## Buchanan High School to Offer Navy V-5 Courses to Senior Boys

### Now Here's the Proposition

Sum peepul pray fer things they want - utthers write their congressman

#### The Weather Report

Well, friends and neighbors (note the distinction) it's been positively sultry this week, and nearly all the snow that had not been shoveled up and trucked off by our enterprising and indefatigable (meaning the same but sounding more impressive) street commissioner Ed Mitchell, has melted and gone down the creek.

Consequently we now have the first bare ground since Thanksgiving week, with the exception of a few days between Christmas and New Years. Walking conditions (with the exception of Rynearson street) have again become normal and all us deacons and church trustees can again safely walk along the city streets without suspicion of having a jag on.

On Monday morning your correspondent came down on his way to the office at 7:20 a. m. (Record management please note) and Charley Dodge was standing on the corner waiting for the "Niles bus." "Nice warm morning for a change," we greeted "Sure is," agreed Charley. Then he turned and looked at the thermometer on the corner behind him.

"Holy jumpin'," he said, "It's only fourteen above zero." Which proves that us Michiganders can become acclimated to almost anything, unless it is getting up in the morning.

#### Can Do

This department is glad to announce that most likely we can give a full report on what one can do with cans in an early edition, having conducted an exhaustive investigation on that matter Tuesday in the cities of South Bend and Niles.

It's a long story and maybe you won't see your way clear to so much trouble, but if you can, hold on to your cans until next week. We had gotten tired of "women of the female sex," as Col. Stoenagle is always saying, standing up and boring through us with a cold gimlet eye while asking "What does one do with cans?" The unspoken insinuation seemed to be: "If you were attending to your business you would have told us before." Which may have been true.

After several false starts we finally found a canny looking gentleman filling his pipe out of a can in the South Bend City hall who gave us the low down on what you can do with your cans, if you can get such arrangements.

County committee members include School Commissioner Edward Murdock, Chairman, Howard Olson, of the Benton Harbor USSS; Leo Stanley, agricultural teacher at the Benton Harbor high school; P. Lagoni, of the Niles office of USES, and Supt. of Schools Clyde Crawford, Niles.

The committee will meet with Mr. Gibble to formulate plans for an active campaign among high school boys to secure their assistance on farms throughout the county during planting and harvesting seasons. Training schedules will be set up as soon as possible in order that it will be completed before Berrien county farmers need additional labor.

Mr. and Mrs. Charles Mutchler, North Buchanan, attended the Berrien County Farm Bureau meeting Saturday in Berrien Springs.

### Boys in Upper Half of Class Are Eligible

#### Will Complete High School and Receive 12-18 Months in College

Boys of the senior class of the Buchanan high school may now enroll for enlistment in the navy, complete their high school course and then receive from 12 to 18 months of special college training before reporting for active service if they can meet certain fairly stiff mental and physical requirements, according to P. T. Bailey, high school principal.

This opportunity for naval enlistment and special training is in accordance with the Navy V-5 program, to which boys are eligible if they are not less than 17 years of age, in the upper half of the senior class in scholastic standings, and able to meet the physical tests required. The navy has designated 57 American colleges for the special training. Principal Bailey reported Saturday that at that time five boys had indicated their desire to attempt to qualify.

Those enrolling will be enlisted navy men. During the remainder of their high school course they will receive instruction in pre-flight mathematics, physics, advanced mathematics and map-reading, and will receive an accelerated training in physical fitness. Principal Bailey states that this accelerated physical training has in great part been anticipated by Arthur Van Ryzin, who has been given type of physical fitness instruction fairly equivalent to the requirements of the navy.

The program of physical training for girls has also been modified by Miss Nelson along lines approved for present conditions, according to Mr. Bailey.

After graduation, the navy enrollee will be sent to one of the 57 colleges selected by the navy and will receive instruction in subjects selected from the following: subjects Aviation engines, navigation, pre-flight mathematics, physics, meteorology, aerology, naval instruction in physical fitness.

### Schools, Shop Will Change Back to CWT If and When

Clark Equipment officials and school heads in Buchanan state that both those institutions will revert to Central War Time on Feb. 15, or whenever the newly passed Michigan ruling goes into effect. Clark officials stated that the Eastern War Time did not affect electric light economy, as the largest shift is the first or 8-4 shift, which requires an hour more light under eastern than central war time.

The bill has passed the legislature but, as yet, has not been signed by Gov. Kelley.

### Feb. 15 Deadline For Applications For Farm Machinery

Mr. Darwin E. Sharpe, chairman of the Berrien County Farm Machinery Rationing Committee announces that Feb. 15, 1943, is the deadline for accepting applications on new farm machinery.

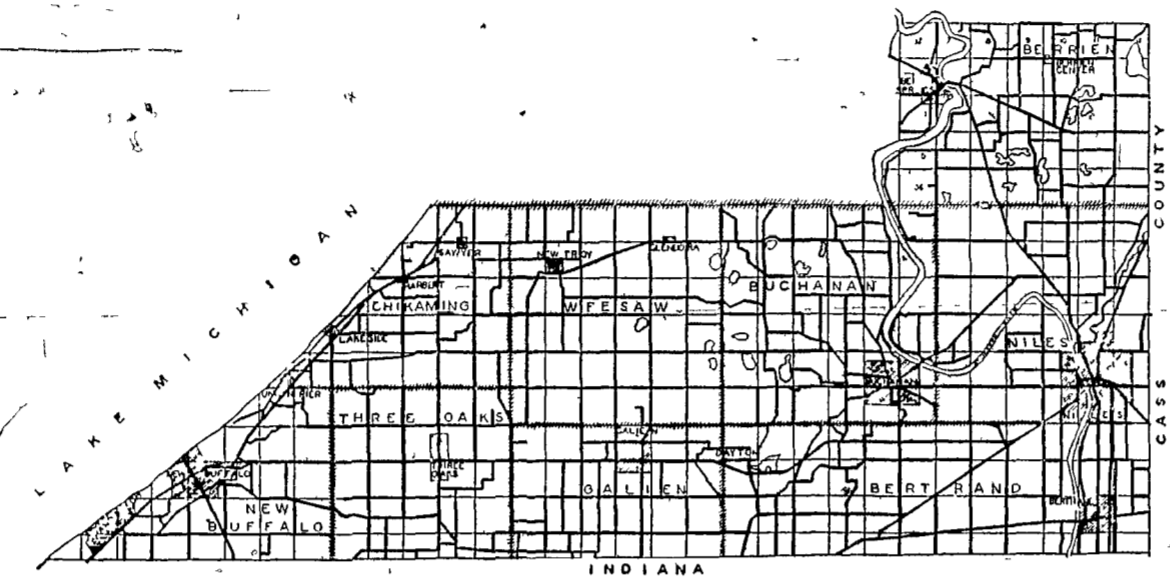

Farmers needing new machinery are urged to get their applications into the county office, room 25, City Hall, St. Joseph, Michigan, before that date.

The rationing board will then work on these applications and will inform farmers by mail whether or not they will receive the certificate of purchase.

Farm Gas Ration Adjustment Must Be Made During Feb.

## Arrange For Installation of Four Air Raid Sirens in City

SERVICE TERRITORY OF NILES RATIONING BOARD

Designed to reduce the time required for applicants to obtain rationed products and eliminate unnecessary driving, Niles' war price and rationing board, officially designated as Board No. 3311-2, serves the two lower tiers of townships in Berrien county and the lower half of Berrien township.

Headquarters of the board are located in the Niles city hall, with J. M. Lindsley, as administrator and Jerome Wood, chairman. About 40,000 of Berrien's 90,000 population are served by the board.

To eliminate delay and driving further, branch offices have been opened in Buchanan, Three Oaks and Sawyer and other offices will be opened in Berrien Springs, Gallen, New Buffalo and New Troy within the next two weeks. All of the branch offices will be operated by volunteer workers.

### With The Boys In Service

Don Pears Now Captain. Word was received that Lieut. Donald R. Pears, former Berrien county clerk, and son of Charles Pears, 303 W. Front street, has received a promotion to the rank of captain. He is located at the U. S. Supply Depot, Charleston, S. C., where he has been stationed since going into active service January 18, 1942.

Capt. Pears saw 19 months active service overseas in World War I and since that time has been a member of the Reserve Officers of the U. S. Army. He joined during his undergraduate days as a student at Western Michigan college, Kalamazoo, and has been a first lieutenant for the past 14 years.

Capt. Pears is head paymaster in the personnel division at Charleston. After his call to active service, Capt. Pears' duties as county clerk were assumed by his wife, Mrs. Gladys Pears, who completed her husband's unexpired term of office, and is now serving her first term as an elected clerk.

A brother of Capt. Pears, Lieut. Col. Richard W. Pears, is in charge of a ferry command, and is stationed in California. He also is a former resident of Buchanan.

Pat Clemens called up his mother, Mrs. Hattie Burks, by long distance telephone Sunday evening, telling her that he was speaking from the Elks Temple at Providence, R. I., where he had arrived on the previous day from Camp Peary, Williamsburg, Va. He said that he liked it better in Rhode Island than in Virginia. He reported that he was coming to like the army life better all of the time and that the eats and living in general were good. His address is: Robert J. Clemens, EM 1c, Bn. 72 Co. B. Platoon 2, Camp Endicott N.C.T.C., Davisville, R. I.

Private Robert J. Hawks, son of Mr. and Mrs. Horace Hawks, 303 Liberty avenue, has been transferred from Camp Grant, Ill., to: Ft. D 28th Tech Sch Sqdn., Jefferson Barracks, Mo., army Air Corps.

Chet Seager was scheduled to arrive Tuesday evening to visit his mother, Mrs. John Troutfetter. He was accompanied by his wife, a nurse, whom he recently married. He is a pharmacist mate second class, in the U. S. Naval Hospital service, and comes here immediately from the Mare Island hospital, San Francisco, where he recently was stationed after Pacific service. He enlisted in the navy from Gallen.

Mrs. Robert Hamilton has received a letter from her husband merely announcing that he has safely arrived somewhere overseas. The place was not designated.

Mrs. L. Burgoyne, 109 West Chicago street, has received a letter from her brother, Charles (Chuck) McIntosh, now in North

### Clark Tractor Gets Production E

The Army-Navy E for production efficiency has been awarded to the tractor department of the Clark Equipment at Battle Creek, notice having been given in the following letter:

Wai Department, Office of the Under Secretary, Washington, D. C., January 23, 1943.

To the Men and Women of the Clark Tractor Division, Clark Equipment Company, Battle Creek, Michigan.

This is to inform you that the Army and Navy are conferring upon you the Army-Navy Production Award for outstanding achievement in producing war equipment.

The award consists of a flag to be flown above your plant and a lapel pin which every member of the Clark Tractor Division may wear as the mark of an inspiring contribution to the future of our country.

Your accomplishment during the past year has set a high standard of practical patriotism, yet the Army and Navy are confident that you record in the future will raise that standard even higher.

Sincerely yours, Robert H. Patterson, Under Secretary of War.

Royden Ingelright of Buchanan is a member of the Niles rationing board. The local rationing board operates under this board, which governs the south end of the county. John Kobe of the Farmers' Mutual Insurance Company is a new appointee on the local board, taking the place left vacant by the resignation of Bert Bouws.

Niles offices and its branches Applications for the latter must go to St. Joseph.

According to word received last week by Miss Hazel Weed, two Buchanan boys are supposed to be "going" London this week. They are Sgt. Joe Bachman and Sgt. Eddie Smiles. One of the boys is stationed in London and one about 60 miles away.

### Church Christ to Burn Mortgage at Service Feb. 14

J. N. Baker, Former Pastor, to be Speaker; Service at 3 P. M.

In addition to the regular services at the Church of Christ Sunday, Feb. 14, there will be a special service at 3:00 p. m. at which time the mortgage will be burned.

Mr. J. N. Baker, Chicago, Ill., who was the minister at the time the church burned and was rebuilt, will be the main speaker and messages will also be brought by other guest pastors.

Special musical numbers will be presented at the various services. These will include an anthem by the choir, a duet by Mr. and Mrs. Fred Franklin, the String Trio, a duet by Lavon and Gloria Eagley, singing by the male quartet and a piano solo by Lowry Mills.

A basket dinner will be served at 12:30. The local Church of Christ was organized Dec. 17, 1854, the meeting being held in the schoolhouse. Later, a building was erected and was dedicated Sept. 15, 1899.

In the fall of 1912, the church caught fire and when repairs were made, some remodeling was done. In the summer of 1914 a basement was built under the entire building.

About 2 p. m., Sunday, Feb. 11, 1940, a fire was discovered in one corner of the building which spread rapidly until the building above the basement was entirely destroyed including most of the furnishings. The basement was also damaged to quite an extent.

An program to rebuild was started immediately and the corner stone was laid on Aug. 4, 1940. The first services in the auditorium were held November 10, 1940, and the building was dedicated the following Sunday.

Harold Calbetzor Goes to Washington. Harold Calbetzor, formerly assistant cashier at the Union State Bank, and for the past year assistant priority manager at the Clark Equipment company, has gone to Washington, D. C., where he is employed in the general industrial equipment section of the war production board. He is in charge of scheduling production of industrial trucks. Children are remaining in Buchanan.

Is Graduated From W. Mich. College. Ruth Haslett Bouma of Buchanan is a member of the class which will be graduated from Western Michigan college at the end of the first semester, Friday, Feb. 12. She will receive a Bachelor of Science degree with a State Secondary Provisional certificate.

### Trial Blackout Without Warning Coming Here Soon

Arrangements for the location and installation of four sirens in as many parts of the city will be completed at a meeting of the air raid wardens and their lieutenants at the high school next Tuesday evening, Feb. 17, according to announcement by L. O. Swem, chief air raid warden.

The location of the sirens has already been determined as follows: Fagras & Sons store at Front and Terre O'Cupe, Florey store at 217 Lake st., Lester McGowan's store at 308 Berrien st., Roger Welch home on North Portage.

The new sirens were purchased from the funds realized by the scrap drive here, and cost \$60 each. They were carefully selected in order to insure that any air raid warning would be heard in all parts of the city. There was much complaint on the occasion of the last trial test that the signal for the blackout was not heard.

Swem states that after the sirens are installed there is to be a trial blackout without warning, when arrangements with the state have been completed.

### Rev. Klump Talks To Niles Society on Peace Problems

Rev. Norman Klump, pastor of the Buchanan Evangelical church, spoke Thursday afternoon before 50 members of the Women's Society of Christian Service of the Methodist church of Niles on "The Christian's Responsibility for a Just and Enduring Peace." Rev. Klump took a positive stand for the exertion of aggressive action for a durable peace by Christians, asserting that such elements must be prepared to "pay a higher price for peace than they are now paying for war."

The annual drive for funds for the Girl Scouts of Buchanan, got under way Thursday when the council members, leaders and troop committee members met at the home of Mrs. Glenn Vanderberg.

The Girl Scouts are more than half a million girls 7 to 18 years old in more than 6,000 American communities. They are serving their country in practical ways today, learning to be better citizens and homemakers tomorrow. Help provide their future by being generous with your donation.

All monies raised are used locally. The Girl Scouts pay rent for their headquarters, train capable leaders, pay camp registration, buy manuals, pins, etc.

Plans were discussed to celebrate the 31st birthday of Girl Scouting, which comes in March.

### Bennit and Kuhl Make Solo Flights

Robert Bennitt of Buchanan and Albert Kuhl of Bertrand, both employees of the Sampson Dairy, successfully completed their first solo tests Monday at the Niles airport, where they have been in training for civilian pilot licenses under Albert Roskay. Bennit made five successful three-point landings without a fluke in the course of the three-quarter hour flight. He had had 11 hours in the air with an instructor.

## Navy Mothers to Be In Charge of Registration

#### Club to Relieve Schools of Task; To Be Held in Legion Hall

Registration of residents of Buchanan and the adjacent district for Ration Book 2 will be held in the American Legion Hall during the week beginning Feb. 22, under the direction of the Navy Mothers club.

The Navy Mothers club voted at a recent meeting to volunteer their aid in order that it might not be necessary to close the schools for a week and thus deprive local pupils of a week's attendance. Throughout Michigan it will be usual to hold the registration at the school houses, and the State Department of Education has directed all school faculties to volunteer their services if they are desired.

However, the city has accepted the offer of the Navy Mothers club. Their direction of the work will be a very real aid to the schools and to the community. Further directions for the registration will be published next week.

## Annual Canvass For Boy Scouts Here Feb. 15-28

#### Quota Set at \$1140.96; Frank Habicht Re-elected Dist. Vice President

Frank Habicht was re-elected vice president of the Southwestern Michigan Council of Boy Scouts at a meeting held at the Hotel Whitcomb in St. Joseph Tuesday evening and arrangements have since been completed to start the annual canvass for funds here on Feb. 15.

The quota set for District No. 6, comprising Buchanan, has been set at \$1140.96. It is planned to complete the drive by March 1. There are 1560 Boy Scouts in the Southwestern Michigan area, including Berrien, Cass and Van Buren counties. There are also 723 Cub Scouts and 787 men and women associated with various phases of the movement. Camp Madron, summer headquarters for the district and rated one of the outstanding camps in the United States, has accommodations for 100 boys at a time for eight summer periods, a total of 800 for the summer.

One hundred ten Scout leaders participated in the first annual council meeting of the Southwestern Michigan Council, Boy Scouts of America, held last evening, Feb. 9, at the Whitcomb Hotel in St. Joseph for the purpose of electing council officers and executive board members and to plan activities for the year 1943.

Objectives for 1943 as developed by the various committee groups are to enroll 535 new Scouts and 289 Cubs and to end the year with 1650 Scouts and 728 Cubs. The organization committee will need to reorganize a number of presently inactive units in addition to organizing 17 new troops and sea scout ships and 3 new Cub packs in order to reach the goal.

Every Scout to advance at least one rank per year is the slogan of the advancement committee. Standards of advancement will be raised by the committee through a board of review procedure recently inaugurated in all districts.

### HOLLYWOOD

Jane Randolph as "Falcon" Heroine

One of Hollywood's top discoveries, lovely Jane Randolph, makes her appearance in RKO Radio's popular detective series as a "go-getter" reporter in "The Falcon's Brother," the first installment of which will be seen at the Hollywood Friday and Saturday, Feb. 12-13. Not only does she add in running down the head of a murder syndicate, but she supplies the romance for the headlines, George Sanders and Tom Conway, his real life brother.

Other important roles are played by Cliff Clark, Don Barclay, Charlotte Wynters, Amanda Varela, George Lewis, Ed Gagan, James Newill, Andre Charlot and Gwyl Andre. The action is laid aboard ship and in and around New York City.

Great Gildersleeve in Comedy Cast

Harold Peary, credited with 17,000,000 radio listeners to his The Great Gildersleeve program plays a featured role in RKO Radio's "Here We Go Again," a sparkling comedy with music co-starring Fibber McGee and Molly and Edgar Bergen and Charlie McCarthy. Cast in a role made to order for his particular talents, Peary adds his grandiose personality and his nationally famous laugh to a cast of high class fun-makers. Included in the supporting cast are Mortimer Snerd, one of Edgar Bergen's immutable character creations; Bill Thompson, exponent of dialect roles, Ray Noble and his popular band, lovely Ginny Simms, the radio song bird, Gale Gordon, Isabel Randolph, Esther Fernandez and Sterling Holloway. The film may be seen on the Hollywood screen Friday and Saturday, Feb. 12-13.

A Ned Rudy Vallee

Rudy Vallee will be seen in a brand new characterization in Paramount's hilarious Preston Sturges film, "The Palm Beach Story," which comes Sunday, Monday and Tuesday, Feb. 14-15-16, to the Hollywood with Claudette Colbert and Joel McCrea co-starred.

For once Vallee is not cast as a singer although he does warble "Good Night Sweetheart" in one very funny sequence. He plays a comedy role — the richest man in the world who is shy of all women except Claudette. That lovely lady, on route to Palm Beach for a divorce, steps in Vallee's face as

she's trying to climb into an upper berth.

"Seven Sweethearts" Tender Love Story of Dutch Town in America

Seven of the screen's prettiest and most promising starlets grace the engaging "Seven Sweethearts," which will appear at the Hollywood theatre Wednesday and Thursday, Feb. 17-18.

Kathryn Grayson as Billie, one of seven lovely daughters who operate a hotel for their eccentric Dutch father, is appealing. Her dramatic voice is heard in two numbers written especially for the picture, "Little Tingle-Tangle Toes" and "You and the Waltz and I."

Van Heflin in the role of Henry, brash newspaperman covering a tulip festival in the quaint Dutch village of Little Delft, Michigan, brings another of his vigorous characterizations to the screen. In contrast to his part in "Johnny Eager," Heflin plays Henry with gayety and charm and his love scenes with Kathryn Grayson are remarkably tender.

Cecilia Parker, Frances Raeburn, Dorothy Morris, Frances Rafferty and Peggy Moran, the five remaining sisters, bring freshness and vitality to a piquant story.

## THE OLD JUDGE SAYS...

"Here's a piece, Judge, that says that in spite of more cars and faster speeds, the first six years of repeal showed 12% less deaths from automobile accidents than during the last six years of prohibition."

"Now doesn't that just go to show you, Henry, you've got to be on pretty solid ground as far as your facts go before you make an out-and-out prediction. Why, back in the days just before repeal quite a few folks around the country made pretty power-

ful predictions about how automobile accidents were going to jump up if we got legal liquor back.

"About the only thing along that line you're ever safe in predicting, Henry, is this. No community or county or nation, for that matter, ever became or ever will become dry just because it voted that way. All that the votin' decides is whether you have legal or bootleg liquor. We had nearly 14 years of experience on that, didn't we?"

## FARM BUREAU SEEKS FAIR FARM PRICES

The Farm Bureau's position before Congress is that a fair price policy for farmers will encourage the utmost production. Farm price ceiling policies that are discouraging will discourage production.

The Farm Bureau is asking Congress for a law that will include the cost of all farm labor in determining farm price ceilings for 1943 and thereafter.

like this. If you got a whole of a kick out of the book you bought last month or last week, ship it along to a soldier. It might give him just the lift he needs.

Very decidedly, the backers of this movement want good books, that live and alert young Americans in the armed service will read. If your books are not of that kind, keep them. If you don't care about the morale and the peace of mind of the boys on the fighting fronts enough to sacrifice a "live" book from your collection, don't bother at all.

Here's a basis for consideration:

"Take into consideration all of the books that have been in your collection for at least one year or more—how many times do you re-read them or even refer to them? Other than as a more or less impressive index of the towering height of your intellect and the massive reaches of your culture, just what actual purpose do they serve on your shelves? Go down the line and check them off. No kidding—what per cent of them do you ever re-open after the first year, or after the first reading, for that matter? But still, they may be good live books that many a boy in the army or the navy might like to read.

Perhaps you have \$100, \$500, \$1000, etc., tied up in your book collection. They are valuable to the extent only that they are read. If you do not refer to more than 10, 15 or 20% of them again, then those whose pages go unturned are in fact dead capital. Why not give them to soldiers and let them live again?

Don't be a tightwad in a case

## Wagner News

The regular meeting of Wagner Grange has been postponed until Feb. 20, when it will be held at the home of Mr. and Mrs. Jack Harroff.

Charles Dickow incurred painful head injury Sunday night while working at the Dry Zero. He was stooping over and when he raised up he struck the top of his head on a steel door. Several stitches were required to close the wound.

## HOW ABOUT THAT GARDEN?

A math question which is still before the house, in a manner of speaking is this: Are the people of Buchanan likely to take the home garden business seriously enough to bring the available resources of soil and time to their full capacity in terms of vegetables for storage or canning next winter?

Whatever you may have thought before, on the basis of available evidence the call for full-capacity gardening for 1943 is no hoax. An unexpected turn of events might relieve the pressure on the food front and lessen the importance of the garden, but a turn the other way might give it a grim importance, and we can't afford to be caught napping in food production any more than in air raid precautions.

A Milwaukee alderman is advocating turning 5,000 city-owned lots into gardens. Huntzinger Bros. of the Huntzinger nurseries, Niles, have turned over 40 acres of land for gardens and an adjacent owner has turned over several acres more. These acreages are to be divided into 1/4-acre tracts. The tracts will be plowed and fertilized and rented at a rate of about \$3 per each 1/4-acre.

When the writer went through Germany 5 1/2 years ago, he noted with interest that nearly every available foot of ground, even in railway switch yards, was used in growing food. Even the V-shaped tracts in the switch and line intersections were utilized to the utmost. Out through the country the lines were graded down steeply. At the foot of the grade would be a gravel bicycle path and immediately beyond garden and field crops.

It was with interest that he read of the plan for utilizing all spare land along Michigan Central railway lines for gardens for employees, as announced Saturday by Raymond D. Starbuck, executive vice president of the railroad.

Starbuck said the right-of-way land will be made available for cultivation on a first-come, first-served basis to the company's 128,000 employees.

E. J. Leenouts, assistant agricultural agent for the road, said he envisioned the system's trains "running this summer through a belt of growing green groceries starting in New York state and extending through seven states and two Canadian provinces."

Land on each side of the railroad's 11,000 miles of tracks will become a string of employe-cultivated victory gardens.

The plan was given a short trial in World War I and last month was revived by the Chicago, Milwaukee, St. Paul and Pacific and the Illinois Central railroads.

## WANTED: BETTER BOOKS FOR SOLDIERS

The Buchanan Business & Professional Women's Club, local sponsors of the Victory Book Campaign, is waiting hopefully for the tide of more and better books to start rolling into the Buchanan Public Library some time before the campaign ends on March 5.

The campaign is under the joint sponsorship of the American Library Association, the American Red Cross and the U.S.O. And the sponsors have made it plain what they want.

They want the better books from your collection — not the culls. When you pick a book up and consider whether you will give to the soldiers' collection, what is

## If you MUST borrow to pay your income tax, then Borrow The BANK Way

Fortunate indeed is the individual who has made advance provision to meet his or her income tax. This bank has always recommended systematic accumulation of tax money in advance. We believe that such a policy keeps personal finances on a level keel, promotes peace of mind, and eliminates the danger of a crisis at tax time.

But these are difficult and unusual days. Our country's need for money to fight the war is great. Much of this money must come from taxes. That is why your Federal Income Tax, due March 15, 1943, will probably be the largest you have ever had to pay. Perhaps you, like many others, will find the tax is too large to meet from accumulated reserves.

If so, you will probably want to borrow. We will welcome your application for a tax loan.

CREDIT FOR DEPENDENTS A taxpayer is entitled to a credit for each person other than husband or wife, whether related to him or not, and whether living with him or not, who during the taxable year was dependent upon and received his chief support from the taxpayer, provided the dependent was either (a) under 18 years of age, (b) incapable of self-support because mentally or physically defective...

THE TERM "MENTALLY OR PHYSICALLY DEFECTIVE" includes not only those who are mentally afflicted and physically crippled, but also persons who, by reason of old age or impaired health, are incapable of self-support...

THE CREDIT FOR DEPENDENTS is based upon ACTUAL FINANCIAL DEPENDENCY and not mere legal dependency. It is not necessary that the dependent be related to the taxpayer, but the taxpayer must have provided more than one-half of the support, or there is no dependency.

Dear Mon and Dad - Mail came in and yours was the only letter I got, I was sure glad to get it. Since Dec. 17, I have written 18 letters and have received only 3. I am very unhappy about this, but that letter tonight makes me feel more like writing. I have answered all the Christmas cards that came in, which if I counted right was 6. I haven't received the letter from the Clark Company as yet, as it probably was not sent until about the 10th and it usually takes a good month or 5 weeks for a letter to get here. Aunt Stella's package got here for New Year's and by the cookies were sure good I got 3 packages that day, 2 from Aunt Stella and "Dutch" Donley and Gus Fargas sent me a box of cigars and a box of chocolate bars. "Dutch" is really keeping me in cigars and, boy, you can't beat a good American cigar after trying to eat one of these meals. I believe all the boxes have come through now. Thanks to everyone.

I was in London New Year's eve and New Year's day We all had a good time. It was a different New Year's eve than I have experienced before, as everything is blocked out and you just have to feel your way around. The first of the year brought our first snow, but I have waited for several days for the sun to come out, but it has not, as yet. In London I searched the whole place over and could only find one nim, which I guess was the only one there. I am saving this to take some pictures of the snow in England. The snow isn't very deep, only it will make some nice pictures of some of the quaint houses. I have been feeling fine after getting rid of that darn cold I have had. You have to be very cautious the way you dress here, as it is cold and damp and you are on the verge of catching cold at all times. Thanks again for the letter and

keep that old spirit up and write often I am thinking of you at all times Love, Your Son, Eddie.

Jack Leggett, son of Mr. and Mrs. Jesse Leggett, 31, 305 Cecil avenue, has been advanced from the rank of corporal to that of sergeant in the photographic division at Venice, Fla. He has been in charge of the photographic supplies of his unit, and also teaches a class

Announce Rulings To Expedite Mail To Oversea Forces

The Navy Department has requested, in order to expedite the handling of mail for personnel of the naval forces of the United States, including the Marines and the Coast Guard, who are overseas, that the matter be addressed to the Fleet Post Office through which it is handled, such as "c/o Fleet Post Office, San Francisco, Calif." or "c/o Fleet Post Office, New York, N. Y." instead of "c/o Postmaster" at these offices as formerly. However, mail for such personnel addressed in the latter manner will continue to be dispatched accordingly.

When the addressee is assigned to a shore station within the continental United States, his mail should be addressed to such place, as for example, "Camp Elliott, San Diego, Calif.", without including the term "c/o Fleet Post Office or Postmaster"

Some misunderstanding appears to exist as to the rate of postage chargeable on air mail addressed to members of our naval forces. When such matter is addressed in care of a "Fleet Post Office" or in care of the postmaster at New York or San Francisco it may be assumed that the addressee is overseas and therefore postage at the rate of 6 cents for each half ounce or fraction of a half ounce is applicable, if the air mail is addressed to naval personnel within the continental United States, it is subject to postage at the rate of 6 cents for each ounce or fraction thereof

Local 4-H Clubs Joining In Nat. Mobilization

Gov. Kelley Issues Proclamation Urging Support; 2 Local Clubs Meet Monday Local 4-H clubs are participating in National 4-H Mobilization Week this week with an effort to interest more young people of the Buchanan farm district in the 4-H program

4-H clubs at present active in this locality are the Cloverleaf 4-H club for boys, led by Ted Siekman, and the Needle Point 4-H club for girls, led by Mrs. Ted Siekman. Any young people interested in joining may contact these leaders. The next meeting of the organizations will be held jointly in the hall of the Buchanan Co-ops, Inc., on Monday evening, Feb 15

The following proclamation has been issued for the event by the governor of Michigan: Proclamation 4-H club work for rural boys and girls is a part of the national agricultural extension system which reaches every state in the United States, Puerto Rico, and the Territories of Alaska and Hawaii. It has a membership of 1,500,000, and produced \$35,000,000 in food products last year.

In Michigan, 4-H club work is conducted by the Michigan State College of Agriculture and Applied Science, United States Department of Agriculture and County Extension Services co-operating. At the present time, there are approximately 6,500 4-H clubs in rural Michigan with every one of the 83 counties represented 7,600 volunteer local leaders are directing the activities of 55,000 4-H members.

These young people, in 1942, produced 1,879,000 in essential foods, a figure in excess of 5% of the national total. The activities of the 4-H clubs are making a vital contribution to the war effort. These boys and girls are giving unselfishly of their time, not only for the increased production of essential foodstuffs, and for projects relating to handicraft and home economics, but in co-operation with the war effort, such as the various salvage campaigns, the sale of War Bonds and Stamps, and cooperating with the Red Cross.

The 4-H clubs are being asked to heighten their activities this year. With the serious manpower shortage on our farms, the demands upon their time and energy will be greatly increased. With this in mind, it becomes urgently important that 4-H club members re-affirm their intention of carrying these goals to completion, and that their ranks be augmented with other young people pledged to the same purpose.

I hereby proclaim the period from Feb 6 to Feb 14, 1943, as Michigan 4-H Club Mobilization Week, and I urge upon the rural young people of the State, their parents, and their community groups to organize or expand the 4-H program as a highly patriotic and vitally necessary war effort.

Given under my hand and the GREAT SEAL of the State of Michigan, this twentieth day of January, in the year of our Lord, One Thousand Nine Hundred Forty-Three, and of the Communist Party, the One Hundred Seventh.

Bertrand Twp. Boy Is Killed in Action

Corporal Joseph L. Klimek, 22-year-old son of Mr. and Mrs. Casmer Klimek, RFD 4, Niles, was killed in action in the southwest Pacific, according to a telegram just received from the war department by his parents.

The last heard from the young soldier was from New Guinea, in late December. He was mated into the army April 27, 1941. A brother, Private John Casmer Klimek, is now in the army in Mississippi. Two sisters, in addition to the parents and brother, survive.

Corporal Klimek was born June 20, 1913, at the Klimek home just across the road from the Dutch Corners school in east Bertrand township. The Klimek family are well known south of Buchanan. Casmer Klimek, the father, has operated one of the York threshing machines on Portage Prairie several years

What You Buy With WAR BONDS

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps, Buy War Bonds and Stamps every pay day, and invest at least ten percent of your income in these government securities.

Each woman enlistee is allowed \$200 for her uniform. The official uniform, consisting of "everything that shows" costs \$160. The balance is for shoes, underclothing, and gloves.

Pay for WAVES and SPARS ranges from \$50 per month while in training up to \$126 per month. Pay is the same as for enlisted men of the same rating. Ensign Stewart added that in addition to base pay, clothing, food, and quarters, the finest medical and dental care are provided.

Enlisted women are also entitled to allowance for dependents, life insurance at low government rates, and, like other members of the armed services, they receive free mail privileges, reduced rates in transportation, and benefit from such organizations as the USO, Red Cross, and Navy Relief.

WAVES and SPARS enlist for the duration. They must be native-born or have naturalization papers, written consent of parent or guardian if under 21, and be not older than 36 or under 20. Women interested in joining the WAVES or SPARS are invited to call at the office of naval officer procurement, Ninth floor, Book building, Detroit

No More Cordwood Our ancestors may have burned cordwood in the fireplace, but the fireplace has become an artistic institution since then and must have a big round log with the bark on.

Low Rate Artificial sunshine and a better knowledge of feeding are two of the principal reasons for a lower death rate among the animals at the zoo.

To Tell Manager Why shouldn't we applaud at the movies? The manager of the theater is thereby assured he has a good show.

No Mortgage The cozy, vine-covered cottage is lucky if nobody will take a mortgage on it.

Collected and Edited by Members of the Class in Journalism

### News Notes

The stamp and bond news this week shows improvement. Dewey Ave. bought \$12.00 worth, grades bought \$51.90 and Junior and Senior high school bought \$24.20 worth, giving a total of \$88. Three hundred eight-eight dollars and ten cents were taken in for the month of January.

Clarence McIntosh, home on leave from the Great Lakes Training School, visited our school last week. He is a former student from here.

### Correction

We wish to make a correction. Dwight Helm's name was omitted from the Honor Roll last week.

The school library has some new lock type covers for their magazines. Miss Cernahan said that these would protect the magazines from wear more than the old covers would. The magazines can be locked in the new covers whereas they could be taken from the old ones.

Three Navy boys visited school. They were Harold Hittle, Ned Thurston, and Ed Myers. We surely appreciate having the navy boys around. We would also like to see more Marines, and Doughboys, and what's the matter with a WAAC or two.

### School Spirit Has Improved

We have all noticed the big change in school spirit. We have actually helped win the games. The students have built up the team's morale by attending every game possible. As you probably know, we've won four games out of five since Jan 1. There are two more games scheduled, one for Feb 29, when we play Berrien Springs and New Troy, March 5.

Everybody is buying more war bonds and stamps. Why just last week \$24.20 worth were sold in Junior and Senior high. We all want to buy more and help the boys who have gone from our school that are fighting for us.

More studying has been done in school lately. It has helped a lot, too. Everyone could study more but we have all improved.

Mr. P. T. Bailey and Mr. H. C. Stark attended a meeting for National Defense in Benton Harbor Tuesday afternoon Feb 2.

Mr. Stark attended a meeting in Lansing Saturday, Feb 6, on Defense and State Aids for Schools.

Dr. F. L. Rector, from the Michigan Department of Health, talked to the high school student about cancer on Tuesday, Feb. 9. He gave interesting and helpful facts on this subject and answered questions asked by students.

A Dollar A Dollar A Ten o'Clock Scholar

Tardiness could be used as a "nastic" weapon. It may cause fatal neglect of studies. The five or ten minutes that you miss may be the minutes that would have given you a passing mark. So come on students, get here on

time; Remember — "Early to bed, early to rise, makes you healthy, wealthy, and wise."

Rev. R. L. Richards, of East Detroit, talked to the students on the importance of the people of our country using the benefits they have. The students enjoyed his talk very much.

### F. F. A. News

The Buchanan F. F. A. has just given the Green Hand degree to Leo Huebner. He lived through the initiation ordeal and came out of it in good shape.

All the chapters of the F. F. A. in Berrien county are planning to give a Berrien Co. Farmer degree to qualified Future Farmer's Buchanan will have several members to be initiated. Bob Koenigshof, president of the Buchanan chapter, will meet with other Berrien county officers to plan the ceremony. The county initiation will be held at Berrien Springs on Feb. 24.

The local F. F. A. welcomes two new members who just started to school in Buchanan. They are Lonnie Adams and Howard Dough-ton.

Mrs. Dunbar, head of the English department, seems to have set the pace for a new fad with the sling she has on her broken wrist. But maybe there's more to it than meets the eye — do you suppose it's contagious? It might be you know! There are over twelve cases (or should I say "casts") already. Due to the melting of the ice on the streets and sidewalks the fad has stopped spreading, and the casts will disappear one by one.

The children in the kindergarten are enjoying bringing pictures to put up in the room for Valentine's Day. They are taking tags from magazines. They are starting to make letters and words, in which they are very much interested.

James Sarver, who is in Mrs. Helm's first grade, brought a small, pretty dish for the soap so that the room may be kept neat and attractive.

In the second grade the children are learning to write their names instead of printing them. They are also learning to recognize the names of other children in written form because of a list we have been making for use on Valentine's Day.

The children in Mrs. Wilcox' third grade are enjoying stories of transportation, especially those about the Wright brothers, gliders and airplanes.

They are planning a Valentine party, and are reading about the life of St. Valentine.

The children in Miss Kappel's third grade have been reading stories about wool. They are going to build a small sheep farm on

the reading table.

The class has been trying to write little poems for the Valentines that they are going to make.

The fourth grade at the Dewey School found that learning how to write good letters can be of some importance. The whole class wrote letters to Verja Shuford who has been ill for some time. We hope Verja will be back with us soon and that she enjoyed reading the letters as much as we enjoyed writing them.

### Grade School News

Helpers in Mrs. Morley's room this week are: Housekeeper, Beverly Morelli, doorkeeper, Gordon Smith, librarian, Fred Heeter, flowerkeeper, Bonnie Poorman, boardwasher, Shirley Nordin, boardwasher, Jack Clemens.

The children bought \$4.20 worth of War Stamps on Thursday. Jimmie Goodrich sells bottles and paper for Uncle Sam. Miss Graves is giving achievement tests in Miss Fritz' room.

Lestra Hanin brought her collection of stones to school to show the children in Miss Fritz' room. She's reading group have been studying about rocks.

Miss Kinney's third graders are enjoying the book "Without Machinery". In this book they read about people who live in lands where they have no machinery. They learn about the lives, habits, foods, and customs of the people who live on tropical islands.

The children are planning to have a Valentine party. They have a Valentine box decorated ready for it.

Mrs. Fuller's boys and girls are knitting and weaving for the Junior Red-Cross. They completed twenty-five knitted squares and fifty weavette squares in the first week.

The children in Miss Ekstrom's fifth grade are learning to cut poster letters to be used in patriotic posters.

This week we saw a movie called "The River". It was a picture of the growth of the Mississippi River. It showed the result of over-use of land and the cutting of timber. The picture ended showing the work of the government on the Tennessee Valley Project.

Darlene Tinkler has left our school to enter the fifth grade in Miles.

Miss D. Lovell's room painted pictures with poster paints of typical farm work in the Central States. The pictures included milking cows and feeding chickens.

The children in Miss Reams' room are beginning a new unit in science, "What is the Universe Like?"

A number of the girls are knitting six inch squares for an afghan for the Junior Red Cross.

Miss Althouse's room saw a movie Tuesday morning. The movie told about the Mississippi River.

Several pupils brought their cameras to school on Tuesday and took pictures at recess time.

We have begun to learn Henry Holcomb Bennett's poem "The Flag Goes By".

The fifth grade is finishing their freeze, "The Story of Bread". It covers the large bulletin board in the back of the room.

### Farm Bureau Provides Means To Get Action

Farm Founders Knew What They Wanted and Much Has Been Accomplished

(By Charles Heckathorn, President Berrien County Farm Bureau)

Twenty-four years ago the Michigan State Farm Bureau was organized "to provide ways and means for concerted action on agricultural problems."

The farmer was then experiencing the first drop in farm prices after the war. The Farm Bureau tackled problems at hand by campaigning for a gasoline tax to transfer the burden of constructing state trunkline highways from rural property owners to all automobile and trucks. Ten years later the Farm Bureau worked successfully for the extension of this program to township and later to the county road systems.

Twenty-four years ago winter killing of stands of clover and alfalfa had grown to be a great farm problem. Agricultural colleges traced the trouble to enormous imports of these seeds from Europe and South America. The seeds were not adapted to this climate. The Farm Bureau induced Congress to enact the Gooding-Ketcham seed staining law. The law stopped the imports of unadapted foreign crop seeds. It permitted federal inspectors for the first time to declare seeds of certain origin as not adapted to the United States, and to publicize their declaration by stamping enough of the seed red so that they betrayed their worthlessness, even if mixed with good domestic seed. Imports of such seeds stopped, and there has been much less of winter killing.

In 1942 we find the Farm Bureau working on such national questions as farm price ceilings that will encourage the utmost production. The Farm Bureau has made much progress in convincing federal officials in charge of the war effort that agriculture must be considered an essential war industry and be treated as such by all branches of the government, including selective service, the war manpower commission, the U. S. office in charge of farm supplies and farm transportation.

chase today twice as much electricity for the same amount of money as it did fifteen years ago.

America is truly the land of opportunity—opportunity to free enterprise that made this country powerful in peace—the opportunity in war to prove that free men are better producers than the slaves of a dictator.

## Insurance Topic of Berrien Jr. Farm Bureau Sessions

The Berrien County Junior Farm Bureau met at the Berrien Center Town Hall on Monday evening, February 8. Mr. Robert Gibbons spoke on insurance and showed movie pictures on the subject. Richard Koengshof, Harold Steinke, Burton Richards, Mr. Merle Stemm and Mr. Robert Gibbons took part in a panel discussion of the various types of insurance and the benefits derived from them.

The president, Raymond DeWitt, presided over the business meeting. Membership drive plans were discussed, also the question of dividing into community groups which would meet between our regular monthly meetings was discussed. The purpose of the community meetings would be to stimulate interest of new members. Josephine Taylor, Robert Tillstrom, Arnold Hafer and Helen Preston were appointed on the committee for a Lunch Box Social, which is to be held on Feb. 22 at the Berrien Center Town Hall. The proceeds from the box social will be used to replenish the treasury. The group voted to send a check of \$1,000.00 to the state office to apply on the Wheat Drive Bonds, but to continue our drive and send in the balance collected from the wheat drive when the drive is completed. Refreshments of jello and cookies were served by the committee. Bob Strong, Barbara French, Kathryn Koengshof and Robert Koengshof.

**Keep the pressure up!**

Uncle Sam is fighting the biggest "fire" in world history. Every ounce of pressure we can put behind the war effort is needed now. If everybody kept right on sprinkling lawns while a big fire was raging, the firemen wouldn't have enough pressure. Just so with the telephone system. Long Distance telephone lines, like water mains, can carry only so much at a time. Much of the capacity of the Long Distance lines is needed now for the messages that speed war production.

Here's how you can help:  
Do not make a Long Distance call unless it is really important.  
Keep all calls as brief as you can.
