

GASOLINE REGISTRATION NOV. 11-13

Campaign to Finance Youth Recreation in Former Martin Garage

Will Be Held In Afternoons

Stark Issues Instructions For Preparation by Registrants

Registration for gasoline rationing for passenger car drivers with A cards will be held at the high school on Wednesday, Thursday and Friday of next week, Nov. 11-13, with the Buchanan teachers in charge under the supervision of Supt. Stark.

Hours of registration will be Wednesday and Thursday, 1:30 p. m. to 7:30 p. m., Friday, 1:30 p. m. to 6 p. m.

The residents of the south side of the city will be asked to come Wednesday afternoon, of the north side of the city Thursday afternoon, and those who cannot come either of those days will be cared for Friday afternoon.

The task of registering Michigan's 1,500,000 passenger car owners and issuing to them their Basic A Gasoline Ration Books will be undertaken the week of November 9 by Michigan's public school teachers.

At the same time, the teachers will register motorcycle owners and issue to them the D Gasoline Ration Books. Eligible who receive their A Books and wish to make application for supplemental rations will be issued the application forms in the schools at the same time.

This huge task of registering automobile owners will follow much the same plan that was developed for sugar registering last May, and which, through the unstinted cooperation of teachers, was highly successful.

Three days, November 11, 12 and 13, have been designated by the Office of Price Administration for the A, or basic, registration.

Before an auto owner can obtain his A Book, he must meet the following requirements:

1. Agree to the 35 miles per hour speed limit.
2. Possess no more than five tires per vehicle. (Trailers are permitted only the tires mounted on running wheels, i. e., no spare or extras.)
3. List the serial numbers of his tires on his application and on his Tire Inspection Record.
4. Agree to intervals at official tire inspection stations.
5. Positively prohibit tire abuse.

TEACHERS' DUTIES

The teachers' duties, in connection with the basic registration will be:

1. To determine that the application is properly filled out and signed by the registered owner, and to determine that the owner now has motor vehicle registration card and that the vehicle described on application, a registration card agree. (Care should be taken to note that the spaces for the serial numbers of tires are filled in and that the serial numbers on the application are the same as those on the tire inspection record.)
2. To deny the application for Basic A Ration IF upon examination of the application and tire inspection record it is shown that the applicant has not sold to the government all passenger tires in excess of five.
3. To enter the serial number of the ration book on the back of the vehicle registration card, to fill in the information required on the front of the book, and to have the applicant sign his name on the inside of the book cover.
4. To issue a Basic A Gas Ration Book and a sticker if vehicle is a passenger car, to issue D Gas Ration Book if vehicle is a motorcycle.
5. To detach the Tire Inspection Record from the application and return it to the applicant together with the motor vehicle registration card, the basic gasoline ration book, and the instruction pamphlet.
6. At this time, to inform the applicant that before January 31, 1943, the tires must be inspected. Thereafter, inspection is required every four months for A Book holders, and every two months if they obtain the B or C supplemental ration.
7. To give the applicant an application for supplemental gas ration, if it is requested, and tell him to fill it in, sign it, and mail or deliver it to his Local War Price and Rationing Board.
8. This is the gasoline rationing book system, who gets them and what they mean.
9. A Book—The basic ration. The basic ration is granted to every automobile owner, giving him 192 gallons a year. Each coupon is worth four gallons.
10. B Book—supplemental ration for occupational driving. The B books are "tailored by time," each book containing sixteen coupons worth four gallon each. They are valid from three months to a year.

On Friday, Nov 6, a systematic canvass for funds to provide more adequate and more wholesome supervised recreation for the young people of the Buchanan community will be made through all shop departments of the Buchanan plant of the Clark Equipment company and the Buchanan Steel products Corporation, with the UAW-CIO organizations and the management of both plants endorsing the movement and cooperating in assuring its success.

The arrangements were completed Wednesday morning in conferences between A. S. Bonner, president of the Clark Equipment Company, President R. M. Ingleright and R. E. Donley of Local 468 UAW-CIO and in a subsequent conference with representatives of the Buchanan Steel Products Corporation. The endorsement of the city of Buchanan was placed on the canvass by Mayor C. J. Wilson, who added his signature to the posters placed in both plants. These arrangements were made with the understanding that the support would not be confined to the shop men but that a separate campaign would be carried on to afford an opportunity to office personnel, the business men and the citizens in general to lend their assistance.

The services of William Morganthau have been secured as finance officer for this special campaign. Mr. Morganthau made a very creditable record in that capacity when he organized and carried to successful conclusion the campaign for lights for night games at Athletic park.

This is the culmination of three years of work by a person interested in Buchanan young people, who has directed the activities of a group known as the Buchanan Youth Council. Last year this group was granted the privilege of maintaining a game room in the auditorium of the Buchanan Coops, Inc., through the courtesy of the manager, Robert Koemigshof and the directors. This served very materially in building up the organization but this very development overtaxed the capacity of the room. Presently the director of the Youth Council, Philip Hanlin, and his advisory committee negotiated with D. DiGiacomo for the room formerly occupied by the Martin Garage, at the corner of Main and Dewey. This has nearly 5000 feet of floor space as compared to about 800 feet of floor space in the Coops auditorium. Instead of a maximum capacity of 25 to 30 playing at one time it will afford a possible maximum of 150 to 200.

It is designed to equip this room with 6 or 8 ping pong tables, billiard tables, facilities for shuffleboard, badminton, darts and possibly volleyball or box ball, archery and other games and sports. Emphasis will be placed on active games, which will use surplus physical energy, disposing young people to go home earlier and to bed.

The tentative time program now under consideration is to keep the room open from 4 to 6 and from 7 to 9:30 or 10 in five days a week and possibly Saturday afternoons.

Consideration is being made for permitting the use of the room to children of upper grade school age from 4 p. m. to 6 p. m., and to the older youth of high school age and over during the night hours. Supervisory problems have been under consideration for some time.

Several organizations have already been pledged to financial assistance, the total of which should be a very material aid to reaching the goal. The Youth Council already has considerable game equipment which it owns or has on loan, including five ping pong tables, badminton sets, snooker and archery equipment. It has set up estimates and costs for the various items which will be involved. It is expected that work on preparing quarters and equipping them will start during the coming week and will be pushed to as rapid a conclusion as possible.

Those who are actively promoting this plan realize that it must be considered experimental to begin with but they have the experience of three years of work in the field and the management of youth projects in general is not entirely experimental to them.

They ask for the patience and the cooperation of the community. This is done in the interests not only of youth but of a special generation of youth which has been singled out by the present times for very special burdens and strains, not only during the current war but in the period which will follow. They are the generation which is soon to take over, both in the prosecution of the war but in the tremendous task of carrying on in whatever kind of world follows. Many boys associated with the group in the past are now in the armed services.

It seems fair to say that no previous generation of young people in American history has ever

Maroons Win Over Dowagiac On Rainy Field

Touchdowns In First, Fourth Quarters Win Game

(By Jim McIntyre)

Buchanan took the breaks that were given to them here last Friday and stirred the Dowagiac chiefs to a 12-6 win. Couchman ran across early in the first quarter for the first score. Sirovica evened up the score in the second but Handley's pass to Welch brought the ball within six yards of score. Buchanan ran for the winning touchdown.

The Bucks took the ball first for a run out of bounds. The Chiefs then ran off two plays but fumbled on the third. Hamilton covered the ball. Buchanan took the ball two yards and then Handley passed to Welch but failed. Zupke made a wise decision on the next play. He sent Couchman on a reverse play for a touchdown. Handley failed to make the extra point.

Welch kicked to the Chiefs who were downed on the 12-yd line. They then charged 13 yards for another 1st down. In another 2 plays they made another first. The Bucks ran through four plays as Bromley and Fay went in. Dowagiac again ran for a first down in the first play.

Then they ran off another first in three plays. Scotty Laska went in to see if he could stop those plunges. On the second play a Couer ran seven yards but fumbled to Buchanan. Handley tried one play as the quarter ended. Trapp went in.

Second Quarter

Stibbs and Trapp made eight yards but Buchanan was forced to punt. Dowagiac ran the punted ball about ten but fumbled to Trapp. The Bucks couldn't make Adams play center for Topash who came out. The Chiefs again ran a first down against Buchanan. Then they ran 12 yards and fumbled, but recovered for another first down. Then Sirovica ran 22 yards with about 11 yards to go for a touchdown. Sirovica plowed through the Bucks line to even the score 6-6.

Topash went back in as Dowagiac kicked to Stibbs who ran 12 yards before brought down. Buchanan and Trapp ran about 7 yards as the half ended.

On Dowagiac's kick-off Trapp went out with a slight injury. Handley took his place. Then Buchanan ran 8 yards and Handley made a first down. Then Handley made a very fine run good for 24 yards. He was really tricky. Then the Bucks ran four plays and punted. On the first play Welch sent a Chief for about three yards loss. They made a six-yard run and there was a 15-yard penalty on Buchanan which gave them a first down.

On the half ended. Then a nine yard gain but lost two yards on the next play, but they made a three yard run for the first down. Then the invaders lost the ball on a fumble to Couchman.

Buchanan and Handley made another first down, but failed to make another. The Chiefs made 8 yards in three plays. Larson went in as Dowagiac punted. Stibbs ran the ball up the field as the quarter stopped him.

Fourth Quarter

In the last quarter of the last home game we saw a lot of action and a lot of excitement. In as Handley made a first down in the first play, but he lost 8 as he attempted to pass but was tackled back of scrimmage. (This is where the action come in.) Handley passed to Welch who made a very neat run. We thought it was a goner when a Dowagiac man dove at him but he just leaped over him and kept on going to within 5-yards of the goal. That play was good for 45-yards. Buchanan ran across the goal line on the third play. Stibbs went in to attempt a run over but failed. (Here the rain started. It came down in car loads.) The rest of the game was played in what you might call, slow motion. The boys were afraid they would drop the slippery ball.

(Continued on Page 4)

Equipment Lack Delays Opening of I. & M. Radio Station

A delay has been caused in the start of the low wave broadcasting station at the Indiana & Michigan Electric company headquarters here, according to Supt. Kenneth Mudge, the hold-up being occasioned by delay in getting equipment. When it is started the station will be in operation from 8 a. m. until 11 p. m. continuously. In charge will be Arnold Lempe, distribution superintendent, and Fred Rikert, general line foreman.

City Hall and Dealers Have Fuel Oil Blanks

Government Release Explains Details of Rationing

Harry Post, City clerk and chairman of local rationing board, states that consumer blanks for rationing fuel oil may be secured through him or through any of the fuel oil dealers.

He furnished the Record with the following release from the government explaining the rationing.

The applicant blank covering fuel oil for all domestic, agricultural and institutional uses, excepting heating and hot water but including domestic and institutional cooking and lighting equipment and farm machinery, was made public today by the Office of Price Administration.

The form (R-1103) also is to be used in applying for a ration for washing machines, refrigerators and power plants and similar equipment as well as for supplies for cleaning tools, for insecticides and other miscellaneous purposes. The fuel oil allotments granted for purposes covered by the form will be on a three months basis, the first quarterly period beginning October 1 if application is made before November 1. In instances where application is made after November 1 the three-months period begins on the day the ration is required.

Applicants for a ration for farm trucks and other farm vehicles which are commercial motor vehicles as defined by Office of Defense Transportation Order No. 21 must state estimated gallonage needs between date the ration is required (or from October 1, 1942, if application is made after October 31, 1942) and December 31, 1942, as well as the gallons used in the corresponding period of last year. In general, OPA will issue a ration sufficient for the operation of the vehicle, but the allotment will not be larger than the amount used in the same period of 1941 unless applicant shows satisfactory cause for the increased requirements. For rations after December 31, the allotment will be the same as the gallonage approved by the ODT Certificate of War Necessity for the vehicle.

A separate space is provided for farm machinery and equipment not covered by ODT Order No. 21. Fuel oil rations for this category also will be issued on a three-months basis, with applicant required to state the estimated gallonage requirements for the three months beginning on date ration is required, and fuel oil consumed in the like months of the past year. A ration in excess of fuel oil consumed in the same quarter of the previous year will not be issued unless applicant can furnish satisfactory proof of the need for the increased allotment.

Fuel oil for domestic cooking and lighting also will be rationed on a definite gallonage basis, with applicant required to state average number of persons served by the equipment. The cooking and lighting ration for domestic purposes will be issued on the basis of need, with a maximum depending upon the number of persons using the equipment; institutional allotments will be made on the basis of consumption in the same quarterly periods of the previous year as well as number of persons using the equipment.

The ration for miscellaneous equipment and miscellaneous uses also will be based on need. The condition that allotments in excess of the past year's quarterly use will not be granted unless satisfactory cause is shown for the increased need also applies for these categories of uses.

Buchanan Joins In Republican Ballot Trend

Hoffman Leads in 4th Dist. By Over 2 to 1

All Republican candidates received majorities in Buchanan city precincts, with a total vote of exactly 1,000, including 491 in Precinct 1 and 509 in Precinct 2.

There were 325 straight Republican ballots in Precinct 1, 70 straight Democratic ballots in Precinct 2. There were 328 straight Republican ballots and 86 Democratic ballots. A total of three Prohibition ballots were cast in the city.

Reports from county headquarters at 2 p. m. indicated that in the Fourth District Congressional race Hoffman had 42,152 votes to 18,843 for Morley or a majority of 23,309 for the Republican candidate.

Latest reports from the state indicated that at that time Ferguson was leading Brown by a vote of 549,357 to 528,803 with 3545 precincts out of 3748 in the state reporting in the race for governor. Kelly, Republican, was leading Van Wagener, Democrat, by a vote of 603,072 to 538,024.

Workers in Jr. Farm Bureau Wheat Drive

The picture above represents Berrien County farm leaders who are working in behalf of the Junior Farm Bureau Wheat Drive. Reading from left to right they are Charles C. Heckathorn, Three Oaks, president of Berrien County Senior Farm Bureau, Raymond DeWitt, Buchanan, president of Berrien County Jr. Farm Bureau, Robert Koemigshof, Buchanan, manager of Buchanan Co-ops, Inc., H. G. Lukins, St. Joseph, Berrien County agricultural agent.

been faced with potential problems such as confront youth today.

The Youth Council and its management know that in a way they are going out on a limb. Why not take a chance with them?

Navy Mothers Club Play Promises To Be Outstanding

The three-act musical comedy, "Swing Out For Victory," to be given Nov. 12-13 by the local Navy Mothers Club for Navy Relief, promises to be the most outstanding musical comedy ever to be presented in Buchanan. There are 10 local people in the cast, including Teresa White, Johnny Fulkus, Russell Wade, Ned Irvin, Jean Skinner, Lois Skinner, Minta Wiestler and Bonnie June (Chain). Simpson, also 18 chorus girls and 2 trained dogs, "Buddy and Judy", and many specialty numbers.

Let's all "Swing Out For Victory" and see local talent in action and help Navy Relief.

Buchanan Service Map Lists 240 Men

The Buchanan Service Map, displayed in the window of the Michigan Gas & Electric company now contains a total of 240 pins, representing as many men and women who are serving with the armed forces of the United States and allied services.

This number includes a few who do not actually claim residence here but who grew up here or lived here during long periods. Such listings include Lon Pears, Richard Pears, Edwin Peck, D. W. Kent and others. However, the names of men recently inducted into service but not yet located, and others in the service who have not been reported yet would more than offset such listings and would undoubtedly bring the authentic representation from this community well over 250.

The handsome curtain placed back of the map was made by Mrs. Fred French, and the beautifully lettered slogan, "Back 'em up with bonds and buck 'em up with letters" was drawn by Eugene Stuitts.

Candy Shortage Stops Free Bars at Hollywood Theatre

Manager Hoffman of the Hollywood theatre announces henceforth it will not be possible to give away candy bars to kiddies during the Saturday afternoon matinee performances on account of inability to secure adequate candy for such gifts.

This practice has been followed by Manager Hoffman during his entire time in Buchanan at a considerable annual expense and it has been popular with the children. To make up for the discontinuance the additional features of special interest to children, including comedies and cartoons are being added, according to this advertisement elsewhere in this issue.

Mr. and Mrs. E. N. Scheram left Monday for Kingsville, Md., where they will spend a week with their son-in-law and daughter, Lieut. and Mrs. Robert Polley.

1st Aid Class For Air Raid Wardens Starts Next Week

A first aid class for air raid wardens is now in process of organization, according to Archie Morley, in charge of class formations here. Dr. Omans will be the instructor. Two classes are now being conducted at the high school, one taught by Dr. Allison and the other by Maude State. The Air Raid Warden class will in all probability start next week.

Works 3 Months On Govt. Training Camp

Anyone who sees the construction on a great government training camp will understand why it is hard to get lumber for other purposes, according to W. D. Ellis, who arrived home during the past week from the Finger Lake region of central New York, where he had been engaged in construction work three months.

Mr. Ellis was accompanied by his wife and they were especially fortunate in getting living quarters in a farm house five miles from the project. During the three months he was a member of a force of 15,500 carpenters and other construction workers employed 10 hours daily seven days a week. Work had been in progress three months before he went there. The project was started in the midst of old farm lands given over to a great extent to vineyards. Six months after ground was broken a training camp for 30,000 men had been practically completed. After they quit work there they visited their son-in-law and daughter, Mr. and Mrs. W. N. Crawford at Pittsford, N. Y.

Here Are Scores Guards vs. Archers

A shoulder to shoulder shooting-match was held October 27th between the Clark Guards and the Foundry Archers. The Record did not receive the detailed results last week in time for publication. Here is the score of the sharpshooters:

Archers	16	36	52
Hittle	27	20	47
Harbaugh	7	16	23
Thompson	6	6	12
Hall	8	13	21
Sittler	0	9	9
Grimes	0	0	0
Total Score	114	164	

4 Students From Buchanan Enrolled In W. Mich. College

Four students from Buchanan have enrolled at Western Michigan College, according to an analysis of the registration records.

They include the following: Ruth Bouma, senior, home economics; James Hemminger, sophomore, pro-professional; Harriet McKinnon, sophomore, home economics, and George Richards, senior, physical education.

Mr. and Mrs. Herman Boyer and children of Kalamazoo were week-end guests of relatives and friends in Buchanan.

Mrs. Lester J. Hombaker and daughter Jill are visiting relatives and friends in Evanston and Chicago.

Buchanan Is Down In Sale Bonds In Retailers' Drive

The September sales of bonds and stamps through the Buchanan retailers dropped far below the quota of \$2,500 according to a statement released by county chairman Loren Troost, which lists returns as follows:

Paroda, \$602.05; Benton Harbor, \$448.25; Bridgman, \$2,620.85; Buchanan, 1,851.30; New Buffalo, \$465.00; Niles, \$21,470.90; Water-vliet, 1,110.40; St. Joseph, \$31,038.40; Total, \$106,422.70.

H. S. Seeks Means Carrying Players to Outside Games

Emory Toogood, Buchanan school-shop coordinator, is in charge of a campaign to enlist local athletic fans who will sign up to assist in transportation of basketball teams to and from outside games during the coming season.

This is made necessary because it is no longer possible to secure chartered buses as in the past. The football team was taken to Michigan City in the Boy Scout truck, but use of that vehicle has been withdrawn. It is hoped that fans accustomed to follow the games will volunteer passage in their cars. Toogood states that it will be possible for the high school to pay gas and oil expenses for such volunteers. Athletic funds are low, however, due to poor attendance at home games.

Feb 12—at New Buffalo

First 9 Months 1943 Short on Rain

Many growers have felt we have had a wet year, says Wash O'Brien of the U. S. Department of Agriculture, Soil Conservation service Office at Benton Harbor.

Rainfall figures from four automatic recording rain gauges maintained in Berrien County show we are still a little low on moisture for the first nine months of the year.

A summary of these records up to October 1, 1942, show we are .67 of an inch short of our normal precipitation, with the month of September .91 of an inch short of normal. So far this year April has been our lowest month in precipitation with 1.22 inches against a normal of 2.92 inches. August had the highest precipitation with 4.03 inches against a normal of 3.05 inches. "The seasonal distribution has been such, O'Brien said, that many growers have suffered considerable soil losses and damage from erosion."

However, despite the rain we have had, it is none to much if we use the moisture conserving practices such as sod, sod and mulch, cover crops, and contour planting to hold the rain where it falls, he said.

Bob Habicht Is Senior N. W. Univ.

Robert Frederick Habicht is enrolled for the senior year in the College of Commerce, Northwestern University, Evanston, Ill. He is a son of Mr. and Mrs. Frank Habicht, 802 Clark St.

Mrs. Reginald W. Farling has gone to Vancouver, Wash., to spend several months with her husband.

If anyone asks you where to buy musical instrument strings and findings for same, send 'em to Bunn's Magnet Store.

adjustments in the post war period.

The Master File has already proved its usefulness in this period when trained women are being sought for war work. Since it represents the only body of data on a cross-section group of professional, managerial, and clerical workers, it is looked to frequently by such agencies as the United States Employment Service, the Women's Bureau, and the Manpower Commission for information as to where trained women in various fields may be found.

The response of the local club members in filling out these new sets of cards indicate that they realize that by registering with the file, and keeping the information up-to-date, they are helping to build up the only data available on this all-important group. They are thus enabling the National Federation and other agencies to help them fit into the war picture in work where their skills and training will be used to the utmost, and perhaps even more important, they are enabling these agencies and organizations to look ahead and plan intelligently for the post war period.

people in the future.

The chairman of the drive in Berrien County is Mr. Norris Young of Berrien Center. Mr. Young has divided the county into 4 sections. Appointing co-chairmen in each section. The co-chairmen are as follows:

Section 1—Raymond DeWitt, Buchanan

Section 2—Harold Stenke, So. Buchanan

Section 3—Leroy Hetler, Berrien Center

Section 4—Harley Marseke, Don Fields, Eau Claire.

Starting the week of Nov 9th the respective groups in each section will begin gathering the wheat. After the wheat has been gathered it will be sold to local co-operatives within the county. Anyone wishing to make contributions to this drive can do so by either sending one of the chairmen a card instructing them to come and gather the wheat, or by sending a check, which would be the equivalent of a bushel of wheat, to either of the chairmen. Here is your chance to help the war effort and to help the future rural young people of Michigan. Will you do it?

Remember—“A bushel of wheat, Will help the boys beat”

Two Buchananites At Albion College

Two young people from Buchanan are students this year at Albion College, according to a statement just released by the college registrar. They are Miss Josephine Louise Pastoe, daughter of Mr. and Mrs. Edward Pastoe of 114 Lake Street, a freshman pursuing the liberal arts course, and William Clark Straver, son of Mr. and Mrs. John C. Strayer of 103 Moccasin, a junior, majoring in business administration.

The total student enrollment at Albion College is 729.

Jr. Farm Bu. To Push Wheat Drive

Raymond DeWitt Chairman in Buchanan in Rural Scholarship Campaign

By Raymond DeWitt

The Berrien Co Jr Farm Bureau is again entering another wheat drive in co-ordination with all other counties of this state. The first drive was the purchase of an ambulance by the Jr Farm Bureau, which was presented to the Red Cross at East Lansing, Michigan.

The second drive, of which the Berrien County Jr Farm Bureau is taking part, is for the purchase of a \$10,000 War Bond. Berrien County's quota is \$300. However, they feel that this is not enough, and they are striving to get a bushel of wheat, or its equivalent from every Berrien County farmer. This is where the title "Wheat Drive" is derived from. The purpose of this \$10,000 War Bond is to set up a fund to be used strictly for the Rural Young People of Michigan. Each county putting over the amount of their quota into the drive, will receive the same amount with interest, at the maturity of the bond.

The second purpose is, while they are setting up this fund, they are also purchasing fighting equipment for the young of this group, who have already gone into service. They are helping the present young men in the armed services and at the same time looking out for the young farm

gives this loaf the great advantages of:

- NATURAL VITAMINS!
- HOME MADE FLAVOR!

No other white loaf offers these 3 Exclusive Extras!

1. HOME MADE FLAVOR—Wheaty, nut-like flavor every bit as delicious as the bread Grandma baked. Made from a famous old-fashioned recipe!
2. DATED "FRESH" DAILY—Marvel Home Made Style Bread has the "freshness date" printed on the wrapper for guaranteed freshness!
3. ENRICHED BY NATURE—Now you can get your vitamins naturally... as you would in fresh fruits and vegetables! Nothing has been added because it's enriched... by nature! It's a new, different kind of bread!

No other WHITE bread gives NATURAL Vitamins! This loaf contains all the different natural vitamins and minerals found in 100% whole wheat bread, including vitamin B, niacin (a B vitamin) and iron—and also gives you EXTRA AMOUNTS OF OTHER NATURAL VITAMINS AND MINERALS NOT FOUND IN ORDINARY WHITE BREADS. Try a loaf today!

B. & P. W. Members Register Skills For the War Effort

The members of the local Business and Professional Women's Club filled out and returned Master File cards to the national headquarters office in New York during the month of October.

This makes the second year that the National Federation of Business and Professional Women's Clubs, Inc., has recorded the skills, training and occupational history of its members with nearly half of the 76,000 working women members registered in the Master File.

Every member who did register last year is expected to keep the Federation informed as to whether she has changed her job or not, whether she is taking additional training, and in general how she is contributing professionally to the war effort. By keeping its records up-to-date in this way, the Federation will be able to publish reports from time to time on the part business and professional women are playing in the battle of production.

By keeping informed of the occupational shifts of this large and representative group of trained women, the Federation will also be able to look ahead and help these women plan now for their

year, rated on the applicant's needs. Swap-riding, if possible, is required. Maximum mileage per month in this book is 320 miles, which allows for occupational allowance of A book is 470 miles. (Does not include the 90 miles allowed for non-occupational driving.)

B Book—supplemental ration for occupational driving of those essential to the war effort and public health and safety. There are only 20 categories. The books are tailored to mileage requirements by tearing out coupons at the time of issue. Many people who think they are entitled to one will not be able to qualify under the strict regulations. Only the most essential drivers will be eligible.

D—The ration for motorcycles. Both basic and supplemental are issued in D Books.

E and R—The ration for non-highway gasoline. Use these books are issued for motor boats, airplanes, tractors, farm machinery, gas engines, cleaners and dyers, etc.

T—Issued for trucks, buses, etc. Before being issued a ration book, vehicle's owner must secure Certificate of War Necessity from the Office of Defense Transportation which will note mileage requirements. Ration is issued for that amount only.

Fleet rations are issued when one person or firm, etc., owns four or more automobiles. No basic ration is issued although mileage restrictions are the same.

Special rations are issued only for emergency purposes.

India and United States Ties
Official ties between India and the United States have been strengthened. The two countries have agreed to an exchange of representatives and Sir Girja Shankar Bajpai, a former member of the viceroy's executive council, arrived in November, 1941, as India's first diplomatic representative in any country. As Indian government trade commissioner, Sirdar H S Malik, had been appointed in 1938, with headquarters in New York, and in August, 1941, Sir Shamnukhan Chetty arrived as head of a newly created Indian Purchasing commission.

Get Material Later

Betty Kneller and
The marriage of Miss Betty Kneller, daughter of Mrs. Erna Kneller, 117 West Chicago street, Springfield, Mo., and Mrs. T. W. Burbridge, 333 North Central avenue, Chicago, took place at 8:30 Friday evening in Bridgman with the Rev. Frederick Williams officiating. The groom's sister, Miss Mary Walters, Chicago, and Ray Lang, Bridgman, were the attendants. The bride wore a blue suit with matching accessories and a corsage of red roses and white pompons. Miss Walters wore a gray suit with blue accessories and her corsage was the same as the brides.

Mrs. Marshall attended Buchanan high school and is employed by the Simplicity Pattern company, Niles. After a short wedding trip the couple will be at home in the country home of the groom's sister, Mrs. Robert O. Hausner, Range Line road.

Legion Auxiliary
Regular meeting of the American Legion Auxiliary was held Monday night in the Legion hall. Plans were completed for the Armistice party Wednesday night Nov. 11, for Legion and Auxiliary members and their families.
A 6:30 co-operative supper will be served. Everyone is asked to bring their table service.
Mrs. Fred Rikert, sewing chairman, reported that sleepers are cut and ready to be made.
The new blanket cut is being organized and the first drawing will be held Nov. 11.

Mrs. Harry Beistle was appointed national defense chairman to replace Mrs. Carl Longworth who resigned.
The members were asked to turn in any jig-saw puzzles they

With The Boys In Service

Is Graduated From Radio School
Scott Field, Ill.—Fully prepared to take his place among communications experts in the U. S. Army Air Forces, Pvt Donald T. Longworth, son of Mr. and Mrs. Earl F. Longworth, Rt. No. 1, Buchanan, Mich., has been graduated from the Army Air Forces Technical Training Command, it was announced today by Col. Wolcott P. Hayes, commanding officer.

At commencement exercises he received his diploma from the Director of Training along with scores of other radio operators and mechanics and will soon be assigned to duty with one of the Air Forces' tactical units.

Many former classmates are now with combat units in the various theaters of war as communications men with ground and air crews. Scott Field school officials have intensified studies and laboratory work here to supply the necessary men for the expanding American air offensive.

Lowell Batchelor has been promoted from second lieutenant to first lieutenant, new appointment retroactive to Sept. 30, according to word received by his parents, Atty and Mrs. G. H. Batchelor. He is still at New River, N. C., a new marine and army base which is being rapidly developed there.

Methodist Circle 2
Circle No 2 of the Women's Society of Christian Service of the Methodist church will meet at 2:30 Thursday in the parsonage

Navy Mothers' Club
A special meeting of the Paul E. Thurston Navy Mothers' club was held Thursday night in the home of Mrs. Claude Stretch. Mrs. Sam Rouse was appointed acting commander.

Members voted to send \$100 to the National Navy Mothers' club for navy relief.
Committee chairmen appointed for the home talent play Nov. 12 and 13 in the local high school auditorium were Mrs. Fred Hagley, ticket committee, Mrs. Mabel Knight, publicity, Miss Jane May-Neil and Mrs. Sam Rouse, casting and Mrs. Henry Zupke, ushers.

Thursday Evening Reading Club
Mrs. L. R. Bradley will review Alice Tisdale Hobart's book, "The Cup and the Sword" when the Thursday Evening Reading club meets tonight in the home of Mrs. Warren Willard.

Rebekah Lodge
Annual roll call will be observed at the regular meeting of Friday Leaf Rebekah lodge, No. 248, 5th street, Buchanan, on Oct. 9, 11:00 a. m. in the O. O. F. hall. The committee for the social hour includes Mrs. Arthur Voorhees, Mrs. Joseph Vincent, Mrs. Warren Willard and Mrs. Ellis Wilsey.

W. C. T. U. Meeting
Members of the W. C. T. U. met Friday afternoon in the home of Mrs. A. F. Kann, North Buchanan. Virgil Bartlett, theological student and Lee Kramer, graduate nurse of Emmanuel Missionary college, Berrien Springs, were guest speakers.

Their topics were "Alcoholic Effect on Our War Effort" and "Alcohol, and its Effect on our Soldiers."
Mrs. Howard Otwell presided at the business meeting and Mrs. John Topash was program chairman.

Rural Reading Club
Mrs. Kelsey Bantion was hostess to members of the Rural Reading club at a 1 o'clock luncheon Monday. The afternoon was spent hemming towels for Pawating hospital. The next meeting is set for Dec. 7.

Evans Ladies Aid
Mrs. T. E. VanEvery will be hostess to members of the Evangelical Ladies Aid Society at a social program and tea in her home Thursday afternoon at 2:30. Each member is asked to bring a gift.

Brethren Ladies Aid
The Ladies Aid Society of the Church of the Brethren will meet Thursday afternoon in the church parlors.

Royal Neighbor Club
The Royal Neighbor Club met Tuesday night in the Woodmen hall with Mrs. Arthur Voorhees and Mrs. Ada Schwartz in charge of the social hour. Plans were made for the annual Thanksgiving dinner at Quin Waters farm Nov. 17.

Contest prizes went to Mrs. George Mills, Mrs. Albert Decker, Mrs. Clarence Tippy, Mrs. William Keller, Mrs. Tennyson Bunker, Mrs. Russell Bishop, Mrs. Elmon Starr, Mrs. Lester Mitchell and Mrs. Nora Miles.

Evans Jr. Aid Society
The Junior Aid Society of the Evangelical church will meet in the home of Mrs. Rollie Diethrich, 201 Days avenue, Thursday afternoon.

Meth. Nursery Dept.
Mothers of the nursery department of the Methodist church met Wednesday afternoon at 2:30 in the church parlors with the new officers in charge. President, Mrs. Floyd Renbarger; vice president, Mrs. Orville Harrington and secretary-treasurer, Mrs. Emory Toonard. Plans were made to sponsor a baby booth at the annual bazaar in the church, Dec. 5.

Dinner for Soldier
Mr. and Mrs. Leonard Dalenberg and family and Mrs. Florence Upson will attend a family dinner Thursday night in the home of Mr. and Mrs. Ben Anna-

to Camp Forrest, Tullahoma, Tenn

Private Charles C. Morse, son-in-law of Mrs. Lydia Dempsey has been transferred from Camp Edwards, Mass., where he was attached to the Engineers Amphibian Command, to Camp Ponchartraine, New Orleans, La., where he is in a diesel engine school.

Corp. Willis Long, serving as an airplane mechanic at Baton Rouge, La., visited over the weekend at the home of his parents, Mr. and Mrs. Henry Long, and with his sister, Mrs. Earl DeFinger.

Twelve Buchanan men were included in the last October contingent from Draft District Three, Berrien County, which returned Wednesday night from Kalamazoo for a furlough of two weeks before reporting at Fort Custer for service on Nov. 11.

Men from Buchanan are William Walter Ot and Ernest Edwin Miller, Route 2; Edwin Russell Arthurhuth, 703 Main street, Lenard Earl Cramer, 11 1/2 South Oak street, Ryne G. Hays, 408 West Front street, Ralph Glen Philippe, general delivery

John Juhasz, 124 Main street, William Mathis Bowers, Route 2, William Thomas Sullivan, 205 1/2 North Detroit street, Walter Brown, 304 North Main street, Harold Eugene Fierbringer, 101 West Fourth street, and Arnold William Cramer, Route 2.

Others were George Arthur Swen, Lyle Edgar Doyle, Ford William Klesner and William Nathan Russell, Galien. John Gehms, Donald Russell Brower, Gene Dalton Goble, Jerald Lamuel Haack, and Guy Robert Vander-Meer, all of Three Oaks.

Pvt Dewey Black, who left Buchanan to enter military service at Fort Custer, has been transferred to Coolidge, Ariz., where he will be trained 8 weeks for military police service. He had been employed as a sand blaster in the River street housing plant. He wrote his wife that it was "100 in the shade and no darn shade" at his new location. His address is—
Pvt Dewey Black
378th M. P. Co
Florence Int Camp
Coolidge, Ariz.

Charles Matthews, Hospital Apprentice, first class, located at the U. S. Naval Reserve Aviation Base at Anacostia, D. C., where he has been assigned first and ambulance duty, has recently entered the Aviation Medicine Technician school for 6 weeks training.

Richard Bromley, son of Mr. and Mrs. Fred Bromley has enlisted in the Naval Reserves and left Tuesday for final examination at Detroit.

Private James M. Ellis has been transferred from Rice, Calif., to Camp Pickett, Va. His address is 36196170 Co. A, 86th Arm'd Inf. Reg't. A. P. No. 253. Camp Pickett, Va.

Jack Dalenberg, Seaman, Second Class, Ford Naval Training School, Dearborn, and Sgt. and Mrs. Rex Weller, Detroit, were Sunday guests of Mr. and Mrs. Leonard Dalenberg.

Richard A. Schram, located at Glenview, Ill., has been promoted from Ensign to Lieutenant, Junior Grade.

Raymond Letts, who recently enlisted in the army air corps, is located at Lawrenceville, Ill., in the 700th Signal Squadron.

Robert Hamilton has completed his technical school training at Scott Field, Belleville, Ill. He was recently transferred to Atlantic City, N. J. He received a promotion to the rank of mess Sergeant.

Elwyn Bromley, who enlisted in the army Saturday, left Monday for induction at Toledo.

Marshall Doak, Pharmacist mate, Second class, has returned to the U. S. Navy Yards at Charleston, So. Car., after visiting his parents, Mr. and Mrs. Sam Rouse. He was on the USS Wakefield that burst at sea several weeks ago and is now on independent duty on the USS Arapahoe.

Corp. Charles Bainton has returned to Camp Forrest, Tullahoma, Tenn., after spending a furlough with his parents, Mr. and Mrs. Kelsey Bantion.

Pvt Lester Letter, Fort Custer, is spending a 10-day furlough with his sister, Mrs. Foster DeFoy and other relatives.

Sgt. Robert Ellis, located at Las Vegas, Nev., in the Army Gunners School, has been transferred to the 492nd School Squadron as a student attachment for 6 weeks training.

Fred Bromley, Jr., who enlisted in the US Navy last week is at Great Lakes, Ill. His address is Camp Porter, Co 1504, 3rd Battalion, 8th Reg't., USN—TS, Great Lakes, Ill.

Private Homer Taylor, son of Mr. and Mrs. Montford Taylor of the Clear Lake district, is now a member of the army air corps, stationed at Sheppard Field, Texas. He enlisted on Oct. 12, 1942, and was at first erroneously reported as having enlisted in the navy.

Robert Rinker, son of Mrs. Frank Rinker, was a visitor at his home here over the week-end

Maroons Win Over Dowagiac

(Continued from Page 1)
Dowagiac ran off four plays. The Bucks were also forced to punt on the fourth. Buchanan's punt went to Dowagiac's 2-yard line. They made a good punt out of the hole to the Bucks. Buchanan and Handley made a first down but the whistle blew.

Editorial

"Book Week"

A small party of white men traveled deeper-deeper into the mysterious, dangerous South Africa. It is not everyone who gets the chance to do this, but you can. You can take many trips and have many adventures very easily. How? Just make a visit to your school or public library. Take several books home and read them. Read for the fun of it. Read for education. Remember Abraham Lincoln? He used to read books. He did pretty well, too.

At times in the lives of everyone there is the desire to curl up in a chair with a big juicy red apple and a thick book. Come on, jittersbugs, admit it. Even you have had this feeling so common to all.

It is reading books that forms the foundation of your knowledge and life work. This week has been dedicated to books. Evidently they must be greatly important. Don't neglect this fact. Make an effort to increase your reading, and continue this through the year.

Band Parents Club

The Band Parents Club met Oct. 27 in the high school. They planned entertainment for the music department this winter. They also discussed ways and means of aiding the Youth Council in its very laudable program of youth activity.

(Hot chocolate and doughnuts (not coffee) were served as refreshments.)

News Notes

The Mother's Club held its meeting Wednesday, October 28, in Miss Carnagan's room. Miss Blackbun of Kalamazoo lead the discussion group.

Miss MacNeil's seventh grade home room held a Halloween party during home room, Friday. They came masked and carried a bum's lunch.

Junior Red Cross

The first grade in Mrs. Morley's room is collecting crossword puzzles which will be mounted on cardboard.

Members of Miss Lovell's fifth grade are weaving bookmarks and have already completed some knitted squares for afghans. The key drive has ended Twenty-five pounds of keys were collected by members of the Junior Red Cross. These keys will be sold and the money used to buy materials for soldiers and children's hospitals.

Charlotte Rank and Roselle Chilson, accompanied by Ruth Van Every, will sing several selections Nov. 9th for the 30 Club, which will meet at the home of Mrs. John Strayer.

Board Entertains Faculty

The Quinn Waters famed eating place buzzed with excitement last Monday night when the school faculty was entertained by the Board of Education.

The hosts Dr. Strayer, Mr. Morgenthau, Mr. Russel, Mr. Swain and Mr. Hanlin proved to be perfect entertainers.

Faculty Buy War Bonds 100%

Flash! The teachers of Buchanan are aiming at Hitler, too. They don't want to instruct under a dictator, neither do they wish to teach from German or Japanese textbooks. So they have gone 100% for war bonds. They're investing a part of their salaries to keep this country free. That Hitler, is what B. H. S. teachers are doing.

High School Art

The girls art class instructed by Miss Shepell have completed a course in color charts using water paints, colored chalks, crayolas, and temper paint.

The girls are now working on woodcraft, making such things as wooden belts, sewing trays, beadcraft, woodburning and leather articles.

The class has also made posters for the Junior Red Cross and menu covers featuring a Christmas picture.

Apprenticeship News

Robert Snider, Claiborn Gooch, James Morse, Robert Clark, Gerald Smith, Lyle Critfield have joined the apprentices.

Students, there are two openings unfilled. Please contact Mr. Toogood, if you are interested.

Notice To Juniors

This year the Juniors are very fortunate to get class rings. Let's all rob our piggy banks and order them as soon as possible. The sooner they are ordered, the quicker we can wear them.

B. H. S. Has New Teachers

Well, for the first time the faculty of Buchanan High School has all vacancies filled.

Our new physical education teacher, Miss Alleda Nelson, comes to Buchanan from Plano, Illinois. This is her first year of teaching.

Miss Bertha Lovell arrived Monday to teach fifth and sixth grades. Her sister, Miss Dorothy Lovell, who is now teaching sixth grade, came to Buchanan this fall. The two sisters graduated from River Falls State College in their home town.

Miss Bertha Lovell arrived Monday to teach fifth and sixth grades. Her sister, Miss Dorothy Lovell, who is now teaching sixth grade, came to Buchanan this fall. The two sisters graduated from River Falls State College in their home town.

Our new editor, the sixth son and the eighth child of the Trapp family, is Richard Harold. He is better known as "Zook". Chop suey is the food that "Zook" really goes after. Kay Kyser provides his pleasure in music.

"Zook" has his eyes set on the Marines for his future.

"Pass Another Wiener!" "Oh, I scorched my coat!" "Move over I want to get warm!"

These were some of the remarks heard at the Journalism party, Saturday, October 24, at Bear Cave.

When the students weren't crowding around the fire to keep warm, or dodging burnt marshmallows that were flying in all directions, they were having a great time.

The party was chaperoned by Miss McNeil, the Journal instructor.

Much interest has been displayed in the Blue Print Class.

Vonda Beck, Helen Hanover, Bernice Hemphill, Mary Hickey, Anna Mae Heiney, Jean Phiscator, Dorothy Richter, Julia Rouse, Ruth Shtukus, Ruth Toll have enrolled.

The class will be acquainted with the terms of reading blue prints.

Start Kindergarten Clinic

Mrs. Lamb is going to start her annual kindergarten clinic soon. This clinic will be held in her office with each parent, child, and family doctor. The child is given a physical examination in addition to a dose of toxoid, (prevention against diphtheria) if it has not already been given.

A book is man's very close friend. Many times a book helps one. When you're home at night with nothing to do, select a good book and sit in your favorite chair and read.

Books are important in everyone's life. They provide necessary

information and one gains much needed knowledge from books.

There are books that provide entertainment and others that aid one in the occupational fields.

Get educated, read books. "The boy who reads is the boy who leads."

Who's Entitled to a B? You can earn your letter by taking part in school sports. A certain amount of time in the games is required before you obtain your letter.

In the sports, you are qualified to receive the letter in, are: track, basketball, football, and the girls can get one in G. A. A.

In music, to qualify for a letter, one must have at least one year of meritorious service.

In music only one letter can be obtained regardless of the number of years in service. In sports one can get a letter in each sport every year.

Basket Schedule Starts Nov. 25

That long-awaited basketball season is just around the corner. The team will do its utmost to have a winning squad, even with the loss of Lyle Watson, a member of this year's senior class who joined the navy.

Dretzler, Bachman and Snodgrass are the returning players from last year's varsity while there is a lot of good material coming forth from last year's second team.

We're looking to you townspeople, Clark workers, and students to reserve a bleacher in the gym and watch good old B. H. S. win.

The schedule for this season:

Home Games
 November 25—Niles,
 December 4—Dowagiac,
 January 8—Bridgman,
 January 22—Central, Catholic, South Bend

Away Games
 January 29—St. Johns, Benton Harbor,
 February 19—St. Augustine, Kalamazoo,
 February 26—Berrien Springs

December 11—St. Johns, Benton Harbor
December 16—Central Catholic, South Bend
December 18—St. Augustine, Kalamazoo

January 12—Berrien Springs
February 2—Niles
February 9—Dowagiac
February 9—Dowagiac
February 12—New Buffalo

Grade School News

The pupils in Miss Carnagan's room enjoyed a costume Halloween party last Friday. The decorations, games, and refreshments were planned and prepared by the children.

Nancy Sue Lauver brought three Mother Goose plaques for the room.

Robert Johansen's name has been added to Mrs. Morley's Dental Honor Roll.

We will dress up for Halloween on Friday. It will be fun to fool everybody. The room is dressed up now.

Mrs. Morley brought the story of Bambi. All of the children liked the story.

Carmen brought a picture story of Indian Summer.

The new Lieutenants are Barbara Coffel and Joe Hayes.

Miss Fritz's children are going to buy a library book with the dollar they received as a prize from the P. T. A.

The helpers for the next six weeks are Harold Forburger, Phyllis, Nancy, Jack, Roberta, and Albert.

Miss Kinney's third grade enjoyed their Halloween party very much last Friday. Nearly everyone came in costume, and it was great fun guessing who the different children were.

The children have started buying Defense Stamps. They are going to keep a record of stamps bought. The children would like to have a contest between the girls and boys.

Miss Kinney is reading "Bambi" to the children. They also have the Bambi cut-outs and have a crest scene with all of the forest animals which are in the story.

The boys and girls in Mrs. Fuller's fourth grade are enjoying "Little Jungle Village." It is a story about South American Indians in British Guiana. Their life is similar to jungle life in Africa, a part of fourth grade geography.

Miss Lovell's fifth grade have enjoyed making plans for their Halloween party. The committees have been very busy and those who are in charge of the entertainment have been keeping their games a secret.

We have a good start on our afghan for the Red Cross. We now have six completed "squares" and several more that are very nearly finished. Besides our afghan we have been weaving bookmarks.

We have four completed and several more still on the loom.

The children in Miss Elstrom's fifth grade are studying teeth. They are making a health notebook. Now they are writing a chapter about their teeth. The chapter will include drawings and sketches. Each pupil writes and draws about his own teeth and makes suggestions about how he can keep his teeth in a healthy condition.

There are sixteen people on the Dental Honor Roll.

The girls and boys of Miss Ream's room each had a chance to make the cover for the P. T. A. or Mother's Club booklet. There was quite a variety of ideas. The one picked was designed by Elton Orpurt. It was a nice idea.

In Miss Jefferys' sixth grade we are having a race to see who can get the most names on the Dental Honor Roll, the boys or the girls. So far the girls are ahead, eleven to five. Jean Peo has helped by adding her name.

We have some new pictures on our bulletin board. They're about Halloween. Some are witches, some are ghosts, and others are faces of pumpkins in a window.

Dewey Avenue

The kindergarten has been busy this week, planning for Halloween. Next week we are going to check to see how many of us can do our shoe-laces. That is one of the things we must all be able to do.

Mrs. Heim's first grade has made two tips to the library. Sue Ann Markham has her own library card and brought two story books which the children enjoyed having Mrs. Heim read to them.

The second grade at Dewey began this week to learn cursive writing in addition to the manuscript printing which they have used so far. We had one penmanship period in which we practiced the first three letters of the alphabet and handed in very satisfactory papers.

The pupils in Mrs. Wilcox's third grade are learning how to subtract in arithmetic. We are learning how to write letters in our English class. We are practicing for a book week assembly with Miss Kappel's room.

Miss Kappel's third grade spent much time with the globe of the world. The pupils tried to discover reasons why we know the earth is round, and many of them found islands and countries that are in the news today on the globe.

The fourth grade pupils at the Dewey School have started using ink in their penmanship work. It has been quite a thrill for some of us. We are proud to say, too, that the results are quite pleasing.

Library News

Eleven members of the Library Club were present at the Hard Time party at the home of Betty Schoff, Wednesday evening, October 28.

Contest prizes were won by: Gloria Bagley, Marjorie Souws, and Marjorie Best. Marjorie Best won the prize for being dressed in an old pair of overalls and an old plaid shirt with a wide leather belt.

Miss Cernahan entertained the group by telling some of her past experiences. Cider and donuts were served.

Guests of the evening were: Miss M. E. Reynolds and Lucille Shaner.

The committee for the program

HOLLYWOOD

Ellery Queen Smashes Enemy Agent Spy Ring

"Enemy Agents Meet Ellery Queen" — and crashing defeat on the American front! Favorite sleuth of screen, radio and fiction Ellery Queen drags glittering instruments of death from Egyptian mummies and Hitler spies!

Latest in the thrill-packed series based upon the famous crime-hunter's exploits, "Enemy Agents Meet Ellery Queen" will be shown Friday and Saturday, Nov. 5-6-7, at the Hollywood theatre with William Gargan and Margaret Lindsay again featured as the sleuth and his man-hunting secretary, respectively. Other in the top-flight cast are Charley Grapewin, as Inspector Queen, Gale Sondergaard, Gilbert Roland, Sig Ruman and James Burke.

Movies Employ 84-Year-Old Indian Scout

"Scout" Frank Murphy, 84-year-old Indian fighter and cowboy, whose stories of his lusty, gusty days in the old Southwest were published in a national weekly magazine a short time ago, was engaged to act as technical advisor on "Men of Texas" (The Universal historical thriller coming Friday and Saturday, Nov. 5-7, to the Hollywood theatre, is based on post Civil War days in the Lone Star State.

Murphy was an intimate of such famous characters as "Buttalo Bill" Cody and Emmett Dalton, last of the notorious Dalton gang, and claims that he reached his venerable age because "I rode a horse for sixty years."

Diana Barrymore Makes Film Debut

Diana Barrymore, daughter of John Barrymore, makes her screen debut in Walter Wanger's new Universal production, "Eagle Squadron," playing at the Hollywood theatre Sunday, Monday and Tuesday, Nov. 8-9-10. But her father in the picture is not the "great profile" of real life, but Paul Cavanagh, veteran character actor.

Irene Manning Sings Too Well For First Film

The life ambition of Irene Manning, who starred in light opera with John Charles Thomas before Warner Bros. brought her to Hollywood, is to be a dramatic actress.

Her first assignment was to sing in "Yankee Doodle Dandy," and she looked so good that studio executives, immediately cast her opposite Humphrey

Bogart in "The Big Shot." Then came the pay off. In a certain scene, Irene was given a song to sing — and nobody liked it. They said it was terrible.

"You're not a singer now," she was told. "Just a woman. Most women don't sing like light opera stars. If you can't sing this song poorly, we'll have to find someone who can."

When Irene cut out the trills and high c's she was applauded — for skillful mediocrity.

Betty Kean Has Film Debut in Republic Movie

Betty Kean, famous comedienne and dancer, makes her film debut in "Moonlight Masquerade," the Republic picture showing at the Hollywood theatre Wednesday and Thursday, Nov. 11-12.

Her specialty is dancing — ranging from the amusing to the graceful, from tap to the eccentric. It is largely through this talent that she became a Broadway headliner. Nevertheless, she has such a flair for comedy that New York critics have insisted that she invariably walks away with the honors in any show in which she appears.

Primary School Fund Gets \$1,691,000 From Michigan Bell Co.

The Primary School Fund was boosted by another \$1,691,000 today as the Michigan Bell Telephone Company made the second-half payment on its state property tax for the year 1941.

A check for the first half payment of the \$3,382,743 tax was turned over to the state June 30. The total is the largest payment into the Primary School Fund, which is allocated to Michigan's public schools on the basis of their last school census.

Unique Matters Transacted in Probate Court

October saw many unusual matters transacted in probate court according to the monthly report issued today by Probate Judge Malcolm Hatfield.

There was a slight increase in the number of secret marriages performed and also the new insane and incompetent cases admitted to state institutions. Also, for the first time in many months the number of new estates admitted to probate exceeded the number of old estates closed. This was due to the negligence of certain administrators and executors in following the courts implicit instructions to file their final accounts.

Unless greater cooperation is extended by such persons the Court will remove them and then bondsmen will be asked to make good.

Ten new guardians of minors were appointed in October while three guardians were discharged due to the fact that their wards had become of legal age. Two dram proceedings were started and six notary licenses approved. The Court ordered administrators to pay \$75.01 in intangible taxes and \$2258.11 in inheritance taxes.

Additional inheritance taxes in the amount of \$5540.38 were computed.

One adult was permitted to change his name, two petitions for restoration to soundness of mind were adjoined awaiting further expert testimony while six chil-

children were adopted by relatives.

Throughout October Judge Hatfield permitted 13 crippled children and 24 afflicted children to be treated at state expense. Six others were cared for at the County Hospital.

With mothers working in defense plants there has been a gradual increase in delinquency. Altogether, throughout the month the Court heard 23 cases of delinquency, 3 cases of dependency, 7 cases of neglect and 8 cases where runaways which had to be returned to their parents. Although the nation is at War and everyone is conscientiously attempting to conserve rubber the Court was required to hear the cases of six youthful traffic violators who were arrested for speeding. The parents of several such offenders were highly incensed when Judge Hatfield denied them the use of the family car for the duration of the war.

Brave Bird

The Nile bird will walk right into the wide-open mouth of a crocodile in search of food.

Prescriptions in Latin

Prescriptions are written in Latin so they will be understood all over the world.

Gunpowder for Bathing

Our grandparents used to bathe with a mixture of gunpowder in water for skin trouble.

answer promptly

and save minutes for war!

You've wondered what else you could do, in your own daily life, to speed the war effort. Here's one thing everybody can do —

When your telephone rings, answer as quickly as you can.

It's a little thing, but if all cooperate it can be far-reaching in its importance.

Every call must pass through a central office switchboard. And, switchboard facilities and telephone lines are busier than ever — carrying war messages. We'd like to add enough new equipment to meet all demands, but that's impossible because of material shortages.

So you can see why it's important not to keep any call waiting. Your cooperation in saving telephone minutes helps clear the wires for war calls that must go through!

Michigan Bell Telephone Company

Suppose you flicked this switch

and nothing happened!

Click! . . . Over and over between dusk and dawn — hundreds of times a month — thousands of times a year — your finger-tips repeat that simple motion until it is automatic and unthinking.

But suppose you let yourself in late some night and flick the switch — and nothing happens! No light anywhere! Imagine your emotion as annoyance gives way to confusion, concern and fear. Something's seriously wrong when the lights won't work!

The very fact that you do take electric service for granted is a tribute to the men and women who supply it. They've made it dependable — and they've made it cheap. The average American family gets twice as much electricity for its money as it did 10 to 15 years ago — and has many more appliances to make life pleasant.

The big job now is powering industry — the roaring factories that are making tanks, planes, ships and guns. That job, too, the electric companies have done so well that Uncle Sam is far more power-full than all the Axis countries combined.

This power is possible — and this war will be won — for the same reason — the American tradition of freedom. Freedom of business management under Government regulation — freedom to make our own laws — live our own lives — freedom to invent, invest and produce for everybody's benefit. . . . That is the American Way — the absolute opposite to the Hitler system of political management and state slavery.

America's strength today shows that the American Way has worked. It proves that practical business management is meeting the needs of this way of life.

Dorothy Sherwood Becomes Bride of Richard Reum

On Saturday afternoon at 3 o'clock at the St. John's Evangelical church of Niles was the scene of the marriage of Miss Dorothy Sherwood, daughter of Mr. and Mrs. Ernest Reum, 918 Lake street, Niles.

The Rev. Theo Eisen, pastor of the church, read the single ring service.

The bride wore a street dress of Kelly-green silk, luggage tan accessories and a corsage of gardenias. Miss Phyllis Sherwood attended her sister as maid of honor.

She chose a brown street dress with green accessories, and a corsage of white carnations.

Mr. Crawford, Battle Creek, attended the bridegroom as best man.

Dinner was served at 5 at Quinn Waters for members of the bridal party and immediately families, after which the couple left on a wedding trip.

Mrs. Reum was graduated from Buchanan high school in 1941 and has been employed in the office of the Clark Equipment company.

Mr. Reum is a graduate of Niles high school and is employed in the Battle Creek branch of the Clark Equipment company. The couple will make their home in Battle Creek.

Announce Marriage Of Their Daughter

Mr. and Mrs. Clifton Fay, 623 Sycamore street, Niles, announce the marriage of their daughter, Ida Louise, to Richard C. Ellis, son of Mr. and Mrs. Charles W. Ellis, 510 Moccasin avenue.

The service was read Aug. 9 in St. Joseph by the Rev. George E. Moses, pastor of the Methodist church. Mr. and Mrs. Logan Donathan, South Bend, attended the couple.

Mrs. Ellis was graduated from Niles high school in 1938 and was employed until recently by the Local Finance corporation in Niles. Mr. Ellis attended Buchanan high school and is employed by the Bendix corporation, South Bend.

They are making their home at 632 East Pennsylvania avenue, South Bend.

Elsie Hoffman and Thomas Marrs are Married

Miss Elsie Barbara Hoffman, daughter of Mr. and Mrs. William F. Hoffman, 697 Lafayette avenue, Hawthorne, N. J., and Thomas Forest Marrs, son the late Mr. and Mrs. Hugh C. Marrs, Buchanan, were united in marriage Oct. 25 at a pretty wedding in the

home of the bride's parents. The ceremony was performed at 2 p. m. by the Rev. John S. Moore, of Hawthorne, before a large gathering of friends.

The bride was attired in a lovely white satin, lace trimmed basque gown with sweetheart neckline and a long train.

She wore a fingertip veil of silk illusion and carried a shower bouquet of gardenias and bouvardia.

Miss Vera Hoffman was her sister's maid-of-honor and wore a basque gown of green velvet and white striped taffeta. She had a head-piece of bronze chrysanthemums, with a green veil and carried a bouquet of bronze chrysanthemums.

The bride's mother wore a purple velvet dress with an orchid corsage.

Robert Hyneman, of Newark, N. J., was best man.

During the ceremony, the professional was played on the organ by Mrs. Frank Gilg, sister of the bride. The home was attractively decorated with white flowers. The bride is a graduate of Central high school, Hawthorne.

The bridegroom was graduated from Buchanan high school with the class of 1938 and has been employed at the Standard Paste and Glue company at Passaic, N. J.

After a short wedding trip the groom returned to Newport, R. I., where he is an apprentice seaman in the U. S. Navy.

Miss Edward Gomoll and Dwight Marrs, sister and brother of the groom, attended the wedding.

Bettie Lou Smith is Married to Herbert Russell

In a ceremony Saturday afternoon at 3 in the Methodist church Miss Bettie Lou Smith, daughter of Mr. and Mrs. Larry Smith, Terre coupe road, became the bride of Herbert Russell, son of Mr. and Mrs. Robert S. Russell, 411 East Front street.

The Rev. Charles Hahn officiated before an altar backed with lavender and yellow pompons and palms. Mrs. C. W. Kelley played nuptial music and accompanied Miss Jean Hoinville who sang "Because" and "I Love You Truly."

Miss Frances Russell, sister of the groom was maid-of-honor, and Kenneth Herman was the best man. Bridesmaids were the Misses Wathena DeWitt and Lynne Dalrymple.

Fred Manning and Clair Welsh were ushers.

The bride wore a floor length gown of white satin made with a long train and a gathered beaded bodice, the skirt with inserts of lace. Her fingertip length veil fell from a tiara of orange blossoms and she carried a shower of pink roses and white chrysanthemums.

The maid-of-honor wore a floor length gown of rose taffeta and carried a bouquet of tansman roses and rust and white pompons. Miss DeWitt wore pink taffeta and carried a bouquet of pink and white chrysanthemums.

Miss Dalrymple wore blue taffeta and her bouquet was yellow and white chrysanthemums.

Following the ceremony a reception for 75 guests was held in the church parlors.

Mrs. Russell was graduated from Buchanan high school with the class of 1941, and is employed in the office of the Clark Equipment company. Mr. Russell was graduated from Buchanan high school in 1939 and has been employed by the Clark Equipment company. The couple will leave Nov. 9 for Chicago where Mr. Russell will attend the Reserve Officers school for training in the Signal Corps.

Naomi Ward and Everett R. Horner Married

Miss Naomi Ruth Ward, daughter of Mr. and Mrs. Lonnie Ward, 801 South Oak street, became the bride of Everett R. Horner, son of Mr. and Mrs. Everett W. Horner, Route 1, Barron Lake, Saturday, Oct. 31, at 4 in the First Christian church in Niles.

The single ring service was read by the Rev. Gladys Dick, Buchanan. Before the ceremony nuptial music was played by the Rev. Ruth Facemire, Sacramento, Calif. She sang "I Love You Truly."

The bride, given in marriage by her father, wore a floor length gown of white brocade satin, with a fingertip veil of tulle, edged in lace and carried an arm bouquet of pink roses.

Miss Bernice Kempff, maid of honor, chose a floor length dress of blue taffeta, a blue shoulder length veil of tulle and carried a bouquet of pink carnations and white pompons.

The bride's brother Richard was ring bearer and her niece, Nona Beatty, was flower girl. She wore blue taffeta and carried a basket of pink rose petals.

The bridegroom was attended by Clive Hupshier.

Venzil and Lonnie Ward, brothers of the bride were ushers.

Mrs. Ward, mother of the bride, and Mrs. Horner, mother of the bridegroom, wore gowns of black and corsages of yellow and orchid chrysanthemums.

After the ceremony a reception for 75 guests was held in the home of the bride's parents. Open house for friends and relatives was staged in the home of the bridegroom Sunday afternoon at 2:30.

Mrs. Horner attended school in Kokomo, Ind., and has been employed by the Simplicity Pattern company. Mr. Horner graduated from Niles high school and is employed by the Kawneer company. They will make their home at 714 Howard street, Niles.

WAR BONDS AND WAR SAVING STAMPS ALWAYS ON SALE AT OUR BOX OFFICE

(Continued from page 1)

WHICH COME FIRST WITH YOU— PLANES AND TANKS Or Your PERSONAL COMFORT?

There can be but one answer... this is WAR and WAR NEEDS COME FIRST!
That's why we're asking you to help us conserve all vital materials... rubber, gasoline, trucks and man hours so there'll be more for the armed forces.
All we're asking is that you wait a bit on the service calls we used to answer so quickly... to adjust the burners or pilot light, check the oven or do the other little things that spell GOOD SERVICE, things that could have waited if necessary.
We're "bunching" calls to make each trip out count for half a dozen jobs instead of one to save tires, gasoline and trucks. It saves time, too, and as you know many of the boys who used to work for us are now fighting for Uncle Sam. The ones still with us are doing the best they can with what they have, to take care of you as quickly as possible. They'll appreciate your patience and co-operation.
Repair parts aren't as easy to get... we can't carry the stock we used to carry... in many cases the worn or broken part must be sent to the factory before they can ship a new one.
We're doing the best we can with what we have... trying to make it last. We hope you'll do the same. Your modern gas appliances were made to give good service for many years... take good care of them and they'll take good care of you. When they do need repair or adjustment we'll get to you as soon as we can but please don't ask for a special trip except in emergency.
The longer we folks at home make the things we have last the sooner the boys at the front will get more of the things they need to protect our homes, our children, our country.
