## Three Candidates To Run For School Board

There are now three candidates for the Buchanan Board Education seat on which the community will vote on June 11. In an early morning meeting Tuesday with members of the Buchanan Area Chamber of Commerce, John McDonald announced that he was withdrawing his candidacy for the school board He said that he plans to seek re-election as township supervisor in Niles Township in the 1974 election, and there would be a conflict of interests

Fred Hankins is a candidate Born in Dowagiac, he has been in Buchanan for 14 years He's a Korean War Veteran and is employed at Clark Equipment Company He received the highest classification in inspection in Group 2. He has three children in school, Valerie, Tracy and Christopher

Elton Lash, who resides on the Niles-Buchanan Road, is another candidate He has a teaching background, having taught and been assistant principal in Geneva, Illinois He was an author and has produced audio visual material He and his wife Ruth have three boys, Bruce, Jeff and Darren

The latest candidate to file is William Moon He is the owner of H S Cover Co, soon to be relocated in Buchanan He attended M I T. and received his AB degree (cum laude) from Washington and Jefferson. He has seven children, five of whom are currently in Buchanan schools

At the meeting Tuesday morning, both Lash and Moon stated that they would like to study all possible alternatives to future school programs Both registered concern over the present school situation Lash indicated that the study of alternatives might include the 45-15 plan as one of several possibilities

Hankins, who works on the early morning shift, was unable to make the meeting He has gone on record as disapproving of the present administration and against further increases in taxes

Elton Lash

William Moon

Walter E. Schirmer, chairman and chief executive officer of Clark Equipment Company, Saturday, received the Illinois Institute of Technology Alumni Medal for his "exceptional service to society"

IIT's Alumni Medal is the highest award to be presented annually by the university's Alumni Association to the individual among the more than 25,000 IIT alumni who best exemplifies a concern for society through his professional and personal commitment

The award was presented at the IIT Alumni Reunion banquet at Grover M Hermann Hall on the IIT campus.

Schirmer is a member of the IIT board of trustees, and in 1968, received the IIT Alumni Association Professional Achievement Award A 1931 graduate of Armour Institute of Technology, a predecessor of IIT, he received an LL B degree from Chicago s John Marshall Law School in 1935, and a J D degree, also from John Marshall, in 1970

He has been an Executive Lecturer for the Graduate School of Business of Notre Dame University and a participant in the Graduate School of Business of the University of Michigan Active in civic and professional organizations, he is a past president of the Industrial Truck Association, a director of the American Management Association and National Association of Manufacturers, and received the Citation of Merit in 1964 from John Marshall Law School He is a trustee of the Upper Avenue Bank, Chicago, the National Bank of Jackson, Michigan, the Hayes-Albion Corporation, Jackson, and Tecumseh Products Company, Tecumseh, Michigan

## Panel On Drugs Here Tonight

A second Drug Education Program is being sponsored by the Buchanan Jaycees for all interested adults Thursday (tonight) at 7:30 in the Buchanan High School Gym

The program will present a panel group including a lawyer, a state police officer, a former drug user and a representative from the Berrien County Drug Education Center

There will be ample opportunity for questions to be asked

## City Commission

At the city commission meeting Monday there were more change orders from Clyde E Williams on the wastewater disposal plant They entailed drainage from an underground flow of water and an auxiliary water pipe They were approved for $3,416

An owner of property on Smith Street behind the high school wanted water and sewer extensions to that property She was told that some cost figures would be worked up and that a special assessment district would be established and a hearing set up for the property owners involved

The commission received with regret the resignation of LeRoy Smith from the Park Board, and the mayor appointed Jim Wolford of Harlan Avenue to fill his place Since Smith had been appointed to fill a vacancy, the term only goes until July

The city manager was given approval to advertise for bids for a new dump truck for the city and to get bids for resurfacing of Buchanan streets this summer Six or seven streets have been discussed for this year's resurfacing program

An invoice was received and approved from Rusk Hardm Construction Company for the installation of the sewer line and water line on Fourth Street for $5,440 10

## Dan Cauffman Is Cleared

After last week's raid in which seven persons were picked up by Metro Narcotics Squad and charged with various transactions having to do with drugs, it was learned the next day that Danny Cauffman was arrested in error The next morning he was officially cleared and charges against him dropped

Sgt Donald Ives, Metro Narcotics Squad Supervisor issued a statement to that effect: "Upon investigation, we find that Danny Cauffman was wrongly identified by our undercover informant and that charges have been dismissed"

Apparently it was a case of mistaken identity Photographs of the real suspect were wrongly identified Cauffman had stated his innocence at the time of his arrest and had said that he personally was extremely opposed to the sale of drugs illegally Actually, he had an alibi for the date on which he was supposed to have made the transaction, and he was out of town on that date

Metro Squad spokesmen said that the rest of last week's raid was successful, and this was the only error Apparently the right person who had been wrongly identified as Cauffman was apprehended

Royal Valley Ski Resort will be the site for the annual Buchanan Area Chamber of Commerce outing observing Michigan Week. Dinner will be at 7 p m preceded by a social hour

Speaker for the dinner will be Charlie Field, dean of community services at Lake Michigan College He is an educator and author who has long been active in civic affairs For 25 years he was an industrial relations executive for several large industrial companies

He attended Purdue University and received his B S degree from Tri-State College. He has been president of three Rotary Clubs He is currently 1973 Berrien County Michigan Week Chairman

Following Dean Field's speech, there will be dancing to the music of Doug Leiter's band

## Graduation Speaker Named At B.H.S.

Dr Judson W Foust

Buchanan High School seniors will graduate at 8 p m on Friday, June 8

Commencement speaker will be Judson W Foust, president emeritus of Central Michigan University His topic will be "The 'If' in Life"

Public speaking has been one of Dr Foust's main interests He started his teaching career as debate coach, instructor of public speaking and teacher of mathematics He followed through on mathematics, though, and ultimately became professor in that subject at Central Michigan He was the University's president from 1959 to 1968.

Born in Ann Arbor, he graduated from Albion College and received his MA degree there, He received his Ph D degree at the University of Michigan Dr Foust has held a number of honorary positions and appointments and is the author of several books on mathematics

He and his wife have two sons, three daughters and eleven grandchildren

The Michiana Hawks will kick off their season ticket drive on Saturday, May 26 with a banquet at the Portofino Restaurant in Niles, Tom Pagna, assistant football coach at Notre Dame University will be the main speaker for the evening Doug Bobo of Buchanan will serve as Master of Ceremonies for the evening There will be a limited number of tickets available and they will be on sale at Art's Rexall Drug Store in Buchanan and at Majerek's in Niles Michiana Hawks board members will also have tickets The price of admission is $6 00 per person

Pagna was halfback under Ara Parseghian at Miami of Ohio He twice won little All-American and All-Ohio honors He played professional football with the Green Bay Packers and the Cleveland Browns until injuries cut short his career He joined Parseghian's staff at Northwestern and came with him to Notre Dame

## Community To Vote On Operating Millage

The Buchanan School Board had a special meeting Monday to pass the necessary resolution for the annual election to establish the operating millage for the coming fiscal year Actually the millage is the same The board is requesting 16.35 mills The resolutions covering this, it was pointed out, are misleading, since they call for an increase in the tax rate limitation In reality, it is a renewal of the same amount

Election inspectors were appointed Ethel Forbes and Elizabeth Furner are co-chairmen, and Ethel Beistle, Hazel Welch, Dorothy Martin, Darlene Vigansky, Berdella Peters, Marie Zelmer, Henrietta Miller, Esther Hamilton, Linda Shelles, Martha Ferris, Charlotte Rifenberg and Katherine McGowan are the members of the board with Karen Pinkerton and Mildred Sekan as alternates The election of school board members will be at the same time as the vote on the operating millage The polls will be open from 7a m to 8 p m on Monday, June 11

## Wheels Taken

Early Monday morning it was discovered that the rear chrome wheels and tires had been taken from the car belonging to Eddie Lee Miller on 117 Fulton Street Also taken was a tachometer

## Set Adult Graduation

Commencement exercises for the Adult High School Completion class will be Friday, May 25 in the high school auditorium at 7,30 p m The public is welcome to attend

Graduation speaker will be Howard VerHage of the Berrien County Intermediate School District and the invocation and benediction will be given by Rev Keith Morrow The diplomas will be presented to the graduates by David Hanson, president of the Board of Education

## Please!

There are a disappointingly large number of seniors who have not turned in pictures for the Record's section on the graduates. The deadline has been extended to this Friday, May 18

If a parent suspects his student hasn't turned in a picture, it would be appreciated if the parent would see that one gets to Mrs. Kangas at high school or to the Record office The Friday deadline is absolute

## Stabbing Monday

Early Monday morning two men from South Bend suffered stab wounds Kevin Pruett was taken to Pawating Hospital for a wound on his arm, and Frank Lara was treated at Buchanan Community Hospital for cuts on his neck There was apparently a free-for-all fight following an argument in front of the apartment shared by Cathy Wruble and Carol Ann Howard at 126 Arctic Joseph R Thompson was the man accused of the stabbing, although he has denied it He was arrested and charged with assault to commit murder

There were six to eight men involved in the fight

## It's All Relative

Taxes are relative Almost everybody hates to pay them This has of course been an American tradition

The average real estate tax paid in Buchanan is far under the $580 figure quoted last week Actually, that's about what somebody with a $20,000 would pay.

But let's take the $580 figure If a taxpayer paid $580, about $300 of that went to Buchanan Community Schools In other words, he paid in local taxes less than $1 a day for a child's education He spends lots more than that for gas for his car, or his own personal recreation

Nationally, economists tell us that the way to cut down inflation the fastest would be to cut down the federal deficit by increasing taxes There isn't a politician in either party who would have the moral courage to suggest this, because he knows he'd be run out of office at the next election

Michigan people became sensitive to high taxes when, a few years ago, things got out of hand, and taxes took a decided jump But now the neighboring states have caught up In the midwest, they're all on a par now.

Buchanan's in a favorable tax position. The last two budgets of the city have required no increase in city taxes. This is because industry located here pays the giant's share of the taxes

Check around with similar cities in Illinois or Indiana or in (worse yet) New York or California. In many of those cities, a person with a $20,000 house would be paying twice as much local taxes as we do.

How many of those who are up at about their taxes ever have attended a hearing, open to the public when a budget is passed? How many of the people who object to their taxes have actually compared them with equivalent communities? How many spent less on last year's vacation than they did on their taxes.

Tami House, little Miss Poppy of the American Legion Auxiliary of Ralph Rumbaugh Post 51, presents the first poppy to Mayor Joseph Bachman in the City Hall Park Tammy, the daughter of Mr and Mrs Jerry House and granddaughter of Mrs. Francis Schultz, is a junior member of the Legion Auxiliary and attends all the meetings with her great grandmother Mrs Viola Frame

Legion Poppy Days this year start today, Thursday, and continue through Friday and Saturday. Mrs. James W Scott is Poppy Day chairman Proceeds are used to help veterans and their families in time of distress

At the firemen's annual fish fry Saturday, city commissioner Paul Montgomery presented a trophy to Bob Miller in observance of his fifteen years on the fire department Miller is a captain and joined while his father was on the department. He also has been an auxiliary fireman for Bertrand Township for 18 years Looking on is Jim Kepler who was honored for five years of service.

# Hawks Plan Stock Drive

The Michiana Hawks Pro Football Club kicked off a stock drive Monday Robert Mills of Niles is the Chairman of the drive which will be conducted principally in the Niles-Buchanan area. It has been noted that of over 400 stockholders, less than 30 are from Niles and fewer than 50 are from Buchanan although the team will be playing their games in Niles and Buchanan 5,000 shares of stock will be put on sale during this drive, at $5 per share

The Hawks are somewhat unique in the Midwest Football League in that they are owned by stockholders and not by an individual or group of persons. They are a non-profit organization, incorporated in the State of Michigan and are run by a Board of Directors elected each year by the stockholders

Don Holmes, President of the Hawks, states that a successful stock drive is of the utmost importance to the Hawks this year. The 1973 season depends on a successful stock drive and later on, a successful season ticket drive

# Strictly Personal

Grandpa and grandma babysat Saturday for that little kid with ten hands Would recommend Storyland Zoo in South Bend as a good place for small children who enjoy feeding the rabbits, ducks, etc

Felt bad about Dan Cauffman's mistaken arrest His picture in this week's paper was the only one available, taken as a junior and somewhat more clean-cut

The Watergate affair is admittedly a mess, and certain people should be punished But it'd be nice if the press could find something else to talk about now

Is anyone else getting those long distance phone calls from some land development bunch in Florida? The guy who calls is hard to shake He's now on a first name basis and says that immediate action is needed (only fifty a month) before the price goes up almost double

# Quartet Will Sing At Banquet

A Mother-Daughter Banquet is planned for Sunday, May 20 at the First Presbyterian Church Mrs Ron Beck is the chairman for the event with the potluck supper to begin at 6:30

The program chairman Mrs Richard Gault has arranged for the appearance of the Perfect-A-Chords who will highlight the evening with vocal selections of the past 70 years Members of the group are Daniel Shelles, Art Blake, James Converse and Bernie Worden

There will also be group singing being arranged by Mrs James Converse, Mrs Duane Reuter and Mrs Dennis Garcia

# Letters to the Editor

Dear Editor:

Through you, we'd like to make a plea to the citizens of Buchanan for help

The Cub Scout group 142 of this town has suffered immensely this year for lack of adult participation. We need adults in many different capacities to keep the scouting backbone strong.

For instance, we are expected to register all interested 8, 9 and 10 year old boys for each of these groups (6 per group) Our average draft of leaders includes 2 out of 20 Not very good

We have a planning meeting in which we try a monthly pack activity The leaders are working every week toward a monthly goal The night arrives and we need judges, helpers, etc , and you'd think we were pulling teeth

Our most recent letdowns have been the participation in the yearly district Expo Fair This year we can't go because we couldn't get any volunteer help

We schedule a picnic as the grand finale for all scouts and their families No help--no picnic Sad, very sad as the scouts are the ones who suffer They don't understand, They cooperated all year to the best of their abilities.

The whole situation could be alleviated if anyone interested in helping would contact someone on the committee or come to our last monthly meeting for the season which is this Thursday (today) at 7 p m at Faith United Methodist Church

We need anyone who has any time The tasks are small, but the reward is great

All who are interested please come and see us or call either 695-9733 or 695-3085

The Committee

To The Editor,
To Parents of All Elementary School Children

How many of you have seen, and taken time to read with your children, the coloring book they received in school entitled "Uncle Art's Coloring Book"?

This is one of the best booklets I have seen explaining the drug problem to children, written on a level they can all understand

I'm sure that each class read the booklet, but that isn't enough! We, as parents, must assure our children that we believe it. We must assure them that if they come to us with their problems and questions, not only about drugs, but on any subject, we will do our part and help them to the best of our ability

It is the job of all parents to keep the "communication lines" open. It does no good to "hear" what they say. We must "listen" with understanding and feeling

If you haven't seen the coloring book, ask about it For less than a half hour of your time, it would be a good place to begin to listen!

To The Editor
7th May, 1973
Dear Don,

Cambridgeshire and Isle of Ely, U S A School Exchanges, 1973

Now that we have all returned home safely I should like to express through your columns our appreciation of the kindness and hospitality which we found in your city of Buchanan Many people have asked us what our impressions were of our visit and top of our list was the spontaneous friendliness which we found Our visit was a very short one and we do realise that we really obtained only a glimpse of your country but we are all determined to return one day to see more

Previously, the United States of America seemed a long way from us but now as honorary citizens of Buchanan and having lived with some of you in your homes we feel a close affinity with you which I am sure will grow in the years to come

We are now busy making arrangements for the four-week visit in June of the party of fifteen students and Miss Sharon Gregorski from the High School and we will do our best to make their stay with us a happy and memorable one

We very much hope that in future years many more young people and adults will become involved in visits and exchanges between our two areas and that our link of friendship will in time spread to other towns and countries and help to promote international friendship and understanding Rest assured that anyone from Buchanan particularly will find a warm welcome in Cambridgeshire!

With very best wishes,
Yours sincerely,

Six students from Buchanan High School will travel abroad this summer sponsored by the Youth For Understanding program. (front Pam Kreager and Kim Sullivan (standing) Bruce Smith, Barbara Hanson and Bob Stoner.

Barbara and Kim will go to different parts of Sweden for two months They have already heard from the families with whom they'll stay and it is planned that they will see quite a bit of the country while they are there In Barbara's Swedish family are three boys and a girl, and Kim's family over there consists of two girls and a boy

Bruce will go to southern France His family there has indicated that they will take him on a trip to Paris and to Italy and Switzerland The daughters of that family will be coming to the United States, and one of them will come to Buchanan

Bob Stoner will go to the Netherlands He has graduated, and his stay is planned for a whole year He still hasn't complete information on where he will be staying, but he will go to school to learn Dutch

Pam Kreager will spend two months in Japan Her Japanese family live near Nagoya and speak some English They have indicated that they will show Pam more of their country

## Golden Rule Class

The Golden Rule Class of the First Church of Christ met at the church last Tuesday for a carry-in dinner at 12:30 The tables were decorated with lilacs and nine members and a guest, Brother Bob Hudson, were present

Mrs LeRoy Holston conducted the business meeting and devotions were given by Mrs Edward DeSonia.

The afternoon's entertainment was composed of readings and songs with two being sung by Edward DeSonia and Leo Carlson

The next meeting will be June 12 when the class plans a 6.30 potluck supper at the church

## New Appointment

Peter S. Nichols has been appointed Promotion Director for Boulevard Mall Shopping Center by Melvin Simon and Associates, Inc of Indianapolis, the property developers

A graduate of Indiana University, Nichols succeeds Ms Sondra K Shafer who is being elevated to direct promotional activities for Tippecanoe Mall Shopping Center

The appointment was made by Larry Stillerman, Director of the Simon Promotions and Public Relations Department and confirmed by Herbert Simon, President of the Hoosier development firm

## Scout Troops Attend Fair

Five Girl Scout troops from Buchanan including Brownie troops 209 and 194 from Stark School, Brownie troop 287 from Moccasin, Junior troop 68 and Cadette troop 389 participated in last Saturday's Girl Scout Panorama Fair-scout skills in action--at the Berrien County Youth Fairgrounds

The brownies from Stark had a booth at the fair and displayed their ability to create plaques with seeds and beans Troop 287 chose to prove its skill at making sit-upons and tote bags and troop 389 displayed decorative candles, some made previously and others being made there. The cadettes of 389 spent Friday night camping at the fair in tents

Troop 68 performed Lemi-sticks, a stick game originally done by the Maori Indians of New Zealand, and the entire troop of 32 were in costume using sticks they had decorated themselves

The initial performance at the fair impressed the chairman of the stage shows and 68 was chosen to be part of a film being made of exhibits, displays and stage shows with flashbacks to the girls and their sticks A taping of the song they sing served as background music The girls, who have practiced their routines since January, have also performed at the Friendship Program and on the Homemakers Show

## Excerpts From Ellen

By Mrs Ellen P. DeFay
Ext. Home Economist

When you're choosing strawberries from the beautiful displays in the markets now, remember to look at the overall general appearance first as a sign of quality Strawberries should be of a fresh, clean, bright appearance, have a full solid red color, be free from moisture and mold and the cap should be still attached Large berries are preferred for dessert purposes because of their size and generally attractive appearance but size is no indication of flavor . flavor depends on the variety

If you're having trouble getting your family to drink all the milk they need per day , especially those teenage girls, maybe you'll plan to serve macaroni and cheese more often A one cup serving provides the following percentages of nutrients recommended for an 18 year old girl for one day calories, 20 percent, protein, 30 percent, calcium, 45 percent, iron, 10 percent, Vitamin A, 15 percent, thiamin, 20 percent, niacin, 35 percent and riboflavin, 25 percent If you can't get them to drink the milk they need per day, maybe they'll eat it in the form of macaroni and cheese

One reason broiler-fryer prices have increased so much in the last few months is that production costs are much higher Feed accounts for 70 percent of the cost of producing a chicken Last month, soybean meal cost as much as 158 percent more than last year and prices are still rising Corn is substantially higher in price than it was last year Naturally, chicken prices at the supermarket reflect this situation Another reason for increased prices is increased demand , especially during meat boycott week As a result of this increased demand, prices are up It's too early to tell whether this increased demand will continue and if it will continue to cause prices to go up, but chicken is still a pretty economical source of protein, even at higher prices Actually, fryers are selling now for about what they did in 1951 60 cents a pound

There was plenty of activity on the river Sunday with kayak and canoe races among competitors of all ages

# Great Interest Shown In Races On The River

Plenty of interest was shown over the weekend as the Niles-Buchanan area became the center of activity for kayak enthusiasts. On Saturday, there was a regatta on the St. Joe River with five events for men and women and boys and girls, some of whom came from as far away as California to participate. Marcia Smoke won the women's event, and Patience Vanderbush was first in the junior girls Hans Tigchelaar from the Netherlands won the men's event

On Sunday, the river near Buchanan was full of canoes and kayaks in the Buchanan sprints in which about 60 people competed in 13 varied events. Kevin Vanderbush won the juvenile-junior singles competition and came in fourth in two other events Patience Vanderbush was first in the junior girls 250 meter singles and placed in several other events Ava Tutson was second in that event

Patience and Hans Tigchelaar teamed up in the mixed event and tied for first

Last week, there were eight winners in the Paddle-A-Thon conducted by the Niles-Buchanan Kayak Club to raise money to help send the paddlers to the Junior World Championships in Poland and to Seattle for the Junior and Seniors Nationals Championship Owen Clemens from Niles was the winner, and John Flood, Pete Deyo, Ava Tutson, from Buchanan, Hans Tigchelaar, Lynn Capen, staying in Buchanan, Loli Flood and Marian Flood all finished the 20,000 meter distance in less than the required time of two hours

Little league action is getting underway League president and vice president Keith Welsh and Rod Holcomb (back) pose with some of the potential stars, Bart Benjamin, Greg Hemphill, Don Myers, and Martin Welsh

# Babe Ruth Teams Named

Draft for the 1973 Buchanan Babe Ruth League, formerly known as Buchanan Pony League, for boys age 13-15 was Monday. # Tennis Team Beats Comets

Racing to a 7-3 season record the Buchanan Bucks net squad defeated the Coloma Comets 5-2 in an action packed match

In achieving their seventh win, many Bucks individually upped their already fine records with a victory One such player was Rick Swaim, playing in the number one singles slot. He defeated Rob Lee 6-2, 6 2 in what appeared to be an easy match for Swaim

Although the Bucks won the first match, they were not so fortunate in the next two as Bob Ruetz was upset by Greg Hembree 6-7, 6-1 and 7-6 while Gary Hartmen was upending Marc Harrison 6-3, 6-4

The Bucks were more fortunate in the fourth singles where Karen Johnson defeated Ellen Ostruszka 6-4, 3-6 and 7-5

Buchanan swept the doubles play in spectacular fashion with Jean Summers and Brad Morris overwhelming Duane Droboth and Steve Krause 6-0, 6 3 and Dave Mitchell and Tim Sullivan beating Robin Barricklow and John Lee 6-4, 6-3 In the last match, Ed Orris and Craig Spoke beat Bruce Robinson and Dennis Schrieber 7-5, 6-2

## Third In Chess

In the conference chess tournament, Don Lubben brought in a third place for Buchanan He had beaten Owen Rice of Cassopolis in the second round after having beaten Robert Satzman of Coloma This qualified him for the semi-finals in Edwardsburg One move at the end cost him first place Actually, he had to play six games Saturday, which is considered a lot of chess for one day

Cass was first, Brandywine second, Buchanan third, and Berrien Springs fourth

Mrs Hank Lakins displays some of the dozen extra large mushrooms found along the river Sunday by Patty Galbreath, Brenda Horvath and Sharon Lakins and herself One of them measured 10 inches

# Local Winners In Horse Show

The Buchanan Westerners broke a record with the spring horse show last weekend, May 5 and 6 on their Mead Road clubgrounds For the first time in six years there was fine weather for the two day event and the scheduled AQHA and MAWHC shows drew a total of 800 entries

Andy Kerner of Buchanan won first in the AQHA working hunter event and Cynthia Roquette of Coloma placed first in the AQHA English Hunt Seat

Mary Graham of Niles placed first in the AQHA Mare class and also in the AQHA Weanlings and Yearlings

Pam Minor of Michigan, who gave no specific address to officials, had the champion AQHA gelding Reserve champion gelding, Glenn Barens of Plainwell, Michigan

Lynn Batchelor of Niles had second place, MAWHC gelding Her sister Joan had second in showmanship MAWHC

Pam Rothfuchs of Buchanan won the High Point Pony Trophy, donated by Elza and Evelyne Smith

Connie Dunham won 5th in AQHA senior pleasure David Tallman had first in MAWHC adult cloverleaf

Jeff Hein came in first in MAWHC open western pony saddle Debbie Backus was first in MAWHC pony walk trot

Barbara Baker of Niles came in first in MAWHC in half Arabs

Sponsors for the annual event included many Buchanan merchants who made trophies in the various classes possible

## Buck Tennis Squad Wins

For the second time this year, the Buchanan net squad smashed newcomer to the tennis set Brandywine 6-1 The match was almost an exact carbon copy of the first meeting of the two teams a few weeks ago.

Rick Swaim defeated John Ontiverous 6-1, 6-2 to start the match and also sweep the singles competition Bob Ruetz continued the sweep by defeating Robin Tinn 6-0, 6-0 while Marc Harrison was beating Jim Foster by the same score Doug Surch ended the singles by beating Greg Kalin 6-2, 3-6, 6-2 in a close match

The Bucks lost their only match of the day in the doubles play Dean Brook and Jeff McCombs overwhelmed Ed Orris and Don Holmes 6-4, 7-6.

Buchanan won the other two matches easily Brad Morris and Jean Summers defeated Ken Sheldon and Mike Jeffrey 7-5, 6-2 Scott Entenman and Jim Vigansky won the last match over Jon Martin and Robin Nicoll 6-4, 6-1

The victory now increases the netters' record to a very respectable 10-3

Rhode Island has 3 counties, but no elected officers, and no county taxes. The officers needed are appointed by the governor

Mrs. Ronald Hemphill and Mrs Don Myers will be busy this summer as candy chairman and concession chairman of the Little League

## Bucks Beat Eddies 7-1

Garnishing only five base hits, the Buchanan baseball team struck for seven runs in the sixth inning to defeat the Edwardsburg Eddies 7-1 and hold on tightly in the Blossomland conference race The Bucks are now one full game behind Niles-Brandywine in the Bud race

Pitcher John Stewart of the Eddies breezed through the first five innings of play allowing no hits and whiffing two Buck batsmen His foe, Dan Kreager, gave up only three hits the first five innings and the game looked like a pitchers' duel This soon changed

Kreager ran into trouble in the top of the sixth when Stewart showed his hitting prowess by slamming a two bagger. Kreager fanned the next batter on four pitches but fate greeted him next Robert La Mieux, the Eddies' catcher, drove Stewart home with a double

La Mieux was caught stealing third while Kreager was in the process of walking Rex Schank With two outs and a man on first Kreager whiffed Ron Howard to end the inning.

It was the Bucks turn in the bottom of the inning when Bill Goodman sent 13 batters to the plate Tom Smith led off with a walk Ron Dreitzler reached first on an error. Both advanced on Mike Welsh's sacrifice and were driven home on Steve Glossinger's single

Don Greulich laced a single and Walt Vanderbush walked, filling the bases Joe Berry was hit by a pitch bringing in one run Two singles, a walk and a hit batsman drove in the final runs for the Bucks

Relief pitcher Tom Smith threw seven pitches in the top of the seventh to retire the Eddies and give the Bucks the important victory

Dan Kreager was the winning pitcher giving up five hits and one run He struck out 8 Eddies and walked one in picking up the victory

Steve Glossinger led the batsmen with two hits and two stolen bases Other hitters for the Bucks were Don Greulich, Tim Rifenberg and Ron Dreitzler.

A native of Buchanan is the new superintendent of the Niles Community Schools He is Dr. William Fairman who was born in Buchanan and served as an assistant superintendent in the Buchanan Community Schools before going to Niles in 1967 as director of special education and subsequently assistant superintendent there

Niles school board president Robert Sumerwell made the announcement last week and stated that a great deal of work and study had been done to select the proper replacement for Richard Warren The board received 75 applications and, with the help of representatives from Michigan's major universities, finally narrowed the field down to 10 highly qualified candidates before selecting Dr. Fairman

Fairman, whose appointment is effective July 1, resides in Niles with his wife Marilyn and their five children and is an elder and treasurer of the First Presbyterian Church in Niles He served as education chairman of the United Fund of Niles.

He is a graduate of Michigan State University and received his master's degree there He received his Doctor of Education degree from Walden University

### Graduates

Marine Pfc John W Keefer, son of Mr John A Keefer of Route 1, Galien, graduated from a helicopter familiarization course at the Marine Corps Air Station here

He is assigned to the 2nd Marine Air Wing at the Marine Corps Air Station, New River, North Carolina

Berrien and Bay are the largest cantaloupe producing areas in Michigan

## Will Speak On Scissor Cutting

The Nature Field Photography class with Larry West, assisted by Robert Joslin, will have its second session Sunday afternoon and the third session all day Saturday, May 26 In this field experience the students are working under Mr West's direction in four different types of natural habitats, assuring a variety in birds, plants and animals

At Fernwood the weaving classes are always tops with an expanding interest and greater numbers This year instead of different techniques and patterns on all the looms the weavers have asked the inspiring Mary Snyder to offer a deeper study of two favorite techniques--crackle and lace Students will know quite a bit about how to plan and design their own patterns for upholstery, place mats and table cloths, dress and suiting fabrics, using lace and crackle threading A Navajo rug will be set up on one loom as a special request.

Miss Snyder is just completing a year of teaching in Wichita, Kansas under an art association sponsorship

Friday at 8 p m the second lecture-demonstration of the year will offer something entirely unique Walter von Gunten, famous for his revival of the very old European craft of cutting pictures with scissors, will demonstrate his skill and new individualistic style The detail and perfection of his designs used nationally on delightful stationery are hard to believe. The audience will see the infinitesimal parts of his pictures, each one cut from one unfolded piece of paper, emerge from his well trained fingers Usually black and white, but sometimes in color, the cuttings are mounted on contrasting backgrounds

Many have seen and used the stationery but few have seen or heard him tell how it is done The Fernwood audience will be fortunate to actually see him at work

## Correction

Although the name of David Hemminger was in the story about the new members of the National Honor Society at Galien High School it was inadvertently omitted from the caption of the picture as one of the students missing when the picture was taken.

Had some camera troubles and a retake of the varsity cheerleaders was necessary–just three were able to come this time Will get them again when they get their uniforms Here are Pam Huebner, Linda Morrow and Ann Ryman, missing are Frieda Hinds, Linda Mattson, Tami Mattson and 1st and 2nd alternates Jeri Glossinger and Kathy Stark

From (l to r) are most of the JV cheerleaders, in another retake Karen Aalfs, Deedee Hall, Ronda Huebner, Linda Kreager and Robin Tutson, Missing are Kim Carlson and first alternate Cheryl McDonald

Newly chosen Freshmen cheerleaders are, in the front row (l to r) Vicki Hartman, Debbie Ditz and Lisa Marazita In the back are first alternate Gayle Gibbons, Brenda Stanaway and second alternate, Martha Rifenberg Missing from the picture are two more cheerleaders Caroline Brown and Kandi Kolberg

## ASK THE CHIROPRACTOR

Dear Dr. Jones,

When does a spinal curvature begin and how can Chiropractic help this condition?

D L

As a rule, a spinal curvature begins in early childhood and steadily becomes worse Chiropractors are able to correct such curvatures, providing they have not progressed too far, that is, if the patient is not too old, and if the degree of curvature is not so marked that the bony segments of the spine have lost their normal shape and size

The spine offers itself as the attachment for numerous ligaments and muscles which extend from the spine in opposite directions, with an equal number on each side Normally the muscles on both sides of the spine pull equally both ways, and as a result, the spine remains in the median line. However, when the set of ligaments and muscles on one side pulls more strongly than those on the other, a curvature is bound to develop

There are many far-reaching effects of curvature which the patient does not realize When a curvature is produced, all the spinal segments in that curvature are forced to assume an unnatural position Because of this position they are apt to produce an irritation upon the spinal cord and nerve trunks which pass through them These nerve trunks supply various organs in various parts of the body The organs affected may depend entirely upon what part of the spine is involved by the curvature. It is wise for any person who has a spinal curvature to see a chiropractor and have the condition corrected Especially, this is true of children when they are in the growing stage and assuming an unnatural position

## Register Soon For Day Camp

The Ox-Li Service Unit of the Girl Scouts of Singing Sands will be at day camp during the week of July 30-August 3 This camp, for every girl from 7 to 17 will place each girl in her specific age level scouting unit. The camp session is from 9 until 3 except Wednesday when there will be an afternoon session planned from 2 to 8 and on into an overnight camp for the Junior Cadettes

The property obtained for the camp is on the Niles-Buchanan Road east of the lodge road, extending to the river The name of the property has recently been changed to Camp O-Sang-E-Wong in accordance with a legend of a Saulk Indian boy named O-Sang E-Wong-Se-Be who was running along the banks of the then Saulk Indian River, now better known as the St Joseph River

Day camp is a Girl Scout experience in the outdoors that gives a chance to put to use the skills learned in the troop meeting

There will be four age level units in day camp this year including a brownie program for the girls who have spent one year in brownies and a junior unit of girls who will by then have participated in a fly-up ceremony and are now considered junior scouts and girls who are going into the fifth grade

Two new units are also anticipated A pre-brownie unit of girls who are 7 years old and will be joining brownies in the fall In small groups it will be possible to give these girls a headstart in scouting Another unit is the Cadettes, girls who will be in grades 6, 7 and 8 in the fall This unit will enable them to work on more advanced skills and methods of cooking

Brochures are being distributed in the troops and registrations will be taken from now until June 1 Mrs Thomas Boyer, 944 Chippewa, is the registrar and anyone with questions concerning the camp may contact her at 695-5128 The cost of the week-long camp is $5

Camp directors are Mrs Duane Koenig and Mrs David Fox with the assistance of Mrs Dennis Garcia as business manager

A serious drawback to budding romance is the blooming expense

A portion of 32-member Junior Girl Scout Troop 68 can be seen as they perform with Lemi-sticks This is part of the routine they did at Berrien Springs Saturday as well as on several other recent occasions.

## BUCHANAN TOWNSHIP ZONING BOARD

The Buchanan Township Zoning Board will meet at 7 p.m. Monday, May 21, 1973 (instead of May 28) at Buchanan Township Hall.

Gene Rose, Secretary

Warning!
Your new car is not rustproofed.

Your new car has virtually no protection against rust In fact, it probably began rusting before you even took delivery

You didn't see any rust? You didn't look inside the unitized body. In the door pillars Under the hood lip In the fender supports That's where most rust damage happens In all those places that aren't covered by undercoating. Or your warranty

So rustproofing is strictly up to you And us

Our Ziebart process uses special tools to get inside 30 or more hidden sections in each car. To spray every square inch of rust-prone metal with our own protective coating.

The coating we use forms a tough, rust-proof layer that stays flexible, intact, and effective indefinitely

In fact, we guarantee that our patented rustproofing process will prevent rust-through for 5 years or 50,000 miles. Minimum

Come on in to the shop. We'll prove how we can do all this.

No obligation—we figure that a guy who just spent $3,000 on a rusty car *deserves* some consideration.

The activities at Camp Madron will include canoeing, fishing, studies of pond life and other nature studies

David Casey, Moccasin principal, is Outdoor Education Coordinator

## For Sick Plants

The diagnosis for most sick containerized plants is poor drainage, according to Michigan State University horticulturist Harold Davison, who outlined the requirements for healthy container gardening during a session of Farmers' Week on the MSU campus

Almost any container can be used to grow plants, if it has drainage holes at the base, Davidson, says If you have an ornamental container that you don't want to spoil with holes, put the plant in a smaller container with holes and fit it into the ornamental container,

Place small broken pieces of pottery or pebbles in the bottom of the pot to enhance drainage and allow oxygen to reach the roots through the soil

If you use a drainless container, place quite a few small stones or marbles in the bottom to collect excess water Then water the plant infrequently.

A good soil mix is equal parts sand (for aeration and drainage), peat moss (to hold water and provide nutrients) and loamy soil (for nutrition). Also add a commercial slow-release fertilizer, following package directions

Soluble salts build up in the soil each time you water a potted plant, Davidson cautions. Once a month, hold the container over the bathtub and pour in large amounts of clear water to flush out harmful salts

If you buy potted plants in papier mache containers for outdoor landscapes, cut container from plant before planting The container may prevent water and nutrients from entering plant roots

Use your imagination when choosing a container try an urn, hanging basket, windowbox, even an old boot

By Elmer E. White

**Tax Cut Unfightable**

Only one thing is safer and more popular in American politics than motherhood and cherry pie

That's a cut in taxes.

If there is one thing nobody likes in this country, it is taxes. Even the most patriotic person figures his tax bill is too high It's been that way since the Boston Tea Party

Thus, when Gov William G Milliken came up with his proposal in January to cut the state income tax through a combine increase in the personal exemption and an increase in property tax credits, there were few protests heard And they were drowned out by the cheers of approval

The legislature has a hard time working out the details of a lot of problems, but the tax cut made it through in record time--just a little over three months from start to finish

The new tax cut means a cut of at least $10 70 per person beginning next January in personal income tax bills since the personal exemption is raised $300 to $1,500 per person

With a flat rate tax of 3 9 per cent, that $300 additional exemption is worth $10 70 And it means a family of four will pay no taxes on the first $6,000 of income

That plus a property tax relief program designed to aid those whose property tax bill represents an overpowering portion of their income is a political pie no one can throw out

A few of the more liberal lawmakers talked briefly of how the state has too many unmet needs to begin cutting taxes, but they quickly quieted down.

A Democratic strategist recently likened the governor's tax cut program to President Nixon's trip to China

It won't, he conceded, make things any easier in 1974 when the Democrats try to defeat Milliken Indeed, the idea was so unbeatable almost every Democrat voted for it. In the final tally in both houses, only six of the 148 legislators had the temerity to vote against it

**Height Requirements**

One of the causes put forth in recent years by persons complaining about the racial makeup of police forces is the attempt to have police departments do away with height requirements

The argument is that height requirements, whatever their reason, result in discrimination against persons of Mexican-American backgrounds

Despite the arguments, however, the Michigan State Police has remained with their requirements that any state policeman be at least 5'9" tall And Police Director John Plants recently came up with some strong arguments for retaining the height requirement

First of all, he pointed out, the Mexican National Police, known as the Federales, have a height requirements of their own--and it's 5'8", or only one inch less than the Michigan requirement Likewise, the Puerto Rican Police Department has a 5'8" requirement

The El Paso, Texas, Police Department has a height requirement of 5'8" as well, yet more than 50 per cent of its police force are of Mexican-American descent

"We think that we are right," Plants said "Most of the people who are advocating the reduction of height standards in police departments have never operated a police department and don't have the slightest idea what they're talking about"

The main reason for the requirement is that a police officer must command respect when dealing with people and a tall person has the psychological edge over a shorter person

For instance, Plants said, the Los Angeles Police Department has a 5'8" requirement and will lower it to 5'7" in special instances when a person has an ability being looked for--such as the ability to speak Spanish. A study conducted in the department, in 1965 showed that while persons 5'8" and 5'7" made up 10 4 per cent of the department, they were involved in 50.7 per cent of all assaults against police officers--proof the shorter officer doesn't have the automatic control a taller one will have

"There isn't any question that shorter police officers do not command the respect automatically that larger police officers do," Plants says

He says there's one other thing that must be considered

"What's happened in the past where departments have lowered the height standards is that you don't bring in more minorities, but you bring in some short Caucasians. We don't want to put ourselves in that position in the state police"

## Promoted

Owen W. Rifenberg, CLU, 107 Clark Street, Buchanan has been promoted to field superintendent in the Indianapolis area for the Life Insurance Company of North America

Mr Rifenberg holds the Chartered Life Underwriter designation and was named "Rookie of the Year" for 1972 in the company's South-Central region Prior to joining INA-Life in 1971, he was associated with the Prudential Insurance Company of America

## Golden Age Club

The Golden Age Club met last Friday with just 35 members present and two guests Mr and Mrs Elmer Davenport of South Bend

Entertainment was provided by Mr. Davenport who sang to the accompaniment of Mrs Logan Brown Joe Jackson attended the meeting to speak to the club on helping the Indians

Linda Stark of Range Line Road spends quite a lot of her time playing with the family's pet duck Peppy who follows her all around their yard Linda is the 8 year old daughter of Mr and Mrs. Richard Stark and a 2nd grader at Ottawa. The family hatched Peppy from an egg given them from the city ducks four or five years ago They first tried putting it under one of their hens but that didn't work out, and it was finally hatched in the oven with some help from the family who kept it damp and helped Peppy start to pick his way out The Starks have a wide variety of dogs, cats guinea hens and assorted pets and Peppy holds his own with all of them

"The American Cancer Society gave me back my voice."

I'm an actor My name is Bill Gargan I had cancer of the throat When they operated and removed my voice box, I thought it was either my voice or my life

Until then I never knew ACS helps rehabilitate people who've been treated for cancer

Or that they help support research

Or that they stress regular checkups and other life-saving actions for the public

But they can't help anyone without some help from you

We want to wipe out cancer in your lifetime.

Give to the American Cancer Society
