Buchanan Youth Council Room Will Open Wednesday Evening

Free to All Youth of City

Room Over Co-ops Fitted Up By Boys and Girls Of Buchanan

The Buchanan youth council will open its room, now in course of preparation over the Buchanan Co-ops, Wednesday evening, February 4, according to announcement of officials of the organization today.

The members have been busy at work redecorating the room, which has been donated by the Buchanan Co-ops with heat and light free. The painting, now almost completed has been done by the members, and is in colorful Pennsylvania-Dutch.

Three ping-pong tables will be provided for the initial entertainment of those interested in the movement. One of these has been donated by the Methodist Church and another by the Buchanan Co-ops.

The facilities of the room are open to all young people in the city between the ages of 13 years and 21 years, without cost, and they are urged by the youth council to avail themselves of the facilities afforded.

One adult advisor and two youth council supervisors will be present at all times when the room is in use, it is announced by Phil Hanlin, chairman of the movement.

Part of the expense of the equipment for the room was raised by the council through the sale of calendar advertising. The paint for the re-decoration of the room was furnished free by the Buchanan Co-ops.

Over 100 Victory Books Collected

Over 100 books have been donated to the Victory Book Campaign in Buchanan to date, as the estimate placed on the results of the campaign by Mrs. Lillian Vigan-sky, chairman of the campaign. The books are of good quality and are in good condition, generally The Thirty Club has voted to donate one book apiece for its membership, and other books are coming in daily, Mrs. Vigan-sky said.

The girl scouts have volunteered their services to help get the books ready for shipment, including the removal of marks of identification.

Mrs. Vigan-sky says that no funds are provided for transportation of the books to the state library, where they are being assembled by the state librarian, Mrs. Loretta Ryan, for shipment to cantonments. Any small donations to pay this charge will be gratefully received.

The campaign closes February 28.

Ted Rouse Writes Of Coast Blackouts

Ted Rouse, now a guest of his daughter, Mrs. E. L. Cayo, in Vancouver, Washington, writes to the Record of conditions on the coast as follows:

Dear Sirs: This is being written to inform you that I want the Record sent to the undersigned address for a period of three months. We want the news from Buchanan and consider this the best way of obtaining it. The weather is fine out here at present.

Plenty of planes over the city all of the time and every precaution taken to guard the coast. Blackouts on all trains in Oregon at night.

All Japs and other foreigners, (whether American born or not) are watched and guarded very closely.

Three Army barracks here; but no one can enter them at any time, except soldiers or others connected with National defense units.

No one seems to be excited or worried, but are confident the Japs are in for a dam good kicking.

Shipyards here have large contracts and are very busy.

Phone Increase 221 in Buchanan In 1941 Period

Michigan Bell Spends \$32,000 To Keep Up With Local Increase

The Michigan Bell Telephone Company faces the prospect today of one of its busiest years in history here in 1942 after 12 months of unparalleled demand for its service in Buchanan and other exchanges in its territory.

Such was the outlook expressed by the company's manager, Harold G. Shannon, as he looked back upon Michigan Bell operations in this community in 1941.

Attributing most of the acceleration to the Defense and War efforts and the attendant industrial upswing, Shannon pointed out that the tempo will be even greater this year. He emphasized that the company is faced with the problem of a tightening of lines of vital supplies on the one hand and record demand for service on the other.

More telephones were in service and more people were using the telephone in 1941 than any other year in the company's history, Shannon said. At the end of the year, there were 1,364 telephones in service in the Buchanan exchange, an increase of 221 during the 12-month period.

The increase in service demand necessitated an expansion in the company's facilities here to permit it to keep pace with "telephone growth." More than \$32,000 was expended by the company on additional central office equipment, outdoor plant additions, and miscellaneous construction. The switchboard capacity of the office was substantially enlarged.

It may surprise Buchanan subscribers to realize that nearly 2,000,000 local calls were made through the telephone central office here in 1941. The more or less exact figure, according to Shannon, was 1,942,050. The average business-day volume of calls amounted to 5,885.

Shannon revealed that people also are using the long distance service more and more. There were 54,625 long distance calls placed at Buchanan during the past year with an average business-day volume of 162.

Work Starts on Dr. Beistle Bldg

Work was begun last week on the alterations to the building, acquired by Dr. H. M. Beistle, some months ago, on Days Avenue, which Dr. Beistle is rebuilding as an office.

Alterations have been held up for some time by weather and other factors but Dr. Beistle now hopes to see the alterations completed with a reasonably early date.

Postoffice Sells 800 Vehicle Stamps

The Buchanan post office has sold 800 vehicle stamps required by federal law for the operation of automobiles after February 1. The stamp sales covered a wider area than that served exclusively by the Buchanan office, by reason of the sale of stamps to Clark Equipment Employees living out of Buchanan.

J. E. Arney Dies At Age of 74

Former Grocer Had Lived Most of Life in Buchanan

Jacob Edward Arney, aged 74, died Sunday, January 25, at 11 p. m. in his home at 304 North Oak Street, Buchanan, following a stroke of paralysis.

He had been confined to his bed since October 20. He was born December 1, 1867, on Portage Prairie, the son of Nicholas and Mary Anne Arney. On March 8, 1894, he was united in marriage to Beatha L. Rouse. He lived most of his life in Buchanan, where he was engaged in the grocery business for 18 years. He had been a faithful member of the Church of Christ for the past 34 years, during which time he held a number of offices.

Surviving are the widow, two daughters, Mrs. E. N. Schram, Buchanan, and Miss Alene Arney, at home, a nephew, Lester Van-Horst, Fort Wayne, whom he reared, two grandchildren and one great-grandchild, also a number of nieces and nephews.

Funeral services were held at 2:30 p. m. Tuesday from the Swem Funeral Home, with the Rev. J. N. Baker, pastor of the Church of Christ, officiating. Burial was made in Oak Ridge cemetery.

Defense Bond Sales in Rise Over December

Buchanan Postoffice Sells Over \$20,000 First Three Weeks

Increase in the sale of Defense Bonds and Stamps in Buchanan since the outbreak of war is indicated in the comparative figures for sales of these securities in recent months.

In November, before the outbreak of war, the total bond and stamp sales at the Buchanan postoffice were \$5,350. The total sales in January up to January 26, and with five days of the month still to go, are \$20,683.

At the Buchanan postoffice the most popular savings stamp is the 25c variety, selling in about the ratio of 10 to 1 of the 10c variety.

The Defense bond sales committee, of which G. C. Vanberg is chairman, has effected an organization and named committees to conduct detailed promotion of federal security sales.

Fire Department Makes Test Run

The Buchanan fire department made a test run last Wednesday night to check the efficiency of the department.

Within five minutes from the time the siren sounded water was secured from two hose outlets. The department was handicapped to some extent in the test by reason of the fact that a rock was present in one hose when it was connected, and it was necessary to disconnect the hose and remove the rock before the five minutes had elapsed.

Fire Chief Ted Cramer states that the time of the test was not previously known to the department.

County Still Below Amount Allotted to It

Several Other Townships Of County Exceed Their Allotments

Buchanan has gone over well in donating its allotted share of funds for the war relief fund being raised by the American Red Cross for relief work occasioned by the advent of war. The total raised in Buchanan, up to Tuesday of this week, is \$1,367.18. The quota was \$1,200.

To Mrs. J. C. Strayer, chairman, and to those who gave generously of their time in furthering the campaign, much credit is due for the excellent showing.

The totals tabulated for last week indicated that other districts of the county which had reached or exceeded their quotas set by county Red Cross officials were Baroda Township, which exceeded its quota of \$220 by \$20, Chikaming township which exceeded its quota of \$450 by \$113; Lake township which went over its quota by \$34, Three Oaks Township, which had collected \$150 more than its quota of \$400.

Berrien county was near the three-quarters mark in its drive for a \$20,000 Red Cross war relief fund as the committees girded to put new life in the campaign which has lagged somewhat during the past few days.

The county fund was approximately \$5,500 short of its goal, Mrs. Harriett Cress, executive secretary, announced.

Galien township joined the over-the-top ranks today with a total of \$248.60, as Mrs. Richard Wentland turned in \$152.65 to put the township \$8.60 over its \$240 quota.

The county fund got another sizeable boost when the Eau Claire association decided to turn over \$169.03 it had on hand from a previous fund.

Bucks to Clash With Niles Quint On Local Floor

Previous Nip and Tuck Fight Guarantees Big Crowd For Event

Two ancient rivals, Buchanan and Niles, will clash on the local hardwood floor, Friday. The Bucks won the previous game between the two teams 31-30 in a thriller. This contest will be a Big Seven conference affair. A Buchanan victory would push them into second place or at least a tie for second.

Coach Luma's cagers will probably employ a "zone" defense against the maroon and white. This "zone" has proved very successful for previous Buck opponents. Central Catholic of South Bend and Dowagiac each employed this type of defense in dropping Buchanan. The locals might have a surprise defense for this game, also.

The Vikings seem to be in their "peak" at present and should present a tremendous obstacle for the hosts. The Redlegs blasted St. Joseph 36-24 in their latest game, which was a conference engagement. Crocker was the big gun in Niles' attack with a total of 14 counters.

Assistant Coach Jim Stahl will take over head coaching duties for Buchanan, the remainder of season. Previous head coach Guse has been inducted in the U. S. Army and will carry on for Uncle Sam. Probable lineups:

Buchanan Pos. Niles Doak F. Coleman Vergon F. Fletcher Watson C. Crocker Frank G. Jeffries Snodgrass G. Jurgenson

Dowagiac, turned the Bucks back 33-25 in a conference game on the Chieftains' hardwood, Friday. The loss was the locals' second in as many starts in a row. Although losing, Buchanan remained in a four-way tie for second in the Big Seven conference.

The visitors started very convincingly, gaining an 8-2 advantage in the first few minutes of play. Doak, Snodgrass, and Watson garnered the Bucks' points in this spurge.

However, the Chiefs rushed nine successive points through without the locals retaliating and jumped ahead 11-8 at the first quarter rest. Vergon and Snodgrass each dumped in a long one for the Bucks in the second canto to outscore the hosts, who could only score once from the field. This left Dowagiac with a one-point 13-12 lead at the intermission.

McKenzie really began to find the range for the Chieftains in the third quarter and pushed in two one-handers and two gift shots. His point-getting established him as the hosts' standout. Dowagiac led 24-20 as the last period opened. Dreitzler, Hess, and Frank dropped three long set shots through the ringer to keep the Bucks close behind.

The visitors tried vainly to pass their rivals in the final heat but fell by the wayside as the hosts outscored them 9 to 5. Hess scored on a long heave for the locals' final counters.

Snodgrass pumped three field goals and a charity toss through the bucket to lead the Buchanan scoring. McKenzie was the leading scorer of the game, however, as he gathered a total of eleven points for Dowagiac.

The Bucks' seconds were routed by Dowagiac 36-19. Mitch paced the local scoring with six points. Wengiaski grabbed nine points for Dowagiac.

Referee: Moore (South Bend). Umpire: Overholser (South Bend).

\$475 Collected in March of Dimes Charity Drive

At a late hour, Tuesday, contributions to the "March of Dimes" charity, in honor of President Roosevelt's birthday, had totalled \$475.98, with several organizations as yet unheard from.

This total compares with \$279.87 collected in Buchanan in 1941, in the fight against infantile paralysis.

Voters of Township to Meet Feb. 9

Discussion to Attempt To Solve Fire Protection

Rising concern over possibly impending rises in insurance rates on farm property in the Buchanan district, occasioned by the discontinuance of fire protection, formerly provided by the Buchanan fire department, has led to discussion in Buchanan township of possible means for overcoming the predicament in which the farm section is now situated.

Township supervisor C. A. Langer, of Buchanan township has called a meeting of the voters of the township to be held at the Wagner Grange Hall February 9, for the discussion of plans for adequate fire protection.

Bertrand township, which has received fire protection, in that section of the township contiguous to Buchanan, by the local fire department, does not have fire protection provided by the township.

A couple of years ago, the voters of the township voted to buy fire grenades through the township, thereby effecting a lower price to individuals for this type of protection, the township reselling the grenades to individuals but many individuals do not now have grenades.

Niles township owns its own combination pumper and chemical truck. The equipment is kept at the Niles fire department which responds to fire calls in the township.

All other townships to the west and north of Buchanan own their own fire fighting equipment, kept in villages within the townships. In some instances the townships have split the cost of equipment with villages in their borders. Baroda and Baroda township furnishing an outstanding example of successful operation of this type of fire protection.

A discussion of the local problem by voters in Buchanan and Bertrand townships with a view to solution of the problem presented by the discontinuance of fire protection formerly furnished by the Buchanan fire department, is believed, will open the way for some form of action by the voters at the spring election.

John Kobe, secretary of the Farmers Mutual Fire Insurance Company, which has considerable insurance in force in the townships affected, is co-operating in an effort to effect a solution.

Buchanan Co-op Elects Directors

Houswerth and Haslett Re-elected for Three Yr. Terms

The annual meeting of the Buchanan Co-ops was held at the Buchanan High School Auditorium, Thursday.

At the regular business meeting A. G. Haslett and Albert Houswerth were re-elected as members of the board of directors for a term of three years.

Three hundred members were present. The members witnessed the presentation of a motion picture film showing the method of chemical control of pests in different parts of the county, followed by addresses by James Bliss of the Michigan Elevator Exchange and A. B. Love of the Michigan State College.

Ice cream was served to those present and it was voted to cancel the dinner formerly given for the families of stockholders.

The organization voted to purchase a \$500 defense bond with liquid funds available.

Jesse G. Boyle was in charge of the meeting as president and the entertainment features were arranged by Robert Koenigshof, manager.

Documentary Proof For Carl Remington "If" and "When"

Anglers that find the genuinely big ones still can get documentary proof of their success if they can show the exceptional fish to a conservation officer within a reasonable time and under reasonable circumstances. Conservation officers, now conducting random creel censuses among finter fishermen carry with them little blank green cards which, when properly filled out and signed, will support honest fish stories of unusual catches in any camp of argumentative fishermen.

The "citation for exceptional angling" certifies, over the conservation officer's signature, the size, date and place of the catch in a permanent form the most hardened doubters are bound to respect.

Here's Prima Facia Evidence on a Controversial Matter

Allegan—Although women may resent implication of any parallel, it appears clear that among squirrels it is members of the fair sex that are the gadabouts. Tagging records at Swan Creek wildlife experiment—station disclose that, of squirrels shot last fall by hunters, females were by far the most widely traveled. They averaged 3.9 miles from the spot where they were released to the place where they were shot. One female covered 10.5 miles, setting a record. The males were stag-at-homes, averaging only 1.1 miles, with 2.7 miles the farthest any had traveled. One was tagged within a quarter-mile of the tagging spot.

Income Tax Facts

To make it easier for taxpayers to meet the increased taxes required by the National Defense Program, the Treasury Department is offering for sale two series of notes, both dated August 1, 1941, and maturing August 1, 1943.

In January of each year two new series will be provided so that a taxpayer can always purchase notes during the entire year in which he is receiving his income for use in payment of taxes due the following year. The reason for the two-year note is to permit a taxpayer, if he so desires, to begin saving in January of one year and continue through that year to save for his taxes due the following year.

All notes are sold at par and accrued interest when presented in payment of income taxes they will be received at par and accrued interest up to and including the month in which such taxes are paid. Interest will not accrue beyond the maturity of the notes.

If not presented in payment of income taxes, they will be redeemed for cash under certain specified conditions at the purchase price paid for the notes. In other words, the taxpayer, if he redeems the notes for cash, gets back just the amount he paid.

Complete information about these Treasury notes, will be found in a Treasury Department Circular available at local banks, Federal Reserve Banks and branches, or Treasury Department, Washington, D. C.

Farmers May Obtain Tires

Two Tires Awarded by Local Board at Thursday Meeting

Information supplied by the Office of Price Administration, relative to the purchase of new tires by farmers, is in the hands of local tire rationing boards.

The method of procedure is first, secure an application blank from the local tire rationing board. In the Buchanan district the application blank will be secured from Harry Post, city clerk, and chairman of the rationing board. Next the old tire or tube must be presented to the tire inspector, Earl Beck, who will determine if it can be repaired or reconditioned. If the tire or tube to be replaced can not be repaired, retreated, recapped or otherwise made usable, a statement to this effect will be issued by the inspector. Next, the statement of the tire inspector must be re-presented to the rationing board, together with an explanation of the purpose for which the tire or tube is to be used. If applicant meets the standards prescribed by the board a certificate of purchase is given him authorizing him to purchase a tire or tube from any dealer, provided only that the local board has not reached the total number of certificates which it may issue for the current month.

At the meeting of the Buchanan board, Thursday, only two applications were on file, both for obsolete tires.

Because of differences of opinion between the Buchanan board and the county rationing board, the local board now is referring all applications to the county board, and will not deny any application, itself.

Farmers are eligible to purchase new tires and tubes for their tractors and other farm machines and for trucks used in carrying food products to market.

Those who received tires at the meeting of the local board last week, were W. Raymond Thomas, Three Oaks, Laence Hartling, R. F. D. Niles and Gary Clement, RFD, Buchanan. The allotment to the two latter were obsolete sizes.

Rust Removing Preparation All rust should be removed from metal surfaces before repainting is undertaken. There are liquid preparations which remove rust from metal surfaces. These liquids should be applied with a cloth or sponge, allowed to remain a short time, rubbed a little with a fine steel wool and wiped away with a clean cloth. The paint coating is then applied.

Potatoes — 1 a day Potatoes are essentially a heat-and-energy food—but also supply minerals and vitamins.

Eggs — 1 a day if possible, at least 4 a week for children. Eggs are primarily a body-building food but the yolk is a good source of vitamins and minerals.

Meat or fish — 1 serving a day Meat or fish (or such foods as cheese, eggs, baked beans) are body-building foods.

Cereals — 1 serving a day. Cereals are essentially a heat-and-energy food, especially important for children. Cereals with whole grain values supply additional minerals and vitamins.

Bread — 1 slice, at least, with every meal. Bread is one of the best and cheapest sources of food energy. Enriched flour breads contain extra minerals and vitamins, thus give added nutritional values.

Vegetables — 3 a day. Vegetables supply necessary minerals and vitamins, and bulk. Eat 1 leafy, 1 raw and 1 green or yellow vegetable a day.

Fruits — 2 a day Fruits are regulatory and protective foods. Eat citrus fruit or tomato once a day.

Fats — 3 teaspoons butter daily 1/4 cup molasses a week. If the meals you plan consist of these main classes of food you are doing your part to defend the family's health against the ravages of a deficient diet. Next week we will give you plans for well-balanced and economical meals.

Diets—electric locomotive Diesel electric locomotive is used on the oog railway which exceeds Elka's peak. Formerly steam engines were used.

White Oaks Grow Fewer Acorns Among Michigan Nut Trees

White oaks, whose acorns are a preferred food of squirrels, produced the least fruit of nut-bearing trees in southwestern Michigan this season, according to conservation department game men at Swan Creek wildlife experiment station.

White oaks averaged 5.7 quarts of acorns for each of several trees measured, while black oaks produced 16.5 quarts and red oaks 43.5 quarts. Six black walnut trees averaged 83 quarts each, the report of game men discloses.

Confirming observations made earlier at Rose Lake wildlife experiment station, Swan Creek investigators found that isolated white and black oak produced more than woodlot or confined trees, a condition believed due to greater crown area of trees in the open.

Many acorns were found to be infested with acorn weevils, the larvae of snout beetles which lay eggs in the acorn. The larvae hatch in the acorn and burrow out after destroying the meat by feeding on it. Weevils infested 19 per cent of the white oak acorns, 13 per cent of the black oak and 24 per cent of the red oak acorns.

"V" FOR VICTORY
 Hitler's ruthless destruction has affected the lives of people all over the world, but there is one thing that his tactics cannot penetrate. This is the united spirit of American citizens. An American "V" for victory pin will out shine a German swastika any time, in our estimation.
 Students all over the country have promoted the "V" for victory campaign. They have accomplished this by wearing various pins and writing essays. Essays will be written by students in our own high school soon. These are judged according to several things. It is an excellent opportunity for students to express their opinions of the world situation.
 A nation united in thought is a difficult one to conquer. Surely, we shall win the war with "V" for victory as our motto.

Youth Council Has Stay At Home Plan

The Youth Council is not waiting for the time when everyone will have no transportation, and will have to stay home. They will have entertainment very near.
 A committee made up of several of the members made plans to decorate a recreation room in the co-ops building. These plans are being carried out now. Ping pong tables have been placed in the room, and there will be a space for dancing.

Thoughts of A Senior
 As the days pass swiftly and meaninglessly to all,
 Individually we regret that day
 When we shall take a cold,
 White diploma in our hands,
 Making an end to something great.
 Memories, perhaps, will linger on.
 We shall remember little things
 Sitting in study hall, worrying
 about some exams,
 —And Joe's old "jology" that was
 always overflowing with some of
 the "gang".
 Football victories, our school
 song, maroon and white.
 You can bet we won't forget it
 as we take our diplomas and
 leave.

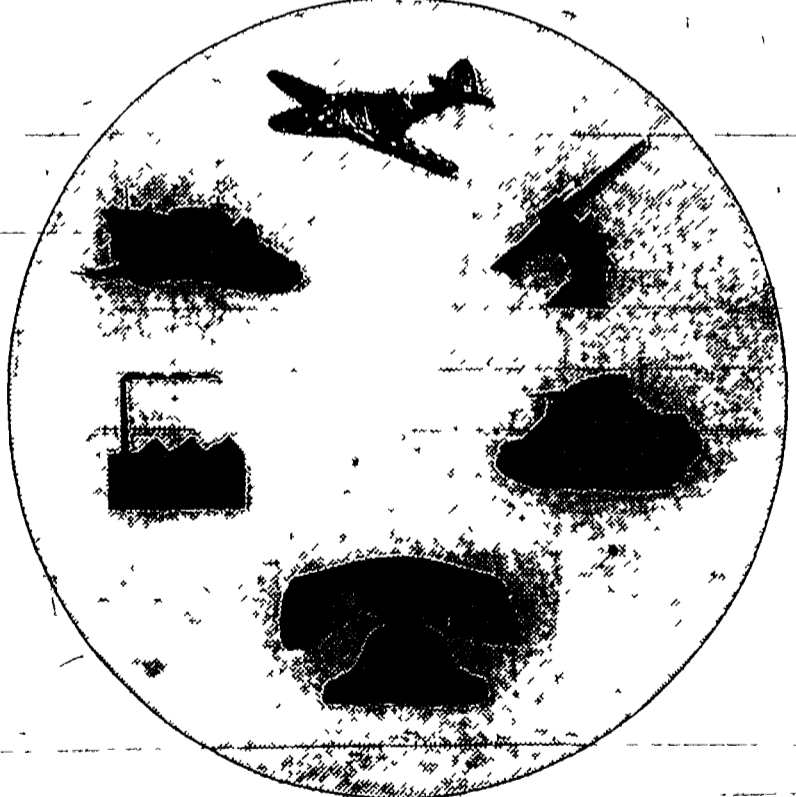

Library News

Three girls in the sixth hour study hall are mending books in the library for Miss Gernahan. There are one hundred books to be repaired. They expect and hope to be done by the end of this first six weeks. There was a little mending done last semester, but some of the books are getting so ragged that they have to do it again. This is one reason for the library being closed certain days each hour.

Until the schedules are all adjusted and clear so the librarians know when they are in the library, it might be closed at different hours of the day.

SO WAR NEEDS MAY BE MET

IN 1941, about \$300,000,000 was spent by defense industries in Michigan for new plants, new machinery and equipment, in preparation for war-materials production. That is a big sum of money.

Nearly 10 per cent as large, the \$28,250,000 spent by Michigan Bell for new construction was a record figure because of the same urgent defense needs. When industry expands for rearmament, it reaches for the telephone.

To meet the greatest demand for service in history, new telephone buildings, cables, and central office equipment were rushed into operation.

Telephone people had a big job in 1941, but surmounting that problem only served to condition them better to face the more difficult task in 1942. Increasing shortage of materials is hampering their efforts to meet civilian requests as readily as in the past, but they are confidently determined that every war need will be met.

Insults are like wasp stings. They can be very painful. The entire student body of Buchanan had their pictures taken on January 20. These pictures will be kept with the student's record.

The "B" Club held a meeting on January 20. They discussed plans for a trip to Chicago. The Future Farmers sponsored a roller skating party in St. Joseph on January the twenty-fourth. The party began at 10:30, and many students attended.

Grade News—H. S.

Miss Carnagan's room has received several new books. The ones the children like best are, "The Funny Little Book," and "Spotty, The Pony Who Found a Friend".
 During the first semester Gordon Smith was the only person to have a perfect attendance record.

The following children in Miss Fyritz's room have been neither absent nor tardy the past six weeks: Elaine Batten, Frances Bliss, Catherine Crawford, Donald McLain, Jean Rossow, Victor Shafer, and Jack Schultz.

Sally Borst and John Housman were chosen lieutenants for the next two weeks. Elaine Batten was chosen captain.

The children are enjoying some new library books.
 The boys and girls in Miss Kinney's room have been buying Defense Stamps for fourteen weeks. During this time they have bought \$66.35 worth of stamps. When they first started there were only two people, but last week twenty-five people brought money. In the past three weeks the third grade bought nearly fifty dollars worth.

The boys and girls are enjoying the new library books.
 Miss Kinney's room is planning a freeze of "Hansel and Gretel". They plan to make it with colored chalk.

Pictures were taken last Wednesday afternoon. If they turn out all right, many of us want to buy some of them.

The boys and girls of Mrs. Fuller's room are preparing an assembly program. It is called "The Health Habits Way".

We have been very happy to have perfect attendance this week. Since Christmas several children have been kept home by illness.

Miss Gates' Fifth Grade, saw the short plays presented by the High School Literary Club Friday afternoon.

The Fourth Grade studied the picture "The Sheepfold" by Charles Emile Jacques this week.

A winter sports scene has just been completed for our front blackboard. Skating, skiing, and sliding are colorfully depicted.

The students in Miss Halton's room who had perfect attendance for the semester were William Fairman, Lynn Hahn, Wesley Leasby, Margaret Batchelor, and Donna Phiscator.

The following had perfect scores on all their mastery tests in spelling: William Fairman, Florence Fowler, and Pauline Stretch.

One of the reading classes in Miss Ekstrom's fifth grade is reading about the Ute and Shoshone Indian tribes which live in the dry regions of the West.

Half of the pupils are buying Defense Stamps and more children are planning to buy very soon.

In Miss Reams' room the following children have not been absent this semester: Charlotte Batchelor, Wilma Green, Herbert Ochenryder, Jo Ann Renbarger, Connie Rot, Emily Sokan, Delores Sherwood, and Phyllis Ravish.

Miss Jeffery's geography class has moved on into the section of France. We have found it very interesting studying about the cities of Marseille, Le Havre, Bordeaux, and Calais.

Dewey Avenue News

The children in Miss Moen's first grade room are learning to tell time. Each one is making his own clock out of paper plates.

Bobby Linquist has returned from a two weeks visit in Florida. The class enjoyed hearing him tell about his trip.

The children in Mrs. Heim's second grade now all have their defense stamp books. Virginia Thurston led the class in being the first one to buy the most stamps.

The new lieutenants in Miss Olson's fourth grade are Janice Obendorfer and Wayne Mann. The fourth grade enjoyed the story that Miss Doolittle's second grade read to them on Friday.

The new lieutenants in Mrs. Wilcox's third grade are Dennis Batchelor and Donna Turtle. Group one is enjoying the reader "After the Rain", and group 3 is reading "Baby Animals".

The kindergarten children have learned to read a thermometer. We have been noting the temperature for the past few days. Some of our children have been buying defense stamps.

Two names have been added to the Dental Honor Roll in Miss Doolittle's room. They are Thelma Paddock and Norma Truhn. The new lieutenants are Teddy Fitch and Marlene Kean. The captain is Patricia Quinn.

HOLLYWOOD

"Unholy Partners"
 Treating the newspaper field as a standard part of the American scene, and its workers as average human beings, "Unholy Partners," the new M-G-M picture which will be shown Friday and Saturday at the Hollywood, gives Edward G. Robinson another brilliant opportunity in a newspaper role and emerges as absorbing entertainment.

Ably abetted by the veteran actor, Edward Arnold, and by such up-and-coming M-G-M personalities as Laraine Day, Marsha Hunt and William T. Orr, the picture unfolds a dramatic story of the conflict between a tabloid editor and a New York racketeer, the former played by Robinson, the latter by Arnold.

Exciting Film
 The exciting story of the escape of a German flyer over the Canadian border is the thrilling plot of 20th Century-Fox's "Man At Large," the second feature for Friday and Saturday.

"Shadow of the Thin Man"
 M-G-M's "Thin Man" pictures have always set a record for witty, sophisticated entertainment, and "Shadow of the Thin Man," newest of the series, which opens Sunday for 2 days at the Hollywood Theatre with William Powell and Myrna Loy again cast as Nick and Nora Charles, proves no exception.

Engrossing Story in New Film
 A striking romance of a charming, reprobate and the woman who loved him better than life itself is the thematic basis of the screen's newest dramatic offering, "Suspicion," starring Cary Grant and Joan Fontaine which will be shown here Tuesday through Thursday.

The film was directed by Alfred Hitchcock, noted for his suspension-building technique on the screen and is said to be one of the year's most engrossing pictures. The arresting plot turns about the husband's misdeeds and the wife's imaginative suspicions and offers both stars unusual opportunities. See Cedric Hardwicke, Nigel Bruce and Dame May Whitty head the featured RKO Radio cast.

Hectic Laughtest
 "Two Latins from Manhattan," Columbia's uproarious, new musical, will be at the Hollywood Theatre Tuesday through Thursday of next week with Joan Davis, Jim Falkenberg and Joan Woodbury playing the leading roles. The story is a hectic laugh-fest dealing with the adventures of two Broadway show girls impersonating a South American dancing team.

Half Year License Plate on Sale

1942 half-year license plates went on sale at the Niles branch of the Michigan State License Bureau on Monday according to announcement of Secretary of State Harry F. Kelley.

Thirteen counties in Michigan, of which Berrien county is one, received half-year plates for sale this week, according to Mr. Kelley. Delayed shipment of steel is given as the reason for the delay in shipment of plates, but all agencies are expected to be supplied adequately by February 2.

Half year stickers for commercial vehicles were scheduled to go on sale throughout the state Monday.
