wisely, when you read about Lincoln, you see the greatness in the man. You see how a great man is measured, unfortunately, after he has fallen, like you measure a tree after it is down, not while it stands.

Lincoln never claimed to be an orator but his words put to shame the multisyllabled oratory of other statesmen. For example, read this - "I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live up to what light I have. I must stand with anybody who stands right, stand with him while he is right and part with him when he goes wrong." A great thought? Yes, of course. 54 words! And 52 of the 54 words are of one syllable!

Lincoln's birthday reminds us that small words with good deeds measure a great man.

## Scholarships And Jobs Available For Students

The Counseling Office is pleased to announce the following items of interest to Buchanan High School students and parents alike.

A Scholarship, Central Michigan University. A \$300.00 renewable stipend will be awarded to one Valedictorian or Salutatorian who chooses to enroll at this University. Should the financial need of any recipient exceed the amount of this scholarship the University will endeavor to meet that need through additional forms of financial assistance.

Two Scholarships, Southwestern Michigan College, Dowagiac. A \$250.00 award for academic excellence. These two awards can, if the student achieves well, be approved for subsequent years. Applicants must submit requests for admission to SMC and the deadline for these awards is February 28, 1975.

Summer Jobs The Youth Conservation Corps of the Department of Natural Resources is accepting applications for summer jobs from youths 15 to 18 years of age. Some of these jobs are residential types of work, where the student must live at the place of employment and some are non-residential or commuting opportunities. Vacancies are very limited for both types of work. Pay is at the minimum wage scale, \$2.00 per hour. Two dollars per day will be charged for room and board when the employee is placed in a residential type of employment.

Advanced Placement Examinations If a student feels he is particularly well qualified in such academic areas as History, Biology, Chemistry, French, Physics, Spanish Literature or Art, he or she may take Advanced Placement Examinations in any of these areas and, if test results are favorable, many colleges and universities grant credit and appropriate placement.

Students must first ascertain if the institution they plan to attend will in fact recognize these tests and grant credit. Cost per test is \$28.00.

Students or parents wishing to know more about any of the above items of interest are invited to contact the High School Counseling Office by phone or drop in for a visit.

### County Made Good Investments

Berrien County Government earned a record of over two and one-third millions of dollars as interest on short term investments in 1974 according to Berrien County Treasurer, Wm C. Heyn.

The Department of Public Works was the recipient of the largest share of the \$2,386,849.17 earned.

Unprecedented high interest rates in 1974 enabled the various departments to realize a substantial increase over 1973 earnings which at that time were a record total of \$976,376.31, 1972 earnings were \$627,143.00.

Treasurer Heyn expects 1975 earnings to be substantially less due to present lower interest rates. Short term rates have dropped from an average of 9 percent to 6 1/2 percent over the past 45 days. Interest rates peaked at 12 percent for a few days during May 1974 but for most investments, rates were at 9 to 11 percent level during 1974.

Treasurer Heyn explained that as soon as bond and tax monies are received, those amounts which are not currently needed are immediately invested on a short term basis to mature at dates to meet construction, payroll and other county expenses. All investments were made in local banks except retirement funds which are in long term U.S. Government bonds and notes.

The various department earnings were as follows: General Fund - \$483,684.16, Road Fund - \$128,306.93, Bridge Fund - \$23,057.17, Building Authority - \$51,874.93, Court House - \$34,405.00, Berrien General - \$41,099.90, Federal Revenue Sharing - \$41,373.04, Drains - \$5,217.87, Retirement - \$144,150.19, Department of Public Works - \$1,433,679.98.

The largest beneficiaries of the Department of Public Works earnings were St. Joseph Township Sewer System - \$422,781.00, Lake Township Water System - \$356,628.00, St. Joseph City Water System - \$264,413.00, Lincoln Township Water System - \$137,894.00.

The balance was divided between nine other public work projects.

**Seminars Continue**

Fourth in the Monday night series of programs for interested parents, entitled Seminar For Parents, will be February 10 at 7:30 in the Buchanan High School library. Mrs. Karen McBratne will be present to discuss School Adjustment Consultant.

These programs, presented without any charge, are arranged by Ellis May, Coordinator of Special Education, who stresses that something of interest for all parents will be offered each night.

We carefully checked into those cases reported to us by students. Where school personnel were at fault, we reimbursed the students for the lost clothing.

More questions were asked concerning our English program. The discussion was basically the same as that held in the previous meeting.

How can students be expected to get their work done without study halls?

Teachers are aware of the fact that since we have no study halls and since all students have six

## More Questions From Parents and Answers From The School

By Dr. Walter Vanderbush

The last meeting of the High School Parents' Communications Group was held on Thursday, January 16. Approximately twenty-five parents were in attendance.

A summary of most of the subjects discussed follows.

1. Mr. Paul Spaulding was in attendance, and a large number of questions concerning the district's bussing policies were asked.

A Why is there no bus shutting students from the east end of town to the middle school, if one picks up students at the high school to take them to the middle school?

Mr. Spaulding. This was a Board decision I am sure that it is a temporary one, caused by the lack of sidewalks on Fourth Street.

B Why are middle school students picked up at Samson Terrace at 7:00 a.m. and high school students from the same place at 7:20?

Mr. Spaulding. We have one bus that brings in a load of the middle school students and returns to the same area for the senior high students. There are too many students for one bus, so it saves putting an additional bus on the route. We do the same on the take home at night.

C May high school and middle school students ride elementary buses?

Mr. Spaulding. If the student has a note from his principal or from his parents requesting that he be permitted to ride the bus on a particular day, he may do so. This note is to be presented to the driver.

D How does bus mileage on full days compare with the mileage when we were on split sessions?

Mr. Spaulding. We are operating at about 20 percent less miles on the regular routes, since going off the split sessions.

E What does it cost per mile to put a bus on the road?

Mr. Spaulding. The state cost last year was 59 cents per mile. Our cost was about the average for the state.

2. Why do our schools require special uniforms for physical education, and is the P.E. teacher permitted to lower a student's grade because he does not have a P.E. uniform?

We require students to wear shorts and a jersey in P.E. because this kind of uniform gives them freedom of movement. We require a change of clothes for P.E. for sanitary and hygienic reasons. If a student does not come to class with a suitable gym uniform, he is unable to participate. This will, of course, detract from his grade.

Most P.E. teachers ask students to wear a particular color or style gym outfit so that the student will be dressed "uniformly." They feel that this will help create the best atmosphere for class. Students' grades will not be lowered because they do not wear the requested color, etc., however, we would appreciate parents' cooperation in this matter where possible.

3. During November, lockers were painted in the boys' locker room. It was suggested that the school, in some cases, had failed to notify students to remove their gym clothes. As a result, some students lost some valuable items.

We recognize that errors were made by school personnel in this regard.

4. A student who has demonstrated an interest or ability in a particular subject area is placed in a job that would be closely related to that area.

In other words the co-op program is designed to help prepare students for a particular career, not to make it easy for them to make money during their senior year in high school.

9. How easy is it for a Buchanan student to transfer to another

school when he moves? Could there be disadvantages?

Our courses are accepted by other high schools without any problems. The only disadvantage that could occur for a Buchanan student who transfers, and this would be very uncommon, is that a superior student may find advanced placement courses available in a few large suburban schools, that he would not be able to take. This would occur because a few districts begin accelerated programs for superior students in the junior highs. Thus, a school may offer six years of language beginning in grade seven or it may offer a calculus course in mathematics, with students taking algebra in junior high.

There are many schools, of course, where students would not find the wide variety of offerings that we have in Buchanan.

10. There has been a controversy concerning library books and textbooks in West Virginia schools. Do we have any of these books in Buchanan?

There are two kinds of books that are the source of controversy, off and on, in many school districts.

First, there are those books which advocate controversial points of view. These might include a book by a Ku Klux Klan leader or a Black Panther leader. They might include pro-communist books, books by atheists, books advocating a new moral code, etc.

Secondly, there are books that include "four letter words" or frank descriptions of sex.

Beginning with the first category, it is the view of the high school principal, as well as the English teachers and the librarian, that we should make these books available to our students. If we did not do so, we would be providing them with an inferior education. The authors of these books represent viewpoints that are held by a sizable minority of our society. They are viewpoints that our young people will encounter sometime, if they have not already done so. We believe that they will be able to present wiser decisions concerning them if they become informed about them in school, because their teachers will be able to present the other side of the argument, discussions will occur, which will present various views on the issues, and because the students will be able to go home and discuss these issues with their parents.

Moving to the second category, it is our policy that we select good books. Some good books, in our view, contain "four letter words" and descriptions of sex. If the material is included in the book to tell a particular story, one worth telling, in an accurate manner, then we feel that there is no reason to exclude the book. For example, a book about a drug addict's life may become rather sordid, because that is the way an addict's life becomes. In order to tell it like it is, "four letter words" and sex descriptions are part of the book. On the other hand, books that are filled with sex in order to be sensational, to sell more books, have no place in school.

If a parent objects on religious grounds to a book that is being used in English class, we will find a substitute book for that particular student.

The next meeting of the High School Parents' Communications Group will be Thursday, February 20, at 7:30 p.m., in the high school library.

Co-op is generally limited to seniors who are approved by the co-op coordinators. State guidelines have been developed for this program, and we generally follow these.

Not all students with jobs are permitted to be part of the co-op program. There are two basic reasons for placement.

A student who has demonstrated an interest and ability in a particular career is placed in a job that would be closely related to that career.

B. A student who has demonstrated an interest or ability in a particular subject area is placed in a job that would be closely related to that area.

In other words the co-op program is designed to help prepare students for a particular career, not to make it easy for them to make money during their senior year in high school.

9. How easy is it for a Buchanan student to transfer to another

school when he moves? Could there be disadvantages?

Our courses are accepted by other high schools without any problems. The only disadvantage that could occur for a Buchanan student who transfers, and this would be very uncommon, is that a superior student may find advanced placement courses available in a few large suburban schools, that he would not be able to take. This would occur because a few districts begin accelerated programs for superior students in the junior highs. Thus, a school may offer six years of language beginning in grade seven or it may offer a calculus course in mathematics, with students taking algebra in junior high.

There are many schools, of course, where students would not find the wide variety of offerings that we have in Buchanan.

10. There has been a controversy concerning library books and textbooks in West Virginia schools. Do we have any of these books in Buchanan?

There are two kinds of books that are the source of controversy, off and on, in many school districts.

First, there are those books which advocate controversial points of view. These might include a book by a Ku Klux Klan leader or a Black Panther leader. They might include pro-communist books, books by atheists, books advocating a new moral code, etc.

Secondly, there are books that include "four letter words" or frank descriptions of sex.

Beginning with the first category, it is the view of the high school principal, as well as the English teachers and the librarian, that we should make these books available to our students. If we did not do so, we would be providing them with an inferior education. The authors of these books represent viewpoints that are held by a sizable minority of our society. They are viewpoints that our young people will encounter sometime, if they have not already done so. We believe that they will be able to present wiser decisions concerning them if they become informed about them in school, because their teachers will be able to present the other side of the argument, discussions will occur, which will present various views on the issues, and because the students will be able to go home and discuss these issues with their parents.

Moving to the second category, it is our policy that we select good books. Some good books, in our view, contain "four letter words" and descriptions of sex. If the material is included in the book to tell a particular story, one worth telling, in an accurate manner, then we feel that there is no reason to exclude the book. For example, a book about a drug addict's life may become rather sordid, because that is the way an addict's life becomes. In order to tell it like it is, "four letter words" and sex descriptions are part of the book. On the other hand, books that are filled with sex in order to be sensational, to sell more books, have no place in school.

If a parent objects on religious grounds to a book that is being used in English class, we will find a substitute book for that particular student.

The next meeting of the High School Parents' Communications Group will be Thursday, February 20, at 7:30 p.m., in the high school library.

Co-op is generally limited to seniors who are approved by the co-op coordinators. State guidelines have been developed for this program, and we generally follow these.

Not all students with jobs are permitted to be part of the co-op program. There are two basic reasons for placement.

A student who has demonstrated an interest and ability in a particular career is placed in a job that would be closely related to that career.

B. A student who has demonstrated an interest or ability in a particular subject area is placed in a job that would be closely related to that area.

In other words the co-op program is designed to help prepare students for a particular career, not to make it easy for them to make money during their senior year in high school.

9. How easy is it for a Buchanan student to transfer to another

# Lenten Meditations

By Rev. Keith A Morrow  
First Presbyterian Church

"The most awful thing in the death of Jesus," Archbishop Soderblom reminds us, "is that it was brought about by men who were following or believed themselves to be following good and honorable reasons for their action. Men of various classes, the guardians of religion and of public morals and of the order of society itself united to crucify Jesus. They were men like you and me." That is one of the reasons why we keep Lent. A time for the Church to lift up her voice and call all men to repentance.

One tradition has it that the observance of Lent came into being as a time for new converts to be subject to the training and education necessary for the new relationship of responsibility that came to them on their Baptism into the Christian Faith. The church has clung to the observance of Lent even though initiation into the Christian Faith is not restricted to the Easter season. The observance reminds us that not only new converts but members of long standing in the faith need to be reminded in a pointed way that continued training, education and rededication are necessary if we are to be found faithful.

Some observe Lent as a time for abstaining from the common amusements and pleasures of life - not because there is something evil in them, but because by so abstaining we set ourselves free for our primary concern. (If our pleasures and relaxations were evil, then we ought never to indulge in them!) Lent is a time for a reordering of our values and the way we have ordered our lives - a time to make sure we go beyond Lent, putting first things first.

One of the greatest tragedies within the Christian community is the devious nature of our fellowships that see themselves as serving the one Lord but setting themselves apart from others who serve the same Lord. I have a dream that all men who profess Christ as Savior may find the love to so cooperate and live together that the non-believer may say of them today as they said of old - "See how they love one another." It is for this purpose that the Buchanan Area Fellowship of Churches is being formed.

May this Lenten Season be for each one of us a time for renewal, a time to join with our brothers and sisters in the Faith and call each other and the world to see all of us on space-ship earth as God sees us, a time to make sure we put first things first, not just for a few weeks, but for ever.

## Bake Sale To Benefit Jr Pro

Jr. Pro Basketball will have a baked goods and candy sale this Friday and Saturday. They will sell Friday night at the home BHS game and all day Saturday in the room across from the high school gym.

All profits will go toward sending the All Star team to Lansing February 22 to represent Buchanan in the tournament.

Anyone wishing to donate items for the sale is asked to call Mrs. Dick Rauch 695-5538 or Mrs. Gene Ferrell 695-5288.

## B Club Expands Interest Area

The B Club at Buchanan High School is presently extending its activities to develop an interest in social services under the leadership of its sponsor, Coach Larry Robinson.

Club members recently donated blood in the Red Cross Bloodmobile visit, and last Friday a group took some Little Brothers of Big Brothers of Niles-Buchanan Inc to the hockey game at Notre Dame and out to eat afterwards.

## W W I Veterans Will Meet Sunday

The Veterans of World War I Barracks 1093 and the Ladies Auxiliary will hold its monthly meeting Sunday, February 16, in the Niles Legion Home Post 26. Serving on the dinner committee will be Sylvia Ochensnyder, Olga Koch and Zelda Cooper, all of Buchanan.

Separate business meetings will be conducted by Commander Howard Cornwell and Auxiliary President Lena Schantz.

## Earns All A's

Donna Jean Roti Roti, daughter of the Donald Roti Rotis, a student in the Department of Library Science at the University of Chicago received straight A's during the fall term, it is announced by the university.

## Milliken To Speak

The Cass County Republican Lincoln Day dinner will be held February 26 instead of February 10 as originally announced to permit Gov. William Milliken to speak. The 7 p.m. dinner will be at the Agnes Gregarek Memorial Center, Cassopolis Fairgrounds.

David Stockman, Executive director of the GOP conference of the U.S. House of Representatives, will share the stand with Milliken. Tickets are \$6 per person.

## Golden Age Club

The Golden Age Club will meet at 1 p.m. Friday in the Niles-Buchanan YMCA for a potluck dinner.

Members will choose their Valentine Sweetheart and slides will be shown by the Rotary Club.

## Select 4-H Horse Judging Teams

The Junior Division Michelle Rosebrook of Niles received 340 of a possible 400 points.

Ten 4-H'ers were named to the County Horse Judging teams as a result of this contest. These teams will compete on the state level Saturday, April 5, at Michigan State University. Members of the senior division team are Patty and Pamela Rothfuchs of Buchanan, Gwen Hein and Kathy Rosebrook of Niles, and Jeff Spitzer of Berrien Springs. Junior Division team members include Michelle Rosebrook of Niles, Julie and Mike Backus of Buchanan, Lois Leadbetter of Berrien Springs, and Jane Anstey of Stevensville.

The two teams will now be coached in preparation for the April 5 event by Barry Borst of Niles and Dr. Michael Chaddock, DVM of Stevensville. Borst said he believes that these two

are some of the best teams on record and he expects Berrien 4-H to do very well in the state contest. State winning teams will compete nationally at the Northeast Regional 4-H Horse Judging Contest at Harrisburg, Pennsylvania, the National Youth Horse Congress in Dallas, Texas, and/or the Junior Judging Contest at the All-American Quarter Horse Congress in Columbus, Ohio.

Thirty members from eight local 4-H clubs were in competition in the county contest with over 100 others attending. The event culminated four months of effort by these members and their leaders.

## NOTICE

A PUBLIC HEARING of the BUCHANAN CITY COMMISSION and the COMMUNITY DEVELOPMENT ADVISORY COUNCIL will be held in the HIGH SCHOOL AUDITORIUM MONDAY, FEBRUARY 24, 1975 at 7:30 p.m.

To discuss the projects to be undertaken with funds provided thru the Federal Housing & Community Development Act. The public is invited to attend and suggest ways in which the community could be improved.

Herbert D Russell  
City Clerk

## Gaels Edge Covert 60-58

Galien pulled off another last minute finish Saturday and squeaked by Covert 60 to 58. Craig Schau made the final basket with 55 seconds left and managed to steal the ball in the last 15, but it was Don Kooy's 26 points and aggressive rebounding that had kept the Gaels in the game. Galien managed a one point lead at the half, but Covert got ahead by seven before an effective press by the Gaels again evened things.

Galien (60)	G	F	P

Covert 13 18 16 11 - 58

## Gaels Lose 70 To 54

It was 26 to 25 at the half with Galien leading Eau Claire, but the Gaels were out-played much of the second half. The roof started to cave in late in the third quarter, and the Beavers started the fourth quarter with six straight points to go ahead 56 to 46, and they dominated the rest of the game. The Gaels weren't able to come back as they've done before and lost important points at the free throw line. Dale Luther got 13 points for the evening, and Don Kooy and Dave Rock each got 12.

The Galien basketball squad had a let-down Friday night, but they came back strong on Saturday

## First Lenten Service Galien To Name Carnival Queen

The First Lenten service for the community of Galien will be held at the Reorganized Church of Jesus Christ of Latter Day Saints Sunday. It will feature a hymn sing, and will begin at 7:30 p.m.

The annual staff at Galien High School is sponsoring a Winter Carnival Queen Contest this week.

Five girls, selected by the varsity basketball team from all the senior girls, are in competition for the title. The five are Robin Hurley, Denise Lockwood, Cindy Mollberg, Karen Olmstead and Sharon Wolfe, who are all carrying cans this week to collect money. All funds raised will be used to help defray the costs of publishing this year's annual.

They will also collect at a table set up at the Friday and Saturday home games, and cans will be emptied and counted at halftime Saturday. The girl who has collected the most will be named the 1975 Winter Carnival Queen. The announcement will be made following the game at a dance sponsored by the annual staff.

## Style Show Tonight

The Galien Future Homemakers of America are sponsoring a Valentine Style Show Thursday, tonight, at 7:30 in the old gym of the high school. Fashions are by Beeline Tickets, may be purchased from any FHA member or at the door for \$1 donation.

## Dance Saturday

The 1975 annual staff at Galien High School is sponsoring a dance this Saturday night, February 15, after the Michigan Lutheran game. Out-of-town visitors are invited to attend. Admission is \$1.50 for the 9:30 to 11:30 dance in the old gym to music by Tanglewood.

## Lavinia Ladies Aid

The Olive Branch United Methodist church Lavinia Ladies Aid will meet Thursday, today, in the home of Mrs. Lawrence Kellogg at 1:30 p.m.

David Hemminger of Buchanan, was recently awarded a 1974-75 Adrian College scholarship in recognition of outstanding academic performance. He is also the recipient of a Michigan Competitive Scholarship.

Hemminger, an Adrian College freshman studying business administration, graduated from Galien High School in 1974. While at Galien, he was a member of the football, track and debate teams, yearbook staff, band, junior and senior theatrical production casts and Library Club.

At Adrian, Hemminger is active in the college's debate team and during the 1974 football season, was a member of the junior varsity squad.

The Adrian College freshman singled out Galien coach and guidance counselor Richard Bartz as one of the most influential personalities during his tenure as a high school student. Hemminger described Bartz as an educator who "respected students as young adults with the capabilities to think for themselves. Whether it was sports or educational counseling, Mr. Bartz was there primarily to present the many options available to a student."

Hemminger, the son of James and Patricia Hemminger, of 1755 Bakertown Road, Buchanan, stated his parents' moral support helped him realize the academic achievements for which the Adrian College scholarship was granted. "My parents," he said, "greatly encouraged me to continuously expand my knowledge and scholastic skills."

## Galien Study Club

The Galien Study Club met last Wednesday afternoon in the home of Mrs. Gladys Seyfred. "Michigan Tourist Camps" was the topic presented by Miss Lena Luther. Mrs. Marie Renbarger was in charge of the entertainment.

Mrs. Gordon Clark will serve as hostess on February 19 with Mrs. Ora Prenkert arranging lesson and Mrs. Clark the entertainment.

## Story Hour To Begin March 5
