Fine Fall Weather Aids Successful Completion of Bumper Harvest

Bumper Potato Crop Harvested Without Loss

Average of 404 Bushels is Harvested From 17-Acre Field

Harvest of a bumper potato crop has been completed in the Buchanan district without loss from freezing, yields up to 400 bushels per acre being reported. The largest yield reported was an average of 404 bushels per acre from 17 acres of Rural Russets on the Koenigslof farm. The first of the late crop was sold at \$2 to \$2.25 per bushel, and the crop is now moving at \$1.75 to \$2. The soy bean crop is now being combined with very satisfactory yields of from 20 to 25 bushels per acre, grading No. 2 for the most part, and selling at \$1.80. Several combines are at work in the local farming district this week, weather conditions being favorable. About one third of the corn has been harvested, nearly all by corn pickers. A good yield of fair quality is reported. Winter wheat is reported to be looking very well, an increase of over 10% being reported in planting in this district. The price received to \$1.53 on the local market, owing to the markdown of the wheat ceiling by the government. Lowest temperatures of the season were reported Wednesday morning when the minimum mercury recording at the Ind. & Mich. Electric Company was 23 degrees above.

3 Banke Brothers Reunite in London

Mrs. Ralph J. Banke, nee Mary Skinner, received a letter Tuesday from her husband, Cpl. Ralph J. (Jack) Banke, in England, which said in part: "I was lucky the week-end I got to London for I met Fred and Harry. Boy, it was good to see them! They are both looking fine. Harry says he likes it over here, but Fred and I have had enough of this 'limey' climate. We were on a sight-seeing tour of London. It was all very historical and interesting but not worth leaving the United States to see. The subway and the airplanes are all that are modern over here. The taxis look like a hold-over from the last war. We went across London bridge and then under the Thames River through the tunnel. We saw Buckingham palace and went through Westminster Abbey. I remember a year ago when I was home on furlough? Boy, I hope the war is over so I can be back in the U. S. this time next year. Loads of love, Your hubby, Jack."

Maroons Lose To South Bend Lions

Jerry Marsh The South Bend Lions defeated the Maroons 34-26 in the last home game here Friday evening the contest being played during a snow storm, and marked by fumbles and intercepted passes. In the first five minutes of the game Topash threw a 30 yard pass that was completed by Sibbs in a touchdown for the first time in the game. Kaniwski scored a touchdown for the Lions from the five yard line. It was then a tie 7-7. Kaniwski threw a 15-yard pass and he tumbled on his own 10-yard line. The Bucks were quick to recover. A pass thrown by Topash was intercepted by Ubasaki and ended in a touchdown for the Lions. The score was then Lions 14, Bucks 7. Pryzbyl intercepted another of Topash's passes and made another touchdown. The Bucks again scored in a 40 yard pass to Sibbs from Topash. The score was then 20-14. Kaniwski ran 30 yards for a touchdown and Sibbs again scored for the Bucks. Kaniwski again came back to score another touchdown. Bucks line-up: Jack Miller le, Dennis Bromley lt, Eugene Stinger lc, J. B. Anderson c, Gordon Barnhart rc, James Anderson rt, Bill Blake re, Louis Gray qb, Bob Topash lb, Don Stibbs rb, Don Metzgar fb.

Special Thanks Service Planned At C. S. Church

As is customary in all Christian Science churches, a special Thanksgiving service will be held on Thanksgiving day in the Christian Science Church in Buchanan at 11 a. m. Following the usual order of service there will be a brief period in which members of the congregation may express their gratitude for healings and other help which they have received during the past year. The golden text from Psalms 116:12, 17, will be very appropriate for the occasion and reads: "What shall I render unto the Lord for all his benefits toward me? I will offer to thee the sacrifice of thanksgiving, and will call upon the name of the Lord."

Two Old Buddies Of US Navy Are Reunited Here

During the latter part of last week there was a rather curious coincidental meeting of two former navy men. Clarence McIntosh, and Oliver Coultas, son of Mr. and Mrs. Hosea Coultas, 112 W. Smith they went to Great Lakes in the same group on Nov. 28, 1942, to enter their six-weeks of boot training. From there they went to gunnery schools for several weeks of training and thence both went "unbeknownst" to the other, to New York City to be assigned to cargo ships. Oliver Coultas' ship went out first, on a long voyage to Persia with war supplies. But right after Clarence McIntosh's ship left, bound for the same port they went first to Panama Canal, taking 12 days, thence on a 40-day voyage to Australia, thence to the port of Khurmsharhr, Persia. They spent several days in Persia. McIntosh tells of riding through the Persian desert in an army jeep in heat that registered 200 degrees. They saw old Bagdad and the traditional Garden of Eden. They saw thousands of Arabs, who called American soldiers and sailors "Johnny Yank". From there they went on a long sea voyage around the Cape of Good Hope, South Africa. McIntosh said that his ship was caught in an eight-day storm in the "Roaring Forties" after rounding the Cape of Good Hope into the Atlantic Ocean. So violent was the storm that at one time their vessel listed to a 60-degree angle. After nearly capsizing several times they finally emerged safely. They visited all the main ports along the east coast of South America, including Buenos Aires and Rio-De Janeiro. In all they traveled 33,778 miles by sea, encircling the world.

Lecture Closes Lyceum Series of Talk of Hour Club

Dr. Richard Struna, formerly wealthy industrial leader in Czechoslovakia, will present the last number of the lecture series sponsored by the Talk of the Hour club at the Buchanan high school auditorium Monday evening, Nov. 22, his talk dealing with Russia. Dr. Struna, who returned to the United States in June 1941, after having lived under Hitler and the Gestapo for two years, is the season's current lecture sensation. His brilliant interpretation of the Russian scene have won him much acclaim, because his analyses and predictions have been almost 100% correct. Although Dr. Struna was born in Czechoslovakia, he is now an American citizen. He received his education in Europe and America. He is a noted linguist, speaking several languages, including the Russian. As a physician he practiced medicine in the United States. For the past few years he has been president of one of the largest privately owned industrial enterprises in Czechoslovakia. As a journalist he has contributed to various periodicals in this country and Europe. In World War I Dr. Struna was an officer in the Australian and Czechoslovakian armies. For two years he fought on the Russian front. For another two years he lived in various Russian prison camps as a prisoner of war. He learned about Russia the hard way. Dr. Struna is also well acquainted with Scandinavia and Finland, and has traveled extensively all over Europe and the Middle East. Since 1934 Dr. Struna has had occasion to make a very close study of Hitler at work. His position as an industrial executive in Czechoslovakia brought him in close contact with many leading Russians and Scandinavians, in addition to the German Gestapo. All this has given him a wide understanding of Europe generally, at war and especially Russia, the German Gestapo and the German morale.

P. T. A. Staging Benefit Drive

The Buchanan Parent-Teacher Association is staging a P. T. A. benefit drive which started yesterday and will continue through next week to finance the various activities sponsored by the organization, not including the milk fund. The association states that while the boys in the armed services of the nation are deserving main attention, and more than they receive, it is still obligatory on us not to forget the physical, mental and social welfare of the boys and girls at home. The local P. T. A. aims to do this through its various sponsored projects, including the kindergarten clinic, the Girl Scout movement and the Buchanan Youth Council. The P. T. A. finance committee, headed by Mrs. Clifford Shafer, will place milk bottles in a dozen business places in the downtown section. The consideration and cooperation of the community will be appreciated, both by the organization and by the children and youth of the community.

Tales of An Old Town

An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

Fred Richter Well, friends, and especially you old timers that are still dragging around and waiting for the call to the "unknown land", put on your specs and read this article, which comes from the old "historian and chronicler of Dayton" today and chronicles of Dayton.

Those titles were, of course, bestowed on me by "my" editor, and am I proud of them? Very much, although I am not deserving of them. It was only recently through the kindness of Postmaster Renbarger of Gahen that I came into possession of several papers dealing with the early history of School Dist. 1, Bertrand township, which is of course the Dayton district. These old papers were handwritten, some dated, and some unfortunately not. But the oldest dates back to the year 1859 and the most recent to 1858. Well, 85 to 91 numbers have passed since those papers were first written.

Mr. Renbarger says that those papers were in possession of his grandmother, Mrs. Louisa Martin Renbarger, for many years. Her parents were Mr. and Mrs. John P. Martin who were in those days pioneers living a half mile east and a quarter mile north of Dayton. A son, Wesley Martin, lived there later for many years. Other children in the Martin family were Nancy, William and Minerva, and possibly others. The mother, Mrs. John P. Martin, was a sister of William Burris, also a pioneer of the Dayton district. The Martins lived, as was usual, in a log house first, building a frame house about 1875. This house still stands, although it has not been lived in for several years.

After Mrs. Martin died, these papers passed into the possession of Postmaster Renbarger's father, John Renbarger. John Renbarger was for many years baggage man and brakeman on passenger trains on the Michigan Central. He lived in Kalamazoo. When he died several years ago they passed into the possession of his son, Carl Renbarger, Gahen postmaster, who passed them on to this writer.

Well, I have kept you waiting quite a while as to what was in the papers. They contain principally contracts with teachers, contracts for leasing a building for school use, later building a new school and other resolutions adopted by the board. The following teacher's contract, copied from the original, may be interesting and also amusing to present teachers. It reads: "It is agreed between Philip Redding, director of school district No. 1, in the township of Bertrand, and Mary Ann Sanford, school teacher of the township of Bertrand, that the said Mary Ann Sanford is to teach the primary school of said district for the term of 66 days, commencing the 2nd day of August, 1852, and is to teach for One Dollar and Seventy-Five cents per week, and board around amongst the schoolers, to which we set our hand and seal Philip Redding, Director, Mary Ann Sanford, Teacher."

Spelling, for all the talk about the prowess of the old time spellers, was not perfect as you will notice. This is the oldest of the contracts. Is there any one living who remembers either the director or the teacher? I hope so. Another teacher's contract made later seems to indicate that business was getting better; also that the population was probably increasing. The contract called for a term of 22 weeks, for which the school board agreed to pay the teacher the sum of \$132 dollars in full for teaching the entire term. This contract was signed by Alexander DeArmond, director, and Catherine A. Holmes, teacher. It was approved by Nelson Redding, assessor. It is not dated. According to information which I have received from others, Catherine A. Holmes was a sister of Louisa Holmes Marble, wife of John Marble, Sr., pioneers of the Cottage Hill district many years ago. Catherine Holmes was also a sister of Enos, John and Daniel Holmes, well known by older residents around Dayton and Buchanan.

Schools Donate \$566 To Drive

A total of \$3,564.88 had been collected in the War Relief Fund drive by Tuesday, Nov. 16, according to Charles H. C. Stark, the total being nearly \$650 under the quota of \$4,200 set for the community. The drive continues until Nov. 25, and an opportunity will be given for Buchanan to reach or exceed the quota, as nearly all other cities and communities in this section have already done. A notable record was made by the Buchanan schools, of which pupils and faculty contributed a total of \$566.54. In addition the seniors collected \$325.09 in their house to house canvass Friday, making a total of \$891.63 due directly or indirectly to the efforts of the schools. Itemized by departments the contribution of the schools was as follows: 11th grade \$55.87, 11th grade \$45.36, 10th grade \$89.55, ninth grade \$85.25, eighth grade \$44.02, seventh grade \$46.25, elementary grades \$40.94, faculty \$159.50, total \$566.54.

Makes Knives For Men in U. S. Navy

If anyone in Buchanan has any sort of long-bladed knife, blade from 4 to 8 inches, that they do not need, such knives are urgently needed by men in the navy, according to J. J. Jacobs, U. S. sailor now employed at Clark's sawing call for return to service. Many Buchanan people will also testify that sailors are asking relatives to get them such knives. The implement can be carried with them on sea or shore duty and has a variety of uses when the service man is on his own on land raids. Jacobs has had special moulds made and is making knives for sailors wherever he can get proper metal. He has sent 25 knives to men in the navy, some to men he knows, others to a general address at Portsmouth, Va. He states that if anyone has a knife he does not need, he can give it to Jacobs to be sent, or if he prefers, Jacobs will give him the navy address and he can send it himself. Jacobs' address is: J. J. Jacobs, 205 N. Portage, Tel. 127.

Mrs. Elinor Juhl Is Named Chairman Of Clothes Salvage

Berrien County today joins the nation in an intensive two week drive for the collection of old clothing to be sent overseas to countries liberated by Allied advances. Word from these countries tells only a small part of the suffering which families there are enduring. America is undertaking the job duty of this winter campaign from November 23 thru December 4 of providing a generous share of the clothing which will be delivered to liberated peoples as the Allied armies press forward. Housewives are asked to go through the attic and storage closets and sort out any worn, out-moded clothing for which their families have no use. No clothing which can be used here should be turned in, for it is important to conserve our own supply, as well. "We do not want to turn in clothing which our families can possibly use," Mrs. Wm. McKinley, Chairman of the Berrien Co. Home Salvage Committee said today. "However, where you are certain that a garment is too small, worn, or outmoded to be of use in this time so that it can bring comfort to some person overseas." All churches in Buchanan, as well as Mrs. May Eisenhart and Mrs. Elinor Juhl are participating in this drive, acting as depots to which old clothing may be taken. We feel that there are plenty of serviceable garments packed away here, and we want to bring them to light at this time. "It doesn't matter how small your contribution may seem to you," she said, "if you can find a wool jacket which your boy wore two or three seasons ago, there's a youngster in Greece or Poland who someday will wear it. Baby things are needed, even a pair of wool mittens, a bonnet or wool blanket, so whatever you find, don't hesitate to get it in." It is urgent that clothing in the home be checked as rapidly as possible. The individual home-maker is asked to take those garments which she wants to contribute to the drive at her church, or to turn them in at the depot set at Buchanan, and which will be disclosed at a later date.

Don't neglect your Health—it's the Nation's Wealth!

You've often heard the old
 saying, "Health is Wealth!"
 And it's truer now than ever
 before. Literally, your health
 is the nation's wealth. In these
 important times, our country
 needs each individual's best
 efforts. But you can't put forth
 your best if you are hampered
 by poor health. So—guard
 your health! Get well—and
 keep well! See your physician
 at the first sign of illness and
 bring his prescription here for
 accurate compounding.

HOLLYWOOD

Trevor Figure Streamlined For Role as Welder
-Clarre Trevor had to shed ten pounds for her role in "Good Luck Mr. Yates," the Columbia picture playing at the Hollywood theatre Thursday, Friday and Saturday, Nov. 18, 19, 20. She plays the part of a breezy, streamlined war plant worker—a strictly 1943 model girl—and she went right out and lost the excess weight in good time and without moaning and groaning.

Clarre seems to be absolute master of her figure. The reason she had the extra pounds was her previous picture "The Desperadoes." Her part in this was described as "an opulent looking lass" so Clarre became an opulent lass. Then as soon as she finished that one she was immediately ordered into the streamlined role of "Good Luck Mr. Yates."

She tailors her figure at will, and her method is the calory counting one. She claims it's tops in diets.

Other members of the cast, besides Miss Trevor, include Edgar Buchanan, Jess Barker, Tom Neal.

Have You Seen The Dingle Bob?

The coy "scolding locks" coiffure, popular among debutantes at the turn of the century, is brought back on the brow of Charles Coburn in his role of an erratic English author in Columbia's bright new comedy, "My Kingdom For a Cook," to be seen at the Hollywood Sunday and Monday, Nov. 21, 22.

For his role, Coburn affects a carefully-caressed curl twining down on one side of his forehead. Set dresser Hazel Keats declares it's one of the hardest knock-knacks she's ever had to cope with.

On an average shooting day, she combed the one little curl 38 times, to be sure that it looked as though Coburn hadn't combed it. It was much more trouble than the exquisite coiffure designed for Marguerite Chapman, who plays a leading role in this new laugh feast—which is, by the way, a fitting follow-up to Coburn's amusing "Mr. Dingle" of "The More The Merrier."

Pearl Harbor Vet Put Robinson Thru His Paces

Edward G. Robinson, star of Columbia's "Destry," playing at the Hollywood Tuesday and Wednesday, Nov. 23, 24 should act like a dyed-in-the-wool Chief Boatswain's Mate in this new picture. His personal technical adviser, who spent some time putting him through the paces was Chief Boatswain's Mate Joe Kavel, who has 23 years of Navy service to his credit.

Hunters Urged To Save Tallow From Deer Kill
Berrien hunters are again urged to remember to save tallow taken from deer killed this season in a statement issued today by Mrs W M McKinley, chairman of the county women's salvage committees.
The tallow can be saved with very little trouble, Mrs McKinley said, and should be rendered and taken to local butchers, who will turn it over to the salvage organizations. The fat thus obtained is used in making glycerine, badly needed in war industry.

War Problems Are Leading Cause of Child Delinquency
A total of 81 children's cases passes through the juvenile division of the probate court in September, according to the monthly report of Judge Malcolm Hatfield.
Although there was a marked decrease in crippled, afflicted and delinquent cases, the court found a slight increase among juvenile traffic violators and also youngsters who were being neglected by their parents.
After discussing the situation with the parents of large numbers of neglected children, Judge Hatfield discovered that many mothers and fathers who work long hours in war plants are becoming so fatigued that they are exceedingly irritable in the home. As one parent put it, "I am so dead tired when I get home I just don't have the energy left to visit

with or supervise my children."
In addition to confirming seven adoptions during September, the court returned five run-away juveniles, heard the cases of six traffic violators, enabled seven crippled and eight afflicted, of which four were infantile paralysis cases, to be cared for at county and state expense.
In the probate division, the court closed 11 old and 26 new estates, opened 29 new estates, closed 14 guardianship estates, appointed guardians for six minors and two incompetents, committed nine insane adults and seven feebleminded children to state institutions, appointed commissioners in two drain hearings, granted two adults permission to change their names, computed inheritance taxes at \$1806.00 for the month, entered orders for two sterilizations, heard testimony in an estate where assets were alleged to be concealed, required five adults to provide adequate care for their indigent parents, took testimony in the case of a mother who disappeared in 1923, performed two secret marriages, approved the purchase of \$14,000.00 worth of War Savings Bonds, reviewed the findings of four commissions on claims, approved the applications of two notary publics, took the testimony of appraisers in five deceased estates, ordered two safety deposit lock boxes inventoried, required an adult to undergo disease to submit to medical treatment and approved 96 petitions of trustees and executors.

Gene Wesner, the dark and handsome boy, is the sophomore president. He is an ardent fan of hamburgers. His friends say that you can find him any time by a hamburger stand. The girls say, with adoring eyes, that he is a very smooth dancer. He is a very good and studious student, especially in Latin. Mrs. Swartz says, "Gene does not like geometry. It's his pet hate." When you hear the lonesome blast of a clarinet it's Gene, the one and only out-of-tune blower. He believes that if nothing else will drive the Japs off the islands, his clarinet would do the trick. After leaving Buchanan High he hopes to become one of Uncle Sam's fighting pilots. All the luck to you, Gene. (Signed) The Pupils of Buchanan High

Pre-Flight Tested for Color Blindness
Mrs. Weaver's pre-flight class were tested Friday, Nov. 5, for color blindness. We are glad to find that no member of this class was color-blind.

The Junior Play
"Act Your Age," the junior play, directed by Mr. Elbers, will be presented by a cast of juniors on Dec. 15. Troupes are being held to select the cast.

Seventh Grade Plays
"Ah Romeo, Romeo, wherefore art thou, Romeo?" To hear these words uttered from the mouth of a seventh grader would probably set anyone laughing. The same thing would happen when watching a tender love scene acted out by seventh graders. That is why the whole seventh grade literature class laughed instead of sighing when the original plays written by students about "The Courtship of Miles Standish" were put on before the class.

The G. A. A. Club
The G. A. A. Club will appreciate any new members that are interested in joining the club. The members have a good time at parties, going on hikes, and earning merits that are rewarded by rings, letters, bracelets, and pins.

We are glad to know that Mrs. Van Rizon's Junior Red Cross class had almost one hundred per cent who contributed to the war relief.

Glee Club Needs More Members
A fine exhibition of good singing was shown by Mr. Robinson's high school Glee Club at the assembly Thursday morning. But "Roby" complains that the Glee Club is too small. He asks that any student who thinks he is capable of singing please report to him and he will give him a t-shirt and a place in the Glee Club.

B. H. S. Celebrates Book Week
In 1919 Franklin K. Matthews, a scout librarian, began the crusade for better books for the young readers. The American Association rallied to his suggestions with an everlasting fire that after 25 years has not lost the spark of a good cause.

After 25 years of annual celebration of Book Week it has been included in the educational program as a regular part of the year's activities. The young students and readers look forward to this week with anticipation and enjoyment each year. Book week inspires young people with an appreciation of reading which serves them a lifetime giving them a clean and educational background for their life.

Take great care of this book
Always remember
1 To open it carefully
2 To turn the pages from the corners. Don't wet fingers
3 To use a book-mark and not a thick pencil or turned down page-corner
4 Never to leave an open book face downwards
5 To keep it fresh and clean, without marks or finger prints.
6 To carry a few books at a time, so they won't drop one and break its back
7 To wrap books when you carry them in the rain.
8 To keep books on tables and shelves and not to leave them on the floor

Grade News—H. S.

Two new pupils have entered Miss Carnagan's first grade. They are David Walters and Joanne Lohmough.

The children are bringing their favorite book to school for National Book Week. Each day one of the books is read or talked about.

Miss Robertson's second grade has their new picture. We like it very much. Thank you, P. T. A. We would also like to thank the Mothers' Club for our magazine. We are enjoying it.

Patsy Dumbolten in Miss Reilly's second grade has been absent because of illness. They are all anxious for her recovery, so she can return to school.

The stamp sale in the second grade has increased the past week. Eleven children received 100% in spelling last week.

Mrs. Huston's third graders elected lieutenants and captains last week. They are Joanne Fortman, Kay Huebner, Dick Conrad, and Richard VanDeusen.

The third graders are proud of their war stamp purchases thus far. They have bought \$115.50 worth and they have set a goal of \$200 by Christmas time.

Wednesday was a day full of special events for Mrs. Fullig's fourth grade. First, Mr. Stark talked with them about the National War Fund Drive, second, they enjoyed a very fine movie, "The Jungle," and last, but by no means least, the arrival of snow. Several children from the South had never played in snow before.

The boys and girls of Miss Bell's room are very pleased with their room by the P. T. A. The picture is "Company For Dinner" by Dale Nichols. The children learned that Nichols is a contemporary painter and that their new picture was painted in 1936.

Miss Ekstrom's fifth grade pupils are working on a freeze. The theme of the freeze is the harvest of the year. It is divided into four parts, each section supervised by a different committee of children. One part pictures an orchard and vineyard, another a cornfield, and a third a football field, and last, a group of children wearing the fall styles. A large table was borrowed for a work table. Ten or 12 children can work around it at a time. The pictures are so large several children can work on the same picture.

High scores in an arithmetic test in multiplication given in Miss Frankland's fifth grade were earned by Raymond Ahmda, Jesse Geary, Nellie Hemphill, Raymond Nelson, Nadene Schrimsher, Marjorie Starr, Richard Virgil and James Whitmyer.

The children in Miss Reams' room wish to thank the Mothers' Club for their new magazine, "The Story Parade". There are many interesting stories in this magazine which the children enjoy reading. The riddles have also aroused quite an interest.

Dick Lauer's side won in the War Stamp sale this week. The room bought \$25.40 worth of stamps.

"Time for Elizabeth," the Education Week play will be presented to all the grades this week by Miss Sundquist's sixth grade room. Since most of the characters represent books, gay book covers were made.

Mary Ann Hagley and Robert Gamble lead in earning the biggest number of merits in our contest. Others who are high are George Sekan, Wayne Mann, and Richard Fedore.

Basketball Starts Nov. 23
The Buchanan Bucks will open their basketball season Tuesday, Nov. 23, with Niles their first opponent. The season looks good for the Bucks with four letter men back: J. B. Anderson, Jim Anderson, Bob Topash and lanky Jack Miller. Other boys playing with the first team will be Don Stibbs, Don Voorhees, Gene Steinger, John Hagley, Lewis Gray and Bill Hess.

Bucks are looking forward to a good season.

Bears Wallop Bucks 21-14
The St. Joe boys came to Buchanan Friday night prepared for an aerial attack from the Bucks. Topash started his aerials flying in the first quarter. Moeckels started for the Bears, making their first three touchdowns. The longest run was made by Marts when he sailed 47 yards toward the goal for St. Joe. Topash ran

20 yards for the Bucks' first touchdown. A pass was made by Topash to Stibbs for the touchdown. Both conversions were good. The Bucks scored 14 points in the fourth quarter. Topash couldn't complete his passes as the Bears were on the alert throughout the game. They intercepted 7 of Topash's passes.

Olive Branch
Mr. and Mrs. Wilbur Sheeley were Sunday dinner guests in the George Omstead home.

Dewey Avenue News
The children in Miss Schloeman's kindergarten are learning a new Thanksgiving song about a duck and a turkey.

The children are making fruits, vegetables and turkeys. A great number of the boys and girls know how to tie their own shoes now.

The children in Miss Lundquist's room have been enjoying the orchestral fairy-tale, "Peter and the Wolf" as written by the Russian composer, Serge Prokofiev, and played by the Boston Symphony orchestra. The children have been illustrating and dramatizing the fairy-tale.

Howard Washburn enrolled in this grade this week Tuesday. Mrs. Heim's first grade has a new pupil. She is Ruby Marie Washburn from South Bend, Ind.

All groups in Miss Morley's room are reading in new books. The Thanksgiving freeze is pretty. All of the children are helping to make it.

The children in Mrs. Radevald's third grade are working on an Indian freeze. Billy is making the ties, Darlene, Martha and Jack the wigwams, Robert, Leroy and Virginia the Indians, Gladys the canoes, Harold the lake and grass and Helen the sky.

We have had the War Stamp banner for two weeks. The newly elected officers in the Science Club for the fourth grade at Dewey are president, Lois Schneck, vice-president, Doyle Vergon, secretary, Janice Boist, housekeeper, Patsy Jo Clifford.

The boys and girls have been working on their health project along with their art work. They are making a panel with four views on foods. The first picture shows the farm where the food is grown, the second scene how the food is transported, the third view is of the store where the food is sold, while the last section shows

the schoolroom where the children are eating their lunches. The fourth grade hopes to interest all the students at Dewey in bringing better lunches to school.

Bend of the River
Mrs. Charles Oxender returned Monday from Camp Edwards, Mass., where she visited friends and relatives. She was accompanied by her sister, Mrs. Boyne Mitchell, who has spent several weeks here. Mrs. Mitchell will remain with her husband, Pvt. Boyne Mitchell.

Mrs. Andrew Lyddick spent Saturday in Coloma visiting her mother, Mrs. Anna Smith, who has been ill.

Society Notes
Child Study Club
The Buchanan Child Study Club gathered in the home of Mrs. William C. Carlson Monday evening to hear an interesting talk by Frank Flagg, Cass county school commissioner, who has been connected with school work for 45 years. He discussed discipline and home training of children.

The club will give a Thanksgiving basket to a needy family. Plans were made for an auction party within the group, to be held in the home of Mrs. John Chime, Dec. 6, the proceeds to be used for the club's various relief projects.

Am. Legion Auxiliary
Members of the American Legion auxiliary met Monday evening in the Legion home, and voted to cooperate with other patriotic organizations of Buchanan in sponsoring a permanent honor roll of names of all service men and women of this community who are serving in the armed forces.

The unit will assist the Legion post with the feather party Friday and Saturday nights. It was decided to send money to the children's bullet at Otter Lake, Mich., to help buy Christmas gifts. The unit will send Christmas greeting cards to the sons and daughters of Legionnaires and auxiliary members, who are in the armed services.

The auxiliary will meet Dec. 6 to complete plans for the annual Christmas party which will be held jointly with the Legion post.

Hope Hon. Americans TELEPHONE Thanksgiving Greetings!

WE JUST bet you do, Tojo Nothing would please you more than to see long distance circuits in this country cluttered with social calls. For the telephone system already is loaded with vital war calls that—one by one—are helping build the "road to Tokyo" and Victory.

TO OUR CUSTOMERS:
We well know the fun of telephone reunions with friends and family at holiday time. But please don't do it this year. War needs the wires as never before... and you know that **WAR KNOWS NO HOLIDAYS.**

Here goes the Electric Range that Madge and I planned to buy!

THE largest electric range manufacturer in the country is now turning stoves into bombs. Conservation of scarce materials requires this—after we have licked the Axis new skills and new machinery acquired in wartime will make better and cheaper electrical equipment available. Conservation in many ways will help bring Victory nearer and that is why the Government now asks seven major industries—coal, petroleum, transportation, gas, water, electricity and communications—to seek the cooperation of the public in avoiding waste of their products.

There is plenty of electricity, but when you save electricity you save coal and manpower and scarce materials.

Continue to use all the electricity you need for health and safety and eyesight conservation, but don't waste it.
