City Attempts To Cut Down Their Expenses

Last week's city commission meeting emphasized economy as the commission has been making a sincere effort to cut costs. They adopted revisions which will cut down certain department requests and set a public hearing for the budget for June 9.

Herb Russell, speaking for the park and recreation board again brought up the possibility of getting state matching funds for a project of lighting the baseball field and making improvements there. The whole project was estimated to cost \$55,000, and the commission felt they couldn't justify such an expense (half) at this time.

There was a public hearing on rezoning to commercial several lots on N Redbud. The former Sausman's Cleaners was non-conforming, and a party is contemplating putting in a laundromat there. The commission added more property to avoid spot

zoning. There were a few neighbors from that area who objected because the re-zoning might increase the taxes on their property. The commission moved to adopt the ordinance for re-zoning, although two commissioners, Gault and Wesner, voted no.

The commission authorized repair on two of the city wells, cost for which had already been included in the 1975-1976 budget. They considered a letter from Clark Equipment regarding their tax tribunal cases and authorized the city attorney to obtain necessary signatures needed by the tribunal.

Rev. Charles Johnston of the First Missionary Baptist Church was granted permission to dispose of a pile of branches by burning, but a request by Larry Covington for a special burning permit to remove some stumps was denied.

Little League Parade Saturday

This Saturday the Little League season will get underway with a parade from the ICB lot to the Little League field at 9:30 a.m.

The season will open with city commissioner Gene Wesner throwing out the first ball to catcher Bob Musgrave of last year's first place Indians.

There will be five games Saturday starting right after the opening ceremonies at about 10:30.

School Election Is Next Monday

On Monday, June 9, the electorate of the Buchanan school district will go to the polls to vote on four school board candidates who are contesting two seats vacated by Vern Lubben and Dr. Richard Beistle. Paul W. DeVos, Maiv Beth Larson, Robert Luke and Cletha Wade are the candidates.

The voters will also be asked to approve an operating millage of 17 mills, reduced from 17.75 last year. As the assessed valuation of the district increases, the amount of state aid decreases. The polls will open at 7 a.m. and close at 8 p.m. Everybody will vote in the high school gymnasium.

Can't We Save Anywhere?

We hope the school board is able to study items on the school budget more than the general public is. It's so complicated that it's difficult to dig out specific accounts and to know what they mean.

The way the state has messed up the whole matter of personal property and assessed valuation is punitive to everybody. There's not much the school can do about that, although everybody's going to be paying much higher taxes than ever before.

We protest, however, the system which has now become standard that everybody in the school district automatically requires a healthy increase. We believe that people connected with schools everywhere have too long had a tendency to "go first class" in their equipment, supplies and general operating. This is not limited to our schools but seems to be a national trend.

We also reject the typical school response that it would be necessary to cut out certain educational opportunities if a budget were to be lowered. To say that a music course or an athletic event will have to be cut out to save money is foolish.

We believe that schools in general have been living too high off the hog in the name of "nothing's too good for the education of our children."

The city has to reveal every nickel it spends for any item, even to an item of \$2.31 for office supplies. The school doesn't have to do this, and the board takes a cursory look at them (privately) before approving the bills to be paid. Never in four years have we heard a board member publicly question any item of expense.

The public would be a lot easier to get along with if some of these items were known. They'd be more understanding when a request for operating millage came up. This is the day for saving paperclips and cutting down on Xerox copies. It's the time for cutting out foolish use of school transportation and stop purchasing items which aren't really needed.

Maybe the schools are doing this, but nobody knows about any real attempt to economize.

Americans Together Buchanan Township Board Day Is Saturday Discusses Liquor License

Activities of the annual Americans Together Day in Galien will start Friday night with a new and different event -- a Fun and Variety Show planned for 8 p.m. at the Galien High School. Admission will be 50 cents with preschoolers free.

Anyone interested in taking part in the show is urged to call Cora Jane Przybylinski, general chairman of the entire community effort. She suggests that Saturday is being planned by all the village organizations as an opportunity for families to have an inexpensive day of fun together -- this is the basic theory behind the entire project.

Saturday the day will begin with 8 o'clock reveille at the American Legion followed by free coffee and donuts.

Booths and concessions will open at 9 and the morning hours will offer a wide assortment of children's games including a peeling contest, turtle race, frog jump and sack races with a ping pong ball drop set for noon.

Also at 9 area firemen will compete in a waterball event -- fun for all ages to watch.

Chicken and roast beef dinners will be served starting at noon and continuing until 5 with the tractor pull following at 1. Registration will start at 10:30 at the Galien Elevator.

Units will assemble at 4:30 for the 5 o'clock parade from the high school to the Legion grounds. Entries in the parade at this time include guards of area Legion posts, Miss Galien Denise Lockwood, Miss Marcellus, Miss Mattawan, Buchanan Westerners Shriners, Bangor Legionettes, Brandywine Cadets, Galien High School Band, various Brownie, Girl Scout and Boy Scout units, fire departments, pony hitches, antique cars and the 4-H club to name a few. Others interested in joining the procession may still register at the Galien Fire Department or with Mrs. Przybylinski.

Trophies to be presented will be given for the most patriotic float and the best float, marching unit, color guard, bike rider, horse draw, animal division and automobile.

The steer drawing will be at 6:30.

The day's event will close with a 9 p.m. dance at the Legion to the music of Doug Leiter.

The Buchanan board of trustees faced a full house Monday. There were neighbors protesting about the conditions of one of the neighboring places where dogs, horses and ducks were allowed to roam. The township board said there wasn't much that could be done since the zoning ordinance said only that animals could not be housed within 250 ft of a residence, and these animals weren't housed that close.

The neighbors from Clear Lake were back to see if anything could be done about the control of weeds on the lake. They were told that efforts would be made to get somebody from the conservation department to help.

The big crowd was there to discuss the proposed liquor license for Royal Valley Ski Resort. The board had voted two to two on this issue which in effect denied the license. The board wouldn't agree to reconsider the matter. There was some question about the procedure of

Faith Church Bible School Starts Monday

Bible School at Faith United Methodist Church will be from June 9 to June 13 from 9:11-10 a.m. each day, ending with an open house from 7 to 8 p.m. on Friday, June 13. Refreshments will be served at that time and all interested people are invited to attend.

Nursery will be taught by Joann Wilcox and Brenda Kelly using the theme, Gods Plans for Me.

Mrs. Richard Wilcox will teach the kindergarten on the theme How God Cares.

The Bible Helps us Know God will be the basis for the primary lessons with Mrs. Wesley Strong and Mrs. Beverly Ritchie as the teachers.

Teachers for the middle school will be Mrs. Timothy Diethrich and Mrs. Gary McKean who will use Bible Lands and Times as their general topic.

Juniors, 5th and 6th graders, will have their lessons at Clear Lake in combination with the First United Methodist Church of Buchanan. Gary McKean and James Fair will be the teachers. Life and Adventures of Paul will be the theme. Recreation directors for the juniors will be Brian Kelly and Rodney Snow.

bringing it up again. There were people who spoke on both sides of the issue. Some urged the board to vote again now that the other member, Mrs. Ruth Rose, was back. Dale Nelson said he'd just as soon have the whole township vote on the issue, although he was told that this would be too late to do Royal Valley any good.

It was decided to have the township attorney present at the June 10 meeting and to find out just what was legal in the matter of re-introducing the issue.

The board re-nominated Rudy Mori and Jack Harroff to the plan commission. They will vote next meeting.

Dr. Kenneth Jones was appointed to the Area Senior Citizens Advisory Council to replace the late Bill Harrison.

Norman Kreaiger, assistant superintendent of the Buchanan schools, is resigning to accept the post of superintendent of schools at St. Charles, Michigan. On Tuesday noon the board of education met and granted him a release from his contract.

Kreaiger, a native of St. Charles, came to Buchanan as assistant superintendent in 1968. He's been active in civic affairs including being a director of the Buchanan area chamber of commerce and with the Buchanan United Way.

Kreaiger and his wife Barbara have five children, Pamela, Dan, Lynda, David and Michelle. He graduated from Central Michigan University with a BS degree and earned his MA degree at Michigan State University.

We Get Lots and Lots of Letters

To the Editor

The editorial last week was appreciated. Royal Valley sounds like it does need help. However, I must take issue with one statement in particular.

We wonder if it isn't possible for those on the township board who feel so inclined not to vote at all on this issue, thereby still being true to their convictions but at the same time allowing...

Such a request to abstain from voting does not allow one to stand for his convictions. In our great nation we see too much apathy, indifference and passiveness. To abstain from voting to allow passage of a liquor license shows weakness and one being wishy washy in character. Either we are for something or we are not.

It is apathy and indifference that allowed the lottery and abortion (both moral issues as this is) to be activated in our great state.

I stand firmly with our township board members and their decision to vote no for the Royal Valley request for a liquor license. And I stand firmly in opposition to anyone who says "just don't vote at all and let it pass." When it comes to moral and biblical issues the line in the middle is too thin to sit on with indifference. I would even urge the two who voted for this issue not to sit in apathy either. But I would encourage them to recognize and realize their moral responsibility.

Open Letter to Community

As most of you know, the Buchanan Area Chamber of Commerce re-instituted the Fourth of July fireworks last year. The display was a great success, enjoyed by some 5,000 people. The necessary funds for this project were raised through the generous donations of local businessmen and some area industries. We chose not to charge admission like so many other communities do, but rather to rely on projects to support the fireworks in the future.

It would be unfair to solicit money from the same businessmen again, they have already provided us with our first year's display.

This year we are leaving the choice to the people of Buchanan. The fireworks are being funded through the sale of special T-shirts, available at downtown clothing stores and raffle tickets on a side of beef, available at the Chamber office.

We urge the citizens of the Buchanan area to purchase both the T-shirts and the beef tickets. If this fails, we will have no fireworks after this year - it is up to you.

Ronald R. Moses
Vice President, Buchanan Area Chamber of Commerce

Dear Don

I have read with concern your comments in the May 29th publication of the Berrien County Record, regarding the need for a local business to get help in order to continue their fine recreational facilities in our community. I am sorry they are confronted with such a struggle for survival.

I do not concur with the idea that making a bar available to the public through this business is necessarily the means to success for any business and I applaud the Buchanan township board for their stand against the request for an alcoholic beverage license.

The invasion of the American home by beverage alcohol is not a natural outgrowth of our American culture. It is an evil force which invades homes separates couples, endangers children, crushes lives and goes on free to strike again.

You state that "if ski groups want to have their mulled wine or if companies want their cocktails before dinner, it shouldn't affect anybody else in the township." The truth is that it does! What about those who must meet these drinking people on the Buchanan township, or Buchanan area roads?

One result of the destructive effects of beverage alcohol on family life is seen in the divorce courts of our land.

Closely related to the break-up of the home by divorce is the increasing number of wives and mothers who are becoming victims of alcoholism.

The poverty which drinking produces is still another force that disrupts family life. A public health caseworker reports that many non-support cases can be traced to the fact that the man of the family spends his week's wages for drink.

Broken homes by beverage alcohol often brings to a community an increasing number of dependent and delinquent children. Can the City of Buchanan, or the Buchanan township afford this?

I am appalled at your suggestion for one to remain silent on this issue if not in accord with the request being made. You stated "everybody is certainly entitled to his own principles and feelings on the subject of liquor." Then please allow the Buchanan township board members to vote in accordance to the dictate of their conscience without encouraging them to compromise their convictions.

One who doesn't stand for something will sooner or later fall for anything!

Sincerely,
Rev. Kenneth L. Snow

To the Editor

"According" to last week's Record it appears that I can't answer a simple question. The question I received last week was "What is the most pressing problem facing the school at this time?" My answer is communication.

I would like an opportunity to answer the question which lead last week's article, "Why I am interested in running for the school board."

My primary interest is in improving the place I live, work, pay taxes and spend the majority of my time. I enjoy living in Buchanan and have a vested interest in its future. My interest in the school stems from an interest in the education our children receive and the impact the educational system has on the future of Buchanan.

The curriculum in the Buchanan school system appears to be very broad with a number of good, dedicated teachers and adequate facilities. Despite our current tax levels Buchanan has gained a reputation for having a poor school system. Some parents feel it is necessary to seek an education for their children in other school systems despite the inconvenience and added cost. There must be reasons for these situations but the administration appears unable or unwilling to either communicate or solve the problems.

My goals if elected, as to establish some businesslike reporting to you the taxpayer, improve the lines of communication between parents and school administration and change or explain the image of the Buchanan school system.

To the Editor

I would like to voice my opinion about the article on the front page of this week's Record (May 29) "Royal Valley Needs Help."

If its one thing this community does not need, it's another bar. The last paragraph reads, "Whether we like it or not, Royal Valley needs a liquor license for survival. We wonder if it isn't possible for those on the township board, who feel so inclined, not to vote at all on this issue. They're still being true to their convictions but at the same time, allowing this great asset to the community to continue."

Who are we to tell folks or keep folks from speaking or voting against something they do not favor? We all have a right to a yes or no vote. For those who need or want cocktails before dinner, let them go where they are served.

Thank you
Florence Treash

Dear Editor,

Monday night I was playing tennis on the city tennis courts. There were three girls waiting for a court, then tennis coach Roger Relick and friends came up to play. When the court was cleared Mr. Relick told the girls that they couldn't play because they were tennis players. However, none of the boys even go to school! In the rules, the third rule says (and I quote) "Any play will be on a first come first serve basis." With Mr. Relick being tennis coach, you'd think he would have read it by now. Tell me where he gets the right to tell kids what to do when tennis is over, and the courts don't even belong to the school? After all, the courts do belong to the city!

Name Withheld

Dear Editor:

Usually you and I see eye to eye. But no so concerning your editorial in last week's Record I find at least four points of difference.

1. Residents of the township owe the owners of Royal Valley financial assistance. I find no basis for such reasoning.

2. It would be easier to control liquor on the premises if the owners had a license. My opinion is that the more liquor is made available the more control is needed.

3. A resident of the township would not feel the effect of liquor at Royal Valley if one stayed away. One would only need to be on the highway, especially on Main St. Road, to feel such effect.

4. You wondered if it wouldn't be possible for a member of the Board to refrain from voting instead of voting against the license. This is suggesting the coward's way out. Besides, we did not elect these officials to office with the intent of having them refrain from voting.

Personally, I feel sorry for anyone who has to have the assistance of alcoholic beverage to enjoy any sport (as participant or spectator), theater, movie, drama, dancing, outdoor activities, or any other activities of life. I can enjoy many activities and all without alcoholic beverage to excite my emotions and dull my common sense.

Township Resident

To the Editor

After receiving a number of telephone calls in response to my letter published in your paper referring to the June 9 millage vote, I am writing to further itemize areas of expense reduction.

It's interesting to note that the majority of those who contacted me were in complete agreement with the principles I had outlined. Each stated that the school board, our elected representatives, must bite the bullet and reduce operational expense to a level we can afford in this trying economic period. They also agreed that it should be for one year only, succeeding years to be evaluated in line with economic conditions at that time.

In their and my opinion, a 10 to 15 percent reduction of expense is a moral as well as a fiscal responsibility for our school system in this catastrophic economic period. A suggested procedure for the school board to follow is outlined below so that this forced reduction of expense can be achieved. We all realize this will be a most unpleasant task but it must be done. Industry, small business, those on

pensions, and individuals have had to do it.

Areas of "proposed cost reduction are:

- A. Head count reduction of administrative personnel (superintendents and principals).
- B. Head count reduction of administrative clerical and office personnel.
- C. Involuntary salary reduction of all remaining personnel for this school year.
- D. Reduce or cancel all service contracts or commitments.
- E. Reduce operating and school supplies by a forced 10 percent.
- F. Reduce school and library book expenditures, renegotiate contracts whenever possible.
- G. Cancel use of buses for all purposes other than the transportation of students from home to school and back. Review school runs and combine or eliminate wherever possible.
- H. Request that teacher salary contract increases for 1975 school year be deferred for one year.
- I. Reduce teaching staff by increasing class loads. (It is possible that this can be achieved by earlier retirement for some of our teaching staff, thus insuring a job for others in the system).
- J. Other items of expense not covered should be examined in the same light, how can expenses be reduced and we still have a reasonably viable school system.

Using the baseline of actual expense school year 1974, to establish the dollar amount of reduction items A through H will bear the brunt or major impact of expense reduction, and Item I the least, which we are advised by the school board we must conserve, as it is one of our most valuable resources.

I urge all electors to vote on June 9 for or against this millage request.

Strictly Personal By D. E. N.

If there's such a thing as an economy car these days, this writer bought one. It's kinda cute. Bright red. Pretty snazzy.

The hill has become a regular nursery for baby birds and baby rabbits.

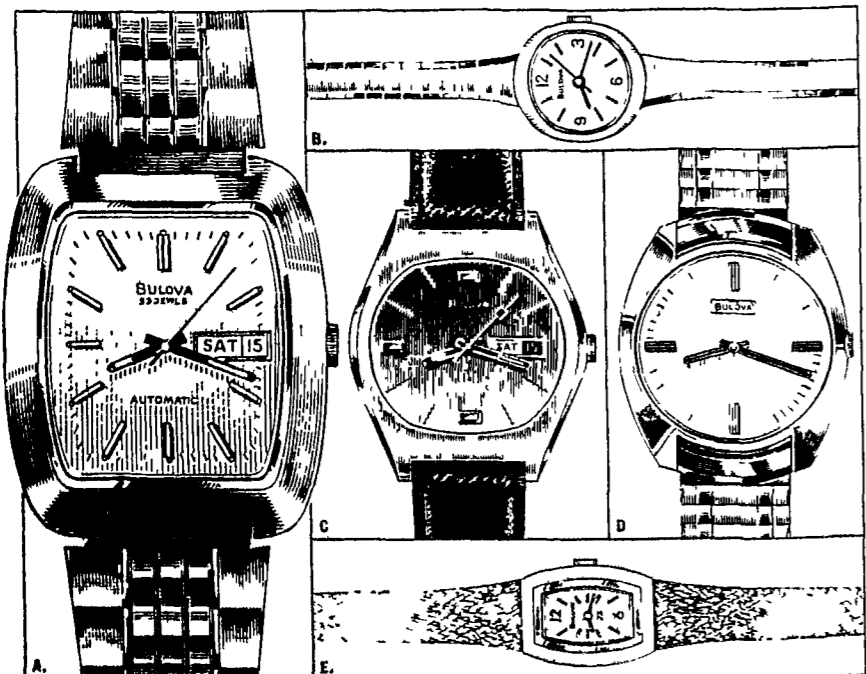

While working out in the yard last week, we suddenly were invaded by a group who ran frantically down into a gully. They said they were looking for their goat, which was rather a surprising statement in Samson Terrace. Dog Pepper spotted the goat, and it took off in the direction of Brookwood Golf Course. Never knew a goat could travel so fast. From possums to skunks to orioles to turtles to goats to naked teenagers, one never knows what he's going to see on that hill.

Buchanan made Playboy Magazine a picture of President Ford drinking some wine from Tabor Hill.

It's always difficult to take the opposite side from good friends as was the case in Royal Valley's liquor license. But it's always hoped that honest differences of opinions don't leave lasting scars.

Why has BULOVA become the traditional Graduation gift?

First of all, because Bulova styling and features keep pace with young ideas. Today it's the vigorous look. Integrated cases and bracelets designed for our spirited way of life. Dials that are bright and colorful. Modern features that include self-winding and calendars. And then there is Bulova quality and value that generations of Americans have come to know and trust. Come in and see our complete selection. You'll find just the right Bulova to match the personality and taste of everyone on your gift list.

Last weekend J T Williams of 521 Moravia, Buchanan, went fishing on Best Lake in Berrien County with his friend John Vann, a defensive halfback formerly with the Redskins and who will be playing with the New England Patriots this year

While fishing the two noticed their boat kept disappearing from their hooks Then they saw a large turtle circling their boat Williams went over the side wearing his goggles and located this large mossy snapping turtle on the bottom right under the boat in about fifteen feet of water and brought it up by the tail. He said it made quite a picture there hiding in the weeds -- he estimates its weight at about 20 pounds

Swem Smith Comments

Richard Swem

LeRoy Smith

At Cooper Union, New York, Lincoln said, "Let us have faith that right makes might." It can not be proved but it certainly is likely his thought originated from the Bible. For example --

The Old Testament cites many cases of cruelties, stonings, scourges, slaying by the sword -- and all for naught. And in the New Testament consider the cases of the twelve disciples. Only John died of old age. Peter was crucified, head downward. Andrew and Simon were crucified too. James, the young brother of the Saviour was beaten to death with a club. Bartholomew was flayed alive. James, the elder son of Zebedee was beheaded. Thomas, the doubter, was killed with a lance. Philip was hanged. Matthew was slain by sword. Thaddeus was shot to death with arrows.

In martyrdom they suffered painful deaths. Through the ages, such deaths have proved that the God of right is even more powerful than naked might, atomic bombs, armies or weapons. The preservation and development of the church through the ages proves that devilish forces can not conquer the God of right and justice.

Portage Prairie

By Mrs. William Shaw

The Comrade Class will meet Friday, June 6 with a 12:30 dinner at Louie's Restaurant in Buchanan. After dinner members will go to the home of Mrs. Mead Wideman for their meeting.

Mrs. Don Gamble entertained at luncheon on Saturday honoring her husband Don's birthday. Guests were Mr. and Mrs. William Mindel of Wilkes, Michigan and Mr. and Mrs. Earl Gamble and Mrs. Clarence Hartline.

Rev. Darrel Osborn, former minister of Portage Prairie, graduated from the Theology Seminary at Evanston, Illinois on Friday, May 30. Mr. and Mrs. Michael Dalrymple attended the graduation ceremony.

Mrs. Glen Baker honored Miss Cathy Baker at a Personal Shower on Saturday. Fifteen were present and the time was spent with games and contests. The bride's colors of lavender and white were carried out with decorations.

Mrs. Gordon Faber honored Miss Cathy Baker with a Miscellaneous Shower on Sunday with fourteen attending. The bride's colors of lavender and white were carried out in the decorations.

The Youth Fellowship will sponsor an Ice Cream Social on Saturday, June 14 in Fellowship Hall. Keep this date open and support the Youth Fellowship.

To Visit Here

Mr. and Mrs. Leland Payne, former Galien residents, plan to arrive in the Buchanan and Galien area about June 6 en route from their winter home at Inverness, Florida to their summer home on Deer Lake near Boyne City.

They will be spending a few days in this area visiting their children and grandchildren and Mrs. Payne's mother Mrs. Ora Edwards of Buchanan, as well as other relatives.

Mrs. Hubbard To Direct C-F Drive

Mrs. Claude Hubbard of Niles-Buchanan Road has been named local Chairman of the 1975 Breath of Life Campaign to fight children's lung diseases. The newly appointed Buchanan Chairman will lead local volunteers in raising funds to support the research and care for children suffering from Cystic Fibrosis, severe asthma, chronic bronchitis and other related lung damaging diseases.

Cystic Fibrosis presently incurable is inherited when both parents carry the recessive gene. It is believed that one in twenty persons carries the C-F gene usually without knowing it. When C-F research began in 1960, a child's life expectancy was only two years. Today it is eight years.

The key to continued progress and eventual cure or control lies in expanded research to be funded by Breath of Life Campaigns throughout the nation such as the one presently being organized by Mrs. Hubbard to be conducted during September C-F month nationwide.

At the final meeting of Pack 542 for this year six Webelos were recognized for earning the Arrow of Light - the only cub scout award a boy can carry over into scouting. Absent from the picture is Paul Seager, who was at home with the chicken pox. From the left are Kenneth Flannery, Scott Roberts, Patrick Dougherty, Michael Mann and Tom Gault with parents who were present for the pack meeting standing behind them.

The Niles-Buchanan Branch of the American Association of University Women will hold a membership tea this Saturday, June 7 at The Lodge, 2735 Niles-Buchanan Road. Mrs. Darryl C Fuller (left), vice president of AAUW and Mrs. Edward Boecher are shown making preparations for the event. Any woman with a degree from an accredited institution of higher education is welcome to join. Friendship and the intellectual stimulation of college educated women can both be found in AAUW.

Bucket Brigade Gives Extra Aid

In January of this year a new program was launched in Buchanan to help kindergarten children who could use extra individual attention for one reason or another.

The program called Bucket Brigade, was sponsored by the Buchanan Area Youth Assistance Council and combined ideas from the State Tutoring Program with suggestions from local kindergarten teachers.

With Mrs. Steven Anderson as chairman of the project, an orientation was held at the outset for women volunteers to acquaint them with materials they would be using with the children.

After two eight-week sessions of working with the children on a one-to-one basis, Mrs. Anderson reports a total of 18 women devoted one hour two days each week to assist 43 different children at Stark, Ottawa and Moccasin schools. She added that the mothers enjoyed working with the youngsters and derived a great deal of satisfaction from the time spent with them.

The women who contributed this time and effort deserve a great deal of thanks, the chairman feels. They are Mrs. John Karpinski, Mrs. Harold Mosier, Mrs. William Pyatt, Mrs. Ronald Beck, Mrs. Ramon Sexton, Mrs. Gerald Moulds, Mrs. Walter Vahderbush, Mrs. Ronald Nederveld, Mrs. Charles Draper, Mrs. Dan Baker, Mrs. Michael Pridakva, Mrs. Richard Hardy, Mrs. Robert Herrold, Mrs. Jerry Best, Mrs. Doyle Vergon, Mrs. Eugene Benedict and Mrs. Dale Chubb.

The Bucket Brigade will continue after school begins in the fall. Anyone who is interested in becoming involved in the program is invited to call Mrs. Steven Anderson.

Weekend Workshop For RLDS Women

The women of the Reorganized Church of Jesus Christ plan a workshop for this Friday and Saturday, June 6 and 7.

Loretta Marshall, who has given workshops all across the USA, will come from Rockford, Illinois, to talk on the Word of Wisdom. Women from all the branches in the district are invited.

There will be a workshop Friday evening and Saturday morning. There will be a worship service and class time. Following a noon salad and casserole of health foods lunch there will be fifteen minutes of music. Then demonstrations on bread and roll making, sprouting seeds and nutritional recipes are planned.

A Minute With Mary

By Mary Snow
Extension Home Economist

This week's column gives consumers some new information that may prove to be helpful.

Speak Up--Hearing Aids

A Hearing Aid Help-line is soliciting ideas, questions, suggestions, and complaints concerning hearing aids. The Better Hearing Institute (an industry group) claims that this free telephone service has already assisted hundreds of hearing field professionals, government officials, consumer group representatives, and consumers.

To be heard, call 800-424-8576, or write to Better Hearing Institute, 1001 Connecticut Ave., N.W. Washington D.C. 20036.

Lay-Away Policy

If a store has a "no refund" policy on lay-aways, it had better doublecheck to make sure this is stated on all information given to the buyer.

Unless the seller is absolutely clear in the lay-away agreement and on subsequent payment receipts that there will be no refund, he is obligated to cancel the contract and return all money at the request of the buyer.

If "no-refund" isn't spelled out, and the store refuses to refund, it could be subject to civil penalties under regulation "Z" of the Truth-in-Lending Act.

Bus Pass

Had trouble recently with bus or rail travel? Now, you have a "hotline" available that's toll-free.

This service is provided by the Interstate Commerce Commission, and you can get information and assistance regarding problems that fall within ICC jurisdiction such as:

- Freight rates and passenger fares
- Proposed abandonment of railroad packages and problems stemming from the movement of household goods
- Passenger travel experiences via rail or bus
- The number to call is 800-424-9312.

Women and Children First

The Consumer Product Safety Commission has prepared three indices which list the products most frequently associated with accidents, and what, if any, activities of the Consumer Product Safety Commission are in effect to alleviate or eliminate these hazards. Two of these indices are concerned with hazards often encountered by children in two groups: under 5 years of age and under 16 years of age. The third is concerned with hazards especially encountered by women. Contact Consumer Product Safety Commission, Washington, D.C. 20207.

Student Undertakes Journalism Project

Laura Kelley, a senior at Wayland Academy in Beaver Dam, Wisconsin, is involved in an independent study of the designing and planning of the writing of a newspaper. During the month of May the seniors, instead of attending classes, may work independently in various fields. Whether the project be career-orientated or personal interest is up to the individual student.

Laura, the daughter of Mr. and Mrs. F.W. Kelley of Buchanan, is writing a twelve page school newspaper, *Deja Vu*, containing the future of the seniors, poetry, senior polls, wills and various articles highlighting activities at Wayland.

Her project is prompted by her interest in journalism and she feels "May projects at Wayland give a student the chance to see if what he is interested in will still hold after the actual experience." Laura will be required to submit a daily journal with the final edition of her newspaper.

This picture is from a postcard loaned to the Record by a long time subscriber, Mrs. Oliver Barnhart of Metea Court, who reports she has taken the paper since May, 1915. The postcard, postmarked 1913, shows a view of Front Street before it was paved. The Hotel Lee is on the left with Ed Bird's bus waiting in front to take passengers to the train. Mrs. Barnhart remembers he had a full schedule meeting all the many trains running regularly in those days.

The Spinal Column

All sickness has a cause. The sickness is merely an effect. To get well, the cause must be removed. Causes develop gradually, usually over a period of months or years. Finally the climax is reached and sickness develops.

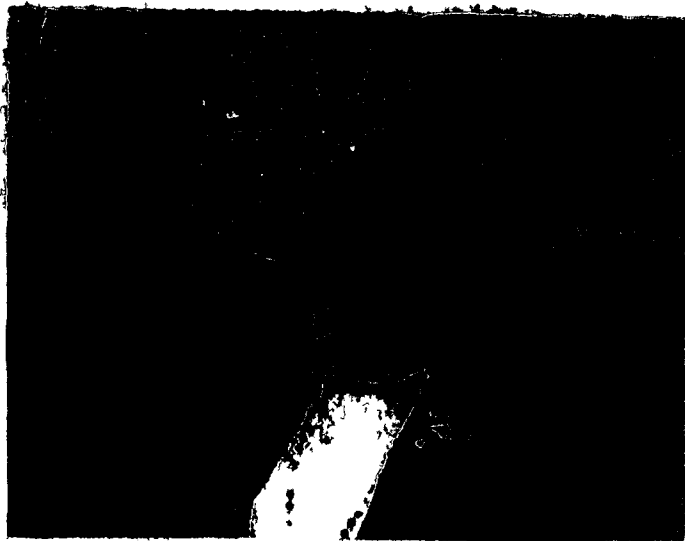

Isn't it unreasonable to expect the cause to be corrected in a day? If this cause has been forming for years, isn't it absurd to think it can be corrected even in a week or two? Patients often assume that because they feel better, the cause has been corrected. They fail to realize that the correction is only partly made and the sickness is in danger of reappearing at any time. Isn't it reasonable that if the chiropractor has found the cause of sickness and has corrected it enough to relieve the ailment, his judgment should be followed until a complete correction is made?

The chiropractor is interested in the patient's health and his own reputation. Unless the patient continues until complete correction is made, both these vital considerations suffer. It is like putting more water in a radiator without repairing the leak. The result is only temporary. The chiropractor would rather not accept a case than to assume the responsibility if the patient is to quit before the correction is complete.

If permanent health is desired, a complete correction of the cause must be made.

Yours for natural health, naturally,

Tell Plans To Wed Honeymoon In Florida Follows Recent Nuptials

Mr. and Mrs. Robert Davidson of Baldwin Michigan announce the engagement of their daughter Betty Ruth to Kenneth Curtee, son of Mr. and Mrs. Harold Curtee of Baldwin.

A senior at Baldwin High School Betty is employed at Castellante's Due in Baldwin. Her fiancé graduated from Big Rapids and is self employed in Baldwin.

The couple is planning a summer wedding.

The Davidsons were former residents of Buchanan before moving to Baldwin last fall.

Mr. and Mrs. Stephen W. Jackson

Trinity Evangelical Lutheran Church in Glendora was the setting for the May 17 wedding of Carol Jean Clark and Stephen William Jackson. Mr. and Mrs. Richard C. Clark of Buchanan and William H. Jackson of LaPorte, Indiana and Mrs. Virginia L. Jackson of Buchanan are the parents of the couple. The 6 o'clock ceremony was performed by Rev. Elmer Bickel.

Given in marriage by her father the bride chose a gown of white nylon sheer fashioned with a fitted bodice, long, full sheer sleeves and a high neckline of lace Nottingham lace trimmed her bodice and cuffs and gathered skirt which swept into a train. Her mantilla style headpiece held a chapel length veil of illusion and she carried a colonial bouquet of white roses, blue lilies of the valley and baby's breath.

Maid of honor was Diane Spears of Buchanan and bridesmaids were Kathryn Clark of Buchanan and Lynne Jackson of New Troy; sisters of the bride and groom. Their blue knit polyester gowns were styled with v-necklines, bodices with thin straps and elbow length jackets in a cape effect. The attendants wore white hats trimmed in blue and carried white wicker baskets filled with blue and white daisies and baby's breath.

Russell Stephens of Lawrenceburg, Indiana, was the best man and groomsmen were Robert Davis of Redlands, California and David Hess of Buchanan. Seating the guests were Kevin Arnd of Batavia, brother-in-law of the bride and Kim Moyer of Buchanan. The reception in the church social hall took place immediately after the ceremony and the couple then left for a wedding trip to Florida.

A graduate of River Valley High School and Parsons Business School in Kalamazoo, the bride is presently employed at Clark Equipment Company in the sales department. The bridegroom graduated from Buchanan High School and Southwestern Michigan College and is employed as a mechanic at DeWitt's Shell. They will live in Buchanan.

The engagement of their daughter, Gayle O., to Rick R. Budny, 2719 Detroit Road, Niles, is announced by Mr. and Mrs. William Silkworth of 1604 Broadway. He is the son of Mr. and Mrs. William Budny of New Carlisle, Indiana.

A graduate of Niles High School and of Northwood Institute, Midland, Michigan, the bride-elect is the co-owner of The Oriole Shoppe in Niles.

Her fiancé, a graduate of New Carlisle High School, attended hydraulics, pneumatics school and is employed as an hydraulics sales engineer.

No date has been set for the wedding.

Ask
Senator
GRIFFIN

By cutting through red tape, members of Congress can often lend a hand to those with problems involving the federal government. Through the columns of this newspaper, Senator Griffin answers questions of general interest. He will respond personally to all communications addressed to: Senator Robert P. Griffin, Senate Office Building, Washington, D.C. 20510.

I've learned that statues of two famous people from each State are in the Statuary Hall of the U.S. Capitol. Who are the two from Michigan?
—S. L., Fremont

Special Michigan Citizen Committees selected Lewis Cass in 1889, and Zachariah Chandler in 1913. Lewis Cass (1782-1866) was a gallant colonel in the War of 1812 who broke his sword rather than surrender at Detroit. Later he served as governor of the Territory of Michigan for eighteen years, and was sent to the U.S. Senate in 1845 to represent our State. Zachariah Chandler (1813-1879) was a mayor of Detroit who succeeded Lewis Cass in the U.S. Senate in 1857. Later he became Secretary of the Interior, but returned to represent our State in the U.S. Senate in 1879.

Has the government put out any pamphlets on breast cancer? With all the recent talk about this subject, I think a lot of women would want to write for such information.
—B. J., Pontiac

The National Cancer Institute has a free ten-page pamphlet called "Breast Self-Examination." You can obtain a copy by writing to the Office of Cancer Communications, National Cancer Institute, Bethesda, Maryland 20014. Medical authorities at the Institute urge every woman to undergo such an examination on a monthly basis.

Why Bulbs Didn't Come Up

If the flowering bulbs you planted last fall didn't come up this spring, your planting location may be wrong, says August A. DeHertogh, Michigan State University horticulturist.

Planting bulbs in poorly drained soil can lead to rot, which is the biggest reason for bulb failure in Michigan, he says.

"Bulb rot can also result from planting too late in the fall," DeHertogh says. "Planting bulbs later than September or October may not allow enough time for root development before winter."

Sometimes a planting of tulips or hyacinths will flower one year and not come up the next. This may happen if you remove the foliage too early after flowering, DeHertogh says. To make sure your plants produce next year's bulbs, leave foliage on at least six to eight weeks after the flower dies.

Also, you should plant bulbs no closer than four or five feet from basement walls. Plantings may degenerate over the years if heat from the basement prevents them from getting sufficient cold for full bulb development, DeHertogh says.

Bulbs also degenerate if you don't apply fertilizer in April or early May of each year, he says. The most convenient way to fertilize your bulbs may be to extend your lawn fertilizer into the bulb beds.

"The least common reason for bulb failure is unsound bulbs, because you won't likely buy soft or rotten bulbs," the specialist says. "The bulbs for sale in garden centers are usually capable of producing good plants and flowers, if you plant and care for them correctly."

Sprindrift
By Phyllis Whitney

Fans of this author will be disappointed, because it isn't up to her standards. Perhaps she needed a quick dollar and whipped up a novel in a hurry. It is a typical Gothic novel. The gal's father died of what was listed as a suicide. The gal doesn't believe it and goes to the old mansion (full of mystery, of course) where she attempts to unravel the plot. Somebody is trying to get her to leave, and she keeps getting scared to a frazzle.

Nobody knows who are the good guys or the bad ones until the final page or two.

The Blade of Castlemayne
By Anthony Esler

This is advertised as the author's first novel, and hopefully it'll be his last. It's a badly written little piece.

It deals with Elizabethan England. The hero is an adventurer who can climb into a lady's bed easily. The villain is a true villain, and the ultimate duel between the two is inevitable.

All we know about the hero is that he has curly blond hair and thick thighs. We know less about the heroine who we can assume is a doll.

We would like to inform the people of Buchanan that the only thing we have received so far from your sidewalk is the process of having our mug shots taken, being fingerprinted and out our \$100.00 bond.

Tavern Owner Dies Tuesday

Herb Jesswein of 104 Range Line Road, Berrien Springs, owner of Herb's Place on Front Street, died early Tuesday afternoon at Pawating Hospital from injuries received in a Sunday night accident.

He was reported in grave condition Monday at the hospital having suffered massive head injuries when thrown from his motor cycle after it struck a railroad tie at the old Penn Central terminal grounds in Niles Township. Police reported he tumbled 100 feet after the impact.

Arrangements are incomplete at press time.

Galien Little League

Galien's Little League season got under way with the Tigers belting the Lions 25 to 11 Monday night.

Walks undid the Lions with 24 bases on balls. Leading hitter for the Tigers was Doug Brewer with a double and triple. Rex Carpenter and Bobbie Marker had doubles for the Lions. Winning pitcher was Steve Zbacnik and losing, Ron Kelley.

Lug Nuts Stolen

Last Thursday, May 29 at 3:30 p.m. as Larry Habel of Galien started to leave the Clark River Street lot after his shift, he reported the rear of his car dropped down. It appeared someone had removed the lug nuts from both his rear wheels between 7 a.m. and 3:30 in the lot.

Plant Mums Any Time

For beautiful chrysanthemum plants this fall, plant cuttings or plants in late May or June advise horticulturists at Michigan State University.

Mums prefer full sun and a light porous soil rich in organic matter. If your soil is clay add peat or sand to a sandy soil add peat. To enrich the soil with organic matter, add one inch of peat or leaf mold and mix it into the soil to a depth of one foot.

Fertilize your mum bed by scattering three to four pounds of 10-10-10 fertilizer for every 100 square feet of bed. You can also fertilize each plant after it is in the ground by applying one tablespoon of 10-10-10 in a ring on the ground two inches away from each plant. Repeat this process around Aug. 1, applying only half as much fertilizer.

Rooted cuttings should be about four inches high with a strong stem and one-inch roots. Plant them 18 to 24 inches apart in holes one inch deeper and wider than the roots. Firm the soil around the roots and water heavily immediately after planting. Cuttings will have to be watered on hot, sunny days to keep them from wilting. Avoid wetting the leaves.

Mums usually require pinching to make them grow full and bushy. The horticulturists suggest pinching off one-half to one inch of the growing tip every time the stem has grown an additional three to four pairs of leaves. Stop pinching early bloomers by July 15 and late bloomers by August 1.

Keep weeds under control by mulching or shallow cultivation. Water when necessary so the soil is wet to a depth of four inches.

A taxpayer is a feller who doesn't have to take a civil service exam to work for Uncle Sam.

Over 125 took part last Saturday in a Burn-the-Mortgage Walk-a-Thon for the Niles-Buchanan YMCA. The participants went from Niles to Stark School by the back roads covering about 6 1/2 miles. This was the last group to arrive and Stark principal Bill Fischer was there to greet them and stamp their papers to show completion. From the left are Fischer and the walkers, Rev. Mark Graham, Cameo Calder (a member of the Golden Age Club who walked all the way), and the Chuck Miller family. The children made the journey with the help of a stroller and the shoulders of Rev. Graham and their dad.

One sunny day last week Carl Rotzien of Buffalo Road brought some of the old plow tractors he collects out in the yard to work with and enjoy. Here he's shown starting the Rumley 30-60 horse power model made in LaPorte, Indiana about 1925 or 26. Mr. Rotzien has a particular fondness for Rumleys he used at one time himself. He says it will run on almost anything you pour in it, the lower the grade of oil the better. The belt power of this type was often used for rock crushing, threshing and sawmill work. This machine weighs in at close to 10 tons. The same day he also had out his oldest one, a 25-50 Avery built in Peoria in 1919.

Buck Nine Finishes A Great Season

A heartbreaking 2-1 loss to Vicksburg in the district championship game brought to a close a very successful Buchanan High School baseball season. The Bucks finished with a 24-11 record including 20 wins in their last 24 games, and undoubtedly set a record for wins in a season. In addition the charges of Bill Goodman were crowned champions of the Blossomland Conference.

The loss of Vicksburg was especially tough to take because the winners were able to get only one base hit off the slants of sophomore righthander, Kevin Vanderbush. An error, a walk, a sacrifice, a wild pitch, and another sacrifice were good for two fourth inning runs for Vicksburg. Buchanan had reached the finals with a 7-6 nine inning win over Paw, while Vicksburg downed Sturgis 4-3. The winners had entered the district final with an 11-8 record, the poorest of the four competing teams. Included in the record were two losses to Paw Paw.

A summary of the last two weeks' action follows:

Niles 1
Buchanan 1
Niles lefthander, Tim Gowan, pitched his second consecutive no-hitter but walked nine and hit one Buck. The Vikings scored three runs in the third against starter and loser Bryan Virgil. The lone Buck run came in the seventh. Dan Kreager and Kevin Vanderbush walked, and Kreager scored when the Niles lefthander misplayed John Donley's fly ball.
Bucks: 0 0 0 0 0 1 1-0 1
Niles: 0 0 3 0 0 1 X 4-7-1
WP Gowan, LP Virgil (3-3)

Buchanan 8
Brandywine 1
In a pre-district contest played at Thomas Stadium in Niles, the Bucks defeated the Bobcats 8-1. This was Buchanan's third consecutive win over Brandywine this year and was by far the most impressive. Junior Walt Vanderbush yielded a single to the first batter he faced, but this was the Bobcats' only hit of the game. Dan Kreager slammed three hits and Walt Vanderbush, Kevin Vanderbush, and Bryan Virgil walloped two each to lead the ten hit Buck attack. Virgil and Kevin Vanderbush stroked two run homers in the winners'.

Buchanan 5
Gary Calumet 0
Kevin Vanderbush tuned up for his district pitching chores by shutting out Gary Calumet on four hits in a game played at Buchanan. Vanderbush struck out nine and walked none in winning his seventh game of the season.

Buchanan scored once in the second, when Tom Smith walked, took second on a balk, and scored on Gary Jones' single to center. The Bucks put the game away with three more runs in the fourth as Smith singled, Rob Heiney walked, Moe Kyles reached first on an error which scored Smith, and Mark Jackson singled in Heiney and Kyles. John Donley scored the last Buck run when he doubled to open the fifth and scored on two infield outs.

Buchanan 7
Paw Paw 6
Paw Paw managed only two hits in nine innings off Buck hurlers, but took advantage of twelve walks and two timely errors to force Buchanan into extra innings. Walt Vanderbush was the winning hurler for the Bucks, pitching the first five innings and the last two. Hugh Heiermann pitched the 6th and 7th frames.

Buchanan had opened up a 6-2 lead with a five run fifth inning, but the Redmen scored two in the fifth and two more in the seventh to tie the count. The tying runs in the seventh scored on a two run throwing error by the usually sound Buck infield.

Kevin Vanderbush led the eight hit Buck attack with three singles in five trips to the plate. He scored the winning run in the ninth after singling to open the inning and going to third on Bryan Virgil's line double, when he stole home on what is usually called a "busted" play. Kevin thought that the squeeze play was on, but the signal had been "wiped off" by Coach Goodman. Tom Smith, the Buck batter at the time, alertly swung to disconcert the Paw Paw catcher, and Vanderbush was safe as the ball hit the dirt.

Vicksburg 2
Buchanan 1
Two unearned runs in the fourth inning stood up for Vicksburg as the Buck season ended with a disappointing 2-1 loss in the district finale. Buchanan had taken a one run lead in the top of the inning. Kevin Vanderbush took the mound loss of the Bucks, despite pitching a one hitter and walking only two Buck hurlers yielded only three hits in the two district games, but were still without a district title when the day ended.

Buchanan managed three hits against winning pitcher Harrison Rob Heiney's double and Kevin Vanderbush's single and double were the only Buck safeties. Kevin finished the day with 5 hits in 8 at bats, two more hits than Paw Paw and Vicksburg totaled against Buchanan.

Much Action In Men's Softball

Bungalow and Smitty's stay on top of their divisions as the Buchanan Softball League finished its third week of action. Bungalow is the only team undefeated as they prepare for the upcoming week's play. A summary of last week's games looks like this:

Kennedy's 3-1 AW 1
For Kennedy's, Jim Phillips went 3 for 3 with a triple included while Carey Priest went 1 for 2 with a double. Carey Robinson had a triple for the losers. Greg Miller got the win while Bill Dungey took the loss.

Thompson's 5-1 Smitty's 7
Dave Shoemaker and Larry Ehlert led Thompson's hitting, both collecting two hits and each contributing a homer. Francis Brown went 3 for 4 for the losers while teammates Willie Sam Warren and Clarence Bibbs each collected 2 hits. Cliff Carson was the winner while Andy Wade took the loss.

Herbs 10-1 Rees 1
George Dreitzler hit 3 home runs with 4 RBI's while Bernie Hall and Steve Couchman homered. Couchman contributed 3 RBI's. John Griffin paced the losers with a 2 for 2 night. Jack Myers took the win while Dan Chappell suffered the loss.

C&S 7-1 Wesner's 6
C&S came from behind to beat Wesner's as Rob Payne, Harlan Vastine and Terry Lovelady paced the winners in hits, each with two. Chuck Falkenstein hit 2 home runs and Dick Geik went 3 for 3 for the losers. Terry Lovelady got the win while the loss went to Roger Spaulding.

Bungalow 9-1 Smitty's 7
Bungalow played catch up ball all night to finally defeat Smitty's. Howard VerHage's perfect 3 for 3 night sparked the division leaders. VerHage's home run plus Steve Hirschman and Larry Schrimsher's triples provided the punch needed to beat the other division leader. Clarence Bibbs home run was the only long ball produced by the marina's bats. Don Welsh pitched the win while Andy Wade took the loss.

B&W 11-1 Neals 6
Home runs by Don Peters, Ron Aalfs, Bill Heckathorn, while Paul Downey's 3 for 3 night paced B&W pass Neals. Auto Jerry English and Jim Fairmen homered for the losers. Downey got the win while Fairmen took the loss.

B&W 19-1 C&S 7
B&W's 21 hits with home runs by Ron Aalfs, Paul Downey and Dan Cauffman plus two big blows by Terry Metzger overpowered C&S despite perfect performances by Harlan Vastine and Joel Baker. Downey took the win while Terry Lovelady took the loss.

Bungalow 11-1 Moose 0
Bungalow stayed undefeated as Truman Adams 2 for 3 performance led the Inn to its fifth straight win. Welsh won it while Paul Swank went down to defeat.

Smitty's 17-1 AWW 10
Jim Phelps and Tim Johnson's long balls were more power than UAW could handle as Smitty's got a half-game back to take the lead in the American division. Andy Wade pitched the win. Tom Anderson took the loss.

Thompson's 8-1 Kennedy's 7
Dean Cluckey's 3 for 3 plus a home run by Larry Ehlert sparked a come from behind victory for Thompson's to close the weeks play.

Next week action starts again with the league standings looking like this:

American	
Smitty's	3-2
C&S	2-2
Herbs	2-2
Kennedy	2-3
Moose	1-3
Neals	0-5
National	
Bungalow	5-0
Thompson's	4-1
B&W	4-1
Rees	2-2

UAW Wesner's 1-3
Smitty's beat Rees 22-21 by scoring 21 runs in the first two innings and holding off a strong comeback to bring home the win. Nine home runs were hit, seven coming from Smitty's bats. Jim Phelps hit 3, one a grand slam and Clarence Bibbs, Willie Sam Warren, Tim Johnson and Pete Thompson each hit one. For Rees, Duane Zdenahk hit two over. The winning pitcher was Andy Wade. Dan Chappell suffered the loss.

Wesner's beat Kennedy's 10-9 behind the hitting of Jamie Dougherty and Chuck Falkenstein. Dougherty went 3 for 3 while Falkenstein provided the big gun with his home run. Ron Lakes led Kennedy's as he went 3 for 4. Roger Spaulding got the win while Greg Miller took the loss.

Thompson's downed Neal's 11-1 with Jim Rundborg and Lou Bruno each collecting 2 hits. The winner was Cliff Carson while Jim Paulman took the defeat.

Herb's beat Wesner's 15-0 in a shortened game that gave them their first victory of the season. The winner was Jack Meyers while Roger Spaulding took the loss.

Rees beat Kennedy's 13-11 as Mark Rhode came through, with the big bat for the winners with a perfect 3 for 3 night. Also collecting 3 hits were Basil Withers, John Gorbitz and Derrill Chappell. Gary Payne collected 3 hits and Ron Lakes homered for the losers. Dan Chappell pitched the win while Greg Miller threw the loss.

B&W beat Moose 20-3 with Ron Aalfs and Jim Wolford hitting home runs for the winners. Walt Jackson and Paul Swank sent it over for the losers. Paul Downey got the win while Swank took the loss.

Bungalow had to survive a strong fifth inning to down Neal's Auto 20-1. Although the game saw 32 total hits the big blows were John Jorgenson's two home runs and Howard VerHage's one. The winner was Don Welsh and Jim Fairmen took the loss.

Hollow Tree Safety Hazard

That big, hollow shade tree in your backyard may be a great favorite, but it may also pose a serious safety hazard.

"A large tree with a cavity in the trunk is often very vulnerable to going over in ice or wind storms," says Harold Davidson, horticulture specialist at Michigan State University. "It should be inspected regularly by a trained arborist who can tell you if there is enough live wood left to support the size of the tree."

Clean the cavity occasionally and paint it with a good tree paint to minimize rotting, he adds.

Filling the cavity with concrete is no guarantee the tree will withstand bad weather, Davidson says. Rot goes on behind the concrete filling where you cannot see it, and there's no way to tell whether the tree is strong enough to stand up to a storm.

"A hollow tree out in the middle of a field isn't much of a hazard to anything but itself," the specialist comments. "But a hollow tree in your backyard may damage your house, garage or parked car or take down power or telephone lines when it falls. So don't wait for the wind to take it out. Have it inspected and if it's unsafe, remove it."

Symposium At Fernwood On Bicentennial Theme

The highlight of the Fernwood year is the Weekend Family Symposium. A full weekend of vacation-like fun is planned under the theme "Country Spirit of '76." This event, in keeping with America's bicentennial observances, slates lectures on country life in the Revolutionary era and demonstrations reviving old colonial crafts and skills. Sampling the lives of our ancestors can be experienced by all ages from grandchildren to grandparents. The symposium is scheduled for Father's Day weekend, June 13, 14 and 15. What a perfect Father's Day gift and family togetherness outing. Preregistration at Fernwood is required with check-in beginning Friday, June 13, at 6:30 p.m. at the Redbud Trails Retreat. Spaces for campers and tenters will be assigned and families requesting shared cabins will meet their weekend room mates and settle in. Everyone will have ample time to relax and say hello before a bedtime treat of hand-cranked, home-made ice cream.

Family style breakfast in the camp dining hall gathers everyone together at 8 a.m. Saturday. After breakfast the fun begins with a day of alternative activities. At 9 a.m., youngsters vie for a prize in "The Fishing

Derby for Small Fry" while parents and grandparents can attend a lecture on "Food Preservation of Yesteryear" by Mrs. James Teichman of Benton Harbor, where she and her husband own and operate a natural foods store. Using her knowledge of modern day foods and preparation techniques of the colonial era, Mrs. Teichman will demonstrate the secrets of drying and refrigerator-free food storage.

After the Fishing Derby youngsters will be entertained with a potting session at the Fernwood greenhouse, the object being that of taking home a few new plant friends especially "Rosemary the Herb and Big Max the Pumpkin." Stan Beikmann of Fernwood will give this exercise.

Adults are then free to observe Ray Koerner of East Lansing demonstrate and tell the mechanics of "Colonial Tinsmithing" at 10:45 a.m. in the Fernwood Meeting House. Having lectured for the Marshall and Portland Historical Societies, Mr. Koerner maintains a keen interest and knowledgeable hand in making household containers and utensils from metal.

Throughout the day registrants will experience several boat rides across the St. Joseph

River as they attend the various activities on both sides. After lunch at the big dining hall on the Redbud side of the river, Mrs. Janet Frank will present a talk and slide show of "Colonial Kitchens" at 1:30 p.m. at the Fernwood Meeting House. Mrs. Frank is a past Foods Editor for the Lansing State Journal and guest lecturer for Columbia University in New York City. One of her specialties is historical restoration using original kitchen articles.

Also at 1:30 p.m. in the Office Building Mrs. William Emboden will demonstrate the art of making dried apple dolls. Mrs. Emboden will have some of her apple-head friends with her and will show step by step how apples are shaped, carved and dried to form heads for old fashioned dolls. Mrs. Emboden also makes the bodies and clothes for her dolls and will show everyone how to complete an entire doll.

At 3:15 it is "mint julep" time in the Camp Dining Hall. Mrs. Olive Williams, one of the foremost authorities on herbs in this area, will be in charge of the recipe. Mrs. Williams grows her own herbs and has delighted many a person with her tasty recipes for herb teas, breads, butters and other culinary mas-

terpieces.

For fun two sports events are planned for 3:15 p.m. a Horse Shoe Pitch and a Volley Ball Game. And afterwards a Tennessee Varmint Barbeque will be cooked at Campfire Circle with Don Harker stirring up the vittles. Every ready appetite may sample the Hills Country main course prior to the evening dinner at the Camp Dining Hall.

A relaxing evening is planned in the spirit of yesteryear with a 7 p.m. hayride followed by folk songs at the Campfire Circle. Nancy Evesole the Kentucky Woman will entertain with dulcimer guitar and a revival of old folk songs of Kentucky.

Sunday activities include an early riser's Bird Walk with Fernwood naturalist Don Harker. An old fashioned hymn sing is scheduled after breakfast and two special films of the Revolutionary period will culminate the weekend prior to lunch. "The Story of a Patriot" characterizes factual life of Colonial Williamsburg in 1776. Sunday afternoon leaves a moment of relaxation at the swimming pool or Fernwood's trails to savor the week end of events prior to departure. There is still room for families who would like to participate in a memorable weekend. Call soon to make a reservation and get

into the spirit of '76.

On Monday June 9 the first of Fernwood's summer day camps begins. Area 4 year olds will meet at 9:30 a.m. for the first morning of a week long program. Don Harker will conduct the day camp program and Connie Myers will return as an assistant. Day camps continue to be most popular and registration is assuredly closed shortly after Fernwood's annual programs are out. New and varied activities are in store for the youngsters with most action centered out of doors. Children should be dressed for whatever weather seems appropiate for the day.

Sketching and Illustrating with Nancy Hart also begins Monday June 9 at 9:30 a.m. in the Meeting House and will meet for four consecutive days. Nancy Hart is a graduate of the School of the Art Institute of Chicago. She has been artist in residence, exhibit designer and curator of prints and drawings for the Morton Arboretum since 1967 and has also free-lanced for the Encyclopedia Britannica and the Field Museum. Students this year will be sketching plants, landscapes and gardens in a variety of drawing medias. They will work outside whenever the weather permits. Nancy will also teach the basic elements of

design and drawing techniques for beginners. So, if you can't draw a straight line or would just like to polish up an old talent, this is the class.

A third class also begins on Monday. Pottery students will be meeting in the Pottery Studio with Marie Remington for Evening Pottery. This class differs from Pottery Design which is currently in progress, in that it is a preliminary pottery "how to" class teaching basics of construction and glazing rather than motif or shape. The class meets for eight consecutive weeks from 7 to 10 p.m. A few openings remain in this class.

On display in the Fernwood Meeting House through the month of June is an exhibit of nature paintings by David Mohrhardt of Berrien Springs. Mr. Mohrhardt is Director of the Berrien County Courthouse Museum and a free lance painter whose works have appeared and been recognized frequently in area art shows.

We're Cutting Back Energy crunch in Michigan? There sure is.

That's the thinking of at least half the state's residents. And fully 75 percent of Michiganders -- including some of those who don't believe there is an energy crisis -- say they've changed their use of energy in recent months.

Such are the findings of a scientific survey conducted for the Commerce Department by Market Opinion Research of Detroit.

Saving energy -- whether it's people believe the crisis is real or just want to save money too -- takes various forms. Most popular among those surveyed was lowering the temperatures in their homes. Nearly 80 percent said they'd done that this winter.

In addition, the people said they:

- Drive more slowly (76 percent)
- Use their cars less (60 percent)
- Use less electricity in their homes (65 percent)

Those who don't believe there is a crisis say "big oil companies (are) rigging or raising prices," or the crisis is "just a way to make money" (38 percent).

Even so, the survey found Michigan residents more pessimistic this year about the energy situation getting better in the immediate future.

A similar survey in February 1974 showed 13 percent of Michigan residents expected the situation to change by springtime. This year, that figure dropped to 4 percent.

And 18 percent figure it will never change.

Open an Office
You're flying to London this Saturday and your passport hasn't come through yet? Don't panic. Just fly off to Chicago -- or some other city outside of Michigan -- where passports are issued directly through field offices.

Lots of trouble for us in Michigan, you say?

Gov. William Milliken agrees. He's asked Secretary of State Henry Kissinger to approve establishment of a passport office in Detroit.

There already are 10 such offices in the country, but Michigan can boast nary a one of them.

Milliken figures a passport-issuing office would be helpful to the estimated 90,000 Michigan residents who annually file for the documents.

And, he suggests, opening an office in Detroit might mean up to 25 new jobs for that city.

Apples to
Mass plantings of crabapple groves in Alamo Township, publication of a history of the City of Portage, restoration of a late 19th century lime kiln and subsidy for the Neeganegzezhic Club of the Sault Ste. Marie area to perform native dances at Michigan festivities.

Such is the purview of the Michigan American Revolution Bicentennial Commission. The above named projects were among a recent batch formally recognized -- and some were funded -- by the commission as it continues gearing up for celebration of the nation's 200th anniversary.

Secretary Beistle read a letter of resignation from Karen McBratnie, and moved, seconded by Member Lubben, that the resignation be accepted. Member Mahan suggested that the resignation be accepted with regret because of the benefit to the Special Education Department provided by Mrs. McBratnie's good services. Unanimously carried.

In other business, correspondence was read from "Interested Indian Hills Parents" in support of the continuation of fifth grade band, and Dr. Stephen Worland petitioned the Board to grant his son, Stephen, a high school diploma.

President Hanson acknowledged receipt of Dr. Worland's petition and instructed Superintendent Dougherty to report back to the Board after study of the request.

Board of Education Minutes

The Board of Education, Buchanan Community Schools, Berrien County, Michigan held its regular monthly meeting Monday, May 19, 1975, at the Moccasin Elementary School. Members present: David Hanson, William Moon, Richard Beistle, Vernon Lubben, Jeanette Mahan, and Richard Rossow. Absent: Gerald Moulds. Others present: Administration, SRA Delegate, members of the press, and 20 guests.

President Hanson called the meeting to order at 7:50 p.m. after the Board had completed an inspection tour of the building. There were no questions from the audience, so the official agenda was initiated. Minutes of the official meeting held April 21, 1975 were approved as corrected. Minutes of the special meeting held May 12, 1975, were approved as presented. Secretary Beistle read correspondence from the North Central Association of Colleges and Schools stating that Buchanan High School has been placed on the list of schools approved for the 1974-75 school year. Four minor violations were cited which are being corrected. In other correspondence a request to change the health policy for children entering kindergarten was reviewed; and a letter from Wynafred Yore requested the Board's support in the June 2 Intermediate School Board election.

Motion by Member Lubben, seconded by Member Rossow that bills in the amount of \$206,934.02 (of which \$169,408.42 is for two payrolls) be approved for payment. Unanimously carried.

The Board's representative to the June 2 Berrien County Intermediate Board election asked for instructions. This was tabled for executive session.

President Hanson reported that no information on the Middle School traffic situation has been received from the City Commission.

President Hanson updated the Board as to what had transpired regarding the High School Graduation Requirements. Motion by Member Lubben, seconded by Member Beistle, that the residency requirement be waived for all students who complete the high school requirements and have parental approval, effective with the 1974-75 school year. Motion defeated by a 4-2 vote.

Motion by Member Beistle, seconded by Member Lubben, that the following criteria be adopted by the Board of Education and attached to the existing policy on high school graduation requirements:

1. A student must have completed all other high school graduation requirements satisfactorily.
2. A student must make his request for waiver in writing.
3. The parent must approve in those cases where it is within the law to ask for this approval.
4. Such waiver would be for eighth and final semester only.
5. The final semester waived must be utilized for some educational experience.
6. Student with 3.0 grade point average or above will be permitted to request waiver directly from the Board of Education. Student with below a 3.0 grade point average will submit request for waiver to tripartite committee of High School Principal, Board Member, and guidance counselor.
7. If student is going to college, he will complete an individual study during the semester waived.
8. If student is going into employment, he must maintain a regular job or participate in an apprentice program with a satisfactory evaluation from the employer, plus some form of independent study must be done during the semester waived.
9. In his written request the student must present a demonstrated plan for the utilization of the time during the semester waived and the reasons for early graduation and how it will affect his future. Motion defeated by a 3-3 vote.

Motion by Member Mahan, seconded by Member Beistle, that the revised graduation requirements for Buchanan High School be adopted for the 1975-76 school year and that all previous requirements be rescinded. Unanimously carried.

Motion by Member Beistle, seconded by Member Rossow, that the list of 143 candidates for High School graduation be approved as submitted. Unanimously carried.

Secretary Beistle read a letter of resignation from Karen McBratnie, and moved, seconded by Member Lubben, that the resignation be accepted. Member Mahan suggested that the resignation be accepted with regret because of the benefit to the Special Education Department provided by Mrs. McBratnie's good services. Unanimously carried.

In other business, correspondence was read from "Interested Indian Hills Parents" in support of the continuation of fifth grade band, and Dr. Stephen Worland petitioned the Board to grant his son, Stephen, a high school diploma.

President Hanson acknowledged receipt of Dr. Worland's petition and instructed Superintendent Dougherty to report back to the Board after study of the request.

Special meeting adjourned at 8:15 a.m.

Respectfully submitted, Richard T. Beistle, Secretary Buchanan Board of Education

(These minutes subject to approval at next regular Board meeting.)

A SPECIAL meeting of the Board of Education, Buchanan Community Schools, Berrien County, Michigan was held May 23, 1975 at the High School building. Members present: David Hanson, Richard Beistle, William Moon, Vernon Lubben, Jeanette Mahan and Richard Rossow. Absent: Gerald Moulds. Also present: Administration, members of the press, SRA Delegate, and two guests.

President Hanson called the meeting to order at 7:55 a.m., stating that the purpose of the special meeting was to provide official action for several pending proposals.

The first item for discussion was the revised graduation requirements. By majority approval, the words "severe hardship" in 11 were changed to "extreme circumstances." Motion by Member Mahan, seconded by Member Beistle, that the revised graduation requirements for Buchanan High School be adopted for the 1975-76 school year and that all previous requirements be rescinded. Unanimously carried.

Motion by Member Beistle, seconded by Member Rossow, that the list of 143 candidates for High School graduation be approved as submitted. Unanimously carried.

Secretary Beistle read a letter of resignation from Karen McBratnie, and moved, seconded by Member Lubben, that the resignation be accepted. Member Mahan suggested that the resignation be accepted with regret because of the benefit to the Special Education Department provided by Mrs. McBratnie's good services. Unanimously carried.

In other business, correspondence was read from "Interested Indian Hills Parents" in support of the continuation of fifth grade band, and Dr. Stephen Worland petitioned the Board to grant his son, Stephen, a high school diploma.

President Hanson acknowledged receipt of Dr. Worland's petition and instructed Superintendent Dougherty to report back to the Board after study of the request.

Motion by Member Beistle, seconded by Member Lubben, that 22 persons be certified for graduation from the adult education high school completion program. Unanimously carried.

Supt. Dougherty reviewed various phases of the June 9 annual election naming the four candidates for two, four-year terms becoming available on June 30. The four candidates are: Paul William DeVos, Mary Beth Larson, Robert L. Luke, and Cletha Wade.

Motion by Member Beistle, seconded by Member Lubben, that the names submitted for the Accuracy Board, Computer Receiving Board, and Computer Certifying Board be appointed. Unanimously carried.

Motion by Member Moon, seconded by Member Rossow, that dues in the amount of \$735 be paid to the Michigan Association of School Boards. Unanimously carried.

Motion by Member Lubben, seconded by Member Beistle, that changes in the graduation requirements, as recommended by Dr. Vanderbush, be approved. Unanimously carried.

Supt. Dougherty reported that the County Tax Allocation data had not been received to date.

Moccasin Building Principal Casey presented his annual report to the Board and updated the Board on the Outdoor Education Program.

Meeting adjourned at 10 p.m.

Respectfully submitted, Richard T. Beistle, Secretary Buchanan Board of Education

Jailed Saturday
Saturday at 10:28 p.m. Buchanan Police were advised a drunk was lying on West Front Street. On arrival they found John F. Newman, 25, of Niles, who was having trouble walking. Arrested for public intoxication, he was lodged in the city jail overnight.

TREASURE

the Land that Loves You...

Treat the Good Earth With Care and Reverence

Our very life comes from the land. The food we eat... the air we breathe... are gifts of the good green earth. So are things that replenish the spirit: the sounds and the silences... the vistas... the sense of space and the order of nature. The land is good to us. Let's preserve and protect it.
