

SET OCT. 9 FOR CITY SCRAP CAMPAIGN

Clark Equipment Foremen's Club Honored by National Association

Stark Is Named Chairman Drive

Now Here's the Proposition

Sumthin' is the matter with our educational system...

A blackout ain't nothin' new It's only what used to happen every night in the cowbarn when the wind blew the lantern out

No. 1 - Rhymes of An Addled Adult

I am an addled adult, with bulges here and there, And more and more complacence, though less and less of hair

And my lungs are powerful bellows 'neath the gray on my vest

I know all the answers, the wherefore and the why— If anyone's in error, it is the other guy.

Take business, take religion, or take the current war— You're mebbe slightly puzzled— you'd like to know what for?

Well, all your trials are over, just lend an ear to me, The while I blithely broadcast with awesome frequency

I'm free in my discussions with adjective and verb, All mouthed with vast assurance that nothing can disturb

The statesmen lose their bristles, the leaders lack the light, The generals are lunkheads, but me—I'm always right

But there's times when I am levied to a meek humility To think such vast omniscience vouchsafed alone to me!

To Hold Revival at Bethel Temple

Evangelist Ruth Facemire of Sacramento, Calif., will conduct a ten-day revival at the Bethel Temple starting Oct. 1, the meetings to begin at 7 45 p. m.

Frick Completes Street Paving and City Accepts Job

The final touch was given to the construction of the city streets last Thursday, the last work being done on Moccasin avenue, completing a 3 1/2 year program of street building

On Tuesday evening the city commission met with the Contractor H. C. Frick and accepted the streets. The officials said that final condition of the paving was very materially aided by the services of E. A. Funk, paving expert, who had been in charge of all paving at the new town of Kingsbury, Ind. and who had done paving in the official sections of Washington, D. C.

Eight Violations In Test Blackout

Eight violations were reported in Buchanan during the blackout test last Thursday evening, of which three were in private residences and five in business houses, according to defense council officials. There was some complaint through the town over the inadequacy of the warning by the whistle, which was not heard by many.

Miss Luella Bloom has returned from San Bruno, Calif., where she spent several weeks with her mother, Corporal Jack Bloom.

H. J. Post Named President Nat. Foremen's Assoc.

Clark Club Has Been Leader In Education and Organization Work

The Clark Equipment company and the Foremen's club of that organization was signally honored last week by the election of H. J. Post, president of the local club, to the presidency of the National Association of Foremen at the annual convention of that organization at the Sherman Hotel

The Clark Equipment club has been very active in improving the personnel of its foremen in the various plants. It has held monthly dinner meetings, at which program pertinent to the supervision problems of the plant were given. It cooperated with the University of Michigan, the University of Chicago and the University of Illinois in staging conferences on problems of personnel supervision, furnishing leaders for these conferences. It has cooperated with the "Training Within Industry" program which was sponsored by the Clark Equipment company jointly with the federal government

It has also been instrumental in aiding in the organization of foremen's clubs in other plants at Niles and Benton Harbor. Its standing in the national organization has been recognized by the election of Mr. Post, first to a membership in the directorate and then to the presidency

Post also took part in a round table discussion of "American Production Will Win The War," in which the two other participants were Arthur C. Horrocks, assistant to the president of the Good-year Tire and Rubber Company, Akron, O., and Charles Thompson, manager of the power division of Toledo Edison Company, Toledo, O.

Post stated that 15,000,000 additional trained defense workers were needed in the industries of the United States, including 1,000,000 more trained supervisors. He stated that ten per cent of the men who had worked under him at the Clark Equipment plant had entered the armed services and that he, as other supervisors, felt a deep sense of personal obligation to them, which could be best expressed by an all-out effort to back them up.

He stated that the important job is to build morale, which depends on three essentials: 1. Loyalty to country, loyalty to job, loyalty to self. The essential manpower, he said, would come in part from shutting down the non-essential industries for the duration

The program was broadcast over Station WJJD at 7 p. m. EWT Saturday, May 26. Due to unfortunate error it was advertised as being given over WIND, and many local people who eagerly listened in missed the program

The 1942 convention was known as the "Victory Clinic" and the theme of the program was "We'll beat the schedule." The convention at the Sherman Hotel was attended by 2,000 industrial foremen, supervisors and executives from all over the country, delegates registering from Maine to California and from Texas to Canada. During the program there was much good-natured chaffing between the representatives of top-flight management and the foremen in direct supervision of the work, the latter claiming to be the "sergeants" of industry who actually directed the production while the upper brackets of supervision sat in the offices and theorized. The foremen pointed to the old slogan of the first world war which claimed that "the sergeants won the war" rather than the generals. The underlying theme of the discussions was the development of foremen and supervisors not only conversant with the technique of industrial production but also able to maintain and preserve the morale and the loyalty of workmen through understanding and sympathy with their problems. The local club has a membership of 125.

Enrollment in Kindergarten To Be Ended Monday

Enrollment of new students in the kindergarten will end Monday, Oct. 5, according to Supt. H. C. Stark, who states that children who were four years and six months old by Sept. 1, 1942, are eligible

Service Map Is Set in Window Gas Co. Office

The Buchanan Service Map was installed Saturday in the window of the Michigan Gas & Electric Company as a part of the project for gathering information on local men in service promoted by the Buchanan Public Library

The map is of course incomplete because the information in the hands of the committee was not only furnish the missing information, but also correct the inaccuracies in information which the map may contain. The map in all likelihood will serve a temporary purpose in assembling this information. The more important part of the project is the assembly of information in library files

The library asks the cooperation of friends, parents and other relatives of the service men in gathering the following information: 1. Names of all service men. 2. Present location as far as known. 3. Present addresses. 4. Other information which may be deemed essential to completeness in the records of the individual service men

The people who have this information should not hesitate either to add to or to correct the information which the map contains. Facts needed for the map include location and branch of service, as army, navy, marines and the aviation branches of these services

The map was drawn by Walter C. Hawes of the Berrien County Record staff and the information was assembled by him with the collaboration of Mrs. Mary Bainton, Mrs. Mary Frame, Mrs. Edith Willard, Mrs. Mary Kolhoff, Miss Frances Hamilton, Miss Wanda Fenner. Aid of the above aided in assembling the information on the map, with the added assistance of Miss Helen Graves and Mrs. Nellie Boone, representing the Buchanan Business & Professional Women's Clubs, and the librarian, Mrs. Lillian Vignasky.

The neat lining was done by John Meyer and the excellent lettering by Gene Stultz. The typing of labels was done by Miss Wanda Fenner

The map frame was made by William Kette, who pinch-hit for Arthur Allen when the latter was called to Ann Arbor by the illness of a friend

Mrs. Lillian Vignasky will be in charge of the indexed file of information on service men which is to be a permanent part of the Buchanan Public Library, assisted by volunteers from the Business & Professional Women's Club. Those who are interested in having the up-to-date addresses of service men filed at the library are asked to present such information personally and to aid in assuring that it is exact

Mrs. Mary Bradley Dies in South Bend

Funeral services were held at South Bend Tuesday for Mrs. Mary Bradley, 91, a resident in Buchanan for many years

Mrs. Bradley left here about twelve years ago, after a residence here with her son, James. She was the grandmother of Mrs. Hazel Hartline, 407 S. Oak. She is survived by four sons: Charles W. William M. and David E. Bradley of South Bend, and James A. Bradley of LaPorte, by 20 grandchildren and 32 great grandchildren, by a brother, Ralph Hill of Hammond, Ind.

F. D. I. Raises \$97 in Party Given For USO

Contribution Raises Buchanan Total to \$715; Quota Set for \$1200

Total USO funds raised in Buchanan to date towards the community quota of \$1200 are approximately \$715, according to Oscar Swartz, chairman of the drive

The figure was raised to that total by the handsome contribution of the F. D. I. Club, which raised \$110.55 in the USO party Thursday evening, returning a net of \$97.29 after the government tax was paid. The entire net was given to the local USO fund

The committee in charge of the party was as follows: Mrs. Grace Gray (chairman), Mrs. Arthur Voorhees, Mrs. Georgia Forgue, Mrs. Rose Blake. The refreshment committee consisted of Mrs. Leo Dalrymple, Mrs. Phoebe Paxton, Mrs. Charles Lightfoot, Mrs. Edna Dalenberg

The club wishes to thank the C. I. O. men for loaning the chairs from their hall for the evening and for their liberal response in the ticket sale campaign. Mr. and Mrs. Charles Leggett led in the sale of tickets, disposing of 186, a good part of which were bought in the Clark shops. Second high was J. L. Gray who sold 166, nearly all to shop men. The party was held in the I. O. O. F. hall.

L. G. Bissell Dies Suddenly

Had Lived Most of Life in Buchanan and Galien

Lewis G. Bissell, 75, died suddenly at 1 10 p. m. Sunday at his home at 501 Main street as the result of a heart attack

Funeral services were held at 3 p. m. Wednesday at the Swem Funeral home with Mrs. John Kobe, Christian Science reader, in charge, and burial was made in the Galien cemetery. Pallbearers were Elmer Keyes, William Beardsley, William Bohl, R. R. Arthur Voorhees, R. R. Rouse, Charles Dodge

He was born July 16, 1867, near Ypsilanti, Mich., the son of Lester and Priscilla Bissell. He married Lereine Renbarger in Galien in 1895. She died in August, 1918. He married Maude A. Robinson of Benton Harbor in 1920. He had moved to Buchanan in 1919 from Galien

He is survived by the widow, by a daughter, Mrs. Fern L. Goodenough of Niles, by a son, Milburn A. Bissell of Niles; by a stepson, Jack Robinson of Painesville, O. by a sister, Mrs. H. A. Salsbury of Dearborn, Mich., by a brother, Austin Bissell of Seattle, Wash., by four grandchildren.

Mrs. Howard Otwell Is Re-Elected As WCTU President

Mrs. Howard Otwell was re-elected president of the Buchanan WCTU at the meeting held Friday afternoon in the home of Mrs. W. F. Runnet. Other officers are first vice-president, Mrs. Nelson Harris, second vice-president, Mrs. John Coleman, recording secretary, Mrs. Zoa Forman, assistant secretary, Mrs. Frank Kean, corresponding secretary, Mrs. L. M. Otwell, treasurer, Mrs. Nellie Boone, and assistant treasurer, Mrs. Fred Rikert. The WCTU district convention will be held in Buchanan Oct. 22 and 23

V. F. W. Post To Make Home in Redden Mansion

Home Bought From Mrs. Cora L. Barton To Serve Post, Auxiliary

One of Buchanan's historic mansions, the old Samuel W. Redden property on the Niles road entered a new phase of its history last week with the completion of purchase by G. N. Lyon Post No. 3120 V. F. W. as a home for the organization

The post bought the building from the owner, Cora L. Barton. It had previously been owned by her son, L. M. Barton, former advertising director for the Chicago Daily News, who bought the place for a summer home. The property is situated in Barton Acres, a subdivision of beautifully situated lots carved out of the Barton acreage

The post officials state that purchase was made possible by a contribution of over \$900 by the merchants of the city. The home is in good condition and very handsomely built. There are hardwood floors throughout, with two fire places and bath rooms on upper and lower floors. There are fourteen rooms

Commander Rolland Fisher stated that the upper floor will be given over to a headquarters for the Auxiliary, and the lower floor would be occupied by the men's organization. The only alteration will be the removal of one partition upstairs to make room for a post room for the Auxiliary. The former parlor of the home is 32x15 in dimensions and will be used for a post room for the V. F. W.

The post is already at work cleaning up the grounds, which comprise 1 1/2 acres, mostly in lawn and trees. They expect to maintain and improve the grounds, restoring the place to its former beauty. The American flag will be kept flying at all times consistent with the code for the care of the national emblem

Commander Fisher said that already seven members of the nation's armed forces in the present war had joined the post, and that they expected to have a large membership of young soldiers, sailors and marines when this war ends. The active control will all in likelihood go to them, while the older veterans will watch from the sidelines

The sale was made through the agency of E. N. Schram

Hollywood Host To Child Reading Club

Manager Hoffman of the Hollywood Theatre was host on Monday afternoon to 46 members of the Vacation Reading Club of the Buchanan Public Library at a special showing of "Look Who's Laughing", featuring Edgar Bergen and Charlie McCarthy. The showing was a reward for successful completion and reports on the required number of books

Mrs. Lillian Vignasky accompanied the club members, and Miss Mary E. Reynolds was in charge of the library during her absence

Child Clinic At Kalamazoo Offers Diagnosis Free

Buchanan Parents May Secure Appointments Through Mrs. H. C. Stark

Parents of Buchanan in common with those of nine counties in southwest Michigan are now presented with an opportunity for free clinical service covering both physical and mental disease of children in the newly organized child guidance clinic at Kalamazoo

The new clinic was formally opened recently with sponsoring committees attending from the nine counties to which the service is offered. Attending from Berrien County were Mrs. H. C. Stark of Buchanan, Mr. H. Holden of St. Joseph and Mrs. V. E. Peterson of Niles, members of the official committee

The initial organization and financing was done through the Kalamazoo Foundation. In charge is Dr. Clyde B. Simpson, New York City, an experienced psychiatrist, and assisting him is Miss Helen M. Oxle, also of New York City, a psychologist with much experience in child guidance work

Parents who are interested in securing this clinical service for their children should call Mrs. H. C. Stark, who is authorized to arrange appointments. If several children are listed for appointments may be made for group transportation. The new clinic occupies an entire floor of the Pratt Building in Kalamazoo and is staffed by experts competent in the diagnosis of physical and mental troubles of childhood and in advice on their treatment

B. H. S. Gridsters Lose to S. Haven

The outcome of the game between South Haven and Buchanan played last Friday night under the lights at Athletic park, was in the hands of the weather man, who decided 6-0 in favor of the visitors

South Haven kicked off first. On the second play the ball was fumbled but recovered. On South Haven's second play they fumbled but fell on the ball. Then South Haven was penalized five yards for offside play. They punted to Buchanan, who fumbled and South Haven recovered. The guests punted the Maroon back fumbled and again the guests recovered. South Haven fumbled but recovered to keep the ball. A South Haven pass was no good. The visitors punted to our ten yard line. The whistle ended the first quarter

Gooc substituted for Buchanan as Adams went to fullback. Buchanan punted from the Buchanan nine to the 35 yard line. Buchanan went in for Gooc. On the first play the line jumped the gun for a 5-yard penalty. South Haven took over and kicked to Zupke. Gooc took two tries for a punt. The second try was good. South Haven punted back. Gooc punted. South Haven punted. To push recovered a fumble on the first play. Buchanan attempted a pass which South Haven recovered. Two plays later, the visitors registered with a pass. They failed to convert and the score stood 6-0.

The Buchanan South Haven lineup was: Buchanan QB Zupke, R. Couchman RE Murray, Dreitzler LE Niles, Handley LH Soerge, Adams RH Webster, Ramsey RT Samsied, Welch LT Build, Larson RG Cole, Topash C Dagggett, Hamilton LG Klitt, Bachman FB Hoag

The officials were Volkhardt of Benton Harbor, Morse of Edwardsburg, and Clevenger of Niles

Jessica Waldron Dies in Detroit

Funeral services will be held at 2 p. m. today at the R. E. Doak home on Terre Coupe road for Mrs. Jessica Waldron, who died suddenly Tuesday night in Detroit

Rev. Malcolm McNeal of the Presbyterian church will officiate and burial will be made in Oak Ridge cemetery. Mrs. Waldron had been a frequent visitor here. She was the sister of Mrs. R. E. Doak and of Agnes and Florence Mackway, all of Buchanan. She is survived by the above, also by the husband, Raymond Waldron; another sister, Louise Mackway, and a brother, Harold Mackway, of Sellersville, Pa.

She was born April 9, 1878 at Chicago, Ill., the daughter of Edward and Louise Mackway

Fred Koenigshof Farm Leader, Is Called by Death

Bertrand Supervisor, Leader in Farm Organizations, Dies at 69 Years

Fred Koenigshof, 69, died at the Pawling hospital in Niles at 7 20 a. m. Thursday after an acute illness of four weeks

Funeral services were held at the farm home in Bertrand township at 2 30 p. m. EWT Sunday and at 3 p. m. at the L. D. S. church in Galien. The family were attendants at the St. Peter's Evangelical church in Galien but it was necessary to go to the larger church in order to accommodate the large attendance which gathered to pay its tribute of respect to the former Bertrand farm leader. The funeral sermon was preached by Rev. Louis Kling, pastor of the Galien Evangelical church and burial was made in the Galien cemetery. Pallbearers were Albert Housworth, Ralph Seabast, Schuman Sarver, Fred Richter, Guy Smith, Carl Renbarger. The county board of supervisors, of which he was a member, were honorary pallbearers

Koenigshof had lived in Bertrand township all except about five years of his life. For the past fourteen years he had represented that township in the county governing board. He had also been a member of the board of directors of the Buchanan Coops since its organization and was a member of the supervisory committee of the Farmers Credit Union

Although always active in public enterprises, Koenigshof was known as an efficient and successful farmer. He specialized in potato culture in his farming and was known as one of the most successful in this section. The fact he served continuously 14 years as supervisor of Bertrand Township, often without an opposing candidate, indicated the confidence that his fellow farmers had in his fairness and ability. But without doubt much of his hold was due to his unvarying cheerful courtesy

He was born in Niles on Jan. 1, 1878, the son of Karl and Dorothy Koenigshof. The family moved to a log cabin in Buchanan township north of Dayton when he was about a year old. A few years later they moved to the farm on the edge of Dayton now owned and occupied by John Dering. There the parents lived and he grew up, attending the Dayton schools. There he loved himself until he moved to the present Koenigshof farm in 1919. He was a member of the Dayton Odd Fellows lodge

He married Caroline Andrews in the Galien Evangelical church in 1899. She died Dec. 24, 1915. He is survived by the following four daughters, Agnes Koenigshof at home, Marie Koenigshof of South Bend, Laura Koenigshof of Ann Arbor, Mrs. Lena Castle of South Bend; by four sons, Carl of Bertrand, Harold with the U. S. army at Fort Sill, Okla., Robert of Buchanan and Richard at home. Four grandchildren also survive

Abram Nash, Oak Park, Ill., spent the week-end with Mr. and Mrs. Fred Welch

Arrangements were made at a meeting at the City Hall Tuesday evening for an all-out steel scrap drive in the city of Buchanan, with the pupils of the Buchanan schools as the motive force and a collection drive on Friday afternoon, Oct. 9

The meeting was called by Rex Lamb and included fifteen representative citizens who were able to answer the summons. It was voted that H. C. Stark be made chairman of the drive, and that a campaign be carried on by school children to stimulate ferretting out scrap in all of the homes, to be piled in convenient places in front of the homes. Stark stated that if sufficient trucks were furnished a force of older high school boys would be released to man the trucks and load the scrap. The male high school teachers will be released for the afternoon to drive the trucks

A committee comprising Fred Smith (chairman), Fred Johanson, Lowell Swen and H. C. Stark was named to map the town into collection districts. Several trucks were offered by business men present for use in the collection. A transportation committee consisting of Rex Lamb (chairman), John Kobe and John Elbers was named to secure the trucks. Fire Chief Ted Cramer, one of the organizers of the meeting, was named chairman of a committee to canvass the business district. He named Paul Kane and Claude McGowan on his committee. A publicity committee was named consisting of Walter Hawes, Frank Poorman and M. L. Sands

The meeting accorded recognition of the collection made over a period of several weeks by the Scout Council of Troop 80, but felt that this group was too small to effectively cover a short-time all-out campaign. The men who had taken time after work evenings to collect scrap with the Scout truck were Fred Johansen, Bob Burrus, Claude Carter, Fred Hall, John Elbers and son, Arthur Elbers. They had gathered nearly five tons, and had a number of notices for collection of more, but were unable to keep up with calls because a part of the men were working overtime

Stark stated that he would accept an offer by Manager Robert Koenigshof for a space on the Buchanan Co-op, Inc., premises for a community scrap pile. However it was felt that the most direct and effective way to handle the scrap collected on Oct. 9 would be to haul it directly to a junk dealer. The community scrap pile would serve as a gathering place for incidentals gathered later on. The citizens of the community are asked to cooperate by starting at once to comb their homes from attic to basement, and their entire premises for every scrap of iron or other metal that they can find, arranging to pile it in their yard in a convenient place for loading

A fair and easy test to apply to every piece of metal to determine whether it is scrap or not is this: If you haven't used it during the last six months, and you're not going to use it in the next six months, it's scrap. That simmers the problem down to what to look for and where. The following list may be beneficial in settling this question:

Attic Ashtrays (metal), beds (iron or brass), door knobs, electric cord (copper wire), electrical equipment, fans, furniture (metal), heaters, hinges, irons, keys, knives, lamps, locks, ornaments, pans, pots, radio parts, scissors, screens, skates, sleds, springs, toys, vacuum cleaners

Cellar Andirons, bath tubs, boilers, faucets, fire extinguishers, furniture parts, grates, pipes, plumbing fixtures, poker, radiators, radiator covers, sinks, stoves, tools, water heaters

Garage Batteries, bicycles, chains, cranks, fencing (metal), lawn mowers, license plates, motors and parts, pick axes, rakes, shovels, tools

Candlesticks, horseshoes, heaters, kettles, pails, railings (iron), roofings (metal)

The Telephone Minutes YOU SAVE

Help War Production!

MANY telephone lines are now crowded with war calls. Perhaps your own line never carries war messages. But every call you make passes through a central office switchboard, where capacity is limited to just so many calls at a time. That's why your care in avoiding long telephone conversations is an important aid in maintaining fast, efficient service for war. When you save telephone minutes, you clear the wires for war calls.

Because of material shortages, we can't install enough additional equipment to meet all of today's demands, as we would do in normal times. So we make the most efficient use of the facilities we have—with the help of every telephone user.

THREE WAYS YOU CAN HELP

1. Keep all your telephone calls as brief as you can.
2. Make only the most essential Long Distance calls.
3. When possible, give the number of the distant telephone you are calling.

Plan your conversations to save minutes. Keep pencil and paper at hand, so you won't have to leave the telephone. And please don't call information for numbers listed in the directory. Remember—WAR CALLS MUST GO THROUGH!

Turn in your scrap—Uncle Sam needs it now!

News of the Buchanan Schools

Collected and Edited by Members of the Class in Journalism

Editorial

An Open Letter to Hitler
Dear Mr. Adolf Hitler;
We students of Buchanan have heard rumors to the effect that you Germans consider us weak in morale. It is our wish to inform you that your source of information is a little—shall we say—exaggerated.

It is true that we have had to make sacrifices—We may have to give up our annual year book which is a memory greatly valued by all of us. In the near future we will have to dispense with dependence on our cars to provide entertainment. This will not be easy, but Mr. Hitler, it will not lower our morale. We will find enjoyment close by. We can have dances, all sorts of parties, and we have already established a youth center.

Don't think that we don't realize the horrors and pains of war. We feel its effect in many ways, even though we have been fortunate enough to evade the destruction of bombing.

Now that you know the facts, we shall expect your opinion to change if that is possible.

Signed,
The Students of B. H. S.

News Notes

Thanks
Mr. Ray Miller wishes to thank those who turned in mechanical drawing sets for use in his classes.

Mr. H. C. Stark attended the superintendents meeting in Waterthet Monday night. At this meeting the superintendents decided to have a vocal and musical festival, March 10.

The Class of '42 Present Picture to B. H. S.
Have you noticed the new picture in the lower hall?
It's "October Afternoon" given by the Velmorian-Literary Society.

There is one also in Mrs. Dunbar's room. This one was given to the school from the Senior Class of 1942. Its title is "Magnolias."

Home Economics News
Girls in the fifth and sixth hour sewing classes are making blouses. After they have the blouse finished they will make a skirt to go with the blouse.

The advanced sewing class is making dresses. The dresses are of all kinds of patterns.

When the girls finish these garments they will then start making at least one garment for the Red Cross.

The cooking classes have canned tomatoes and are now making grape jelly.

Debate Squad Ready For Action
"Resolved that a Federal world government should be established," is the question selected for debate this year. Mr. Elbers has charge of the group. The members include Hervey Arrick, Joy Holmquist, Tom Van Deusen, Jo Anne Dalrymple, Bonnie Mills, Edna Hattenbach, and Verna Shaner.

"Dawn Patrol" Makes a Forced Landing

How people hate to get up in the morning! Especially Buchanan High students. They would rather do almost anything else than get up for an eight o'clock class. Haven't you noticed the long faced people trudging sleepy-eyed to school? You haven't? Get up yourself then and watch the "Dawn Patrol" go by.

Scoop! Buchanan High School's new principal, Mr. Bailey, talks baby talk to his four month old son, Toby Lee. This reporter might add that you Toby resembles his father, he has blue eyes and is slightly bald headed.

Mr. Bailey has a weakness for sports, fried chicken, and a lunch before bed time. Not to mention his raving about little Toby's already formed football shoulders, and good passing arm. Yep, the year 1959 will find one Toby Bailey, beyond all probability, an all star halfback.

Apprenticeship News
Each year for the past three years the Clark Equipment Company has offered eight Apprenticeships, and is offering eight this year.

The Apprentices are training to become skilled workers. The course this year will offer training, two moulders, four mechanics, one welder and one electrician.

To date they have applications

for these jobs, but the Clark Equipment Company would like more applications. Anyone interested in further information concerning these jobs see Mr. Toogood.

G. A. A. Girls
Bang! there go the pins! A score of 103! Not bad for an amateur.

The four teams of G. A. A. girls were in good form for bowling last Monday night after school.

Do you want a partner for bowling? Call on G. A. A. girl. They're ready, willing, and able.

Library News
The Librarian's held a meeting Thursday night after school in Miss Cernahan's room. The following officers were elected: President, Evelyn Gaul, Vice-president, Tom Van Deusen, Secretary-Treasurer, Dorothy Young.

The club voted to have a meeting once a month.

"The Teacher" Part of It
From all parts of the U. S. new teachers arrive to instruct our students. Mrs. Bertha Flynn fifth and sixth grade teacher is from Pennsylvania.

Miss Dorothy Lovell from Wisconsin teaches fifth grade.

Mrs. Margaret Conway, second grade, is from Kentucky.

Miss Gertrude Greussing, fourth grade, comes from Wisconsin.

Miss Mae Kappel, third grade, is from Wisconsin.

Mr. Emery Toogood, Apprentice teacher, from Bloomingdale, Michigan.

Mr. John Sukup from Lakeside teaches social science.

Mr. Clarence Yaeger, Agriculture, from Illinois.

Mr. Arthur Van Ryzin is the coach. He is from Ohio.

Mr. P. T. Bailey, principal, is from Bridgman, Michigan.

Many Happy Returns of the Day, Janice
On September 23, Janice Rizer was honored on her twelfth birthday by a shower of ninety-seven cards and many gifts. Janice has been in bed since February.

Music Department
The B. H. S. Glee Club shows great promise. The enrollment this year reveals a list of 45 high school students. Fifteen seniors are in this group.

Five sopranos: Jessica Doak, Wathena DeWitt, Mary Hickey, Barbara Hausman, and Ruth Shtukas.

Three altos: Mildred Rose, Emma Lee Skinner, and Florence Ferris.

Three tenors: Bill Montgomery, Neal Burks, and William Miller.

Four basses: Craig Robinson, Leigh Schwartz, Arthur Elbers, and Richard Welch.

The Glee Club will collaborate with the band to produce the yearly Band Parents' Club show which will be based on a popular and patriotic theme.

Junior Red Cross
The Junior Red Cross membership drive will be extended until October second. The members will make a sacrifice contribution with a minimum of fifty cents.

A boy and girl representative from each grade make up the

Junior Red Cross Council
They elected the following officers:
President, Charles Ailsworth, Vice President, Marilyn Mack, Secretary, Carol Covert, Treasurer, Roger Wissler.

These officers will meet in Miss Graves' office and take reports back to their rooms.

"School work for service" is the basic principle of the Junior Red Cross. It comes to the school not to direct them from their own proper work, but to strengthen them in it.

Junior Orchestra
Lookie! Lookie! here comes a new Junior Orchestra. "And an exceptional brilliant orchestra too," says Mr. Robinson.

They have twelve or more members, but hope to have more younger members interested. So you young musicians that want to become famous in the near future, sign up for orchestra.

The orchestra plans to give several concerts this year, and have an enjoyable time giving them.

"B" Club
Eight energetic members from last year's "B" Club, met in the high school on the eve of September 21 at 8:00 P. M. The purpose of the meeting was to elect new officers and discuss the sale of season tickets for football. They also discussed plans for a football banquet.

Officers elected: President, Robert Bachman; Vice President, Robert Runsey, Secretary-Treasurer, Jim McIntire.

B. H. S. Snake Dance
On September twenty-fourth, students of Buchanan High with the aid of the band, paraded, sang, and yelled from the athletic park, through town and up to school.

Mr. Van Ryzin, Mr. Sukup, and Mr. Bailey, beyond all doubt were the heroes of the evening. Having been carried on the football players' backs and accepting special cheers from the "kids" proved only one thing, at long last B. H. S. has the chance to let off some of the held back steam. It has been quite sometime since we've had such a rip, roaring pep session.

Grade School News
The pupils in Miss Carnagan's first grade have finished a study of a unit on toys in connection with the reading readiness program. Several children brought toys from home to share with the group. These also provided material for games, discussions, story telling, and patterns for drawing and clay modeling.

Gray Newman from Jonesville, Virginia, has entered this room.

Junior Red Cross has been organized in Mrs. Morley's room. The committee, Delores Stineback and Gerald Miller, are to keep all of the other children informed about activities.

Helpers for this week are

Housekeeper — Barbara Coffel, Bookkeeper — Robert Samuel, Closetkeeper — Mary Haag; Flowerkeeper — Bobby Johanson; and Boardkeeper — Richard Penland.

Fred Heeter has entered Mrs. Morley's room. He was in the Dayton school last year.

Joe Hayes found some interesting things and brought them to show the rest of the children. He brought wild asters and some snails.

Miss Fritz's children chose Lestra Hanlin and Bobby Samson to represent them on the Junior Red Cross Council.

The helpers for the next two weeks are Annette, Richard Van Deusen, Kay, Danny, Marilyn Shafer, and Judy.

Miss Kinney's Third Grade has made a new border for the front of their room. It is very attractive and was fun to make.

The children have been modeling with permaplast. Some of them have made airplanes, boats, and animals. They enjoy working with it.

In music appreciation Miss Kinney told the children about Beethoven and how he happened to write the "Moonlight Sonata." The children enjoy listening to this record during rest time.

Kathryn Rofi and Jimmy Button are the Junior Red Cross Representatives from Mrs. Fuller's fourth grade. The boys and girls quickly earned the money for dues and have already joined. Earning the money made interesting stories for oral English class.

The pupils in Miss Ekstrom's fifth grade are reviewing subtraction this week. One of the major difficulties is borrowing. The 100 use of the subtraction facts—should become automatic in the fifth grade if they aren't already.

observation table in Miss Kappe's third grade.

The children have enjoyed marching around the room while singing. This is helping them to improve their posture.

The fourth graders at Dewey School are imagining that they are traveling around the world as they study their geography books. They have seen many new continents and sailed over many seas. At present, they have set foot in Arabia.

In addition, the science table is being well supplied with specimens, our latest contribution is a baby turtle.

Carol Covert and Roger Wissler were elected as representatives from Miss Ream's room to serve on the Junior Red Cross Council.

In science we are beginning a new unit about sounds. We are going to work out some experiments to prove how sounds are made.

Charles Ailsworth and Phyllis Amsworth represent Miss Jeffrey's room on the Junior Red Cross Council.

We wrote letters to Donna Phiscator, Donna is ill in the Niles hospital.

We are making a book of stories and pictures on our "Man Before History" unit to send to Donna too.

Mrs. Flynn's fifth and sixth grade are happy to have three new pupils. They are Wayne Mann and Richard Fedore from the Dewey Avenue School and Verna from Minneapolis.

Our class patrol officers are Jim Merrifield, Captain, George Sekan and Monna Lee Smedley, lieutenants. The Junior Red Cross officers are Barbara Walker and Dick Lauver.

The fifth grade is studying the New England States. The sixth grade is studying the British Isles and finding many points of interest in London.

HOLLYWOOD
Tough As They Come' Has Cast of Famous 'Meanies'
Don't be a sissy if you want to get a break as an actor.

Not only do those hoodlums of the theater and pictures, the Dead End Kids and Little Tough Guys, offer this advice to the uninitiate, but sharing in the same theory are pretty Helen Parrish and Ann Gillis. They, with sundry other members of the cast of Universal's "Tough As They Come," showing at the Hollywood theatre, Friday and Saturday, Oct. 2-3, won screen fame not by the Fauntleroy route, but by being confirmed "meanies."

Sheila Ryan Writes to Service Men

Sheila Ryan, young 20th Century-Fox star, has two new boy friends—the Army and the Navy!

The soldiers and the sailors are doubling the "fan-mail" of the more prominent young ladies of the screen. It seems that a great many of the service men have nobody of the fairer sex with whom to correspond. They therefore write to movie stars to unburden their hearts—and in the case of Sheila Ryan they find a sympathetic correspondent.

Sheila is thrilled and a little elated by it all. She says she never realized there were so many writers in the Army and Navy, but she does her best to answer them in kind.

Ann Sothern, Skelton New Co-Starring Team

A new co-starring team that bids fair to be one of the most popular on the screen makes its debut in Metro-Goldwyn Mayer's "Maggie Gets Her Man," which will appear on the Hollywood screen Sunday, Monday and Tuesday, Oct. 4-5-6.

The team, Ann Sothern and Red Skelton, is one that specializes in laughter and romance. The pres-

ent picture also marks Skelton's elevation to full-fledged stardom for his much applauded work in "Lady Be Good" and "Ship Ahoy."

Claude Rains' Bathroom Scene Censor-Scanned
Claude Rains took a bath for a scene in "Moonlight," but from the group of censors who stood around to see that he was properly modest, one would think it was Betty Grable.

The censors told him that he could show only part of his torso. That made for complications, Rains discovered, because when a fellow dries himself with a turkish towel he is bound to twist around some.

"There's more censorship of men than of women in bath scenes," explained director Archi Mayo. "Directors lean over backwards when they photograph beautiful girls, but they get careless when they have men in the scenes. Virtually the same censorship rules apply to men as to glamour girls."

Rains spent most of one day in the shower baths, and had only one comment when he came out. "In forty years of acting, I have never been so wet!" said he.

"Moonlight" which comes to the Hollywood theatre Wednesday and Thursday, Oct. 7-8, stars Jean Gabin and Ida Lupino, with Claude Rains and Thomas Mitchell in featured roles.

No Offense to Ask Customers To Buy Stamps

Loren Troost, Berrien Co., Retail Drive Head Urges Merchants To Push Sale

Michigan retailers have been advised that, regardless of what legislation Congress may pass which might force the purchase of War Savings Bonds by individuals, the voluntary sale of Bonds must continue throughout the war, and retailers are counted upon more than ever to enlist a substantial share of the money needed to bring Victory.

Retailers were selected to do this job because they contact practically everyone in America. Almost every individual has to shop for something, from chewing gum to furniture, every day. Retailers can remind them more frequently than anyone else of the importance of investing regularly in War Savings Stamps and Bonds.

"Some retailers give the excuse that people resent being asked to invest in War Savings Bonds and Stamps," commented Loren D. Troost, Retail Chairman for Berrien County, "Occasionally there may be some person who raises such an objection. However, this is war, and any person who resents being invited to put more money into this finest investment in the world today—and one so vital to our winning this war—just doesn't have the right attitude."

"When any person in a retail

Once more it becomes our sad duty to bid farewell to another old friend and neighbor, Fred A. Koeninghof, who passed away Thursday, September 24th.

Fred was not only well known in this vicinity but the whole county and surrounding country as well.

The floral offerings and the attendance at the services were the largest ever seen in Gahen So long, Fred.

Dr. John T. Salter, a nephew of Mrs. Ed Hamilton, who has been a teacher in the University of Wisconsin for many years assumed his new duties as professor of political science at Leland Stanford University at Palo Alto, Calif. We are glad to hear of his success. "Johnnie" as he was known here, was a former pupil of our school back in 1909.

Mr. and Mrs. William Strunk and Mrs. Jesse Place were Sunday guests of Mr and Mrs. Frank Strunk at Niles.

Mr. and Mrs. John Leifer and daughter of South Bend spent Sunday at the home of Mr and Mrs. Ed Hamilton.

store invites a customer to invest in War Savings Stamps and Bonds, he is doing that customer a favor. And we retailers are going to keep on asking our customers day after day, to do this thing which every real American ought to do to the limit of his ability. There are, after all, only three reasons for a person to invest in War Savings Stamps and Bonds. First, we need more and more money to get the things our boys need to win. Second, the more we put away in War Savings, the less the danger of inflation, which would be so disastrous. Third, the money we put

away now really amounts to advance payments on new cars, clothing, furniture and other things we will all need and want when this war is over and business returns to normal. And remember, all of that money we put away now earns interest, so that four dollars comes back for every three we invest today."
