

Buchanan Stuns Lakeshore In District Finals

The Buchanan Bucks added a District trophy to their collection Saturday by downing Lakeshore on a last second bucket by guard Walt Vanderbush in the 65-63 championship win. Balance scoring and board control were the key in the Buchanan attack as the Bucks took rebound domination by more than doubling Lakeshore's 31 with 66, and landing five men in double figures.

In the opening quarter, Lakeshore built an early lead of 12-4 before Lancer Mike Holland fouled Vanderbush and turned it into a Buchanan three point play to close the gap 12-7. However, Lakeshore's sophomore forward, Tom Jager, found the bucket six times for 12 points in the quarter and kept the Lancers their five point gap at 20-15 in the closing minutes. With 46 seconds left, Marty Mason bumped center Mark Jackson while shooting, and the senior got the Bucks their second three pointer. The quarter ended Lakeshore 20, Buchanan 18.

The score remained two apart at 24-22 before Lakeshore opened the gap on five floor shots by Jagger and two by Jeff Wiles to only one by Vanderbush to give domination to the Lancers 38-24. Only two freethrows by Mike Busby in the closing seconds cut the lead to 42-30 at the half.

The Bucks started to whittle away the strong Lakeshore lead and with 3:59 left in the third, Jackson's freethrows tightened things 46-43. However, Lakeshore regrouped, and going into the final stanza were up by eight, 59-51.

Ken Garrett and Mike McGurt brought the Bucks to within six, 63-57, but during the course of the comeback, Garrett received his fifth foul, and the Bucks were going to miss him from the line up Willie Brown at 5'10" would have to match up with 6'5" Mason, and the Bucks board power looked weakened. At 2:57, Lakeshore called time out, but as they inbounded the ball, McGurt stole it and Don Altic fouled him, receiving his fifth. McGurt hit one of the charity tosses and tightened things to five, 63-58. At 1:46, Mason joined Altic on the bench and sent Jackson to the line. Jackson connected with his first but his second missed, and Busby rebounded and hit to close things to two, 63-61. Vanderbush fouled Andrews, who missed, and the Bucks got possession. Mark Jackson sent a shot to the rim that was off, but Busby used his height and ability to jump and tipped the ball three times before the tying basket was produced. Brown fouled Andrews with 24 seconds left and again he couldn't connect and Busby rebounded as the Bucks called time out.

"We wanted to get the clock down to three seconds and get the ball inside to Busby or Jackson," said Coach Bill Wilson. "But if the inside was closed and we were unable to get in, we could go with the outside as Brown, McGurt and Vanderbush are capable outside shooters."

The Bucks had to go with the outside shot, and Vanderbush set sail with the shot with 2 seconds left. The eighteen footer went in, and the Bucks came out on top.

"It's not too often you can play a first half like ours and still win," Coach Wilson stated after the contest. "They just wouldn't be denied and they earned it."

"Lakeshore threw an offense at us that we didn't expect, especially Jagger." Jagger scored 24 first half points but had to settle for four in the third, and was completely shut-out in the fourth as the Lancers scored only four in the fourth, all from charity tosses. "I am very happy, but we will have to play much better at Regionals," Coach Wilson continued. "Mike Busby picked up the slack when Garrett fouled out tonight and Jackson hit some clutch freethrows."

The Bucks also dominated the boards with Busby pulling down 21, Jackson 17, and Garrett 13 of the team's 66. The Bucks got most of them in the second half as they positioned the boards 41 times correctly in the half. Scoring went 14 each for Vanderbush, Garrett and Busby, while eight for nine at the charity line for Jackson contributed to his 12, and McGurt added 11.

Clark Equipment Co. Predicts A Long-Range Growth

Clark Equipment Company in its annual report to shareholders, forecasts "good long-range growth as business continues to increase its reliance on capital goods to maximize productivity in the face of rising labor, material and energy costs."

"Clark's backlog of orders totaled \$846 million at the end of 1974, which should assure a strong first half in 1975. The second-half outlook, however, is uncertain with many countries throughout the world experiencing recession and a high rate of inflation," Bert E. Phillips, president and Walter E. Schirmer, chairman said in their letter to shareholders.

Worldwide sales in 1974 climbed to a record \$1,371 million, an increase of 21 per cent over 1973 sales of \$1,128 million. Net income was \$50.1 million and \$3.68 per share on a LIFO basis, compared to 1973 net income of \$55.1 million and \$4.06 a share on a FIFO basis.

Although the switch from FIFO to LIFO on domestic operations lowered earnings by deducting higher inventory costs from income, the resulting tax savings will aid future growth and expansion, the report said.

Consolidated sales outside the United States and Canada rose 32 per cent to \$422 million, and now comprise 31 per cent of the

company's total sales. In addition, licensees posted sales of \$137 million, bringing total overseas sales of Clark trademarked products to \$559 million, an increase of 28 per cent over 1973.

In their message to shareholders, Mr. Schirmer and Mr. Phillips said, "It has been necessary that Clark not only expand its facilities to handle growing demand but also direct its growth toward those parts of the business with the most potential for profit."

Clark's Material Handling Group - bolstered by strong order backlogs - will increase production capacity by 22 per cent with major plant expansions in Kentucky, Michigan and Brazil during 1975.

The Construction Machinery Group - which should benefit especially from the rising need for coal extraction - is expected to boost production capacity 20 per cent with two expansion projects in Michigan, one in Canada and one in Brazil. Another plant is being planned for a site in North Carolina.

In the General Products Group, the Melroe Division is planning a new plant and headquarters in Alabama for completion in 1976, and it added production capacity in North Dakota in 1974. A new transmission plant in North Carolina

is scheduled for completion in the latter half of this year to supply other Clark groups as well as outside customers.

In addition, during 1974 the company moved to eliminate or shrink unsatisfactory operations and thus improve its return on assets. The Trailer Division was largely phased out during 1974, except for the profitable overseas portion. Losses on the discontinuance of the Trailer Division are not material, the report said.

Also, certain unprofitable operations in the Refrigeration Division were shrunk during 1974, and a cost reduction program and manufacturing improvements were followed by a strong second half and record sales performance for the year in this division.

Clark's capital expenditures totaled \$72 million in 1974, and plans call for an additional \$90 million in 1975.

The company raised \$100 million at the end of 1974 through an offering of debentures and notes. Also during the year, Clark Equipment Credit Corporation realized \$50 million with an offer of five-year debentures, and another \$25 million in the form of a five-year subordinated bank note. Furthermore, the company negotiated increases in revolving credit agreements with seven major banks from \$49 million to \$152 million.

No finish could have been more thrilling nor have caused more excitement than Walt Vanderbush's last-second shot to give Buchanan the District championship.

DOLLAR DAYS THIS WEEKEND

This is a big weekend in Buchanan. On Thursday, Friday and Saturday, the stores will offer more than the traditional Dollar Days. To show their support to the Bucks and to demonstrate their desire to slash prices, many of the merchants are calling it a Buck-A-Thon. To accommodate the largest number of shoppers, many stores will stay open until 8 p.m.

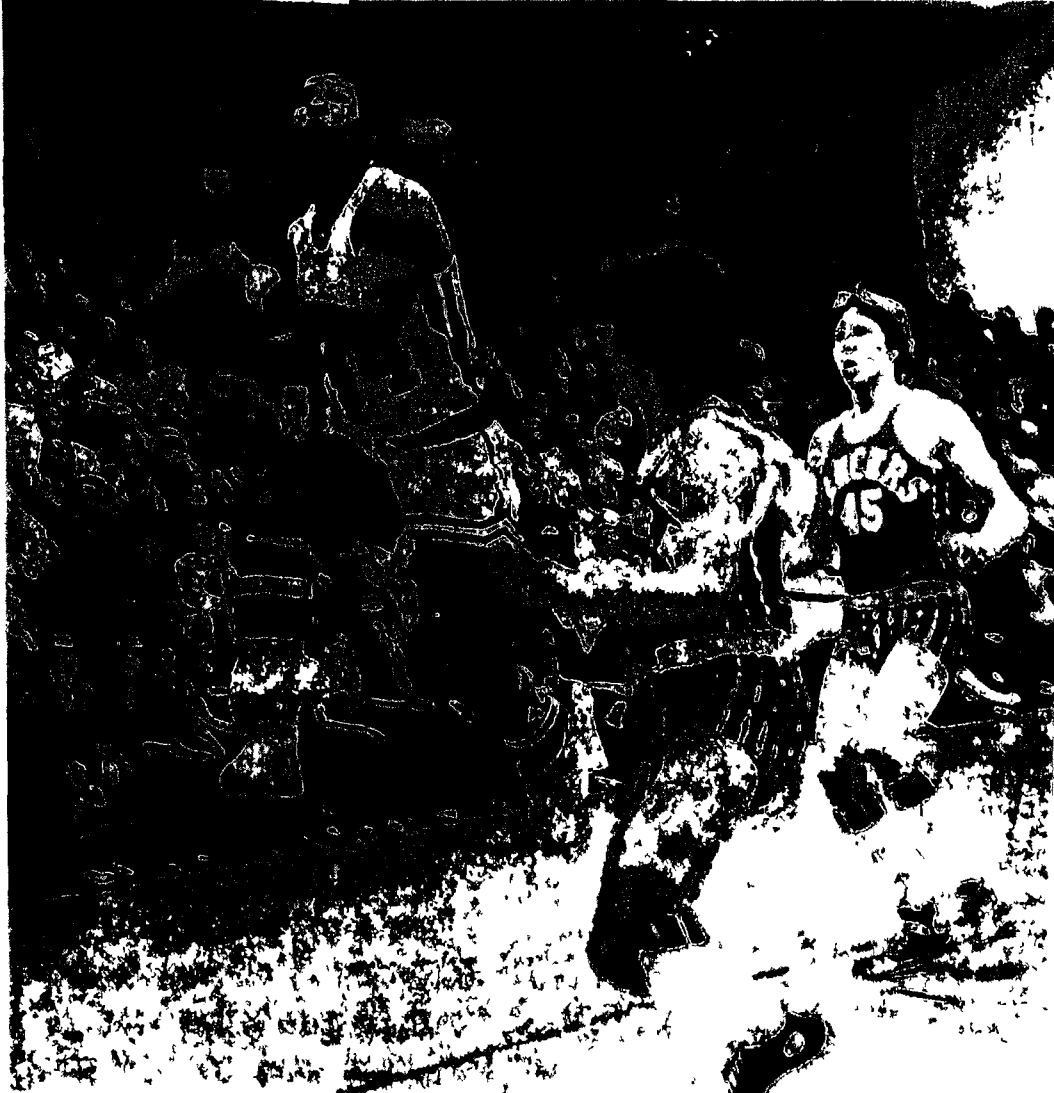

The air of festivity is enhanced by the fact that Buchanan's basketball team went so far in the tournament and is heighten-

ed by the general desire to bring spring early to Buchanan in spite of the weather.

Most advertisements dealing with this sales event have been grouped in the front section of the Record on a first-come-first-served basis. Extra (free) copies of the Buchanan Shopper are available, and all the ads are conveniently grouped in there.

The occasional feature, "Sally Shopper" appears in the Record as a handy guide to some of the bargains listed by Record advertisers.

During the sale, many prices offered will be the lowest to be found anywhere in the area, according to the Buchanan Area Chamber of Commerce. Judging from the size of this week's Berrien County Record, Buchanan should be a busy and interesting place this weekend.

Fans were kept on the edge of their seats during the finals of the District tournament, and Willy Brown provided some of the action.

Edward R. Toner has been named to the newly created position of Employee Relations Manager for Clark Equipment Company's Treasury Department.

His responsibilities in the new post will include maintaining and instituting personnel policies and procedures, recruiting, salary administration, and administration of employee benefits for the 300 worldwide Treasury Department employees.

Toner joined Clark Equipment in 1971 as a Corporate Group Insurance and Pension Coordinator, and in 1973 was promoted to Salaried Position Analyst, a position he held until his recent promotion.

A member of the Clark Equipment Chapter of the National Management Association, he is also active in the Howard Township Conservation Club, serving as the group's president in 1974.

He and his wife, the former Donna Paul, of Buchanan, live in Buchanan with their one-year-old son, Joseph.

Youth Power Office To Open Soon

Last summer many Buchanan teenagers were able for the first time to find employment in various odd jobs during the summer months. This was made possible through Youth Power and its director Miss Jeanne Roti, who last year placed 70 Buchanan youngsters in approximately 100 different jobs. She estimates that about 20 of these jobs were regular although she feels that figure may be low since frequently employers worked out their own arrangements with youth after she made the initial contact.

Youth Power will officially open its second year March 17, earlier this year, with Miss Roti again running the program. Her office hours at the Teen Center located at 112 North Oak Street, will be from 8 to 1 when she may be reached at 695-3611. This year's program will operate much like last year's with Miss Roti continuing to follow up all jobs with telephone calls to employers. She plans to keep in as close touch as possible with the young people and the job market.

As announced in last week's Record, Miss Roti is devoting her mornings this week to distributing applications for Youth Power at Buchanan Middle School. These forms are to be thoughtfully filled out, signed by

parents and returned to Miss Roti. Next week she will be at the high school each morning to pass out applications to students there. The director stresses that all students are to file new applications, even if they worked through the program last year, in order to make her files current.

Youth Power accepts applications from youth 13 to 19 in age, and Miss Roti urges that for the satisfaction of all, those enlisting must be willing to work and to make themselves generally available for work at the times they submit on their applications.

About 95 young people filed applications last year and according to Miss Roti, the 25 for whom she did not find job placements were either 12 years old (most people requested older youngsters) or were unwilling to do the kinds of work available.

In 1974 the jobs Youth Power young people were hired to do included a wide assortment - raking, mowing, weeding, washing windows, painting trim on houses, housework, baby sitting, working with a power sander, cleaning eaves, farm work, unloading trucks, moving furniture, baling hay, leveling sand for a swimming pool, pouring cement, cleaning out a creek, plus clean-

up work at Buchanan Steel Products and a job at youth camp near Deatur. Since the service is being started earlier this year, last year the office opened at the end of school, another good job possibility might be digging gardens.

This year Youth Power is being financed by CETA, Comprehensive Employment Training Agency, which is paying Miss Roti's salary and any administrative costs such as supplies. The city is donating the use of the Teen Center for office space.

Robert Love of the CETA office in St. Joseph stated that funding by them this year is made possible by the efficiency of the Buchanan effort and great number of youngsters who had employment last year at such a comparatively low cost for the program.

Youth Power is sponsored by the Buchanan Youth Assistance Council. Members of the council who were involved in arranging the Youth Power program include Richard Proud, chairman, Robert Tutson, Mrs. Robert Habicht, Thomas Kingsbury, Mrs. Steven Anderson and Mrs. James Bieneman.

It's From The Same Pocket

The amount of money available over the past many years to local governmental bodies and schools has been amazing. It all started in the earlier days of federal aid to education, when schools would receive word that funds were to be had, and they'd have to scrape around to find ways to use that money.

When we had federal revenue sharing, townships and towns would receive checks and have no idea what they were going to spend it on. One school got Title I money and decided to carpet their library with it.

Everybody thinks he might as well latch on to some of this money because it'll go to somebody else if he doesn't take it. In many cases, the ways the money is spent are far-fetched.

None of this is helping to relieve local city or school taxes. Usually the federal or state funds received go for something extra, not already planned or budgeted. Often the check is sent but the program is discontinued, forcing the local body to spend more money to maintain whatever they've bought.

There are usually strings attached to this money and limitations on the project for which it can be used. The amount of waste is tremendous and too often the real needs of a community aren't met.

The same person is paying for all this in the end anyway. Nobody's getting anything for nothing. This money shouldn't be looked at as a dividend. It's an extra expense to the taxpayer.

Greg Kellems and Angel Webb are shown picking up Youth Power applications Monday morning at Buchanan Middle School from Miss Jeanne Roti, director of the program. Youth from 13 to 18 are sought by Youth Power this week at the middle school and next at the high school to fill out applications for odd job placement during the months to come. The Youth Power office in the Teen Center will open officially March 17.

These Cub Scouts in Den 4 of Pack 542 presented a skit "Operation" at the Blue and Gold meeting last week. From (l to r) are Kelly Adams, who will administer the anesthesia, Dr. Bruce White, nurse Davis Jesswein and Dr. Dusty Everman. The patient who appears to be in good shape before surgery is Keith White.

Dramatics Courses At Y For Children

The Niles-Buchanan YMCA announces a class in "Creative Dramatics" for grades 1-6 to begin Saturday, March 29, for 10 weeks. There will be two classes - one for 1 thru 3 graders - 9:30-10:30 a.m.; the other for 4th thru 6th graders from 11 to 12 noon.

The program will include activities especially planned for each particular age group - pantomime, improvisations, acting out poems and stories, learning respect for others creative ideas, improving speech patterns and ability to communicate with a group.

Each class is limited to 15. The instructor will be Marie Keefe.

Lenten Meditations
from
Buchanan Pastors

By Elder John P. Rees
Church of Jesus Christ of Latter Day Saints

Jesus wanted to be a part of people's lives. He wanted to be in their thinking and planning. This is a phase of incarnation - Christ in us. Our lives in spite of our excuses are under our control. We make the decisions that determine what we really are. It was people very much like ourselves who received the earthly ministry of Jesus and that hung him on the cross. In the Old Testament, Enoch speaks of his vision of the world and God's purposes in creation. We were created to find joy and life everlasting. Finally in the vision, Enoch sees the Son of God coming in the flesh and, "Being hung on a tree after the manner of men" to be a sacrifice for the sins of men. The sacrifice was to be effective for all men who would call upon the name of God and accept his Son.

We are a lazy people and drift aimlessly unless we have a goal in life. We are a selfish people unless we feel the urge to serve others. With the best we can do we are a sinful people, but our sins can be lifted and our lives directed when we have a vision of the goodness of God as shown through the life of Christ. We are a restless people until we find rest in God. We are a lonely people unless we have a faith in Christ. He is our friend. One of my favorite hymns is, "What a friend we have in Jesus." The words of that hymn tell us a whole story of promise. If we will but let Him, He will bear our griefs, pains and sorrows, even our sins. He shares our joys and our triumphs as well.

What is lent, but a time to remind us that God does love us and that in Christ has shown us that love?

Will Observe Mission Week

Faith United Methodist Church of Buchanan and Morris Chapel United Methodist Church of Niles will observe the Kalamazoo District Mission Saturation Week March 9-16. On March 12 at 9 a.m. in the Memorial Chapel of Faith Church, Rev. Dwight Busacca will speak. He is the field representative for the Advanced Department of the General Board of Global Ministries of the north central jurisdiction of the United Methodist Church.

On the same day, March 12, at 7:30 p.m. the United Methodist Youth will host an area youth meeting in the fellowship hall of the church. Dr. James Thomas of U.M.C.O.R. will be the mission interpreter.

March 13 at 6:30 p.m. a monthly family fellowship dinner will be served in the fellowship hall and following it Rev. Roy B. Severance, director of

missions to the Cumberland will speak.

On March 16, Mrs. Ross Bunce will be the mission interpreter at a 9:30 a.m. service at the Norris Chapel U.M. Church. At 9:45 that morning Mrs. Meredith Rupe will be the mission interpreter for the children's division of the church school at Faith Church, and at 11 a.m. Mrs. Ross Bunce will speak at Faith Church, she is mission interpreter for India.

At 6 p.m. on March 16 at a snack supper Mr. and Mrs. Carl Snow will speak in the interest of layman service to the home mission field. This will be followed by the 7 o'clock evening service when the Carl Snows will tell of their experiences in Appalachia where they did volunteer service in March of 1974 at Red Bird Mission. At this same time a slide presentation will be given of this work in Appalachia.

Strictly Personal
By D.E.N.

In order to save time, the editor went to the drive-in window of the bank. Drove off with the cylinder with which one makes his deposit. The poor guy next in line was really at a loss to know what to do.

Even if he hadn't had such a great season Bill Wilson is one of the better things that's happened in Buchanan in recent years. A fine man.

For the fun of it, we compiled a list of individuals who one way or another have stuck by this little hometown paper right or wrong. The list is long. Wish there was some way to send each a gift.

A good letter came in on the new apartments (unfavorable) but it was unsigned. Sorry.

After a particularly rough day, a call came in from Lansing (no less) taking exception to things said in the column. A very intelligent caller, but she wasn't treated too well by this writer who had just hung up from a real jerk.

Do You Go for A Bargain?

Call it Dollar Days or call it Buck-A-Thon, it's going to be a big weekend in Buchanan. Feast your eyes on some of the bargains offered by our Buchanan advertisers!

If you have a baby in the family, this is the time to go to Wisner-Beck. You can't beat those prices.

It's not too early to think of spring at Gamble's. The nice thing about buying something like a garden tiller there is that they do a good job of servicing it for you.

Everyone will really react when they see the price of lettuce at Wilt's! A way to fight inflation.

Some good buys at Krieger's. Did you note that they're offering a dollar off of shoes not already on sale?

Things will be exciting at Rees Jewelry this weekend. That bargain table will give several ideas for gifts.

Trying to save fuel? Let the Buchanan Co-Ops assist you with a good buy on fiberglass insulation.

Those nice people at Welsh's Carpet have gone all out for Dollar Days. Have you ever priced the sponge rubber pads normally?

Can't do better than the simple item of Kleenex at Dan's Rexall Drugs.

Getting ready to do some interior painting? Then head for Tru Value.

Everybody who has a hand calculator doesn't know how he did without one; and the prices on them at the Stationery Store are fabulous.

Not one, but two dollars off on tapes and stereos at Batchelor's.

It's a good time to take advantage of the final closing of winter fashions at Jo-Dee's and to pick up some early spring models.

How can you do better than 40 percent off on cotton polyester denims? That's what caught our eye at Desenberg's.

The guys at the car dealers, Habicht, Kennedy's, Wesner, and Three Star are all pitching in, and their anti-inflation prices should bring lots of people to town this weekend.

The prices offered in the Sexton Furniture ad are incredible. They're really taking a big poke at inflation.

Our new friends at One Hour Martinizing are going along with an introductory offer on a steam cleaner.

Mom, take a look at round steak at Thompson's. A weekend special suggestion.

A stop at S&S should be a must for wise shoppers. Ham's a good buy there.

Have fun shopping in Buchanan. There'll be bargains for everybody.

LWV Hears From Two City Managers

A group of approximately 35 attended the recent public meeting on the city manager form of government, sponsored by the Niles-Buchanan League of Women Voters and featuring two area city managers, Robert Faulhaber of Buchanan and Gerald Hepler of St. Joseph. President Mrs. Ronald Neff explained the league's interest in the city manager form of government as part of its study of possible revisions of the Niles city charter. Norbert Hauser, government instructor at Niles High School, served as moderator.

Mr. Faulhaber, Buchanan city manager since 1968 and holder of a master's degree in public administration, opened the discussion by explaining the structure of the city manager form. It begins with the formation of a city commission or council, consisting of at least five elected officials, who may be either partisan or non-partisan. These commissioners set the policies for city government and then hire the city manager to implement them. City managers are usually hired without a formal contract for unspecified amounts of time. The commissioners judge the manager's execution of their policy and can fire him at any time. City manager Faulhaber said this guarantees efficiency and effectiveness in carrying out the policy.

Under the city manager are the various boards and departments of city services. Board chairmen are appointed by the mayor, with approval of the commissioners and department heads are hired by the city manager. The manager serves on all the boards and acts as a liaison between the commission and the boards as well as between the boards themselves.

Gerald Hepler, St. Joseph city manager for just a year, has been director of public works since 1963 and seen the city manager form in action for over 12 years. Hepler stated that the success of this form of government is apparent in the history of its use in St. Joseph where he is only the third city manager to be appointed since the form was adopted in 1928. He distributed charts explaining the charter provisions and showing the levels of government. The commission has charge over the

cemetery board, city clerk, assessor, director of law library board and the city manager. The manager then has charge over the harbor master, fire chief, police chief, building inspector, safety inspector, and the director of public works and services. The director of public works and services is then in charge of over 90 people in the streets, water and sewers, city engineer, forestry, filtration plant, and parks departments.

Unlike Buchanan, the St. Joseph charter emphasizes the use of boards, which pretty much act on their own. These boards, appointed by the commission, include the zoning board, harbor authority, sewage disposal, pension, airport, and the planning commission, which is the most important of the boards. Great care is taken in the appointments on the planning commission so that no conflict of interest will occur. Decisions are made and implemented by the boards, and rarely does the commission become involved. City manager Hepler reiterated the fact that the city commissioners' duties are primarily those of making general policies for the city manager who then works out the details and functions to achieve the policies.

After a refreshment break, Mr. Hauser opened the discussion to questions. In answer to a question as to how to remove board members, the speakers agreed a strong citizens group could talk to the city manager. Although board members rarely have to be removed, the manager may discuss ineffective performance with the parties involved. Another recourse is to request the member not to seek reappointment. Neither city charters provide a solution to this problem. Mr. Faulhaber pointed out the advantage of the city manager form in similar situations since the manager is not an elected official and is always available to the citizen as a mechanism for relating feelings to the commission without voicing them at meetings.

A query was made concerning qualifications for commissioners - a registered voter, city resident, and at least 21 years old. The salary for commissioners and board members is \$2 an hour, not to exceed \$100 a year. Commissioners are elected for three year periods and are non-partisan. Mr. Hepler stated that many of the appointed board members have served for 15-20 years, again pointing to the success of the form.

Many questions were issued as to the virtues of the city manager form. Mr. Faulhaber stated that the form grew out of a reform movement to design a plan to ensure that those people charged with policy-making and expenditure of money do not have vested interest in the implementation of that policy. He went on to state that the savings through the business approach to government management is another advantage of the form. In relation to the strong mayor form, the city manager position

is much more permanent since the manager is appointed and not elected. The qualifications of the city manager include a masters degree in public administration or equivalent past experience such as a civil engineer. The salary of the manager is determined through negotiations between the commission and the manager.

In answer to questions about the role of the mayor in the city manager form, it was stated that the mayor, elected by the commissioners from among themselves, serves as a titular head of the city, and is the one man the city manager works under.

When asked about their individual city charters, both speakers agreed their charters are very general as is mandatory in a good charter so that constant changes need not be made. Mr. Hepler stated that in 50 years St. Joseph's charter has had only 2 changes. The city has presently been operating for the past 6 years at its maximum limitation of 12 1/2 mills for general operating expenses, with added millage for such services as library and municipal bond. This limitation may have to be raised soon. Mr. Hepler went on to say that in keeping the charter general the public must put its trust in the people who are running their government. If that trust is not rewarded, their recourse is in the election system.

Mr. Faulhaber remarked that, while Buchanan's tax limitation is 20 mills, the city is operating on 17, which may point again to the savings occurred under the city manager form. Both men agreed that it is very difficult to get a change in the charter, especially when that change is for added funds.

Guidance Notes From B.H.S.

The Counseling Office is pleased to announce the following items of interest to Buchanan High School Students and parents alike.

A Scholarship, Olivet College. Three scholarships to Olivet College will be awarded on the basis of various art forms submitted for competitive judgement. Eligible media includes: Paintings, Drawings, Prints, Sculpture, Collage and Jewelry. Judging and announcement of awards will take place at Olivet College, Mott Auditorium on March 13, 1975.

B Scholarships, State of Michigan. The American College Testing (ACT) Assessment must be written by students seeking assistance from the State of Michigan Scholarship Program. These tests will be given on three different dates, beginning April 26. All members of Buchanan's Junior Class who anticipate seeking financial assistance to defray college costs are strongly urged to take the assessment test. Registration for the first ACT is now open.

C Summer Educational Programs. Talented high school students who are now sophomores or juniors can earn college credit at Indiana University-Bloomington this coming summer. A special program called "Collegiate Credit for High School Students" (CCHSS) is open only to a sophomore or junior who tanks in the top fourth of his/her high school class and is recommended by their high school principal. As many as six hours of undergraduate credit can be earned during this summer program.

D Great Lakes Maritime Academy. Northwestern Michigan College trains young men to be officers aboard Great Lakes Ships. This 3 year program, leading to an Associate of Science degree and employment aboard ship is in large part financed by summer employment and a direct cash allowance. Starting salary upon graduation and successful completion of the Coast Guard qualification exam is in excess of

\$20,000 per year. Students or parents wishing to know more about any of the above items of interest are invited to contact the High School Counseling Office by phone or drop in for a visit.

At The Library

Super Tour
By Marilyn Allen

This author was in the travel business and wrote this book under another name. She knows her business, though, and she's turned out a book which is easy to read and fast-moving.

It deals with a tour to exotic places which costs \$25,000 each. There are fifty persons who go, and we become acquainted with about a dozen of them. They range everywhere from a bride and groom who had to take her mother along to a thrice-married man who is currently married to a model. There is one couple who came along on the tour to do lots more than sight-seeing, and that's where the plot comes in.

The tour takes us to some interesting places, not stopping at London, Paris or Tokyo. The tourists can certainly be said to get their money's worth. Not many of the characters are very admirable, but they are well drawn. Judging from the ending of the book, there could be a sequel, because arrangements are already being made for another tour.

Jolly Dozen Club

The Jolly Dozen Club met last week at the home of Miss Mabel Miles. Two birthdays were celebrated during the evening - those of Mrs. Martin Altogett and Mrs. Martin Mitch. Prizes for games went to Mrs. Charles Oxender, Mrs. Mitch, Mrs. Lena Mitchell and Mrs. John Giver.

Indian Hills

By Mrs. Adolph Rychly
695-6039

The annual Roller Skating Party for the students of the Indian Hills School and their families will be held this Tuesday from 7:30 to 9:30 p.m. at the Edwardsburg Roller Skating Rink.

The newly formed evening circle of the United Methodist Women of the Oronoko Methodist Church will hold its March meeting at the church on Wednesday, the 12th, at 7:30 p.m. with Mrs. Robert Letcher giving the lesson and Mrs. Anna Taylor the devotions. All young women of the area are urged to come.

The United Methodist Women of the Oronoko Methodist Church held its February meeting February 26 with Mrs. George Haag in charge of the social hour. Final plans were made for World Day of Prayer for the Buchanan Area to be held at the church, Friday, March 7 at 1:30 p.m. Mrs. Robert Gunn is the chairman, and Mrs. John Russell and Mrs. Melvin Phiscator are arranging the social hour.

Plans were also made to sell refreshments at the March 15 farm auction of Eddie Goodline. Members and friends of the church are asked to bring a pie. A donation was given to Methodist Community House in Grand Rapids toward the purchase of additional land adjoining the center. Mrs. Russell presented the lesson, "Call to Discipleship" and "March" Mrs. William Conn read excerpts from "Power in Praise" for devotions.

The Christian Youth Ministry Rally will be Saturday, March 8 at 7:30 p.m. at the Bridgman High School auditorium, featuring Ken Evans, a gospel magician and soloist Barney Richardson. Both youth and adults are invited and may call Mrs. Larry Evans or Mrs. George Batchelor to arrange transportation.

The Modern Mothers Home Extension group will hold its March meeting this Tuesday at 7:30 p.m. place to be announced. Mrs. Julian Davison, president, announces that Mrs. Gerry Slavings will be giving lessons on "Food and Fads" and "Child Abuse".

The members of the Senior Choir of the Oronoko United Methodist Church will be the honored guests at the monthly family dinner to be held after morning services this Sunday, March 9 at the church.

The Indian Hills Community Club will hold its monthly meeting on Monday, March 10 in the school gymnasium. The regular meeting is scheduled to start at 7:30 p.m. and an excellent program has been arranged to follow the business session.

It is planned to show two interesting films - one entitled "Decisions" narrated by John Wayne and also a film on conservation - distributed by

Ducks Unlimited, which is recommended and endorsed by Michigan Out-of-Doors.

The movies are expected to start at about 8:00 p.m. and the public is urged to take advantage of this opportunity to spend a very pleasant and informative evening.

We welcomed back John and Donna Rydwelski, who, together with their three sons, have recently returned from an extended stay in Florida.

A beautiful coat of tan and even one case of sunburn was reported by the returning vacationers.

A successful trip and a very good time was reported by all - and the three little boys agreed that the ocean was big and lots of fun.

They are now enjoying the snow and their toboggan sled sliding down "Shorty" Phiscator's big hill, and they think they like Buchanan better.

To Officiate In State BB Finals

Tom Pelkey of St. Louis, Michigan, has been selected one of twelve referees to officiate at this year's state final basketball tournaments at Ann Arbor. This is only his second year of officiating. Tom has been teaching in the St. Louis School System for seven years.

The son of Mrs. Millie Pelkey of 103 N. Cayuga, he will be remembered as a former basketball star at Buchanan High School.

SCHOOL Lunch Menu

Menu in Buchanan Schools for March 10 is:

Monday. Meatloaf with Tomato Sauce, whipped potatoes, cut green beans with margarine, enriched bread, fortified margarine milk, cookie.

No lunch served the rest of the week.

A Minute With Mary

By Mary Snow
Extension Home Economist

Treatment Stretches Wool
 If you like the comfort of a stretchy knit but the look of wool, there may soon be something new on the market for you. It's a wool fabric with comfortable two-way stretch.

The U.S. Department of Agriculture has developed a chemical treatment that gives stretch to ordinary woven wools and wool blends. Although the fabric is not available yet, consumers are likely to welcome it for several reasons.

The treated wools have up to 20 per cent more stretch than ordinary wools, which makes them stretch more like double knits.

What does the treatment involve? The fabric is soaked in a hot bath of ethylene glycol, which is one of the chemicals in polyester.

Not only does this treatment make the fabric stretchable, but it offers other advantages, too.

Treated wools recover from wrinkles slightly better than untreated fabric.

Treated fabric is more resistant to abrasion than untreated fabric.

Treated fabrics stay fresh looking longer than untreated wools. Even after 10 washings and dryings, the treated fabric is just as stretchable and new looking as ever.

Consumers will probably like the new treated fabric. With the trend toward a more classic look, the new stretchable wools and wool blends should be a welcome addition to fabric offerings.

And not only are the stretchable wools as comfortable as double knits, they are also warmer. Wool's insulating prop-

erties will add comfort - even if the thermostats have been lowered.

In addition, the finish should not add much to the cost of the fabric. It is estimated that the cost will be less than five cents per pound of treated fabric.

Obituaries

Mrs. Rudolph Lindquist

Beatrice M. Lindquist of Main Street Road, Buchanan, died February 27 at Unity Hospital following a lengthy illness. She is survived by her husband, Rudolph, whom she married in Wheaton, Illinois, July 17, 1927, and one brother, Edward Svasta of San Antonio, Texas.

A retired teacher, Mrs. Lindquist was born January 28 1891 in Cleveland, Ohio. She came here in 1942 from Illinois.

Services were conducted Saturday morning at Swem Chapel of Swem-Smith Funeral Homes by Elder John P. Rees, and burial was in Rose Hill Cemetery at Berrien Springs.

Memorial contributions may be made to the Berrien County Cancer Service, Inc., St. Joseph or Multiple Sclerosis Society of Michigan, 20100 Greenfield, Detroit.

Portage Prairie

By Mrs. William Shaw
695-6592

Eddie Genda has returned to his home after confinement at Pawating Hospital for several weeks with a heart condition. Glad he is able to be home again.

Karen Lichtenbarger is spending several days with her parents, the Albert Lichtenbargers during her term break at Ball State University.

This Sunday, March 9th, the Christian Pals Class will be making the arrangements for the Sunday evening Lenten service at 7:30. The meetings have been very inspiring and very well attended. Everyone is invited to join in these services.

Members of the Portage Prairie Congregation have been invited to share services on Wednesday, March 12, with the Faith United Methodist Church at 7:30 Dr. James Thomas, executive secretary for U.M.C.O.R. (United Methodist Committee on Relief) will be the guest speaker. All members are urged to attend this service.

The women of the Portage Prairie Church will be meeting at 7 p.m. at the church on Thursday, March 13 to clean in the kitchen and get prepared for the banquets scheduled for April. The Father - Son is to be April 12 and the Mother - Daughter on April 18. A carry-in dinner is also planned for Palm Sunday, March 23. Everyone is asked to keep these important dates in mind.

Thursday, today, at 7 and 7:30 p.m. respectively, the Council of Ministries and the Administrative Council will meet at Portage Prairie Church. All members are urged to attend.

The Portage Prairie Home Study Club met Wednesday at the Bertrand Township Hall with Mrs. Mildred Elliot as hostess for a cheese dish luncheon served at noon. Mrs. E. J. Whitfield had charge of the business meeting. Eleven members attended. Mrs. Clarence Jordan and Mrs. Arthur Covault gave the lesson on recycling clothes. The meeting in April will be in the home of Mrs. Fred Reum.

Here Are More Miss Buchanan Contestants

A week from this Saturday, March 15, is the night for Fantasy and Folklore - The First 200 Years when Miss Buchanan of 1975 will be determined from among the nineteen young hopefuls taking part in this year's competition. Next week Buchanan Jaycees will begin constructing the set stage in the BHS auditorium, where the 8 p.m. event will take place. Everyone is reminded once more that no tickets will be sold the night of the pageant, and just a few general admission tickets are still available either at the high school office or the Stationery Center.

Last week the Record had pictures of the first ten entrants and here are the remaining nine with some information added about each of them.

Tami Slocum is a senior, as are all but one of the girls shown here, she is 17 and the daughter of Mr. and Mrs. Gilbert Mattson of Route 1, Box 401. Tami's chief school activity is being a cheerleader and her outside interests include water-skiing, swimming, bowling and horseback riding. After graduation she plans to attend college.

Marcia May, the red haired, seventeen year old daughter of Mr. and Mrs. James May of Route 2, Box 168, is interested in archery and plans to work after she graduates from high school in June.

Janis Metzger of 122 Brookside is 17 and the daughter of the Dean Metzgers. Her activities at Buchanan High School include membership in the symphony band and in the marching band for which she is the drum majorette. She also enjoys singing and belongs to both the Omega and the Alleluia Choirs of the Church of Christ. After graduation Janis plans to work as a secretary.

Vicky Reynolds served on the homecoming committee and works Co-op at LaSalle Federal Savings as a clerk-typist. Her interests outside of school include sewing, crocheting and cooking. She is 17 and the daughter of Mr. and Mrs. Robert Reynolds of 116 North Hamilton Drive, Buchanan. After finishing high school, Vicky plans to work and perhaps eventually move out west - she hopes to become an executive secretary.

Caroline Schwartz, 18, is the daughter of Mr. and Mrs. John Schwartz of Route 1, Box 1011. Her first two years of high school she was in the band. Caroline especially enjoys horseback riding. In the future Caroline plans to do some traveling.

Anne Seager works Co-op in the law office of James Jesse, and her parents are Mr. and Mrs. Chester Seager. She is a member of the French Club and has had three years participation in Junior Achievement.

She and her family have recently moved to 1713 Walton Road, Niles. Anne is 17 and after graduation plans to continue working for Attorney Jesse.

Tami Slocum is one of the two juniors entered in this year's event. She is 17 and the daughter of Mr. and Mrs. Gerald Slocum of Route 2, Box 894. Tami is an indoor hockey scorekeeper and belongs to GBBW (Girls Backing Buck Wrestlers). She is also active in the Junior Achievement program, the youth group of the Church of the Nazarene, and works as a mother's helper after school. In the future she is interested in becoming a children's physical therapist.

Debra K. Wittchell is 18 and the daughter of Mr. and Mrs. Frank Zdenahlik of 440 Moccasin. Debi served on the homecoming committee and is president of the youth group at Oronoko United Methodist Church. She works through the Co-op program at the Niles Chamber of Commerce. Her interests include swimming, crocheting, needlework and playing the organ. After graduation she would like to work for a while and then sometime travel in the west.

Susan Gale Withers of 415 Fulton Street is the daughter of Mr. and Mrs. Glen Withers. She belongs to the Art Club at school and takes part in the Junior Achievement program. Sue works as a nurse's aid at Dor-A-Lin Nursing Home and hopes after graduation to study for a career in nursing.

The production will include a special musical number by the entire group of contestants before the elimination process starts. Another feature of the evening is to be a group of selections by the Buchanan Middle School chorus.

The time is drawing near and members of Buchanan Jaycees, the sponsoring group, are busy completing the countless details involved in the annual contest, leading up to participation in Miss Blossomtime for the lucky winner.

Royal Neighbor Lodge

The Royal Neighbor Lodge will meet Thursday, tonight, for a 6:30 potluck supper. Afterwards members plan a silent auction.

Mrs. John Jennings will host the meeting in her home assisted by Mrs. Harley Marrow.

Bucks Win!
On Tuesday Night the Buchanan Bucks Beat Otsego 58 to 47
They will meet the winner of the Albion-Paw Paw game in the Regional finals.

Katherine Smith and Reger Smith, husband and wife team from Andrews University (left) will be conducting a new course for parents offered in Buchanan starting March 11. Discussing plans for it with the Smiths are Mrs. William Moon of the Buchanan Youth Assistance Council and Wayne Writer, Director of Buchanan Community Education.

Offer Discussion Class For Parents

"Why does Sammy tell so many lies?" "Why won't he listen to me?" "I don't really know what Mary is thinking." At one time or another, every parent is puzzled or discouraged by his children's behavior or by the lack of communication between parents and children.

Tuesday evening, March 11, at 7:30, Reger and Katherine Smith, a husband-wife team from Andrews University, will begin a series of discussions on ways to improve the relationships between parents and children.

Although a different topic will be presented each evening, the sessions will be informal and thus able to concentrate on whatever particular aspect of child raising the parents attending seem to have special interest.

An Assistant Professor of Social Work at Andrews University, Mr. Smith also works part time as a counselor for Child and Family Services in St. Joseph. He is close to completing a doctorate in family dynamics and has about 20 years of counseling and teaching experience.

Mrs. Smith graduated from Andrews University as a social

worker. She has worked as Assistant Dean of Women at Andrews and as a junior high school counselor. The Smiths are the parents of four children between the ages of twelve and twenty-four.

"Rap Around the Family" is being offered through Buchanan's Community Education department under the auspices of Lake Michigan College. Arranged for by the Buchanan Youth Assistance Council, it is being financed in part by the Berrien

County Youth Service Bureau. College credit can be granted upon completion of this eight week course, however, to take and enjoy the course a person does not need to have a high school diploma.

Anyone interested in obtaining more information or in registering for "Rap Around the Family" may call Wayne Writer, Buchanan Community Education Director at 695-3855, extension 36.

Letters to the Editor

Editor:
Please pass this along.
Congratulations to the 1974 Graduate. You said it very well.
Yours truly,
Bob Sawyer
P.S. They don't teach arithmetic anymore, but let me quote from my son's seventh grade "mathematics" book, page 139: "A fraction is a name for a fractional number."???

To the Editor:
I am writing in regards to the organization of the Buchanan Township Fire Department. As I see it, it is very poorly organized.

I have seen many examples in their efforts, and most of them are very poor. In the first place, I see no reason why Buchanan Township can't afford a good monitor system for their members as the other fire departments in the area have. As it is now, they have to be contacted by telephone in case of a fire. If they could afford two new trucks recently, why can't they afford a monitor system? It would improve the department a great deal and would be to the benefit of the people who live in Buchanan Township. I am a taxpayer in Buchanan Township, and I feel as I'm sure many members of the township do (That is, if they really know what is going on) We pay to have their protection, and if it takes them 20 minutes, and sometimes longer, to get to a fire, why bother? I'd call a different Fire Department before I'd call Buchanan Township because I know of their reputation.

The second thing that really bothers me is the fact that only a couple of the men are trained to drive the trucks and if these people are not in town or do not show up, the people that need their assistance at that time are more or less up a creek without a paddle, to put it meely I feel that each member should know how to operate each truck so they won't have to wait around for these men to show up. In fact, in some cases the Chief won't allow

other men to drive (and you can easily see this by his appearance at parades, driving the new truck!) because he wants to be the glory boy! I think this is very self-centered of the Chief. He should strive for a fire department that people can be proud of, one that is efficient and quick, and not worry about the attention he will get just because he is chief.

Recently, a person living in Buchanan Township had a fire and this person felt that since he lived closer to Bertrand Township, he would call them and they could get there much faster than Buchanan Township. Bertrand dispersed their men and felt that since this was a fire for Buchanan Township, they should be called in. Unfortunately, the chief was gone and two calls were put in for Buchanan Township and no one answered! Unbelievable.

I would like to know what the sense is of having a Fire Department if they are not around when you need them, and if they are there, they let everyone else fight the fires and do all the work for them.

I feel the Township needs a new chief. Don't get me wrong; the men of this Fire Dept are willing to learn, and help. But with the present Chief who is only concerned about his ego and popularity, he doesn't allow the men to learn how to operate the trucks efficiently and the equipment that they have properly. With a good leader, Buchanan Township could have a Fire Department they could be proud of.

I am not partial to any other fire department in this area, because I live in Buchanan Township, but I just don't feel safe. Think about it.
Name withheld

To the Editor
The letter from "A 1974 graduate" in last week's record contained a number of inaccurate statements concerning the high school curriculum, therefore, I feel compelled to set the record straight.

I won't comment on the writer's philosophical statements, which are matters of opinion. However, I will point out factual errors.

Many of the writer's comments revolve around his statement, "As I went through my last three years in high school, I noticed that literature classes, history classes, creative writing classes, and art and music

classes were being taken out of the curriculum and replaced with typing classes, business classes, civics classes and off-acting classes." This statement is without basis or fact!!

Starting with history, in 1970-1971, the only history classes offered at B.H.S. were world history (one year) and U.S. history (one year). During the next three years we added Michigan history, Afro-American history and changed world history to a three semester course (added one semester). Nothing was dropped! Looking at social studies as a whole (not just history), we dropped civics, rather than adding it, and replaced it with American Political Behavior, because we felt that APB would help students learn to think about our political instructions, rather than merely memorize titles, dates, etc. We have also added these classes: Current Events, Introduction to Law, The Presidency, and The Congress. None of these is a vocational class by any means.

In the area of creative writing, one creative writing class was offered in 1970-1971, and it has been offered each year since then. Nothing was dropped!

Our art department offered Art I and Art II in 1970-1971; these were both full year courses. We have continued to offer both courses each year and have added Art III. Nothing was dropped.

In music in 1970-1971, students were able to select chorus, orchestra, concert band, and wind ensemble. At the present time we offer concert band, symphony band, chorus, music theory (one semester), and music history. We have not had a high school orchestra during the last two years because not enough students were interested. We did offer it. We have added to the total music curriculum, rather than eliminating courses.

I will not list the literature courses offered, because there are so many of them. This year twelve different literature courses are offered. We have not dropped any courses since 1970-1971.

The writer is correct in stating that vocational courses have been added, but is incorrect in stating that they have replaced academic courses.

The number of credits required for graduation in 1970-1971 was 16. It is now 20. The only change in academic courses required for graduation has been an increase in the math-science area. Students in 1970-1971 were required to successfully complete one credit in math and one in science. They now are re-

quired to complete two in one area and one in the other. No high level math or science classes have been dropped since 1970-1971; however, advanced biology and an advanced course in the natural sciences have been added.

Grade 9	Credits
World History to 1453	1/2
World History (1453-1815)	1/2
English I	1
Algebra I	1
Spanish I	1
French I	1
Physical Ed. (required)	1
Grade 10	
Biology	1
Geometry	1
Spanish II	1
French II	1
English electives	1
Physical Ed. (required)	1
Grade 11	
U.S. history	1
Chemistry	1
Intermediate Math	1
Spanish III	1
Advanced Biology	1
English electives	1
Grade 12	
Advanced Math	1
Physics	1
English electives	1
Michigan history	1/2
Intro to Law	1/2
Spanish IV	1
Music Theory	1/2
Music History	1/2

This would leave such classes as Art I, Art II, Art III, The Presidency, The Congress, French III, French IV, German I, German II, Band (four years), Chorus, Fernwood (Adv. Natural Sciences), Computer Concepts, Afro-American history, American Political Behavior, and other English electives, which the 1974 graduate or a 1976 graduate would have been unable to fit in his schedule.

If the present "graduate of B.H.S. knows much less than graduates of former years," that must be because he chose not to take advantage of the courses that we offer.
Dr. Walter Vanderbush

To make matters worse, determination for stamps is based on a low percentage of eligible deductions the law allows for medical and housing costs and utilities rather than being based on the net income after those utilities are paid.

For instance, the County office in Buchanan only allowed a deduction of \$13 on housing and utilities totaling \$155 a month which was not enough to render a family with high medical cost or need eligible for stamps despite the fact the total family income was from Social Security without any Medicaid or Medicare coverage.

According to the food stamp laws a family of 3 only needs \$122 a month for food yet with today's food prices, this would not exceed a starvation diet. Denying many full exemptions on their medical and housing costs forces many to be barred from the program, and others to pay higher cost for too few stamps.

In many instances, people are being denied stamps whose total income is less than those on welfare who gain a higher percentage of medical funds through Medicaid which they do not have to credit as income while those with limited medical funds are denied full deductions to become eligible for the program. Therefore, many people that cannot afford health coverage must ration their medical needs because they cannot get food stamps. A lot of medical expenses go unpaid by these groups forcing higher medical prices on everyone because the food stamp program can only benefit those on fixed incomes that have medical insurance.

Therefore, it is not fair to count Social Security insurance as income if Medicaid is not counted as income. The food stamp program denies many on social security alone any food stamps when they live together in a group, counting separate incomes as one unit even when they could qualify if they lived alone. Yet a family on welfare can each gain the percentage of medical benefits without limits. Therefore, if everyone on welfare can gain an "insured medical income" because it is classified as insurance, then why shouldn't all people on Social Security only regardless how many separate Social Security checks enter a household be equally entitled to food stamps?

As a result of this inequity many people in need of food stamps are discriminatorily denied, particularly families on Social Security only where there are children whom congress has passed for any medical benefits, yet imposed a tax on benefits on the mothers earning over \$2400 crippling her income rights from employment. The Social Security program will not let the mother earn anything for dependent children's supplement.

A family on welfare only is barred from food stamps because their cash income is slightly below yet a welfare family of three will allow food stamps and Medicaid to be disregarded as income and put the welfare family in the higher income bracket.

Our food stamp program was also started to prevent starvation, especially in view of set welfare standards unprepared to meet inflation. To serve this purpose, standards should be upgraded and all the poor in American for whatever reason, allowed to participate with an equal priority provided the working poor as those on welfare. Cash income should not be the total factor. Medical exemption minimums should also be established and partial medical benefits allowed to insure everyone a welfare level of existence through whatever supplements are required. Keeping people poor and below welfare standards is creating unjustified debts that contribute to inflation and which could be curbed by adequate supplements for all who are in need, and by allowing more food on the table than the food stamp program permits.
Mrs. June Corr
Niles

Pack 542 Holds Blue & Gold Event

Cut Scout Pack 542 had its Blue and Gold dessert meeting February 26 at the American Legion Hall when both Cubs and their families had much admiration for the special cake baked by Mrs. Everett Hull for the celebration.

The meeting opened with the flag ceremony by the Webelos Steve Hicks, cubmaster, then gave Bobcat awards to Rodney Grant and Troy Lomlaugh of Den 1 and Wolf badges to Rick Seager, Kyle Mullen and Bill Wahlstrom also of Den 1. Paul Seager and Mike Mann then walked the bridge into the Webelos den where they were welcomed by leader Kent Roberts.

One year scouting service pins went to Mike Mann, Rick Seager and Scott Roberts and two year pins to Paul Seager, Tom Gault and Patrick Dougherty, all presented by Cubmaster Hicks. Leader patches were then awarded to Anita Adams of Den 4, Delores Mullen, Den 1 and Kent Roberts, Webelos.

Entertainment was provided by Den 1 with a "What Kind of a Dog Do you Have?" skit and Den 4 showed how they were still in "Operation" with another skit.

The Cubs and Webelos then served their parents, brothers and sisters cake and ice cream followed by the reading of Edgar Guest's "A Creed" by Patrick Dougherty in the atmosphere of a candlelit room. The next meeting of the pack will be March 26 when there will also be a uniform inspection.

Hills Corners Group

Hills Corners Study Group met at the home of Mrs. Howard Nieb of Niles with ten members present. The chairman, Mrs. Jack Harroff, conducted the meeting, opening with the roll call, members answered by telling what foods are best for people.

Devotions were given by Mrs. Suzette Jackson. Plans for a tour were discussed and a decision made to set the date later.

The lessons on Food Pads and the Metric System were presented by Mrs. George Dus and Mrs. Frank Rumsey. Seven dozen cookies and a number of puzzles were sent to the veterans' hospital. A contest was presented by Mary Hartline in the absence of Mrs. Iola Zindler, entertainment chairman.

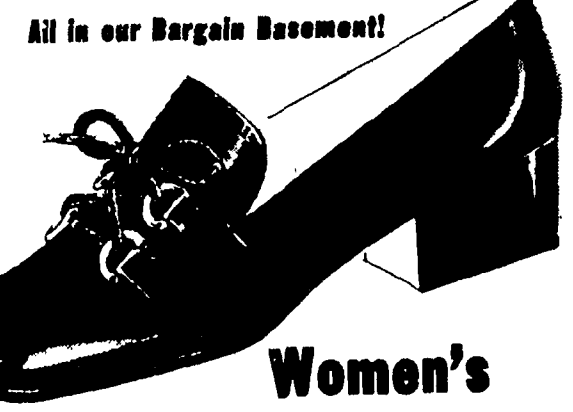

The next meeting will be at the home of Mrs. Harroff and members will sew cancer pads.

Friday Is World Day Of Prayer

Friday, March 7 World Day of Prayer services will be at 1:30 p.m. in the Oronoko United Methodist Church located north of Buchanan on Glendora Road just west of Redbud Trail North. At that time area Church Women United will join millions of people in a chain of prayer spanning six continents. This 89th celebration of World Day of Prayer will be observed in a thousand languages and dialects by Protestant, Orthodox, and Catholic Christians in 169 lands. Local chairman is Mrs. Robert Gunn.

The theme for 1975, "Become Perfectly One", is a search for the meaning of Christian unity in the broader context of a pluralistic society. The Women's Ecumenical Prayer Fellowship of Egypt has prepared the worship service enabling thousands of Christian women outside the Orthodox tradition to savor a service that includes elements of a liturgy dating back to early centuries of Christendom as well as those born of the Arab experience of Protestantism and Catholicism.

The nationwide offering taken at the service goes into a fund called Intercontinental Mission - used by CWU for annual grants to agencies around the world in five major concerns - higher education for women in overseas Christian colleges, preparation and distribution of Christian literature for women and children in Asia, Africa, and Latin America, education for minority women in new careers and for American Indian youth; ministries among migrant farm workers and support for the Christian ministry in national parks.

Offerings also make possible gifts to short-term projects such as reconstruction and rehabilitation services to women and children victimized by war, ecumenical ventures and international conferences for women, pilot projects in self-help programs for refugee women, day care centers, family planning, health and nutrition education and clinics.

Commission Proceedings

Buchanan, Michigan
February 24, 1975

A regular meeting of the City Commission of the City of Buchanan was held in the High School Auditorium on Monday, February 24, 1975.

The meeting was called to order by Mayor Pro Tem Gault at 7:35 p.m. in the absence of Mayor Bachman.

Present Commissioners Garbert, Wesner, Gault, City Manager Faulhaber, City Attorney Desenberg and City Clerk Russell. Absent Mayor Bachman and Commissioner Anderson. This meeting was duly publicized as a Public Hearing on Federal Housing & Community Development Funding and Land & Water Conservation Funding.

7486
The minutes of the February 10, 1975 meeting were approved.

7487
Visitors at this meeting were Mrs. Ruth Irvine, Mr. Joseph White, Mr. Kenneth Mall, Mr. William Swam, Mrs. Judy Bellare, and Mr. William Sullivan, all of the Citizens' Advisory Council, and Mrs. Mary Ruth White, an observer.

7488
The Commission approved the Community Development Fund Application in the amount of \$119,600.00.

7489
The Commission referred back to the Recreation Board for further details, the application for funds to improve the baseball diamond at Memorial Field.

7490
The request of John G. Yerington Concrete Company for a reduction of the retainage on the three contracts was approved.

7491
The matter of participating in a MACOG Wastewater Treatment Management System was tabled.

7492
The City Attorney announced that he would initiate a petition to establish a County Drain District to include the area west of the Cemetery.

7493
The City Attorney was instructed to investigate pursuing the annexation situation further.

7494
A City Policy was established requiring Utility Companies to post a bond prior to any construction.

7495
March 24, 1975 was the date set for a Public Hearing on curb replacement in the Liberty Heights Area.

7496
An Ordinance was introduced to assure compliance with the State regulations on cross-connections of the water system.

7497
The Commission considered purchasing the lights on the new tennis courts at Memorial Field for \$4,153.00 rather than continue the 10-year contract at a monthly rate. This was referred to the School-City Coordinating Committee.

Buchanan Township

Monday night the Buchanan Township Board heard a report from the Planning Commission which had denied rezoning of an old school on Wagner Road. George Beach had wanted this rezoned so that Max Dretzler could expand his business there. Beach and Dretzler were present at the township meeting to urge the board to take favorable action. The school building has been vacant for 12 years. Dretzler had a petition signed by 70 people favorable to the rezoning. The men were told that they must wait 30 days for an opinion from the county plan commission, and that the township board would discuss the matter at their meeting in April.

The city of Buchanan had asked the township to appoint a member of the area park and recreation board, and this was tabled until the next township meeting, which will be March 19. It was reported that a representative from the county planning commission will meet with the township planning commission on March 17. A Mrs. Darnell, who has a beauty shop, had been told that her sign in front was too big. The law as stated says that the sign may be no bigger than a square foot. Nobody could find the actual citation of that regulation, so the matter will be brought up again at the next meeting.

There was the usual complaint about the condition of Elm Valley Road. Ivan Price indicated that he had talked to John McDonald, supervisor of Niles Township, to see if an arrangement could be made to have that township help with Buchanan Township's fire calls.

Pfc. George Blake Jr. was recently home on leave from the Marine Corps Base at 29 Palms, California.

He has completed schooling in electronics, finishing in the top ten of his class. He plans to further his education in this field.

Ox-Li Unit To Note Girl Scout Week

Girl Scouts in the Ox-Li Service Unit will join with three million other Girl Scouts in the U.S.A. marking the 63rd anniversary of the movement as they gather this Sunday, March 9, at the Galen High School cafeteria from 1:30 to 3:00 p.m. All Brownies, Juniors and Cadette Girl Scouts in Buchanan and Galen will be taking part in this event at the start of Girl Scout week.

Each troop has chosen a country and will prepare a sample sweet representative of that country to share with the others at tables decorated with a display to match the chosen country. Each girl will then invite her mother and together they will tour from table to table paying 1 to 5 cents for the goodies they choose.

The money paid will be placed in banks provided by each troop and all proceeds will become the Ox-Li Service Unit's contribution to the Juliette Low World Friendship Fund to help girls who participate in International Girl Scout events. Last year \$49.56 was realized by the unit.

Sunday afternoon which includes a ceremony to present the girls with their World Association pins, singing together and broadening knowledge of foods in other lands, also gives the girls the experience of working together in the kitchen with their mothers.

This Sunday is Girl Scout Sunday and inserts to go in all Buchanan church bulletins depict what Girl Scouts is all about "to serve God, my country and mankind and live by the Girl Scout Law." Among the pictures on the insert is one of Sue Garcia, a 4th grade junior scout in Troop 240, the daughter of the Dennis Garcias of Buchanan, who is shown appearing out of a birthday cake.

Girl Scouting was founded in 1912 by Juliette Low who adapted the Boy Scout program and philosophy to suit the needs of young girls. An initial membership of 18 has grown to one of almost 7 million in 96 countries throughout the world. Membership is open to all girls 6 through 17 and helps girls grow into responsible and resourceful citizens able to achieve their potential in a world where the emerging role of women is so important by providing an informal and flexible education through its program emphasizes deepening awareness of self as a unique person of worth, developing values to give life meaning and direction, contributing to society through personal talents and cooperation with others.

The voluntary leadership of over 600,000 adults in America is a vital mainstay of the Girl Scout movement and Singing Sands Council has 2,000 volunteers who work with approximately 13,000 girls within its Michigan jurisdiction. The council is a United Way Agency.

Legion Auxiliary

The Monday night meeting of the American Legion Auxiliary was presided over by Ruth Scott in the absence of the president Thelma Gorbitz and Cathy Horvath were the hostesses.

Ginger House, Girls State chairman, read the essays to members and a delegate and alternate were chosen. The Girls State tea will be held in Colon April 20 at 2 p.m. and Ginger House will take the delegate and alternate together with their mothers Dorothy Cossart, chairman of the district Girls State chairman, will also be present.

The birthday potluck for the Legion and Auxiliary members and their families will be March 29 at 6:30. For information call Thelma Gorbitz 695-9261.

Margaret Samson and Violet Swen reported on the district meeting March 2 at Paw Paw. The unseen gift went to Thelma Gorbitz.

Officers of the unit will meet next with the men on April 3 to discuss Legion activities. This is one of four joint meetings a year.

New Dentist

For family reasons, Dr. Harold J. Holmes has had to give up his dentist practice in Buchanan and will move back to Flint.

Dr. Rick Rutkowski will assume this practice at 804 E. Front Street. He comes from South Bend and graduated from Indiana University at Bloomington and from IU School of Dentistry in Indianapolis.

He and his wife, Jennifer, have two sons, Eric and Adam. They are presently looking for a place to live in Buchanan.

Swen Smith Comments

Richard Swen LeRoy Smith

The Bolshevik revolution in 1917 fathered the birth of Communism. In the years since, Communist regimes have always managed to muster crowds on anniversaries to celebrate the birth of the most terrorist monster in the history of man. In sheer numbers, the manipulated, mob-minded, emotion-led converts to Communism have outstripped... but have not outlasted democratic society.

The dignity of a democratic, Christian inspired society has not only survived, it has grown. Church affiliation has increased steadily through the years. But not nearly enough. Church attendance has had its ups and downs. Larger attendance is seen in worrisome times, less attendance in better times. Complacency seems to be a fault of Christian people. It seems sensible to ask what would happen if complacency was conquered...

Think about it this way... If each of the 12 disciples had won ONLY ONE convert a year, and if each convert in turn had converted just ONE more person, and if this mathematical doubling increase had continued thru these 1900 plus years, EVERYBODY on earth would have long ago been Christians!

Men's Lenten Luncheons

The Men's Lenten Luncheons continue each Wednesday and all area men are invited to attend. Each starts at 12 noon and ends promptly at 12:50, men are urged to attend in work clothes.

The speaker for the March 5 meeting is Dr. William Spencer, Dean of Students at Southwestern Michigan College. March 12 the message will be brought by Dr. Juel Nordby, a missionary who served in Angola and as a relief worker in Africa and now serves as a liaison person between the churches of ten African countries and the United Methodist Church in the U.S.

The luncheons are at the Reorganized Church of Jesus Christ on North Oak Street and the programs are arranged by the pastor, Arvelle Armstrong.

Redbud Seniors

The March 3 meeting of the Redbud Seniors was cancelled because of cold, stormy weather and icy roads.

The group will meet next April 7 at Faith United Methodist Church and the kitchen committee will be Mrs. Waletta Lounsbury and Mrs. Hazel Smith. All senior citizens are invited to attend.

According to the EPA, no '75 pickup in America, large or small,

gets gas mileage as good as Datsun's Li'l Hustler. 31 mpg*

- PLUS
- New, more powerful single overhead cam engine (43% fewer moving parts than pushrod engines).
 - Silky-smooth, all-synchro 4-speed stick shift (3-speed automatic, optional).
 - Durable steel disc wheels, 4.5-in rims, 6.00-14 heavy duty whitewall truck tires.
 - 1400-lb load capacity (all-steel load bed with 11 tie-down hooks).
 - Rugged welded lattice frame, torsion bar front suspension, heavy duty leavgs & double acting shocks in back.
 - Contoured bench seat, under-dash package tray and glove box, too.
 - Flow-through fresh air system (optional factory-approved air conditioning available).
 - Great parts availability (shares same basic engine as '75 Datsun 610 and 710).
 - Excellent resale value (for all of the above reasons).

America's #1 Selling Small Pickup.

Mike McGuirt provided plenty of the impetus which led to Buchanan's drubbing of Dowagiac

Bucks Win Semi-Finals

Buchanan kept their bid alive for a possible District win by beating Dowagiac 88-71 in semi-final play at Lakeshore last Wednesday.

Ken Garrett held high point honors as he netted 25 points. He also led the Bucks in rebounds with 18. Mike Busby off the bench produced 16 points and 13 rebounds. The other double figure Bucks were Mark Jackson with 15, and Mike McGuirt and Walt Vanderbush each contributed 11.

Willie Brown, the other starting forward, had to move to the guard position as McGuirt received his 3rd foul, and he did a good job as a ballhandler.

Buchanan kept the lead throughout the night and only a last minute comeback before the half by Dowagiac was about the only threat the Chiefs could muster. "Our defense broke down and it got us in foul trouble," Coach Bill Wilson commented, "But our offense picked up in the third quarter and we were able to go on." The Bucks, despite foul problems, played a rugged man-to-man throughout most of the night.

"I thought Busby's defense is improving, and Brown kept things together when McGuirt was in foul trouble," were Wilson's final remarks. Buchanan look rebounding honors 48-31 and shot 37 for 72 for 52 per cent from the floor, at the charity line were 14 for 24 for a 58 per cent average.

Local Girl Active In Student Action

The Record has received word from California that Luanne Stevens of Buchanan, presently a student at San Diego State University, is taking an active part in a student group calling itself the Legal Research Group that is preparing to take whatever legal action may become necessary to force the school to eliminate its "Breadth Requirements" for liberal arts students.

The group reports that San Diego is the only campus in the California State University system requiring liberal arts majors to follow a separate general education pattern including the taking of foreign language, math and other courses in addition to those prescribed by Title V of the California Administrative Code.

The Legal Research Group feels that this discriminates against junior college transfer students and transfers from other campuses in the state system who are often unaware that San Diego's requirements differ. They also claim it serves to bolster the financial resources of the Arts and Letters Department.

LRG is currently planning fund raising events and seeking donations from students and

others interested to cover court costs and legal fees since student body fees cannot be so used, although the Associated Student Body voted to take action. The group expresses the feeling "that their non-violent approach represents a new direction in student activism and hopes they will pave the way for similar student-initiated actions."

Women of the Moose

Senior Regent Cariel Keller conducted the meeting of the Women of the Moose last week attended by 26 members. Nine new candidates were approved in voting.

An invitation was received from the Kalamazoo and South Bend chapters to attend their Green Cap Days both on March 9.

Good of the order went to Amy Denno, door prize to Kate Nordin and Wanda Jesse was the mystery girl. Refreshments were served by the hospital committee under the direction of Virginia Toll.

The next meeting, March 13, will be hosted by Irene Morelli and her Moose Haven committee.

THE SPINAL COLUMN

In order for you to get the most benefit from your Chiropractic adjustments, it is necessary for you to help your Chiropractor to the best of your ability. This includes regular adjustments, good diet, proper rest -- and plenty of exercise, since the bones of the spine are held in place by muscles. Since so few people will take just a few of the 1,440 minutes of a day to do this, we call our program "Exercise to Watch TV By" which you can do during the commercials for aspirin, etc., etc.

1. Stand up, place your feet about two feet apart, hands down at your sides -- raise them out and up over your head until they are about two feet apart, then bring them down again. Take a deep breath each time you raise them. This can be done 10 times in a 20 second commercial for asthma.

2. To strengthen lower back muscles, Get down on all fours. Drop your stomach and raise your head back. Now raise your stomach back up while you lower your head. Do this 5 times during a constipation commercial.

3. Stand up. Put your hands behind your head and place your feet about two feet apart. Turn your head and body to the left with your feet remaining in place. Now turn the other way. Do this four times during an arthritis advertisement.

Yours for better health, naturally,

G. F. & A. M. Lodge News

Buchanan Lodge No 68 F & A M held its regular meeting on March 3. A spaghetti supper was served to members and their guests. Clare McKee gave a short talk on the importance of an active membership in the Lodge. He offered suggestions for ways Buchanan Lodge No.68 could involve a greater number of members in its activities.

Worshipful Master Burt Metzger was welcomed on his return from a vacation in Florida. Buchanan Lodge No.68 elected Elton Lash as Honorary Member. This is the second such Membership granted by this lodge to Masons who remain members of a lodge in another state.

A special meeting was announced for March 17 to confer the Entered Apprentice Degree. The next regular meeting will be April 7.

Buchanan Township Fire Department responded last Thursday to a call at the William Fullers on Miller Road. A building used for raising pigs was on fire and about 20 to 25 pigs were lost including a couple of sows. More may have died later from burns. The blaze was apparently caused by an electrical problem.

Men's BB League

Men's Basketball League had its division finals last Sunday. In Division I, the champs are Clark No 5, who topped Buchanan Steel 113 to 35 for the title. In Division II, the title went to Red Raiders for their 66 to 62 win over Thompsons. The score in a third game played Sunday was Brown Construction 75, Aalfs 55.

St. Anthony's Society Will Meet Tonight

St. Anthony's Women's Society will meet Thursday, tonight, at 8 o'clock in the church hall. A 7 p.m. mass will precede the meeting. The president, Mrs. Walter Ross, will conduct the meeting, and the hostesses will be Mrs. Kenneth Mall, Mrs. Lous Desenberg and Mrs. Gerald Smedley. Mrs. Ted Halbritter of Niles will present the program in which she will tell of Meals on Wheels.

Has Heart Surgery

Richard Yost of 406 Walnut, Buchanan, had open heart surgery at Cleveland Clinic on February 28. He is now out of intensive care and able to enjoy cards. His address is Cleveland Clinic 7 South, Room 28 1220 East 93rd Street Cleveland, Ohio 44106

Obituaries

Mrs J D Farley

Mrs Faye Farley of Decatur, Alabama, died there early March 4 following an illness of several years. She had lived in Decatur for approximately eight years, having lived in Buchanan and Niles from 1951 to 1966. She was born in Alabama March 5, 1934.

Mrs Farley is survived by her husband whom she married in August, 1952, in Buchanan, a daughter Linda at home, a son John of Decatur and one grandchild. Services will be this afternoon, Thursday, in the Collins Funeral Home, Jasper, Alabama.

Praising Him To Cut Records

Praising Him, heard Sunday nights at 9 on WNIL fm, will cut several stereo records Sunday, April 27 at 1:30 with the Century Record Company at the First Church of Christ, Christian in Niles.

On May 4 those on the records will have a gospel sing-in at the First Church of Christ Christian - approximately twenty groups will participate - following a 5 o'clock carry-in supper.

Anyone interested in recording or attending the sing-in may call 695-9585 or write LaVon Harter, Box 20, Buchanan

The engagement of their daughter, Sherri Marie, to Kim Critzer is announced by her parents, Mr and Mrs Robert E. Heber of 124 Willy Road, Niles. He is the son of Mr and Mrs Raymond Critzer, Route 1, Buchanan.

The bride-to-be, a graduate of Niles High School, is employed in Niles at Suds Yer Duds, Inc. A Buchanan High School graduate, the prospective bridegroom is a farmer.

The couple plans an April 19 wedding at St Paul's Lutheran Church in Niles.

Airman Michael R. Johnson, son of Mrs Thelma R Johnson of 304 Berrien St, Buchanan, has been assigned to Wurtsmith AFB, Mich, for duty in the transportation field after completing Air Force basic training. During his six weeks at Lackland AFB, Texas, he studied the Air Force mission, organization and customs and received special instruction in human relations. Airman Johnson attended Buchanan High School.

How to give till it helps
 (even on a budget).

There are some who think we're only after money, when we say, "Give till it helps!" Money is indeed important when you're called on to help millions upon millions of people every year. But money isn't everything. 3,114,743 people helped us last year by donating blood, for instance. And there are hundreds of other jobs to be done. Everything from rescuing older people from the sea of loneliness. To helping to feed and house families after a disaster. Many people can't give us all the money they'd like to. But there's hardly anybody who can't lend us a hand in some way. Learn how you can give till it helps. Call your local American Red Cross chapter. Today wouldn't be a bit too soon.

This group of Gael boosters from Galien High School dribbled basketballs all the way to Bridgman last Thursday. Pictured are Jerry Woodrick, Jerry Lutz, Sven Mollberg, Mike Hoffman, David Wright, John Gunn, Eric Germinder and David Gerold. Missing from the picture was Rick Chase. On Saturday, six of them - Chase, Germinder, Gunn, Mollberg, Woodrick and Wright all did it again!

Sixty Take Part In Band-O-Rama

Sixty Buchanan High School music students recently participated in Lake Michigan College's second annual Band-O-Rama and performed under the baton of Guest Conductor H. Robert Reynolds, director of the band department, University of Wisconsin.

Altogether, 318 high school musicians from Buchanan, New Buffalo, River Valley, Brandywine and South Haven High Schools participated in the day-long series of instructional, and evaluation meetings, rehearsals, performances, and the culminating evening concert, during which the bands played individually under their own conductors and in mass formation under the guest conductor.

The Buchanan Band, under the baton of its conductor, Michael Morse, performed "Compendium" by Leland Forsblad prior to the massed band concert.

Members of the Buchanan Band include piccolo, Laurie Nelson Flutes, Laurie Nelson, Maribeth Merrill, Denise Tropp, Linda Morrow, Bonnie Holmes, Sue Cuthbert, Susan Wessner, Jill Dokey, Nancy Kingsbury, Barbara Stone and Karen Gordon. Oboes, Todd Miller and Becky Gray Bassoons, Shelley Leiter and Linda May.

Clarinets, Kyla Newsom, Lisa Swem, Janis Metzger, Deanna Steinger, Dana Skidmore, Tracy Marsh, Shelley Hamilton, Zoraida Ferrell, Daryl Sawyer, Pat Dmeen, Jeanne Walkden and Karen Bobo.

Trumpets, Patience Vanderbush, David Gault, Robert Mahan and Jim Vagansky Baritone, Susan Trull Alto Clarinet, Chris Ring.

Bass Clarinets, Lynn Bobo and Janet Hess Alto Saxophones, Diane Hall, Kathy Stark, Bryan Virgil, Ronni Pelley and Kindra Blake Tenor Saxophone, Janice Unger Baritone Saxophone, Paul Gunn.

Cornets, Diane Camp, Alyson Nelson, Linda Mattson, Tony Wold, Gary Tropp, Mike Byrum and Kevin Clem Trumpet, Donna Canfield.

French Horns, Jane Montgomery, Diane Mattern and Debbie Tyus Tubas, Dolly Clark and Don Holmes.

String Bass, Steve Worland, Percussion, Doug Post, Mike Mefford and Martha Rifenberg. Dr. Donald K. Moely, head of the LMC music department, has planned the Band-O-Rama so that over a three-year period all of the Lake Michigan College District high school bands would be invited to take part, as well as bands from high schools in adjacent areas.

Mission Emphasis At First U M Church

Mission Saturation is the emphasis for several special events planned this week at First United Methodist Church on South Oak Street.

Sunday at 9:30 a.m., Ross and Ara Bunce, he is presently pastor of the Bainbridge United Methodist Church near Benton Harbor, will share with the Sunday School some of their experiences as missionaries to India from 1948 to 1970. Ross Bunce will then give the message at the 11 o'clock morning worship service.

A 12:30 family potluck dinner will follow and Dwight Busacca from the national office will be present to share in a short program. At 6:30 Sunday, the Senior High Youth will host youth from Cassopolis to hear Roy Severance, director of missions to the Cumberland Islands.

Activities will continue during the week when the women of the church will meet Tuesday at 9:30 a.m. to hear James Brinks, formerly a missionary in Sarawak and to the S.E. American Indians Hostesses for the program will be members of the Friendship Circle.

The men will hear Juel Nordby speak at the Men's Lenten Luncheon Wednesday at the RLDS Church, and that night at 7, the 7-12 grade youth are invited to Faith Church to hear Dr. James Thomas tell how the United Methodist Church helps in relief of suffering and starvation in many world areas.

BHS Volleyball

The BHS girls volleyball teams played at River Valley Monday night in a three way event with Cassopolis.

The varsity won both their matches to give themselves a 3-3 record. In the first game with River Valley, Buchanan lost 14-16 with Karen Aalfs getting 6. The second game they won 15 to 5 with 9 of those made by Janet Hess and the Bucks took the third game 15-6 with Aalfs getting 5 and Hess 4.

Against Cass the girls also lost the first 3 to 15. Cindy Prenkert had 5 and Janet Hess 4 in the next game which they took 15-13. The last game was theirs 15 to 7 with Hess and Prenkert each getting 4.

The jayvees lost both Monday. They were topped 11 to 15 by River Valley with Christ Swank and Marie Williams each scoring 4. Swank again had 4 in the second game which they lost 9 to 15.

They took the first game against Cass by 16 to 14 with Mary Kay Welsh getting 7 and Chris Swank 5. In the second, a 6 to 15 loss, Welsh had 3 and Kelly Letcher 3. Welsh and Swank each had 3 in the third game as they were defeated 9 to 15. The coaches report that although they did not win, they are showing improvement.

The teams were to meet Dowagiac and Brandywine Tuesday, Niles on Wednesday and host Coloma and Lakeshore Thursday, tonight.

Cindy Mollberg was recently crowned as Winter Carnival Queen at Galien High School as the result of a fund-raising drive by the annual staff to aid in publication costs. From among several elected candidates, Cindy raised the most funds for the annual thus winning the title.

Shown with Cindy is Steve Germinder, head of the Galien annual staff, the Crier. Cindy is a senior and the daughter of Mr. and Mrs. Dewey Mollberg.

BCCC Program To Be On Pornography

Berrien County Council of Churches will have its regular meeting Thursday, March 13, at the United Methodist Church in Berrien Springs, 300 West Mars Street.

Pornography will be the program emphasis with Berrien County Prosecuting Attorney John Smetanka and members of his staff present to give both sides of the problem of dealing with this community concern.

The program will begin promptly at 8. A fellowship supper will be served at 6:30 for which reservations must be made by calling the council office 983-6535 by March 11. Cost is \$1.75.

Selling T Shirts

The fifth and sixth grade student council in Galien is selling school shirts. The T shirts for children in sizes small, medium and large sell for \$2.25. The shirts may be purchased from any student or from the 5th or 6th grade teacher. Profits will go for elementary library books and equipment.

Pancake & Sausage Supper

A Pancake and Sausage Supper is planned for Saturday, March 22 from 4:30 to 8 at the Morris Farm Fire Station. Tickets are available from members of the Morris Volunteer Fire Department, the sponsors, or at the door. Donation is \$2 for adults, \$1.75 for senior citizens and \$1.25 for children under 12.

To Present Cantata

The Young People's Choir of the First Reformed Church of Three Oaks will present an Easter cantata "He Is Alive" in St. Peter's United Church of Christ, Second Street at Cleveland, Galien, on Sunday, March 9, at 10:30 a.m. Visitors cordially welcomed.

Guests For Birthday

Mr. and Mrs. Henry Teichman and Mrs. Zelda Cooper were Sunday dinner guests at the home of the Ronald Fernwalts in Kent City. The party honored the twelfth birthday of Todd Fernwalt.

Sewage Irrigates

Experimental forage plots at Michigan State University are being irrigated with chlorinated sewage from the City of East Lansing. Crop scientists will closely evaluate the ecological effects of this waste disposal technique. Areas of concern include potential effects on the soil, ground water supplies, nutritional quality of the crop, and any possibility of toxic reactions in livestock.

Deborah Circle

Deborah Circle of the First Presbyterian Church will meet Tuesday, March 11 at 8 p.m. at the church. Mrs. Dennis Garcia is the hostess for the work session meeting that will conclude with communion.

Film Tonight on Self-Protection

A reminder to all area women of the invitation to attend the 7:30 program Thursday, tonight, at the Buchanan Church of Christ when the film "Woman Beware" will be shown.

Sponsored by the Women's Council of the church, it will be shown by Detective Paul Parrish of the Cass County Sheriff's Department who will discuss self protection for women - how to protect oneself from and avoid mugging, rape, purse thefts and such disasters.

Excellent voices, staging and orchestra accompaniment combined to make it a very enjoyable evening, and it is to be hoped the club will make plans for another such event to bring fine music to this area.

To Mrs. B., it was more than a 3-alarm job. It was home.

Last year, in addition to giving emergency care to almost a quarter million Americans, we helped over 30 thousand families replace their households, again—households lost through flood, fire, and other disaster. Households like Mrs. B's.

Sometimes we help by locating a new home. Or even buying the household necessities that families so desperately need when they find themselves with nothing.

Hardly anybody thinks about what he'll do in a disaster—until it hits home.

That's why we think it's so important that we're always thinking about it.

Every year, you know, Red Cross touches the lives of millions upon millions of Americans. Rich. Poor. Average. Black. White. Christian and Jew. With support. With comfort. With a helping hand when they need it.

So when you open your heart, with your time or your money, you can be certain it's in the right place.

Five Vie For Title Of Miss Galien

Miss Galien of 1975 will be chosen this Friday night from among the five contestants taking part in the event to start at 8 o'clock in the Galien High School cafeteria. Tickets are now on sale for \$1 at Jerry's, Ernest Chase Insurance Center and from the contestants, they will be \$1.50 at the door.

The master of ceremonies is to be Keith Welsh. Mrs. Duane Goodenough will be at the organ and entertainment will be provided by Rev. and Mrs. Arthur A. Beadle, Sharon Rector, the 5th and 6th Grade Band and the Jade Band.

The Berrien County flag - Land of the Four Flags, is the theme for the event in keeping with the bicentennial, and red, white and blue will be conspicuously featured. Chairman of the contest is Mrs. Dale Schell, who is assisted by Mrs. Cora Jane Przybylinski as co-chairman.

The entrants are pictured here with a little information told about each of them.

Kathy DeForest, the only junior in this group of senior girls, is the daughter of Mr. and Mrs. William DeForest of Route 1, Galien. A cheerleader, Kathy is also on the student council, a twirler in the varsity band and bat girl for the varsity baseball team.

Denise Lockwood, daughter of the Dean Lockwoods of Karen Drive, Galien, is a varsity cheerleader, in the band and Tri-Hi-Y, on the staff of the annual, recipient of the DAR award and a member of National Honor Society. After graduation in June, Denise plans to attend Ferris State College.

Kay Shephardson enjoys school sports and has gone out for all of the girls' teams - volleyball, basketball and softball. The daughter of Mr. and Mrs. Ellis Shephardson of Greenlawn Ave., she will work after graduation and will continue her education if possible.

Next is Vanessa Viganaky, who has just recently been transplanted to Buchanan, but is continuing at Galien until graduation in June. On the staff of the Bagpipe and in FFA, Vanessa also plays the guitar. The daughter of Mr. and Mrs. Donald Viganaky of 3209 Knight Drive, Buchanan, she would like to continue her education and study to become a model.

Sharon Wolfe is the fifth entrant, daughter of the George Wolfes of Rickerman Road. She works Co-op at Key Casting in Sawyer. She may go to Davenport College after graduation to study to become a medical secretary.

Friday night will tell the story and a new queen will be chosen to represent Galien in the Blossomtime activities.

Gaels Win Big One

The amazing Galien basketball squad did it, but they had to do it the hard way as they won the Class D District championship. They beat Lawrence 62 to 61 in a game which was a thriller down to the wire. A basket interference call against the Tigers put out their fire shortly after an unsuccessful one-and-one free throw would have given it to them.

The Gaels led 37 to 27 at halftime, but Lawrence came back with an effective man to man defense. They finally tied the game 59 to 59 with less than two minutes left and then went ahead for the first time in the game.

Don Kooy led his team with 17 points. Dave Rock got 12, and Dale Luther, Craig Schau and Mike Kuntz each got 10 points.

To get to the finals, Galien had swamped Bridgman 79 to 49. Senior Dave Rock got 25 points in that game.

Galien Pair Grows Older Gracefully

Clarence and Mabel Hess, who reside on George Street in Galien, will celebrate their 66th wedding anniversary March 17.

According to reports from her husband, Mrs. Hess continues to be a good cook and housekeeper. Formerly a practical nurse, she still does her own laundry and baking. She will be 83 in July.

Clarence will be 84 in September, he was a farmer, teamster, worked for Indiana and Michigan and is the oldest living crane operator for the Clark Equipment Company foundry. He has also done carpenter work and painting.

The only survivor of the Glendora Baseball team that beat the House of David on their home diamond in 1916, Clarence, a southpaw, played third base for the team. Mr. Hess still takes care of his rabbits, and this summer plans, as usual, to keep busy fishing and gardening.

The couple has four children - Thelma Lintner of Glendora, Deforest Hess of Buchanan, Verata Decker of Three Oaks and Ethel Myers of Galien, four grandchildren and thirteen great grandchildren.

Community Service

The March 9 Community Lenten service will be at the Galien United Methodist Church with Rev. Reginald Dryden, pastor of the St. Peter's United Church of Christ as speaker. The service begins at 7:30 p.m.

Juniors Select A Trial Drama

The junior class of Galien High School will present its class play - "The Night of January 16", a three act comedy-drama revolving around a murder trial. Members of the audience will be selected for jury duty each night of the play's run, and their verdict will decide the play's ending.

The production will be given March 26-27 in the old gymnasium. The cast includes Missy Klungerman, Randy Chase, Don Kooy, Tom Schunske, Janice Powell, Joni Warnke, Wendy Luska, Linda Payne, Mike Olmstead, Becky Hemminger, Dave Gerold, Tim Snyder, Sharon Geik, Carol Pence, Brian Howard, Janet Wright, Tim Ashcraft, Mike Kuntz, Kathy DeForest and Terry Marsh. Nancy Giza is the student director and Carl Simmons the faculty advisor.

PTA Will See Special Gym Show

A gym show will be featured at the Galien Parent Teacher Association March 17 meeting in the high school gymnasium at 7 p.m. Children from grades 1-9 will present the show, being arranged by Mrs. Susie Schueneman and Wyman Miller of the Physical Education Department.

No Fines This Week For Overdue Books

This current week is Amnesty Week at all the Galien school libraries. Anyone having books or materials belonging to the school may return them at this time without penalties.

Librarians are asking parents to check with their children to have them return all school library books in the hope that some of the missing ones reappear. A sizeable quantity is presently missing.

Conferences Next Week In Galien

The Parent-Teacher conferences at Galien township schools are to be next week March 12 and 13 for kindergarten through 12th grade. School will be dismissed from grades 7-12 at 10:55 and grades K-6 at 11:55 a.m. both days.

Evening conferences on Tuesday are from 6-9:30, and afternoon sessions are Wednesday from noon until 4 for grades 7 thru 12 and 1-5 for grades K-6. Afternoon kindergarten class is to attend with the morning class both days.
