

PROPOSE SAFETY BOARD FOR BUCHANAN

Prof. Scharffenberg To Lecture To "Talk of Hour" Club Oct. 12

Appointment of Chief of Police Is Delayed For Time

Now Here's the Proposition

Uncle Hank of Hills Corners Sez:

Another trubbel with bein' an ol' timer these days is when you pat a little girl on the head an' ask her how she's gittin' along in school, an' she starts tellin' you about her husband in Australia

There's no such thing ez the rit' kind of weather — ez it's the rit' kind to be outdoors it's the wrong kind to be in

We start the column this week with a verse which Tom Huff sent as a letter to his parents, Mr and Mrs Leslie E Huff Tom's address now is Thomas E Huff, S 2/c, Naval Air Station, Supply Dept., Navy 117, Fleet P. O., New York, N. Y. The verse follows

Can't write a thing The censor's to blame, Just say that I'm well And sign my name

Can't tell where we sailed from Can't mention the date, Can't inform you if met by a band Can't mention the weather, Can't say if it rains, All military secrets must secrets remain,

Can't have a flashlight To guide me at night, Can't smoke a cig except out of sight

Can't keep a diary For such is a sin Can't keep the envelopes your letters come in

Can't say for sure Just what the heck I can write So I'll call this my letter And close with goodnight

Over 150 Attend Lions Club P.T.A. Party for Teachers

More than 150 persons attended the annual reception for teachers last Wednesday evening in the high school under auspices of the Buchanan Lions club and Parent-Teacher association

The program included group singing and a talk by Supt Harold C. Stark, who discussed routine army activities at Fort Custer where he recently spent two days. After the program the P.T.A. was conducted in the junior high assembly hall. Dr. M. J. Converse president was in charge.

The standing committee chairmen were announced as: program, Mrs. Helmer Ederberg; finance, Mrs. Clifford Shafer, membership, Mrs. Lester Miller, and Mrs. John Russell, hospitality, Pierre T. Bailey, social service, Mrs. Reba Lamb; Girl Scouts, Mrs. Glenn C. Vanderburg, historian, H. C. Stark, motion pictures, H. C. King, magazines, the Rev. David Lehr, and publicity, Mrs. Leah Weaver.

Members voted to contribute \$50 to the Buchanan Youth Council for its recreation room maintenance fund and decided that the unit would purchase pictures for class rooms in the grade and high schools.

The P.T.A. will meet Dec 8 to hear a lecture on "Highlights of Chinese Culture," by J. Henry White who will show motion pictures of China

South Berrien Jr. Farm Bureau Elects

The committee, composed of Ted Payne, Charles Mills, Myrtle Luthier, and Bob Lozmack, led games and served refreshments.

Was Founder Of Institute Oriental Study

Eye-Witness From Hongkong, Tokyo, Singapore, to Report on 22 Years in the Orient

The lecture by Prof. W. A. Scharffenberg, on the "Talk of the Hour" lyceum program here, has been postponed from Monday, Oct. 11, to Tuesday, Oct. 12, when he will appear in the Buchanan high school auditorium at 8 p. m. to lecture on "Our Problem in the Orient"

The lecturer is one of the relatively few Americans in a position to say "I told you so" for he was prophesying the present war with Japan as far back as 1925

Prof. W. A. Scharffenberg, formerly director of the Institute of Oriental Studies in Shanghai, China, with branch institutes in Tokyo, Singapore, Manila and Hongkong, has recently returned from 22 years in the Far East. Prof. Scharffenberg was in Nanking in 1920 when the city was surrendered. He was in Mukden when the Japanese took over Manchuria. When the Exclusion Act was passed, Prof. Scharffenberg was in Japan, and got a personal reaction of the anti-American movement that was created at that time. In 1931 he was caught in the big flood. Prof. Scharffenberg has passed through hell-fire, and knows what it is to be bombed, driven from his home, and to be a refugee.

Upon his arrival in China in 1918, he undertook an extensive study of the Chinese language, and was the first foreigner to complete the prescribed course of study as outlined by the University of Nanking. He became so deeply interested in the study of the language, that it became not only his hobby but his major interest. In 1927 he founded the Institute of Oriental Studies with headquarters in Shanghai, and branch offices in Tokyo, Hongkong, Manila and Singapore.

As director of the Institute of Oriental Studies he has written extensively on the language, and is considered an authority at the present time on Chinese. He acted as linguistic adviser for the Shanghai Power Company, and prepared a series of vocabularies, which were adopted by the institution for the basis of their language course. Prof. Scharffenberg has made hundreds of addresses in the Chinese language, as well as trained scores of teachers in the direct method of teaching the Oriental language.

Legion Auxiliary Inducts Officers

Mrs. Harry A. Post was inducted as president of the American legion auxiliary Monday evening to succeed Mrs. Guy Eisenhart who served in that office for two years. The installation ceremonies were conducted by Mrs. Henry Zupke, a past president of the unit.

Juhl; chaplain, Mrs. Carrie Keen Starr, historian, Mrs. Fred Rikert; sergeant-at-arms, Mrs. Lester McGowan; flag bearers, Mrs. McGowan and Mrs. Rikert and the executive board, Mrs. A. Preston Sprague, Mrs. Roy Pierce and Mrs. H. R. Adams. Standing committee chairmen appointed by Mrs. Post were: publicity, Mrs. Stark, music, Mrs. Morley, welfare, Mrs. Harry Beistle and Mrs. Oscar Swartz; Americanism, Mrs. Carl Longworth; legislative, Mrs. Adams; rehabilitation, Mrs. Swartz; membership, Mrs. Eisenhart; employment, Mrs. Sprague, gold star, Mrs. Starr; national news, Mrs. John Conard; sewing, Mrs. Rikert; poppy, Mrs. Eisenhart; kitchen, Mrs. Glenn Vernon; community service, Miss Ethel Beistle and flower, Mrs. Thomas Bucks.

Gets Leg Band From Dead Bird

Charles Harner, who lives two miles and a half north of Buchanan, brought a bird band to the Record office yesterday, taken from the leg of a dead pigeon found in the road near the George Harner farm near the Jesse Boyle corners northwest of town last week. He stated that the bird had been seen a day or two before feeding around a corn shock in a field near by. The printing on the leg band was "2064-MHC-A1".

Maroons Meet Niles Vikings Here Friday

Drop Third Game to South Bend Central Catholics 39-7

(Robert Letcher, Reporter)

The South Bend Indians set the team back for another loss of 39-7 in the game played there Friday afternoon at 3:00 o'clock. The reason for the loss is not really known. Everyone was expecting a victory. In the fourth quarter Grey intercepted a pass on the Indians 20-yard line and made a beautiful run for a touchdown. The point was made by a line buck which was over about a foot. It was about the only good play which the Bucks accomplished.

The next game will be played with Niles on the home field. The game starts at 8:00 p. m. The team will play a good game and also perhaps to have a first victory.

The Buchanan starting lineup for the Central Catholic game was as follows: Miller, LE; Bromley, LT; P. Barnhart, LG; J. E. Anderson, C; Borst, RG; Steninger, RT; Jim Anderson, RE; G. Barnhart, QB; Stubbs, LH; Rifenberg, RH; Topash, FB

Foldy Troutfetter Is Called by Death

Foldy Troutfetter, 81, died Oct. 2, at 9:15 a. m. at Pawating hospital, following the amputation of his left leg a week ago Tuesday. He was born April 24, 1862, in Germany, coming to the United States at the age of a year and a half. He was the son of John and Elizabeth Troutfetter. He married Louise Enders in 1887. Following her death, he married Mary Klinger at Bridgman in 1901. She also preceded him in death. He was a caretaker for many years at the former Barton summer home, now the V. F. W. Club.

He is survived by the following children: Mrs. Harry Brewster, South Bend; Mrs. Lucille McManus of Benton Harbor; Henry Troutfetter of New Buffalo; John Troutfetter of Buchanan; Sgt. Leo Troutfetter of Jefferson Barracks, Mo. The following brothers and sisters also survive: Edward Troutfetter of Lawrence, Mich.; by one sister, Mrs. Andrew Casbaugh of Michigan City, Ind. He left eight grandchildren and three great grandchildren.

Services were held at 2:30 p. m. Monday from the Swan Funeral Home, with Rev. Louis Kling of Three Oaks officiating. Interment was made in Galien cemetery.

Stark Selected As Secretary of County War Fund

H. C. Stark, superintendent of Buchanan schools, has been selected as secretary of the Berrien County National War Fund. E. A. Westin, Benton Harbor attorney, will serve as president. Mr. Westin last year was county chairman for the USO which this year is incorporated in the National War Fund.

Berrien county has been asked to raise approximately \$75,000 for the war philanthropies in the nationwide drive to begin Oct. 4. The national goal is \$225,000,000 to raise funds for our own military needs and to alleviate the suffering caused by the ravages of war. The state of Michigan has been asked to contribute \$5,749,425 and this amount has been apportioned to counties in proportion to population. Howard Lawrence of Grand Rapids, former state treasurer, is head of the state war fund organization.

George Ferguson of Watervliet will act as vice president of the Berrien county division. Harry Hogue of Eau Claire is treasurer. The executive committee includes, in addition to the officers, Mrs. W. A. Vawter II, who is one of the state vice presidents, Dave Siegan, chairman of the Twin Cities Community Chest campaign, and Fred Richter, president of the Niles Community Council. Representatives of townships in the county will serve with Mr. Westin and the other heads.

The 16 agencies which comprise membership in the National War Fund are: USO; United Seamen's Service; War Prisoner's Aid; Belgian War Relief Society; British War Relief Society; French Relief Fund; Greek War Relief Association; Norwegian Relief; Polish War Relief; Queen Wilhelmina Fund; Russian War Relief; United China Relief; United Czechoslovak Relief Fund; United Yugoslav Relief Fund; Refugee Relief Trustees; United States Committee for the Care of European Children.

President Roosevelt will sound the keynote of the national drive with a radio address on Oct. 5. From the opening of the National War Fund on Monday until its close on November 15, four million volunteer workers in 6,000 cities will solicit contributions simultaneously.

Products Shown In Washington Exhibit Praised

Clark Equipment Machinery Is Used in Setting up the Exhibit

A letter was received in the past week at the Clark Equipment Company general offices here from the office of the Chief of Engineers of the United States War Department congratulating the local company on its fine engineer exhibit, which formed a part of the "Back the Attack" Army Show at Washington, D. C.

Enclosed was a letter from Major General Reybold, chief of engineers, complimenting the plant as follows:

WAR DEPARTMENT Office of the Chief of Engineers Washington Sept. 30, 1943 To the Men and Women of the Clark Mfg. Co., Buchanan, Mich.

You are to be congratulated on the showing made by engineer equipment manufactured by you in the "Back the Attack" show staged by the United States army at Washington, D. C., to launch the Third War Bond campaign here.

The corps of engineers was called upon to do all the construction work in connection with the show. In carrying out this responsibility, much of the equipment was used that was later on display in the engineer section of the exhibit. This equipment attracted such attention from the more than a million and a half people who visited the grounds during the seventeen days of the show.

You can be proud of your work, both in the "Back the Attack" showing here and in the "Lead the Attack" operations of the engineers overseas. Casualties are heavy, both in men and equipment. Additional effort is needed. The engineers will do their part. For equipment they must depend on you.

I feel that you will continue to make the same good showing in production that your equipment is making in both backing and leading the attack.

Again, congratulations. E. Reybold, Major General, Chief of Engineers

Library News

The 43 Buchanan children belonging to the vacation reading club who completed the requirements as defined by Librarian Lillian Viginsky met at the public library Saturday afternoon to enjoy the treat promised.

The reward included a treat of ice cream and cake at the library following by award of diplomas. The chief feature, however, was admission to the Saturday afternoon matinee at the Hollywood theatre. This privilege was owed to the generosity of Mr. Hoffman, Hollywood proprietor and manager, who admitted the entire club to an excellent program without charge either to them or to the library.

Bill Farman, promising young local artist, has some more pictures posted in the public library, his latest including some very excellent heads of dogs.

Added Books The following adult fiction books were added to the library shelves this week: "The Apostle" by Sholem Asch; "Excuse My Dust," by Bellamy Partridge; "The Treasurers," by Laura Z. Hobson; "Survival," by Phyllis Bottoms; "So Little Time" by John P. Marquand; "The Mothers," by Vardis Fisher; "Katherine Christian" by Hugh Walpole; "None But the Lonely Heart," by Richard Lewellyn; "Thunderhead," by Mary O'Hara (author of "My Friend Flicka").

50-Yr. Lilac Bush Blooms 2nd Time

A fifty-year-old lilac bush in the yard of the farm home of Mr. and Mrs. Alva East, two miles west of Buchanan, has been in bloom during the past two weeks. Mrs. Best stated that it had at least 30 bunches of bloom on it this week. The bush was stripped of leaves during the summer by tent caterpillars, and then leaved out and bloomed a second time.

Mrs. Fred Rockefeller, Hammond, Ind., is visiting Mrs. James Gray this week.

Buchanan Tops War Bond Quota Nearly \$100,000

Total Sales \$846,000; Police and Maintenance Depts. Lead Clark Sales

Buchanan again exceeded its quota for bond buying in the Third War Loan Drive, according to figures compiled by Chairman O. E. Swartz, who gave the Record the following report on securities sold: E-Bonds \$258,655.75, F-Bonds \$11,550.50; 2 pct 2 1/2 pct. and 3 pct. tax anticipation notes, \$576,004.40. The sum of the above sales totals \$846,215.65, or almost \$100,000 over the quota of \$750,000 assigned. In addition the city will receive credit for \$75,000 investment of state funds in War bonds, out of the \$600,000 credit assigned to Berrien County, which would bring the total to \$921,215.65.

Chairman Swartz stated that all local sales of E, F and G bonds reported to the U. S. treasury by Oct. 16 would be credited in the quota.

Lester Lyon, treasury of the Clark Equipment Company and chairman of the drive there, reported that the local shops and offices had been divided into 19 departments for the purposes of the drive, with the police department leading with cumulative purchases of 121.3 pct of their quota, and the maintenance department second with 102 pct of their quota.

Five Residences Sold in Buchanan

A four-way residence property transfer took place on the recent past in Buchanan as follows:

Lester Fuller bought the Cyrus Porter house on South Portage street. Porter then bought the Clarence Runner house at 356 Main street. Mr. and Mrs. Elmon Starr bought the Marlin Keen property at 103 Charles Court. Mr. and Mrs. Clarence Runner and Mr. and Mrs. Marlin Keen then bought the Mary E. Boyle property at 305 West Front. They expect to occupy the former Boyle home during the present month.

Mrs. Essie Gross sold the house at 401 East Chicago street to Mr. and Mrs. Marvin Shank of Galien, who plan to take possession in 90 days.

Mrs. Clyde Shaffer and son, Richard and Robert, her daughter, Mrs. Alma Stewart and daughter, and Mrs. Floyd Weaver have gone to Ocala, Fla., to visit Av. Cadet E. E. Weaver and wife. Cadet Weaver is the son of Mrs. W. Floyd Weaver and his wife is the daughter of Mrs. Shaffer.

Clark Equipment Holds Navy Day

Marine Sergeant Featured in Guadalcanal Diary Is a Speaker

The Buchanan plants of the Clark Equipment Company at Buchanan and Berrien Springs held their own special "Navy Day" last Thursday and Friday, when two distinguished naval officers, Lt. Schuyler Patterson of Detroit and Platoon Sergeant Max J. Koplou of the U. S. marine corps, who was featured in "Guadalcanal Diary" by Richard Tregaskis.

A series of five half hour meetings were held at the Clark theatre Thursday afternoon, and another half hour meeting on Friday morning, permitting all citizens to hear the two officers bring their message.

Sgt. Koplou was one of the U. S. marines receiving the presidential citation for heroic conduct after the completion of the Guadalcanal siege. He was one of the first contingent of marines to land on Higgins Island, supposedly abandoned but actually held by 1200 Japanese. His contingent fought 30 days on 10 days rations, sleeping in shellholes and racked by malaria and weakened by dysentery. He told a thrilling story of marine heroism.

Lt. Patterson, district industrial incentive officer at Detroit, spoke eloquently on the contribution of the workers, here and abroad to the allied cause and on the importance of their work.

On Thursday the two guests were entertained, first, at a dinner by the Clark foremen at the Buchanan Grill and then by the plant superintendents at the Quinn Waters farm. On all occasions John Giver acted as master of ceremonies in his usual happy and accomplished manner. Bonny June Simpson sang and the Clark Equipment orchestra provided music.

The workers at the Berrien Springs plant heard the two navy men at meetings on Friday.

Jack Green Writes Last week a letter came from Jack Green, who wrote football and other high school sports for the Record last year, and who is now in Seabee service at Camp Endicott, R. I.

Jack writes about football, and about army life, as follows: "I was sorry to hear that the Bucks' lost but it could have been worse — say 46-0. The final score doesn't count as much as sports." (Continued on page 5)

Paul Kane Named Deputy Sheriff

Paul Kane, former chief of police in Buchanan, started work Tuesday as a member of the Berrien county sheriff's force, working out of St. Joseph. He resigned last week from the local police force.

Measures Precipitated By Flare-Up Between Police and Commission

Temporary measures were taken at the regular October meeting Monday evening to provide adequate policing for the city, until a successor to former Chief of Police Paul Kane could be secured.

Measures taken included approval of the re-employment of Patrolmen Ted Cramer and Veto McKienzie, and the temporary transfer of Street Commissioner Ed Mitchell to the day shift on the police force. Mitchell is to work eight hours during the day, and the remaining sixteen including the night hours, will be cared for by Cramer and McKienzie.

The police situation came to a head at a special meeting Thursday evening. On the previous Saturday evening, Chief Paul Kane and Patrolmen Cramer and McKienzie had laid in the hands of City Clerk Post a virtual ultimatum, demanding that the city comply with at least one of three stipulations, and stating that if they did not so comply the force would resign. The demands resulted from dissatisfaction on the part of the local police with the necessity for transferring prisoners to and from the Niles jail, because of the lack of jail facilities here, at their own expense. The stipulations in their ultimatum were:

1 That the city provide adequate quarters within its premises for temporary detention of arrests.

2 That if Buchanan police were required to transport arrests, they should be provided with a police car by the city.

3 That if the arrangement for transportation of such arrests to Niles or elsewhere remained on the present basis, the police should receive increases in pay commensurate to such expense.

At the special meeting of last Thursday night the commission rejected all of the requests and accepted the resignation of the police force without discussion or deliberation. In subsequent conversation members of the commission stated that they recognized some justice in the request for a city police car, but that they objected to the form in which the requests were made. It was further stated by commissioners that although they recognized that Chief Paul Kane was a valuable officer in some respects, including unusual detective ability, he lacked the balance and temperamental qualifications to serve in the capacity of chief, in their opinion.

Former Chief Kane stated that the necessity of hauling men arrested on drunk and disorderly charges to Niles and back for overnight detention had on occasion resulted in damage to the interior of his car, that in one case the back end of a new car had been ruined by carrying three two drunks covered with blood and road oil, and that it was an imposition to require any police officer to use his own car for that purpose since it was not fit for personal and family use afterward.

At the Monday night meeting the city commission had several applications for the position of either patrolman or chief of police, but delayed such appointments for further consideration.

Propose Safety Board A measure to some extent precipitated by the police trouble was the submission by City Attorney Batchelor of an ordinance creating a safety board.

The measure was entitled "an ordinance in furtherance of the protection of the public health and safety of the citizens of Buchanan and creating a safety board which shall have the power to organize and regulate a police department and also to organize and regulate the force employed at the pumping station of the water works and also the street department."

As outlined in the ordinance the board would consist of three citizens, named by the mayor and acting under the final authority of the city commission.

The commission delayed action on the ordinance, although agreeing on its eventual adoption. Chief disagreement was over the scope of jurisdiction for the proposed safety board as defined in the ordinance.

Mrs. Dwight Crumley and children were recent guests of Mr. Crumley's mother, Mrs. Bertha Crumley, in Rockville, Ind., where they spent a week.

Dr. J. L. Godfrey will spend the week end in Donner's Grove, Ill., as a guest of his son and daughter-in-law, Mr. and Mrs. John Godfrey.

C. W. Ryan is a guest this week of his granddaughter, Mrs. Russell Anderson, of Casopolis.

"Hi, Mom it's Joe!"

The call home means a lot to a man in the service. Most of the time he's too busy to get near a telephone, but between 7 and 10 in the evening he sometimes has a chance to make a call.

You can imagine what a disappointment it is for him, if he finds all the long distance lines are busy.

By avoiding the use of long distance during those hours — 7 to 10 P. M. — you're giving soldiers and sailors a break they surely deserve. And if you have a man of your own in the service, remember it's better to let him do the calling. If you place the call, it may be difficult to locate him.

Berrien Farm Bu. President Advises Farmers: Buy Bonds

Leaders of the Farm Bureau are urging their members to continue buying war bonds. "Farmers are doing a swell job on the food front and are buying war bonds to the best of their ability in spite of the fact that they are constantly being squeezed between the higher cost of production, higher farm wages, and the ceiling prices set by the OPA," says Wm. H. Bartz, president of the Berrien County Farm Bureau.

"Ed O'Neal, our national president, has" continued Mr. Bartz, "voiced the sentiment of our organization in a recent appeal to farmers, in which he said 'Farmers are making a truly magnificent contribution to the war effort in producing the food and fiber without which victory on the military front cannot be won. Farmers have produced lavishly because it is their primary job, their sacred obligation. They have, along with all citizens, other obligations, foremost among which is to do their share of financing the war by investing in war bonds. Our country is appealing to us to invest part of our funds in what plain horse sense tells us are the safest securities in all the world—war bonds of the United States of America. I am confident that the farmers' response to that appeal will be just as whole-hearted and just as lavish as their response to the appeal for greater production. We can't do less and still maintain our honor and our self-respect.'"

Legume Seeds to Be Scarce in 1944

War needs, cash for the crop and extra Agricultural Adjustment Administration payments all answer a farmer debating whether he should harvest a comparatively light crop of legume seeds such as alfalfa, red clover, white or sweet clover.

Farmers and seedsmen estimate the 1943 alfalfa seed production in Michigan is running larger than last year, but that red clover seed and especially alfalfa seed harvests are running behind those of 1942.

Farmers can use the seed harvest as a means of earning a portion of the AAA payments to which their farm may be entitled. Such payments will be made at the rate of \$3.50 an acre up to 15 acres for the harvest of seed of alfalfa, red clover, alsike, white clover, sweet clover, smooth bromegrass and Reed canary grass.

The \$3.50 an acre should go far towards covering harvest costs, rather comments, and the seed itself has unusual market value this year.

Harvest procedure appears simplest if the fully matured seed is combined from the standing crop. If seed is uneven in maturity, or if green weed seeds infest the crop, rather recommends windrowing clover or alfalfa first, allowing the cut material to cure several days until dry, then threshing with a combine which has a pickup attachment.

"Every pound of hardy, northern grown alfalfa and clover seed that can possibly be harvested will be needed if legume acreages are maintained in the northern dairy states where legumes are vital to maintenance of milk production and a combination of sound soil management," says Professor Rafter.

Turkey's Climate Varies
Turkey has a variety of climates. On its Black sea shores, winters are blizzards, summers hot and moist. Temperatures at Istanbul range from a January average of 41 degrees Fahrenheit to an August mean of 74 degrees. In the west and the south, Mediterranean conditions rule. In the east, along the highland frontier, cold winters with light snowfall and torrid summers prevail.

M. State College Bulletin Deals in Painting Problems

Black paint reflects only two per cent of the light which shines on a black-painted surface, but white reflects 89 per cent.

That is one type of information contained in a new bulletin, "The Wonders of a Coat of Paint," prepared by the extension service of Michigan State College.

Descriptions of types of paints and how to apply them are contained in the bulletin on interior finishes. In fact, a sticky finish on an interior wall, the publication points out, may be from painting over a greasy surface but more often comes from using an outside paint for inside work.

The brief but informative bulletin indicates four types of interior paints and their purposes. Oil paints are divided into flat paint, semi-gloss and gloss paint. Then there are enamels, lacquers and cold-water paints.

House repairs often should precede decorating, according to the authors Ruth Peck and Jesse Maroon Leaks in roofs and around chimneys, windows, radiators and plumbing should be fixed before attempting a paint job. Skilled painters, the authors comment, estimate two-thirds of a cost of paint is for the labor required to

RELIABLE PRESCRIPTIONS

★ Trying to "save" on Doctor bills is never sound economy. And now, when the nation needs our vital energy, it's pretty poor patriotism to postpone needed medical attention. One call on your Physician, when you aren't feeling quite up to par, may save both your time and his—not to mention the saving expense and suffering! And your prescriptions will be compounded here at prices as low, or lower, than elsewhere.

Society Notes

Evan. Mission Society

The Women's Missionary society of the Evangelical church will meet in their parsonage Tuesday afternoon, Oct. 12, at 2:30 p. m. for their annual Guest and Rally Day. Rev. and Mrs. R. H. Kretzschmer, Mrs. Alfred Basten of Edwardsburg will talk on "Palestinian Home Life." Although Mrs. Basten is a citizen of this country, she has visited her Armenian father in Jerusalem and is familiar with details of his personal usage at the hands of the Turks. The executive committee, headed by Mrs. Allen Pierce, will be in charge.

Mother's Study Club

The Mother's Study club met Tuesday evening with Mrs. Floyd Thorson. They completed a scrapbook to be sent to Lt. Jeanette McGowan, now somewhere in Australia. They are planning to meet with the Red Cross surgical dressing unit Monday, Oct. 18. Mrs. Ralph Harbaugh gave a talk "Visit Your Child's School." They will meet Nov. 2, with Mrs. Chester Collings.

Young Mothers Club

The Young Mothers' Home Economics club will meet Friday afternoon with Mrs. Clifford Shaffer. Mrs. Ernest Beadle will be in charge of the program.

Won't Stand Abuse

The point to remember is, that while cotton is a sturdy fabric and can take a lot of punishment, not even colorfast dyes will stand up indefinitely under abuse. Avoid hot water, avoid hanging in the sun, and good cottons will keep their colors bright and clear for a long time.

The totals on the bond sale held Sept. 23-24 are: Dewey Avenue, \$95.20, the lower grades, \$308.05, and the junior and senior high leading with \$375.10 with a grand total of \$778.95

The leading grades are, Dewey Avenue, Mrs. Radewald's third grade with \$45.00, Miss Schloeman's kindergarten running up with \$37.75. The grade at high school, Miss Bell's fourth grade with \$73.00. Two close runners up are Miss Sunquist's sixth grade with \$69.70 and Miss Ekstrom's fifth grade with \$58.75. In the junior and senior high it was the tenth with \$132.25, the runner up was the ninth with \$73.25

News Notes

Red Cross Dance
A dance sponsored by the Red Cross will be held in the gymnasium after the Misses game Oct. 8 at 11 o'clock. The Youth Council Dance Band directed by Phil Hanlin will play Rufus Fritze playing "Boogie Woogie" will be a specialty and he will be accompanied on the drums. Admission will be 20 cents and grades from seventh on up are invited.

Thumbnail Portraits
Elsie and Helen Schantz, twin freshmen girls, were born on a farm near South Bend, Ind. They are fourteen years old and it is difficult to distinguish one from the other. Helen says she is the older by fifteen minutes. The girls are very lively and get a real zest out of life. Their favorite past-time is dancing and football games.

The freshman class has 62 girls and 50 boys. Oh, oh, boys, leap year is just around the corner.

Club News

Pro-Flight Dance
The pro-flight class held a dance Friday, Oct. 1. The music was furnished by the Youth Council Dance Band. The dance was held after the game against the South Bend Central Catholics.

Usher Club
The Usher club has given an opportunity to all junior and senior girls to become a member. All girls interested in joining may sign a paper in the senior study hall.

The girls wear attractive uniforms. They act as ushers for all school activities. It is a very high honor to be a member. Miss Quade is the advisor.

Mr. Stark attended an induction meeting Oct. 1 and 2 at Navy Pier. He left Sept. 30 after school.

Get-Acquainted Fete
Forty gay laughing girls enjoyed the "get-acquainted" party at the high school gymnasium last Thursday night.

Dancing served as the main attraction of the evening. Georgia Topash was chairman of the fun committee assisted by Barbara Zoleman, Winifred Anderson and Bonny Mills. Carol Pierce had charge of refreshments.

Dedicated to Gum Chewers
"A gum chewing lad and a cud chewing cow" are very much the same it seems. But there's a difference. Ah! yes, I have it now.

It's the intelligent look on the face of the cow." — Author unknown

Mrs. Swartz uses this poem on gum chewers in her classes.

Grade News—H. S.

The children in Miss Canagan's first grade are making fruit and vegetable posters. Next week they are going to have a vegetable show. Committees have been appointed to arrange the vegetables and to judge.

Miss Robertson's second grade have finished their fruit tree. We are very proud of it. We would like you to come in to see it. Last week they went to the library. It was very interesting. We learned how to get a library card, and how to select a book.

The second grade was happy to welcome two new second graders, Melvir Thompson and Avonelle Pearyson.

Our grade helped with the bond and stamp sale this week. We opened our first auditorium class Tuesday with an amateur hour. Miss Robertson's second grade came to our program.

The boys and girls in Mrs. Euston's third grade bought \$17.15 worth of bonds and stamps last week. They have set \$200 for their goal by December 7.

Jo Ann, Yvonne, Marilyn S., Donald, Van, Sandra, Roberta, Harold F., Janet Lester, Gordon, Billy, and Richard Van Deusen had perfect scores in spelling last week.

Miss Fuller's boys and girls are making collections of living and non-living things for science work. "Discovering Our World" is a very interesting book and we are learning to use scientific words.

Science has become the main interest of the girls and boys in Miss Bell's fourth grade. Many interesting collections have been started as a result of the reading that has been done.

Teddy Fitch and Graydon Hanline have rock collections including quartz, mica, feldspar, marble, schist, and many others.

Indian arrowheads, a stone ax, petrified wood, and shells make up John Hausman's collection.

At least fifty different insects incased under glass are Catherine Crawford and Harry Johnson's contribution to the science table.

Grasshoppers, caterpillars, ladybirds, toads, all alive, are being kept and watched carefully.

Many books on all these things have been brought in so the children can read about the things they have become so interested in.

The fifth grade welcomes a new student, James Whitmyer, who has moved to Buchanan recently. This makes a total enrollment of 38.

Within two days the pupils of Miss Sundquist's sixth grade room purchased war bonds and stamps to the amount of \$69.70. We are doing our best to keep up our good record by drawing posters reminding us of our duty. A contest also being planned.

Several pupils brought in fossils and arrowheads which has kept up our interest in the study of early men.

Max Wallace is the captain of Miss Reams' room and Joy Longworth and Bob James are his helpers.

In social studies we are working on a unit about the early cave man.

The fifth grade in Miss Ekstrom's room is learning to use the linear measure. Each child has supplied himself with some unit of linear measure and he is measuring all kinds of objects this week. He is first encouraged to estimate the length before finding the actual measurements. The children find the history of the development of some units of measure most interesting.

Thrill-Packed Film Finds Bill Boyd Riding in Star Role
Hopalong Cassidy rides again in a stunning thrill-packed story of the West, "Colt Comrades," which comes Thursday, Friday and Saturday, Oct. 7-8-9, to the Hollywood theatre through United Artists release. Hailed by the audience last night as one of the outstanding Hoppy action dramas, "Colt Comrades," which Harry

Sherman produced for United Artists, finds William Boyd and his pals, Andy Clyde and Jay Kirby, on the alert for cattle-rustlers, riding and shooting their way around dangerous corners, ready for action against the despicable cattle-raiders and their leader.

In addition to cattle-rustling, Jebb Hardin (Victor Jory), who poses as a righteous vigilante leader, has another racket. He rents water to fellow ranchers and charges an exorbitant price for it—so unreasonable a price, in fact, that the ranchers are compelled to sell some of their cattle each season in order to pay for keeping them supplied with water. When Hardin cuts off the dam, Happy gets into a fight with the outlaw's gang.

Original "Queen of Sheba" Back on the Screen
Betty Blythe, original "Queen of Sheba" on the screen, and one of the most seductive stars of 15 years ago, appears in a small role in "Crime Doctor," the Columbia picture starring Warner Baxter and featuring Margaret Lindsay, playing at the Hollywood theatre Thursday, Friday and Saturday, Oct. 7-8-9.

Years of long standing will well remember Miss Blythe's exotic picture and easily recall her colorful performance in the days when female heartbreakers in films went about the business of ruining men with zest and abandon. They scorned subtlety and couldn't be bothered with nuances.

Band Leader Has Role in Comedy
Johnny Long, the six-foot, ash-

blond young orchestra leader, has become a movie actor. He has a full dramatic role in Universal's latest Abbott and Costello comedy production, "Hit the Ice," coming Sunday and Monday, Oct. 10-11, to the Hollywood theatre. Ginny Simms, radio songstress, Patrice Knowles, Elyse Knox, Marc Lawrence and Long's orchestra are featured.

Johnny, a comparative newcomer in the ranks of "big time" orchestra leaders, gets a special break in that Producer Alex Gottlieb permitted him to use his own name throughout the picture. So sure of Johnny's histrionic ability was Gottlieb that the maestro was given the secondary romantic lead, and winds up winning Ginny Simms before the final "fade out."

"The Fat Man" Looks for Some "Good Guy" Roles
Sydney Greenstreet, the nerve-chilling "Fat Man" of "The Maltese Falcon" and "Across the Pacific," is playing what he expects to be his last movie villain in a long time.

Greenstreet said that, and managed to make it sound convincing, just after he'd finished giving George Raft the Gestapo-works for a scene in "Background to Danger," the new Warner Bros. film which will be shown Tuesday and Wednesday, Oct. 12-13, at the Hollywood theatre.

"I'm going to play some decent human beings before I take on another of those snake-blooded scoundrels," "the Fat Man" said.

SAVING VITAMINS WITH YOUR GAS RANGE

Do you cook your vegetables in a lot of water? If you do you may really lose as much as 41% of the food value that should be going to your family to help keep them strong and well for the war effort. Cooking your vegetables by the "waterless" method reduces this loss to an average of 15%. Here are some DONT'S and DO'S on vegetable cooking.

Our VICTORY TIP

THE CLEANER YOUR GAS RANGE IS, THE BETTER IT WILL LOOK, THE LONGER IT WILL LAST AND THE BETTER SERVICE IT WILL GIVE.

AFTER DAILY USE, WIPE IT OFF WITH SOFT DRY CLOTH WHILE RANGE IS STILL WARM BUT NOT HOT.

DON'T cook vegetables in large quantities of water. It boils away precious vitamins.

Put only half an inch of water with vegetables and turn flame on full.

DON'T keep gas on full tilt after water comes to a boil. It's wasteful.

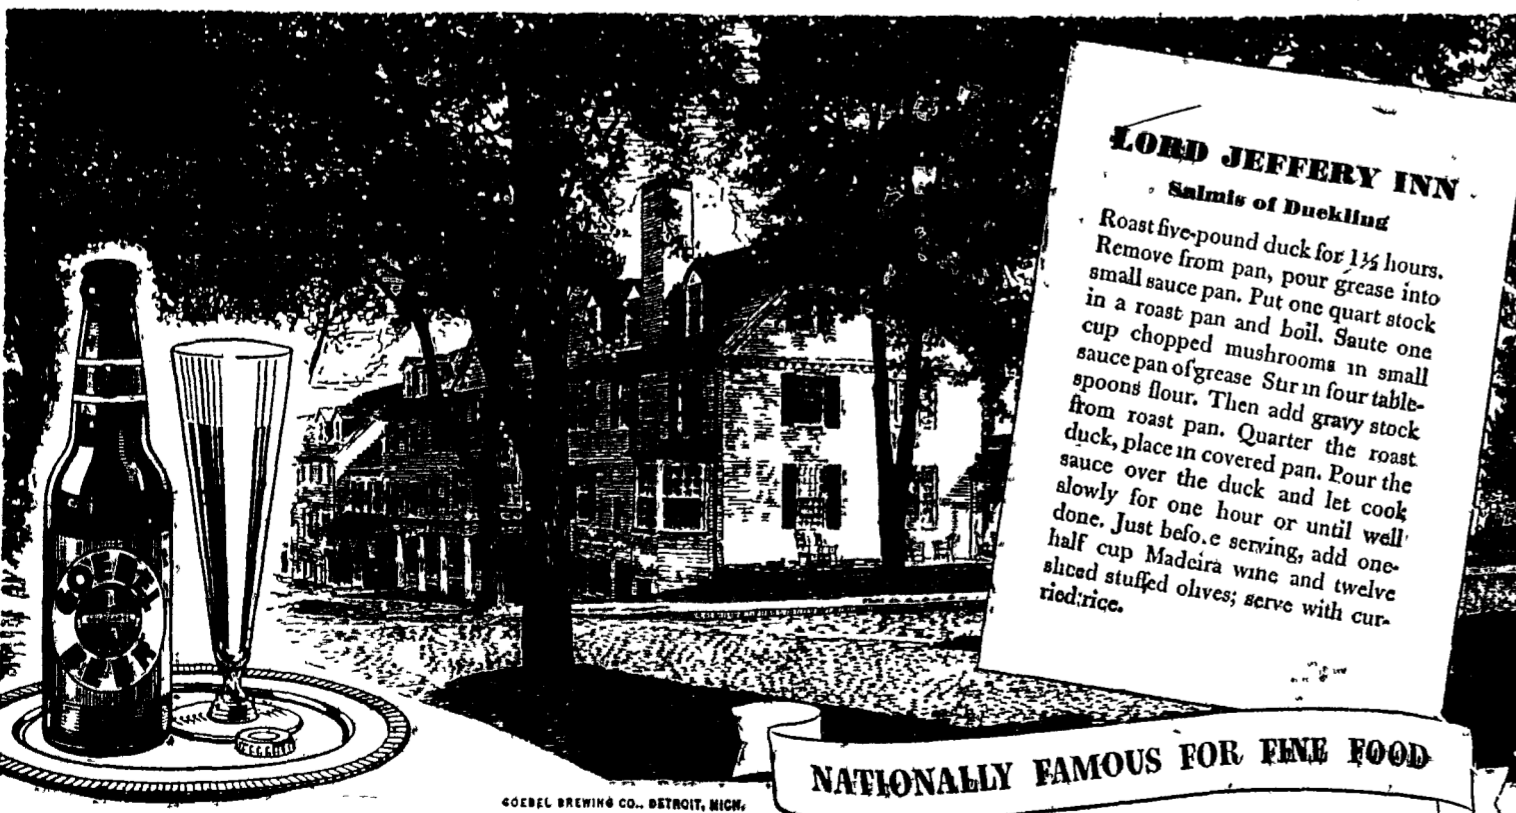

As soon as water boils, turn flame down to simmer. Keep cover on tight throughout.

DON'T pour vegetable water with valuable vitamins and minerals down the sink. You can lose 41% in food value out of every \$1 you spend for food.

Serve vegetable water (it's really juice) with vegetables or use it in making soups, gravies or sauces. It's rich in health building vitamins and minerals.

GOEBEL BEER

NATIONALLY FAMOUS FOR GOOD TASTE

The Lord Jeffery, in Amherst, Massachusetts, bears the name of a hero of the French-Indian War who became governor-general of colonial America. This famous inn attracts people from long distances to see the Plimpton Collection of Lord Jeffery's letters, and to enjoy the good taste of its New England cooked foods.

There is another traditional good taste you can enjoy almost anywhere and at almost any time... the nationally famous good taste of Goebel Beer. It is a natural addition to any list of fine foods, and just right for between meals. When you want to add good taste to your daily fare, be sure to order Goebel Beer.

Dewey Avenue News

Ralph Springer, Bruce Pontius, and Jack Dempsey have entered the kindergarten. This makes our enrollment 102.

We have enjoyed going to the park, watching the squirrels crack nuts.

Miss Lundquist's first grade children visited a grocery store Tuesday morning where they learned about fruits and vegetables. They have made a freeze containing cut out pictures of these foods and they are planning a play food store.

Several interesting toys, puzzles, and games have been added to the toy collection.

The play corner has a new invention cup. Alice Thurston brought a toy stove and some dishes and there is a promise of more house-keeping equipment.

Fourteen new, interesting books have been added to the grade library.

Euna Brumitt entered Mrs. Helm's first grade from Union Hill, Ark.

Children in Mrs. Motley's room are constituting a home. There is a committee for each room.

There was a frog visitor one day. It changed its color, too.

The children in Mrs. Radewald's third grade bought \$46 worth of bonds and stamps, and so have the banner for this week.

We have a new member in our group, Jean Elaine Drake from Nebraska.

On Tuesday Miss Kubsch's 4th grade went to the high school to see a movie in Tunisia. We especially enjoyed the film because we saw so many of the things we have been reading about. We saw an oasis, many camels, some Arabs, palm trees, and the strange clothing and way the people live in that country. On the way over to the high school we saw a rabbit and on our return examined the pine trees and a large tomato caterpillar which had been walking down the sidewalk. We enjoyed the movie and hope to go again sometime.

Orpha Swain and Charles Hanover Wed
Miss Orpha Swain, daughter of Mr. and Mrs. Lenzy Swain of 125 West Chicago street was married Saturday afternoon in the Hills Corners Christian church to Charles D Hanover, seaman 2/c, and son of Mr. and Mrs. Dale Hanover of Portage Prairie.

Baskets of gladioli and dahlias formed the setting for the ceremony performed by the Rev. Chester Reich. His wife played the wedding march.

The attendants were the groom's brother, Robert Hanover, seaman 2/c, and his wife and Miss Bernice

Hemphill and William VanAntwerp, seaman from South Haven. The bride wore a white satin gown with fingertip veil and carried white roses and chrysanthemums. Mrs. Hanover was dressed in peach colored taffeta and Miss Hemphill wore blue. Their bouquets were of yellow chrysanthemums.

A reception for 30 guests was held at the Swain home.

The bride was a Buchanan high school graduate in 1942 and has been a guide at the Clark Equipment company. The groom who was graduated from Buchanan high school in 1941 was employed by the Clark Equipment company before enlisting in the U S coast guards last March. He is stationed at Grand Haven.

Out-of-town guests were Mrs. Pauline Tarnow, Dorothy Stowers, Ruth Stowers and Robert Smith of Wheeler, Ind., Mr. and Mrs. Tom Malley, Mr. and Mrs. Harry Murray and Mrs. Lena Klanser of Gary, Ind., and Mr. and Mrs. D. A. Rogers, New Carlisle, Ind.

WE MUST CONSERVE CRITICAL RESOURCES FOR WAR

THE Government is sponsoring a program through which all citizens are urged to voluntarily conserve fuel, manpower, equipment and materials so that these resources will be available for greater war production. To save these resources, a number of essential industries including coal, oil, gas, water, electric, transportation and communications, are being asked to seek the cooperation of their customers.

You have not experienced any shortage of electricity for there is none. The war has made extraordinary demands for electric power. We have adequate capacity to meet these demands as well as necessary civilian requirements. The shortage that exists is in basic resources from which electricity is made—in equipment and critical materials such as copper and other metals that are used in applications of electricity.

The Government's program warns against conservation carried to extremes. No effort should be made to curtail necessary uses of electricity or other services that would be injurious to safety and health, including eyesight conservation. To do this would impair war production.

Use what electricity you need, but need what you use.
