

SELL PROJECT 2 BONDS AT 1 PERCENT

Buchanan Schools to Open Tuesday, Sept. 2, with Staff 36 Teachers

Crouse & Co. Low Bidders In Field of Seven

Now Here's the Proposition

Women try for years to find a pair of stockings that will look like they ain't got on, then get mad when it looks like they mite hev to go without any.

There are 4,016 peepul in Buchanan—4,015 of 'em street paving experts.

Friday of last week was another one of those days in Buchanan, as hot as the hinges of this and that, when strong men faltered as they looked at the thermometers, but the women just shucked a few more duds and stayed cool as ever.

On that day Ed Mitchell, the rajah of the city waterworks, reports that he and the pumps, co-operating 100 per cent, lifted 2,356,000 gals of water in 24 hours.

And that many gals are a lot of gals to lift in 24 hours, as you must admit, even for Ed.

A few lightning computations on a pad of paper enables us to state that this was an average of 589 gallons per person in Buchanan.

Some of it went for bathing and washing dishes but undoubtedly most of it was drunk. Added to the 1,500,000 gallons of coca cola and the 1,750,000 gallons of beer drunk the same day, the whole amounts up to a staggering amount of liquidation.

GEMS FOR YOUR Scrap Book

How Did You Die? Did you tackle that trouble that came your way With a resolute heart and cheerful, Or hide your face from the light of day With a craven soul and fearful? O, a trouble is a ton, or a trouble an ounce, Or a trouble is what you make it, And it isn't the fact that you're hurt that counts, But only—how did you take it? You are beaten to earth. Well, well, what's that? Come up with a smiling face. It's nothing against you to fall down flat, But to lie there—that's disgrace. The harder you're thrown, why, the higher you bounce; Be proud of your blackened eye! It isn't the fact that you're licked that counts; It's how did you fight — and why? And though you be done to death, what then? If you battled the best you could, If you played your part in the world of men, Why, the critic will call it good. Death comes with a crawl or comes with a pounce, And whether he's slow or spry, It isn't the fact that you're dead that counts; But only—how did you die? —E. V. Cooke.

Alvin Fox, Former Resident, Is Dead Word was received here the first of the week by John Twell of the death of a former resident, Alvin Fox, who passed away in Omaha at the age of 75. He was born in Buchanan, the son of William Fox, and spent about forty years here, before leaving. He was a woodcarver in early life. He was a nephew of Perry Fox, a very well known business man here in the last century.

5 New Teachers Fill Vacancies on the Faculty

2 Last Year's Teachers Get New Jobs; 2 Marry; 1 Quits to Study

The Buchanan schools will open on Tuesday, Sept. 2, with a staff of 36 teachers, of whom five will be replacements of other teachers who resigned at the close of last year.

G. Arthur Guse comes from New Troy to succeed John Miller as coach and director of physical science for boys. Guse was graduated in 1940 from Western State Teachers College, where he was a letterman in football and basketball. He captained the football team one year and was a star in basketball. He had very good success in basketball at New Troy. His home is in Benton Harbor.

Miss Marian Wagness takes the home economics post vacated by Eleanor Shivers, who goes to Purdue University for postgraduate work. Miss Wagness comes here from Excelsior, Minn., where she taught last year. She has had five years of teaching experience. She is a graduate of the University of North Dakota and is working for her master's degree at the University of Minnesota. Her home is in Lakota, N. D.

Miss Evelyn Shepell takes over the music and art department, taught last year by Miss Harriett Stout who goes to Grandville, Mich., to teach music exclusively. Miss Shepell was graduated from Northwestern University in 1941. She had experience in teaching in the Ward school, at Evanston, Ill., and in the Wright Junior College in Chicago. Her home is in Evanston, Ill.

Miss Dawn Gates takes the third grade post left by Miss Marjorie Broderick, who resigned to be married. Miss Gates was graduated in 1941 from State Teachers' College at River Falls, Wis. Her home is in Turtle Lake, Wis.

Miss Helen Smith will teach kindergarten, replacing Miss Vivian Detrick, who resigned to be married. She is a graduate of Michigan Normal, Ypsilanti, and has taught in the schools of Three Oaks and Indianapolis, Ind. Her home is in Chicago.

Mrs. Richard White is spending Thursday and Friday with Mr. White in Battle Creek. They expect to move to that city as soon as Mr. White has been transferred there by the Clark Equipment company.

City Binds Frick to Complete Paving Here Before Leaving

Tales of An Old Town An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

The Story of the Building of the St. Joseph Railway from Buchanan To Berrien Spring Until Its Completion on August 3, 1881

On May 14, 1881, the Record announced that the rails for the "Narrow Gauge" railway had been laid from the Michigan Central as far as the old Pattawatomi camp ground and that work was proceeding at the rate of a quarter of a mile a day.

On May 14, 1881, the first excursion party rode on the road, a Sunday school picnic crowd riding a work train down to the "Pottawatomi flat" as the area covered by the Berglund, Horner and Wynn places was then known. This was the first of many excursions. In those days hardly anyone living in town had any other means of getting about other than walking. When the narrow gauge went into operation excursions formed a main part of its business. On Sunday, June 2, 1881, the second excursion went down the road. The Good Templars held a picnic at the river. The crowd boarded the first afternoon train at 12:30 p. m., returning at 6 p. m. The next Sunday, June 9, a crowd estimated "from 100 to 200" rode the work trains down to Bate's grove, wherever that was, and held a picnic. It was quite the thing.

In the June meeting of the common council of the village, that official body granted a franchise to the directors of the St. Joseph Valley railway to build a switch from their engine house about where the river street plant is, across and down Short street to the building of the Rough Wagon works at Main and Second (now Dewey) or so that cars might load and unload at that factory. The writer does not know that such switch was ever built.

On June 30 there was something really new in the social calendar of the city. The women of the Presbyterian church announced a "moonlight excursion" over the narrow gauge that evening to the Eurastus Kelsey farm. The train was to leave Front street at the Black & Willard factory, (where the Clark wheel department now is) at 7:15 p. m., returning at 10:15. The Buchanan Cornet band was to go along and furnish music. At the Kelsey farm the crowd were to be entertained with cake, ice cream and swings. The round trip cost for fare was 10 cents and the charge for the cake, ice cream and swings 10 cents. One hundred and fifty tickets were sold. An additional hundred went by private conveyances and a good time was had by all, the only thing marring the success of the event being the fact that the ice cream played out.

Things were moving along in other ways that summer. Andy Carothers had gone out of the saloon business and had gone into the ice business at the home he had developed on the north bank of the river just east of the River street bridge, advertising ice in the Record. Bicycles were just coming into use and there were seven in town that summer. Mr. Holmes carried a scathing article of the traffic dangers caused by the reckless riding of cyclists on sidewalks. The McCormick self-binding reaper was just coming into use and John A. Montague had the agency.

Meanwhile the St. Joseph Valley railway kept deferring the date of completion. First they announced they would be ready for transportation to the Berrien County Pioneers' picnic on June 1. Then it was to be for the July 4th celebration there. Then on July 21 the Record announced that the company was running night shifts in construction in order to have the road in operation for the Young People's Picnic at Berrien Springs on Aug. 3. This date was nearly but not quite met, as the laying of the rails was completed on the morning of that day. That same day the single train with cars made five round trips, Buchanan to Berrien Springs and return, with all four coaches full each run. What the passenger capacity of the coaches was we do not know. There was no fanfare or ceremony connected with the first run.

On Sunday, Aug. 7, was run the first of a series of St. Joseph excursions destined to be very popular. The Berrien Springs band arranged an excursion to St. Joseph, inviting the Buchanan band to join them. Round trip tickets, Buchanan-St. Joseph, were sold for \$1, with transportation from Buchanan to Berrien Springs by Narrow Gauge and thence by the steamer Twilight to St. Joseph. The regular fare, each way, Buchanan-Berrien Springs, was forty cents; or eighty cents the round trip.

Mr. and Mrs. Clarke Yost returned Monday from a motor trip in northern Michigan.

Installation Surface Begun on 3rd Street

Let Contract for Curb and Gutter Project 2 to B. H. Contractor

The H. B. Frick Construction Company, who will install both Project 1 and Project 2 paving, started Monday to install the surface pavement on Third street, completing one block from Portage to Short on Tuesday.

After completing the test block on Tuesday, their equipment laid the first sheet of the surface coat on the south half of the entire length of Third street Tuesday afternoon, starting back on the north side of the street that day. In this first surface deposit a sheet of gravel mixed with asphalt is laid, from 2 to 4 inches deep, or sufficient to bring the surface up to the gutter level. Then this is to be rolled and a final thinner deposit will be made to compensate for the lowering of the level by the process of rolling and packing.

The company will complete both projects before leaving Buchanan, but because of the fact that rain might delay the work it is not possible to set a time limit. However a clause in the contract provides that removal of any equipment before completion will be grounds for forfeit.

S. H. Hill of Benton Harbor has subcontracted the project 2 curb and gutter installation from the Frick Construction Company and started Wednesday morning on Phelps street adjacent to the high school. All curbs and gutters near the high school are to be completed by the opening of school if possible.

Stops Billiard Ball With Front Teeth

Cecil Coleman, who as star full-back on the Buchanan high school eleven, has caught many a punt and pass, has at last found a real rough game. Last week, while spectator of a game at the local pool and billiards emporium, he stopped a ricocheting billiard ball which left the table and caught him square in the mouth, the impact taking out a front tooth.

To Keep Traffic Off New Paving 3 to 4 Days

Traffic will be kept off the newly paved streets for three to four days following completion, according to a statement by the contractor, H. B. Frick.

The top or final coat was being installed on Third street yesterday afternoon. After this final coat is rolled it will be sprayed with asphalt. It is expected that Third street will be open to traffic by the end of the week.

Vivian Carlisle Gets Scholarship

Vivian Carlisle arrived home Saturday from summer school at Michigan State College, East Lansing. She will spend the remainder of the vacation at her home here and in South Bend. She will enter M.S.C. in the fall for her sophomore year, her scholastic standing last year having entitled her to a renewal of her scholarship.

V. F. W., Auxiliary Sponsor Carnival Last Week in Aug.

The Veterans of Foreign War Auxiliary made arrangements at their meeting Wednesday night to cooperate with the V. F. W. post which is sponsoring a carnival the last week in August. Mrs. Leroy Holston was appointed as general chairman of the concession committee. Guests at the meeting were Mrs. Mina Baker and Mrs. B. Atherton, of the Niles auxiliary.

Voluntary Plan Bond Purchases At Clark Plant

The Clark Equipment company management and the union shop committee are working together on a plan by which employees will be enabled to enter into a voluntary arrangement whereby they can contract for National Defense bonds, with regular payments to be deducted by the company from their pay. It is expected that this plan will be in operation in about two weeks. There will be no compulsion about it.

Clark Employes Picnic Best In Annals of Event

Thousands Through High School Grounds; Sheriff Has Compliments for Management

By far the largest in point of attendance, the annual employes' picnic held by the Clark Equipment company at the high school grounds Saturday was said by many to have been the best in the history of the event both in quality of entertainment, in the apparent enjoyment of the throng attending, and in the excellent organization which was evident throughout.

Under sheriff Overcash and Night Police Paul Kane were detailed to the grounds. They report that the entire event was orderly throughout. Overcash especially said that supervision of picnics was one of his major jobs and that he had been detailed to scores of picnics of all sorts, but that the Clark Employes picnic was very clearly the most orderly and the best behaved of any he had ever observed.

"Not a drunk on the grounds all day, not a fight, not even a kid squabble," said the officers.

Much of the credit for the excellent organization of the day was due to William Baker, Clark Equipment sports director, who had worked for four months in preparation for the event. Baker said that he had no check on the number attending, but gave out the following items of refreshments given away free at the grounds: 7566 bottles of pop; 5,496 candy bars; 285 gallons of ice cream given away in cones, representing over 6,000 cones. In addition fifty cases of crackerjack were given away as refreshments and \$400 in groceries was given as prizes at the game stands.

The Buchanan Clark plant baseball team lost to the Battle Creek Clark team 10 to 8 in 10 innings. D. Topash and R. Donley formed the local battery.

Harley Huss Is Killed at Durand

Word has been received by Mr. and Mrs. Andrew Huss of the death of a cousin, Harley Huss, aged 42, son of Henry Huss, who was killed in an automobile accident in Durand. The funeral services were held there Tuesday. Mr. and Mrs. Emslie Huss and Mrs. William Koch attended. Mrs. Huss was also an aunt of Mrs. Lawrence McMillen, who died Monday.

Two Residence Properties Sold

Miss Erma Wright has sold her property at 119 South Detroit street through the Schram agency to Bert Button, who will take possession immediately. The property at 310 West Alexander street, which was owned jointly by H. R. Adams, Magnus Lundgren and W. B. Haslett, has been sold to Melvin Miller of 602 South Oak street. The property is occupied by Mr. and Mrs. Jas. Hocker. Mr. and Mrs. Harry Dumbolton are spending a week at Christy Lake.

Maintenance, Wilsons Win Outside Games

Co-Ops, High Grade, Maintenance Battle For League Honors

By Eugene Anderson

Co-Ops won another game Monday as they downed Wilson 9-4. Co-Ops have lost only one game in the league. The Wilson boys scored four runs in the first inning to take the lead, but a big 6 run fifth inning decided the game for the Co-Ops. Wilson committed four errors that inning to help the Co-Ops win. J. B. Anderson, the Wilson pitcher, held the usually potent hitting Co-Ops to 3 hits but had support proved to be his downfall. R. Best gave the losers 6 hits. River Street was scheduled to play Maintenance in the second game but River Street have dropped out of the league and will forfeit all their remaining games.

Maintenance, as they had no opponent in the league played Missals from Michigan City. Maintenance scored four runs in the third and one in the sixth to win the game 5-1. Heckathorne homered with a mate aboard in the big third. Sult chucked the losers with 3 hits. Michigan City scored in the third on two walks and an error. C. Jarha gave Maintenance 5 hits, but his backers were guilty of six errors.

Score by innings: Wilson 400 000 0-4 6 7 Co-Ops 100 006 2-9 8 1 Second game: Maintenance 004 001 x-5 5 2 Missals (Michigan) 001 000 0-1 3 6

Presbyterian forfeited to Future Farmers in the first game Tuesday because of lack of players.

High Grade took an entirely different form as they whipped Drill 7-2 in the second game. A big inning also proved to be the margin in this game. Two walks, three hits, and two errors garnered the High Grade six runs in the fourth. D. Ellis proved to be a new pitching find as he let the Drill down with 4 hits. Cook slashed out a four bagger with two teammates on in the fourth. Richards got the only extra base hit off Ellis, a double. R. Styburski was the losing pitcher.

Score by innings: Drill 001 100 0-2 4 4 High Grade 010 800 x-7 6 4 Wilson downed the Galien Future Farmers 19-1 in a game played Wednesday. J. B. threw a one hitter at the Galien hitters.

Presbyterian took over the cellar spot in the B league as they were beaten 10-9 by Wilson. Wilson took a quick lead and were never headed. Yochen cracked out a triple for the winners. Frank homered for Presbyterian and Baughman and Coleman both tripled. Wilson's battery was J. B. Anderson and Yochen; Presbyterians were Coleman Hess and Aldrich.

High Grade continued their drive toward the A league top as they defeated Maintenance 5-2. Walkden who usually is a very tough pitcher on giving out base hits, proved to be no puzzle for the High Grade as they got a total of nine hits. Cook got a three bagger for High Grade. Four one base awats was all that could be gathered by Maintenance off Ellis, the winning chucker. 2 runs in the seventh inning robbed Ellis of a shutout. Sutton pushed his batting average up with two hits for Maintenance.

Score by innings: Wilson 622 000 x-10 5 5 Presbyterian 202 041 0-8 8 3 Second game: High Grade 100 100 3-5 9 0 Maintenance 000 000 2-2 4 1

Mr. and Mrs. Benjamin Harvel, who has been visiting Mr. and Mrs. Pleas Harvel and other relatives, will leave Saturday for New York where he is with the U. S. S. Prairie State, a hospital boat.

Make Final Award of Contract For Project 2 to H. B. Frick

Bonds for Project 2 street paving, totalling \$35,997.88, were sold at a special meeting of the city commission Monday evening to Crouse & Company of Detroit, their bid being 1% interest and \$119.58 premium.

Crouse & company were successful bidders in a field of seven companies, the next best offer being that of McDonald, Moore & Hayes, Inc., of Detroit, whose bid was 1 1/4% interest and \$144 premium.

The final award of the contract for Project 2 paving was made at the same session to H. B. Frick of Elkhart. Frick had submitted low bid of \$30,177.03 at an earlier session, but the commission deferred final award until his company had completed a block of Project 1 paving so they could judge the work. Frick completed one block on East Third from Portage to Short on Tuesday and the commission approved the job. However, a clause was placed in his contract stating that if he withdrew any of his equipment to other locations before the work is completed he will thereby automatically forfeit the contract.

Everett Baughman Recovering From Motorcycle Mishap

Everett Baughman is reported to be improving and out of danger at Pawating hospital, where he is being treated for severe injuries he incurred when the motorcycle he was riding collided with a car driven by Irvin Weaver, 512 North Portage, at the intersection of Front and Chippewa Friday.

Baughman received many body bruises and cuts, a fracture of the hyoid bone of the neck and a concussion of the brain. There was no skull fracture. He emerged from unconsciousness the first of the week and is doing well.

Riding into Buchanan on the Clear Lake road, Baughman was on West Front street when a car in front of him, driven by Irvin Weaver of Buchanan, started to make a west turn onto Chippewa street. Baughman was riding at a rapid pace and crashed into the back of the car. He was cut badly by the rear ventilating window in the car, and the impact of the crash threw him into the yard of the Elza Mitchell house while his motorcycle smashed onto the house, knocking a hole through the side of the building into the interior of a room.

Mr. Weaver, who resides at 512 North Portage street, was not hurt, but his car was badly damaged. Mr. Baughman was taken to Pawating hospital after the accident which occurred about 8:30 o'clock.

"TRAVELING AMERICA" IN CANADA

It will take no "good neighbor" policy to make friends with Canada, according to recently returned vacationists from that northern neighbor, for its people are tops in courtesy and good will as it is.

People in the United States find difficulty in understanding the attitude of Canada toward the war. But it's very simple to the Canadians. They don't belong to England—rather they and England are a part of the same people. They and England are associate members of an empire, and when part of that empire, as England, is attacked, it's their fight. Just as it would be naturally Michigan's fight if New England were attacked.

They don't talk about the war. It's just a job they have set their hands to without quibbling or holding back. And yet this may irk Americans—they believe in "Union Now." They and England are one and the same country, but they would like to belong to the commonwealth of the United States. They think that their country would be richer and further advanced if all national barriers between Canada and the United States were wiped out and forgotten. They have tremendous undeveloped resources which they believe would be developed faster if the wealth and commercial enterprise of their great southern neighbor had free admittance.

Perhaps the citizen of the United States may say: Oh, they're just in a box right now and their friendship is a matter of policy. They'd like to get us in the same box. Well according to E. N. Schram, who is just back from a ten-day vacation there, they don't force that conclusion on you. The Canadian does his courteous best to make you feel at home, but he doesn't save you or act as though he had anything to sell you. He does his best to see that you get your money's worth in recreation and fun, which is doubtless good business on his part. He doesn't woo your sympathy by crying over the burdens he bears. He bears them and keeps his troubles to himself. He minds your business just enough to facilitate your progress in his country; after that he minds his own business. They charge you 36 cents a gallon for gas, but they do it in a way that makes you feel they're sorry it's that way.

Mr. and Mrs. E. N. Schram crossed the line at the Sault, drove eastward through the wild mining country, where some of the world's richest deposits of nickel and copper are being worked, skirted within a few miles of the big German concentration camp on Lake Huron, and wound up with a week's stay at Bobcaygeon on the Little Bobcaygeon river about 30 miles north of Toronto. At that place are large calcium sulphate deposits which are a main source of supply for the Chicago Tribune, which uses the product in paper making. This is in the heart of a beautiful mountain and forest region south of Algonquin park. The fishing was great with bass, sunfish and muskallunge as the catch.

The proximity of Canada is a tremendous asset to Michiganians. They can travel abroad, spend a worthwhile vacation, and return to their own country in a few days. And while the slogan, "Travel America," has its points, well, isn't Canada America too?

"SOME FISH STORY ..BUT WHERE'S THE GOEBEL?"

WHAT a fish! **What** a fight! **What** a story!
Be a good guest and let your host brag. It won't last long and the yarn is always followed by a round or two of Goebel's. Worth waiting for, too. You'll forget about how it almost lost the fish long before you forget how good Goebel tastes.

And talk about popularity all over the country! Demand for Goebel is climbing at the astounding rate of over 110,000 bottles a day. Wow! 110,000 more bottles per day is really an increase when you stop to think that last year 33 million more bottles were sold than in 1939. Is there no stopping of this nationwide sweep? When we say Michigan's National Beer we don't mean mebbe. By the way, when are you going to get in the parade? Goebel Brewing Company, Detroit, Michigan.

Money Re-allotted For Improvements In State Parks

To complete to a usable condition the improvements in nine state parks on which work has been slowed or halted by the de-

crease in CCC and WPA labor available, the conservation commission has re-allotted \$45,000 previously assigned to 11 other state parks where planned improvements could not be started.

Increases of \$1,000 to \$12,000 have been added to budgets of work projects in Mitchell, Wilderness, Muskegon, Ludington, Bloomer No. 2, Fort Wilkins, Baraga, Wells and Harrisville state parks.

New Plates Save Money

California's new license plates, owing to their rounded corners and lighter weight, will save the state, in cost of manufacturing and milling, approximately \$125,000 a year.

Clark 9 Loses To Decatur In Dowagiac League

The Buchanan baseball team has not been playing in much luck during the past week according to the evidence of the score sheets, which credit them with one win out of three games played.

Friday they lost to the Decatur Merchants in the Dowagiac Night League 1-0. Lunog and R. Donley formed the battery for the locals. Saturday they lost to Battle Creek 10-8 in an extra-inning game, with D. Topash and R. Donley as battery. On Sunday victory smiled on them at last as they vanquished the Allerton Foundry of Dowagiac 8-0 with Lee Donley and H. Donley doing the brother act as battery.

Eagle Scouts on Educational Tour

Early this morning The Eagle Scouts started their annual educational tour and this time they will go around Lake Michigan. The boys making the trip are: Bill Callender, Bob Sykora, Roy Emery of St. Joseph; Richard Nell, Frank Hallman, Earl Johnson of Benton Harbor; Stephen Wood of New Troy, Bill McNabb of Lawrence, Glen Winkler of Coloma, Lawrence Mueller and Bernard McDermott of St. Joseph. The trip will be made by bus and Bob Jesswein of Berrien Springs is the driver.

The trip will follow the following schedule: The first day out will follow the lake to Traverse city where they will camp all night; the second day they will cross the Straits and go to Tahquamenon Falls to camp for the night; the next day will hike twelve miles to the upper falls. The following day the party will take in the pictured rocks at Munising, continue to Marquette and follow thru to Fort Wilkins on Keweenaw Peninsula; the northern most trip to the Upper Penn. Then on Friday they will spend the day looking for agate rocks and exploring the wilds in the vicinity of the fort.

Saturday they will take a 300 mile trip to the Wisconsin Dells and then spend Sunday there. Monday the campers will go to the State Capital of Wisconsin and then tour the points of interest in that vicinity—in the evening they will head for Chicago and will camp at the Boy Scout Reservation. Tuesday the boys will take in the sights at Chicago and

will return to their homes on Wednesday. Boys will pick up their mail at Houghton and Aston, Wisconsin.

Trip is Annual Affair

The Eagle Club plans a trip each year and the boys taking part earn their own funds to finance it. Mr. Phillips who has been one of the instructors at Madron for several years is very well qualified to supervise the trip, and has everything planned out in detail. Mr. Jesswein the driver has been with the boys in previous years also.

The trip next year is planned for the west coast, and the points of interest will include Yellowstone, Hollywood, and the Grand Canyon.

Marx Brothers Chase Gloom in "The Big Store"

Five hit musical numbers feature the Marx Brothers' newest funniest, "The Big Store" showing at the Hollywood theatre Friday and Saturday, August 15 and 16. Harpo and Chico have their usual solos on the harp and piano, while Tony Martin sings two songs and Groucho and Virginia O'Brien join forces in the novelty song and dance number.

Most spectacular number is "Tenement Symphony," sung by Martin, with Harpo and Chico playing their favorite instruments during one chorus. A forty-piece orchestra of youngsters and a twenty-four-boy choir furnishes the accompaniment.

Tim Holt Chooses Virginia Vale as 4th Leading Lady

Still hewing to his plan to have a different leading-lady in each of his western films, Tim Holt selected Virginia Vale for "Robbers of the Range," fourth in the series of outdoor pictures in which RKO Radio is starring him. The picture appears on the Hollywood screen Friday and Saturday, Aug. 15-16. Miss Vale, who set an all-time record by appearing in six pictures opposite George O'Brien, when that star had never before repeated a leading-lady move than once, is a golden blonde with brown eyes. She came to Hollywood from Dallas, Texas.

Gary Cooper, Barbara Stanwyck Star in Film Opening at Hollywood Theatre

"Meet John Doe" the new Frank Capra, picture starring Gary Cooper and Barbara Stanwyck, will be shown Sunday and Monday only, Aug. 17-18, at the Hollywood theatre.

"Meet John Doe" was produced and directed by Frank Capra at the Warner studios in Burbank, Calif., from a script by Robert Riskin, his collaborator on the series of outstanding films that includes "It Happened One Night," "Mr. Deeds Goes to Town," and "You Can't Take It With You." The Riskin script was based on a story by Richard Connell. Cooper, it will be remembered, played the starring role in "Mr. Deeds Goes to Town." Barbara Stanwyck, too, is no novice to Capra productions, having won her first big film success in an earlier Capra picture, "Ladies of Leisure" and having starred in three other Capra productions before she was cast in "Meet John Doe."

New Bette Davis Film Held Over At the Hollywood

"The Great Lie," the new Bette Davis picture which has been attracting record crowds since its opening, will be shown at the Hollywood theatre Tuesday, Wednesday and Thursday, Aug. 19-20-21. George Brent, Miss Davis' costar in "Dark Victory" and "The Old Maid," appears with her in "The Great Lie," and Mary Astor heads the large featured cast.

Miss Davis, whose collection of Academy Awards, "Oscars" is world-famous, has a role worthy of her mettle in "The Great Lie."

Susan Hayward Legs "Perfect"

Did you ever look at your legs in a mirror? The chances are they don't match.

That, however, can't be said of Susan Hayward. Her shapely legs currently move through "Adam Had Four Sons," starring Ingrid Bergman and Warner Baxter at the Hollywood theatre Tuesday, Wednesday and Thursday, August 19-20-21. Fyv Marley, the cameraman, had this to say of them: "They're the only perfect pair I've ever photographed. With most girls the right leg is more developed than the left. But Susan's are perfect twins."

Fay Wray, Helen Westley, Johnny Downs and Robert Shaw are others in the stellar cast.

Cloverleaf 4-H Club Meets

The 40th meeting of Ted Siekman's Cloverleaf 4-H club was called to order by Ted Siekman, Jr., the president, at the home of Pepper Young on Sunday, August 10, at 8:30. The pledge to the U. S. flag was given. The minutes of the preceding meeting were given and the roll call was taken by the secretary. The next meeting will be at the home of Howard Siekman. Arthur Reed made the motion that the meetings be held Wednesday nights. The motion carried. Albert Siekman gave the pledge to the 4-H flag, which was repeated by all. Refreshments were served by Mrs. Young.

Arthur Elbers Gets Eagle Scout Rank

Camp Madron finished its seventh period Sunday by breaking the summer records in every department of the camp. Two Eagle Scouts were added to the membership of the Council when Bill Wilkinson of Troop No. 55 of New Troy and Arthur Elbers of Troop 11 of Benton Harbor received their Silver Palm for completing ten merit badges above the Eagle Rank. Ten Scouts completed the Star Rank and five finished the Life Rank. 88 Merit badges were also awarded.

Friday night climaxed the weeks special programs — Indian pageantry was elaborate and was handled by Clarence Phillips and twenty campers. Special games and songs were put on for the entertainment of the parents and friends and the record crowd showed their appreciation by much applause. The demonstrations of fire by friction and flint and steel were enthusiastically received also.

Camp Opens Final Session — The Eighth Period

With the camp entering its final period Madron is finishing an exceptionally successful season. It is estimated that approximately 700 boys will have enjoyed the facilities of the camp which has been rated as one of the very finest in the country. Already tentative reservations are being made for the 1942 season—certain sections of the camp being held for groups which want to be sure of their locations.

Plans are also under way for further improvements in the coming season.

Attend Band Picnic Bass Island Park

Over 200 persons attended the picnic given by E. C. Larsen, Watervliet music instructor, for his pupils, Sunday, August 10th, at Bass Island Park. Valuable prizes were won by many local pupils. The height of the fun was reached when games were played employing the skillful use of scores of balloons. A basket dinner was served at noon and ice cream was distributed freely throughout the day.

The day was climaxed when a musical program was presented by many pupils for the parents over Mr. Larsen's new public address system. Several Buchanan musicians are members of the band.

AT YOUR SERVICE

Nearly every woman would like a blue-ribbon recipe for a fruit or nut bread suitable for after-bridge refreshments or informal afternoon snacks. Here is one for a combination fruit and nut bread that is delicious served with plenty of butter and a wholesome cup of hot chocolate—the kind of refreshments that the children can enjoy after a few hours out-of-doors.

A fruit bread of this kind stays moist for several days and may be served for many occasions. Thin sandwiches of orange date nut bread spread with butter and cream cheese make a delightful salad accompaniment for fresh frozen or molded fruit salads. It is an ideal bread and butter "desert sandwich" to serve at any occasion.

Orange Date Nut Loaf
2 cups all-purpose flour
1/2 teaspoon salt
3/4 teaspoon baking powder
1/2 cup butter
1 cup sugar
2 eggs
1 teaspoon orange rind
2 tablespoons lemon juice
3/4 cup milk
1/2 cup chopped walnuts
1/2 cup chopped dates
Sift flour, measure; sift 3 times with salt and baking powder. Cream butter, add sugar gradually, creaming until smooth; beat in eggs, one at a time. Add orange rind; add flour mixture alternately with lemon juice and milk, beginning and ending with flour and beating until smooth after each addition. Add chopped nuts and dates. Turn into a well-buttered loaf pan and bake in a moderate oven (350 degrees F.) for 1 hour or until well browned. Makes one loaf about 9 x 4 1/2 x 2 1/2 inches.

Here is a summer desert that will come in handy for an informal afternoon—

Angel Food With Ice Cream
Filling
1 Angel Food Cake
1 qt. vanilla ice cream
1/2 pt. whipping cream
1/2 teaspoon vanilla
1 tablespoon powdered sugar
1 square chocolate
Remove 1 1/2 to 2 inches of cake at the center, taking care not to break the sides of cake. Fill center with ice cream, working quickly. Frost the cake with sweetened and flavored whipped cream. Sprinkle top with chocolate shavings. Cut and serve immediately. Serves 6 to 8.

WINGS OVER MICHIGAN!
A fast pursuit plane does a power dive. Pilots are in constant communication with the Field by radio telephone.

"KEEP 'EM FLYING!"

At SELFRIDGE FIELD, hundreds of keen young Army pilots roar into the air in their swift pursuit planes—ready for America's defense.

Lightning-fast communication is a necessity in Army flying. A special telephone switchboard handles some 3,000 calls daily. Bell System telewriters bring and send weather reports, forming a vital link with the telephone and radio in controlling plane movements. At nearby Mt. Clemens, a \$450,000 telephone expansion program is under way.

Already, \$11,000,000 are being spent by this Company for equipment to serve camps, arsenals, factories and others engaged directly in defense work. In addition, business and home telephone demands are growing faster than ever. To meet all those telephone needs, the Company will spend more than \$26,000,000 for construction this year.

The telephone has a little part in almost every National Defense effort. And a little part in every effort adds up to pretty big figures.

Evangelical Camp Has Enrollment of 113 Young People

The Boys and girls camp at Riverside Park opened with an enrollment of 73 girls and 40 boys. The camp is under the direction of Mrs. T. E. Van Every and Rev. Norman Klump this summer. They are giving instruction in camp craft, handicraft, nature study, recreation and Bible Study. The spiritual advisors are the Rev. and Mrs. Ralph Holderman of Elkhart. The studies are accredited by the Board of Religious Education and the students will receive certificates. Special recognition will be given those who have attended the camp for four years. The camp will close Sunday.

Mercury Dips to 50 in Welcome Relief From Heat

No Relief From Drouth Which Threatens Corn; Bumper Peach Crop On Way to the Market

Buchanan thermometers average a comfortable top of about 70 degrees Tuesday and Wednesday, for the first cool weather in several weeks, after a prolonged run of heat in which daily averages were from near ninety to 100 degrees.

The official thermometer at the Indiana & Michigan Electric hydro power plant dipped to a low of 50 degrees above at 3 a. m. Wednesday.

While this afforded relief from heat there has been no relief from the prevailing drought, which is already threatening to materially reduce the corn yield unless there is early relief. Late potatoes have not set on the vines yet and consequently that crop has not been hurt to date. However the new sowings of clover and alfalfa have been severely damaged. Late summer sowings of these crops, which would normally be made at these times, are not being made as the ground is too dry.

A good peach crop is being harvested, the early varieties being about through and the medium early just under way. Rochester and Hale Havens are reported to be especially good and will last for another week.

The department of agriculture today boosted its July 1 forecast by four per cent an estimated the 1941 peach crop at 69,732,000 bushels, an increase over the 1940 crop of 15,302,000 bushels.

The Michigan 1940 crop was 1,632,000 bushels, as compared with the 1941 estimate of 2,700,000 bushels.

The estimated 1941 pear crop, based on Aug. 1 conditions, will total 31,133,000 bushels, the department of agriculture announced today. Last year's production totaled 31,622,000 bushels.

Michigan's indicated crop was 1,700,000, as compared with 1,398,000 for 1940.

Susan Lyddick Will Observe 86th Birthday

Mrs. Adam Lyddick will observe her 86th birthday anniversary quietly Saturday, owing to ill health. Mrs. Lyddick came from Pennsylvania, where she was born Aug. 16, 1855. She came to Portage Prairie at the age of 11 years and made her home with Mr. and Mrs. W. R. Rough. She married Adam Lyddick in 1875 and for many years they lived on the old homestead west of the Howe school. They observed their golden wedding anniversary in 1925 and Mr. Lyddick died the next year. Mr. and Mrs. Lyddick moved from the farm home to Buchanan in 1909. The entire family of seven children are still living, including William who lives on the old homestead, Andrew Lyddick on the Walton road, Charles of Bainbridge, Fred of South Bend, Attorney John Lyddick of Gary, Mrs. Charles Randall of Kalamazoo and Mrs. Guy Young of Buchanan.

Plymouth, Ind., were guests of Mr. and Mrs. O. B. York Sunday. They visited their daughter, Barbara Baldwin, who is attending the girls' camp at Riverside Park. Another grass fire Saturday between the Vite home and Lewis Smith's home which caused considerable damage is thought to have been caused from a lighted cigarette or match which was thrown by a passerby. A number of men worked frantically until the fire was out of danger. It was very near Glenn Vite's truck garden.

The Brown-Clapp families held the reunion Saturday at Christian Lake. Those attending from here were Mr. and Mrs. J. E. Vite, Mr. and Mrs. Merrit Vite, Mr. and Mrs. Glenn Vite and Mr. and Mrs. Clarence Hartline.

Mr. and Mrs. Frank Lang, Michigan City, were guests Sunday of Mrs. Lewis Smith.

Mr. and Mrs. Frank Newell, Waukegan, Ill., were guests Sunday of Mr. and Mrs. Glenn Vite.

The Crusader class of the Portage Prairie Sunday school will hold a wiener roast at the home of Mr. and Mrs. Harold Widdis, Tuesday evening, August 19.

Hinges
Hinges and other metal parts of window shutters should be inspected occasionally, according to authorities. If the metal is rusting and in need of paint, immediate attention should be given to it. All rust should be carefully removed before repainting.

Branching Paw-Paws
Bermuda is said to be the only place in the world where paw-paw trees have branching trunks.
