

HURRICANE STORM HITS BUCHANAN

Daily Vacation Bible School Scheduled at High School June 7-18

300 Trees Crash to Cause Maze of Minor Damages

Much Wind, Little Water Damage on Buchanan Farms

Damage on farms in the Buchanan and Galien districts probably totaled from \$50,000 to \$75,000 in the opinion of local insurance men.

Rev. Hahn and Rev. McNeal to Be Supervisors

Staff of Six Church Workers in Charge of Attractive Class Schedule

The annual Daily Vacation Bible School will start Monday at the high school building with a staff of six experienced church workers.

Church Council Sends Letters to Local Homes

The following letter was sent by the Buchanan Church Community Council to nearly every home in Buchanan through the co-operation of the schools in the past week.

Phyllis Lamb Is Picked For Special Naval Radio Work

Lieut. G. L. Dostand, commanding officer of the naval training school (radio) at Miami University, Oxford, O., has announced that Phyllis Leone Lamb, daughter of Mr. and Mrs. W. E. Lamb, 121 Charles Court, Buchanan, due to outstanding aptitude, has been selected to undergo a course of training in naval radio work at the naval training school at Miami University.

Beth Sargent Is Graduated From Univ. of Michigan

Beth Sargent, daughter of Dr. and Mrs. Warren E. Sargent, Kalamazoo, formerly of Buchanan, was graduated Saturday from the University of Michigan. Miss Sargent has accepted a position as Girl Scout field secretary in Dallas, Texas. She will assume her duties in August. This summer she spent a month at the Girl Scout camps at Jackson, Mich. Miss Sargent attended Buchanan grade schools and was graduated from the Kalamazoo High school.

Storm Breaks Toll Telephone Cable On Moccasin Ave.

As the Record went to press yesterday no report had been secured from the Bell Telephone headquarters at Niles on the possible resumption of services here. The heaviest damage in the city limits to telephone property was the breaking of the toll cable on Moccasin avenue, feeding Niles, Benton Harbor, New Buffalo and other points west, north and east.

Tombstones Blown Over at Oak Ridge

A number of tombstones were blown over at Oak Ridge cemetery, according to reports, both in the old cemetery and in the new cemetery where there are no trees. In the old cemetery some of the stones of pioneer residents are now lying flat, with the bolts which connected the shafts to the base extending in the air.

Tales of An Old Town An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

Being Second Installation of Tales of Beginning of Red Bud Trail

The name "Red Bud Trail" dates from a story carried in the Berrien County Record on Feb. 8, 1934, as follows: "Here's an idea. In the Moccasin Bluff highway now under construction Buchanan has the possibilities of developing a scenic road which will rival the Azaha Trail of Mobile and other famous highways of the United States, which are the mecca of thousands of tourists annually, if the plans of several local citizens materialize. The idea is this: Plant red bud trees along the road from the limits of the city to the Oroonko line and christen that stretch 'The Red Bud Trail'. A source is available where thousands of red bud trees may be had for the work of transplanting. The trees will bloom two or three years after transplanting and remain in bloom in late May and early June from two weeks to nearly a month, depending on the weather. Banked along the highway their masses of bloom would provide a sight which would make the trail famous throughout the county. Once properly publicized the highway has other attractions which would add to its drawing power, including mineral spring and the stactite formations of Bear's Cave, and the view of the wooded reaches of the St. Joseph river which alone would establish the trail as one of the scenic routes of Michigan. The original suggestion to name the road the 'Red Bud Trail' was made by Adelbert Voorhees. Following this publication the idea caught on rapidly. Chief among the boosters were John Bateman, then Berrien county highway engineer, and the late Milton Ludwig, husband of Mrs. Alyce Ludwig, librarian of the Cass county library. John Bateman as county highway engineer supervised the construction, since it remained a county road. Milton Ludwig was a supervising engineer for the state of Michigan, since at that time the state seemed to have immediate jurisdiction over CWA projects. Both these men encouraged the idea and did much to help. Both were men of experience and vision in highway construction. Bateman left the Berrien county job for a position as professor of road engineering at the University of Louisiana. Among things which these men did was to improve and clean up an abandoned cemetery immediately on the trail, just south of the 'Lo Cabin' Fruit farm. The cemetery, that of the Sherwood family, first pioneers in that section, has now relapsed to the wild stage. They also had an idea for the improvement of the spring on the south side of the trail along the bluff, just below the sand slide. They offered to provide the materials and labor for the work if some organization in Buchanan would back the idea and give them a plan. No organization could be found that did not think the idea rather funny. So it lapsed in the next two years the state highway department adopted the idea and carried it out in a large way, and Bateman and Ludwig's spring remains choked. However the Lions Club made a project of the road for two years, largely under the enthusiastic leadership of the late Alfred George. At the meeting of that organization on May 3 at the Catholic church it was voted to sponsor an official opening. This opening had been suggested by the engineer, Milton Ludwig. It was voted by the Lions Club to hold this opening about Memorial Day. The following committee was named, Lowell Swem, Arthur Johnston, Dr. H. M. Beiste, Walter Hawes. At that time a group of South Bend citizens had organized the LaSalle Memorial Highway Association, to promote the project of a paved road from Scott Bend to the mouth of the St. Joseph. Representatives of this group inspected the Red Bud Trail project and approved it as a part of their proposed project. Today the Red Bud Trail is paved, but most of the LaSalle Memorial Highway project died aborning. The Record of May 10, 1934, had the following to say: "The 4.60 miles of new and reconstructed road which formed the CWA project now nearing completion have been accredited by the LaSalle Memorial Highway Association of South Bend, as part of the Memorial trail scheduled by them for completion in 1937. The plan also includes a memorial monument somewhere along the river up which LaSalle and his men in their eight canoes paddled from Lake Michigan to the portage to the marshes which form the source of the Kankakee river. A force of 150 men, with a fleet of trucks and a steam shovel are now rushing the Red Bud Trail to completion. The steam shovel and the county trucks are now transporting dirt at the rate of 1000 yards daily from the old narrow gauge grade to the large fill opposite the Albert Lutz farm near the Oroonko line. During the winter 75 men from Buchanan were employed regularly on the road, supervised by Berrien county and state engineers but paid from CWA funds. Following the first of April a force of 75 to 80 men was brought from Niles to work on the trail, because of the fact that Buchanan men were temporarily withdrawn because of a hitch over the ruling that all towns of less than 5000 fall into the classification of rural communities not eligible for employment on CWA projects. Engineers in charge on construction state they hope to have the grading and graveling completed by Memorial Day, although there may be another month of work in installing guard rails and other follow-up work. So although the trail may not be open through its full extent at this time, it is believed that it will be opened sufficiently for a trail warming' with appropriate exercises. However, the 'best-laid schemes of mice and men gang off a-gley' as Bobbie Burns once sang, and one delay after another held up the opening exercises until late in the summer. Chief in the cause was the unexpected removal of the steam shovel when it was suddenly necessary to rebuild part of the new Niles-Buchanan road, when several rods sank into a marsh. The opening was held with appropriate fanfare late in the summer. The concluding article in this series will tell about the opening. (To be Continued)

Wilfred Bostwick's Father Is Killed by N. Y. C. Train

Mr. and Mrs. Wilfred Bostwick were called to Bristol, Ind., Tuesday of last week by the death of the former's father, G. A. Bostwick. The particulars of the tragedy which caused his death were reported in a South Bend paper as follows: George Bostwick, funeral services for George Bostwick, aged 72, farmer of near Vista, who was killed instantly Tuesday morning when a west-bound New York Central passenger train struck his automobile, were held at 2:30 p. m. Saturday in the Vista church. Burial was held in the White Pigeon cemetery. Mr. Bostwick was returning from a trip to Middlebury, Ind. The accident occurred at the Main street crossing in Vista. The body was brought to the S. E. Coats funeral home. Mr. Bostwick had been a resident of the Vista community for 29 years, going there from Kalamazoo, Mich., by three sons, Lyle Bostwick of Portland, Ore., Wilfred of Buchanan, and Donald of Milton Center, O.

Suzanne McKinnon On Women's League Cabinet at W. M. C.

Suzanne McKinnon of Buchanan daughter of Mr. and Mrs. Maynard H. McKinnon, 113 N. Detroit street, has been elected a member of the cabinet of the Women's League of Western Michigan College for the coming year. The League is the organization of which every woman student in the college is a member.

Hold Funeral Service For Charles Branch

Funeral services were held at the Swem Funeral Home at 4 p. m. Tuesday for Charles Branch, colored, with Rev. David Lehr officiating and burial was made in the Oak Ridge cemetery. Branch died at the Berrien Center hospital Saturday, May 29. He was born in Arkansas on March 23, 1885.

Kathryn Park Scheduled to Open Next Week

Plans had been made in the past week for the opening of Kathryn Park for the summer next Monday and the limitation of open nights at the Buchanan Recreation Room to Tuesdays and Friday evenings starting next week. It is not known how the devastation of the storm in Kathryn park will delay the start of the program there. A number of the large old trees are down.

With The Boys in Service

Robert O. Wilson, son of Mrs. George Cook, is now in training as an aviation machinist at the Great Lakes station. He was formerly employed 10 months in the miscellaneous department of the Clark Equipment company. His address has been changed, now reading as follows: Robert O. Wilson, S 2/c, OGU Camp Bronson; Bks 511, U. S. N. T. S., Great Lakes, Ill.

Corp Isaac Crocker, Formerly of Niles, Well Known Here, Has Been Transferred from San Antonio, Texas, to Orlando, Fla., Where He Has the Following Address: Cpl Isaac Crocker, Med. Det., Station Hospital, AAFS, Academic Area, Orlando, Fla. His wife, the former Marguerite Bliss, lives in Buchanan.

Mrs. Myrtle Poorman has received word that her youngest son, Pfc Weldon E. Poorman, has arrived safely in North Africa. He wrote that he had an uneventful and very enjoyable trip. He is a member of a coast artillery unit.

Sgt. W. B. Poorman writes his mother, Mrs. Myrtle Poorman, that he left Fort Riley, Kansas, Tuesday for Fort Francis E. Warren, Cheyenne, where he will be stationed in the same work. The E. & C. school at Camp Funston, Kansas, at which he was stationed as instructor, has been closed. His work at Fort Warren will be instructor in meat cutting and also supervisor and inspector of meat cutting in the army kitchens.

Pvt. Pete Fabiano is located at Fort Riley, Kansas, about 14 miles from Camp Funston, and near Junction City, Kansas. A new Record subscription goes to him this week.

Corp Elwyn Bromley, Camp Beale, Calif., has a 14-day furlough and came Friday to spend seven days with his parents, Mr. and Mrs. Fred Bromley.

Mr. and Mrs. William Thompson received word from their sons, Robert and William Thompson, who are in the U. S. marines, stating that they were somewhere in the South Pacific.

Pvt. Charles Roberts has returned to Smyrna, Tenn., after visiting his cousin, Mrs. Ray Keefer.

Pfc Denzil Ward, of Camp Steward, Ga., came Saturday, Ill., spent the week-end with his mother, Mr. and Mrs. Lonnie Ward.

Sgt. Kenneth Luke of the bombing and gunner squad, Myrtle Beach, N. C., came Tuesday to spend a 15-day leave with his mother, Mrs. John Luke.

Leo Slate, pharmacist mate 1/c, stationed at the Great Lakes naval training station, Great Lakes, Ill., spent the week-end with his mother, Mrs. Eva Slate, and sister, Miss Maude Slate.

Mr. and Mrs. Kelsey Bainton have received word that their son, Lt. Charles Bainton, has arrived back in the United States from North Africa, where he had been sent as an observer of the operations during the closing days of the campaign.

Mr. and Mrs. Frank Keller have received word that their son, Sgt. Clifford Keller, has been transferred from India to China, where he is serving with the army air corps.

Robert Rumsey, son of Mr. and Mrs. Frank Rumsey, has been transferred for maneuvers from Camp Wolters, Texas, to California. His new address is: Pvt. Robert Rumsey, AFO 8937, 96 Postmaster, San Francisco, Calif.

Harry Crittenden, son of Mrs. Margaret McFarlin, who was blinded as the result of infection in South Pacific operations, now has his normal sight. He is in Mare Island hospital, California.

Claude Glover, Civic Leader, Taken by Death

Resident of Community Centre - Life; Was Village President 1928-1929

Funeral services were held at 2:30 p. m. Wednesday from the Swem Funeral Home for Claude Glover, 61, lifelong resident of this district, and former president of the board of trustees of the village. He died at his home at 113 West Port street in front of the Fred Hall home. Since telephone connections had been largely disrupted, Chief Ted Cramer had three volunteer firemen sleep Tuesday night at the fire station, including Wallace, Fred Eldridge and Pete Miller. Tuesday afternoon a messenger boy was kept at the waterworks adjoining the fire station because of the lack of telephone service.

Constance Kelley Is Graduated From Mich. State College

For its wartime and 85th annual commencement on Saturday afternoon, June 12, Michigan State college lists 926 men and women eligible for graduation, including Constance Wilma Kelley, daughter of Mr. and Mrs. C. W. Kelley, Buchanan, R. S. Linton, college registrar, announced today. Dr. Clarence A. Dykstra, president of the University of Wisconsin and former administrator of selective service, will be the commencement speaker at the baccalaureate service on Sunday afternoon, June 6, Dr. John L. Seaton, president of Albion college, will speak to the seniors. Both commencement and baccalaureate will be held in the college auditorium. In addition to baccalaureate and commencement, senior week activities include the traditional Swingout, June 2, Lantern Night, June 3, and Senior-Class play, June 9 and 10. In the graduation total are 302 men and women who either completed their academic requirements at the end of the fall and winter quarters or who will be completing their degree work during the summer. Also included are the 217 ROTC students who this term were inducted into the army but were permitted to complete their college studies before being detailed to officer candidate schools to receive their commissions of second lieutenant. About 40 men of the graduating class, inducted into the army early in the spring term, qualified for degrees by passing a special examination approved by the college administration. Many men and a few women who finished their degree work during the fall and winter quarters are now in the armed services.

Water-Logged Soil Causes Tree Fall

Damage to Buchanan trees, impossible to estimate but doubtless topping all other damages, was mainly due to the extremely water soaked condition of the ground. Nearly seven inches of rainfall had fallen in May, including several hard rains preceding the Tuesday storm. Most of the large trees which fell were up-rooted by the wind. These trees in turn occasioned most of the other damage. An extreme case of the tree loss may be seen around the home of Mrs. John Morris at 203 Days Avenue. The home of Mrs. Morris is hemmed in by large fall trees, seven in the back yard and three in front. Most of the trees which fell were the taller trees which caught the full force of the wind. The great majority were shallow rooted maples, although several elm trees and some walnut trees also fell. One of the most narrow building escapes was that of the Evangelical church. Two large elm trees across the street on the Nelbe Cathart property, coming to a stop with the tops resting against the west end of the church heavy power cables in front of the church caught the first force and broke the fall of the trees without breaking themselves. But the entire top of the largest tree came to rest against the upper part of the structure after first breaking the top out of a power pole. But not a window pane was broken, although large stained glass panes were covered by limbs. Among the heaviest falls of trees in streets was seen on the north end of Lake street between Third and Fourth, on South Detroit and Clark streets, on Days avenue and on South Portage. Among the spectacular crashes was that of the handsome maple which stood at the north side of Front street directly in front of the home of Oscar Swartz. The tree fell across the lawn and against the front of the Swartz home.

Junior-Senior Prom Is Brilliant Fete

Outstanding among the final activities of the year for Buchanan high school was the Junior-Senior prom, staged Saturday night in the school gymnasium. Flower-decked tullees and imitation terraces with lawn furniture carried out the spring theme in decorations. Flowers also draped the balcony. Ted Galligan and his style band of South Bend interspersed the dance program with novelty numbers. More than 150 members and guests of the two classes attended the affair, which was chaperoned by members of the board of education and their wives and faculty members.

Fire Department Stays on Guard To Protect Town

Although no fires started during the confusion following Tuesday's storm, the Buchanan fire department answered three calls in quick succession, all of them to take care of live wires. One was at the Evangelical church, one at 113 West Port street and one at the Fred Hall home. Since telephone connections had been largely disrupted, Chief Ted Cramer had three volunteer firemen sleep Tuesday night at the fire station, including Wallace, Fred Eldridge and Pete Miller. Tuesday afternoon a messenger boy was kept at the waterworks adjoining the fire station because of the lack of telephone service.

City Escapes Loss of Life, Injuries and Fire as Tangle of Trees and Power Wires Fall

Miraculously escaping loss of life or any single severe case of property damage, the community of Buchanan started digging itself out of a maze of toppled trees and mangled power and telephone lines Tuesday afternoon, resulting from a storm of hurricane proportions which swept the city and adjacent districts during the noon hour of that day. Main damages may be summarized as follows: 1. An estimated 300 large trees blown down within the city limits, with perhaps twice as many aptly destroyed and so badly damaged that most of them will have to be removed. 2. Minor damages almost entirely due to fallen trees on several scores of homes. 3. Many thousands of dollars of damage to power wires through the greater part of the Buchanan district of the Indiana & Michigan Electric company, extending from Three Oaks to Niles and north to Berrien Springs. 4. Damages to farm buildings in the Buchanan and Galien districts alone estimated by the local insurance underwriters at from \$50,000 to \$75,000. 5. Cessation of production in the Clark Equipment company for several hours, resulting from power shortage and the release of men to go to their homes to check on possible damages. The storm began here about 11:45 a. m. with deluges of rain, accompanied by a wind which reached its peak at noon and continued about 20 minutes at hurricane violence. Worse damage was averted "only by an act of God," as one local man phrased it. When the peak of the storm struck hundreds of school children were enroute home from school, while trees and power wires were going down in all directions. Automobiles on the highway were brought to a standstill in some cases with the road barred by falling trees in front and behind. The water service was almost immediately cut off as the power wires between the waterworks and the main power line were broken in a dozen places. The siren tower which extended 60 feet over the waterworks crashed to the ground in a mass of twisted wreckage. Telephone connections were cut off all over town. Power wires were dangling or lying on the ground sparking sparks. Yet there was not a single resulting casualty. L. & M. Crews Turn In Eye Performance. A fine record was made by the crews of the Indiana & Michigan Electric company, which started first to rejoin connections to the waterworks and at the pressure upon again to pass at the indicator recording the power at the plant had started up again by 12:30 p. m. and pressure in the downtown district was soon up, although in the higher outlying sections there was no pressure until nearly 4 p. m. The I & M crews had the power up to production rate at the Clark Equipment plant here at 2:38 p. m., only two hours and a half after the wind struck. Three I & M crews were called in from South Bend and one from Benton Harbor, neither town experiencing the brunt of the storm. Following the resumption of light and power service to the waterworks, the Clark Equipment and the business section, the I & M crew started clearing its lines west on Front street, having dined off currents at Chippewa street. Most of the western part of the city was without power or lights Tuesday evening and yesterday but the I & M expected to have services resumed by last night, with the exception of the cases of severed house connections which will depend on repairs by private electricians. Power and light services will be restored all over the city and through the rural districts by Friday or Saturday. Six Street Crews Work. City crews under the direction of Street Commissioner Edward Mitchell, also went to bet Tuesday afternoon, clearing streets with the aid of several scores of volunteers, including high school boys released for the afternoon and Clark employees also released. By the middle of the afternoon nearly all of the streets were cleared for traffic. Wednesday morning Mitchell started a crew of six trucks, including several hired private trucks, assisting in clearing trees and branches from in front of houses and driveways. Mitchell stated that the city trucks would continue to help un-

The storm began here about 11:45 a. m. with deluges of rain, accompanied by a wind which reached its peak at noon and continued about 20 minutes at hurricane violence. Worse damage was averted "only by an act of God," as one local man phrased it. When the peak of the storm struck hundreds of school children were enroute home from school, while trees and power wires were going down in all directions. Automobiles on the highway were brought to a standstill in some cases with the road barred by falling trees in front and behind. The water service was almost immediately cut off as the power wires between the waterworks and the main power line were broken in a dozen places. The siren tower which extended 60 feet over the waterworks crashed to the ground in a mass of twisted wreckage. Telephone connections were cut off all over town. Power wires were dangling or lying on the ground sparking sparks. Yet there was not a single resulting casualty. L. & M. Crews Turn In Eye Performance. A fine record was made by the crews of the Indiana & Michigan Electric company, which started first to rejoin connections to the waterworks and at the pressure upon again to pass at the indicator recording the power at the plant had started up again by 12:30 p. m. and pressure in the downtown district was soon up, although in the higher outlying sections there was no pressure until nearly 4 p. m. The I & M crews had the power up to production rate at the Clark Equipment plant here at 2:38 p. m., only two hours and a half after the wind struck. Three I & M crews were called in from South Bend and one from Benton Harbor, neither town experiencing the brunt of the storm. Following the resumption of light and power service to the waterworks, the Clark Equipment and the business section, the I & M crew started clearing its lines west on Front street, having dined off currents at Chippewa street. Most of the western part of the city was without power or lights Tuesday evening and yesterday but the I & M expected to have services resumed by last night, with the exception of the cases of severed house connections which will depend on repairs by private electricians. Power and light services will be restored all over the city and through the rural districts by Friday or Saturday. Six Street Crews Work. City crews under the direction of Street Commissioner Edward Mitchell, also went to bet Tuesday afternoon, clearing streets with the aid of several scores of volunteers, including high school boys released for the afternoon and Clark employees also released. By the middle of the afternoon nearly all of the streets were cleared for traffic. Wednesday morning Mitchell started a crew of six trucks, including several hired private trucks, assisting in clearing trees and branches from in front of houses and driveways. Mitchell stated that the city trucks would continue to help un-

Miraculously escaping loss of life or any single severe case of property damage, the community of Buchanan started digging itself out of a maze of toppled trees and mangled power and telephone lines Tuesday afternoon, resulting from a storm of hurricane proportions which swept the city and adjacent districts during the noon hour of that day. Main damages may be summarized as follows: 1. An estimated 300 large trees blown down within the city limits, with perhaps twice as many aptly destroyed and so badly damaged that most of them will have to be removed. 2. Minor damages almost entirely due to fallen trees on several scores of homes. 3. Many thousands of dollars of damage to power wires through the greater part of the Buchanan district of the Indiana & Michigan Electric company, extending from Three Oaks to Niles and north to Berrien Springs. 4. Damages to farm buildings in the Buchanan and Galien districts alone estimated by the local insurance underwriters at from \$50,000 to \$75,000. 5. Cessation of production in the Clark Equipment company for several hours, resulting from power shortage and the release of men to go to their homes to check on possible damages. The storm began here about 11:45 a. m. with deluges of rain, accompanied by a wind which reached its peak at noon and continued about 20 minutes at hurricane violence. Worse damage was averted "only by an act of God," as one local man phrased it. When the peak of the storm struck hundreds of school children were enroute home from school, while trees and power wires were going down in all directions. Automobiles on the highway were brought to a standstill in some cases with the road barred by falling trees in front and behind. Mrs Olive Allen of Chicago spent the week end with her sister, Mrs R E Franklin, and family.

Mrs Frank Rhoades of Arcadia, Calif., is spending several days with Mr and Mrs L B Rough.

Rev C H Trueschel, beginning his tenth year as pastor of Fort-Myer Evangelical church, and his family, were honored Friday evening at a cooperative dinner and reception in the church, which was attended by more than 75 members and friends. Glenn Vite, superintendent of the Sunday school gave the welcome and presented the pastor with a chair in behalf of the congregation.

Joan and Bonnie Housner and Roberta and Beverly Vite presented a musical skit. Charles Ehninger played several numbers on the musical saw.

Clear Lake

By Fern Inman Miles
Mine eyes behold beauty — I am spell-bound. I know (apologies to science) the yellow daffodil is a reflection of the sun, the cloudy iris reflects the sky of a stormy day — Life, in all its mystery, is the greatest gift to mankind, and nature its healing balm.

Several Chicagoans took advantage of the double holiday to spend at the lake, among them, Mr and Mrs Carter, Mr and Mrs Hill, the P J Zanardo family, the Cook family, and the Cristiansen family.

Mr and Mrs F. E. Gelow and daughter, Madeline, Three Oaks, were Sunday guests of Mr and Mrs Chas Ritzler. The Gelows have rented Mrs Campbell's cottage and expect to move in soon.

Mr and Mrs. Ed Koerner and twins, Miss Doris and Dale, Chicago, spent the holidays with Mr and Mrs August Koerner.

Mr and Mrs Arthur Nelson, sr, Mr and Mrs G Remington and children, Betty and Richard, all of South Bend, spent Sunday with Mr and Mrs. A. Nelson, jr and son, Scott. The Nelsons, jr's moved here from South Bend Saturday.

Mr and Mrs Harlan Crow and children left Saturday for Oxford, Ind., to spend the holidays and to bring their daughter, Barbara, who attends school there, home with them.

Swim in Clear Lake and save your money for bonds.

Olive Branch

Mrs Susie Huey of South Bend, Mrs Susie Dellinger of Three Oaks, Mrs Orville Roundy and daughters were Sunday dinner guests in the Lawrence Kellogg home.

Mr and Mrs Robert James and sons spent Sunday with Mr and Mrs Delmas Moore at Knox, Indiana.

Miss Eleanor McLaren left Monday evening to spend a month in Washington, D C with her sister Mrs Robert Grant.

Mr and Mrs. Claud Yaw and daughter of Niles spent Sunday with Mr and Mrs Ben Sheeley.

Mr and Mrs Orville Starr of Spring Creek were callers Sunday in the Frank Straub home.

Mrs Hannah Kolberg and daughter Elma of Three Oaks, Miss Betty Staub and the Elwood Overmans went in with a supper to surprise Mrs Albert Rickerman on her birthday Friday.

Harrison Sheeley of Benton Harbor was home over the week end.

Mr and Mrs. Milton Marquardt of Gary called in the Lysle Nye home Sunday.

Bend of the River

Mrs Mary Louise Soucek of Detroit was a week end guest of Mr and Mrs William T. Beardsley.

Mrs Claude Denno and son were guests Sunday of Mr and Mrs George Puluhic of Bridgman.

Mrs Elta Denno called on her mother Mrs Frances Batchelor in Buchanan Monday.

Mr and Mrs L. R. Lindsley had as guests over the week end Miss Hazel McCarthy of Chicago.

Mr and Mrs Ralph Schaber are the parents of a daughter born Sunday at the Boyce Maternity home. The baby has been named Wanda Dene.

Mr and Mrs Myron Granzer were guests Sunday of the former's parents, Mr and Mrs. Luman Granzer of Schoolcraft.

Mrs L M Converse entertained several children Tuesday afternoon, commenting her son Jimmy who was four years old.

Food Preservation
The most practical methods of food preservation, in order of their importance, are—steam pressure canning, hot water cooking, freezing, drying and brining.

West Buchanan

Mr and Mrs Joseph Forgue and son Bill, Buchanan and Mr. and Mrs. Lester Cudney were guests Sunday of Mr and Mrs. Charles L. Wilcox.

Mr. and Mrs. Louis Baker and Mrs Alberta Snyder were dinner guests Saturday of Mr. and Mrs. Frank Keller.

Mr and Mrs. George Sands had as guests Sunday Mr and Mrs. Clarence Lewis of Bourbon, Ind.

Mr. and Mrs M E Southworth and son David, Lansing, spent the week end with Mrs Southworth's sister Mrs H G Dalzell.

Mr and Mrs Lorren-Jewell left Tuesday for Warren, O. after spending several days with the latter's parents, Mr. and Mrs. Charles L. Wilcox.

Mr and Mrs L W. Windlad of Chicago were recent guests of Mr and Mrs Edward Koenigschaf.

Mr and Mrs Leon Steininger and daughter Sharon spent the week end in Chicago as guests of her parents Mr and Mrs Roy Hyatt.

Mr and Mrs Paul Campbell of Chicago spent the week end with Mr and Mrs J C Reep.

William Buok, Chicago, is spending several days with Sgt Homer Taylor in the home of his parents, Mr and Mrs Monford Taylor.

North Buchanan

Mr and Mrs Kenneth Clark and family of East Lansing came Saturday and spent the week end with Mr and Mrs Dean Clark.

Miss Clark and children will remain for several days.

Harold Seabast and son Lester are ill with the mumps.

Mr and Mrs Walter Reese had as guests over the week end Mr and Mrs Dick Pethick and children Linda and Donnie of Niles.

Mr and Mrs Dean Clark spent Sunday with Mr and Mrs Edward Israel of Eau Claire, Wis.

Mr and Mrs A G Shuford and family left Saturday for Portland, Ore., to make their future home.

Miss Evelyn Wallquist is spending several days with her aunt, Mrs Ralph Zimmerman, of Gary.

Mr and Mrs Ralph Zimmerman and daughter Gail of Gary and Mrs Barney Kaiser, Three Oaks, visited Mr and Mrs Herbert Wallquist Wednesday.

Mr and Mrs Herbert Wallquist were dinner guests Sunday of the latter's parents, Mr and Mrs Barney Kaiser of Three Oaks.

Mr and Mrs Herman Stelter were guests at a dinner in St. Joseph Wednesday evening, which honored the former's brother Richard Stelter who left Friday to enter naval service.

Propellers 85 Per Cent Efficient
Old type fixed propellers used before 1934 had an average efficiency of roughly 70 per cent. This was raised to 80 per cent with a two position propeller, to 82 per cent with a constant speed propeller, to 85 per cent with hydromatic full-feathering constant speed propellers.

Kit for Shipwrecked
Canadian naval headquarters have announced a new emergency ration kit which will give a better chance of survival to shipwrecked sailors on life rafts. Each kit will hold eight 16-ounce tins of water, eight tins of high calorie food and eight packets of sealed milk tablets. Four of the kits will be fastened to each ten-man raft. The food tin holds 12 chocolate tablets, two bars of chocolate, and concentrated biscuits. The whole kit is covered by salt water-resisting paint.

Board of Review Meeting for Buchanan Township
To the tax payers of Buchanan Township
The Board of Review will be in session on Monday and Tuesday, June 14 and 15 at the home of the Supervisor, "James Reed", for the purpose of reviewing the tax roll of Buchanan Township.

Every taxpayer wishing to discuss his valuation with said Board of Review are urged to come. This is your opportunity to present for consideration your case if you are not satisfied with your valuation.
The Board will be in session from 9 a m until 5 p m.

CONFERENCE OF ALCOHOLIC BEVERAGE INDUSTRIES, INC.

THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."
"Glad to, Jim. I told him, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago."
"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."

Engineer Society Recommends Rent For Use Machinery

Farmers in Berrien county can lend or borrow farm machinery on a fair basis for wartime food production if they refer to a suggested rental schedule approved by the American Society of Agricultural Engineering and recommended by the agricultural engineering department at Michigan State college, according to H J Lurkins, county agricultural agent.

Owners deserve compensation when they lend machinery and this fee should cover cost of repairs, depreciation and interest on the investment, plus an additional cost for risk and the responsibility of ownership, the engineers recommend.

Machines should be operated by the owner. If the borrower or lessee operates the machine, the engineers suggest increases up to double the suggested rate, and in other instances increased rates to cover severe operating conditions.

Rental charges are based on an hourly charge for each \$100 cost of the machine new. This charge applies for each hour of the first five hours and then is cut in two for each hour after five hours. The expense of sharpening knives, shovels or sickles, or of binding twine, baling wire, fuel and lubrication is borne by the borrower or lessee.

Rates suggested in cents per hour for each \$100 cost of the machine new: Riding Plow, 24; Tractor Plow, 28; Dick Plow, 32; Disc Harrow, horse, 20; Disc Harrow, Tractor, 22; Field Cultivator, 24; Spring Tooth Harrow, 24; Spike Tooth Harrow, 22; Roller, 28; Soil Pulverizer, 24; Stalk Cutter, 24; Endgate Seeder, 52; Gram Drill, 38; Corn Planter, 40; Rotary Hoe, 30; Cultivator, Horse, 20; Cultivator, Tractor, 20; Mower, Horse, 26; Mower, Tractor, 28; Spray Rig, 16; Potato Planter, 38; Potato Digger, 36; Sulky Rake, 34; Side Delivery Rake, 36; Sweep Rake, 36; Overshot Stackler, 34; Hay Loader, 28; Stationary Baler, 13; Pick-up Baler, 17; Grain Binder, 42; Thresher, 18; Combine, 24; Corn Binder, 42; Silage Cutter, 38; Feed Silage Harvester, 40; Silage Chopper, 34; Corn Picker, 28; Husker-Shredder, 20; Manure Spreader, 11; Wagon Gears and Box, 048; Hay Rack, 7; Tractor, 8.

Mr and Mrs Kenneth Clark and family of East Lansing came Saturday and spent the week end with Mr and Mrs Dean Clark. Miss Clark and children will remain for several days.

A&P Predicts End of Potato Shortage by Middle of June

New York — Potato-hungry Americans will get plenty of new potatoes to eat by the middle of June, the nation's largest buyer of fresh fruits and vegetables predicted today.

"Abnormal weather, which retarded the crop in some states, combined with increased acreages in other states will cause a bigger volume of early potatoes than last year to be harvested between now and the middle of June," said Harvey A. Baum, vice president and general manager of the A. & P. Company's produce-buying affiliate, the Atlantic Commission company. "All of these early potatoes will be available for use in this country because they are not suitable for export."

"Government crop reports and advances from our company's field offices throughout the nation indicate that from present acreages there will be 5,000,000 more bushels of early potatoes available this year than in 1942. During June heavy supplies will be shipped simultaneously from California, South Carolina, North Carolina, Mississippi, Florida, Louisiana, Alabama and other states."

Baum said severe freezes delayed maturity of early potatoes in some states so much that many producing areas, the harvest of which usually is spread out, will be sending potatoes to market at the same time. The adverse weather also helped create the acute shortage of potatoes experienced in the past few weeks, he added.

"Housewives should remember that new early potatoes have to be consumed within a reasonable period after harvest inasmuch as these varieties are much more perishable than late potatoes and cannot be stored," Baum said. "Thus the big supply expected in June will have to be eaten by civilians and armed forces within the country because early potatoes are not suitable for shipment overseas."

Baum reported that supplies of other vegetables and fruits are increasing weekly, being augmented in many sections by local production. Some vegetables are reaching peak production and housewives are beginning to buy for home canning, he said. Canning such times, when particular fruits and vegetables are available in the largest quantities will aid the war effort by conserving perishable food that might otherwise be wasted.

Mr and Mrs Joseph Forgue and son Bill, Buchanan and Mr. and Mrs. Lester Cudney were guests Sunday of Mr and Mrs. Charles L. Wilcox.

Nearly 50 Pct. of Phone Lines Down in City Buchanan

A total of 431 city telephone lines were down in the city of Buchanan out of an approximate total of 900 lines, according to a late report received by the Record from the Michigan Bell office through the special courtesy of the Niles office following the storm Tuesday.

On these 431 lines were 482 individual telephones out of a total of about 1400 in the city. The above report indicates that most of the lines down connected private residences. A total of 380 of the lines were out because of cable trouble. The remainder involved mostly lines torn from houses by falling trees.

Thirty-eight rural lines involving 400 telephones were out. While no official estimate was available on the length of time it will take to restore telephone services, require not less than two weeks.

Clower Improves Soil
Clower leaves the soil better off by 110 pounds of nitrogen to the acre than does timothy. The benefits are greater from alfalfa.

Mr and Mrs Herman Stelter were guests at a dinner in St. Joseph Wednesday evening, which honored the former's brother Richard Stelter who left Friday to enter naval service.

Propellers 85 Per Cent Efficient
Old type fixed propellers used before 1934 had an average efficiency of roughly 70 per cent. This was raised to 80 per cent with a two position propeller, to 82 per cent with a constant speed propeller, to 85 per cent with hydromatic full-feathering constant speed propellers.

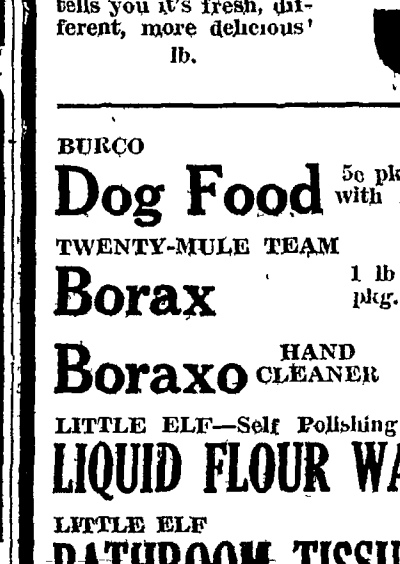

Kit for Shipwrecked
Canadian naval headquarters have announced a new emergency ration kit which will give a better chance of survival to shipwrecked sailors on life rafts. Each kit will hold eight 16-ounce tins of water, eight tins of high calorie food and eight packets of sealed milk tablets. Four of the kits will be fastened to each ten-man raft. The food tin holds 12 chocolate tablets, two bars of chocolate, and concentrated biscuits. The whole kit is covered by salt water-resisting paint.

Board of Review Meeting for Buchanan Township
To the tax payers of Buchanan Township
The Board of Review will be in session on Monday and Tuesday, June 14 and 15 at the home of the Supervisor, "James Reed", for the purpose of reviewing the tax roll of Buchanan Township.

Every taxpayer wishing to discuss his valuation with said Board of Review are urged to come. This is your opportunity to present for consideration your case if you are not satisfied with your valuation.
The Board will be in session from 9 a m until 5 p m.

THE OLD JUDGE SAYS...

"Glad we ran into you, Judge. I was just tryin' to set Helen straight on this business about sugar. I wish you'd tell her what you told me last night down at lodge."
"Glad to, Jim. I told him, Helen, that there's not a single bit of truth to the rumor that the distillers use sugar in making whiskey. They make it exclusively from grain. Only bootleggers use sugar to make whiskey. I read an article in the paper just last week that goes to prove it. It told how a confessed bootlegger in a Federal court testified to the fact that another bootlegger, also on trial, had bought a million pounds of sugar a few years ago."
"As a matter of fact, Helen, no distiller is making whiskey today and hasn't for many months. All distillers are working night and day producing war alcohol for the government. And they make every drop of it exclusively from grain, too."

Buchanan Hit By Hurricane Storm

(Continued from page One)

til all brush and debris of the storm were removed.

City Schools Close
The schools of the city remained closed during the afternoon, the teachers fearing to permit them to return on account of power wires loose in the streets. No children were hurt although many were caught enroute home and had a hazardous trip through falling trees and wires.

Mr and Mrs Joseph Forgue and son Bill, Buchanan and Mr. and Mrs. Lester Cudney were guests Sunday of Mr and Mrs. Charles L. Wilcox.

Vyazma Was Traffic Center Both trade and war are old stories to ancient Vyazma. As early as the 11th century, this settlement was an important station for traffic between Gulf of Finland ports and southern Russia.

Back the attack by upping your payroll savings your very next payday. Measure your savings by your new higher income.

Accidents Dog Private; In Hospital 109 Days CAMP CLAIBORNE, LA.—The most familiar scene in camp to Pvt. Carl Rehder of Traer, Iowa, Company D, 136th medical regiment, is the inside of the base hospital and it's not because he's a medic.

Since his induction last April he's been in the hospital 109 days—most of them on his back.

First he underwent an operation for the removal of a cyst from his eye. Then he caught pneumonia. After recovering from that he fractured his ankle in a basketball game.

While convalescing with his ankle in a cast, he developed appendicitis and an operation was performed. Regaining consciousness from the appendectomy, he swallowed his tongue and his jaws locked.

Says House of Commons Must Be Entirely Rebuilt OTTAWA.—The British house of commons building will have to be completely reconstructed after the war as a result of Nazi bombing, Ralph Ashteton, parliamentary undersecretary to Labor Minister Ernest Beven, said in an interview here.

Ashteton said the house of lords chamber survived but nothing short of rebuilding would do for the lower house.

"As a barrister, I feel sad in particular over the destruction of the temple—that home of lawyers for so many years," Ashteton said. "When the war is over there will be much for architects to do, and I hope they will be worthy of their trust."

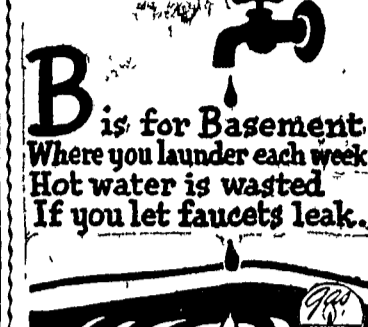

Minesweeper

Pvt. James L. Kaiman, of Philadelphia, is getting in some practice in the use of a mine detector during a demonstration by U. S. army combat engineers in North Africa. This gadget indicates the presence of buried mines.

This is a family war. Put your War Bond buying through the payroll savings plan on a family plan, which means you are it out yourself.

Manna From Heaven With pork at a premium, a 12-pound pork loin, apparently dropped from a delivery truck, was taken into custody at the Tulsa, Okla., jail recently, and prisoners were promised a pork chop feast if the meat were not claimed promptly.

Phen-O-Sal

Michigan Gas and Electric Co.

Wisner's Corner Drug

START YOUR CHICKS RIGHT WITH PHEN-O-SAL TABLETS

1. Checks Germ Growth in Drinking Water. 89% of 5,355 chicks sent Dr. Salzbury's Laboratories for free diagnosis had bowel troubles. These troubles often come from germs entering the digestive system through the drinking water. Phen-O-Sal inhibits germ growth. 2. Medicates Chick's Digestive System. Phen-O-Sal, non-oxidizing medicine, stay active, reach the entire digestive system with antiseptic action to get needed in bowel troubles. Use Phen-O-Sal in any kind of water.

Coupon 5 good for 11 gallons. It must last until Sept 30 for both heat and hot water.

HOLLYWOOD

Music Featured in Film Romance
Four outstanding musical selections are featured in the score of Universal's "It Comes Up Love," showing at the Hollywood theatre Friday and Saturday, June 4-5. Gloria Jean, co-starred with Donald O'Connor in the new romantic drama-musical, sings three selections. They are "What the Rose Said to Me," "Love's Old Sweet Song" and "Say Si Si."
The celebrated Guadalupe Trio presents "Vama A Ve" and "It Comes Up Love" was directed by Charles Lamont. Ian Hunter has a starring role with Louise Allington, Media Inescort and Charles Coleman.

'Cat People' New Kind of Thriller
A strange romance interwoven with a frightening Balkan legend forms the unusual theme of "Cat People," RKO Radio's new thriller picture featuring Simone Simon, Kent Smith and Jane Randolph, appearing at the Hollywood theatre Friday and Saturday, June 4 and 5.

The romance is a triangle laid in modern New York City; the legend is one going back many centuries. A series of mental relations dealing with women who have the power of transforming themselves into panthers and slaying any man who dares to marry them. How these contrasting ideas are blended makes the many breathless moments of the picture, with Simone playing the part of a mysterious Balkan girl who is afraid to let herself love any man.

She does marry a young architect, however, and it is over her instinctive fear of mental relations that the drama of the plot develops. A noted psychiatrist endeavors, unsuccessfully, to convince her that she is merely superstitious, and eventually her husband decides it is all a mistake, that he should divorce her and marry another girl.

Deanna Honored by Bataan Hero
An outstanding hero of Bataan and personal physician to President Manuel Quezon of the Philippines, Major Benvenuto Dino, became uninvolved for the first time in his life when he met Deanna Deanna.

Visiting California on a special mission for the exiled Philippine government in Washington, Major Dino took a brief recess from official duties to visit Universal studios. He met Miss Durbin on the set of "The Amazing Mrs. Holliday," which is to be shown at the Hollywood Theatre Sunday, Monday and Tuesday, June 6, 7, 8.

After they had exchanged greetings, the Filipino officer fumbled for a personal card, to ask for the star's autograph.

"My hands trembled as a Filipino surgeon," the smiling Major told Deanna, and producer-director Bruce Manning "They did not tremble on Bataan, nor during our escape from the Philippines with General MacArthur. But they're certainly shaking now."

And he wasn't kidding, either!

St. Anthony's to Honor Ascension in Masses Thursday

Observance of the Feast of the Ascension will be held in St. Anthony's Roman Catholic church today, Thursday. Masses were read this morning by Rev. W. C. Cogley at 6 a. m. and 8 a. m. Benediction of the blessed sacrament will be given at 8 this evening.

The Gregorian choir will rehearse at 7 under the direction of Rev. John Gallagher, CSC, of Notre Dame University.

The Novena's in honor of the Holy Ghost and St. Anthony, will begin at 7:30 Friday evening in the church.

U. S. Rice Producer
The United States and Brazil, both with annual production of rice totaling more than 85,000,000 bushels, are the largest hemisphere producers in third place is Colombia, with a crop of more than 7,000,000 bushels. Ecuador, Peru, Argentina and Mexico produced crops in excess of 5,000,000 bushels in 1942.

Bustle of Army Irks Icelanders

Stolid Folks of Reykjavik Resent Intrusion of Military Rule.

REYKJAVIK, ICELAND—Reykjavik, a capital that has always wanted to be alone, has a war jammed down its throat like a hot potato and doesn't quite know how to swallow it.
Many of its citizens, stepping into the streets to avoid crowds of strolling soldiers and jumping back to dodge honking army trucks, wish the old days would return, when the only foreigners were an occasional crowd of cruise tourists and there wasn't a soldier in Iceland.
It is a strange mixture, the remnants of a backward Old World civilization overrun by the strident activity of the British and American armies of occupation.
Sunday afternoon strollers listen with a touch of bewilderment to the clank of wanches and shouts of soldiers unloading one ship after another in the little harbor. Long-bearded naval officers loam the streets, waiting for the next convoy to leave America, English, New Zealand, Norwegian and Scottish men crowd the restaurants so Icelanders frequently cannot even receive tables.

Military Rule Resented.
Iceland's 120,000 residents lived virtually cut off from the world until the island suddenly became a key spot in the Battle of the Atlantic. They are extremely proud that their country was the world's first democracy, stated in 930 A. D. with the founding of the Althing (parliament), and they find natural difficulty in accepting the necessary rule that military authority supercedes normal civil life in such a front-line fortress.

Many of them, however, are profiting handsomely from their virtually uninvited guests. Stores are doing rushing business, taxicab companies are reaping miniature fortunes, tables must be reserved in the best restaurants hours in advance and getting a haircut often requires an hour's wait.

The city's two motion picture houses are operating entirely on a reserved-seat basis, and it is virtually impossible to obtain tickets for an evening performance after 1 p. m. The theaters are known as "Bio," apparently a derivation of the early Biograph days, and currently are showing such American features as "Drums Along the Mohawk" and "Dance, Girl, Dance."

English Books Stocked.
Bookstores have stocked large supplies of English books—and weeks-old London newspapers to meet the heavy demand.

Postcard sales have been so heavy that it is difficult to find views of Reykjavik and famous landmarks. The supply now consists largely of an Iceland pony standing on a hill and James Cagney in a cowboy suit.

A treeless drab city of concrete and corrugated iron buildings, Reykjavik suddenly became an international host at an embarrassing moment, since many of its streets were torn up for the installation of pipes to bring water from a near-by hot springs into a city-wide-steam heating project. The pipes were a casualty of war, however, and never left the dock in Denmark.

The streets were filled up in the best manner possible, but the incessant pounding of large British and American army trucks—augmented by heavy rains—has made them muddy washboards.

Transportation demands are so great that it is not an uncommon sight to see American army majors hitchhiking rides to and from the city.

Airplane Is Used to Tabulate Animal Herds

BELLE FOURCHE, S. D.—Because antelope can run between 60 and 70 miles an hour, the state game and fish commission is using an airplane to take an antelope census.

The flying game wardens rout the antelope herds from protected gulches into the open where they have little trouble tabulating the speedy animals.

The game commission is taking the census to determine the feasibility of an open season next fall.

Near Spearfish one aerial census crew witnessed a head-on collision between two fleeing herds of antelopes.

"They met head-on at the top of the ridge traveling about 60 miles an hour," Clyde Ice said.

"They crashed like a couple of trains and nearly 100 antelope piled together; but a minute later they were gone and we couldn't even spot a cripple."

Rural Youth Put Movies First in Entertainment

LAFAYETTE, IND.—Movies are the biggest lure in the entertainment program of rural youth, with dancing a weak second, according to a survey made by Dr. Lynn Robertson of Purdue University.

Dr. Robertson said that rural young men see an average of 36 motion pictures a year, and young women about 31. He estimated that the farm youth's spend about \$43 a year on entertainments.

Bicycle Days Are Here Again

Ratio to Autos Found to Be About One to Every Three.

WASHINGTON.—In a civilization dominated by automobiles, streamlined Diesel trains, and giant airliners, the bicycle is staging a remarkable recovery of popularity, according to the department of commerce.

The bicycle's reappearance recalls its prominence 40 to 50 years ago, back in the "gay nineties," when the cycle was almost a family necessity. Then the automobile appeared and the bicycle almost vanished from the United States, except for its use by children.

This contrasted with some parts of Europe where adults and children alike were making constant use of the bicycle as a major means of transportation.

European governments promoted the bicycle as a substitute for the automobile and thus as a means to conserve gasoline, it is said. The manufacture of cars required steel that was badly needed for guns and the countless machines that give the modern army its great speed and precision.

'Wheels' Popular in Capital.
The United States government is not subsidizing its bicycle manufacturers, but the curtailment of passenger automobile production is in its own way encouraging civilians to return to their "wheels."

Even here in the capital city, the use of bicycles is on a noticeable increase. Though few people, even now, come to work in this manner, the parks and shady roads on the outskirts of the city are sometimes packed with cyclists. The rental of "wheels" for amusement has become a profitable enterprise.

Government clerks, students, even officials are using the bicycle for pleasure.

The commerce department expects an unprecedented demand on bicycle manufacturers—a demand that plants with their present facilities might not be able to satisfy.

The industry is in a favorable position with reference to raw materials, it said. Crude rubber for tires can be obtained, and as for metal, 2,000,000 bicycles would require only 35,000 tons. This is negligible if compared with large quantities of such materials needed for manufacture of automobiles, the department pointed out.

10,000,000 in Use.
Officials estimate that 10,000,000 bicycles are in use in the United States today, a ratio of about one to every three automobiles. The 1940 production is estimated at 1,325,000 and this year the production probably will show a sizable increase, they said.

The American bicycle has never been an object of foreign trade principally because it is much heavier than those manufactured in Europe and Japan and the consumer abroad refuses to purchase it in countries where the bicycle is used extensively for transportation, it has been found practicable to keep its weight at a minimum.

The American bicycle has many attached devices, such as multi-speed brakes, horns, tool boxes, balloon tires, headlights and sometimes even gasoline motors.

Bicycle production has been on an increase in America since 1932 when manufacturers inaugurated a campaign to show the value of the "wheel" as a means of transportation, health and pleasure.

One of the important factors contributing to the industry's growth has been the youth hostel movement. In Europe this system of inexpensive, supervised, overnight accommodation for hikers and cyclists proved popular and after being introduced in the United States in 1934, has grown into a major organization.

Californian, Aged 91, Takes Course in Flying

SACRAMENTO, CALIF.—Aaron F. McReynolds is learning to be an airplane pilot at the age of 91, although he has not learned how to drive an automobile yet.

Pasadena's first city clerk and assessor, celebrates each added year of life by going up in a plane piloted by his own grandson, Charles F. McReynolds, aviation writer.

'Gesundheit' Sneeze by Brakeman Halts Railroad

OGDENSBURG, N. Y.—John Clark, New York Central railroad brakeman, was able to smile and show his teeth because a train was stopped and passengers and crew helped him find his upper plate, which had flown out a window when he sneezed.

A Case of Modesty
SAN ANTONIO, TEXAS.—Although the regulations of St. Mary's university require that registering students must submit three photographs, Jack Vedee turned in six pictures of himself. "Three for the registrar and one for each of the girls in the office."

That'll Teach Him!
DENVER.—Alison Johnson went out to his chicken yard. A rooster flew up and gashed a vein in his hand. Johnson ate him for dinner.

Church Services

ST. ANDREW'S MISSION (Episcopal)
Rev. H. L. Nicholson, Priest-In-Charge
Holy Communion, 8 a. m., last Sunday of every month.
Presbyterian Church, Buchanan, Mich.

CHURCH OF CHRIST
David F. Lehr, Minister
Bible school, 10:00 a. m.
Morning worship, 11:00 a. m.
Evening service, 7:30 p. m. At this service we will present Miss Rose Mary Finnigan, journalist, from South Bend. Miss Finnigan is a charming speaker, and comes highly recommended to us. She is the daughter of an Filipino mother and an Irish father, and has spent several years in the Philippine Islands. She will speak on the subject "The American Experiment in the Philippines." Everyone is cordially invited to hear her at 7:30 Sunday evening.
Junior and Senior C. E., 6:30
Choir rehearsal, Wednesday evening at the church.
Mid-week Bible class, Thursday evening.

Next Sunday at the Bible School hour we will present our Children's Day program, under the direction of Mrs. Leland Paul and her committee. A cordial invitation is extended to all.

CHURCH OF THE BRETHREN
Bible school, 10:00
Morning worship, 11:00 Sermon "God's Claims Upon Our Service."
Evening worship and Bible study, 7:30 at the church.

The General Conference of the Church of the Brethren is being held this week at McPherson, Kans. from the 2nd to the 9th. On account of the food situation this is a delegate conference only, and the attendance will probably not exceed one thousand. This conference usually brings together from eight to twenty thousand people depending upon the location of the meeting.

FIRST EVANGELICAL CHURCH
R. H. Kretschmer, Pastor
10:00 a. m. Sunday School
11:00 a. m. Worship service
7:30 p. m. Evening service
Midweek prayer service on Wednesday at 7:30 p. m.
The Woman's Missionary Society will meet on Tuesday, June 8, at 2:30 p. m.
The board of trustees and stewards will meet on Tuesday, June 8th at 8:00 p. m.

ST. ANTHONY'S CHURCH
Masses, Sunday, June 6, 8:00 and 10:30
Father Stanton, who will conduct the seven-day mission at St. Anthony's church, will preach at both masses.
Devotions every evening at 7:30
Thursday, June 3, is a holy day of obligation. Masses at 6:00 and 8:00.

In preparation for Pentecost a Novena to the Holy Ghost will be held at St. Anthony's church beginning Friday, June 4, and closing on Pentecost Sunday, June 13. It will consist of benediction and Novena Prayers every night at 7:30. In conjunction with this Novena will be one to St. Anthony, the patron of the parish whose fast comes on Sunday, June 13.

The Legion of Decency has placed the motion picture "Lady of Burlesque"—released through United Artists in the "Condemned" classification. "The film contains double-meaning lines, salacious dances and situations and indecent costumes presented against the background of a sensuous form of entertainment."

The Reorganized Church of Jesus Christ of Latter Day Saints
Geo. W. Seymour, Pastor
Church school, 10:00 a. m., Glenn Chase, director
11:00 a. m., Sacrament of the Lord's Supper will be served.
7:30 p. m., Sermon. The pastor speaking.

Wednesday, 7:30 p. m., midweek prayer service.
Thursday, 7:30 p. m., Sea Scout Ship No. 45 will meet in the church recreation room. Charles Bailey, skipper.

METHODIST CHURCH
Rev. Charles B. Hahn, Minister
Church school at 10:00. Classes for all age groups and you are invited.
Morning worship at 11:00. Sermon subject "A Righteous Motivation."
Methodist Youth Fellowship at 7:00. All young people are invited.
Michigan Annual Conference at the Peace Temple, Benton Harbor beginning June 9. Outstanding speakers will be Bishop Lee of the Singapore Area, Dr. Walter Van Kirk and Dr. Wm. L. Stulger.

CHRISTIAN SCIENCE SOCIETY
Sunday service at 11:00 a. m. Subject "God the Only Cause and Creator."
Sunday school at 9:45 a. m.
Wednesday evening meeting, 7:45.

The reading room in the church is open each Wednesday afternoon from 2 until 4 o'clock.
"God the Only Cause and Creator" will be the subject of the lesson-lesson in all Christian Science churches throughout the world on Sunday, June 6.

"The Golden Text (Ecc. 3:1) is: 'Whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it.'"
Among the Bible citations is this passage (Gen. 1:1): "In the beginning God created the heaven and the earth."
Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary

Baker Eddy, include the following (p. 502): "There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God."

FIRST PRESBYTERIAN CHURCH
Malcolm D. McNeal, Pastor
Sunday School—10:00 a. m. Let all children and young people be present in preparation for Children's Day program the next Sunday.
Morning Worship—11:00 o.

THE MICROPHONE

News of the Buchanan Schools

Collected and Edited by Members of the Class in Journalism

Editorial

You school life is nearly ended. You are about to take a step into the outside world on your own two feet. Perhaps some of you will enter college, others will find work or office jobs. Many of you will be joining up with Uncle Sam. Where ever you go seniors, the Microphone Staff wishes you the best of luck

The trying ordeal is over. Miss Reams' sixth grade has completed the tests. Now every time Miss Graves walks into the room it reminds us of the few weeks of tense waiting, and maybe a few working hard to refresh their minds on reading, writing, and horrible arithmetic.

Mr Elbers, with a proud smile on his face, walked into Miss Alleshouse's sixth grade room. In his mind he held some important looking papers and a banner. The banner turned out to be the more important however, for on it were

the words, "Honor Room War Stamp Sales" Miss Reams' sixth graders have had the banner in their room for six weeks, but finally Miss Alleshouse's pupils caught them off guard. There is probably a reason for Miss Alleshouse's pupils doing better. You see, they decided to have a War Stamp Buying contest between the boys and girls. They chose Pauline Stretch to design and make a chart. She, with her assistant, Edwina Tripp, drew a picture of a tank on red cardboard Uncle Sam, with his coat tails flying, is riding on top of it. Each square on the chart stands for one dollar. To reach the "Jack Pot" (Uncle Sam), a group must buy more than twenty dollars worth of stamps. In order to get a star on the gun, 100% of the pupils in a group have to buy at least one stamp. The bars and slats of the boys group are blue and those of the girls are white. Last week, the boys bought \$21.90 worth and the girls \$3.95 worth, making a total of \$25.85

booklets on the "Classes of Animals" in the world. We have put down the chief characteristics of each class and have drawn or cut out pictures to illustrate each. Our covers are interesting too. The kindergarten and the first grade at Dewey, gave a program for the primary grades. Janice and Ramon Sexton gave piano solos. Rolanda Erado demonstrated rope skipping. Sue Ann Markham and Geraldine Flanagan were dancing dolls. Betty Remington took the part of the old woman in the kindergarten's presentation of "The Old Woman Who Lived in a Shoe." Joan Kane announced the program.

News Notes

The high school selected band will play for the baccalaureate and commencement exercises. The band also marched out to the cemetery on Memorial Day, May 30.

The French club had their annual picnic Tuesday, May 25.

Bill Thomas, a former student of Buchanan High school, visited the eighth grade May 17.

African Dominoes
"A Scottish soldier got in a crap game and lost his kilts — so he ran and ran and ran!"

He Dood It!
Wilma M. Isn't this moonlight wonderful?
Bill M. Yes, but it's like the third degree.
Wilma M. What do you mean by that?
Bill M. I know that I'm going to say something I'm going to regret.

WANTED An alarm clock so that Pete will know when economic geography is over.

Grade School News
The children in Miss Carnagan's first grade are enjoying their new picture, Red Riding Hood. It is one of the pictures purchased for the school by the Parent-Teacher association.

Mrs. Morley's children like to read about the birds and trees that are in the Weekly Readers. Nellie brought a horse chestnut blossom and leaf for us to see. Jack Clemens brought a nut from the horse chestnut tree.

The children are enjoying such a pretty picture of Jack and the Bean Stalk. They thank the P. T. A. for making it possible for them to enjoy it.

Miss Fritz' second grade is having a picnic the last day of school. The picnic will be in Richard Van Deusen's back yard.

Mrs. Huston's third graders were reviewing their spelling and arithmetic last week. Most of them have mastered multiplication and division quite well.

Connie Converse brought some dogwood blossoms to school last week. They are beautiful. Many of the other children brought lilacs and tulips. Kenneth Wallace

brought the first peonies.

The third graders were glad to have Donald Carbon back in school again. He went to Detroit and had an operation on his arm two weeks ago.

Mrs Fuller's fourth grade was finishing up their health work with special study in First Aid for two reasons in observance of National First Aid Week and that it is a good thing to know about.

Miss Dorothy Lovell's room has been having little contests each day in locating the different cities, rivers, and regions of South America. We have had contests by dividing the room in two sides and contests of papers locating the places in their geography books.

Miss Ekstrom's fifth grade enjoyed an assembly program given by the kindergarten and first grade from Dewey school.

One day each pupil wrote a page of penmanship drills. The three best pages were selected and placed on the bulletin board. They belonged to Bob James, J. F. Philippi, and Billie Hess.

Tuesday afternoon the fifth grade boys played the sixth grade two games of soccer. After the games the fifth grade boys had to admit the sixth grade were better players.

Miss Reams' room has just finished reading the story of "The King of the River." We also have won the War Stamp Sales Banner every week but one, which was seven weeks. We have taken all our tests. Some may be promoted and some may remain 6th graders, but we all have some hope.

Nine pupils in Miss Alleshouse's sixth grade have had perfect attendance this last school term. They include Phyllis Ainsworth, Charles Ailsworth, Donald Bailey, Kenneth Ferris, Florence Fowler, Lynn Hahn, Gevyn Keefe, Ralph Thurston, and Lynn Watson.

These pupils have not only been present every day of the past term but have also arrived on time. The pupils are sorry that no one has had perfect attendance for the whole school year, but are proud to report that Charles Ailsworth has missed only one-half day and Doris Watry, one and one-half days.

Recently, Miss Alleshouse's pupils, along with the other intermediate grade pupils from Dewey school and high school, saw some slides of wild flowers taken in the vicinity of Buchanan by Mr. Bailey. He showed them a variety of flowers including several slides of violets. The pupils were very much interested in the explanations Mr. Bailey made.

To express the appreciation of Miss Alleshouse's pupils, Edwina Trapp, wrote the following poem:

WE THANK YOU
By Edwina Trapp
For every single picture that was shown upon the screen,
For every little flower and every nature scene,
For every explanation, too,
Mr. Bailey, we thank you.

For every brilliant color among the flowers and leaves,
For every picture of the beauty that Mother Nature weaves,
For every bit of information (we know it's true),
Mr. Bailey, we thank you.

To sum it all up, here's what we mean:
We thank your knowledge of flowers is pretty keen,
We enjoyed your speeches and the pictures too,
And so, Mr. Bailey, we thank you.

(From Last Week)
The children in Miss Carnagan's first grade visited the public library one afternoon this week. They wanted to become familiar with the use of the library and the books available for summer reading.

Miss Fritz' children made 20 bookmarks for the Junior Red Cross.

Jo Ann Merrifield brought the book, Raggedy Ann's Washing Pebble, to school to read to the boys and girls in Miss Fritz' room.

Beverly found a snail one day. She brought it to school, so the rest of the children in Mrs. Morley's room could see it. It carries its house around like the turtle does.

New helpers are: housekeeper, Gerald, stockkeeper, Lillian, class cleaner, Mary, flowerkeeper, Jack M., librarian, Beverly and board-washer, Gordon.

Twenty-three of the children in Mrs. Huston's third grade received perfect scores in spelling last Friday. They are Elaine, Frances, Tom, Gordon, Betty Clemmens, Connie, Catherine, Jeannine, Billy, John Hausman, Lois, Harry, Jace, Beverly, DeLores, Jack, Victor, Dick, Kenneth, and Verda Albert, M. D.

In our spell-down Jack and Gordon tied for first place.

Last week the children wrote paragraphs which they handed in to Miss Graves. These will be kept in each child's folder in the office.

The boys and girls in Miss Fuller's fourth grade have completed enough four-inch squares to finish a lap-robe for the Junior Red Cross. This lap-robe was started by Miss F. Lovell's group and has a large Red Cross in the center.

Miss Dorothy Lovell's fifth grade has been studying Tchaikovsky's "Nutcracker Suite." We have been trying to recognize the names of the different pieces by the type of music of each piece. The record that received the most votes as the favorite one was "The Dance of the Toy Flutes." The "Marche" and the "Waltz of the Flowers" were second.

The pupils in Miss Ekstrom's fifth grade are reviewing arithmetic this week.

About thirty bottles of milk is being served each day. Because of sickness attendance

has not been good for several weeks.

The fifth and sixth grade students in Miss Bernice Lovell's room are completing their war bond posters this week. The sixth graders are enjoying cubic measure in arithmetic. We all hope that Miss Lovell has a pleasant week on her vacation.

17 "B" Clubbers See Giant - Cub Game at Chicago

Seventeen "B" club members and the two coaches, Mr. Van Ryzin and Mr. Sulcup ventured to Chicago Wednesday, May 26, to watch a tip-roaring baseball game between the Chicago Cubs and the New York Giants. It was rip-roaring all night, but for the wrong team. The Cubs were slightly overtaken by a score of 4 to 2.

While on the train on the way to the "Windy city," the boys met and exchanged jokes with quite a few service men.

They had to hold timid "Windy Hall's" hand when crossing the street and when they ran into big crowds "Boob" Topash had to be led around as he wouldn't watch where he was going. He had his eyes on the pigeons and tall buildings, but the biggest difficulty was getting Herby Arrick away from State Street.

After viewing the Cubs and Novikoff, one Bucktown son (Topash again) had this to say — we quote: "Gee, they ain't all they're cracked up to be. I thought Lou Novikoff was superman!"

The boys took in a couple of shows afterwards (ahem!) Calm yourselves, they saw "Whistling in Dixie" and "Three Hearts for Julia." They also got to tap their feet to the music of Horace Height and his Musical Knights.

Looking it all over, the trip was a very happy success, even if the Cubs did lose, and you couldn't open up a window on the way back in the train.

Committee chairman were: Music committee, Janet Haslett, Decoration committee, Phyllis Sanford, refreshment committee, Ruth Schneider.

A Dissertation on School
Down in old Buchanan High school hall,

Is where many high school students had their rise or fall, Where many a graduate (short, skinny, or tall)

Has gone through that good old high school hall.

Many a student has seen the day, When after school he had to stay, But then these things have to be taken into consideration. For they hold true through even a duration.

For the past semester the Microphone staff has had able assistance from a group of seventh and eighth grade reporters. These junior journalists have put in

many hours of time and effort to help make the "Microphone" a better paper. The "Mic" staff and their sponsor, Miss MacNeil, wish to thank them for their help.

For all the high school dances and parties every class counted on Phil Hanlin and the Youth Council dance band for good music. The band has supplied entertainment for a great many affairs during the past year, and the students and teachers want to thank the band for their help in making the dances so successful this year.

The Latin club had a picnic at Clear Lake Friday, June 4.

Miss Jean Boyce, physical therapy aide visited school last week. She returned to O'Reilly General hospital at Springfield, Mo.

Not only the students can do it! No, the students are not the only ones who bought stamps and bonds, because the teachers have done it too. Ninety per cent of the faculty have bought \$2,679 in bonds. Some of the teachers purchased stamps in addition to the bonds.

After much preparation last week, the Junior-Senior prom was held Saturday night, May 29. The theme for this year was a garden scene. Ted Galligan's orchestra played from nine until twelve o'clock.

Committee chairman were: Music committee, Janet Haslett, Decoration committee, Phyllis Sanford, refreshment committee, Ruth Schneider.

Has gone through that good old high school hall.

Many a student has seen the day, When after school he had to stay, But then these things have to be taken into consideration. For they hold true through even a duration.

Now, Mungie the hon, was born you might say.

Every sufficient some time or other, Has had a letter written to his mother, But even this happens some time or other, Whether it's mailed or taken home by brother.

When a seventh grader for the first time walks the hall, He thinks, "Boy, I'll show them all!"

But then after a few weeks of school, He is now no more like a fricky, stubborn mule.

And when he has become a man, He will look back and remember the pines that grow so tall, And remember the good old days in the Buchanan High School Hall.

MURGATROYD MAKES THE GRADE
Have you heard the story of Murgatroyd Blore — Hero of the Army Artillery Corps?

That popular Sergeant, that leader supreme, Hall-fellow — well — met and the cream of the cream, His looks are deceptive, you might wonder why, But Murgatroyd Blore is a wonderful guy.

The arrival of Murgatroyd-Blore at Camp Gannon, Wasn't fan-fared with trumpets or shooting of cannon, He was just Private Blore. A diminutive chap.

With a hollowed out chest and a weasel type map, He was built for K. P. and all similar work — This Murgatroyd Blore was considered a jank.

At attention he seemed to be standing at ease, (The impression was caused by the curve of his knees)

With a rifle he'd miss any barn's largest door, He was a duck-of-all-trades, that was Murgatroyd Blore, The laugh was on Mungie, the heckled they sassed — But Murgatroyd Blore was the one that laughed last.

Now, Mungie the hon, was born you might say.

LOOK

THE purpose of your telephone directory is to give you, quickly and easily, the number of almost any nearby telephone you wish to call. Yet six out of ten calls to "Information" are for numbers that could be found by looking in the directory!

In Michigan those needless calls increase the load on war-busy central office equipment by 1,180 hours of operators' time each day!

We're at war, and we must keep the telephone system clear for vital war calls. In normal times we would add new equipment to handle the increased load. That can't be done today because the needed materials have gone to the fighting fronts.

Please, before you ask "Information" for a number — look in the directory.

If it isn't listed and you must call "Information," write the number down so you'll have it next time.

MICHIGAN BELL TELEPHONE COMPANY
YOU'VE DONE YOUR BIT. NOW DO YOUR BEST — BUY MORE WAR BONDS!

Your Home is Your "Second Front"

Conserve Critical Equipment for Victory

THE conservation of critical equipment for Victory is up to you homemakers... and if you are a homemaker by day and on the "swing shift" by night, it's all the more important.

During these upside down wartimes, we are more aware than ever that cleanliness is next to godliness, but cleaning time has a ceiling, too, now and must fit into a crowded routine schedule. An electric vacuum cleaner

is quick, hygienic, thorough—so guard that and all of your precious electric equipment grimly.

"KEEP THOSE ELECTRIC APPLIANCES WORKING"

WASTE IN WAR IS A CRIME
Do Not Waste Electricity Just Because It Is Not Rationed

SOCIETY

Miss Jessie Gowland, Phone 230
Local and Social Editor

Announce Engagement of Their Daughter

Mr. and Mrs. Francis Baker, 205 1/2 East Dewey ave., announce the engagement of their daughter Bettie Jane to Private (f c) Albert L. Krassow, Jr., son of Mr. and Mrs. Albert Krassow, of Niles. No date has been set for the wedding.

Miss Baker attended the Buchanan schools and is employed at the Kroger Super Market in Niles. Pvt. Krassow was graduated from Niles High school and was employed at the Evers Dairy, Niles, before entering the army Sept. 9, 1942. He is stationed at the Kellogg Air Base, Battle Creek.

Pinochle Club

Mr. and Mrs. Oliver Barnhart, South Portage st., will entertain members of the Fortnightly Pinochle club at a dinner Saturday evening.

Buchanan Dancing Club

The Buchanan Dancing club will hold its regular monthly cooperative dinner and party in the American Legion hall Saturday evening. Mr. and Mrs. William Bohl, Jr., are in charge of arrangements.

Dayton Rebekahs

Members of Dayton Rebekah lodge and their guests numbering more than 70 were present at the meeting in the Dayton Odd Fellow hall Wednesday evening, when Mrs. Zetta Timpson of Detroit, vice president of the Rebekah Assembly was honored. The guests represented the New Century lodge of Niles and Bayleaf lodge. A program was presented including piano solos, Eva Davis and Margene Sebasty, reading, Mrs. Clayton Leiter, the Virginia reel, by 16 members in Colonial costumes and group singing. Mrs. Timpson spoke on "The Work of the Order."

Attends Exercises

Mrs. V. Lee Coonfare attended the commencement exercises at the Hartford, Mich., High school Thursday evening. Her niece Helen Sanford, was valedictorian of the graduating class.

Family Dinner

Mr. and Mrs. William Keefe, 301 North Portage st., entertained at a family dinner Wednesday evening honoring Mrs. William Keefe and daughter Mrs. Earl Habb of Plymouth, Mich. Other guests were Mr. and Mrs. Henry Goodenough, Mr. and Mrs. Herbert Goodenough and Mrs. William Roundy of Gahen.

Birthday Dinner

Mr. and Mrs. Kenneth Zinninger and Mr. and Mrs. Dwight Crumley and children attended a birthday dinner Thursday evening in the home of the women's mother, Mrs. O. D. Brant in South Bend, which honored Mrs. Brant.

Entertains at Bridge

Mrs. Ralph Wegner entertained members of her contract bridge club Thursday evening at her home in Niles. Mrs. Harry Bestle and Mrs. Francis Forburger held high scores. The group will meet with Miss Ethel Bestle June 10.

Lucky Bunco Club

Mrs. Olive Williams will be hostess this afternoon (Thursday) to members of the Lucky Bunco club.

V. F. W. Auxiliary

Delegates to the department encampment in Lansing will be named June 10 by the Veterans of Foreign Wars auxiliary, according to plans made during the regular session in the V. F. W. hall Thursday evening. Birthdays of members are to be brought to the June 10 meeting.

W. C. T. U.

When the Women's Christian Temperance Union met Friday afternoon with Mrs. Arthur Rose, 302 Sylvan ave., Mrs. Harry Hartline and Mrs. A. F. Kann gave their reports on the county-W. C. T. U. convention in St. Joseph Tuesday. Mrs. Howard Ottwell, president of the local chapter was elected treasurer of the county unit. Other officers elected were Mrs. E. C. Edwards, St. Joseph, president; Mrs. F. M. Barton, Sodus, vice president; and Miss Leota Karkick of St. Joseph, secretary. Rev. C. H. Trueschel of the Portage Prairie Evangelical church was the guest speaker Friday afternoon. His topic was "Alcohol, A Saboteur." Plans were made for the flower mission meeting to be held in the home of Mrs. Nelson Ferns, June 25. Mrs. Fred Rikert will be in charge of the program.

Soldier Honored

Mr. and Mrs. Henry Haun, 30 Oak street, entertained 33 guests at a dinner Sunday, honoring their son, Pfc. James L. Hartline, who came Saturday to spend a 21-day furlough with his parents. Pvt. Hartline has been stationed somewhere in the South Pacific. Out-of-town guests were Mr. and Mrs. Chester Bunton and Mrs. William Quinn and son of Mill Creek, Mr. and Mrs. Henry Euler, LaPorte, Mr. and Mrs. Russell Bradley and family, Hamlet, Ind., and Frank Richards of St. Joseph.

Methodist Circle 2

Members of Circle No. 2 of the Methodist Women's Society of Christian Service will meet in the church at 7 o'clock Thursday (today) for their annual birthday dinner. This will be a potluck affair and members are to bring their table service. Mrs. L. M. Converse heads the dinner committee. Mrs. William R. Smith, program chairman, will present the chapter review from the book "On This Foundation."

Home Builders Class

A potluck supper at 6:30 will feature the June meeting of the Home Builders Sunday school class of the Church of Christ, to be held Friday evening at the home of Mr. and Mrs. Harry Penwell, north of Buchanan. Mrs. John Lochbach will assist Mrs. Penwell.

Friendship Class

The Friendship class of the Evangelical church will hold its regular monthly business and social meeting in the home of Miss James Dillman, 112 South Detroit street, this evening (Thursday).

Thursday Reading Club

"South From Yesterday" written by Willard Robertson, will be reviewed by Mrs. L. R. Bradley this evening during the meeting of the Thursday Reading club in the home of Mrs. Bert Bouws, 105 Cayouga street.

Best Walnut Trees

Walnut trees 18 inches or more in diameter at shoulder height are the best grade trees for market if they are thrifty and have long, clear logs. The smallest logs acceptable on the market are those 12 inches in diameter, inside the bark at the small end. Trees 15 inches in diameter will meet this specification up to a 12 foot length.

Honored at Dinner

Rev. and Mrs. Malcolm D. McNeal were hosts Thursday at a dinner complementing their nephews, Ensign Milton Ferguson of Greentown, Ind., who was graduated that day from the United States Naval Reserve Midshipmen's training school at the University of Notre Dame, and Edwin Ferguson, radio operator, naval air corps, Ottumwa, Ia., and his bride, who were married that day in the First Presbyterian church, by the Rev. Mr. McNeal. Among those attending the dinner and wedding were Mr. and Mrs. William Ferguson of Atlanta, Ind., Mrs. Milton Ferguson, Greentown, Ind., and Miss Alma McNeal of Lebanon, Ind.

Fortnightly Pinochle Club

Mr. and Mrs. Oliver Barnhart will entertain members of the Fortnightly Pinochle club Saturday evening.

Dessert Bridge Club

Mrs. J. C. Strayer, 103 Moccasin ave., will be hostess Thursday afternoon to members of the Dessert Bridge club.

Federated Club Meet

Mrs. A. E. Muir, Mrs. Lester Miller and Mrs. A. G. Haslett attended a 1 o'clock luncheon and meeting of the executive board of the Federated Club of Women's clubs, Friday in the home of Mrs. Harry King, federation president, Benton Harbor.

Royal Neighbor Lodge

Primrose camp of the Royal Neighbor lodge held its regular business and social meeting in the P. N. A. hall Friday evening with Mrs. Gerald Mitchell and Mrs. Donald Hampton as hostesses. Plans were discussed for the USO benefit to be presented in the high school auditorium June 9 and 10. Mrs. Claude Lauer, chairman, Mrs. Earl Beck and Mrs. Fred Welsh are in charge of arrangements. Prizes at contests were awarded to Mrs. Floyd Antsiedel, Mrs. Ada Schwartz, Mrs. George Baimore, Mrs. Russell Bishop, Mrs. Albert Decker, Mrs. Harry Smith, Mrs. Nora Miles and Mrs. Ray Headley. The next meeting of the club will be June 11.

F. D. I. Club

The F. D. I. club met Thursday evening in the Odd Fellow club-rooms with Mrs. Joseph Melvin, Mrs. Clyde Paxton, Mrs. Ellis Wilsey and Mrs. Carrie Kean Starr in charge of the entertainment. Prizes at contests and pinochle were won by Mrs. Myrtle Poorman, Mrs. Starr, Miss Ruth Lightfoot, Mrs. Margaret McDonald, Mrs. Warren P. Juhl, Mrs. Charles Lightfoot, Mrs. Melvin, Mrs. Melvin Proulx and Mrs. Roy Pierce. Mrs. Poorman will be chairman of the committee for the June 10 meeting.

Church Christ Mission Society

Guest day will be observed by the Women's Missionary society of the Church of Christ, during a meeting in the church parlors at 2:30 o'clock Friday afternoon. Mrs. Enos N. Schram will be in charge of the program. The topic will be "Tibet." Mrs. Schram, Miss Lily M. Abel, Mrs. Thomas McCormick, Mrs. Homer Cooper, Mrs. Clarence Ravish, Mrs. J. E. Arney and Mrs. Maude Davis are the committee in charge of entertainment.

Evan Junior Aid Society

What You Buy With WAR BONDS

So long as a soldier can eat and think up disparaging names for his equipment the Army will do all right. Food is either "beans" or "chow."

"Chow" may consist of a well cooked meal or circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle. With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy. U. S. Treasury Department

Standard Oil Co. Adopts Schrader Test For Air Loss

One out of every three automobiles has one or more tires with slow leaks which may be caught before they result in damaging roadside flats, Standard Oil Company of Indiana estimated today in announcing adoption of the Schrader comparative air loss test for tires to help conserve rubber for the American war effort.

How long it may take a slow leak to result in a flat was illustrated by puncturing four tires with four-penny nails. The first tire ran over 2,300 miles before going flat, the second over 3,900 miles, the third over 5,100 miles and the fourth had still not gone flat after 8,450 miles when the test was ended. Other causes of slow leaks are punctures from glass, pinches and the like, faulty valves or missing valve caps. The comparative air loss test involves checking the pressure of tires before inflating them to determine the amount of pressure loss from any one tire as compared to the other tires on the same vehicle.

For example a normal variation of tire pressures is right front 27 pounds, left front 26, right rear 26 1/2, left rear 27 1/2 and spare 27. When, however, pressures show right front 27, left front 23, right rear 26 1/2, left rear 27 1/2 and spare 27, there is present a warning signal of a slow leak in the left front tire which calls for immediate repair to prevent trouble.

Dig for Victory
Last year, British "Digging for Victory" gardens produced between 40 and 60 million dollars' worth of fresh vegetables.

Test Soil Last
Soil testing should be the last, not the first, of a series of observations. Poorly drained or badly shaded soil should not be used and gardeners should examine any residues from the past year's crops to determine how the land produced during the previous season. If there were no good stands of grasses, weeds or crops, then the land will not produce a good crop of vegetables.

Microphone

(Continued from page 5)
Arrived that morning at quarter to seven. The men of Camp Gannon stood silent in awe! "Why those are my sisters," said Murgie Blore. He makes a fine Sergeant, does Murgatroyd Blore (Idol of the Army Artillery Corps). His chest is still hollow — is that a disgrace? You can't judge a man by his figure or face. For looks are deceptive and actions can lie. And Murgatroyd Blore is a Wonderful guy. — Exchange

Break All Records in Sale of Axes

The Allen Hardware reported that all records for the sale of axes were broken with the purchase of 35 within an hour and a half after the conclusion of the storm Tuesday afternoon. The business was terminated when all the stock was sold out.

Copper in Projectors
Copper salvaged from copper-coated carbons of motion picture projection arc lamps in 8,500 U. S. theaters would bring in 270,000 pounds of copper.
