

EX-GOV. DICKINSON TALKS HERE FRI.

Benton Harbor Strike to Affect Clark Production if not Settled Soon

Also to Talk at Niles Church Friday Evening

Now Here's the Proposition

Pete Fuller sez Winston and Franklin shoulda had one more point fer fixin' things up when the war's over.

Uv course, men are not born ekwil—sum are worse'n others.

Mehitabel, the typist of the Record office, is wearing her rubbers and walking down the middle of the road to work these days, hoping to get an asphalt retreat that will last all winter.

The Wars Are Not Far From Us The wars are not so far from us; we tire Our spirits with an unremitting hate; In petty pools of envy we conspire And waste the seasons, though the time grows late.

Whose hand contests his neighbor does not well And while in hot contempt we find relief, Our small malignities all help to swell That Calvary of universal grief.

And so it is, not knowing what we do, We help to float the universe to doom— Not Hitler, not Stalin, but I and you Who let the blackness in our hearts find room.

Open your hearts and minds and let in light! For when your own contemptuous hates are furled, You do your portion in the endless fight To bring back order to a reeling world.

Strikers Release Patterns Used in Defense Orders

Tie-Up Non-Defense Patterns Remains Threat to Production and Employment

The strike at the Benton Harbor Malleable Industries plant, now in its third week, will very materially affect non-defense production and employment engaged in such production in the Berrien Springs and Buchanan plants of the Clark Equipment company.

The Clark Equipment has let substantial parts contracts for both defense and non-defense production to the Benton Harbor plant, being in fact more dependent on "gray steel" production than for malleable iron production.

Stories to the effect that the striking C. I. O. workers at the Malleable Industries plant attempted to block removal of the Clark Equipment defense production patterns and that "Uncle Sam" had to step in with a threat of force to get them in error, stated Clark Equipment officials.

However, patterns for non-defense production including those necessary for turning out large commercial contracts to truck companies, will remain tied up for the duration of the strike and it is the tying up of these that will cut in on production at the local and Berrien Springs plant, the effect probably becoming apparent in another week.

Tales of An Old Town An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

This series from here on will be a combination of reminiscences by Fred Richter and others. It may not be organized in any very consecutive manner, but it will ramble around the general theme of old Dayton and its community, on the base material supplied by Mr. Richter.

Mr. Richter is the only resident of that city of any years who was born there and has lived there his entire life. His memory of the town stretches back over fifty years, and we will find elsewhere material which antedates his memory.

His memory, of course, covers only a little more than half of the history of the town. There are a number of buildings still standing there which looked old to him when he was a lad.

(To Be Continued)

Construction Co. Has Local Headquarters

S. H. Hill Files Allied Construction Co. Papers Buchanan becomes the official headquarters of another enterprise with the filing at the offices of the state corporation and securities commission at Lansing of articles of incorporation for the Allied Construction Company, Inc.

This company is none other than the business operated by S. H. Hill, who is installing curb and gutters on Project 2 as a subcontract from the H. B. Frick Construction company.

Several doctors had practiced in Dayton before Richter's time, but the only one he remembers was Dr. Henderson, whose son now practices in Niles. Another and very popular line of medicine was passed out on the patient's own prescription in the general store of Cass DeArmand.

The Dayton school house now in operation was used when Richter was being educated—in fact the date on the building places its construction in 1878.

Improvement Eliminates Danger Spots

Widened to 20 Feet; M. C. R. E. Crossing is Made Safer

The Berrien County Road Commission opened to the public Friday a handsome piece of road construction, consisting of 1 1/2 miles of asphaltic black top paving on a gravel base, 20 feet wide, from Mullens corners west of Buchanan on old M-60 to new M-60 at Bakertown.

The selection of this road for paving was based on a traffic count which justified its selection, also the fact that in the past it has contained danger spots which were very distinct hazards.

The culvert over McCoy's creek has been widened to admit the full 20-foot paving and the approaches have been graded so that traffic approaching on one side can at all times see the approaching traffic from the other side.

The road serves as a school route in addition to its normally heavy traffic as an approach to Buchanan from the southwest.

To Let Contract To Park Grounds New Post Office

Landscaping of Site By L. P. Alexander Praised in Niles Niles Paper 75 Years Ago

History is to be repeated this fall on the grounds of the new post office. Postmaster A. G. Hasset is now negotiating with nursery companies of this section for the letting of a contract for the planting.

Back in the late sixties the site was owned by that "father" of the town, L. P. Alexander, for years a postmaster here himself. He had just completed the construction of the brick house which was razed to make room for the postoffice.

Moore Registers H. S. Students Thursday, Friday

Principal Paul J. Moore will be in his office at the high school today and tomorrow (Thursday and Friday) for the purpose of registering students entering high school for the first time or transferring from other high schools.

Faculty Will Organize Plans In Tues. Meet

School sessions for the pupils will begin Wednesday, September 3, instead of on Tuesday as previously announced, although teachers will be in session for preliminary arrangements on Tuesday.

The entire faculty will meet at 8:30 a. m. Tuesday at the high school to receive instructions and work out details for classes.

The assignment of grades to the two buildings will be as follows: Dewey Avenue—kindergarten, first grade, second grade, third grade, fourth grade.

Central or High School—two first grades, second grade, third grade, fourth grade, a combination fourth and fifth grade, a fifth grade. The remaining six upper grades designated as the junior and senior high schools will, of course, be in this building.

Pranksters Mar Fine Terrace on High School Lawn

A regrettable and thoughtless act of destruction was committed at the high school last week when a car driven by unknown young merry makers drove onto the sidewalk of Chicago street adjacent to the school house lawn, mowing down a number of iron stakes that carried wires protecting the lawn, and deeply indenting the sidewalk this summer by George Holmquist.

The immediate occasion, though by no means an excuse, for the sidewalk and terrace tour was the fact that Chicago street was closed at that point. The fact that it was done by boys or young men is indicated that while parked on the walk the eater indulged in a watermelon feed, throwing the rinds over the lawn.

R. R. Rouse Trims Hair of 5 Generations

Youngest is David Riley, Aged 1 Year and 4 Months

Something happened in Buchanan last week that won't happen again in a blue moon or in a dozen blue moons for that matter.

Rouse began barbering in Buchanan in 1892, in a shop operated by Walter Hobart in the room in the second floor of the I.O.O.F. building, in the room now occupied by the Credit Association and immediately over the room now used by Rouse.

During the intervening 49 years he has barbered where Dr. Godfrey now has his office, in a building located on the present site of the Hollywood theatre, in Eugene Murphy's present location, and over the present Ben Franklin store.

Rouse was born in the home now occupied by Mr. and Mrs. Will Whitaker in the Wagner district. His father, Gideon Rouse, was head sawyer in the sawmill operated by his uncle, Eli Penwell, on the present Whitaker farm.

Rouse tried cutting sawlogs for a short time, as a boy of 17, but turned to cutting hair and whiskers as a more pleasant and lucrative job. There's been many changes since. The price when he started was 10 cents for shaves and twenty-five cents for haircuts with the emphasis on shaves. Whiskers were still in vogue to an extent but the full-face drapery was on its way out.

The mustache was then almost universal, but it was the whisker that involved the architecture. A number of Buchanan men then grew whiskers for the winter and emerged from the brush every spring, their theory being that the whisker was a protection for their throats in winter.

The ornamental whisker was most interesting and gave widest scope to tonsorial powers. There was, for instance, the van dyke. When you started to landscape a van dyke, you first left the whiskers only on the point of the chin. During successive shavings the field was enlarged until the van dyke ultimately covered the chin below the mouth, bounded by lines drawn diagonally outward from the corners of the mouth.

Local W. C. T. U. Chapter Leads State in Membership Campaign

Ex-Governor Lauren Dickinson will speak at a meeting of the Buchanan W.C.T.U. at the home of Mrs. W. F. Runner at 3 p. m. Friday afternoon, while in this section to fill a speaking engagement under the auspices of the Niles W.C.T.U. at the Niles Baptist church.

The local W.C.T.U. has been designated as the honor chapter of the state for its results in the recent membership drive, in which it secured 46 new members. This was in connection with the state drive for a full membership of 1,000 by the time of the national W.C.T.U. convention to be held at Grand Rapids Aug. 28 to Sept. 3.

The local chapter made a greater increase in proportion to its membership than any other Michigan W.C.T.U.

Mrs. Montague, Chairman of Red Cross, Resigns

Notable Work Completed Under Her Leadership of The Buchanan Dist.

Mrs. F. R. Montague has resigned as local chairman for Red Cross sewing, and has asked the Record to express her sincere thanks and that of the organization she has represented to all who helped, and especially to her committee, Mrs. H. D. Smith, Mrs. A. S. Webb and Mrs. Fred Rikert, for their able assistance.

The Buchanan District has included Three Oaks with Mrs. L. V. Barker in charge; Gallen, Mrs. R. Wentland; Hills Corners Ladies Aid, Mrs. Clayton Hartline and Mrs. Bert Mitchell; Oronoko Grange, Mrs. H. G. Wallquist; groups from Dayton; the B. G. U. Sorority; the O. E. S.; the Legion Auxiliaries; and the following churches, Methodist, Church of Christ, Catholic, Latter Day Saints and Presbyterian. About 65 individuals have had sewing from headquarters and 60 have knitted sweaters.

During the summer with the facilities of the Home Economics room at the High School, 125 girls' dresses have been cut and made, and 70 more cut and assembled ready for sewing. Most of the supplies aside from actual material furnished by the Red Cross has been paid for by local donations, and gifts are acknowledged from Miss Hazel Miles, Miss Katie Deering, The Thirty Club, Mrs. Wilma Boone, and Mrs. Blanche McIntosh.

In the past 14 months the following garments have been completed: 160 sweaters for men, women and children, 6 scarfs and 5 pairs mittens, 251 girls' dresses, 87 women's dresses, 66 women's skirts, 220 girls' skirts, 75 layettes of 6 garments each, 38 dozen diapers, hand hemmed, 54 baby blankets.

If no local chairman is found, the work will probably be continued on Niles; Mrs. J. C. Strayer will greatly appreciate a volunteer. Knitters are urged to return sweaters to 310 W. Front St., or 115 Lake St. by Sept. 1.

Mr. and Mrs. Dean Clark had as their guests Sunday the latter's nephews, Everett Boyer and wife and family of Mishawaka and Arthur Boyer and wife and family of North Manchester, Ind. Mr. and Mrs. Walter Fryman and two daughters, Betty and Mary Ann, were guests at dinner Sunday at the home of Mrs. Fryman's parents, Mr. and Mrs. Manuel Day, Benton Harbor. Judith Zimmerman of Highland, Ind., visited Monday with her aunt and uncle, Mr. and Mrs. H. G. Wallquist. Mrs. E. O. Sult and daughters, Hermine, Janet and Mrs. Eugene Detgen and son, Corbin, left Friday for Fort Eustis, Va., to visit Jack Sult, who is in training at that place. They expected to arrive home Tuesday of this week. The Wealthy apples are coming

on the market at the Red Apple farm operated by the Sult brothers, north of town. Mr. and Mrs. Irvin Steinger, Chicago, will be guests over the week-end and Labor Day at the home of the former's brother, George Steinger and family. Mr. and Mrs. Herbert Ryan and daughter, Betty and Norman MacLean of Lansing plan to drive to Prescott, Mich., for the week-end and Labor Day, to visit the latter's parents. George Steinger has the new residence which he is building, enclosed and is installing interior woodwork. The Misses Grace Letcher and Victoria Zachman of Washington, D. C., spent a couple of days last week in Chicago. Mrs. J. M. Meffert and two sons of Florida are visiting at the homes of Mrs. Ivy Fuller, Bruce Meffert and other relatives. Miss Grace Letcher begins her

second year of teaching at the Bertrand school on Sept. 3.

Bakertown News

Portage Prairie No. 2 Home Economics club met with Mrs. Cecil Fay on Thursday. Eight members and one guest were present. Mrs. Dale Hanover gave a very good report on Farm Women's Week in Lansing. Ted Siekman hurt his back while at work at the Clark Equipment Co. and is being treated at Pawating hospital. He is improving. George Marlon and son Donald, Chicago Heights were Saturday callers at the Cecil Fay home. Mrs. J. H. Best and Mrs. Walter Haas spent Monday evening in Pokagon. Mr. and Mrs. Bob Smith returned from Minnesota this week-end to settle their affairs here. Mr. Smith has accepted the position of foremanship in the Austin Construction Co. They will construct twenty-five acres of buildings for Defense Project work. Mr. and Mrs. J. H. Best spent Tuesday in South Bend. Several of the ladies from here attended the Portage Prairie Home Economics club meeting

Rouse Trims Hair of Five Generations

Continued from Page One barber had to lift up and shave under. Some goatees, of course, could stand under their own power. The silken whisker that lay in ripply waves belonged only to the face that had never known a razor. The money in those days was in shaving. Nearly all men in town and some in the country were shaved regularly by the barber. Those were the days of that old-fashioned meat axe, the "straight razor" which required a steady hand. After the business man or the woodsawyer of that day had had his second or third short it was advisable to intrust shaving to a barber. Of course the safety razor and later the electric safety have changed all that. Wait, we forgot the burnside and the mutton chop whisker. There were still some of those when Rouse started. The mutton chop was much more formidable than the burnside, extending over more facial area and requiring more skill to balance. A mutton chop covered most of the area of the face naturally suited to

whisker culture, but had distinct artificial lines down the cheek on the lee and portside of the mouth. Since the volume of a real mutton chop was considerably one that was off balance was not only a serious blemish but likely to render it difficult for its owner to maintain his balance. A lot of water has gone down McCoy's creek since the mutton chop went out and the china or pottery mugs disappeared from the cupboards in the barbershop. Time was when all customers of standing had their own mugs in the shop, in addition to the mugs they always carried in with them. These mugs were secured on order from barber supply houses and selected from catalogue designs. These included all sorts of floral ornamentation in addition to the initials or names. A customer could have his name wreathed in pansies, or if more social than poetical he could have his lodge emblem inscribed. Rouse has one mug left in the shop, left by some customer too parsimonious to have it inscribed. In the bottom is a dry cake of soap.

Three Residence Properties Sold

Several pieces of property changed hands in Buchanan last week. Mrs. Carrie Kean sold her property at 520 North Portage Street to Guy DePue of Buchanan. As soon as the present occupants Mr. and Mrs. Ewald Woodrick, vacate, Mr. DePue will take possession. Mr. and Mrs. Woodrick are moving to Galien where they have purchased a home. The property at 302 Cecil Avenue was sold by the Buchanan Federal Savings & Loan Association to Herman Schneider, of 405 River Street. They will take possession as soon as the present tenants, Mr. and Mrs. Robco Jesse, vacate the house. Mr. and Mrs. Clayton McCol-

lun have purchased the property at 603 Daya Avenue from Mr. and Mrs. Harry Cooper. Mr. and Mrs. McColmun will move to their new home the first of November. Mr. and Mrs. Cooper are building a new home on the River Road north of Buchanan.

Buchananites at Kellogg Training Camp for Leaders

Among the 169 Junior Farm Bureau members attending Kellogg's recent leadership training camp were the following from Berrien County: Leona Seyfried acted as county counsellor in the absence of Burton Richards. Those attending different courses were: Leona Seyfried, Buchanan — counsellors' course. Bob Tillstrom, Sodus; Carlton Hewitt, Berrien Center; Bob Koenigshof, Buchanan, and Art Stuart — presidential course. Betty Young, Berrien Center; Barbara Preston, Eau Claire; Carol Knott, Niles — secretarial course. Raymond DeWitt, Buchanan;

June Norris, Berrien Center; Elsie Prillwitz, Sodus; Dorothy Bittner, Sodus — recreation course. Helen Preston, Eau Claire; Ada Steinke, Sodus; Bill Harris, Coloma, and Florence French — publicity course. Everyone enjoyed activities such as swimming, canoeing, archery, handicraft, bow and arrow making, photography and various other camp privileges. Some of the chief objectives of camp were to plan an outline of

the coming year's activities for county group approval and to train for future leadership. Campers were also taught to enjoy recreation as a group and to take ideas back home. Pretzel and Honey Cakes At one of New York's first baseball games in June, 1846, hawkers sold pretzels and honey cakes to the crowd. They remained popular with the fans for many years until the "hot dog" superseded them.

Christian Science Society Sunday service at 11 A. M. Subject, "Christ Jesus." Sunday School at 9:45 A. M. Wednesday evening meeting at 7:45. The Reading room, in the church at Dewey Avenue and Oak Street, is open each Wednesday afternoon from 2 until 4 o'clock. "Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, August 31. The Golden Text (Romans 1:16) is: "I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth."

Among the Bible citations is this passage (John 1:18): "No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared him." Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 333): "Christ expresses God's spiritual, eternal nature. The name is synonymous with Messiah, and alludes to the spirituality which is taught, illustrated, and demonstrated in the life of which Christ Jesus was the embodiment."

HOLLYWOOD

Chivalry of Plains in Tim Holt Drama

The traditional chivalry of the trail blazing heroes of the west adds zest to the action-packed story, "Cyclone on Horseback," the RKO Radio picture starring Tim Holt and showing at the Hollywood Friday and Saturday, August 29-30. In this new addition to the series of outdoor action dramas which have served to increase Tim Holt's popularity, the youthful exponent of western screen stories becomes involved in fist fights and roaring gun battles. Stan Bradford, portrayed by Tim Holt, reverts at some of the high-handed injustice going on in Valley City when he arrives in that outpost to deliver a herd of horses to a young contractor. He joins the latter and helps him string a telephone line over a stretch of wild country, in defiance of the threats and bullets of an unscrupulous contractor and his gunmen.

Lightning Strikes Olmstead Barn

Lightning struck a barn on the Lester Olmstead property, two and a half miles southeast of Gallien Monday morning, setting fire to the structure and destroying the building and all its contents except the horses, which Mrs. Olmstead was able to get to safety. The electrical storm, accompanied by wind, struck shortly after 9 o'clock, and many telephone lines were put out of order. Neighbors formed a bucket brigade and saved a poultry house and the home on the Olmstead property before a call could be put through to the Gallien fire department. Hay, tools and all other property in the barn were lost when the structure burned to the ground. The farm is on the New Buffalo road.

Defense Moves Fast in Michigan When a big industrial state goes "all out for defense," it moves in a hurry. One of the first things it calls for is more telephones. It takes a lot of telephone calls to build a tank or an airplane - an Army camp or a factory. Lansing, capital city of Michigan, is setting a dynamic pace in defense activity. And today, Lansing has 2,500 more telephones than a year ago. To take care of Lansing's increasing telephone needs, we have undertaken a program of expansion that will amount to nearly \$1,250,000 in 1941. Michigan Bell Telephone Company DEFENSE COMES FIRST

Is Your Child HANDICAPPED?

Of every ten children classified at school as backward, five are found to have defective vision. Poor grades, a dislike of school, headaches, a cross disposition, all are the direct result of deficiencies of eyesight. An unfortunate thing about defective vision is that it is often impossible to detect without a thorough examination. A fortunate thing is that almost every case can be easily corrected with a proper fitting of glasses. Your child deserves perfect vision. Have his, or her, eyes examined before school starts.
