## To Open 125-seat Cafeteria for Defense Workers June 7

### Around-The-Clock Cafeteria To Be Opened For Defense Workers

Charles T. Myers, former research and technical director for Cecil DeMille, and later associate and business manager for Noah Beery, of the famed Beery brothers, Noah and Wallace, arrived at Buchanan Saturday to supervise the installation of equipment in the cafeteria which is to be opened in the Community building adjacent to the two dormitories for Clark workers on East Fulton street, on some date the second week in June.

The cafeteria is to be completely outfitted with modern food preparation equipment. It will have a seating capacity of 125, which means it will handle a volume of from 360 to 500 diners per hour in a rush meal period. The institution is to be open to the public as well as defense workers clear around the clock. Myers will bring his own staff of cooks and all food will be "home cooked" i. e. it will be prepared in the restaurant. This includes all pastries.

During the years since he left the movie production field Myers has had an extensive experience in restaurant management on a considerable scale. He is in the business of managing federal cafeterias for war workers for the reason that the coming of World War II temporarily eclipsed the tourist restaurant and entertainment places with which he was connected in California.

Myers "got his foot in the door" in the food catering business when, as business manager for Noah Beery, he took charge of a palatial enterprise known as the "Noah Beery's Paradise Angling Club" in the high hill country some ninety miles from Los Angeles. The way Messrs. Beery and Myers went into the business in the movie way—thorough and large. They raised their own trout in an establishment that had 2,000,000 trout pointed for the mess hall at one time. The club included everything that goes with a top resort, including a riding stable, bridge paths, a cluster of tennis courts, cabins, and attractive places for lounging and eating.

For all of the above information Myers has adequate evidence in two large scrapbooks filled with pictures and clippings. Later he operated a restaurant that served only two things, lobster and lemon pie. It was located half way between Los Angeles and San Diego, and a mile from Capistrano, Calif. All of that business, depending on unlimited food and travel facilities, ended temporarily at least with Pearl Harbor.

Myers came here from Evansville, Ind., where he went last August to operate a large federal cafeteria, feeding 700 war workers daily.

He opened a second cafeteria there and then added promotion of entertainment. He managed dances three nights weekly from 9 p. m. to 1 a. m.

As research and technical director for Cecil DeMille, Myers learned how to do things when it comes to ways of doing things. As director of a famous silent film, "The Goddess Girl", back in 1928, he visited all of the state reformatory institutions for youth in the United States. In one of his scrapbooks he has copies of letters from governors of every state in the union, endorsing the show. Following those letters he has a choice assortment of snapshots of conditions in some of the juvenile reformatories which some at least of those same governors would not have been so glad to approve.

Quite a comedown—this operating cafeterias for defense plant workers?

Mr. Myers doesn't take it that way. He has a son, Staff Sergeant LeRoy Myers, with the amphibious engineers in the Pacific. He knows how to organize and operate large scale restaurants in short order and he says that stoking the energies of the men and women who are making the war equipment is about as serviceable employment as he can think of in these days.

### H. S. Writer Reviews Track, Field Sports

#### Four 4-Letter Men Produced At High School In Past Year

(Bill Blake)

The sports parade at B. H. S. has ended for the year. The closing phase was a baseball game on our home diamond, which we won 7-4, the victim being Cassopolis. With this victory our baseball team put Win Number Two on the books, both wins being on the home diamond. Our other win was over Dowagiac. Gene Wesner went the full length on the pitcher's mound in both games. Our losses were to Dowagiac, Washington-Clay and Benton Harbor.

Starter Gene Wesner came out of the season with two wins and three losses, while relief hurler Bill Blake is credited with two losses. As for strike-outs, Wesner collected 25 in seven games, Blake fanned 17 in five games and J. B. Anderson pooled 5 in two games. Leaders in the other departments are: Runs, Wesner, 5; Hits, Anderson, 6; Errors, Lew Striegler, 10; Strike outs, Norm Striegler, Walks, Wesner, 10; Stolen bases, Wesner, 6; Bill Lauver led in the hitting with 400 and the fielding with 1,000. E boys who won letters in this sport were: (Seniors) J. B. Anderson, Bob Heiermann, Don Stibbs, Don Voorhees and Lew Striegler; (Juniors) Gene Wesner, Bill Lauver and Norm Striegler; (Sophomores) Bill Blake, Bob Stark and Spencer Gibbs; (Freshmen) Don Gray. The first five boys, being seniors, will leave a big gap in our line-up for next year but with the up and coming material, which looks mighty good, and the returning lettermen, we should be able to really go places next year.

As for track, we have the same set-up. This being our first year the results of the meets didn't go in our way. But next year's prospects promise to bring much better results. One consolation to this is that we will lose only one senior from this year's team. That means that 11 lettermen will be returning for another try at it.

Chief point-getter for the season was Gene Wesner who garnered 11 1/2 points in four meets. Following him were Anderson and Owen Rifenberg each with nine points in four meets.

Boys earning their letter in this sport were: (Senior) J. B. Anderson; (Juniors) Bob Bailey, Louie Gray, Bill Hess, Don W. Holms, Bill Mattson, Max Polley, Owen Rifenberg, Gene Wesner; (Sophomores) Bill Blake, Kenny Mitchell, (Freshman) Hubert Harvel.

The school produced four all-around athletes this year. That is there were four boys who won a letter in each of the four major sports, football, basketball, track and baseball. These were J. B. Anderson, a senior; Gene Wesner and Bill Lauver, Juniors, and Bill Blake, a sophomore.

We wish to thank all the spectators and the band and all others who helped to promote sports in the high school.

#### Class '45 Gives Movie Projector To High School

The Buchanan high school graduating class of 1945 has given its alma mater \$200 toward the purchase of a motion picture projector, with the understanding that the school would complete payment. After this gift was made and all other bills paid, the remainder in the class treasury was given to the Salvation Army.

### Wallace Lewis Is Liberated From German War Prison

Relatives of Pfc Wallace E. Lewis received a notice in the past week from the U. S. War Department that he had been released from a German war prison. They also received a letter from Lewis himself written apparently the day in which he was liberated, stating that while he was writing 2,000 Germans were "marching by me with their hands toward the sky." He wrote that he would be home very soon and that he was very happy.

### Marion Hansen Is Enrolled In Army Nurse Corps

Miss Marion Hansen, daughter of Mr. and Mrs. Harold Hansen of Hillview avenue, Buchanan, graduating with the class of 1944 in the Cook County School of Nursing, Chicago, Ill., has become enrolled in the Army Nurse Corps. Miss Hansen successfully passed her State Board examinations in March and has been assigned for her basic training to Camp McCoy, Sparta, Wisconsin.

### Forrest Gimlin Is Killed In Action

Mr and Mrs A. B. Gimlin, 413 East Front street, received a telegram from the U. S. War Department Tuesday morning informing them that their son, Capt. Forrest Gimlin, had been killed in action in the Philippine area. No additional details are known.

### Lawn Furniture Wanted by V.F.W.

#### Used Lawn Furniture Will Be Reconditioned For Use Of Wounded Veterans

Anyone having any used lawn furniture in good condition or capable of being repaired and repainted is asked to notify Rolland Fisher, Tel 652, representing the Veterans of Foreign Wars and the Military Order of Cootees.

These organizations wish to collect such lawn furniture within the next ten days for use on the lawn of the "Purple Heart House" at the Percy Jones General Hospital in Battle Creek. The men of the above-mentioned organizations will repair furniture that is turned in to them. But they wish to get it just as soon as possible as it should be ready for delivery within ten days.

Lawn swings, chairs and benches are especially wanted. The "Purple Heart House" is a residence located near the Percy Jones Hospital at Battle Creek for the use of families of wounded veterans who may come there to visit them. If the wounded soldier is able to leave the hospital grounds temporarily it is planned that he will meet his relatives at this house and visit with them away from the atmosphere of the hospital.

### Glenn Neidlinger Awarded Bronze Star

Staff Sergeant Glenn B. Neidlinger, husband of Mrs. Daisy Reamer Neidlinger of Reamer's Market, has been awarded the Bronze Star for bravery in action. The incident for which the award was made is officially described as follows:

Staff Sergeant (then Sergeant) Glenn B. Neidlinger, 36150943, Corps of Engineers, 7th Engineer Battalion, United States Army, for distinctive heroism in connection with military operations against the enemy on 8 and 9 September, 1944, near Dornot, France. When our bridgehead forces across the Moselle River were in need of vital supplies, Sergeant Neidlinger, a gallant leader, volunteered to lead a detail to ferry the supplies across the swollen river. For two nights Sergeant Neidlinger continued to supervise the delivery of equipment and the evacuation of casualties despite enemy mortar and artillery fire. With utter disregard for personal safety, Sergeant Neidlinger himself manned a ferry to aid in the operation. His courage and skill under fire contributed immeasurably to the success of the bridgehead and reflect great credit on himself and the Corps of Engineers. He entered military service from Michigan.

### Suzanne McKinnon W M C Chairman Of June Breakfast

Kalamazoo, Mich.—Suzanne McKinnon, Buchanan, has been named general chairman of the committee which is in charge of the annual June Breakfast, which will be given by the Women's League of Western Michigan College Saturday morning, June 9, in the ballroom of Walwood Hall. This is one of the traditional events of the Commencement season on Western Michigan College campus. A feature each year is the Daisy Chain procession, which precedes the Breakfast.

### 3 Candidates File For School Board

There will be three candidates to fill two vacancies on the board of the Buchanan school district at the annual election on June 11, repetitions having been filed for Dr. H. M. Beattie, Philip Hanlin, and M. F. Surls. The vacancies are created by the expiration of the terms of Philip Hanlin and Lowell Swen. Lowell Swen declined to stand for re-election.

### City Continues 18-Mill Tax Rate

#### Estimate Needs Of City For Coming Year At Total Of \$88,423

At the annual budget meeting held by the City Commission Friday evening it was voted to continue the tax rate at 18 mills, which will amount to the total of \$89,300.70 when applied to the 1945 tax roll of \$4,961,550.

In setting up the annual budget for the coming year would total \$88,423.72. This budget was itemized as follows: General fund, \$37,208.62; Street fund, \$12,402.85; Interest and Sinking fund, \$14,883.45; Contingent fund, \$24,888.75.

The assessment of \$4,961,550 exceeds that of 1944 by \$267,450.

### Layne-Northern Company Starts City Pump Plant

Work was begun Monday by the Layne-Northern Company, Mishawaka, on the sinking of a 41-foot gravel pack well, at the site selected for the additional pumping station in Athletic park west of the softball diamond and south of the foot of Phelps street.

The well and pump are to be ready for a pumping test 30 days following the time of beginning on June 27, at which time it must be ready to raise the minimum of 700 gallons per minute required by the contract. The pump house is to be 10 feet square outside measurements and must be completed by not later than twenty days after May 28, the date of beginning. The Layne-Northern Company has the contract for the well, pump and pump house. A separate contract must be let for the installation of the mains that connect the additional supply with the city water distribution system.

The well is to consist of a 30-inch casing down to 18 feet to the top of the level of the water-bearing gravel and sand, and thence a 10-inch pipe down to the bottom at 41 feet.

The estimated cost of the entire installation, including the watermains, is \$25,000, of which \$10,000 was by grant from the Federal Works Agency.

### Meet To Consider Organization Of Chamber Commerce

A dinner meeting will be held at the Quinn Waters farm at 7:30 p. m. Tuesday, June 5, to enable Buchanan citizens to discuss the feasibility of organizing a chamber of commerce.

A nucleus of local business and professional men have recently been discussing the advantages of an organization of the chamber of commerce type, and this dinner is open to the general public who may wish to share in the discussion. If you are interested you are invited to see James Best or Atty. E. R. Desenberg for reservations.

### Oil Stove Smoke Damages Interior Mason Clark Home

Smoke from an over-heated oil stove did considerable damage to the interior and furnishings of the Mason Clark home Tuesday morning. His mother, Mrs. A. E. Clark, found the house filled with smoke when she went there about ten o'clock.

The fire department quickly responded to the alarm and there was practically no damage except from smoke. The house and contents are insured.

### Require Licenses For Bicycles June 1

Bicycle owners of Buchanan who have not yet purchased or renewed their licenses are warned that the matter must be attended to by June 1, or they must withdraw their vehicles from circulation until such time as the matter is attended to. The ordinance requiring such licenses had not been enforced during the past year because the city was unable to get license plates.

### Jack Knight Tells Story Of Typical Prayertime In Clouds

(Ed. Note—The following article was written by Jack Knight for a Chicago newspaper in 1921, shortly after he had won a nationwide acclaim in the government day-night air mail flight test.)

The air has been conquered for practical purposes. The air mail service during its period of operation has demonstrated that the day of extreme hazard in the air has passed.

Those of us who participated in the continuous cross-the-continent aerial mail delivery did our small share toward adding proof to this contention. The lives of us fifty air mail pilots ought to be as safe as risks for an insurance company as are the lives of taxicab drivers, or you Chicago people who must constantly be darting through the traffic of crowded streets.

I say "ought to be as safe as risks." I admit that our death rate at the present may be a trifle in excess of what it should be. But the day is about here when our efficiently trained pilots will be permitted to take the air alone and when equipment will be all that it should be.

Four of our best pilots have been lost because they took up ships that were no good. I am glad to see that the department at last has formally ordered to the junk heap what remains of the seven German all-metal ships which had the trick of burning up in the air.

Just by way of setting down the exceptional danger against the rule of comparative safety, I'll describe a typical instance of a prayertime above the clouds.

I was flying the air mail route east from Cleveland. My first landing was to be at Bellefont, Pa., beyond the first fringe of peaks of the Alleghenies. Weather reports, flashed from Bellefont just before I took off, told of cloud banks that covered the mountain tops. I remained in Cleveland.

As I approached the mountains I climbed 1,000 feet to 8,000 feet. I sailed over the edge of the mountain range. I knew I was above the mountains because I reckoned the distance I had covered.

But I couldn't see the mountains. Not a trace of earth was visible below. I was soaring over piled up snowy cloud heaps, the tops of which glittered under the sun, the rays of which could not filter to the gloomy mountains far under me.

It's a sight common to those of us who fly regularly—a world floated with glistening puffs of white. But it's a beauty of which we never tire. And progressing just ahead of me—but under me—was that weird phenomenon of refraction, the shadow of my plane upon the clouds, taking the form of a cross and encircled in a corona of rainbow coloring.

Perhaps I gave too much attention to the picture. At any rate I awoke suddenly to the realization that I must be over Bellefont and that I had wasted so much gas that I did not dare try to make a return to Cleveland.

I had been two hours above the clouds. I had to get down to earth. But I knew those mountains under me. They are beautiful when you view them looking up from the valley. They are death when you look straight down upon them with a gas tank that is exhausted.

Of course, I probably could have got down had the clouds been away. But I realized the clouds clung about the mountain peaks as closely as does snow grip the hills in winter. I had had friends in the air game who had smashed out their lives just as I was certain I was going to lose mine. I thought of these old boys as I lingered yet a few minutes longer and used up more of my precious gas.

The air mail service requires reports from its pilots. I preferred that the report which would have to be received on my death should be accurate. I pulled an envelope and pencil from my pocket. Holding the ship in flying position by my knees, I scribbled out what I believed would be my last report.

"From my compass course I estimate that I am just about above Bellefont," I wrote. "I am practically out of gas. My ship No. 1 is — and my watch shows the hour to be —. As I descend a trifle, the fog becomes so dense that I am unable to see my wing tips. I am cutting off my motor. I am going down."

I dropped from 8,000 to 7,000 feet. The clouds encompassed me.

### Commencement For Class Of '45 Staged Tonight

#### Wm. Rainey Bennett Delivers Address On "Design For Living"

William Rainey Bennett, the International Representative of all departments of the Illinois Department of Welfare, Springfield, Ill., comes back after ten years to address here at the graduation exercises for the class of 1945, of the Buchanan high school, to be held in the auditorium at 8 p. m. Thursday evening, May 31.

Mr. Bennett was the commencement speaker for the class of 1936. This time he announces that his theme will be "Design For Living." At present his work brings him into frequent touch with the affairs of civilian young people, and also with the rehabilitation of soldiers.

The program will be: Processional, by Junior High School orchestra; Invocation, by Rev. Melvin M. Martin; "Wind Moods" sung by Buchanan high school chorus; Address, "Design For Living", by William Rainey Bennett; "Battle Hymn of the Republic", sung by high school chorus; Presentation of Class of 1945 by Principal P. T. Bailey; Presentation of Diplomas by Dr. J. C. Strayer; Processional, by Junior High School orchestra.

### Mrs. Emma Beal Dies At 75 Years

Mrs. Emma Beal, 76, mother of Mrs. Charles Ellis, died at the Clear Lake Woods Rest Haven at 4:15 a. m. Friday, May 25, after a long illness.

Funeral services were held at the Swann Funeral Home at 2:30 p. m. Sunday, May 27, with Rev. Melvin M. Martin in charge. Pallbearers were: Roy Pierce, Harry Post, Warren Juhl, Leonard Dalenberg, George Steinger, Clifton Fay.

She was born Jan. 2, 1869, in Rochester, Ind., the daughter of William and Leah Ream. She married Melvin L. Beal June 2, 1889, in Rochester, Ind. He died April 15, 1916. Mrs. Beal came to Buchanan to make her home with her daughter, Mrs. Charles Ellis, 22 years ago. She had been afflicted with the Evangelical church at Rochester, Ind.

She is survived by one daughter, Mrs. Charles Ellis; by one sister, Mrs. Mell Wertberger of Rochester, Ind.; by one brother, George Ream of Rochester, Ind.; by two grandsons, Sgt. Robert Ellis of Los Vegas, Calif., and Cpl. Richard Ellis of Germany; by one great grandson, Ned Joe Ellis. One grandson, James Ellis, died in France in August, 1944.

### Edward Collins, 76, Caretaker Madron Scout Camp, Dies

Edward Collins, 76, caretaker of Camp Madron, summer headquarters for Boy Scouts of the Berrien-Cass-Van Buren area, for the past 15 years, died in Pawating Hospital, Niles, Saturday following an illness of three weeks.

He was born March 22, 1869, in Eusey, Ill. He married Gertrude Landreher in St. Joseph, Mich., on July 20, 1920. She died Feb. 14, 1944.

He is survived by two daughters, Mrs. Marie Herrmann of R. 2, Buchanan, and Miss Beverly Collins of Racine, Wis.; by one son, Herbert D. Collins of R. 2, Mishawaka, by eight grandchildren and three great grandchildren.

The funeral was held at the Swann Funeral Home at 2 p. m. Monday, May 28, 1945, with Rev. Grant Jordan in charge and burial was made in Oak Ridge cemetery. Members of the local Sea Scout troop acted as pallbearers.

### Capt. Harry Banke Will Teach In Paris Army Univ. Center

Capt. Harry Banke, son of Mr. and Mrs. Harry H. Banke, 211 Chippewa street, will teach in the Army University Center in Paris, France, this summer and is now receiving his indoctrination course there.

Serving in the Ordnance division of the 9th Air Force in France and Germany since E-Day, Capt. Banke has been overseas since October, 1943. Before enlisting in March, 1942, he taught English and history in the high school at Garden City, Mich.

Mr. and Mrs. Banke have three other sons in the service. Cpl. Jack Banke writes that he has been given points to be eligible for release from the army. Overseas since October, 1943, he is serving in the Third Armored Division of Gen. Hodges' First Army. His unit went into Normandy on E-Day and on Sept. 11, 1944, he was wounded in action in France while operating a half-track. He has received the Purple Heart and has several battle stars. He entered service in June, 1942. Cpl. Fred Banke is in England and Pvt. Robert Banke is stationed at Camp Robinson, Ark.

### Daily Vacation Bible School To Commence June 15

The Buchanan Council of Churches is sponsoring the Daily Vacation Bible School again this year to be held June 4 to June 15. The school will again be held in the High School building. The hours of meeting are from 9 a. m. to 11:30 a. m. daily. The age groups will be those from the age of four years to and including the sixth grade, or the Junior age group. A well-rounded program has been arranged and will be under the leadership of a fine staff of teachers. Music and handicraft will also be a great feature. The music will be in charge of Mrs. Claude Imhoff. Other teachers are as follows: fifth and sixth grades, Mrs. Dick Bachman, Miss Billy Lou Lamb assisting; third and fourth grades, Mrs. Rizor, Marjorie Bouws assisting, the first and second grades, Mrs. Enos Schram. The kindergarten group will be taught by Mrs. Chester Collings and Mrs. Kretschmer. Other assistants also are helping with all the ministers cooperating.

To make this a successful vacation church school we need the cooperation of all the parents in seeing that the children will be on time each day. We want to help train them to be children who will grow up to be men and women of high character which is a thing that will be greatly needed in the years to come. If any questions arise, call one of the ministers, or the dean of the school, Rev. Kretschmer.

News of the death of Mrs. Clyde DeViney in Rockford, Mich., where her husband, Rev. Clyde DeViney, is pastor of the Methodist church. Rev. DeViney is a former well-known resident here and a graduate of the Buchanan high school.

## MEMORIAL DAY 1945

By Ruth Taylor  
Memorial Day is not a holiday but a holy day. Memorial Day is a pause in which to remember those who died in all our wars, those who perished in the last great holocaust, as well as those who are dying in the inferno of the present war.

Memorial Day is a solemn duty—one for which we, as a nation, should objectively consider the mistakes of the past, and calmly face the problems of the future, resolving that never again will we pay the price of a neglected duty.

Memorial Day is a day on which we are not only Americans. We do not think of celebrating it by groups of class or race or creed. Whatever group loyalties bind us at other times—on this day of the year we are only brother Americans.

In his tribute to the late President of the United States on last Columbus Day, the Attorney General said "The Commander-in-Chief knows men and he knows war; and he knows the American people. He knows that there is no question of race on the beachheads and no question of creeds in a foxhole. He knows that, as every race and creed have mingled in our streets—every race and creed has burned at Arlington.

In war we are all one people. Our boys do not die as rich or poor, workman or employer, black or white, native born or naturalized citizen, Protestant, Catholic, or Jew. They die as Americans. We honor them as Americans who gave their lives that there might not perish from the earth the ideals of justice and liberty for all men, regardless of their race, creed, color or previous condition of servitude. They have earned for their sons and daughters—and for their neighbors—sons and daughters—the right to live and prosper as Americans.

The one great honor we owe those who have died, the only memorial that is worth the building, is the preservation of the things for which they fought, the maintenance of that unity of purpose as Americans, which must be the cornerstone of the world of tomorrow. The unity that was won on the beachheads, the unity that was fused in the foxholes, the unity that lies buried in Arlington and in unmarked graves all over the world, is the unity that we must preserve in the days to come.

Memorial Day is a holy day. And on this day we must renew our pledge to those who have gone on, that we may be worthy of the sacrifice which they, our fellow Americans, have made.

**ORDINANCE NO. 75**  
 AN ORDINANCE to amend Sections II, IV and XI of Ordinance No. 73, adopted September 11, 1944, entitled "An Ordinance setting up the Water Works Department as a separate department and providing a way to make needed repairs and additions to the wells, pumps and mains."  
**THE CITY OF BUCHANAN ORDAINS**  
 Section 1 Sections II, IV and XI of Ordinance No. 73, adopted September 11, 1944, entitled "An Ordinance setting up the Water Works Department as a separate department and providing a way to make needed repairs and additions to the wells, pumps and mains," are hereby amended to read as follows:

"SECTION II The City further ordains that the Federal Work Agency has proposed to pay one-half the cost of certain improvements included in such plans and specifications, and the estimated cost of such improvements to which the Federal Work Agency has agreed to contribute is \$34,308.00, of which the City would have to raise \$17,154.00 to pay its share of the cost thereof; and there are other improvements and repairs included in the plans and specifications, to which the Federal Work Agency will make no contribution, and the estimated cost of such improvements and repairs which the City will have to pay in full is \$2,346.00, making the total cost to be paid by the City \$20,000.00, a sum greater than can be raised by tax in the City. It is therefore determined that said sum of \$20,000.00 be raised by the issue of self-liquidating Revenue Bonds under Act No. 94, Public Acts of Michigan, 1933, as amended.

"SECTION IV The City of Buchanan further ordains that all water bills shall be paid to the City Clerk, who shall make a report on each month by the City Clerk to the City Treasurer, who, in turn, shall deposit such money in the Union State Bank of Buchanan, Michigan, in four separate funds, as follows:

**(A) OPERATION AND MAINTENANCE FUND:**

There shall first be set aside out of the gross revenues amounts sufficient for the payment of the current reasonable and necessary expenses of operation, administration and maintenance of said Water System. The amount so paid into said fund all revenues after making provision for the Bond and Interest Redemption Fund until a reserve of such amount as the City Commission shall deem necessary for contingencies shall be established and maintained.

**(B) BOND AND INTEREST REDEMPTION FUND:**

There shall next be established and maintained a Bond and Interest Redemption Fund, which shall be used solely and only for the purpose of paying the principal of and interest on the Revenue Bonds hereby authorized. During each month, out of the gross revenues, after providing for the Operation and Maintenance Fund, there shall be set apart and paid into the Bond and Interest Redemption Fund a sum equal to one-twelfth of the total amount of principal and interest falling due during the next twelve months. There shall also be set aside and paid into the Bond and Interest Redemption Fund a sum equal to twenty per cent (20%) of the regular monthly payment until a reserve is accumulated equal to the interest and principal falling due during the following eighteen (18) months. Such reserve shall be held in the Bond and Interest Redemption Fund and used solely for the payment of principal and interest on said bonds if current revenues during the next twelve months shall be insufficient. Provided, however, that no further payments need be made into said Bond and Interest Redemption Fund after enough of the bonds have been retired so that the amount then held in said Bond and Interest Redemption Fund (including such reserve) is equal to the entire amount of the interest and principal which will be payable at the time of the maturity of all of the bonds, then remaining outstanding. If in any fiscal year the City shall fail to pay into the Bond and Interest Redemption Fund the full amount hereinbefore stipulated, then an amount equivalent to such deficiency shall be set

apart and paid into said fund from the first available revenues of the following fiscal year.

**(C) DEPRECIATION FUND:**

Out of the remaining gross revenues there shall be set aside surpluses sufficient, according to recognized standards, to build up a reasonable reserve for depreciation of the System.

**(D) CONTINGENT FUND:**

Out of the remaining gross revenues there shall next be set aside such sums as the City Commission may deem sufficient to build up a reserve for reasonable and proper improvements, betterments and extensions to the System.

Any surplus revenues not otherwise appropriated by this Ordinance may be transferred to the Operation and Maintenance Fund or to the Bond and Interest Redemption Fund, or may be reserved for future extensions and improve-

ments "SECTION XI. The bonds and coupons authorized by this Ordinance shall be in substantially the following form:

**UNITED STATES OF AMERICA STATE OF MICHIGAN COUNTY OF BERRIEN CITY OF BUCHANAN WATER REVENUE BOND**

No. \_\_\_\_\_ \$1,000.00

KNOW ALL MEN BY THESE PRESENTS that the CITY OF BUCHANAN, Berrien County, Michigan, for value received hereby promises to pay to the bearer, or if registered, to the registered holder hereof, but only out of the revenues of its Water System, including all appurtenances and extensions thereto, the sum of ONE THOUSAND DOLLARS, on the first day of July, A. D. 19\_\_\_\_, with interest thereon from the date hereof until paid at the rate of \_\_\_\_\_ per cent per annum, payable semi-annually on the first day of January and July of each year, on presentation and surrender of the proper interest coupons hereto annexed as they severally become due. Both principal and interest of this bond are payable in lawful money of the United States of America at the office of the City Treasurer, Buchanan, Michigan, and for the prompt payment thereof the gross revenues of said Water System, including all appurtenances and extensions thereto, after provision has been made for reasonable and necessary expenses of operation, administration and maintenance, are hereby irrevocably pledged, and a statute lien thereon is hereby created.

This bond is one of a series of twenty bonds of like date and tenor except as to date of maturity aggregating the sum of \$20,000.00, issued pursuant to the authority of Act No. 94, Public Acts of Michigan, 1933, as amended (which bonds do not constitute an indebtedness of said City of Buchanan within any State constitutional provision or statutory limitation), and of an Ordinance of said City, being Ordinance No. \_\_\_\_\_ adopted by the City Commission on September 11, 1944, as amended by Ordinance No. \_\_\_\_\_ adopted May \_\_\_\_, 1945, for the purpose of extending and improving the Water System of the City.

This bond may be registered as to principal only in the books of the City Treasurer in the name of the holder, and such registration noted on the back hereof, after which no transfer shall be valid unless made on the books and not on the back hereof in like manner, but transferability by delivery may be restored by registration to bearer. Such registration shall not affect the negotiability of the interest coupons.

This bond is a self-liquidating revenue bond, and the principal of and interest on this bond are exempted from any and all State, county, city, incorporated village, municipal and other taxes whatever under the laws of the State of Michigan, and is secured by the statutory lien created by said Act No. 94, Public Acts of Michigan, 1933, as amended, and is payable solely from the revenues of said Water System of the City of Buchanan, including all appurtenances and extensions thereto, and is not a general obligation of the City.

The right is reserved of redeeming any or all of said bonds at par and accrued interest in inverse numerical order on any interest date before maturity, on thirty days' notice by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of the sale of municipal bonds.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and in the series of which this is one exist and have been done and performed in regular and due time and form as required by law.

IN WITNESS WHEREOF, the City Commission of the City of Buchanan, Berrien County, Michigan, has caused this bond to be signed in its name by its Mayor and countersigned by its Clerk and its corporate seal to be affixed hereto, as of the first day of June, A. D. 1945.

**Buchanan Wins 7-4 Baseball Game From Cassopolis**  
 By Lewis Striegle  
 The Buchanan nine won their last game of the season Tuesday when they defeated the Cassopolis nine by a score of 7 to 4 on their home diamond.

The Bucks clinched the game in the bottom of the sixth inning when Wesner's and N. Striegle's consecutive doubles banged in 3 runs.

Wesner's brilliant pitching was backed by some of the best fielding displayed by the Bucks this season, despite their loss of their regular second baseman, Don Gray.

Burmester, the picture for Cassopolis marked up 14 strikeouts for himself and issued only four hits.

**Asks For Closer Relation Between Teacher, Community**  
 Members of the Parent-Teacher Association meeting Wednesday evening in the school gymnasium heard an interesting talk by Dr. Leonard V. Burge, head of the training school department of Western Michigan college, Kalamazoo. He told members that there must be a closer relationship between teachers, parents and other persons in the community in working out problems in the schools. He stressed the point that those not having children in school should be interested in school problems.

Dr. Burge gave a brief report of his recent survey of local schools and led the general discussion on "You Should Co-operate With the School by Helping Your Child Learn to Read." Problems in connection with the new school and the difficulty in assignments at the close of the current school year.

This was the final meeting of the year and a potluck supper was served. More than forty attended. Mrs. Clifford Shafer was in charge and was assisted by Cub Scout Den mothers. Cub Scouts were guests.

**YOUR NEXT MEAL AND FARM ELECTRIFICATION**

SO FAR, the farmers of America have successfully waged the battle of food production. They have supplied our armed forces, our Allies and the civilian population as well, and this has been done in spite of shortages of manpower and farm machinery. To some degree the burden has been eased on farms where electric power is substituted for sons and daughters and hired hands who have gone to war. All of this heroic effort by farmers merits our grateful appreciation—it spells more food in the city dweller's market basket.

Many, many years ago, this company developed a plan suited to bringing electric service to farms in the area we serve so that before the war a majority of these farms were electrified. Farmers as a class are skilled operators and they appreciate the value of knowledge in other lines of business. They know that we have the skill that is backed by half-a-century of experience and includes sound engineering, durable construction, huge modern plants for the production of electricity and alert workmen capable of making repairs promptly after fire or storm or flood. They know that our rates for electricity on the farm are the same low rates available to city dwellers.

Since Pearl Harbor, government restrictions on scarce material have prevented the full-scale continuation of our rural electrification program, but as soon as restrictions are removed from materials critically needed for war, we will extend our lines to ever increasing numbers of farmers.
