

Dedication of Ottawa School Planned Sunday

Open house and dedication of the new Ottawa Elementary school will be held Sunday afternoon, between 2 and 5 p.m. The dedication program will commence at 2:30, followed by open house until 5 o'clock.

The school which opened in September is located on Ottawa street, just north of West Front street.

Dr. James Lehman, president of Lake Michigan college, will deliver the dedication address.

Also on the program will be the high school orchestra, Elder John P. Rees to give the invocation and benediction, Supt. Pierre Bailey who will be in charge of the program, Milton J. Curtis, project administrator for Warren Holmes architectural firm, will present the school which will be accepted by Bernard Elms, president of Buchanan Board of Education.

The school was constructed at a cost of \$470,776, plus architect's fees of \$29,676 and furniture and equipment \$24,754. It was financed thru a building and site fund.

Construction is primarily of brick and cement block thru out.

Each room has thermostatically controlled electric heat and automatic ventilation control, which provides for a healthful, comfortable environment. Lighting is provided by recessed, rapid starting, fluorescent fixtures, which produce a shadowless classroom for the children.

Special rooms provided include offices, library, teachers' lounge, work room, clinic, kitchen, multi-use room, speech, reading, music and storage. The multi-use room is used by the school and community for dining, physical education, meetings, and for entertainment. The library is a carpeted instructional materials center which may be used as a reading room, audio-visual center, for medium sized group meetings and a research center.

Opening of Ottawa school allowed moving elementary students from the elementary wing at the high school. That space is now being utilized by students in junior and senior high.

THE LOCAL WEATHER

Cold weather continued in the Buchanan area during the past week, accompanied by 137 inches of new snowfall.

High temperature for the week was 23 degrees and the low was a minus 10 degrees Monday. Below zero readings were recorded on four days.

The new snow raised to 142 inches the total snowfall for January.

Temperatures and snowfall were:

Date	Snow	High	Low
Jan 3-26	in	21	0
Jan 4-45	in	10	-8
Jan 5		23	14
Jan 6-40	in	16	-4
Jan 7-19	in	11	-8
Jan 8-7	in	18	-10
Jan 9		27	10

City Issues

Five Permits

Cold weather did not deter building activity during the past week, as Rudolph Rodriguez, city building inspector, issued five permits.

No 1325—issued Jan 4 to T. W. Cramer, 420 Hill, aluminum siding on dwelling and garage, \$2,350.

No 1326—issued Jan 4 to Veto A. McKienze, 216 West Fourth, aluminum siding, \$650.

No 1327—issued Jan 5 to Richard L. Swem, 430 Moccasin, alterations to basement, \$500.

No 1328—issued Jan 9 to Masonic Lodge 68, 120 North Oak, heating and air conditioning, \$6,420.

No 1329—issued Jan 9 to Monroe L. Cashier, 806 Victory, aluminum siding, \$1,200.

Property Owners Install 2 Miles of New Sidewalk

Pedestrians have more than two miles of new sidewalk to walk on this winter, as a result of the city's recently enacted sidewalk program, reported George Burgoyne, Sr., city code enforcement officer, in his annual report to the City Commission.

Burgoyne said 8,332 lineal feet of sidewalk had been replaced and another 2,829 lineal feet of new sidewalk had been installed, for a total of 11,661 lineal feet of new and replaced sidewalk.

Burgoyne reported good response to the program. Following an inspection of sidewalks thru out the city, 461 sidewalks repair notices were mailed, with result that 244 sidewalk permits were issued.

The code enforcement officer pointed out that notices were sent in areas where street improvements were completed so grade could be set, and in areas where connecting lengths of sidewalk were needed. Notices were not sent out in areas which will be covered later as

special assessment districts, or where major street improvements are planned by the city, such as along South Portage street.

Burgoyne noted that several property owners had indicated they planned to have the needed improvements completed next summer. Some had wanted the job done last year, but contractors were not available, or the projects were delayed due to weather.

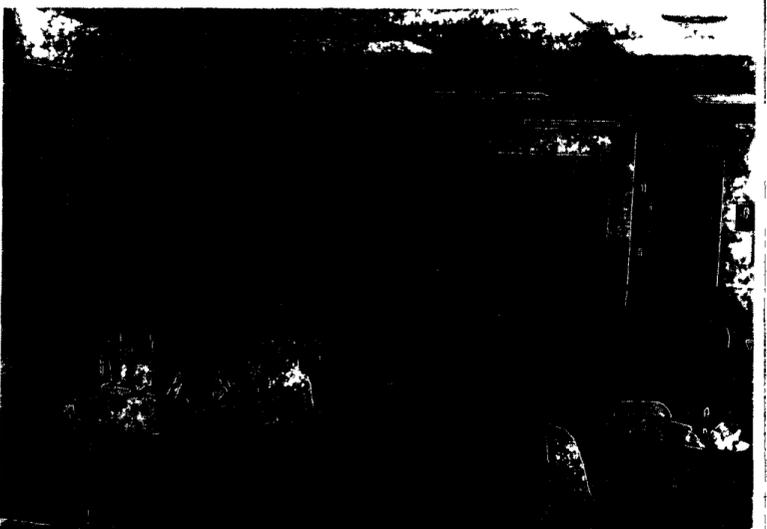

Rat Control Program
An effective rat control program was another major project for the code enforcement officer.

Burgoyne reported that as a result of the program carried on thru out the year several areas known to be harboring rats had been cleaned up and that big invasions had been made into other areas. He added that at present time there were no known major rat infestations in the city.

He also issued a plea to residents having knowledge of rats. See SIDEWALKS, Page 5.

TO BE DEDICATED — Dedication ceremonies for Ottawa Elementary school have been set for 2:30 p.m. Sunday. Guest speaker for the occasion will be Dr. James Lehman, president of Lake Michigan college. Open house will be held at the school from 2 to 5 p.m. —Record Photo

ELEMENTARY LIBRARY — The library at Ottawa Elementary school doubles as a library and instructional materials center. This room will be one of the points of interest to visitors Sunday during open house and dedication of the school. Dedication will be at 2:30, with open house from 2 to 5 p.m. —Record Photo

FIRST OF 1968 — Anne Marie Scroggins claimed the distinction of being the first Buchanan baby born in 1968. She was born at 4:57 p.m. Jan 6 at Pawating hospital, and weighed in at 8 lb 5 1/2 oz. Being held by her mother for her camera debut, Anne Marie is the daughter of Mr. and Mrs. Donald Scroggins of 517 Claremont St. She has an older brother, Eddie Wayne, age 4, at home. Her maternal grandparent is Mrs. Ed Beard of 420 Arctic and paternal grandparents are Mr. and Mrs. Melvin Scroggins of 916 Main. Mrs. Scroggins is the former Retha Beard. —Record Photo

Response Good Toward Community Park Needs

Delinquent Voter Deadline Near

Voters who have not exercised their right to vote within the past two years are reminded that the deadline for reinstating their registration is near.

City voters who have received notice of suspension of registration have until Monday, Jan 15, to either return the self-addressed registration card, or to apply in person at city hall.

City Clerk Betty Hamilton said that under a 1965 state law, registered voters who have not voted in the past two years are notified that their registration will be cancelled unless reinstated within 30 days. Notices of suspension were mailed to delinquent voters Dec. 15.

List Dates for Plate Sale Here

New license plates will be on sale in Buchanan on two Saturdays, announced John MacDonald, manager of the Secretary of State's office in Niles. Feb 3 and 10 tentatively have been set as the dates, with MacDonald and his staff planning to be at city hall from 1:30 to 4:30 each day.

Deadline for driving with 1967 motor vehicle plates is Feb 29.

MacDonald also issued a reminder to area motorists of the state requirement for purchasing plates in addition to having a registration or title and an application properly filled in. Motorists must have in their possession a certificate of insurance or a valid insurance policy, or pay an uninsured motorists' fee of \$35. Certificates of insurance are available from insurance agents.

Application forms for motor vehicle registration are available at the police station or from local auto dealers. MacDonald suggests that motorists complete the forms before attempting to purchase plates, to avoid unnecessary waiting in line.

MacDonald also advised that the Secretary of State's office has issued a ruling that the deadline for using 1967 commercial, pickup and trailer plates had been extended to Feb 29. Previously a deadline of Jan 31 had been announced.

Hours for the Niles branch office are 8:30 a.m. until 4:30 p.m. Monday, Tuesday, Thursday and Friday, and from 8:30 until noon on Wednesday and Saturday.

Response to improving the community park and recreation facilities was good, reported Robert Koenigshof, following Monday night's meeting with area club representatives. Koenigshof is chairman of the Chamber of Commerce community development committee which is spearheading a drive to improve community facilities.

Representatives of 12 organizations met Monday in the high school library.

Koenigshof said those attending pointed out the need for more ice skating facilities, and for increased park supervision and usage during summer months. Rest rooms at parks, particularly at the Little League field, also were discussed.

LeRoy Smith, Chamber president, outlined the proposed lighting program for the football field and representatives agreed that such a program was needed. Plans are for the Chamber to head a community-wide drive for funds for new lights at the field.

At close of the meeting representatives voted to take information back to their respective clubs and to meet again in another month. No date for the meeting was set.

Koenigshof outlined the Chamber's role in taking the lead with the Park and Recreation Board to improve park and recreation facilities, and reviewed the list of needed improvements as compiled by the board.

Attending the meeting were Milton Curtis and David Reitz of Buchanan Jaycees, Mrs. Gerald Moulds of College club, Mrs. Elza Smith of Buchanan West-erners, Ray Berry of Park and Recreation Board, Mrs. Carl Grimmett of Navy Mothers, Mrs. Fred Stout of Buchanan Book club, Mrs. Richard Post of Child Study club, Mrs. Ralph Swartz of Girl Scouts, Richard Hickok of American Legion, Mrs. Victor Shafer of Buchanan Jaycees, and Koenigshof and Smith of Chamber of Commerce and Lions club.

Defer Action On Motel Bids

No immediate action was taken following opening of bids Tuesday morning for the restaurant and Quality Courts motel to be built here. Bids are being studied by the architect and directors of Redbud Development, Inc.

Howard Donley, chairman of construction, said all of the bids were considerably higher than had been anticipated. Poole Construction, H. G. Christman Construction of South Bend and Pearson Construction of Benton Harbor were three lowest bidders. Seven bids were received.

Seek OK on Financing For Sewer Project

Financing of the northeast area sanitary sewer and rezoning were major items before the City Commission Monday night.

A big step in financing the \$122,000 sanitary sewer project was taken with adoption of a proposed resolution requesting the Municipal Finance Commission to approve release of \$57,750 of unencumbered excess funds from the 1961 water and sewer revenue bond issue. If

the funds are released it would permit construction of the sewer this spring. Otherwise the project could be delayed another year.

Under the ordinance adopted in 1961 to provide for the revenue bond issue, it permits use of up to \$57,750 in excess funds to be used for further extensions as improvements to the water and sewer system. The northeast area sanitary sewer

project would provide sanitary sewer to a section of town not now serviced.

Delay Rezoning

Action on a rezoning request submitted by Paul Marazita was tabled until a full commission is present, after arguments were heard from attorneys representing both sides of the issue. Commissioner Goldwyn Smith was absent Monday night because of a recent operation.

The delay in deciding the matter was requested after the city attorney ruled that rezoning would require a four-fifths vote if it were to be granted, since an adjacent property owner objected to the rezoning. In instances where more than 20 per cent of adjacent property owners object, a four-fifths vote by the commission is required to adopt the zoning change.

Marazita has requested rezoning of his property on North Portage, east side of the street at the city limits, from R-1 residential to C-2 commercial, to permit construction and operation of a drive-in restaurant. Marazita has been represented at meetings on the rezoning by Attorney Joseph Low.

Appearing on behalf of his client, Claude Hubbard, Attorney Frank Kelley argued that the zoning was spot zoning and that it was not compatible with surrounding zoning. He said his client had purchased 4 1/2 acres along the bluff overlooking the river as residential property and his longrange plans were for development for residential use.

Kelley said any change in the property would be diminutive to the residential value of his client's property, and added that he did not agree that the rezoning was a natural extension of C-2 zoning across the street (restaurant-motel site). Another adjacent property owner, Mrs. Oscar Anderson, said she did not care whether the Marazita property was rezoned, and Harold Smith of Smitty's Marine said he favored the rezoning.

Set Public Hearing

In another rezoning matter, the commission set Feb 13 as the date for a public hearing on rezoning of Leo McCarty property at 701 East Front. McCarty has requested rezoning from R-1 residential to C-2 commercial.

At a meeting the previous Monday, the City Plan Commission recommended rezoning be denied, on basis that the property did not have the minimum 75,000 sq. ft. required for C-2 property.

Miscellaneous

In other business, the City Commission.

—Tabled consideration of a request from Donald Carbon for a loading zone in front of F. S. Carbon company, 107 Days.

—Approved a request from Clark Equipment for two 32 foot wide driveways from River street into the new parking lot on the north side of River street.

—Deferred action on a proposed traffic order to prohibit parking on the east side of Main street, from Third street to the city limits.

—Accepted monthly reports from the city treasurer and code enforcement officer, quarterly police report, and six months wastewater plant report.

—Approved payment of bills totaling \$4,630.98.

Special School Vote Set Monday at Galien

Monday will be an important day for Galien township schools as voters cast their ballots in a special election.

At stake is a 40 mill increase for operation, being sought for a period of one year.

The increase is being sought by the Board of Education for the purpose of increasing wages of school employees, to enable Galien school district to compete in the labor market.

Supt. Harold Whipple points out that the increase will amount to \$31.68 for the year for a property owner with valuation of \$9,600. This, he said, amounts to less than 10 cents, or a cup of coffee per day.

The increase in operating millage, if passed, would raise to 28.25 mills Galien property owners will pay for schools. The present levy for this year is 24.95 mills.

The 1967 tax levy for Galien schools was 9.05 mills allocated, 9.0 mills voted for operation, 2.05 mills 1964 debt retirement, and 4.85 mills 1967 debt retirement.

The proposed 1968 levy is 9.05 mills allocated, 13.0 mills voted for operation, 2.0 mills 1964 debt retirement, and 4.2 mills 1967 debt retirement.

"Even with this increase," said Whipple, "Galien will be See GALIEN, Page 5.

Absentee Ballots

Absentee ballots for Galien's special school millage election Monday may be obtained from board secretary Howard Doughton of Dayton road. Deadline for obtaining ballots is 2 p.m. Saturday.

Two Candidates As Park Planner

Two promising candidates answered letters sent by the Park and Recreation Board in its search for a planner for the city's new park in the urban renewal area, announced City Manager Dayl Tammen during the monthly meeting Thursday.

The board had sent inquiries to four potential candidates. It is planning to seek professional assistance in laying out of the new park.

It was reported that the new ice skating rink in the urban renewal park area was being used regularly by the neighborhood youngsters, until someone with a pickup truck drove onto the ice and broke it up. City crews have been attempting to repair the damage.

Tammen also reported that the new playground equipment for Kathryn and Centennial parks had been delivered, as well as the new bleachers for the softball diamond at Memorial field.

Bills totaling \$731.34 were authorized for payment.

School Board to Meet Monday At Indian Hills

The regular meeting of Buchanan Board of Education will be held Monday night at Indian Hills school, beginning at 7:30. Holding meetings at various elementary schools thru out the district is being done this year in an effort to take school matters to the people of the district.

On the agenda will be: —Appointment of a director to fill the vacancy created by the recent resignation of Mrs. Jack Burchfield.

—Appointment of a representative to the curriculum council.

—Opening of bids on roll-away tables for Stark and Moccasin schools.

—Appointment of a certified public accountant.

—Supt. Pierre Bailey's quarterly report.

—Diploma certification for seniors.

—Report on Indian Hills debt retirement.

THE NEW KENNEDY MOTORS — This is an artist's sketch of the "new" Kennedy Motors after construction of a new showroom is completed. The new showroom will extend out toward the street and have capacity for display of 12 cars. The showroom will feature a Kawneer front with tinted glass below a shake roof. The new showroom is part of a major expansion program now underway at Kennedy Motors. —Record Photo

POORMAN'S

WIN IN KLONDIKE DERBY — This sled built by the Moose Patrol of Troop 48 won a first place ribbon in the annual Klondike Derby at Camp Madron Saturday. Riding the sled is Scoutmaster Edward "Skip" Virgil, and members of the patrol are John Trautman, Rene Carlson, Steve Hawks, Scott Ehlert, Greg Piater, Buddy Ross, Daryl Morris, and Tim Nelson. Not pictured is Mark Gray. Buchanan patrols won five of the top 10 ribbons in the derby. —Record Photo

Scouts Sweep Klondike Derby

Three Buchanan Boy Scout troops had patrols participating in the Klondike Derby at Camp Madron Saturday and among the three troops they managed to claim the top five ribbons (out of 10). Thirty patrols, representing troops of the White Beaver district, met to compete in winter outdoor skills. These skills included first aid, signaling, lashing, fire making, compass or map reading and crossing a gorge.

The first requirement of each patrol entering the competition was to submit a sled which had been made by the patrol. The Eagle patrol of Troop 41 earned a first aid kit for having the grand champion sled of the Derby. The Moose patrol of Troop 48 took first place ribbon for its sled.

In the overall competition of skills Troop 48 claimed three ribbons: Moose patrol, first place; Beaver patrol, second place; and Bat patrol, fourth place. Troop 41's Fox patrol 43's Thunderbird patrol claimed third place and troop fifth place.

Troop 41's Fox patrol took a first in the map and compass reading division. The Rattlesnake patrol of Troop 41 also

participated in the derby. Scoutmasters are Edward "Skip" Virgil, Troop 48, Leo "Unk" Slate, Troop 41, and Stephen Hanchai, Troop 43.

Six Officers to Attend School

Six officers from Buchanan police department will be among 50 officers from Berrien, Cass and Van Buren counties to attend a basic training school sponsored jointly by the Tri-County Law Enforcement Training committee and Lake Michigan college. The school will start Jan 9 and continue each Tuesday and Wednesday for the following 10 weeks. Classes will meet from 9 a.m. until 5 p.m. each day.

Highlight of the first day of school will be a keynote address given by Circuit Judge Chester J. Byrns. He will speak on the need for law enforcement training in Southwestern Michigan.

All class sessions will be held at the St. Joseph F.O.P. lodge on Niles avenue, St. Joseph.

Topics to be covered during the 160 hour program will include report writing, criminal law, laws of evidence, arrest and individual rights, search and seizure, criminal investiga-

tions, human relations, first aid, motor vehicle law, and a variety of related subjects. Classes will be taught by FBI, State Police and other specialists. Upon successful completion of the officers will be presented with certificates.

Attending the school from Buchanan will be Patrolmen Robert Hutchison, Leon Kendall, Donald Webb, Daniel Moore, James Kasa, and Robert Brown. Sgt. Dewey Bicard and Gerald Slocum previously completed the school.

Volume Up at Sewage Plant

A total of 144.7 million gallons of wastewater were treated at the city disposal plant during the last six months of 1967, reported James Lamb, superintendent, when he submitted his report to the City Commission Monday night.

The volume was up approximately 46 million gallons over the same period the previous year, when 140.1 million gallons were treated.

Lamb reported favorable operation of the plant, with approximately 53 per cent of suspended solids removed and the biochemical oxygen demand

averaging 33.5 per cent. Normal operation of a primary treatment plant such as the one here removes 40 to 70 per cent of suspended solids and has an oxygen demand of 25 to 45 per cent.

Effluent Treated

Lamb also reported that effluent is now being chlorinated yearly as required by the Michigan State Health Department because the St. Joseph river is used for fishing and recreation. In 1967 9,200 pounds of chlorine were used, at a cost of \$620.

The city purchased equipment required by the State Health Department to make bacteriological examination of the effluent to make sure that the concentration of coliform organisms are less than 1,000 per 100 milliliters.

Still needed is a second chlorinator to make sure the city is able to chlorinate the effluent at all times.

Lamb also reported that 110 water meters had been repaired, and placed in service, that 161 cubic yards of grit had been removed from the grit chamber during the past six months, and that for the year 102.1 inches of snow and 42.4 inches of rain were recorded for Buchanan.

Your seasonal cleaning chores will be lightened considerably if you have latex foam mattresses. They never have to be turned, beaten to remove dust or taken outside for an airing. Since they are porous, they have natural air conditioning.

Drunk or Drugged? Often Difficult to Tell

Drunk driver or "drugged driver" . . . It's often impossible to tell without a scientific test.

Secretary of State James M. Hare said that the scope of the problem of drug involvement in highway accidents has not yet been determined to its full extent. "It could well be more than we now suspect," he said.

"Medicines, taken with other drugs, or with even small amounts of alcohol can produce intoxication in certain persons depending on their tolerance to the mixture," said Hare. "And perhaps when there is an indication of alcohol intoxication in a person, it might actually be alcohol producing a side effect with a drug."

"Everyone's body chemistry is different. Where a drug is beneficial for one person, it may produce a highly allergic or toxic effect on others. This could be in the form of dizziness, drowsiness, headaches, inability to concentrate, sudden overwhelming, exhaustion, or nausea."

Since alcohol is estimated to be a factor in more than 50 per cent of all fatal traffic accidents, Hare said, many safety officials are wondering whether

drugs are playing a part in a number of these deaths that have been linked to drunk driving.

Can Be Dangerous

Drugs by themselves can be dangerous, Hare noted. Some tranquilizers carry a warning on the label. "Don't use before driving a car."

A drug used to combat depression can cause such side effects as temporary confusion, disturbed concentration, blurred vision, sleepiness, dizziness, weakness, lack of coordination.

An antibiotic commonly used in treatment of bladder and kidney infections causes drowsiness and brings about some difficulties in vision, including changes in color perception, some problems in focusing, and double vision.

"Many persons," says Hare, "unmindful of the potential problems, gulp down a tranquilizer in the morning, have a couple of martinis for lunch, and take antihistamines or a couple of aspirins or cough syrup in the afternoon for a cold. Then after work, they may stop off for a couple of drinks to 'unlax' after a trying day at the office."

"This is dangerous and could be suicidal," Hare said.

"The combination causes what is known as a 'potentiating' reaction on the central nervous system with tremendous effects. For example, a tranquilizer with alcohol becomes a sleeping pill. A barbiturate with alcohol can be a poison, lowering blood pressure and affecting breathing. Results have ranged from dizziness to blackout spells, or even instant death."

Ask Your Doctor

Hare suggested that the driver ask his doctor the following questions: Is this medicine likely to affect my vision or coordination? Will it have any side effects? What residual effects will it have? May I indulge in alcoholic drinks?

A good suggestion to follow is . . . Stay off the road after taking drugs! These include tranquilizers, reducing pills, cold pills (which may contain antihistamines), amphetamines or other "stay awake" pills, sulfonamides or antibiotics, and barbiturates.

"And under no circumstances, should drugs be taken in combination with any alcoholic drinks," he concluded.

Minimum tillage resulted in higher yields than those from conventional tillage when rains were too light to cause runoff, four-year research at Michigan State university shows.

USE THE LITTLE GIANTS; RECORD WANT ADS

Beer Costly For 4 Youths

Four boys each paid \$25 fine plus \$7.40 costs Tuesday night when they appeared before Justice Harold Jackson on the charge of being minors in possession.

Fined were Robert Pelley, 19, of 307 Berrien, Don Stone, 18, of 308 Marble, Richard Backus, 17, of 503 Berrien, and Douglas Dokey, 17, of Route 1, Clear Lake Woods.

A fifth boy, 15 years old, was petitioned into juvenile court.

The five were arrested about 1 o'clock Monday afternoon by Niles State Police Officers.

Reported that as they approached a parked car on Elm Valley road, they observed subjects loading a case of beer into the trunk.

All but the slimmest figures make a better appearance on the beach if snug briefs and bras are worn under figure-revealing swim suits.

To achieve a smooth exterior, such undergarments should have as few seams as possible. These, like the swim suit itself, should always be sudged out after each wearing.

Ed Ryan, Michigan State roverback and 1961 football captain, popped five fillings from his teeth when he once tackled Wisconsin end Pat Richter.

Compound it . . . That's What First National Does With 5% Savings Interest

There's a new prescription for higher earnings on your savings. It's the way First National Bank pays interest on FNB GROWTH SAVINGS BONDS.

At First National savings deposited in growth bonds earn 5% bank interest, compounded quarterly. It's the best deal for small savings in Southwestern Michigan.

Quarterly interest compounding (paying interest on interest) turns 78 cents into a dollar in just five years.

Buy your bonds at a 22% discount. A \$25 bond costs you \$19.50. There's a convenient range in between up to \$5,000 bonds which cost you just \$3,900. Bonds start earning 5% immediately with no waiting.

You can keep your bonds five full years or cash them without notice at the end of any three-month period. Either way, you'll get your money back plus 5% interest compounded quarterly.

One half mile North of Buchanan on St. Joseph River.

Area Students Have Role In Developing New Satellite

Fifteen undergraduate students at the University of Michigan have designed a complex long-term weather-prediction satellite which has drawn the interest of National Aeronautical and Space Administration (NASA) and corporations such as Lockheed and Boeing.

Among these students were two area men, Patrick Kenney of Gallen and Richard Lentz of Buchanan. Kenney graduated in December and is now employed by Boeing. He is the son of Mr. and Mrs. Jerry Kenney of 118 Southeastern, Gallen. Lentz is the son of Mr. and Mrs. Howard Lentz of Niles-Buchanan road, and a senior at the university.

Named Project STRATUM (Stratified Thermosphere Research at the University of Michigan), the proposed satellite would have a one-year lifetime in a near-polar, circular orbit. It would be particularly valuable in predicting extreme weather conditions.

Designed in 15 weeks as part of a unique student design course in the U-M department of aerospace engineering, STRATUM will be made known through a report summary indexed by NASA and sent to laboratories around the world.

In the design course, students work together as would an industrial team to design and prepare a report on a satellite.

According to Richard Wallace, project manager, the proposal is feasible and has been worked out carefully for a launching in 1970 at a single unit cost of \$4,910,000.

STRATUM would measure atomic and ionic composition. It would also measure electron density and intensity of argon glow phenomena.

The 235-pound satellite would be injected into orbit 295 nautical miles high by a Scout rocket used for orbital launchings.

A standard frequency Mini-track system would be used to command and track the satellite from ground stations at Fairbanks, Alaska and St. Johns, Newfoundland.

Forty executives, scientists, and engineers attended by invitation a presentation on the project by the students which included talks, distribution of a 110-page illustrated report, a slide presentation, and viewing of exterior and cutaway models of the satellite.

Among those present and interested were Lockheed, Boeing, General Electric, Bendix and MIT.

SOCIAL SECURITY Questions and Answers

The changes in the social security law signed by President Johnson recently will mean a benefit increase of at least 13 per cent in the social security checks of about 20,000 men, women and children in Berrien county, reports Sidney M. Manning, district manager. Over the next 12 months these beneficiaries will receive \$2,250,000 more as a result of the increases. The total increase in payments to 33,000 beneficiaries residing in the tri-county area will amount to \$3,750,000 over the next 12 months.

Beneficiaries need not take any action to get the increase, said Manning. It will be sent to them automatically.

Residents of this area can expect the first increased check on Saturday, March 2, one day earlier than the usual third of the month delivery of social security benefit checks. Under a recent arrangement with the Treasury department and the post office, social security checks are delivered a day early instead of a day late when the third of the month falls on a Sunday or holiday.

Some social security beneficiaries will receive more than a 13 per cent increase. The minimum benefit for workers retiring at 65 is increased from \$44 to \$55. The average benefit payable to a retired worker, about \$86, will be raised to \$93, an increase of \$12 a month. The average couple's benefit, now \$145, will go up to \$165, and the average aged widow's benefit will rise \$11, from the current average of \$75 to \$86.

The last increase in social security benefits amounted to 7 per cent, and was effective January 1965.

Under the amended law, maximum payments to families now on the social security benefit rolls will go up from the currently payable maximum of \$309.20 a month to \$322.40 in the future, the maximum payable monthly to any one family can be as high as \$434.40.

In succeeding articles, Manning will explain other important changes in the Social Security program as a result of the 1967 Amendments. The next article will deal with disabled widow's benefits.

BLOSSOMED OUT IN SNOW — Snow settled on its many berries gives this tree at the post office a spring-time appearance following a snowfall of several inches over the weekend. Snow also added a decorative touch to the shrubbery. —Record Photo

A Look at Exemptions In Computing Tax Return

(The following article is the first in a series of four articles on year-end tax planning prepared for this newspaper by the Committee on Federal Taxation of The Michigan Association of Certified Public Accountants.)

While not classed as a "deduction," the exemption for dependents is deducted in arriving at taxable net income in order to qualify as an exemption, a dependent must meet all tests as to (1) income, (2) relationship, and (3) support.

1. Will you dependent have less than \$600 gross income? Except for a child under age 19 or one who is a full-time student, a dependent must meet the "less than 600" test. For this particular purpose, social security benefits are not counted in determining the dependent's gross income.

2. Is the dependent related? Other than relatives, only a person who lives in your home during the entire year can qualify. Of course, this person must also meet the other tests.

3. Have you furnished over one-half the dependent's support for 1967? Except in the case of a relative who is being support-

ed by several persons, this test must also be met. In those instances where more than one person supports a relative but none furnish more than one-half of the support, anyone who contributes more than 10 per cent can claim the exemption if each of the others supplies this taxpayer with a declaration that he or she will not claim the exemption.

Other Items Reviewed Several other situations usually must be considered. For example, if a dependent meets all the tests, but is married and files a joint return with his or her spouse, the exemption is not allowed.

Then, too, you must know what constitutes support. Expenditures for food, clothing, shelter, education, medical and dental care, recreation, transportation, and other necessities are included in "support." If any of these (for example, shelter) is furnished, rather than purchased, the fair market value of that item is used in computing the total amount of support.

Offer Course In Real Estate

"Real Estate Appraisal I," a required course in the University of Michigan's program leading to a certificate in real estate, will be offered at Benton Harbor this winter.

Classes will meet for 11 sessions on Wednesdays, beginning Feb. 7, from 7 to 10 p.m., in Room 125, Benton Harbor High School, 570 Colfax Ave.

A course in appraising geared to the single family dwelling, Appraisal I provides much of the necessary background for all types of property valuation. "What is an appraisal?" and "Who are appraisers?" are two of the many topics covered by the instructor, Allen H. Shaffer, M.A., Realtor, vice president, Perrett Incorporated, Battle Creek.

Registrations may be made in advance with John Nueman, class secretary, Totzke Real Estate company, 1687 Colfax Ave., Benton Harbor, or at the first class session. Registration and payment of the \$34 fee must be completed by the end of the week in which the first class session is held.

Additional information and brochures, a nouncement in all courses offered in the state-wide program in real estate this term, including one in Kalamazoo, may be obtained from Real Estate Program, U-M Extension Service, 412 Maynard Street, Ann Arbor, Mich 48104.

New Postal Service Offered

A new service making it possible for postal customers to get the new address for first-class mail that is forwarded went into effect Jan. 7, reports Postmaster Charles Westner.

First-class mail is forwarded at no extra charge when the addressee has left forwarding address, but in the past there had been no provision for supplying the sender the new address. Under the new service the post office will, when requested, supply the sender the corrected address upon payment of a 15-cent fee.

DIMES

Continued from Page 1 where she is now serving her second term as president.

Polio and Birth Defects When Jerry Lauver first began working with the March of Dimes as co-chairman in 1957, the health organization had already conquered polio and had begun concentrating its efforts on the fight against birth defects. March of Dimes money is still being used in Berrien county to assist some 25 victims of polio, although the major part of contributions is now concentrated on birth defects.

The great majority of birth defects can be treated and completely corrected, if they are detected early and given the best care known to modern medicine, said Lauver.

Medical care of this high caliber is available at nearly 100 March of Dimes supported birth defect centers at leading medical institutions throughout the nation. In addition, March of Dimes sponsors research on the cause of birth defects at 32 institutions in 21 states and Canada.

Culmination of the 30th anniversary March of Dimes campaign in Berrien county will be the Mothers' March on Sunday, January 28th. Everyone interested in the fight against birth defects is urged to contact his or her community chairman to help on the Mothers' March in Buchanan may be delayed for more favorable weather.

Lauver and his wife Joyce reside at 601 Portage St.

Boyd, his wife Edith and three children live at Box 93, Weechick road, New Troy. He is employed as a mechanic with Ridge & Kramer, Benton Harbor.

The Dickeys and their two children live at Route 1, Buffalo Road, Gallen.

Charge Driver In 2-Car Crash

A local driver was charged with careless driving following a two-car crash early Sunday morning. Four persons were injured in the crash on US-31 north of the state line.

Driver of one car was William Olsen, 17, of 502 Terre Coupe. Niles State police reported Olsen was traveling north, attempting to overtake and pass another car, when he lost control and his auto spun into the path of a south-bound car driven by Robert Kahlmorgan of South Bend.

Kahlmorgan and a passenger, Carol Anderson of South Bend, suffered bruises and lacerations. Two passengers in the Olsen car, Sharon Friend and George Maynard, both of Niles, suffered head lacerations. The victims were treated at Pawating and South Bend Memorial hospitals.

Lose Driving License

Drivers' licenses of 634 Michigan motorists were suspended and those of 417 were revoked during the past week, according to the Michigan Department of State. Among those whose licenses were reported suspended was Joe Andrew Watts, 1107 Victory, for conviction of driving while under the influence of alcohol.

\$1,842 below the M.A. scale. Whipple said the problem is not just with faculty. As wages continue to increase in area industry it is becoming more difficult to retain or employ good personnel at the present scale.

Police Make 123 Arrests

Some 29 criminal arrests were made during the past three months by city police. Investigation of 306 complaints, stated Chief David Shbinski in his quarterly report to the City Commission. In addition, 61 accidents were investigated and 94 traffic arrests were made, raising the total number of arrests to 123.

A breakdown of criminal arrests showed 3 for burglary, 8 for larceny, 2 for auto theft, 10 for drunkenness, 5 for disorderly conduct, and 1 for offenses against family or children.

Traffic arrests included 27 for speeding, 11 for reckless and/or careless driving, 14 for stop sign or traffic signal violations, 4 for improper passing, 6 for defective equipment, and 29 for all others. Some 175 tickets were issued for parking meter violations and 218 for other parking violations.

Among offenders apprehended throughout the quarter were 15 juveniles who were either arrested or referred to juvenile court.

A breakdown of complaints shows 1 assault, 7 burglary, 26 larceny, and 2 for auto theft.

In addition to complaints and accidents investigated, officers made 25 vacation checks and patrolled 17,740 miles. Only 16 man hours were lost due to sickness.

Mustangs to Host Cagers

It will be River Valley's turn to try to upset the Bucks Friday night as Buchanan invades the Mustangs' gym. Game time will be 7 o'clock. River Valley high school is located on Three Oaks road, just south of Warren Woods road.

Coach Ray Benly's Bucks will be going for their sixth straight victory of the season, while the Mustangs will be fighting to knock them out of a first-place tie in the conference. Buchanan and Lakeshore are tied for the league lead with perfect 3-0 records. River Valley is in third place with 2-1 league and 3-3 season marks.

The Mustangs have good height in the front line with 6-3 sophomore Todd Noble at center, 6-1 Denny Streifling and 6-0 Jim Wasso, both seniors, at the forwards, and 5-9 Tom Biggs and 5-10 Matt Caid, both juniors, at the guards. Last Friday the Mustangs had a hot 29 point second period to whip Cass 85-53. Their other league victory was "Over" Edwardsburg 60-53.

Man Jailed For Furnishing

Gary E. Wisner, 21, of 201 West Front St. was fined \$50 plus \$10.50 costs and ordered to serve 10 days in the county jail when he appeared before Justice Harold Jackson on the charge of furnishing intoxicants to minors. He was given the alternative of serving an additional 30 days in lieu of payment.

Wisner was arrested Friday night by Sgt. Dewey Bicald on complaint of the father of a 16 year old boy. The boy was petitioned into probate court on the charge of being drunk and disorderly.

USE THE LITTLE GIANTS RECORD WANT ADS

Births Exceed Deaths in 1967

Births continued to top deaths in 1967 as a total of 141 babies were born to parents living in or near Buchanan, compared to 89 deaths recorded among residents in the same area.

Both totals were above those of last year, as 1966 saw 137 births and 91 deaths.

A breakdown in births in 1967 showed 75 boys and 66 girls with the largest number of babies born during the week May 4-10. That week six boys and three girls were born. The week of April 27-May 3 ran a close second with six boys and two girls.

Births at Buchanan Community hospital numbered 163 for the year with 82 boys and 81 girls, and births at Pawating totaled 703. In 1966 the total births for Buchanan community hospital was 175 and the Pawating total was 711.

The largest number of deaths were recorded during a period from Jan. 21-31, with seven.

Births and deaths over recent years numbered 1965, 132 births and 95 deaths; 1964, 138 births and 85 deaths; 1963, 148 births and 74 deaths; 1962, 157 births and 77 deaths; and 1961, 155 births and 81 deaths.

In Gallen births outnumbered deaths 34 to 12 during 1967. There was an equal number of boys and girls born, 17 of each. In 1966 births overcame deaths 27 to 11.

Three sets of twins were born in 1967, with two sets of twin girls in Buchanan and a boy and girl in Gallen.

Three area servicemen were killed in action in Vietnam in 1967, two from Buchanan and one from Gallen.

Birth statistics were based on weekly hospital reports from Pawating and Buchanan Community hospitals, and other births and deaths reported in the Record.

When you are trying to remove a stubborn screw or bolt from wood, try placing a few drops of peroxide on it. Let it stand for a few minutes, and you'll find it will loosen to the point where it can be removed easily.

Parents View Film on Guns

The Moccasin Parents' club met Tuesday evening for a brief business meeting conducted by Mrs. William Borst, president. Mrs. Borst announced appointment of Mrs. Ralph Gilbert as head of the nominating committee for the election of officers for next year. The program for the evening was a film from the Reader's Digest service based on an article "Mail-Order Guns" which appeared in their magazine July, 1967. Refreshments were arranged by Mrs. Donald Coleman.

Engaged

Miss Kathryn Luke

Mr and Mrs. Kenneth Luke, Sr., of 815 Polk St., announce the engagement of their daughter, Kathryn Ann, to Robert Philip Normandin of 2125 Baldwin Dr., Niles Normandin is the son of Mr. and Mrs. Francis Sansaucy of 548 Prospect St., Williamsett, Mass.

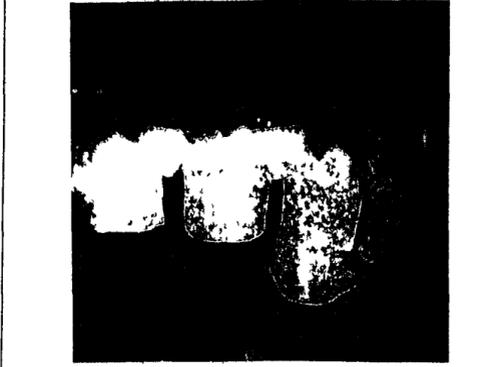

The bride-elect, a 1963 Buchanan high school graduate, is employed by Ejectric Products in Niles. The prospective bridegroom attended Chicopee high school in Massachusetts and served five years with the Air Force. He is employed by Chapman and Woodlee Drywall company in South Bend. A June wedding is being planned.

Royal Neighbors Cancel Meeting

The Primrose camp of Royal Neighbor lodge cancelled its meeting last Thursday due to weather conditions.

Mrs. John Jennings, oracle, announced the benefit party scheduled for 7:30 p.m. Jan. 13 will be held if weather is permissible. Mrs. Melvin Miller and Mrs. Charles Oxender are in charge of arrangements. Mrs. Jennings also reported that a practice for installation has been scheduled for Monday, Jan. 15. The installation of new officers will be conducted at the next regular meeting, Jan. 18.

Meeting of the club Meetings are every Monday evening at 8 p.m. in Bertrand township hall. Mrs. Albert Herman was named queen of the week for the most individual weight loss during the past week.

HOME FOR HOLIDAYS — Three high school buddies who graduated in June were home for the holidays for their first meeting since graduation. Larry Maxwell (left) is serving in the Marines, Ed Rotzien in the Army, and Frank Luke is serving with the Air Force.

Buddies Meet During Holidays

Three Buchanan servicemen met here during Christmas holidays for the first time since June when they graduated from Buchanan high school. They are Marine Private Larry Maxwell, Airman Second Class Frank Luke, and Army Private Ed Rotzien.

Pvt. Maxwell, son of Mr and Mrs W. H. Maxwell of 506 Berrien St., is attending aviation school in Memphis, Tenn.

Airman Luke, son of Mr and Mrs Richard Luke of Clear Lake, enlisted in the Air Force shortly after graduation in June and is currently stationed at Bunker Hill, Ind.

Pvt. Rotzien, son of Mrs. Bette Rotzien of Red Bud Trail, was sworn into the army Dec. 14 and then returned home for the holidays. He reported to Fort Knox, Ky. Dec. 27 where he is undergoing basic training. Prior to entering the service he was employed as assistant manager of the Bridgman S&S Supermarket.

The holiday reunion took place at the Richard Luke home.

Mothers Hear Tales of Twins

The Mothers of Twins club of Niles and Buchanan met Tuesday evening in the home of Mrs. Frank Quiriconi of Niles. Mrs. Charles Frey assisted the hostess.

Mrs. Benjamin Porschet, vice president, conducted the business meeting in the absence of the president, Mrs. Allen Canfield.

Guest speaker was Mrs. Forrest Gentry of Niles who spoke on her experiences with twins being a twin, having twins herself, and having daughters with twins. Her family has seven generations of twins and her husband's family has five consecutive generations of twins. She spoke of the difficulty growing up as a twin when she was young. She could wear anything she wished as long as it was identical to what her sister was wearing. She stressed the importance of treating twins as individuals.

Mrs. Gentry brought with her a daughter, Mrs. Lynn Marsh, who is a mother of twins Mrs. Victor Booth also was a guest.

at the meeting. The Feb. 13 meeting will be at the home of Mrs. Larry Wilson. Mrs. Porschet will be co-hostess.

Early America 30 Club Topic

The Buchanan "30" club met Monday afternoon with Mrs. Richard White, with 19 members present.

Mrs. N. Dalrymple presented the program entitled "Early American Boy" based on a book of the same name by Eric Sloan. Sloan is fascinated by antiques and old things for their value to the life and times in which they originated. His book "Noah Blake's Diary" is a compendium of antique tools and equipment.

In Michigan, during the time of pioneers, apples were the most important crop and it was illegal to cut down an apple tree. Of the apple crop the very best were stored on marble top tables without touching each other, the second best were cut up and dried, the third best were used for apple butter and all the rest were made into vinegar.

In order to avoid the glass tax but still let light into their homes, pioneers used glass bottles in the openings instead of panes of glass. A family could own less than 10 panes of glass without being taxed for them according to the speaker.

On Jan. 22 the meeting will be in the home of Mrs. Carl Marburger. Mrs. Webster Soules will present the program "Volcanoes".

Eisenhower Book Reviewed

"At Ease," by former President Dwight D. Eisenhower, was reviewed by Mrs. Lester Luce of Niles for members of the Buchanan Book club Monday afternoon at the home of Mrs. William Bohi.

"At Ease," subtitled "Stories I Tell to Friends," pertains to his acquaintances and the history that unfolded before Eisenhower's eyes.

Mrs. Robert Wells presided at the tea table. The next meeting will be Jan. 22 with Mrs. Arthur Allen of 110 Lake St.

Oddfellows, Rebekahs Hold Joint Installations

In traditional joint ceremonies, the officers for 1968 of the Buchanan Subordinate Lodge 75 and Bayleaf Rebekah Lodge 248 of the Independent Order of Odd Fellows were installed with solemn dignity Friday evening in Odd Fellow hall.

The installing officers were Clayton Letter, district deputy grand master, and Mrs. Letter, district deputy president of the Rebekah lodge. Assisting were Clarence Huff and Mrs. John Home, both deputy grand marshals.

New officers of the Odd Fellow lodge are Gus Fagras, noble grand, Huff, vice grand, Arthur Mayhew, junior past grand, Leon Sittig, recording and financial secretary, Harold Coger, treasurer, and Frank Hickok, warden. Also Harry A. Post, conductor, Leonard Dalenberg, inside guardian, Fred Monohan, outside guardian, Otto Reinke, chaplain, Ted Cramer and Clayton Letter, supporters to the noble grand, and Ray Graffort and Arthur Mayhew, supporters to vice grand.

Rebekah Officers. New officers of Bayleaf Rebekah lodge include Mrs. Louis Racine, noble grand, Mrs. Jesse Davis, vice grand, Mrs. Seth Ingleright, junior past grand, Mrs. Ted Cramer, recording secretary, Mrs. Sigmund Jesse, treasurer, Mrs. Arlington S. Boyer, financial secretary, and Mrs. Doris Roe, chaplain. Other officers are Mrs. Clare Davis, warden, Mrs. Fred Welch, conductress, Mrs. W. B. Schantz, inside guardian, Mrs. William Kaiser, outside guardian, Mrs. Marie Snider, musician, Mrs. Clayton Letter and Mrs. Robert Elcher, supporters to the noble grand, and Mrs. Gertrude Sheldon and Mrs. Phyllis Dalrymple, supporters to the vice grand.

Roll out tag ends of pastry and cut into small squares. Spread with anchovy paste and flip over in turnover fashion, sealing the ends with the tines of a fork. Bake and serve with before-dinner drinks or as an accompaniment to a vegetable salad.

What is talent? Reason manifested gloriously.

Heavier Beef Cattle Lower Retail Value

Are you considering holding choice grade cattle for another 100 pounds of gain?

Clare M. Musgrove, Berrien county agricultural extension agent, explains that the gain will only turn to excess fat and lower the retail value of the carcass per hundredweight.

Michigan State university animal husbandry specialists say that choice cattle fed from 1,100 to 1,200 pounds may cause the retail value to fall as much as \$1 to \$1.25 per hundredweight. The lowered value would result from the increase in fat trimmings associated with only 1/4 inch of additional fatness over the rib.

Retail preference is for choice grade carcasses weighing under 700 pounds from cattle weighing not over 1,100 pounds live, according to MSU animal husbandry specialists. Heavier weight cattle may produce less desirable and less valuable carcasses.

BUCKY EMIL

Win Fifth Straight Bucks Play Defense, Whip Bobcats 75-50

It was as if new life had been breathed into the Bucks during halftime Friday night as they came back and pounded Brandywine for 31 points in the third period and went on to take a 75-50 victory. It marked the fifth straight win and Coach Ray Berry's Bucks remain as one of the few unbeaten teams in Southwestern Michigan.

Buchanan's performance in the third period was almost like a page out of the past for Buck fans. It has been a long time since fans saw a show like that and at press time many of them were still talking about it.

"We started playing aggressive defense," was Berry's answer. He said the boys were playing a lazy man to man defense in the first half, and in the second half they really played alert defense.

And, the scoreboard showed the difference. Neither team was impressive throughout the first half. They were tied 11-11 after 8 minutes of play and at halftime Brandywine enjoyed a 25-22 margin.

Score 31 Points

Switching to an aggressive defense, the Bucks not only slowed Bobcat scoring but kept the Bobcats away from the board for rebounds.

In little more than 2 minutes Buchanan jumped from a 3-point deficit to a 3-point lead. Bill Rauch scored first on a bucket from underneath, after which Jack Schoff retaliated for the Bobcats.

Pat Sexton drove in for a layup, Francis Brown drove in for another two pointer and after Brown missed a free throw Hayward Miller tipped it in to give Buchanan a 30-27 lead. By then the Bobcats knew they were in trouble.

However, the Bucks did not stop there. After allowing the

WRESTLING
Jan 16—at Edwardsburg 7:45
Jan 18—at Coloma 7:00

Bobcats two points, Buchanan hit for five more. Chet Hankerson scored on a jump shot. Sexton stole the ball at midcourt and passed to Brown for another two points. Seconds later Brown sank a free throw to give the Bucks a 35-29 margin with the clock showing 4:38 minutes to play.

The squads traded single free throws before the Bucks were off again. Miller sank a jump shot, Sexton sank a long shot from the corner and dropped in a free throw before the Bobcats got a chance at another foul shot. At that point the Bucks led 41-31.

With the aid of a goal-tending call, the Bobcats matched buckets with the Bucks for the next minute, before Buchanan cut loose for six points in the final minute. Sexton sank a

pair of free throws. Brown scored on a jumper and Sexton swished the net with a 15-foot shot.

After three periods of play Buchanan enjoyed a 53-36 lead.

Continue Attack

And, the Bucks did not quit there as they went on to equal their first half performance in the final period.

Brandywine drew first blood and scoring was fairly even for the first 3 1/2 minutes, with each team collecting six points. The Bucks started their scoring spree again and soon left the Bobcats choking on their dust. Miller tipped in a rebound and seconds later scored on a jump shot. With approximately 3 minutes left Berry gave his regulars a rest. However, the pace continued.

Bruce Leiter stole the ball and dove in for a layup before Ron Dockery scored from underneath. Paul Falkenstein scored on a long shot from the corner, before Leiter scored again from underneath. A jump shot by Steve Berry and a pair of free throws by Willie Francis ended the contest.

Defense Helped Scoring

The aggressive defense also helped the Bucks shooting. In the first period they hit on only 4 of 8 shots and on 4 of 16 shots in the second quarter. They came back with 12 buckets in the third period, on 20 shots, and 9 in the final period on 15 attempts. For the night, the Bucks scored on 29 of 60 shots from the floor, for better than 48 per cent.

From the free throw line Buchanan hit on 17 of 30 shots, for 56 per cent.

Brandywine sank 19 of 50 shots from the floor for 38 per cent, and 12 of 19 free throws for 63 per cent.

Sexton paced the Bucks in scoring with 18 points, followed by Rauch with 16 and Miller with 12 points.

In addition to the alert defensive play, the lack of fouls was a big plus for the Bucks. Buchanan was whistled for only four infractions during the first period and not a single foul was called on the Bucks in the second quarter. Miller picked up his third and fourth in the third period, and Sexton picked up his third foul in the final period, but they were the only players in trouble. For the game Buchanan committed only 14 infractions.

Brandywine was in trouble in the second period as three fouls were whistled against forward Mike Ponder and center Ed Konopinski. Art Zache drew his third and fourth fouls, and Jack Schoff drew his third infraction in the third period. Ponder and Konopinski were both called for their fourth fouls in the opening minutes of the final period and Jim Johnson reached the four mark before the game was completed.

In rebounding the Bucks claimed 26 on offense and 29 on defense. Miller was high with 12, followed by Rauch with nine and Brown, Hankerson and Bruce Pelkey with seven each.

Jayvees Win

Coach Don Rennhack's jayvees set the stage for the varsity's romp over Brandywine with a 51-46 victory in the first game.

Buchanan trailed 19-20 after the first period but another 18 points in the second period gave the jayvees a 37-28 halftime margin. Scoring slowed thruout the second half, with Buchanan tallying 14 points and Brandywine 18.

Jeff Clark, Dan Merritt and Harlan Vastine tied for high points honors, each with 11.

Injury Ridden Mat Squad Loses Twice

An injury ridden Buchanan wrestling squad is looking forward to a break in the schedule next week. The Bucks have only two matches, at Edwardsburg Jan 16 at 7:45 and at Coloma Jan 18, starting at 7 p.m. They are 3-3 in dual competition after suffering two losses during the past week.

Going into the Niles match Monday night, four regular starters were out of action, with two others also on the injured list. Still another grappler was on the injured list following the Niles match.

The injury problem began prior to the Brandywine match Thursday. Al Taylor, who competes at 112 pounds, is out for the season because of torn ligaments in his knee, and Rich Spaulding, 127-pound veteran, suffered a cracked bone in his hip socket.

Roy Thompson, who took Spaulding's place at 127 pounds, suffered a dislocated elbow in the Brandywine match.

Saturday at the Coldwater Invitational tourney three more matmen were put out of action. Ron Gwin at 120 pounds, Dave Handley at 138 pounds, and Bill Glossinger at 165 pounds all were injured. Extent of Gwin's injury was not known Monday, but Handley had a neck injury and Glossinger re-injured his shoulder which originally was injured in the Sturgis match.

Monday night at Niles Mike Schrock suffered a shoulder injury.

First League Loss

Thursday night's loss to Brandywine marked the first Blossomland conference defeat for the Bucks. The Bobcats scored a 3-16 victory.

Winning decisions for Buchanan were Bob Aalfs, Ron Marbelter, and Dave Handley. Roger Hassen won on a forfeit.

Results of individual matches were:

95-lb class: Bob Aalfs won a 10-0 decision over Dave Coulston.

103-lb: John Bagwell was pinned in the first round by Mike Bridges.

112-lb: Ron Marbelter won a 3-2 decision over Mike Prusinski.

120-lb: Ron Gwin was pinned in the third round by Jay Eull.

127-lb: Roy Thompson forfeited to Tom Watson after being injured.

133-lb: Phil Hinkle was pinned in the first round by Al Poczlik.

138-lb: Dave Handley won an 8-0 decision over Bob Roberts.

145-lb: Eugene Bailey wrestled Neil Coulston to a 0-0 draw.

154-lb: Bill Glossinger lost a decision to Dennis Hooten.

165-lb: Allen Kyies lost a 3-1 decision to Bill Knox.

180-lb: Bill House was pinned in the first round by Dennis Kuemin.

Heavyweight Roger Hassen won on a forfeit.

Lose to Niles

Monday night the Bucks suffered a 36-12 loss to Niles. Because of injuries several junior varsity and freshmen competed. Coach Borgert said he was pleased with several of the performances, especially that of

freshman Melvin Cashier, who competed at 138 pounds and was one of four Buchanan winners.

Also winning decisions against Niles were Ron Marbelter, Eugene Bailey, and Roger Hassen.

Results of individual matches were:

95-lb class: Bob Aalfs was pinned in 3:48 minutes by Dave Griffie.

103-lb: John Bagwell was pinned by Mark Hempel in 3:12 minutes.

112-lb: Buchanan forfeited to Niles.

120-lb: Ron Marbelter won a 7-4 decision over Mike Mararak.

127-lb: Ron Brinkley was pinned by Jeff Hemphill in 2 minutes.

133-lb: Mike Schrock lost a 6-0 decision to Tad Mararak.

138-lb: Melvin Cashier won a 5-0 decision over John Hutchins.

145-lb: Tom Swem was pinned in 3:10 minutes by Pat Weede.

154-lb: Eugene Bailey won an 8-0 decision over John Cinninger.

165-lb: Allen Kyies was pinned in 5:38 minutes by Mike Weede.

180-lb: Al Hicks lost an 11-4 decision to Dave Thomas.

Heavyweight: Roger Hassen won a 2-0 decision over Ken Elledge.

Write your shopping list on a shipping tag and tie it to the handle of your pocketbook or shopping bag. This saves searching for the list every time you enter a store.

To better distribute nuts in a cake batter, dampen them with a little warm water and roll in flour.

Matmen Take Honors In Coldwater Tourney

Buchanan matmen brought home one second, four third, and two fourth places following the Coldwater Invitational wrestling tourney Saturday. As a team the two-time champions placed fifth in a field of six teams.

Alan Hicks paced the squad with a second place finish in the 180 pound class. He was runner-up to Charles Blue of Dowagiac.

Placing third were Ron Marbelter at 112, David Handley at 138, Eugene Bailey at 154, and Roger Hassen at heavyweight. Fourth place winners were Ron Gwin at 120 and Bill Glossinger at 165.

The defending champion Bucks were weakened by injuries going into the tourney, and injury to Gwin, Handley and Glossinger in the tourney affected the final outcome.

Going into the tourney veteran Rich Spaulding was out of the 127 pound class with an injury. Al Taylor was out at 112, and Roy Thompson, who had taken Spaulding's place at 127, also was out.

Dowagiac won the tourney with 93 points, followed by Sturgis with 76, Brandywine with 60, Bronson with 44, Buchanan with 35 and Coldwater with 25 points. Next year the tourney will be held at Buchanan and will be known as Buchanan Invitational tourney. Site and name of the tourney changes each year.

Individual Results

Individual results in the tourney were:

95-lb class: Bob Aalfs lost to Charles Gann of Coldwater in the first match.

103-lb: John Bagwell lost a 4-2 decision to Bob Lung of Sturgis in the first match.

112-lb: Ron Marbelter won a 7-6 decision over Steve Longstreet of Coldwater in the first match, and lost to Ken Bell of Dowagiac in the semi-finals. In the consolation bracket Marbelter scored a 6-0 decision over Dennis White of Sturgis to place third.

120-lb: Ron Gwin pinned Mike Berringer of Coldwater in 4:12 minutes of the first match, before losing to Bob Blue of Sturgis in the semi-finals 5-0 in overtime. Gwin finished fourth after losing to Jay Eull of Brandywine in the consolation bracket.

127-lb: Ron Brinkley was pinned in 5:22 minutes of the first match by Tom Watson of Brandywine.

133-lb: Mike Schrock was pinned in 5:36 of the first match by Al Poczlik of Brandywine, and then lost to Mike Blevins of Sturgis in the consolation bracket.

138-lb: Dave Handley scored a 9-0 decision over Maurice Finerman of Sturgis in the first match, before losing a 7-2 decision to Leslie Everett of Bronson in semi-finals. Handley placed third by winning a 4-0 decision over Dave Wenger of Dowagiac in the consolation bracket.

145-lb: Fred Wingo lost a 3-1 decision to Andy Tate of Coldwater in the first match.

154-lb: Eugene Bailey pinned Don Snyder of Coldwater in 42 seconds of the first match, before losing a 2-1 decision to Tod Kershner of Sturgis in the semi-finals. Bailey placed third after pinning Ed Chase of Brandywine in the consolation bracket.

165-lb: Bill Glossinger won a 1-0 decision over Lynn Yearling of Bronson in the first match, but lost a 2-0 decision to Bob Mitchell of Sturgis in the semi-finals. He placed fourth after losing a 5-3 decision to Bill Knox of Brandywine in the consolation bracket.

Heavyweight: Roger Hassen drew a bye and lost to Butch Sebesma of Sturgis in the semi-finals. He placed third after winning a 5-0 decision over Tom Jones of Coldwater in the consolation bracket.

Desert Bighorn Sheep

Irvine Leading Study of Desert Bighorn Sheep

The magnificent and hardy desert bighorn sheep are being studied in Southeastern Utah by the Utah Cooperative Wildlife Research Unit under the direction of the unit leader Dr. J. B. Low. The study is being done in cooperation with Utah State Department of Fish and Game and the Bureau of Land Management.

Project leader is Charles A. Irvine, a graduate student in the Department of Wildlife Resources at Utah State University. He is a 1967 graduate of Buchanan high school and received his B. S. degree from Utah State University in 1966. His wife, the former Mary Kathryn Kahn, also is from Buchanan.

Although one study has been completed, much yet needs to be known about the desert bighorn sheep in Utah. It is the objective of the study to learn more of the habits and life of this native big game animal.

The study is centered around the area of colorful and picturesque Fry Canyon, San Juan county, Utah. The many canyons along the Colorado river and the San Juan river are the home of this desert loving

species. The actual habitat which the sheep frequent is extremely rocky and much of it is vertical.

During the dry summer months the sheep are forced to remain near infrequent permanent desert springs. The mature males prefer to remain aloof from the females and younger sheep. The mature rams roam the tops of high mesas grazing on the grasses and brush, such as the ever present blackbrush. Just below the rams, on the steep talus slopes, the ewes with their lambs and yearlings feed protected from predators by the extreme roughness of the country. These sheep move in this country with the greatest of ease, where man or predator must use extreme caution.

It is through studies like this that the Utah Cooperative Wildlife Research Unit aspires to answer many of the perplexing problems faced by the dedicated managers of our wild animal populations.

Irvine is the son of Mr. and Mrs. Thomas Irvine of 311 Moccasin and Mrs. Irvine is the daughter of Mr. and Mrs. Albert Kahn of 429 Moccasin.

are continually repairing the heaters which are needed so very much. But every man has his job and without him some item may not function properly.

Without you people to keep up our spirits and hopes of returning to our homes, we wouldn't be able to function properly. So you fine citizens do a big job without really knowing it. Again I'd like to thank all the citizens of Buchanan, Berrien County Record and the Buchanan Chamber of Commerce for all the encouragement you've given us. Thank all of you. I hope you've all had a joyous holiday.

Sincerely yours,
Pfc John Matlock

(This is one of a series of public service articles explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

There is nothing so exasperating to a consumer as making a special trip to a particular store in order to take advantage of a special sale, only to discover that the price is wrong, the advertised item is already sold out or otherwise unavailable.

To protect consumers from deceptive advertising, a new Michigan law prohibits any advertisement which misrepresents or unreasonably overstates the available supply of merchandise in relation to the public demand that can be expected. If the sale covers only a limited supply of goods, then the advertisement must disclose that limitation.

Similarly, it is unlawful to advertise merchandise at a stated price if there is no intent to sell those goods at that price.

In addition, if the goods are defective or are "seconds," then this fact must be clearly and directly indicated in the advertisement.

Advertising statements about the merchandise must not contain any statement which is untrue, deceptive or misleading.

These safeguards for the consumer apply not only to newspaper ads, but also to handbills, radio and television commercials, outdoor signs, telephone solicitations, and many other forms of advertising.

However, no system of consumer safeguards can be effectively maintained without the cooperation and interest of the individual consumer. As the late President Kennedy remarked:

"Consumers, by definition, include us all. They are the largest economic group in the economy, affecting and affected by almost every public and private economic decision. Two-thirds of all spending in the economy is by consumers. But they are the only important group in the economy who are not effectively organized, whose views are often not heard..."

A Michigan consumer who is aware of deceptive or fraudulent advertising should write me at the following address: Frank J. Kelley, Attorney General, The Capitol, Lansing.

Rural Calendar

Jan. 11: Tax and Business Record meeting, 8 p.m., Youth Memorial building, Berrien Springs

Jan 17: 4-H Leaders banquet, Trinity Lutheran church, Berrien Springs.

Jan 18-22: Workshop on Agricultural Bargaining, 4-9 p.m., South Haven high school, South Haven.

Melons are "in" from April or May until October. Plenty of time to pickle watermelon rind - a creation no doubt inspired by the thrifty to prolong enjoyment out of season. Sugar is used to sweetly balance and blend the piquant spice and vinegar flavors. Most important, sugar preserves the fruit for future relishment.

The Public Letter Box, a Record service feature, is open to all our readers. It's your column, where you may express yourself on topics of community interest. Just send your letters to the Berrien County Record, Buchanan, Michigan. All letters must be signed by the writer, although the letter writer's name may be withheld on request for good reason.

Dear Sir:
Before any Buchanan township citizens get carried away by the anti-car campaign of Galen Waeyer, they should note how well an old broom is sweeping.

In 1987 Ivan Price mailed out forms for moonlighters and farmers to compile their entire equipment and other personal values, using their judgment as best they could. This means Price was willing to bind farmers in with a falsehood to send to the state treasurer to bring money back to Berrien county. No farmer knows how far the falsehood progressed.

Stanley Powell of Ionia wrote to me and stated many supervisors did not order or pick up the forms.

I wish I had a half dozen cars as a test to see how much guts this township gang has got.

I have Powell's letter, also a copy of Bill 2062

Ralph Hess
Route 1, Box 998

To the staff of the Berrien County Record and the citizens of Buchanan.

From the work you've all done and the letters I've received, I know the people miss the men who are in the armed services. I am the only one in Alaska that I know of at the moment, but believe me all of us enjoy the Record and the letters from you fine people. You bring the town and life closer to all of us. Without you we'd be lost.

A soldier, sailor or airman must know what is going on at home or he starts worrying and this is one thing the commanders can't have when they need their men to work.

Up here in Alaska it may sound like we're not needed, but one of the citizens wrote and explained to me better why we are needed. Every serviceman is needed at the place he is assigned or he wouldn't have been assigned there.

My position is as a mechanic on the vehicles on one part of this fort, Fort Richardson, Alaska. But without mechanics the vehicles couldn't operate. We

To Wed

Miss Lynne Kay Brockman

Miss Brockman is a senior at Michigan State university. Lyon is a graduate of Michigan State university and is currently doing graduate work at Western Michigan university. They will be married Aug 3 at Lake Orion.

at 1 p.m. in the home of the president, Mrs. Harry Penwell of East Riverside road. Mrs. Robert Stueit will assist the hostess.

Set Second Concert Monday

The second concert in the Niles Community Concert association's series for this season will be presented Monday, at 8 p.m. in the Niles high school auditorium.

The concert will feature the Beaux Arts Trio of New York. The trio consists of pianist, Menahem Pressler; violinist, Daniel Guller, and cellist, Bernard Greenhouse.

They have appeared at most of the major music festivals including the Edinburgh Festival. They were saluted for "as perfect an exhibition of playing as could be encountered anywhere in the world."

The concert is open to holders of Community Concert association memberships only.

To Host Jolly Dozen

Mrs. Preston Hagey of 302 Sylvan will be hostess for the Jan 11 meeting of the Jolly Dozen club.

Re-schedule Installation

The Altar and Rosary society of St. Anthony's Roman Catholic church has re-scheduled its installation of new officers for Feb 1. Weather conditions caused the postponement of the meeting from Jan 4.

Meeting Cancelled

The June Rebekah lodge cancelled its meeting Thursday evening due to inclement weather. The next meeting will be Thursday, Jan 18, with the business meeting following a co-operative family dinner at 6:30 p.m. in the Glendora Odd Fellow hall.

USE THE LITTLE GIANTS RECORD WANT ADS

Mrs. Blackmun Host to Circle

The Nellie Boone circle of the Church of Christ met last week at the home of Mrs. Claude Blackmun. Co-hostess was Mrs. David Hinman. "Bees Bring Obedience" was the devotion presented by Mrs. J. C. Ovington. "The Red Camerons in Rhodesia" was the lesson presented by Mrs. Edward DeSonia. A card shower was planned for Mrs. Lynnwood Alverson who recently moved to Athens near Battle Creek. The cards were to be sent Monday. The Feb 7 meeting will be

NEW FIRE TRUCK - Four members of Buchanan township volunteer fire department pose with the new John Bean high pressure pumper the township purchased. The four firemen returned with the truck Saturday after attending a two day fire school to learn theory and maintenance of the apparatus and to gain first hand experience in use of the new fog equipment. Left to right are Chief Charles Wespe, Assistant Chief Harold Sebasty, Lieutenant Richard Flenan, and Captain Russell Cnadden.

MICHIGAN MIRROR

Michigan Ranks Among Fastest Growing States

By Elmer E. White Michigan Press Association

Latest figures released by the U.S. Census Bureau show Michigan as the fastest growing of the five states in the East North Central region, composed of Michigan, Ohio, Indiana, Illinois and Wisconsin. Michigan was surpassed nationally in "growth in numbers" by only six states during the period April 1, 1960 through July 1, 1967.

at a rate of 8 per cent per year. The nation is now adding about 2 1/2 million people per year, and the present U.S. population of 200 million should hit 242 million by 1980. At that time the country will begin adding about 4 million people per year to its population. This population boom should have a favorable effect on the economy. It will also bring many problems to state and national, notably in the areas of social services provided by government.

In those seven years, the state added 760,000 people to her population, a 9.7 per cent increase. Closest competitor in the region was Illinois which experienced an 8 per cent increase.

The census bureau forecasts Michigan's population, currently totaling 8,538 million, will reach 8 1/2 million by 1970, 8.95 million by 1975, 9.4 million by 1980, and 9.9 million by 1985. The state will hold its lead until 1975 and should keep its rank as seventh in the U.S. through 1985.

Major Michigan cities were included in the census figures. They showed Detroit, with a population of 4.06 million, ranked fifth in the nation. Grand Rapids was ranked 60th with a population of 505,000 and Flint was 66th with a population of 469,000.

In other population forecasts, Michigan should add about 5 per cent per year, slightly less than national average. By 1975 the state is expected to begin increasing its population growth.

Jay-shes Cancel Meeting - Whirly weather resulted in the cancellation of Thursday evening's meeting of the Buchanan Jay-shes. The next meeting will be Feb 1.

ports, neither of which require notarized forms. The old system was a "hold over," he said, of the days when every form which contained a sworn statement had to be notarized.

Some "C's" of Safety

It is not enough to want to be a good driver. Anyone who has driven behind "a woman driver," watched a "daggin" teenager, or waited for an unsure person to drive into an intersection knows it.

It takes Competence, Consideration, Care, Caution, and sooner or later Cash.

All of these, to one degree or another, can be developed by most drivers. With more and more cars on the road, it is necessary that all of us work at it.

I&M Announces Record Expansion Budget for '68

A record operating budget of \$73,500,000 for improvement and expansion of facilities in its two state service area has been announced by Indiana & Michigan Electric company.

R. E. Doyle, Jr., the utility's executive vice president, said the 1968 plan is more than double the expenditure last year and reflects the installation of huge generating units and super high-voltage transmission lines to accommodate the growing requirements of customers for electric energy.

Nearly \$13 million will be spent in the new year, Doyle said, for initial construction costs at the Bidgman site of I&M's new 2,200,000-kilowatt nuclear plant. When completed in 1973, the Bidgman facility and related transmission projects will represent an expenditure of some \$400 million.

Largest Allocation

In 1968, however, Doyle noted the largest allocation has been made for transmission lines, with the major item the construction of the 765,000 volt circuit, the highest voltage yet projected for bulk power delivery in the United States. Total transmission line costs this year will exceed \$31 million.

Extension and improvement of lower voltage distribution lines throughout the company's two state area will cost another \$135 million, and substations will add \$12 million more, he said.

The I&M executive vice president said I&M's 1968 budget is part of a record shattering \$1 billion to be spent in the next three years on the American Electric Power System AEP, parent firm of I&M, is comprised of seven investor-owned electric companies operating in parts of seven states and serving more than 1,500,000 customers.

Donald C. Cook, president of I&M and AEP, observed that no electric utility company has ever projected a capital improvement of such magnitude.

A 1968 expenditure on the AEP System of \$322 million amounts to well over \$1 million a day every working day of the year.

Must Expand

"It is imperative that we expand our facilities on such a large scale," Cook said, "if our system is to stay ahead of the rapidly growing demand for our electric service. The seven-state area we serve is showing remarkable dynamism in industrial growth and in the use of electricity by all our customers. The increasing demands for electric service represent a challenge to us that can and will be met successfully. Our system plans and contemplates building more than adequate generation and transmission facilities and the maintenance of an electric system second to none in the United States."

Cook pointed out that, in the 21-year period since the end of the second World War, the AEP System has had total capital expenditures of \$2.2 billion. "Our projections for only the next three years equal half of that total," he said.

The U S Post Office Department inaugurated its rural free delivery service in 1966.

Cut-Rate Seed Often No Bargain

Farmers interested in getting something for nothing can buy themselves a lot of disappointment cheaply by using "cut-rate" seed, warns Clare M. Musgrove, Berrien county extension agricultural agent.

Musgrove warns farmers that cut-rate handlers, who use price concessions, are pushing Altaswede clover again this year. But, he said, Michigan State university research has shown that their contentions are not always true and that over a two year period Michigan Mammoth will out perform Altaswede by about 2/3 of a ton per acre per year.

The MSU variety trials have proven that Pennscott, Lakeland, Dollard, and Michigan Common medium all out-yield the Canadian developed variety.

Musgrove pointed out that research also shows that Altaswede, a one-cut type, has a high percentage of smooth stems and leaf branches, making it highly susceptible to leafhoppers. It is not recommended for planting in Michigan.

MSU researchers recommend Lakeland, a consistently good performer.

The Agricultural Agent advises that farmers who don't know their seed varieties had better know their seed dealer.

Notarized Forms Eliminated - Gas tax refunds submitted by farmers will no longer need to be notarized under a new ruling by the Motor Fuel Tax Division, Michigan Department of Revenue. Farmers who purchase gasoline in bulk for agricultural purposes are required to pay the tax at time of purchase. Revenue derived from the tax is used for public highway purposes and, since the fuel is consumed only on farms, a refund application to the state returns the tax money to the farmer. The application had to be notarized before being submitted, and this cost many farmers time, trouble and notary fees. Under the new system the application need only be signed by the applicant. A department spokesman said elimination of notary follows the practice of federal income tax returns and sales tax re-

OUT OF THE PAST

60 YEARS AGO
Jan. 7-10, 1908
The rooms over G. W. Noble's store are being fitted up in fine style as a club room for the Elks George Slater and Harry Weaver are doing the work.

Hotel Lee was re-opened yesterday by Mrs. Anderson, who will keep the hotel open until the middle of March when it will be transferred to a new proprietor from Washington D. C.

common council of Niles city a couple of years ago to build, maintain and operate a line in west Niles has forfeited this franchise by failing to build the proposed lines between Niles and Buchanan by Dec. 31, 1907.

25 YEARS AGO
Jan. 14, 1943
An increase in business of over 40 per cent in the past year and of more than 100 per cent in the past three years was reported Tuesday at the annual organization meeting of officers and directors of the Union State bank of Buchanan and Galien, held at the local bank.

Holiday pay for Berrien County Sheriff's deputies began with the new year and it already has a rough edge. The rub comes for the men who are on a regular day off on the holiday. According to certain deputies, the men not working are actually getting gyped.

rest felt the first loss of the holiday pay plan. Niles Supervisor Leslie Fischer, chairman of the county board's salary committee, has already been approached on the problem. But, so far, the committee has made no recommendations.

10 YEARS AGO
Jan. 16, 1958
The new Harold C. Stark school will be built in two units, on a pay-as-you-go basis, the first unit to contain six rooms on a one floor plan, the board of education decided Tuesday evening at their meeting in the high school.

The Buchanan township board Monday evening granted a franchise to the Michigan Gas and Electric company to provide for gas service in the township, subject to confirmation by the voters in a special election, Feb. 27.

Portage Prairie
MRS. WILLIAM SHAW
Correspondent
Tel. 695-6392
4-H's Elect Officers
Cloverleaf 4-H club met at Bertrand township hall last week for an election and meeting. Officers elected were Christine Suckman as president, LuAnn Tumbelson as vice president, Nancy Strong as secretary, Barbara Ferris as reporter, and Jackie Love as recreation chairman.

Crusader class will meet in the home of Mr. and Mrs. Braxton Yarb on Jan. 16 at 8 p.m. Miss Trella Rough will have charge of the devotion, discussion will be in charge of Wilmer Baker. For roll call each one is to tell about a snow storm or sleet storm he remembers. Glenn Vite will have charge of the business meeting.

To Install Officers
During morning worship service on Sunday, a special service is being planned for the installation of officers for the new year. It is urged that all officers try to attend this service at 10:30 a.m. next Sunday.

Postpone Meeting
Comrade class meeting scheduled for Friday with Mr. and Mrs. Arthur Eisele has been postponed. Members decided they would schedule no more meetings until after the winter season is over.

Child Study Club Holds 'M' Night for Members

The Buchanan Child Study club held "M" night Monday evening in the I&M Electric company auditorium with 12 members and 18 guests present.

Purpose of the meeting was to acquaint mothers with the workings of Child Study club with the objective of forming another study club in this area.

Mrs Harold Forburger, membership chairman, was in charge of the program and spoke on the purpose of the Child Study club. Mrs Don Rennhack, president, gave a description of the structure of the Buchanan Child Study club and some of its activities and projects, and Mrs Donald Snyder reviewed the function of the Michigan Child Study association.

Women interested in forming a second Child Study club will meet with Mrs Rennhack in her home Jan 22 to lay foundations for the new club.

During the brief business meeting, it was reported that six Christmas baskets were delivered.

Mrs Carl Ward and Mrs Andrew Fagnas were accepted into membership.

The Feb 5 meeting will be a problem clinic conducted by Mrs Thomas DeRosa at the home of Mrs Peter Altieri of 322 Shamrock Dr., Niles.

Church Circle to Meet

The Lucy Beach circle of the Methodist Women's Society of Christian Service will meet with Mrs. Arlington Boyer of 110 Charles Ct. at 1:30 pm Jan 17. Assisting the hostess will be Mrs Henrietta Cable.

Mrs Kenneth Blake will present the lesson and devotions.

Seek Michigan Mother of Year

The Michigan Mothers committee has begun its search for the outstanding mother to be honored as Michigan Mother for 1968.

Qualifications for the Michigan Mother are as follows:

She must be a successful mother and homemaker as evidenced by the character and achievements of her individual children.

She must embody those traits highly regarded in mothers, courage, cheerfulness, patience, affection, understanding and homemaking ability.

She must be an active member of a religious body.

She must have a sense of responsibility in civic affairs and be active in public service to society.

She must be a legal mother (not a divorcee).

Her youngest child must be over 15 years of age.

She must be fully qualified to represent the mothers of Michigan in all responsibilities attached to her role as Michigan Mother.

A candidate may be sponsored by any recognized organization.

Nomination blanks may be obtained by addressing a postcard to Michigan Mothers Committee, 406 Fifth Street, Traverse City, 49684. These blanks must be filled in and returned before the last day of February.

The final selection of the Michigan Mother will be announced in April when she will be honored at an awards luncheon sponsored by the Northland Chamber of Commerce. The 1968 Michigan Mother will then go to New York City in May, where she will meet with the other State Mothers and at this time the American Mother of 1968 will be named.

To Host Church Circle

Mrs John Cline of 214 Cecil will be hostess for the Jan 16 meeting of the Minta Margaret circle of the Methodist Women's Society of Christian Service.

Mrs. Cline, as leader, will conduct the 8 p.m. meeting. Mrs Earl Nichols will give the devotions and Mrs. Claude McNeely will present the lesson.

Lesson on Calories

"Calories" will be the lesson presented by Mrs. William Ferris and Mrs Fred Moore when the Needle and Hammer Homemakers club meets Jan 18 at 7:30 p.m. at the home of Mrs. Leo Huebner, Jr. of Route 2.

To Hear Reviewer

Mrs Hugh Woolverton of Niles will present the book review for the Reviewers 20 club Thursday, Jan. 18, at 8 p.m. at the home of Mrs John Cline of 214 Cecil St. Mrs. Robert Hamilton will assist the hostess.

Golden Agers to Meet

The Golden Age club will meet at 1 p.m. Jan 12 in the Niles YMCA for a co-operative dinner. Entertainment will follow dinner. Members are to take their own table service and a dish to pass.

All members are requested to wear their name tags.

Stark PTA To Hear Panel

A panel comprised of Dr Russell J. Vastine, Mrs Irma Seager, school nurse, Police Chief David Shubinski, and Rev Albert A. Fall will head the program of Stark PTA meeting Wednesday, Jan 17, at 7:30 p.m.

The subject under discussion will be the first objective of the Parent-Teacher's organization manual, "To promote the welfare of children and youth in home, school, church, and community."

Business on the agenda will include the final reports on the Jamboree, suggestions for spending funds raised, and also possible plans for future fund-raising projects.

Few people study to discover the truth, most of us seek to confirm our errors and perpetuate our prejudices.

Band Orchestra Association Hears Students, New Instruments

Milton Viganesky, president, conducted the Monday evening meeting of the Buchanan Band and Orchestra association meeting with 13 members present.

Entertainment preceding the business meeting was arranged by Daniel Shelles, assistant band director, and included selections performed by a saxophone quartet and the varsity band clarinet chorus. Members of the quartet were Linda Heiney, Nancy Schneider, Randy Chain and Lucy Steiter. The clarinet chorus was comprised of Debbie Wallett, Susan Torfeimire, Nona Russell, Jane Sullivan, and Chris Holmes. Shelles filled in for a missing member.

Darius Jaspers, band instructor, and Shelles demonstrated the new French horn and E flat alto clarinet which the association purchased for the music department. The other clarinet purchased has not arrived.

Jaspers reported that the varsity band and orchestra festival will be held at Brandywine high school in March. Also to be held in March are the junior band festival in Cassopolis and the solo and ensemble festival at South Haven.

Phil Sands reported on the insignia for the orchestra uniforms and was authorized to order the shoulder insignia. Representatives of candy companies will be present at the February meeting to present their offers for supplying candy for the annual candy sale. Jaspers reported that the orchestra will play for the Ottawa school dedication Jan 14. Shelles was authorized to purchase 12 new plumes for the junior band to replace damaged or missing plumes. The association also authorized the purchase of a new uniform for band director Jaspers. Mrs Bernard Ellis was hostess for the January meeting. The next meeting will be Feb. 12 with Mrs Gordon Schneider as hostess.

Club Cancels Meeting

The Buchanan Garden club cancelled its meeting Monday evening due to the severity of weather conditions. The next regularly scheduled meeting will be Feb. 12.
