Yerrington Gets Green Light For Installation Seal Coat on Streets

Now Here's the Proposition

Uncle Hank of Hills Corners Sez:

Polly, the punch press operator, sez that if they raise so many dates in North Africa, why did they hev to ship hers there?

In Celebration! The ban is lifted from the cup. The lid is off the pot. For those of us who love to sup Jamocha black and hot

It warms the bonds of fellowship To sit beside a brook, and hear Or sister if it be, and quaff Another and another

There's naught to stir the rusty cell Within the brain of oak As does the blithe and fragrant smell Of golden old Jamoke.

So life begins again anew For those of us who totter To get our daily afternoons Unratoned—and unwatered

It lights up friendship in the brain To dull the care that mars, And fancies bubble in the brain And blossom into stars

It thaws the frozen bonds of pride It thins the slugged blood This way, oh waitress starchy-eyed What ho! one tub of mud!

Here's those who filled our cup of joy With fragrance that it lacked— A brimming tribute to the boys Who brought our coffee back!

Wage-Rich Parents Neglect Children Hatfield Reports

For the first time in many months, Judge Malcolm Hatfield's monthly report reveals a greater increase in neglected children than delinquent youngsters.

Although twenty-four delinquent, two run aways and three traffic violators passed through the juvenile division of the probate court during July, the cases of twenty-one neglected children were also heard during the same period of time.

Throughout July the court cared for eight crippled and twelve afflicted children at state and county expense. Seven adoptions were confirmed, an eight applications received. The court also noted that there were half as many delinquents among girls as among boys.

Pavement That Is Disintegrated Will Be Removed

Engineers Say That Seal Coat Impervious to Water May Improve Most of Blacktop

Following a verbal verdict on the city's blacktop paving by engineers DeHaven of the Berrien County Road Board and Dahman of the Michigan Highway department, John Yerrington was advised to go ahead with the installation of a two-inch seal coat on the best of the local paving.

C. J. Bradley, chairman of the street committee, reported that the two engineers had said that much of the paving could be made satisfactory by the imposition of a seal coat that would effectually prevent entrance of water from the top. Investigation had shown that water was not entering from beneath but was penetrating a top which is too porous on account of lack of sand.

Where the top has already disintegrated, they advised that the entire paving be removed down to the dirt base, that about 6 to seven inches of gravel be spread and a hot asphalt top similar to that on the other streets be imposed.

Red Cross Doing Much For Soldiers Says Jimmie King

Mr and Mrs. Frank King recently received a letter from their son, Jimmie King, now with an engineering unit in England. The letter said in part, "I stand all night at the American Red Cross. It cost a shilling (twenty cents) I never thought much of the Red Cross when I was back home but they are sure doing a lot for the American soldiers here.

Local Apple Crop Estimated at 15 to 20 Pct. Normal

Wheat Crop Is Cut By Late Spring Freeze

Good June and July Conditions Bring Yield up to the Average

The Buchanan wheat harvest is about over, with estimates by crop reporters running slightly above and slightly below the average in different sections.

North and west of Buchanan the average is estimated at 22 bushels per acre, as compared with a normal average of 18 bushels. On Portage Prairie the average is reported by threshers at about 18 to 19 bushels as compared with a normal slightly higher.

The most promising local crop is the corn crop, which has overcome a late start and now indicates a better-than-average yield. While corn borers are operating in some fields, the late plantings which predominate here are less affected by pest. Corn borers are also reported to be less detrimental to rapidly growing corn and the crop has certainly grown rapidly as the result of plentiful moisture and hot weather.

With The Boys In Service

Graduates at Harlingen As Aerial Gunner

Harlingen Army Air Field, Texas. — A large mixed class of sergeant technicians and aviation cadets was graduated this week from the Harlingen Army Air Field after completing the six-week aerial gunnery course, and among the graduates was Alvan E. Wenger, son of Mr. and Mrs. Samuel Wenger, Box 113, R R 1, Buchanan, Mich., who finished the course with the rating of aerial gunner.

Both the sergeants and the cadets received silver gunner's wings along with their diplomas. The cadets came here after pre-flight training at one of the Gulf Coast training center's navigation schools and from here will go to an advanced navigation school to complete their training leading to a lieutenant's commission.

Gunner technicians who received their sergeant's chevrons at graduation here, all are also graduates of an army air force technical school and have completed such courses as radio operation, armament or air mechanics and unless retained here as instructors, they immediately will join combat crews as gunners aboard the big bombers.

Heavy May Rain Gets Blame For Meager Harvest

Heavy Grape Crop May Make Up For Shortage in Other Fruits

The Buchanan district will lack its usually well-filled apple bins this fall, according to late crop reports which place the local 1943 crop estimate at from 15 to 20 per cent.

The short crop is ascribed to the heavy rains which washed the pollen from the blossoms before pollination. The harvest started well, with a fair crop of Transparent and Dutchess apples in orchards whose owners were fortunate enough to have them. The number of trees of these varieties has been considerably reduced in recent years by the widespread belief that they were unprofitable.

The winter crop is much shorter, with the lightest estimates on the yield of such standard favorites as the Delicious, Northern Spy and McIntosh Jonathon and Boyken trees promise better.

Mercy Hospital to Train Members US Nurse Cadet Corps

To meet immediate and future military and civilian needs in the field of nursing, President Roosevelt has approved the Bolton act and an appropriation to establish a United States Cadet Nurse corps. Under this program, prospective students find many advantages over former nursing programs.

Prospective students may choose their nursing school. They should write or call for a personal interview with the school director, from whom they can secure applications. Interested persons are urged to do so at once.

The Mercy hospital school of nursing, in Benton Harbor, will be affiliated with this federal program. It was announced today by Miss Olga E. Solberg, school director. This will be the only affiliated school in the Berrien-Cass county district, it is explained.

Student requirements include graduation from high school with a good record; good physical condition; citizens of the United States between the ages of 18 and 36. Students who enter the Cadet Nurse corps are permitted to marry while in service. They must be willing to serve in military or essential civilian nursing for the duration of the war. They may choose between military or civilian service, it is stated.

All members of the Cadet Nurse corps receive scholarships and a monthly stipend. The former covers tuition and all fees charged by the school, the cost of books and school uniform. Federal aid will be available to allow any member of the Cadet Nurse corps enrolled 90 days prior to the war's end to complete her basic nursing education.

During her first nine months, the student is a Pre-clinical Cadet and receives a monthly allowance of \$15. For the next 21 months she is a Junior Cadet with an allowance of \$20.

Quintard Waters Dies at 57 Years

Was Widely Known Caterer; Employed at Clark Plant Here 24 Years

Quintard Waters, 57, died at his home three miles southeast of Buchanan early Monday morning after an illness of six months. Waters was very widely known here through his employment at the Clark Equipment plant as a porter for nearly 25 years, and still more so through his catering business at his farm. For many years the "Quintard Waters Farm" was a favorite dining place for parties from all over the Buchanan district and from Chicago and other cities. He was a skilled chef and caterer, and his services in the local social scene.

He had entered the employ of the Clark Equipment company on Dec. 16, 1918. His only survivor is his widow, Mrs. Clara Waters. The funeral was held at 2 p. m. yesterday at the Pifer funeral home in Niles, with Rev. A. L. Jelts of the African Methodist Episcopal church of that city in charge. Burial was made in Silverbrook cemetery.

J. Place Writes Of Hurricane at Galvestone at Galvestone, Texas

A letter was received in the past week by E. N. Schram from J. A. Place, teacher in the University of Texas, Galvestone, Texas, relative to the damage done by a tornado which hit there recently.

Mr. Place married the former Belle Strunk of Dayton, and they have been in the custom of spending part of each summer here. Some idea of the fact that in the hard winter storm which hit Buchanan June 1 only 1.14 inches of rain fell as compared with 14 inches, or about 12 1/2 times as much, at Galvestone. The letter in part follows:

"You have undoubtedly heard of the storm that hit us Tuesday and Wednesday. There is no use for me to try to describe what we went through more than to say we had a fourteen inch rain driven by winds of more than 100 miles an hour. Damage will run into millions. I believe the last reports give fifteen dead in this area.

Our own home had what we consider minor damage, garage roof gone — part of the asbestos shingles gone from the house and some water damage inside. Screens torn by flying shingles and shrubbery uprooted. But hundreds of homes are flat, and business places wrecked. The principal reason for our condition is that our home is on the Seaway Boulevard overlooking the Gulf. The storm center passed directly over Galvestone. The winds were strongest when the center was still in the Gulf and were from the north or mainland side and came across the bay. Had they come in the direction usually followed from the south or gulf we would have had not the least protection as there is no building between us and the gulf.

Local Ordnance Will Take Place of State Control

Trailers May Not Even Camp Without Permission of City Clerk

Elsewhere in this issue is printed a new city ordinance to establish such requirements as to location and maintenance of trailer houses as seem to be in the interest of public health.

The regulations were made necessary by the influx of trailer houses brought by war workers, who cannot find other quarters, or who choose to live in trailer houses while on war jobs. Proper local regulations will also prevent direct action by the state, which governs such conditions in the absence of sufficient local regulations.

Under the present city law a trailer could be located on any vacant lot with the permission of the owner, and remain there without proper sanitary connections, although bordered on each side by permanent homes.

In addition to imposing regulations on more or less transient single trailer houses, the ordinance sets up provisions for establishment of regular trailer camps. Such provision will release such camps as that maintained by Leo Davis on North Portage from state regulation, as long as the local regulation is adequate. Legitimate trailer camps have been handicapped previously by long range state regulation which could not consider local conditions.

Under the new ordinance trailer houses can be located in the city only in the prescribed area of a regulated trailer camp, except for cases of temporary camping, after the owner has secured from the city clerk a permit to so camp after he has been given the state vehicle license and the location and other details of the camping spot. It shall be unlawful to park or locate such trailer house for camping purposes on any place other than a regulated camp or a place approved by the city clerk.

Violations of the ordinance are punishable by a fine or imprisonment or both.

2 Chicagoans Hurt in Crash on US-112

Two Chicagoans were injured Monday when the car in which they were riding crashed into the rear end of a truck stalled on US-112, a mile west of Buchanan.

According to the report filed by Deputies Joseph Anderson and Robert Fulton, the truck driven by Bert Warden, 41, Detroit, developed motor trouble and stopped. Warden had placed out three flares but did not have time to light the flares before a car driven by Raymond A. Stella, 29, Chicago, hit the rear end of the truck Stella and his passenger, Arthur Freeland, 50, Chicago were painfully cut and bruised. Both were taken to Pawating hospital in Niles for treatment of their injuries.

Elgrass Harbors Fish Scientists, after a two-year study, say that the disappearance of eelgrass along the coast is the cause of a decreasing supply of clams and fish. The plant serves as both a food and a protective hiding place for the ocean dwellers. In addition it catches and holds silt that is washed from the rivers and thus keeps the ocean channels open.

When you "make your bow" to Canning...

BE SURE TO FOLLOW THE RULES

COURSE you are going to can this year—not just to assure subsistence for your family, but because it is part of every one's war duty to preserve food when there is an abundance.

Millions of women throughout the United States will be making their bow to canning for the first time. They must realize that they will be successful canners in proportion to the care they take in selecting and processing the material. They must follow the rules religiously. Many jar manufacturers will supply excellent booklets giving detailed recipes, time-tables and instructions for use of their customers.

With the hope of rendering assistance to the homemaker in this enterprise, we have produced a compact booklet containing most of the essential information necessary for the successful canning of fruits and vegetables. This booklet is available in our office. Be sure to get your copy.

SOME HINTS FOR FIRST-TIME CANNERS

1. For canning, select only sound garden fresh fruits and vegetables.
2. Make sure that all jars and caps are in perfect condition—free from cracks, chips, or dents.
3. Wash all container lids and jar rubbers and place in hot water until ready to use.
4. Pack material loosely in containers to allow proper heat circulation and leave sufficient space to allow for expansion without overflow.
5. Do not subject jars to sudden temperature changes—never lift jars from canner by jar lids—do not open jars after processing (cooking in jars), starts.
6. Use utmost care in sealing jars to avoid spoilage and breakage of containers. Follow jar manufacturer's instructions exactly for sealing the particular style of jar top that you use.
7. Be sure to boil all home-canned meats and non-acid vegetables 10 to 15 minutes before eating or even tasting.

Market growers get a premium price for corn free from the corn borer's cousin. Victory gardeners get a better product more pleasant to handle and to eat. The snipping cut off the earworm eggs that have been laid on the silk tips. Cutting should not occur, however, before the silk has done its part in fertilizing the corn kernels so they will develop.

A PAT ON THE BACK

Mr. and Mrs. AMERICA!

Are you one of the people who elected to use gas in your home?

If you are you can take a pat on the back for the part you've played in helping build the gas industry to a point where it is now one of America's best assets in war production work. Just for example, gas is used in hardening tools, heating metal furnaces, firing torches for metal workers, heating tar for ships' seams and drying molds for ships' propellers. Whether it's a thousand cubic feet or a million there's really no job too big or too small or too difficult for gas. Let's use it just as wisely as we can.

OPA Issues Data on New Books For Gasoline Rations

All "B" gasoline books will hereafter be issued for a three month period, according to an OPA amendment announced this week. In the past the ration books have been issued full "B" books in all cases, the ration being adapted to the needs of the particular individual by adjusting the length of time in which the books would be used. Under the new amendment, if a person does not require a full "B" ration, the board will tear out the proper number of coupons before issuing the book. This is the same manner in which "C" books are tailored. "B" books which have already been issued must last until the expiration date written on the book.

At the same time provisions for allowing a gasoline ration holder to use B, C, E, and R gasoline coupons beyond the fixed period for which they were issued and until renewals are obtained were announced by Evered C. Dudley, district chief OPA rationing attorney. Coupons will not necessarily expire and become invalid at the end of the fixed period, now to be known as the "earliest renewal date." Under a new amendment, according to Dudley, the coupons may continue to be used until a renewal of the ration has been obtained and is valid for use.

Previously rationed could not be used after they expired, and regulations required that coupons so unvalued be surrendered to rationing boards within five days after expiration.

Michigan Youth Vacating With Knapsack and Bus

Undaunted by a little inconvenience like a limited supply of gasoline for the family car this year, resourceful Michigan youngsters are finding ways to get to their favorite parties for those matchless camping trips. Determined not to be cheated of their annual outdoor vacation, city youths are arriving at Grand Haven by bus—with their tents, bedding rolls, and camping equipment strapped to their backs.

TRAILER ORDINANCE

An ordinance to regulate camp cars and automobile trailers, to provide for and regulate trailer camp grounds, to establish sanitary and health regulations, and to provide a penalty for violation of the provisions hereof, be it enacted by the City of Buchanan ordains

Section 1 For the purpose of this ordinance certain words and phrases are defined as follows, and certain provisions shall be construed as herein set forth, unless it shall be apparent from their context that they have a different meaning
"Camp car and/or trailer" is any unit used for living or sleeping purposes and which is equipped with wheels or similar devices used for the purpose of transporting said unit from place to place, whether by motive power or other means

Camp Ground is defined to be any place, area or tract of land upon which is located more than one camp car, and/or trailer used as living or sleeping quarters

Health Department is the health department or the health officer of the City of Buchanan

Section 2 It shall be the duty of the health department to enforce all of the provisions of this ordinance and for the purpose of securing enforcement thereof, the health officer, or any of his duly authorized representatives, shall have the right and are hereby empowered to enter upon the premises of any camp ground now being operated within the City of Buchanan to inspect the same and all accommodations connected therewith

Section 3 It shall be unlawful for any person to camp, place, stand, park or locate any camp car or trailer house in the City of Buchanan except within a qualified camp ground, provided that any person desiring to camp, place, stand, park or locate any camp car or trailer in the City of Buchanan, outside of a qualified camp ground shall first apply for and obtain from the City Clerk a permit to do so, which application shall give the location at which such camp car or trailer is to be located, the state vehicle license number, if any, and general description of the camp car or trailer for which permission to locate is being applied. Upon such information having been supplied to the City Clerk's said department, shall grant a permit to locate such camp car or trailer in the place indicated in such application. It shall be unlawful for any person to place, stand, park or locate any camp car or trailer at a location other than that approved by the City Clerk

No person shall stand, park, place or locate, or permit to be stood, parked, placed or located upon any property belonging to or under his control, any camp car, unless the person in control of said camp car shall have a valid, unexpired and unexpired permit from the City Clerk to maintain such camp car, or unless such person permitting such standing, parking, placing or locating, shall have first obtained a permit to operate a qualified camp ground from the Health Department of the City of Buchanan

Section 4 It shall be unlawful for any person, firm or corporation to operate or maintain, or to offer or public use within the confines of the City of Buchanan, as hereinafter set forth, any camp ground without first applying for and receiving from the Health Department a permit so to do, in the manner hereinafter provided, or without complying with regulations hereinafter set forth, and the laws of the state of Michigan

Each application for such permit shall be in writing, upon a form provided by the health department for that purpose. It shall state the name and address of the applicant, and a description of the property, whereon or wherein, it is proposed to conduct a camp ground. It shall also contain such other information the health department may require and it shall

be filed by the applicant. It shall be filed with the health department not less than two days, nor more than 30 days before said camp ground is made ready for use, and it shall be accompanied by an inspection fee of \$5.00 for which the health department shall issue a receipt, the said fee to be refunded if no permits granted, provided that the State law shall apply wherever applicable

Money to City Treasurer
Section 5 All monies received by the City Clerk as inspection fees, and to provisions of this ordinance, shall be paid into the City Treasury and placed in the contingent fund

(a) Provided further that upon obtaining such permit the owner of any trailer parked according to persuasion of said permit shall pay to the City Treasurer the sum of one dollar and fifty cents (\$1.50) for each month or major portion of a month that he has the trailer so parked, which monies the City Treasurer shall disburse as follows:
75c To the school district number one Fractional Niles and Buchanan
25c To the General funds of said City of Buchanan.

50c To the Delinquent fund, provided that the same shall be paid to the said City Treasurer under the provisions of act 255 of the Public Acts of the state of Michigan for 1941 shall be disbursed according to said act

Investigation Required Before Issuing Permit
Section 6 Upon the filing of such application accompanied by the inspection fee, it shall be the duty of the health department or any of its duly authorized representatives to determine whether said proposed camp ground or the site selected therefor conforms with the requirements of this ordinance, the rules and regulations of the health department and the laws of the state of Michigan, and no permit shall be issued unless such camp ground or the site selected therefor complies with the approval of the health department. If satisfactory, the health department shall so certify the City Commission which, by resolution, shall direct the City Clerk to issue a permit

Revocation or Suspension of Permit
Section 7 Any permit granted hereunder shall be subject to revocation or suspension by the City Commission in the following manner: If a notice shall be served on the person holding said permit specifying wherein he has failed to comply with this ordinance, and requiring him to appear before the City Commission at a day and hour therein specified not less than five days after the personal service of said notice on such permit holder, requiring him to show cause at said time and place why said permit should not be revoked or suspended. At the time and place mentioned in said notice, the person holding said permit shall have the right to appear in person, or by counsel, and to introduce such evidence as he may desire, and the City Commission shall confront said permit holder with any charges that City Commission may have against him, and after a hearing by the City Commission may, as its discretion, revoke or suspend the permit.

Permit May be Transferred
Section 8 Such permit shall be transferable provided there have been no violation of this ordinance upon the written application of the holder of the permit to the City Commission and with its consent endorsed thereon. A permit may be granted at any time during the year, and unless previously revoked shall expire one calendar year following the date of issue

Permit Must be Posted in Conspicuous Place
Section 9 It shall be unlawful for any person, firm or corporation to establish, maintain, conduct or carry on any camp ground unless there shall be at all times posted in a conspicuous place at said camp ground the permit obtained from the City Commission in accordance with the provisions of this ordinance

The owners or owners of said camps shall maintain a registration book carrying the names of tenants occupying said camp

Scope of the Ordinance
Section 10 The provisions of this ordinance shall be applicable to every camp ground within the incorporated area of the City of Buchanan, and it shall be unlawful for any person, firm or corporation maintaining, operating, conducting or carrying on any such camp ground or for any person living or occupying in any camp car and/or trailer located in a camp ground or any other person, to violate, or contribute in any way to the violation, or any of the provisions of this ordinance.

With The Boys In Service

(Continued from Page One) Corp. James King, son of Mr. and Mrs. Frank R. King, has arrived in England according to information contained in a letter to his parents. He had previously been stationed at Camp Claiborne, La., in the engineering corps.

Stephen A. Dillman, who is foreman of construction and maintenance at an army air field, has been transferred from Howard Field in the Panama Canal Zone to one at Balboa in the Canal Zone.

Cpl. Rayford Crocker left Thursday after a visit of five days with his wife and daughter, Constance. He married the former Marguerite Bliss. He is stationed at an army air base at Orlando, Fla., where he has completed training as an X-Ray technician with the medical division. He had been sent to accompany a patient at Madison, Wis., and visited while on his return to his base.

Pfc. E. A. Rauch writes that he is located somewhere out on maneuvers at the present time, and

that they were in somewhat of difficulty at the time of writing as an accident to their supply train had held up supplies and they were short on food and water. They bathed in their steel helmets, a sort of "stand up" bath, when they could get enough water. He says: "One back home would really appreciate a bath tub and running water if he had to go through what we are having to go through." I just finished a four-day problem and get a few hours off to rest before starting all over again. On these problems we seldom get over an hour's sleep each night. It's so cold at night we would rather be on the move anyway. And the ants are so thick we couldn't sleep. We count the days until we can move back to an army camp with plenty of running water, especially for a good bath.

Rauch says they get mail every four days. Why not write him a few letters? His address is Pfc. E. A. Rauch, Co. F, 381 Inf. APO No. 96, Fort Lewis, Wash.

D. L. Vandelshe reports that a letter from his son, Robert, informs the home folks that he has arrived on an island in the South Pacific. The island is not men-

tioned, but in getting there they had to cross the international date line and the equator. They had a very uneventful trip over. He says that the climate is like that of southern California, warm, but seldom over 90 in the shade. There are all kinds of tropical fruit, also coconuts. Also plenty of good hunting and fishing.

Pvt. John A. Marzyc returned to Camp Gordon, Georgia, on Monday evening, after spending a 12-day furlough with his parents, Mr. and Mrs. Andrew Marzyc, R. R. 1. His present address is: Pvt. John A. Marzyc, 934 F. A. Rn. Service, Camp Gordon, Ga.

Bob Heiney left the first of the week for his post in Camp Roberts, Calif., after a short furlough spent on the farm with his parents, Mr. and Mrs. Don Heiney. He entered the army last April, and was sent first to Scott Field, Ill., and then to Camp Roberts, Calif.

Mr. and Mrs. William H. Thompson, 315 Liberty Avenue, have heard from both teen boys, the Thompson Twins, now serving with the U. S. marine corps in New Guinea. The boys had been fortu-

nate enough to keep together in service. The boys are William H. Thompson, Jr., and Robert R. Thompson.

Capt. Gerald (Jerry) White of Lockbourne Air Field, Columbus, O., flew over Buchanan in a B-17 bomber, last Wednesday, according to a card received here Saturday by his aunt, Mrs. Lyle Eskine.

Gael Pierce, V-12 U.S.N.R., who is in training at Washburn college, Crawfordville, Ind., spent the week end with his parents, Mr. and Mrs. Allen Pierce.

Lt. Joseph Smith left last Thursday to return to his base at Stamford, Texas, after spending several days with his mother, Mrs. Gay Harbeck.

Corp. Jack Morris returned to Camp McCoy, Sparta, Wis., last Wednesday after a 10-day furlough spent with his wife Mildred and parents, Mr. and Mrs. Max Morris, sr.

Mr. and Mrs. Riney Aalfs have been informed that their son, Cpl. Jake R. Aalfs, has left Pueblo, Colo., and his new address is Cpl. Jake R. Aalfs, 3619223, 1153rd QM Co. 74th Service Group, APO 4739, P. M., New York, N. Y.

Pvt. Lester J. Hanover, U. S. Marine Corps Reserve, is taking basic training in the V-12 Naval Training Unit at Dennison University at Granville, Ohio. With 194 other privates in the marine detachment at Dennison he is preparing to enter an officer's candidate school. He formerly attended the University of Grand Rapids and is the son of Mr. and Mrs. Lyle Hanover, 702 South Oak.

Richard Walkden, son of Mr. and Mrs. C. A. Walkden, is now stationed at Amarillo, Texas, where he is instructor in the use of the Thompson sub-machine gun, mornings, and has special studies in the afternoon.

A letter was received this week by Mr. and Mrs. Earl Longworth from their son, Sgt. Donald Longworth, now with the army air force in England, which reads in part as follows: England, Tuesday, July 27. Dear Mom and Pop: I'll start this as no doubt many others are being started this evening. That is, Rickenbacker was here today and gave perhaps an hour's talk to the engineers whose job it is to keep our "Forts" ready for combat. He used the catwalk of the tower for a platform and gave a resume of his experiences and observations in the different theaters of operation that he has visited since the beginning of his tour last September.

General Baker came with him, accompanied by the usual band. It was up at the tower at the time and had occasion to be introduced to Rickenbacker personally. He looks and acts for a complete recovery from his ordeal in the South Pacific a year ago. Jack Frank, son of Mr. and Mrs. Philip Frank, is enrolled as an aviation student at Catusus college, Buffalo, N. Y., taking pre-flight training as a candidate for an army pilot.

chairman of the meeting.

Victory Club Members of the Victory club will go to Niles Monday evening to meet with Mrs. Loren Perry.

THE YOUTH COUNCIL EMPLOYMENT SERVICE The employment service continues to thrive without undue excitement for either the customers of the service or the youngsters. Nevertheless we have discovered two lessons that the employment service can teach to the youngsters who go out and do jobs for us. It is hard to say which of the two is most important—the habit of being punctual or the ability to follow directions to the letter. It has so happened that on one or two occasions some youngsters have missed out on jobs either because they didn't follow directions or because they were late for a meeting in the case where the people came in and took the boys and girls out to pick berries and girls out to pick berries.

Both of these lessons would be of great benefit to the youngsters as well as to the customers. When all totaled up, a great deal of valuable picking time has been lost while waiting for a few latecomers to get to the library which is the meeting place for all the picking jobs. Even in everyday life, the attributes of being on time and being able to follow directions are of great value to any person. It is our hope that these youngsters who go out and work under the name of the Youth Council will take heed and benefit from such summer employment as we are able to find for them.

THE FRIDAY DANCE The young dance fans of Buchanan again swirled and twirled to the music of the Youth Council Orchestra at the weekly ball at the Recreation room Friday night. It was about the best dance we had had this year. Almost everyone got into the swing of the thing and enjoyed themselves. And we were complimented on our good behavior. It is to be hoped that the rest of the dances will be carried on in the same manner. We had with us a familiar face we hadn't seen for quite a while. It was that of Mr. Bailey, principal of the Buchanan high school. He immediately got into the swing of things, and we all enjoyed it when he and Ed Rudom and Dot Geary led the congo. He had with him as his guests, his pretty red-headed niece and his good-looking nephew from Jackson. We also had two boys from Camp Blackhawk as guests, and Patty Bellinger, now Betty Hemminger, and Robert Boyd of Bakerstown. They could really dance! Also attending were Chet Schirmer from Chicago and Carl Mayse from California, both visiting relatives here this summer. We want to assure the Youth Council Orchestra and the older people who make these dances possible that we enjoy them and that we hope to make them better each time.

FIRST DRAMATIC CLASS The new Youth Council Dramatic class, Ed Rudom instructor, held its first session at the high school auditorium last Wednesday evening. The class started at 7:30 p. m. and ended at 9:00 p. m. We read in unison and in parts "The Congo" by Vachel Lindsay. We also divided into groups of two and three and carried out some short plays, carrying on conversation by repeating the alphabet. This was to produce sureness on the stage. We have a very good class of girls at present but we hope that some of the boys will join later.

HOLLYWOOD

"Ladies' Day" a Romantic Comedy Comedy and romance are the twin themes of "Ladies' Day," a rousing story of behind-the-scenes woes in a big-league baseball club, with Lupe Velez and Eddie Albert heading the cast, showing Friday and Saturday, Aug. 6-7, at the Hollywood theatre. The romance in a hectic one, with an exciting Latin screen star and an eccentric pitcher for the Sox as its chief characters. The comedy derives from the frantic efforts of the pitcher's teammates, the manager, and finally the team's wives, to break up the romance, because when the pitcher is in the throes of a love affair, he is useless on the mound—and the Sox hope to win the pennant this season.

Dennis O'Keefe Starred With Louise Allbritton "Crazy Morning, Judge," announced as one of the season's most zestful action comedies, comes Friday and Saturday, Aug. 6 and 7, to the Hollywood theatre. The Universal film co-starring Dennis O'Keefe and Louise Allbritton, is said to deal comically with the gay complications and altercations pertaining to a \$100,000 plagiarism suit. Mary Beth Hughes, J. Carrol Nash, Louise Beavers and Samuel S. Hinds are featured in the supporting cast.

Another Hercules Ernest Truex, five-foot, one-inch, who starred in "The Crystal Ball," the light romantic comedy co-starring Paulette Goddard and Ray Milland, which will be shown Wednesday and Thursday, Aug. 11-12, at the Hollywood, through United Artists release, found that he had been given a tough assignment, that of socking six-foot-one-inch Ray Milland on the jaw. After spending a night poring over the Atlas theory of building up muscles, Truex appeared on the set, stomach in chest out—and prepared for his Herculean task. He got away with it too. Truex, cast as Mr. Martin, a

jealous and irate husband, in "The Crystal Ball" flattened Ray Milland out with a mighty blow when the latter got into the wrong apartment in his romantic pursuit of Paulette Goddard.

That isn't the whole of the beligerent Truex's feats of battle. He slammed a box of flowers in the face of brawny William Bendix and pushed him out the door when that worthy likewise got into the

apartment mixup. Buy War Savings Stamps and Bonds. Record Want Ads pay Try one.

Hero In Overalls

• If Joe Smith heard you call him a hero, he'd laugh.

A hero wears medals, and shoots down Zeros. But Joe? He wears faded overalls, and pilots a plow instead of a plane.

There's nothing heroic about his job to Joe. It's a thing he's got to do. He's got to raise more hogs, ship more milk, grow more food... and he's got to do it with less help and less new machinery.

Joe Smith might be any one of the more than 2,440,000 farmers who live in the rich farming area served by the New York Central... whose farms this year are producing over 3 1/2 billion dollars' worth of America's food.

We of the Central know the magnificent job these Joe Smiths are doing, for we work with them every day... transporting their crops to processing plants, industrial centers, army camps and dockside.

In the first three months of this year, for example, Central trains carried 4,896,724

TONS of farm products... grain and flour... live stock, dressed and cured meat... fruits and vegetables, fresh, canned and dehydrated... and all the other things people eat. This was about one-third more than in the corresponding months of 1942.

But the transportation of food—important as it is—is only one of the Central's wartime responsibilities. Troop movements, military supplies, essential war freight and passengers on war business have more than doubled our traffic since World War II began.

So when you travel or ship by rail, please remember that railway space, like food, is a perishable commodity. And, like food, it must be conserved... so that every car, every precious inch of space, can do a full-time job for Victory.

New York Central ONE OF AMERICA'S RAILROADS ALL UNITED FOR VICTORY!

FREE! Personal Telephone Number Booklets. YOUR Telephone Company has prepared personal telephone number booklets for you in two convenient sizes. One fits your pocket or handbag, and has space for 215 names, addresses and telephone numbers. The other, for home or office use, will hold 228 numbers. Even now, when operators are busier than ever before with vital war calls, more than a thousand hours are lost each day by unnecessary calls to "Information"—requests for numbers that are listed in the directory. To help eliminate that waste of switchboard and operators' time, here are two things you can do— 1. Look up the number in the directory first. Call "Information" only when it is not listed. 2. If you must ask "Information" for a number, write it down in your personal directory so you will have it next time. You can obtain your handy directory booklets— free—from any Michigan Bell business office, either by writing for them or calling in person. MICHIGAN BELL TELEPHONE COMPANY

Constance Kelley Weds Ensign Robert Williams

Vari-colored gladol decorated the First Methodist church for the wedding of Miss Constance Kelley and Ensign Robert Williams, at 5 o'clock Friday afternoon.

The bride is the daughter of Mr and Mrs. Con W. Kelley, Chipewa street, and Ensign Williams is the son of Mr. and Mrs. Lenwood Williams of Ishpeming, Mich. The single ring service was read by Rev. Grant L. Jordan. "To-night We Love" and "O Promise Me" were played by the bride's sister, Mrs. Harold Smith of Detroit. The bride was given in marriage by her father.

Attending the couple were Miss Persis Kelley as bridesmaid and Betty Officer Paul Williams, U. S. N., who was groomsmen. John Boyle and Kenneth Blackman of Glendora acted as ushers.

A dress of embroidered white marquisette made street length was chosen for the occasion by the bride. Her corsage was of blue and white snapdragons and yellow roses. The bridesmaid wore aqua blue shantung and a corsage of snapdragons and roses. A black and white sheer dress was worn by Mrs. Kelley and the bridegroom's mother wore black lace. They both wore corsages of yellow nasturtiums and blue larkspur.

A reception for 65 guests was held in the Kelley home following the ceremony after which Ensign and Mrs. Williams left on a wedding trip to Chicago.

The bride was graduated in 1939 from Buchanan high school and from Michigan State college last June. Ensign Williams was graduated from Ishpeming high school in 1930 and from Michigan State college in 1940. He enlisted in the U. S. coast guard last March and until recently has been stationed at New London, Conn. Following his leave, Ensign and Mrs. Williams will go to New York city where he will be stationed.

Coming! WYMAN'S ANNIVERSARY WEEK

MONDAY, Aug. 9th through SATURDAY, Aug. 14th

A Thrilling Exciting Patriotic War-Time Event! Come, See for Yourself!

YES! It's Anniversary "WEEK" instead of "SALE," this year - for two excellent reasons -

FIRST - because war-time restrictions keep us from holding the kind of a sale you have long come to expect... a great storewide once-a-year sale of fine Wyman-quality merchandise at substantial, bona fide savings.

SECOND - we are conforming with the July 15th request of the WPB, asking stores to shun the word "sale," and to offer no special promotions of clothing or textiles (except in clearances.)

BUT! Wyman's Anniversary Week, dedicated to the sale of War Bonds and Stamps, will be as exciting a week as a Wyman Anniversary Sale ever was. You'll find it worth a special trip to town just to see the patriotic displays. And if you are in need of things for your home or clothes for yourself or your family, you'll find that Wyman's, as always, has the fine quality, duration-minded merchandise that you want now more than ever - at budget prices to fit bond-buying purses. So come Monday... come everyday -

- Walk down the glorious avenue of United Nations' Flags.
- Marvel at the B-17, 4-motor Bomber overhead.
- See the interesting animated patriotic window displays.
- Visit the special Recruiting Booths manned by WACS, WAVES, MARINES and Air Corps Cadets - learn how you can serve your country.
- See the glorious new Fall Fashions arriving all over the store.
- AND buy an extra War Bond - greatest value in the world today.

Monday Store Hours: 12 noon to 8:30 p. m.
Other days - 9:30 a. m. to 6 p. m.
