32 Trailers Now Occupied

All Installations to Be Completed by Oct. 27

Buchanan's trailer park, set up here to provide quarters for new workers brought in from the outside for the housing department of the Clark Equipment company, has now been located "for the duration" on the grounds leased for that purpose to the east of the north end of the parking lot on River street.

The grounds comprise a total of nine acres, of which 6,826 acres were leased from the Clark Equipment company and 2,174 from the William Borst property (formerly the Bainton property). The trailers had been set up first on the north end of the Clark Equipment parking lot opposite the new building located and connected with utility services there are now a total of 108 trailers in the camp, of which 100 are residence trailers, two are laundry trailers and four are toilet trailers.

On Monday all the trailers had been transferred and nearly all had been located and connected with utility services there are now a total of 108 trailers in the camp, of which 100 are residence trailers, two are laundry trailers and four are toilet trailers.

Mrs. Ethel Whalen, the manager of the park, states that at the present time they may be leased to workers who are classified as "in-migrants" or those who come to work here beyond the commuting distance. It is possible that some may be leased later to others than housing department workers if it is found that the workers of that department do not absorb all of the facilities.

The trailers are of two types, "standard" and "expandable." The standard type have a maximum capacity of four residents, with a minimum occupancy of two people, and rent for \$6 per week. The expandable trailers have a maximum capacity of six people and a minimum occupancy requirement of five persons. They rent for \$7 per week. Each type is so divided as to have two separate, closed-off sleeping compartments. One couple may rent a trailer and sublet quarters to others, but the couple originally leasing will be responsible for the rent. The sub-renting arrangement will be a private matter between them and the sub-lessees.

Each standard type trailer has a door in the middle, a swinging door in the Indian make trailers and a sliding door in the Glider make. There is in each case a sturdy couch across each end suitable for a bed with storage facilities under it for bedding. Each is furnished with the essentials except dishes and bedding. Each has two closets with full-length mirrors in the doors. Each has a folding table, four chairs, a gasoline pressure cook stove, a fuel oil space heater, two buckets for carrying water or holding waste, a ten-gallon water tank with a hand pump, a step-on garbage pail, a fire extinguisher and other minor furnishings.

There is no water connection or tap inside the trailers but water must be carried from outside taps located at a number of places through the park. Each trailer is well insulated and before cold weather arrives will be "stirred" around the bottom to keep the wind and cold air from underneath. Each is well insulated and is guaranteed to be capable of being comfortably heated in the coldest weather. The fuel oil heaters are rated to warm the trailers in the coldest weather with five gallons of fuel oil daily. The gasoline pressure cookers are rated to use an average of two gallons per day per family. The trailer park management arranges rationing of fuel oil and cooking gas for the tenants.

The trailers are very attractive inside. The floors are covered with linoleum, and the walls and ceilings lined with handsome plywood. The two laundry trailers will take care of all laundry requirements according to a schedule set up by the management allowing time for each family.

Each trailer is set up on "horses," the government providing only a sufficient supply of wheels and running gears for use in transporting the trailers from one camp to another.

Maroons Trample Coloma 14 to 0

(Bob Letcher, Reporter)

The team went ahead to win a first victory at Coloma Thursday afternoon of last week, the score being 14-0. Practically every one of the squad took part in winning. The Bucks did all of their scoring in the first half. In the first quarter Topash drove through the Coloma line to score. The point was made by a long pass beyond the goal from Topash to Stibba in the second quarter. Topash threw the best pass of the game to Stibba who caught it in a swarm of Coloma backs and scored. Metzger charged the line to make the extra point. Bromley, J. Anderson, G. Barnhart, and Steininger left the Coloma line badly beaten. Topash returned a punt from deep in his own territory to Coloma territory. This run covered forty yards. Four Coloma boys were knocked down as they tried to force him into the sidelines. The Coloma backs could not penetrate the Bucks line. Their passes were knocked down or incomplete.

Some of the substitutes for the Bucks were: Voorhes, Liska, L. Streigel, Dokey, Thurston, Rifenberg, Slocum, Hagley, Martin, N. Streigel, Lauver, Vergon, and K. Mitchell. Friday the team goes to meet Three Rivers.

People's Rapid Transit Puts On 10:55 Bus Trip

Starting yesterday, Oct. 20, a new bus schedule went into effect for the Peoples Rapid Transit Service between Buchanan and South Bend, the most interesting feature of which is the addition of a new trip from Buchanan to South Bend, leaving here at 10:55 a. m. daily except Sunday. The purpose of this trip is to relieve the heavy traffic on the 12:25 trip. This 12:25 trip has been set back to 12:35 service from here to the Bend daily. Other minor changes in bus times will be noted in the advertisement of the schedule elsewhere in this issue.

Is Authority On Affairs In Greece, Turkey

Was President Greek College Escaped Few Hours Ahead Germans

Dr. Ernest W. Riggs, former president of Anatolia College, Salonica, Greece, will be the speaker for the Talk of the Hour club lecture number at the high school auditorium Monday evening, Oct. 25, at 8 p. m.

Mr. Riggs was in Greece throughout the Greek-Italian war and escaped from that country just ahead of the German occupation. He has been identified with the region of Greek and Turkey during his entire life. He was born in Turkey and escaped as a boy from the district of the Armenian massacres under the protection of the American consul. He was graduated from Princeton University in 1904 and the same year became American vice-consul at Harput, Turkey. Later he became president of Euphrates College at Harput. When that college was wiped out during the first World War he taught three years in Beirut University, Syria. He later came to America and served 11 years as Foreign Secretary of the American Board for Near East Relief.

After Salonica college was closed in 1942 and turned over to the Greeks as a military hospital with 400 beds he remained in charge leaving with his wife only a few hours before the arrival of the German forces.

He will speak on Greece, Balkan and Turkish relationships.

Sgt. Jack Leggett Is Released From Army Acct. Health

Technical Sergeant Jack Leggett, son of Mr. and Mrs. Jesse Leggett, 305 Cecil avenue, has returned to his home here after receiving an honorable medical discharge from army service because of chronic mastoid trouble which had recently kept him hospitalized a part of the time. Shortly before he came home he had been promoted to crew chief in charge of photo lab work at the field. The work of his unit was to take aerial views of army units on maneuvers, detecting weak spots in camouflage of positions and equipment, copying documents and drawings, taking pictures of crashes and also of special occasions and ceremonies and all other features of the work at the field at Venice, Fla.

Shortly before he came home the Record had received the following army release from Venice, Fla. Sgt. Jack R. Leggett, 20, stationed in the Venetian Army Air Field, has a remarkable record in photography, having been one of the pioneers of this field. He is the section chief in the Photo Lab for this field, having worked himself up to that position since he entered the Army in December, 1941. He is an outstanding enlisted man at this command.

Henry Eisele was a guest during the past week end of his daughter, Lieut. Ruth Eisele, serving in the army nursing corps on the staff of the Fletcher General Hospital at Cambridge, Ohio.

Rev. W. Cogley Explains Aims Legion Decency

Asks Community Cooperation in Talk Before Lions

A campaign for the promotion of decency initiated ten years ago by leaders of the Catholic Church in America, and designed to better the standards of movies, magazines and literature in general and to combat all influences tending to lower standards of morals among the youth in particular and the public in general was explained in an interesting talk by Rev. William A. Cogley, pastor of St. Anthony's, given before the Lions Club at a meeting held last Thursday evening at the pleasant home of Dr. M. J. Converse on the St. Joseph river.

The campaign explained by Rev. Cogley has taken definite form in the organization of the Legion of Decency. As Rev. Cogley outlined the story of the work, it has been particularly effective in communities with large Catholic elements, where the denomination has a correspondingly large influence. In many such communities he stated, the Legion has been able to lift the standard of selection of movies and to enforce a voluntary ban on the more questionable type of publications on sale at newsstands and other places.

The Legion of Decency has set up definite standards of criticism of all types of education and entertainment outside the regular school channels. They publish regularly a critique of current popular movies, agitating not only for the elimination of the undesirable film offerings, but arousing public opinion to a boycott of such types where offered. He stated that a general acceptance of and corroboration of this movement is needed to make it generally effective.

He stated that at a gathering of Catholic leaders in 1933, a committee of bishops was named to lead the movement for better movies. The aid of the Knights of Columbus and the Daughters of Isabella, the church organizations for Catholic men and women, were enlisted, and they gave vigorous support to the campaign. They were able to bring the largest film producers to recognize their movement to the extent of permitting a Catholic censorship of movie production, eliminating much that was objectionable. However much ground remains to be covered at first the film companies were averse to cooperation but eventually they came around to a position of recognizing that such betterment would in the long run be to their own interest.

The church through its own publication, the "Sunday Visitor," publishes regularly a rating of movies, classifying them as follows: 1. Approved for the general public. 2. Objectionable in part. 3. Objectionable for children. 4. Objectionable on the whole. He stated that the Sunday Visitor circulates widely through the Catholic membership and that its ratings are available to anyone. His church has a number of extra copies, he stated, which are available to anyone who wants to know the judgment of the Catholic church on the current films.

He also stated that newsstands and other places of current magazine sale in the United States are very generally given over to merchandising a type of magazine which presents crime and excessive attitudes toward life in an alluring manner, to the extent that they cannot be circulated through the mails but must be shipped to places of sale by other means. He urged that the Lions club and all other strong organizations devoted to the general interest lend their influence toward the discouragement of the sale of such publications here. He stated that the Catholic church had a regularly published list of objectionable publications analyzing the undesirable types as follows:

1. Those glorifying crime and presenting the criminal as a hero, encouraging youth to become "big shots" through violence.
2. Those predominantly sexy.
3. Those condoning illicit love and marital infidelity.
4. Those featuring illustrations or cartoons suggestive in nature.
5. Those publishing disreputable advertising.

In the face of all of these influences, he stated, the problem of the safe development of youth to clean maturity became very perplexing.

To Be Given Out At High School

Residents North of Front St. To Come Thursday; South of Front St. on Friday

War Ration Books No. 4 will be distributed to the people of Buchanan area to such people of adjacent communities as are not served at rural schools at the Buchanan high school building on Thursday afternoon and evening and Friday afternoon, Oct. 28-29, by a corps of volunteer workers comprising all of the Buchanan teachers and such others as volunteer to aid.

Supt. H. C. Stark stated that the hours for the distribution would be from 1 p. m. to 8 p. m. Thursday and from 1 p. m. to 5 p. m. Friday. The later hours will be kept Thursday to accommodate those who cannot come from 1 to 5. Supt. Stark stated that the application blanks would be available at the high school after noon Monday and from then on it is possible for those who cannot conveniently come in person to fill out their blanks and let some one else take them to the school and get their books. All applications must be accompanied by copies of War Ration Book No. 3, which will be the requisite credentials for securing Book 4.

Stark stated that volunteer workers will be needed, so that in the event that there is a rush of applicants at any particular hour they can be taken care of without undue delay. He asks that as far as possible those living on the north side of Front street come on Thursday and those on the south side of Front street on Friday. It is anticipated that from 5,000 to 5,500 books will be distributed.

One Book Four will be issued for each Book Three presented or shown unless and except in case a recipient has since become a member of an institution, a member of the armed services, or intends to re-enlist in the country for not more than sixty days. Copies of Book Three will serve to establish eligibility and identification of the applicants.

The registration procedure is very simple, and all applicants for Book Four will be able to obtain their book with only a small amount of inconvenience if they observe the following:

They should be sure to bring Book Three with them. The fact that Book Four has been issued will be noted on Book Three, which will then be returned to the applicant.

One adult individual may obtain Book Four for all members of the same family if they reside at the same address. Each person's Book Three must be presented, however.

Buchanan Property Changes Ownership

A number of Buchanan properties changed hands during the past week, including:

The residence property at 203 North Oak street was sold by Mrs. Carrie Kean Starr to Mr. and Mrs. Manuel Conrad who will move there Nov. 1. The Conrads sold their 100-acre farm 1 1/2 miles north of Buchanan to Roy C. Lytle of Niles. Mr. Conrad is retiring from the farm on account of ill health. Mr. and Mrs. Percy Fuller have purchased the property at 407 Days avenue from Delmar Thompson. The Thompsons have bought of George Huff the residence at 301 North Portage street.

City Commission Makes Temporary Set-Up For Police

A working organization of the Buchanan police force was obtained as the result of two special meetings held in the past week to discuss the current matters. The organization is now as follows: Acting chief, Ted Cramer; day patrol, Edward Mitchell; Veto McKenzie, night patrol, special relief police, J. VanderVen. VanderVen was appointed at the special meeting held Tuesday evening, to serve 30 hours per week regularly in order to permit the three regular patrolmen to get their weekly days off. He can also act as relief when others need time off.

## AMERICA FIRST—BUT ALWAYS AMERICAN

by Ruth Taylor

America first—but always American. We have let the isolationist take the phrase "America First" and pervert it to selfish ends. America first—we agree with that, but not with the "and" to hell with the rest of the world" spirit. They claim they are the only real Americans, the only true patriots. But—after all, when we say America first, what do we mean? We mean that we will keep the ideals that have made America first among nations, first in our hearts and in our lives. Not only will we be "from many one"—but one for the many—we will work one for all, not all for one. We mean that we believe in the equality of all men before the law with equal access to justice in fact. Of as Summer Welles phrased it, "The equality of individuals, like the equality of people cannot be granted by fiat. Equality depends

on their own achievements and upon their own intrinsic worth. But to equality of human rights, and to equality of opportunity, every human being is by Divine Right entitled. That is the essence of our democratic faith." We will put this faith into action by not discriminating against any of our fellow citizens, our neighbors in this America, whether they be rich or poor, black or white, Jew or Gentile, Americans by birth or by choice.

We mean that we believe in the Constitution of the United States as the framework of the form of government under which we want to live. We will therefore see to it that our Bill of Rights, and its corresponding bill of duties is not infringed upon by us in any particular.

We mean that we believe in the system of free enterprise—under which we have flourished, a system free from compulsory labor, irresponsible private power, arbitrary

public authority and unregulated monopolies. We mean that we believe in an opportunity for productive work at a fair wage and under good standards for every man or woman who wants to work.

We mean that we believe in the freedom of the self-governed, the restraints upon our tongue and pen those of self-control and good taste, not the power of a secret police.

We mean that we believe in majority rule and that we will willingly and cheerfully abide by the decision of the majority—until the next election—cooperating with our fellow Americans to build a finer, stronger and more prosperous nation.

We mean that we believe in the great tradition for which America stands. We mean that we believe in an America so strong, so self-contained that it is capable of retaining its individual integrity while living in the brotherhood of hope and union with men of every race, or nationality.

America first—yes, but let us keep it always American!

**Kiwis From New Zealand**  
The latest and most approved nickname for New Zealand's soldiers—Kiwis—is a familiar word for U. S. Marines stationed here. It was one of their names for shoe polish back in the States. Actually the new nickname comes from the kiwi bird, national emblem of New Zealand. It replaces the terms "Diggers" and "Anzacs."

## First Frost Hits Buchanan Oct. 19

The Buchanan community experienced its first frost Tuesday morning, Oct. 19, when the mercury at the Indiana & Michigan hydroelectric plant registered 32 above, the exact frost mark. It is normal, however, that the plant temperatures are from one to three degrees above those away from the water during temperature drops, and the same amount lower in temperature rises. Tender flowers and vegetables were blasted by the temperatures, which were low enough in the city to freeze ice. However, practically all crops around Buchanan are reported as being well out of the way of frost damage. The lowest previous recording this fall at the Indiana & Michigan plant was 36 above.

News of the Buchanan Schools

Collected and Edited by Members of the Class in Journalism

### Editorial

#### School Spirit

The familiar chants: maroon and white, f-i-g-h-t, echo through the halls of old B H S. this year with added zest and feeling. We have plenty of that "school spirit" and "will to win." With a combination like that what can stop us? Let's keep backing our boys all through the football and basketball seasons. Show them that we are really behind them by yelling those cheers like they were never yelled before.

### News Notes

#### Service News

Charles Matthews was home on leave from the Army. Richard Welch whom we have probably seen in the school halls was home of a furlough from the Army. Jack Leggett is home on a furlough. Sam Wagley is home on leave from the Navy. Bob Fairman was home on a furlough. Dale Hanover is home on leave from the Navy.

#### Teachers Attended Detroit M. E. A. Meeting

Mrs. Dunbar, Genevieve Carnation, Lucille Quade attended a M. E. A. meeting in Detroit Friday and were the guests of Jean Jeffery and Marie Connell.

#### Junior Red Cross Collects Material

Save your old pencil stubs and tablet backs for the Red Cross. They plan to collect and salvage them. A container in Mrs. Von Ruzen's room will hold all you collect. Bring your contribution today.

#### Bulletin Board Displays

**Fall Flowers**  
The bulletin board in the lower hall exhibits studies in crayon by the seventh grade art class. Varied designs, arrangements, and color of flowers were made that have revealed beautiful shades of fall flowers.

Mrs. Dunbar, head of the English Department, held a meeting of the English department members Thursday night. Plans were made to meet war conditions for English improvements.

#### G. A. A.

Thursday, Oct. 7, the G. A. A. held a meeting to elect officers and make plans for the year. The officers are: President, Verma Brown, vice-president, Pauline Smith, secretary, Betty Mills, treasurer, Carol Pierce.

During the Niles game, Oct. 8, the members sold peanuts, popcorn and candy. They took in approximately \$42.

#### Scrap Drive

Be sure to have all your scrap out at the curb by Oct. 25. It will be picked up sometime between Oct. 25 and Oct. 30.

### Future Farmers of America Help Harvest Crops

The F. F. A. boys have been helping the farmers to harvest crops of potatoes and grapes this season. Volunteer workers have also been doing a splendid job.

### Dance Fashions

The high school dances are a gay whirl of blouses, skirts, sweaters, shirts and jumpers. Ankles, chains, bracelets, lockets, and rings worn on chains are very fashionable. The most popular pieces of jewelry are friendship bracelets and long bead or macaroni-necklaces. The girls—most popular footwear are moccasins and loafers. Anklets, especially white ones are also very popular. Small pins and bows are bright decorations for sweaters and blouses.

### Miss Bovee Visits

Monday morning, Oct. 18, Miss Jeanne Bovee, 2nd Lt. P. T. a physical therapy department, O'Reilly Hospital, Springfield, Miss., greeted teachers and students at Buchanan High. Miss Bovee received her commission of second lieutenant Oct. 1 after completing one year of school and training at the O'Reilly General Hospital in Springfield, Miss. She is now a 2nd Lt. in the U. S. Army Medical Corps, and is a graduate Physical Therapy Aid. Miss Bovee is slated for overseas duty very soon. After the war she hopes to do Physical Therapy and Physical Education Work combined.

### C. I. O. Presented Flag to Buchanan Band

A flag, designed by Mr. Robinson, the Buchanan High School music teacher, was presented to the band by Allen H. Larson, secretary, and acting vice-president of the local No. 488, U. A. W. C. I. O., during the intermission of the Niles and Buchanan football game. C. J. Wilson, mayor of Buchanan, H. C. Stark, superintendent of Buchanan High School, school board members and P. T. Baily were introduced to the audience at the game. Mr. Phoenix acted as master of ceremonies.

### Pre-Flight News

Miss Weaver's Pre-flight class had a meeting Monday, Oct. 11. Marilyn Mann gave a talk on a new type of lighting which is used to teach the Cadets "piggy back." Joy Holmquist gave a talk on the plane of the future. Six members of the Pre-flight class went to the Niles airport Friday. Louise Popolar showed them some of the plane maneuvers as the following slipping when taxiing in, banking, working of the speed indicator, and altimeter. They were shown the different types of planes at the close of the meeting.

### Letter to Mr. Bailey From Neal Burks

"This Navy life is swell, am glad I enlisted. I miss going to school but we get some class room work. We are in boot camp. Hope everything is going smoothly up there this year. I see by the paper that the football team isn't doing so well. I hope we have a good basketball team. Well, we have to clean up the barracks now so will sign off. An ex-student, Neal Burks"

### Let's Enjoy our Privileges

Real appreciation was shown toward the football team at the assembly Monday 11th. The boys on the team were praised for their good playing at the Niles game and hope was expressed for victories over games to come. Mr. Bailey addressed the students and asked them to appreciate their beautiful grounds and buildings by taking care of them and keeping debris and refuse from cluttering the lawn.

Miss Robinson, teacher of the second grade, is from Lexington, Ky. She has several favorite sports. They are tennis and horseback riding. We hope Miss Robinson will enjoy being here as much as we are going to enjoy having her.

Miss Ruth Reilly, the second grade teacher, comes from Chicago. Although she attended other colleges, she received her degree from Plattville (Wis.) State Teachers College. Miss Reilly has a good sense of humor, plenty of Irish wit, and a Chicago interest. She likes to play golf, swim, tennis, and horseback ride.

### Dewey Avenue News

The children in Miss Schloeman's kindergarten are having a grand time in the doll house corner playing with costumes. Several boys brought pumpkins and making jack-o-lanterns has been fun. Jacqueline Forbes and Douglas Davis, who are in Mrs. Heim's first grade, each received a picture of the Santa Maria. On Oct. 12, Jacqueline's penmanship paper was the best of all the girls and Dale's was the best of all the boys. The papers were selected for neatness and formation of letters. Mrs. Heim's room received the banner this week for having bought the largest amount of defense stamps. The children in Miss Lundquist's room have been making animals

Cloyd Helmy entered the first grade last week. He moved here with his parents from Gallen. Sandra Zimmerman brought a cash register for the grocery store and the children made toy money to be used in buying things. Mrs. Morleys room went to other rooms and played the story of "The Little Red Hen".

Mrs. Radewald's third grade has a new pupil, Delores Stutsman, who came from the Brocius school. Jean Drake moved to Niles this week.

Our room bought \$7.35 worth of stamps Tuesday. At the last meeting of the Science Club in Miss Kubisch's room, we decided on the projects for the next few weeks. We voted to spend some of our treasury money to buy plaster of paris for plaques. Most of us have begun to make spatter prints of common leaves. We are going to use the plaques and spatter prints to decorate our room.

#### Grade News

James Bradley has entered Miss Canagan's room. James comes from the Havay Mich. and is a cousin of Jimmie Marks.

The children are making a large picture illustrating the poem, "Come Little Leaves" which they have learned.

The captain and lieutenants have received their arm badge this week. Sandra Hanlin celebrated her 7th birthday Oct. 8.

The following people have been selected from Miss Roberson's second grade to serve on the Safety Patrol: Captain Carmen Shreve, Lt. Fred Heeter, and Lt. Beverly Morell.

Mrs. Huston's third graders are reviewing how to tell time. Some of the children had forgotten.

The children bought \$21 worth of Defense stamps and bonds last week. Ethel Wells exchanged a book full of stamps for a bond.

The boys and girls are learning how to write paragraphs. Last week they wrote original stories to hand in to Miss Graves. It was difficult for some of the children to remember to indent when starting a new paragraph.

The fourth grade in Miss Bell's room was very much interested in the egg brought to school by Lois Henson last week. Though it proved to be a regular hen's egg, upon touching it they found it had a soft shell.

They have begun the study of "The Earth and Its People" and find the study of maps is very illuminating. Many of the children have found that drawing maps is a lot of fun.

The boys and girls in Mrs. Fuller's room enjoy the "Magic Harp" and "The Book House" both programs on WLS each Wednesday and Thursday at 1:15 p. m. This week the program were "Show White" and "Watching for Winkie".

Dora Lee Kohl from Van Wert, Ohio, has joined Miss Ekstrom's fifth grade group. The enrollment is now 36 pupils. The attendance has been good during the month of September but there has been too many cases of tardiness.

Miss Frankland's fifth grade has a new comer, Dale Stutsman, who comes from a rural school near Buchanan.

The fifth grade social studies class has been keenly interested in the story of Marco Polo's Travels. Some of the children have planned and completed a sand table illustration of it, while James Whitmeyer has pictured it for us in a map drawing on the blackboard. The final contribution was a story by Suzanne Mullen.

Perfect scores in arithmetic tests given in Miss Frankland's fifth grade to date, have been earned by Russell Wolkins and Raymond Palen.

Last Thursday the school dentist examined the children's teeth in Miss Reams' room. Twenty-one of the children had perfect teeth. This is just fifty percent of the room.

In Miss Sunquist's sixth grade class can be heard: "While I'm resting there are no minutes".

"Well, after we've won the war, we're going to have peace. . . . You just quarrel and quarrel until I'm all upset and dizzy and completely out of date".

The above sayings are a few of the dialogues spoken by the book, Elizabeth, and the Globe in the play, "Time for Elizabeth" to be presented before all the grade rooms during Education Week.

The cast of characters is as follows: Librarian, Kay Bailey; Elizabeth, Mary Ann Hagley; Clock, Richard Fedore; Globe, Kathryn Turner; History Books, Robert Gamble; Encyclopedias, George Sekan and Jack Shirley; Fiction, Joe Huebner; Scotch tape, Bobby Davis; Songbooks, Mona Smedley; Toys, Wayne Mahf; James Luhrsens; Billy Jo Warner; Margery Lakin; dancers, Barbara Borst, Donna Mathe, Phyllis Postlewait, Jeannette Fisher.

During the last week the building captains for the year were chosen: Dick Lauer heads the boys, Kay Bailey, the girls. Marilyn Schinsky is a lieutenant.

Graydon Heim's design was selected for the Mother's Club program cover.

Dick Lauer and Bob Marsh were chosen for captains of the war stamps and bonds to increase the bond and stamp purchases.

# "George, dear, this is Real Conservation!"

GEORGE isn't so sure about the "Manpower" part but he knows that he is saving fuel and petroleum, rubber and materials.

"Conservation of fuel, manpower, equipment and materials is a must for the United States if we are to achieve the maximum war production every American wants," says Harold Ickes and other government leaders in a joint statement.

In order to accomplish this, the War Production Board is asking all citizens to

cooperate in a voluntary program to conserve these vital resources by avoiding waste of coal, petroleum, gas, water, electricity, transportation and communications.

There is no shortage of electrical capacity here or elsewhere in the nation. We are prepared to meet all foreseeable needs both for war and necessary civilian requirements. The shortage is in the resources that are required for its production or use.

If you have read the statements of government officials, you know that you are not to curtail your use of electricity or any other service at the expense of your family's health and welfare. Use what you need but need what you use.

### SOME CONSERVATION SUGGESTIONS

**RANGE**  
Use smallest surface units needed for cooking operation. Cook on stored heat—or lowest heat possible.

**REFRIGERATOR**  
Defrost your refrigerator regularly. Do not overload your refrigerator. Keep temperature control set for 45°.

**WATER HEATER**  
Do not waste hot water. Do not let water run when washing dishes, shaving, etc. Repair leaking faucets.

**WASHING MACHINE**  
Do not overload washing machine. Do not run machine oftener than necessary.

**SMALL APPLIANCES**  
Eliminate all waste in the use of various electrical appliances such as radios, space heaters, electric irons and toasters, and so forth.

## Richard Watson and Virginia Babcock Wed

Announcement is made of the marriage of Miss Virginia Mae Babcock, daughter of Mr. and Mrs. S. O. Babcock, of Grand Rapids, to Richard Hale Watson of Three Oaks, son of Mr. and Mrs. Cress L. Watson of Buchanan.

Rev. William H. Helgel read the single ring ceremony in the presence of 200 guests Sunday afternoon, Oct. 19, at 2 o'clock in the Trinity Methodist church, Grand Rapids.

Harold Tower, Grand Rapids, gave an organ recital preceding the ceremony and also played traditional music.

The bride, given in marriage by her father, wore a gown of white slipper satin, fashioned princess style. Her long veil fell from a seed pearl tiara and she carried a shower bouquet.

Miss Nell Lee Broeksma, Grand Rapids, the maid of honor, wore a pale blue gown styled with a silk jersey bodice and chiffon skirt, three-quarter length sleeves and a sweetheart type neckline.

Miss Baiba E. Bower, Armada, a former schoolmate of the bride at Michigan State College, was the bridesmaid. She wore a cyclamen pink gown, styled similar to that

of the maid-of-honor. Both carried arm bouquets of fall flowers.

John L. Clark of Lansing, was best man and Andrew M. Vander Molen, Grand Rapids, was an usher. Mr. and Mrs. Vander Molen served as Master and mistress of ceremonies.

A reception for 60 guests was given in the Swiss room of the Pantlind hotel in Grand Rapids after the ceremony. Mr. and Mrs. Watson have returned from a wedding trip to Chicago and are at home in their farm home south of Three Oaks. The groom has been operating the farm of his grandmother, the late Mrs. Josephine Sieber, for several years.

## THE OLD JUDGE SAYS...

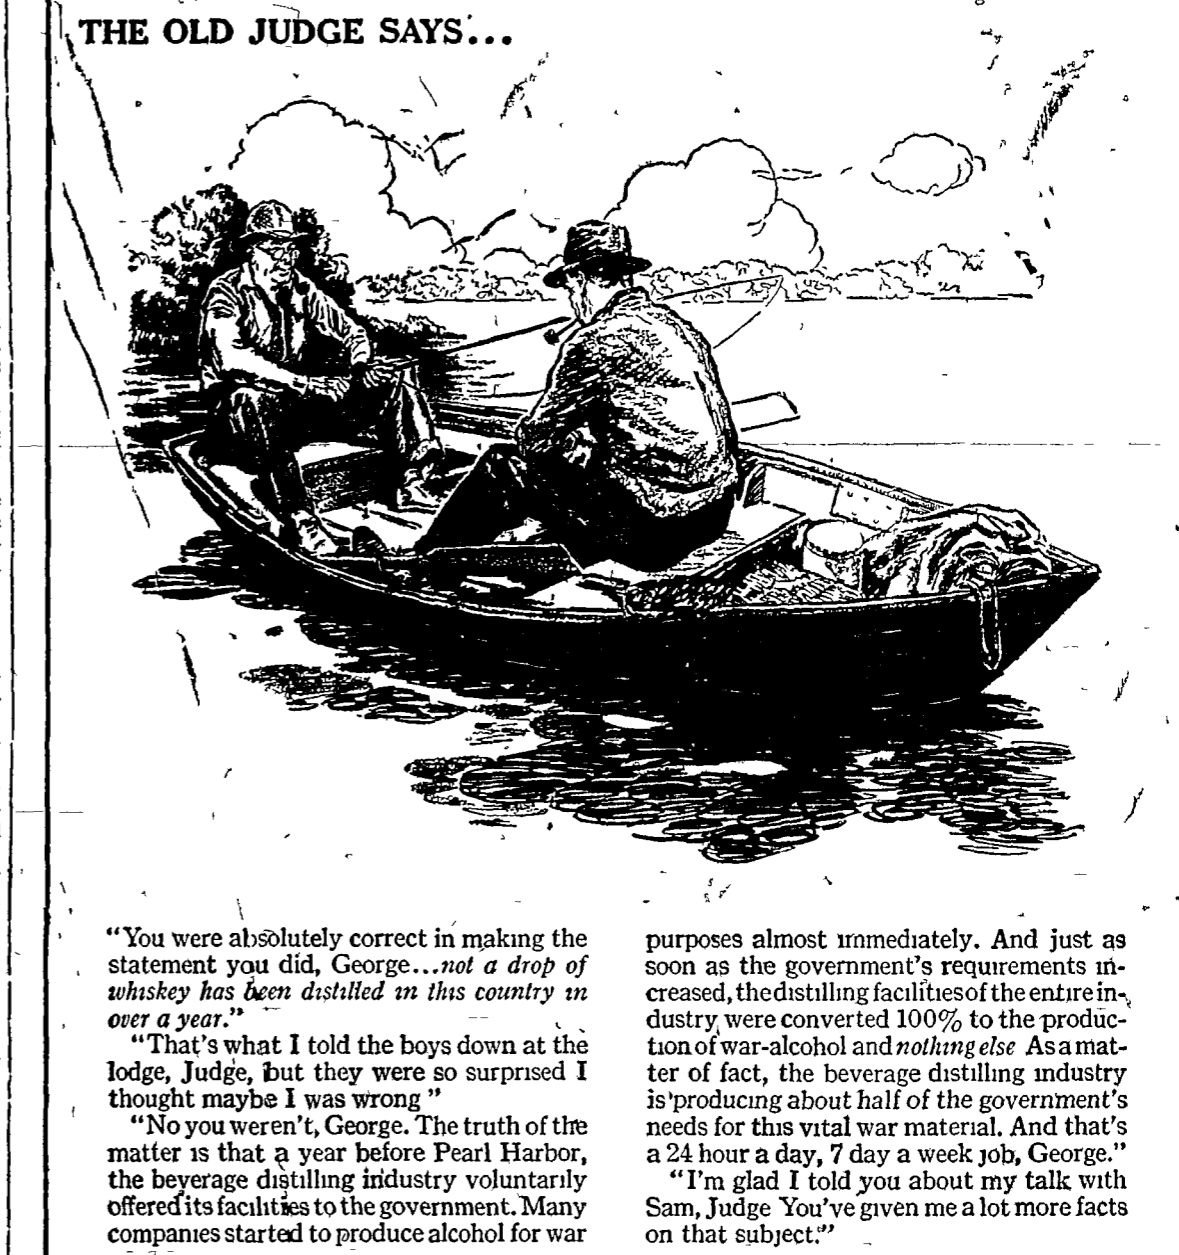

"You were absolutely correct in making the statement you did, George...not a drop of whiskey has been distilled in this country in over a year."

"That's what I told the boys down at the lodge, Judge, but they were so surprised I thought maybe I was wrong."

"No you weren't, George. The truth of the matter is that a year before Pearl Harbor, the beverage distilling industry voluntarily offered its facilities to the government. Many companies started to produce alcohol for war purposes almost immediately. And just as soon as the government's requirements increased, the distilling facilities of the entire industry were converted 100% to the production of war-alcohol and nothing else. As a matter of fact, the beverage distilling industry is producing about half of the government's needs for this vital war material. And that's a 24 hour a day, 7 day a week job, George."

"I'm glad I told you about my talk with Sam, Judge. You've given me a lot more facts on that subject."

## VERBOTEN

### If THE AXIS COULD, IT WOULD ABOLISH GAS OVEN COOKING IN ALL THE COUNTRIES OPPOSING IT. FOR GAS OVEN COOKING IS THE WORLD'S MOST ECONOMIC METHOD—BOTH FOR FUEL AND FOOD!

PROPER DEGREE OF HEAT

IS VERY IMPORTANT IN OVEN COOKING. IF YOUR THERMOSTATIC CONTROL IS OFF, YOUR MEAT COOKING CAN GET GOOD RESULTS WITH AN OVEN THERMOMETER.

YOU SHOULD ALSO HAVE A MEAT THERMOMETER. WHEN THERMOMETER SHOWS TENDR, TELL HOW ACCURATELY HOW MEAT IS AT AN EARLY STAGE OF THE ROASTING.

OUR VICTORY TIP

FOR CLEANLINESS OCCASIONALLY WASH THE SIDES, BOTTOM, DOOR AND RACKS OF YOUR OVEN WITH SOAP AND WARM WATER AND WIPE DRY.
