Henry elected executive vice president

Nelson R Henry has been elected executive vice president-operations of Clark Equipment Company, it was announced today by B E Phillips, president and chief executive officer

Henry, who joined Clark in 1973, has been serving as group vice president of the general products group since that time and has been a member of the board of directors since 1975 Before joining Clark, Henry was group vice president of Truck components for Eaton Corporation.

In making this announcement, Phillips said, "Mr. Henry will be responsible for the Company's three operating groups – material handling, construction machinery and general products, in addition to technical staff functions"

Clark Equipment Company, whose sales last year amounted to $1,261 million, employs over 22,000 people worldwide and is a major manufacturer of axles, transmissions, forklift trucks, tractor shovels, cranes, graders, log skidders and related construction and material handling equipment

Henry is a director of the First National Bank of Southwestern Michigan, Niles, Michigan and Motch and Merryweather Machinery Company, Cleveland, Ohio He also serves on the boards of directors of several Clark subsidiary companies

Henry, 47, was graduated from the University of Missouri in 1951 with a B S degree. He is married, has five children and resides with his family in Niles, Michigan

McKernan elected corporate vice president

Leo J McKernan has been elected corporate vice president and group executive of the construction machinery group of Clark Equipment Company, it was announced today by B E Phillips, president and chief executive officer. He replaces James C Huntington, Jr, group vice president and director, who resigned both positions on January 31, 1977

McKernan joined Clark in 1974 as vice president and general manager of the axle division Prior to that time he was associated with Eaton Corporation for 14 years in various marketing and manufacturing management capacities

The Clark construction machinery group manufactures construction, mining, building and forestry products from tractor shovels to cranes, graders and log skidders Last year this group's sales represented approximately 42 per cent of the total company sales volume of $1,261 million Clark is also a major worldwide manufacturer of axles, transmissions and material handling equipment.

McKernan, 39, has attended Iona College, New York University and the University of Bridgeport. He is married, has two daughters and resides with his family in South Bend, Indiana

McKernan serves on the boards of directors of the Buchanan, Michigan Chamber of Commerce and the South Bend Civic Center Foundation He is also a member of the American Management Association, the National Management Association, the Society of Automotive Engineers and the Farm and Industrial Equipment Institute

Buchanan plans to regulate garage sale

At its meeting Monday, the Buchanan City Commission was to consider an ordinance on second reading which would regulate garage sales It called for a permit from the building inspector No sale could last more than three days, and a person conducting a garage sale could only get one permit a year There were also stipulations on the advertising signs and on the location of such sales. Mrs Ned Reitz on Liberty Street said that she usually has three sales a year and felt that the restriction to one sale a year was unwise, although she felt that the sales could be limited to two days It was decided by the commission to table action on this ordinance and to come up with appropriate penalties for failure to comply with it

It was pointed out that during the severe cold weather, the city had over 150 cases of water service freeze-ups Residents were instructed to leave water running in the tap and were told that they wouldn't be charged for this extra water In spite of this, the city had to go back to the same places to thaw pipes It was decided by the commission that in the future residents would be charged for thawing water services if they were called back another time

There will be a public hearing at the next regular meeting on February 28 to present a preliminary report on the 701 goals and objectives for the city as prepared by the architect. The commission had an executive session with the school board Monday presumably to discuss these goals

The commission received word from the Department of Natural Resources that there were five lots in the city which were available to the city for acquisition The commission passed a resolution enabling them to acquire these lots. Three of them are adjacent on Bluff Street

They received a letter from HUD saying that the city's application for more funds had been received, but that there were applications totalling over $25 million and only $6 7 million will be available The letter from HUD said that the city would hear by March 15.

There were six bids received for installing lighting on the new softball field across the creek, and the commission accepted the bid of Clifton Engineering for $21,795. Half of this will be paid by the DNR, and half was budgeted by the city.

A bid for $11,400 from Campbell-Farr Ford was accepted for two Ford LTD police cars. This wasn't actually the lowest bid, but there were several reasons, including the larger engine, why this bid would be the most practical

It was reported that the Southeast Berrien County Landfill Authority, plagued by equipment failures, has a deficit of $12,000 The city commission voted to pay its share of this deficit amounting to $1,527.63.

The commission approved an invoice from Architects Incorporated for $939.80 for work so far on the cemetery chapel and for $4,186.90 for work so far on the design for the central business district

They also approved invoices of $679 13 from Clary, Nantz, Wood and Van Orden for labor negotiation services and from Century Engineering for $4,000 for engineering of the two bridges on Oak and on Alexander

Garbert meets governor

Joe Garbert II, Buchanan Republican chairman, along with four county officials, State Senator Charles Zollar, State Representatives Harry Gast and Ray Mittan met with Governor William Milliken at the governor's office in the capitol building in Lansing, Wednesday, February 16

The meeting was in conjunction with the election of a State Republican chairman at the State Republican Convention. The present state chairman is being challenged The group met to discuss what to look for in a candidate for chairman They also discussed problems in the Republican Party and made suggestions of what to do to improve the party.

One major topic for discussion was a poll that was taken in which over 60 per cent of the people listed views in line with the conservative philosophy of the Republican Party and yet it continues to be the minority party.

Garbert will attend the State Republican Convention in Detroit on Friday, February 18.

Occupants of these cars got away with only minor injuries when their cars crashed on Niles-Buchanan Road, ten feet west of North Hamilton Drive, at 9 05 p m., Wednesday, February 9

According to Michigan State Police, Gerald E. Clem, 37, of 2136 Lewis Drive, Niles, was following a third car west on Niles-Buchanan Road. The car had a signal turned on indicating a right turn into Hamilton Clem attempted to pass the car and struck an oncoming vehicle, driven by Carol Ann Clark, 1310 Phoenix Street, Niles

Clark and a passenger, her son, Daniel Howard, 6, were treated and released at Pawating Hospital Clem declined medical treatment.

Police cited Clem for improper overtaking

Conference on Michigan's natural gas supply

Senate Majority Leader William Faust and Speaker of the House Bobby Crim today announced a Joint Legislative Conference on Michigan's Natural Gas Supply to be held in the Capitol Building in Lansing from 9 a m to 12 noon on February 18

"Recent cold weather and dwindling natural gas supplies throughout the country have underscored the need for sound rational planning in the use of our natural gas supply," said Faust. "This conference will bring legislators together with experts from academic, business and consumer groups to deal with this vital issue."

"Michigan's natural gas supply is adequate to meet our current needs," said Crim "However, recently enacted federal legislation could divert some of this gas to other states"

Implications of the new federal energy law, long range planning for energy usage and energy conservation measures will be discussed by participants at the conference Representatives from universities, consumer groups, utility companies, state and federal energy commissions and various industries will be in attendance

"Michigan must make plans now for future energy use so that we can avoid a fuel shortage crisis in the days to come," said the legislative leaders "This conference is a step in that direction"

Clark Federal membership meeting

The Clark Federal Credit Union will hold its 40th annual membership meeting in the auditorium of Buchanan High School on Saturday, February 26, at 7 30 p m

The Harmonica Men and Stephen Gubi will provide entertainment after the business meeting

Highlights of the business reports will be the growth in 1976. Assets increased $1,567,547 to $9,720,179 for a gain of 19 2 per cent, loan increased $923,620 to $7,595,990 for a gain of 13.9 per cent, and savings increased $1,299,740 to $8,455,279 for a gain of 18 2 per cent

The Credit Union paid out $300,473 in dividends and $84,600 in a loan interest refund to its 6,377 members

Library Board and City disagree on administration of gift of stock

It was recently announced that Mrs Frank Habicht had made a gift of 375 shares of Clark Equipment stock to the Buchanan Public Library The Library Board had conducted a long discussion on what to do with the stock and prepared a resolution, pointing out an article of the ordinance that the "Buchanan Public Library Board shall have full power to receive, control and administer all funds or other assets derived from gifts or bequests, and to administer funds in trust for the benefit of the institution"

At Monday's meeting of the city commission, it was pointed out that another article of the ordinance gives the city commission authority over any activities of the library board

Some of the members of the library board had questioned the city's plans to enlarge the library as shown in drawings submitted by an architect hired by the city. There were also those who opposed selling the Clark stock, although the commission pointed out that a governmental body should refrain from speculative investment

After receiving the library board's resolution, the city commission whipped up a resolution of policy having to do with any future gifts If any division of the city receives a gift, that gift will be turned into cash which will be given to the finance director for further disbursement.

Since there are apparently differences of opinion between the city commission and the library board, the board has been invited to the next commission meeting In the meantime it was suggested that somebody talk to Mrs Habicht and see what her wishes are as far as what the stock is used for

Industrial properties in City are appraised

United Appraisal Company from Findlay, Ohio was the firm hired by the City of Buchanan to give an up to date appraisal of industrial firms in the city For that they received $6500.

Monday night L E Thomas presented his report to the city commission The commission called a special work session to consider various aspects of the report.

Based on real estate, the report came up with a final sound value for Buchanan Steel Products of $532,093 after deducting a sum for an "economic and obsolescence functional depreciation" This will be roughly twice the actual assessment

After deducting a similar amount, the sound value for Electro-Voice was set at $839,547 There were two different figures given for Indiana and Michigan real estate The sound values for them came to $529,597 and $1,861,489 The sound value for Pinlock Engineering Company's industrial property came to $19,089

The summary of replacement values and sound values for Clark Equipment Company included a multitude of buildings For this company, the firm came up with a fair market value of $5,254,210 plus total land appraised at $364,320

Thomas explained that all the proper authorities at the various industries had been informed of the findings of the appraisal He said that if his firm were to appraise the whole town of Buchanan, it would require twelve to sixteen months for his team

Our Opinion

Berrien County Record

Why save on fuel

By D.E N.

Utility consumers who have tried to conform to the wishes of those who want them to conserve energy are rightfully distressed when, after lowering their thermostats, they receive heating bills over two and a half times greater than they were last year. After huddling under blankets in cold living rooms, they wonder if it's been worth it when they receive their bills

The bad part of it is that the utility companies indicate that we haven't seen anything yet They offer us no relief and now tell us that, when more nuclear energy plants are in operation, the costs of power will be even greater This wasn't what they were telling us ten years ago when they were trying to obtain permission to build nuclear plants

Power companies cite inflation as the reason their charges have soared, but their rates are in themselves inflationary They point out the tremendous increases in the costs of their labor and can rightfully point at misguided environmentalists for their present problems

The consumer is the only one who suffers He has no recourse but to pay his bills if he wants to have heat and light. He can bellyache all he wants, but it'll do him no good No matter how well he insulates his house or how low he keeps his thermostat, he can expect no lowering of his costs The unions will continue to benefit, and so will the stockholders, but the consumer has to take it on the chin He can't shop around for a better price because there just isn't anywhere else for him to go

The public and the government will be watching carefully the first quarter profits of the large utility companies It would be inappropriate if any of them show too large a percentage of gain at the expense of the consumer

Ghost town

Dear Editor,

Buchanan is becoming a "ghost town." Businesses are failing as merchants seek more advantageous areas The sidewalks are rolled up at sundown. Late night entertainment is restricted to smelling the dust in the library, private "partying," and occasional dances Many students have forgotten the movie theater Many more have forgotten when Buchanan's few snack shops and soda fountain kept their doors open late for after-game, after-dance get togethers

Niles has become the place of interest Pizza palaces, hamburger and carry-out foods houses, and shopping centers draw huge swarms of Buchananites and their money Niles is growing fast and will soon forget that it and Buchanan were twin sisters, of a sort, that population and school enrollments were comparably equal Buchanan, to Niles, will be what Galien or New Buffalo is to Buchanan- small and petty.

Niles has a strong confederation of merchants because the citizens invested in their city From this investment businesses grew and flourished Why should Buchanan help the growth of Niles at the cost of it's own economic development? True, Niles won't stop growing without Buchanan business, but maybe our town can be saved from obscurity,

Ten years from now the title of 1976 Basketball Champs will have little meaning to a town that can no longer afford its own school system Expensive malls will have been wasted when consumers would rather save 10c than a falling business. New families will steer clear of the dying city because they want and need more than Buchanan will be able to offer

Perhaps, by taking pride in Buchanan-not just the school-but the city, we can revive some of the activities that are becoming extinct If we acted like a community strongly bound by a common goal, by talking to adults and getting their opinions and aid, by getting concerned about what Buchanan will look like in time-we can prevent it from becoming a "ghost town" And I think this is what we all want

Veterans eligible

Dear Editor,

Many of the former servicemen and women among your readers may be eligible for a new Federal benefit which could bring them an additional $292 to more than $500 per month for nine months

Because these benefits are subject to an expiration date, the Veterans Administration is making every effort to insure that all eligible veterans are aware of them Your assistance in alerting those who may be affected will be appreciated

This significant increase in entitlement for GI Bill educational benefits was approved by Congress late last year! The new provisions can have a total potential value in excess of $4,500 to married veterans with large families.

Basically, the new law provides nine additional months of GI Bill eligibility to most veterans originally entitled to 36 months for VA educational assistance

The new legislation does not change that portion of the law requiring that a veteran must use his GI Bill benefits within ten years of his discharge from service Therefore, veterans who have been out of the military service for ten years are not eligible for the additional benefits

The Veterans Administration estimates that 6 1 million veterans are currently eligible for GI Bill benefits, including 3 8 million who have used part of their eligibility and 2 3 million who have not taken advantage of it at all

We are particularly anxious, however, to reach the half-million men and women who have already used the full 36 months of eligibility that was the maximum entitlement prior to enactment of the new legislation They may now be entitled to an additional nine months of educational benefits

We urge all veterans eligible under the criteria outlined above to contact the Veterans Administration for further details of this new entitlement

Veterans in Michigan should call, visit or write the VA Regional Office, 477 Michigan Avenue, Detroit, Michigan 48226 The toll-free telephone number is listed in the telephone directory under the U S Government listings

Agriculture In Action --an editorial

Bureaucrats Hard to Beat

When President Carter takes on the federal bureaucracy in his flight to cut the size of government, he'll have a real battle on his hands Those folks entrenched in Washington's white marble buildings just don't take "no" for an answer, and they have no conception of what "Thou Shalt Not" means.

The latest example of the latter concerns the Occupational Safety and Health Administration. Last year, the Congress got upset with OSHA because of some of their proposed rules, such as a toilet within five minutes walking distance of every farm worker, and some of the elementary "Dick and Jane" booklets published by OSHA dealing with how to handle beef cattle safely.

In the final analysis, Congress passed an amendment to the HEW appropriations bill saying that no money could be used to enforce OSHA standards on farms that had ten or less employees during the year This meant that any farm inspected that had ten or less employees on the day the OSHA inspector came would be exempt This legislation was to be in effect from October 1, 1976 until September 30 of this year

When the folks at OSHA got the word from Congress, however, they changed the rules. They have now interpreted the amendment to mean that if a farmer hired more than ten employees on any one day of the preceding year, then he is subject to OSHA rules for all of this year This means that if a farmer had a crew of ten or more in for harvesting on only one day last year, but didn't hire anyone else the rest of the year, his farm is subject to OSHA regulations

It just goes to show that what Congress means in their legislation and what the bureaucrats interpret in their regulations have a wide variance.

We wish the President luck, but he has a hard row to hoe....

Galien High School Sports

By Brian Dickey

The Galien Gaels basketball team took it on the chin twice last week dropping their record to 4-13.

Last Tuesday, Galien played host to Michigan Lutheran. The Titans trounced Galien 61-46. Randy Wolf paced the Titans with 12 points Michigan Lutheran took command of the contest early 15-7 in the first period. A 17 point second quarter boosted the Titans edge on Galien 32-18.

Galien managed to outscore the Titans 16-13 in the third period however it was to no avail as Michigan Lutheran held on to a 45-34 lead The victorious Titans ended the night with a 16 point fourth quarter to send them home with the win Brad Marshall and Rick Kuntz led the Gaels with 15 each

The Titans Junior Varsity outscored Galien 47-38 Galien however led at halftime by a 25-24 margin The Titans came back with a 17 point third period followed by a 10 point fourth quarter to surpass Galien. J Birney led Michigan Lutheran with 14 Bill Hobbs led Galien with 10

Friday night Galien was edged out by Eau Claire 54-48. The Beavers owned a five point halftime lead of 24-19, after they had outscored Galien 16-7 in the second period, after over coming a Galien 12-8 first period lead Galien held tough in the second half however as Eau Claire managed to outscore the Gaels by one point 30-29. Leading the winners was Randy Grandberry with 26, while Rick Kuntz paced Galien with 16.

Eau Claire also won the J.V. game by a score of 61-41. The Beavers shocked the Gaels for 23 first quarter points while Galien had to settle for only 8. Galien however outscored the Beavers in the second period 12-9 to trail Eau Claire 32-20 at the half. Eau Claire outscored Galien by one point in the third period 11-10 to increase their lead to 43-30 The Beavers ended the night with an 18 point surge in the final stanza to win the victory. Mark Vladie led Eau Claire with 11 while Mark Patton led Galien with 13

The Galien girls volleyball team also played last week, and they too did not fare too well. Their first game of the week was played on Monday at Galien against Watervliet. The Panthers won in two games 15-2 and 15-0 The J V. also lost in two games by the score of 15-12 and 15-12.

On Tuesday Eau Claire visited Galien The Beavers won in two games by the scores of 15-5 and 15-5 The Junior Varsity won however in three matches They lost the first one 15-6, and won the other two 15-13, and 15-11.

Then on Wednesday both teams lost to L M C The Varsity fell 15-4, and 15-5, while the J V fell 15-9 and 15-4

Modern Mothers Child Study Club

The Buchanan Modern Mothers Child Study Club will meet 7.30 p m , Thursday, February 17, at Mrs. Jerry McCarty's home, 4970 West US 12 Co-hostess will be Mrs Charles Faulkner

Speaker for the evening's program is Richard Swem of Swem-Smith Funeral Home. He will speak on the subject "Children and Crises" or how to communicate with children about death and dying

Club President, Mrs James Taylor will conduct the business meeting.

Running a power plant is a lot like flying a 747.

It takes a lot of experience.

And just like pilots who have been flying for years, power plant operators must keep on learning and training so they can continue to perform quickly and efficiently in any emergency.

That's why we have a control room simulator in our power plant training center that works much like a pilot's flight simulator.

It helps our people sharpen their skills by simulating [illegible] realistic equipment failures that, if not handled quickly, could wind up [illegible]

W [illegible] to this extreme?

[illegible] the power coming is a responsibility.

[illegible] experienced, specially- [illegible] it our [illegible] t [illegible] ter the [illegible]

control centers. . .everybody plays a critical role in making sure the power keeps flowing to our homes and factories.

But, while we're doing everything we can to maintain dependable service and electric supply, there's one thing we can't do.

Make sure none of that electricity we make is wasted.

That's your job.

Turning off unused lights and appliances, making sure refrigerator and freezer doors aren't left open, and washing only full loads of clothes and dishes will not only conserve electricity, it can help you keep your bills in line.

Properly insulating your home and energy-saving devices like an electric heat pump can help even more.

Working together. It's the best way we know to see that you continue to get the power you need, when you need it. And the most out of it when you get it.

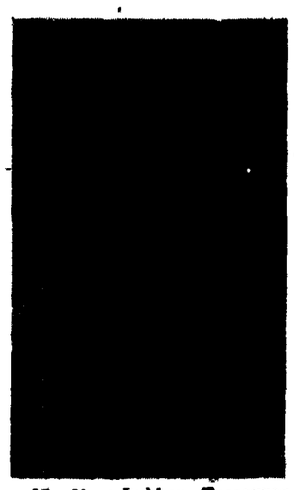
Vern Lubben to speak to CPWO



Mr Vern Lubben, Treasurer-Manager of the Clark Federal Credit Union (CFCU), was the main speaker at the February 16 Clark Professional Women's Organization (CPWO) meeting held at the Pickwick Club in Niles.

Briefly, Mr Lubben noted that the CFCU was organized in 1937 and is celebrating its 40th anniversary. He elaborated on the CFCU services available to Clark Equipment employees and their families: loans, savings, drafts, safety deposit boxes, and after-hour depository at the Buchanan location. The CFCU boasts of assets of $9.7 million and 6,500 members

At the last CPWO meeting the President, Sandie Lolmaugh, requested that CPWO members interested in serving on committees contact her. She announced the resulting committee appointments. Scholarships -- Pat Bishop and Kathy Simpson; Restaurant -- Susan Garmire and Phyllis Scafaria; Chaplain -- Primrose Eichberg; Publicity -- Carol Rajchel, and Prizes and Gifts -- Rose Stewart and Sonja Backus.

Betty Berget, 1976 CPWO President, was given an attractive pen and pencil set with her name engraved in appreciation for her fine leadership and continued involvement. Her personal growth and valuable experience will be an asset to the future of the CPWO

Fourth grade students plan maple syrup camp

Buchanan fourth grade students are about to start making maple syrup In spite of the snow and cold weather, the last of February is the traditional time for starting to tap trees and collect the maple sap. On Thursday, February 17, all Buchanan fourth grade students will tap trees at Fuller's Resort on Clear Lake Laverne Soales donates the use of his equipment each year for this project The Gambles Store donates the use of a chain saw to provide wood for the boiling fires.

This project gives the fourth grade students a chance to recreate Michigan history right at home The students spend the entire day at the camp, including a lunch of pancakes, sausage and their own home-made syrup

Since the inception of this project, many people have become interested in making their own syrup at home Due to the number of requests, the school has ordered an extra supply of equipment for tapping trees They have put together a complete kit, including instructions on how to make maple syrup If anyone is interested in buying this equipment, they may do so at the Moccasin School Office. The kit includes 3 spiles, 3 sapflo pellets, and specific instructions on making maple syrup at home The cost is $1.25

Police report

There were several complaints to police this week of thefts from automobiles Three occurred on February 8 Ruth E Newton and Marie Bass, both of Cassopolis, reported to police the C B antennas were stolen from their cars while parked in the high school parking lot during the Buchanan-Cassopolis basketball game Debra Rutter reported to police the theft of a hub section of a wheel cover and a hood emblem from her car while it was parked at 808 West Front Street On February 13, Chris Curtis, 808 West Front Street, reported to police an eight track tape player was stolen from his automobile while parked on Phelps Street near Smith

February 9, city police received a call from Joyce Marshall, 429 Fulton Street, that there was a woman needing assistance, at 312 Elizabeth Street. Upon arriving at the location officers found the house locked but could hear a female voice calling for help from within the building. It was necessary for officers to pry open the storm door and break a window in the front door to gain entry Carrie Williams was lying on the floor by the telephone Police called an ambulance and assisted in removing the victim to the ambulance She was taken to Unity Hospital

On February 13, police were called to Terre Coupe Road where a live high tension wire was lying across the road. Officers stood by to protect the public until repairmen from Indiana & Michigan Electric Company arrived.

Sometime between 5 45 p.m., February 14 and 12 15 a m., February 15, a 1977 Ford van owned by American Rustproofing Company, River Street, Buchanan, was apparently stolen The van and property inside the van valued at $6,067 was in the south parking lot at Red Bud Arms Apartments in the 600 block of Red Bud Trail North

At 12 15 a.m, police were advised someone in a van was dumping trash along Madron Lake Road and Burgoyne Road. At 12.40 a.m the van was observed going west on Fourth Street past Chippewa Hills At 12:45 a.m. the van was located on Broceus School Road about one-half mile north of Andrews Road. Police were advised the vehicle was unoccupied and the driver might be on foot in the area. Officers were told at 12:50 a m. that the vehicle may have been stolen. By 12:55 a.m. police officers had tracked the suspected driver to a small barn on Broceus School Road and arrested him.

The suspect, Mark Louis Totzke, 17, 2765 Orange Road, Niles, was lodged in the Buchanan City Jail.

Buchanan on war path and shooting spree downs Cassopolis 96-77

By Joe Lawrence

Having recuperated from a bruising defeat at Lakeshore, Buchanan was on the warpath last week against the Rangers of Cassopolis. On a shooting spree, the Bucks bagged 96 points against their opponents 77, avenging an earlier Blossomland conference defeat at Cassopolis.

Down early in the first quarter by a score of 8-2, Buchanan quickly nailed down 9 points to Cassopolis' 2 They gained the lead when center Greg Frazier grabbed an errant Cass pass, setting up a Mo Kyles basket to make it an 11-10 ball game Buchanan dominated the remainder of the quarter, with Kyles scoring another 7 points The period ended with Cassopolis down, 25-16

Early in the second period, Cassopolis fought its way back to a 4 point deficit Forwards Kevin Loder and Glen Hawkins evenly dividing their teams first 8 points of the quarter, with substitute Ron Hagin capping the drive with a successful free-throw to make it 29-25, Buchanan

But the second quarter was to bring more trouble for Cassopolis than the first, as Gerald Busby went on a roundball rampage Scoring the Bucks first 10 points of the period, the games high point man garnered 16 of his 34 points for the night. The Buck bomber was a monster on both ends of the court, as he took down 7 defensive rebounds in the first half. Coach Bohannon later declared that "When Gerald sets his mind on the game, there is nothing that can stop him."

With 2 30 left in the half, Buchanan built its lead back up to 9, 40-31. For the remainder of the period, the Bucks spent much of their time resting at the foul line, scoring 7 of their next 14 points there. Careless Cassopolis managed only 3 points in that space of time. Both squads left for the locker room with Buchanan holding a 20 point lead, 54-34.

The half-time shooting percentages pretty well reflected the score The Bucks bullseyed 54 per cent of their shots, while the stymied Rangers delivered on only 38 per cent of their attempts. Buchanan overwhelmed Cassopolis on the boards, outrebounding them 30-20

The Rangers were unable to gain their composure after the mid-way mark. Early in the third quarter, Busby drove in to dunk his team's 60th point, as the Buchanan barrage continued The Bucks managed to cushion their lead by three more points as the period ended, with Cassopolis behind by 23, 78-55

Buchanan found themselves having to substitute heavily in the final quarter The move was not made out of magnanimity to Cassopolis, however. The putting in of reserves was a concession to fatigue and not benevolence

The cats never counted themselves out, and though down by 30 at one point struggled to within 13 The Bucks, feeling their grip slipping early in the concluding period, threw on the stall The lithe dribbling of sophomore sub guard Joe Watts kept the point margin from sliding too much The Bucks tightened up their play and built up their lead to 19 at game's end, winning 96-77.

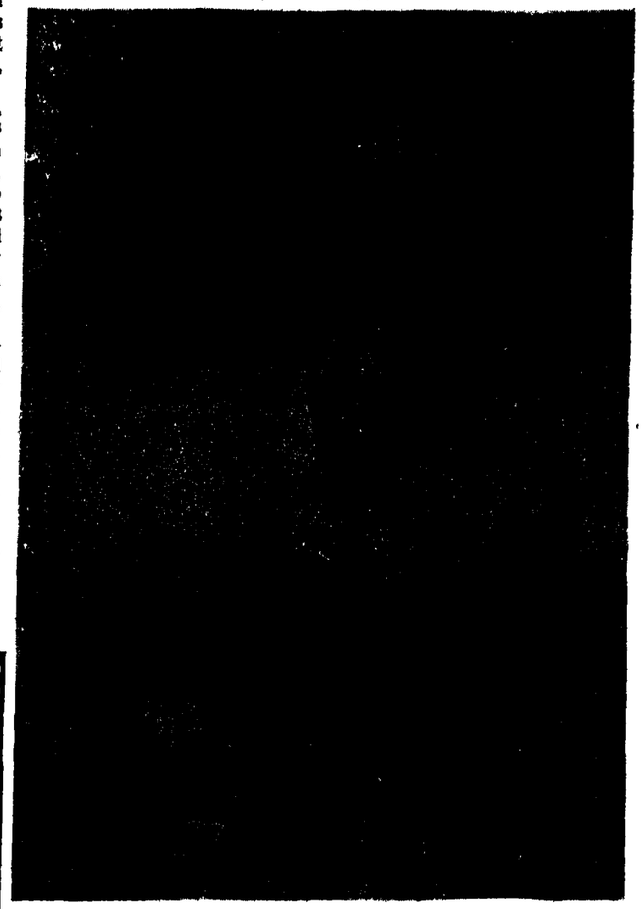
Buchanan's leading scorer, and game high point man was Gerald Busby, with 34 Both Kyles brothers followed Busby, Mo with 29 and Joe with 17. Mo Kyles also pulled down 23 rebounds Kevin Loder led Cassopolis with 24, followed by Marshall Sinclair and Glenn Hawkins scoring 21 and 16, respectively

Unlike their varsity counterparts, the Buchanan J V.'s had to go through a topsy-turvy contest until the final moments of the game. Before then, fierce play by both teams fueled an exciting and speedy game. Both squads came back from substantial early deficits as they traded the lead a number of times that night Winner Buchanan shot off to an early 6 point lead, but soon fell behind by 11, 18-29 They tightened up in the closing minutes of the half, scoring 5 points while holding their opponents to none, closing it to 29-23 at the half.

The second half opened with Buchanan grabbing the first two baskets, the second on a quick inbound pass from guard Rydell Tutson to center Al Ward to bring the score within 2 points, 29-27. The junior Bucks kept at the heels of Cassopolis, with Tutson stealing an inbound pass, scoring, and bringing them within 1, 34-33 Forward Todd Cornwell then brought the Bucks back into the lead with two free-throws. At the three-quarter mark, Buchanan led, 40-36.

Cassopolis stayed close, coming within one point on 4 occassions before coming out ahead, 50-49 on free throws by Rusell Haines. David Price of Buchanan responded with two free throws to reclaim the lead. The edge was lost again, but again recovered by Price with a field goal. Jeff Butler then increased the margin with a 3 point play, to make it 56-52 The Bucks held on to win 57-56

Forwards David Price and Jeff Butler shared the Buchanan high point honors with 14 points apiece. Center Al Ward finished with 13.



Gerald Busby sinks another bucket as Buchanan wins over Dowagiac 82 - 59

The Niles High School Drama Department presented three One Act plays and "Mime" Thursday, February 10 at Niles High School These plays were student directed

Scapino

The evening began with the presentation of SCAPINO, a 16th century play.

Only a portion of the play, directed by Ann Fly and Dennis Tuck who are members of the Thespian Society, was presented

In those few moments, one could see the hard work and superb acting revealed. Jeff Boulden, who portrayed Geronte, had the spirit of the gruff, greedy old man of the story Dennis Tuck played Leandro, Geronte's son. Purely comical, Leandro was probably the most vindictive person in the play In his last short scene, Leandro actually beat Scapino with a sausage because of something he told Geronte.

Scapino was acted out well by Andy Clark. A trickster of Geronte was Scapino's only way of hiding the truth. There wasn't a single moment of seriousness on the stage with Scapino except for the character himself Even in a 16th century play, there was time for impersonation as Scapino imitated a pirate, a parrot, an oriental, two Englanders and a whole army of men.

Zerbinetta came in toward the end of the Act. Jill Schultz played this flirty gypsy girl who had a distinctive giddish laugh one might hear from a girl.

Carlos (Brad Dahl) appeared only for a brief time apparently as a waiter in an outdoor-type cafe

This typecasted play was first of the enjoyable Acts presented Thursday evening

Pooh

The second of the one acts was a change of pace. The third chapter of the delightful children's story "WINNIE THE POOH," written by AA Milne and directed by Genna Southworth, was performed by six more of Niles' High Thespians.

The entertainment was all in the acting The representation of each character was pleasing to watch as Winnie the Pooh and friends had a "Pooh Party."

Pooh was characterized well by Margie Russo Pooh's friends made the play enjoyable while they discussed the party. Curtis Farrow, an inspired N H S. Junior and a member of the Thespian Society, played an enthused Christopher Robin, the story's owner of Pooh and company Reggie Jasper contributed his voice for the parts of Roo and Piglet in a high tone that corresponded with each character.

Owl and Kanga were played by Lisa Tennyson. Lisa used her "whoos" of an owl to speak her words which became an enjoyable asset to the performance

Finally, the dejected Eeyore, played by Chuck Goss, gave an impression of dismay in his character, yet, there were moments of enlightened humor

Tara Warren, the Narrator of the story, talked with Christopher Robin about Pooh and his friends at the end of the story.

Mimes

MIMES, directed by Anita Miars, also among those in the Thespian Society, was another impressionable play for Thursday's performance.

This is a specialty of Niles Drama Department The variety of pantomime was first class Those who participated in this section were Laura Anderson, Curtis Farrow, Anita Miars, Donna Boose, Denise Fowler, Kim Williams, David Carson, and Mark Fritsche Each had an exquisite way of acting with certain commendable bits of humor.

Marigolds

I was quite captivated with the last of the one acts, as a portion of "THE EFFECT OF GAMMA RAYS ON MAN IN THE MOON MARIGOLDS" was presented This play was written by Paul Zindel and directed by Stephanie Walter This bitter story tells of a mother and two daughters in a surrounding with a lack of love and understanding. The three girls acted their parts as though the whole incident actually happened Jyl Blauvelt played Beatrice, a resentful mother of her two daughters Jyl was beautifully convincing in her role Beatrice felt a little rejected of those people who once referred to her as "Betty the Loon" And even more convincing was how she proved that she fit the name

Jane Rigby played Ruth, Beatrice's older daughter Beautiful as she was, her part was a conceited snob with an EXTREMELY loud voice. (The audience can testify to that.)

Tillie, the youngest daughter, was portrayed by Jill Smith Jill fit the part of this play perfectly Quiet and almost shy, Tillie was the main thought of the story She experimented to find what strange effects Gamma Rays had on her Man-in-the-Moon Marigolds She discovers that these rays may have a strange effect on people.

The three girls merited an enormous applause because of their magnificence in acting

The Niles High School Drama Department deserves recognition for the fine performances Thursday evening.

Coming on March 17, 18 and 19 is Frank Loesser's GUYS AND DOLLS

Horn Fandango

Nearly 50 French horn students from high schools throughout the state took part in a one day "Horn Fandango" held February 4 on the campus of Western Michigan University.

The annual event featured private lessons by university students and a lecture-recital by Arthur "Dave" Krehbiel, formerly with the Detroit Symphony and now principal hornist with the San Francisco Orchestra. It is sponsored on alternate years by WMU and Michigan State University

The visiting students presented an 8 p m concert in Oakland Recital Hall as the concluding portion of the all day session

Western Michigan University students from Buchanan who served as instructors were Sally Gillette, senior, daughter of Mr and Mrs James Gillette, 1585 Red Bud Trail South and Denise Mosier, senior, daughter of Mr. and Mrs. Harold Mosier, 123 Merson Court.

CPWO announces plans

During its Wednesday meeting, February 16, at the Pickwick Club, the Clark Professional Women's Organization (CPWO) announced its plan to award two scholarships to children of CPWO members.

Four scholarships have been awarded since the CPWO founded the fund three years ago with the bulk of the funds generated through a late Fall raffle. CPWO members feel this is not only a rewarding experience, but is a concrete expression of their interest in youth

Applicants may be either college bound high school seniors or college students in good standing Forms can be obtained by calling the President, Sandie Lolmaugh Completed forms should be returned to Ms Lolmaugh no later than April 20 She will number code each application, remove names, and forward the applications to the Scholarship Committee

Review guidelines are scholastic achievement, extracurricular activities, and financial need,

Scholarships will be awarded in early May and, where appropriate, presented at the high school graduation ceremony

"There is no way that I, or anyone else in the government can solve our energy problems, if you are not willing to help."

President Jimmy Carter on February 2, 1977, in his televised address to the American people

The President is talking to all of us.

The President states it clearly and well. There is a critical energy shortage.

The gas industry is in crisis. The electric power industry has generally been able to meet the demands of its customers. However, the extraordinary cold weather that has gripped much of the nation has strained even this industry's capacity to serve.

There is a need to conserve our energy, and make "mutual sacrifices," as the President says.

And, as we have communicated to him, prompt conservation efforts must also be accompanied by immediate steps to assure an adequate energy supply.

In order to develop an adequate electric power supply, several obstacles must be recognized and overcome. The electric generating plants that are straining today must be reinforced and supplemented by additional plants tomorrow, both fossil fuel and nuclear.

The President also said, and we agree, that we must step up the development of fossil fuel, especially coal, as well as other viable resources.

An adequate energy supply is so fundamental, so vital to us as a people and as a nation, we simply must find solutions that people of good will can agree on.

All of us, not just here, but everyone, everywhere, must work together to solve this critical national problem. And conserving energy is one effective way each of us can help.

NOTICE TO TAXPAYERS OF VILLAGE OF GALIEN OF ADOPTION OF CONTRACT

PLEASE TAKE NOTICE that the Village Council of the Village of Galien has met on February 7th, 1977, and has approved the execution of a contract with the County of Berrien under Act 185, Public Acts of Michigan, 1957, as amended

Said contract provides among other things that said County will acquire certain sewer improvements and will issue its bonds in the amount of $415,000 00 to finance a part of the cost of the same for the Village and said Village will pay to said County all sums necessary to retire the principal of and interest on said bonds and will pledge as security for such obligation its full faith and credit. PURSUANT TO SUCH PLEDGE, THE VILLAGE WILL BE REQUIRED TO LEVY AD VALOREM TAXES ON ALL TAXABLE PROPERTY WITHIN ITS BOUNDARIES, WITHOUT LIMITATION AS TO RATE OR AMOUNT, TO THE EXTENT NECESSARY TO MAKE THE REQUIRED PAYMENTS TO THE COUNTY IF OTHER FUNDS FOR SUCH PURPOSE ARE NOT AVAILABLE.

Said contract states such pledge as follows.

The VILLAGE, pursuant to authorization of paragraph 2, Section 12, Act No. 185, Public Acts of Michigan, 1957, as amended, hereby irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations pledged for bond payments as expressed in this contract, and shall each year, commencing with the year 1977, levy an ad valorem tax on all the taxable property in the VILLAGE in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay such obligations under this contract becoming due before the time of the following year's tax collections. Such annual levy, by virtue of the provisions of Section 6, Article IX of the Michigan Constitution of 1963, shall be without limitation as to rate or amount and in addition to any other taxes which the village may be authorized to levy, being for the purpose of providing funds to meet the contractual obligations of the VILLAGE in anticipation of which the COUNTY bonds hereinbefore referred to are issued. Nothing herein contained shall be construed to prevent the VILLAGE from using any or any combination of, the means and methods provided in paragraph 2, Section 12 of said Act 185, Public Acts of Michigan, 1957, as amended, for the purpose of providing funds to meet its obligations under this contract, and if at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such annual tax levy may be reduced by such amount.

Further information concerning said contract and the matters set out in this notice may be secured from the Village Clerk's office.
