

LEGION, AUXILIARY HOSTS TO 4TH DIST. Future Farmers to Stage Annual Fair at High School Oct. 10-11-12

State Officers Guests of Honor To Install Incoming Officers Of Legion and Auxiliary

Now Here's the Proposition

Bring yer hand-embroidered pumpkins an' big dollies to the Future Farmer Fair.

The Real McCoy The announcement that the name of Buchanan's one and only hostelry is to be changed from Hotel Rex to Hotel McCoy carries a note of intriguing interest.

There has been considerable argument in the past over its name, and whether it was named from Isaac McCoy, the Baptist missionary of the Carey Mission, or after Russ McCoy, one of the old hell-raisin' sawmill men.

It seems that the pioneer industry of the place was not a sawmill or even a shingle mill, as the histories have erroneously reported, but a whiskey still located on the banks of the creek immediately opposite the present hotel site.

Here the rude forefathers of the hamlet were wont in other and better days to bring their corn in the sack and take it home in the jug. In such case, of course, there was never a problem of prices or market—for who wanted to sell anyway? Two drinks of that corn and a man was prosperous.

They even had a New Deal then, for there was a tincup that hung on the wall and whosoever came was welcome to carry off as much as his skin would hold without charge, which was all the relief a man ever asked for back in those days.

It seems that early in the history of the enterprise the mill sprung a leak and a part of the product of the still drained into the creek, whereupon the frisky sportive trout became even more frisky. Eventually one of the above mentioned rude forefathers happened to hop on his belly one day, in the heat of the sun, for a drink of water (it being too fur of a walk up to the still). As he caught the flavor of the corn, he raised up, rubbed his stomach, smacked his lips and said: "That sure is the real McCoy."

And McCoy's Creek it has been since that day. And that is responsible for the origin of the legend loved by old timers that once anyone takes a drink of water from McCoy's creek he can never leave for good. They never even left in those days.

Post Script: We hate to muss up Bert Spafford's story that the "cradle of Buchanan" is down on his acreage, but if he don't like it, let him sit down at his typewriter and fight like a man.

Miss Mildred Watson of South Bend was a week-end guest of Mr and Mrs. John Russell. Mr and Mrs. E. N. Schram and Max Polly motored to Hillsdale Saturday, where they visited Barbara Schram, a student in Hillsdale college.

Community Asked To Co-operate

Call High School if You Have Farm, Orchard, Fancy Work, Flower Exhibits

The Future Farmers of the Buchanan High School are making a final blitzkrieg drive for exhibits typifying the finest farm and orchard products, flowers and fancy work produced in the Buchanan community for their annual Fair to be staged in the high school gymnasium next week, Oct. 10-11-12.

The Future Farmers will go out anywhere in the community to collect exhibits if people will notify them that they have products suitable for entry. It is well worthwhile for the community to co-operate with the boys by calling the high school, Tel. 40 or Tel. 41, telling what they have. The boys wish to make the 1940 Fair the best ever but it will require community co-operation to achieve this result.

The Home Economics department of the high school is requesting the women of the community to enter their canned fruit, fancy work or anything else that might be suitable.

A special invitation is extended to the flower growers of both towns to enter choice specimens of late fall bloom.

Why not help the boys out, when it takes so little trouble. You call up—they'll do the work.

The Future Farmers went to Harbert yesterday to judge grain, apples, and live stock.

Mariette Redden Dies at 91 Yrs.

Mrs. Mariette Redden, 91 years old and a resident of the Buchanan community nearly all of her long life, died at her home at 113 West Front street at 4 p. m. Monday after a long illness.

Mrs. Redden had been a leader in church and social circles in Buchanan for many years. She remained active in club and church until she was nearly 90. She was blessed with a very acute mind and a fine memory until her last illness, and held a very high place in the esteem of the community.

She was the second teacher of the Bethany class of the Methodist church, teaching it about ten years during the nineties, before Atty. A. A. Worthington took over the leadership. She was a charter member of the Monday club, the Methodist Women's Foreign Missionary Society and the Buchanan W. C. T. U.

She was born in Milford, O., on April 29, 1849, the daughter of George and Mariette Merl Treat. She came with her parents to Buchanan when a small child. Her father was the agent and telegraph operator in the Buchanan Michigan Central depot for some years, and the family lived in the old depot, which was on the south side of the tracks at the end of Oak street.

She learned telegraphy as a child and worked for a time as an operator in the Buchanan and Dayton depots. She married Levi Redden in Niles in 1867. She is survived by a daughter, Mrs. Florence Richards; by two grandchildren, Mariette and George Richards; by the following sisters and brother, Mrs. Effie Hathaway, Mrs. Dell Ryan, Mrs. Lucy Wynn and Frank Treat, all of Buchanan.

The funeral was held at 2:30 p. m. yesterday at the home with Rev. Charles Hahn in charge. Burial was made in the Oak Ridge cemetery.

W. Schick Closes Insurance Office to Enter U. S. Army William Schick, junior member of the firm of Schick & Son, Insurance, 213 North Fourth street, Niles, closed his branch office in the hotel building here Sept. 28, and plans to enlist at an early date in United States army service. Young Schick has not definitely decided on what branch of the army he will enlist in. The Buchanan community regrets the departure of a fine young citizen and extends its very best wishes to him.

Tales of An Old Town

An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

Telling of the Development of Buchanan School in the Bloom of the Early Seventies The period of the seventies was one of development and expansion in the Buchanan schools.

In fact it was a period of expansiveness in general, based on a pseudo post-war prosperity, comparable to that of the 1920s, when large ideas were afloat. Practically all of the three-story buildings along Front street, including the Rough opera house and the hotel building, had been erected in the years immediately preceding, from Civil war profits.

The old brick mansions along West Front street had been built about the same time, including L. P. Alexander's home, razed in the past winter to make way for the new post office building. So what was more natural than that the town should build a bigger and better school?

That was done in the years 1870-71. According to old files of the Record, the annual school meeting held on Sept. 5, 1870, voted to erect a new school building not to exceed \$25,000 in cost. The Dewey Avenue school had been built in 1854, according to the county history of 1879 at a cost of \$4,800. George Dewey, grandfather of District Attorney Thomas Dewey of New York City had been the first principal in that building. At that time there were 160 children enrolled.

In 1870 there were 570 enrolled. The furniture and wagon-making industries were expanding; the town was having its first industrial expansion. The industrial growth was comparable to that in progress for the past several years at the Clark Equipment company; the difference was that in those days the worker in the Buchanan district had to live in Buchanan and consequently larger factory payrolls were immediately reflected in the population of the town.

So in the fall of 1870 the village fathers started out to build a bigger and better school in accordance with the increased dignity and importance of the village. It was to cost not in excess of \$25,000; but things went the usual way and it was completed at a cost of \$36,500 for building and fixtures and an extra cost of \$3,500 for the seven acres of ground bought from N. B. Collins. The contractor was the Hon. L. P. Alexander. All in all that was doubtless a good year for Messrs. Collins and Alexander.

In the fall of 1873 a four-year high school course was initiated and in the spring of 1877 the first high school class was graduated, Mrs. Emma Knight being one of the members. There will be more of that in this series later. In the middle seventies, a superintendent was added to the faculty.

But in 1870 the schools were headed by a principal. The staff which took over in the fall of 1870 was as follows: principal, S. P. Barrett; assistant principal or "preceptress," Miss Emma Richards; principal of intermediate department, Mrs. S. B. Strong; primary department, Miss Mary French; 2nd intermediate department, Miss Maria Sampson; 2nd primary department, Miss Susie Brewer.

A rosy glow hung over the village in the woods. The Record was then located in an office on Main st., where it was serving the public or battling with it as the case might be. Said the Record about the proposed school construction: "While we are in favor of the erection of a school building that will be an honor as well as an ornament to the place we are also in favor of granting to the southeast portion of the village a small house to accommodate the smaller children of the village if the inhabitants in the region thereof desire. A small house could be undoubtedly erected that would cost about \$1500 which would amply meet all depends."

There is little it seems, that a newspaper or some one else will not propose in a period of expansive prosperity.

That same week the Record announced the organization of a joint stock company for the purpose of manufacturing wagons and carriages. A committee comprising J. D. Ross, N. B. Collins and G. H. Richards was to receive subscriptions to stock to the amount of \$50,000. And that same week the Record announced the annual Berrien County Agricultural and Mechanical Fair to be held Sept. 28, 29 and 30 at the grounds of the Park Association (now the site of the Clark Equipment Company). Said the Record: "No finer grounds can be found in the state for an exhibition of the kind proposed. Let every farmer make his calculations to attend with a full display of the finest products of his farm. Let every mechanic bring the best specimens of his work. The artists, too, should not fail to be represented. No department lends more to the attractiveness of a fair than to have the Floral Palace filled with a thorough display of such articles as usually find place there."

You can see how it was. It was just one of those times. (To be continued)

August R. Hauch Called by Death Elder of German Lutheran Church at Glendora Dies at 34 August R. Hauch, died at 10:15 p. m. Tuesday in the University hospital, Ann Arbor, Mich., after an illness of ten days.

He was born Oct. 26, 1906, near Baroda, Mich., the son of Mr. and Mrs. Frederick Hauch, who survived him. He married June 9, 1930, Miss Margaret Mattner at Baroda, Mich. She survives him.

Dog Quarantine Raised in State

But Law Says Dogs May Not Leave Premises Unless Under Control

With the rescinding of all dog quarantines in Michigan this week, Agricultural Commissioner Elmer A. Beamer said that if all dog owners in the state would comply with regulations as set up in the Michigan Dog Law, it is quite likely that quarantines would never be necessary.

The quarantine which was rescinded October 1 because of the improvement in the situation which has occurred, will be re-established wherever and whenever necessary if the disease again approaches epidemic proportions.

Frank Kean, local police chief, stated that he had received no direct information from the state relative to the raising of the quarantine.

Conservation Dept. To Lecture at Meth. Church on Oct. 8

All Buchanan sportsmen and lovers of outdoor life are invited to attend an illustrated lecture to be given by C. A. Paquin, head of the Department of Education of the Michigan Department of Conservation, to be given under the auspices of the Buchanan Men's club in the auditorium of the Methodist church Tuesday evening, October 8.

The lecture will be illustrated by some of the fine pictures of Michigan wild life which are made by the Department of Conservation. The talk will be free. Members of the club and other guests are holding a banquet in the church basement preceding the lecture.

Maroons Win From Cass 11

By Score 19-0

Score in First Six Plays; Reserves Take Over in Fourth Buchanan's Bucks won game number two of the season Friday when they whipped Cassopolis to the tune of 19 to 0. The Bucks did their scoring on three touchdowns and an extra point.

The Bucks wasted no time in scoring their first touchdown. Their opening kickoff was fumbled and Wallquist, Buck guard recovered and from there in six plays Hemple scored. The rest of the half was spent with the ball exchanging hands most of the time, however the Bucks managed to get into Cass territory only to lose the ball. Fumbles and poor blocking caused most of this.

In the third quarter the Bucks started back to work and took the kickoff on their 34 and marched to Cass's 41 from where Coleman shot a pass to Habicht on the Cass five. Hemple again went over.

About the middle of the third quarter Habicht recovered a loose Cass lateral. On the first play from scrimmage Coleman tossed a long pass to Habicht who scored the first touchdown of his high school career. Coleman's kick after this was good.

From here on Coach Johnny Miller used his reserves so as to give them some much needed experience. They too brought the crowd to their feet when on the last play of the game, Franks, standing in his own end zone, threw a pass to C. Trapp who ran to the Cass 20 before being brought down.

Play by Play 1st Quarter:—Buchanan's kick to Cass was fumbled and recovered by Wallquist, Buck guard. Hemple picked up two. Coleman gained 26 on an end sweep. J. Hess picked up 1. Hemple hit center for 1 yard and a touchdown. Coleman's kick was wide. Buchanan kicked to Cass who returned to their 25. Cass gained 1. Cass hit center for 1 more. Cass punted to the Buchanan where the ball was fumbled and Cass recovered. Cass through center for no gain. A Cass pass was good for 7-yards. Cass lost two. Cass gained 1 but both sides were offside, no play. Cass picked up two. Buchanan took over the ball on downs. Coleman around end for 17, Coleman again for 6 more. Hemple over center for 5. Hemple off tackle for 6. Hess for three. Hemple for 2.

Second Quarter:—D. Hess in for Coleman. D. Hess-no gain. Hemple through center for 12. Hemple again picking up only 1. Buchanan fumble recovered by Cass. Coleman in for J. Hess. Cass no gain. Cass picked up 2. Punt to Buchanan. Coleman off tackle for 5. Hemple through center for 10, but there as no play as Buchanan was holding. D. Hess picked up 9. Buchanan punted to their own 42. Cass gained 3. J. Hess for Fitch. Time Cass. Cass pass no good. Cass lost 1. Cass picked up one. Buchanan took the ball on downs. J. Hess around end for 5. Fitch for D. Hess. Coleman around end for 20. Coleman off tackle for 1.

Third Quarter:—Knapp in for Bauch. Cass kicked to Buchanan. The kick was returned to Buchanan's 34. Hess picked up 4. Coleman again around end for 18. Coleman off tackle for 3. Pass Coleman to Habicht good to Cass 5 yard line, Coleman gained 2. Hemple through center for 2. Hemple over for a touchdown. Coleman's kick was blocked. Buchanan kicked to the Cass 5 from which the ball was returned to the Cass 24. Time Cass. Cass picked up 1. Cass threw a lateral which was recovered by Habicht. Coleman passed to Habicht for a touchdown. Coleman's kick was good. At this point Coach Johnny Miller sent in a whole new team. Cass kicked to the Buchanan 31. Snodgrass picked up 6. Snodgrass no gain. D. Hess lost 2. Buchanan punted to Cass's 46. Cass gained 4. Cass picked up 1. Time Cass of the hills.

Cass Picked Up 6 More

Cass around end for 8. Pass incomplete. Cass through center for three. Cass lost 2 but there was no play. Cass holding 15 yard penalty. Cass pass complete for three. Fourth Quarter:—Hyink for Hagley. Cass picked up 10. B. Snodgrass in for Vergen. Cass through center for 3. Cass no gain. Buchanan takes the Ball on downs. D. Snodgrass through center for 2. D. Hess lost 3. Dickow, Vergen, L. Trapp in. Buchanan punted to the Cass- 40. Cass gained 4. Cass lost 1. Pass incomplete. Punt to Buchanan 10. Dickow lost 7. Snodgrass picked up 5. Franks, trying to punt, was caught before he could kick, but ran back to line of scrimmage. Buchanan first team back in game. Coleman kicked to the Buchanan 36. Cass incomplete. Pass good for 4. Cass gained 1. Cass punted out on the Buchanan 1 yard line. Coleman punted back to Buchanan's 37. Cass pass good for 4. Cass lost 10, trying to pass. No play Buchanan offside for a five yard penalty. Cass gained 5. Cass lost 5. Pass no good. New Buchanan team. Pass no good. Buchanan offside for another penalty. Pass no good, but there was no play Cass holding for a 15 yard penalty. Cass punts to Buchanan's 13. C. Trapp lost 3. Pass Franks to C. Trapp good for 60 yards.

The American Legion and the Legion Auxiliary will be hosts to all of the posts and chapters of both organizations in the Fourth Michigan district at the high school auditorium Saturday evening, Oct. 5, with the state Legion commander, A. C. Putbreeze of Battle Creek, and the state auxiliary president, Mrs. Dorothy Pearl, of Detroit, as guests of honor.

The meeting, which is of unusual significance in the annals of the district as well as of the local organizations, will be open to the public. Both the state heads will speak. Mrs. Pearl is a practicing attorney in Detroit and has a reputation as a fluent speaker.

The two state heads will also act as installing officers for the induction of the incoming local officers. Commander Putbreeze will install the following Legion officers: commander, Lloyd Shire; first vice, Carl Longworth; second vice, Robert Sparling; adjutant, George Roe; treasurer, H. C. Stark; chaplain, Joseph Melvin; sergeant-at-arms, A. F. Sprague; welfare officer, M. H. McKinnon; historian, Arthur Johnston. Henry Zupke is the out-going commander.

The state Auxiliary president will install the following local Auxiliary officers: president, Mrs. Henry Zupke; first vice, Mrs. Guy Elsenhart; second vice, Mrs. Roy Knapp; secretary, Erma Wright; treasurer, Mrs. Harry Post; chaplain, Mrs. Richard Kean; sergeant-at-arms, Mrs. Glenn Vergen; historian, Mrs. Warren Willard.

Following the meeting all of the members of the Legion and their wives and all of the members of the Auxiliaries and their husbands are invited to attend a reception at the Legion hall.

Help of Knitters Needed by Red Cross Mrs. F. R. Montague, chairman of the Red Cross war relief work for the Buchanan community, has received word from county headquarters that Berrien county has received a quota of 350 sweaters to be knitted complete by Jan. 1. This means that Buchanan will receive a quota somewhere from 50 to 75 and that the people in the community who can knit and have time to are going to be badly needed. Anyone who wants to take part in this very worthwhile work should bet in touch immediately with Mrs. Montague.

Wife, Daughter of Former Record Head Visit in Buchanan Buchanan had two visitors on Monday formerly well known here in the persons of Mrs. D. H. Bowler wife of a former owner of the Record, and her daughter, Miss Helen Bowler, a leading member of the present staff of the Detroit Free Press; D. H. Bowler bought the Record from John Holmes about 1895 and published the paper until shortly after the turn of the century.

B. H. S. Reserves Lose to St. Joe Buchanan's second team invaded the lair of the St. Joe Bears' Second team and were chased home with a 21 to 0 whipping. The Bears scored their points on 3 touchdowns, and an extra point, and a safety.

The first half was an even affair with the ball exchanging hands several times. Both teams stuck to strictly a ground attack. Then in the second half the Bears really started to work, using all the tricks in their bag. During the third quarter they tried and completed two touchdowns passes. On the first they tried a pass for the extra point and were successful, on the second they were not.

Shortly after the fourth period began St. Joe again tried a pass and completed it for another touchdown. This time the kick was no good. Later the Buck safety man tumbled a St. Joe punt recovering it in the end zone for a safety and two points.

Local News Mr. and Mrs. H. F. Brandt and daughter, Marjorie, of Detroit, spent from Friday until Sunday at the homes of Mrs. Brandt's parents and brother, John M. and Roy E. Knapp, west of town.

Mrs. Richard Beardsley, Morgan Park, is visiting her mother, Mrs. Eli Mitchell. Mrs. Edwin Kay visited her sons, Edwin and E. Lear Kay, in Grand Rapids this week. Dr. and Mrs. C. E. Ailsworth and children spent the week-end with Mrs. E. Risworth, mother of Dr. Ailsworth, in Chicago. Miss Martha Trapp visited her sister, Shirley Trapp, a student nurse in the Waltham Memorial hospital, Chicago, over the week-end. Mr. and Mrs. David Ellis, who have been living in the Rex Hotel, after moving here from Hastings, have moved into their new home on Maple Court. Mrs. Julia Shetterley, Bridgport, Mich., is visiting her sister, Mrs. Lovaga Harroff. Mr. and Mrs. A. H. Hiller spent last week on a motor trip into Ohio, where they visited relatives in Otsego, Coshocton, and Zanesville. They motored with relatives from Zanesville along the Muskingum river to the entrance into the Ohio river to the town of Marietta which was the first settlement of the forefathers of Mrs. Hiller from the New England states. They visited the museum there which contains furniture made by Jonathan Sprague, a great uncle of Mrs. Hiller, who was the first cabinet maker in that district. Leaving Marietta, they motored up the Ohio river and returned to Zanesville by way of the hills.

Norman McClean of Lansing, Mich., was a guest at the home of Mr. and Mrs. Herbert Ryan, Sr.

Dean Clark is busy at St. Joseph these days working with the Farm Security Commission, which includes himself, John Warman and Theodore Katsbach (chairman). There are many applications for loans to buy farms filed with the commission.

**Banner Grape Crop**  
 One of the banner grape crops of the Buchanan district may be seen in the fine vineyard of Louis Kool, on the corner of the Clear Lake road west of Buchanan. This vineyard of eight acres has previously yielded at the rate of five tons to the acre and Mr. Kool estimates that it will approach that figure this year.

**Frosts Touch Crops Sept. 26-27**  
 Farmers are working hard these days to harvest the crops touched by the hard frosts of Wednesday and Thursday evenings. Bean crops not harvested were frosted so that they had to be cut immediately. Corn was also touched so that it had to be cut to save the fodder. For the most part the grain on the corn was matured beyond hurt. Late potatoes did not suffer much.

News of the Buchanan Schools

Collected and Edited by Members of the Class in Journalism

## Journalism Class Sees Record Plant

Mr. McClure, of the Berrien County Record printing company, played host to the members of the Journalism class Friday, September 20, for the purpose of enlarging their knowledge of newspaper work.

Mr. McClure guided the class through the building answering questions and discussing all departments of the plant.

As a remembrance, each visitor of the group received a slug on which was imprinted his name and graduation year.

## Trip to Notre Dame Library Postponed

Mrs. Dunbar's senior English class has postponed going to the Notre Dame library until later on because of the epidemic of infantile paralysis.

The English essentials tests are being given to all the grades from the seventh through the twelfth during the week of September 23 to 28.

## Student Managers Hard Working Men

Jim McIntyre and Hervey Arriek are two students whose inconspicuous work few people know about; however, ask the football team—or Johnny Miller, and you will find that they are very essential for the success of the team.

Being student manager is not all play as some think it is. The work of these boys is taking care of equipment and being "Johnny on the spot" when something is to be done for the team.

To acquire the job of student manager one must take responsibility as well as work. One must have a general knowledge of first aid, and, most important of all is being liked by the athletes.

The hours for the student manager are irregular. His work begins when he comes to school in the morning and lasts until the end of football practice.

Both Jim McIntyre and Hervey Arriek are well liked.

At the end of one year the student manager receives his letter and one stripe.

## G. A. A. News

Bad weather Tuesday caused the postponement of the G. A. A. soccer practice.

Every year, Tuesdays and Thursday, G. A. A. practice is held when the girls earn points toward awards: 500 points to join and to get a letter, 1000 for the silver bracelet, 2000 for the gold bracelet.

To earn points one must first come out to practice after school, receiving 100 points for every activity. Some of the sports are soccer, baseball, basketball, and track.

Initiation is held at the close of the school year.

## B. H. S. Band To Go to Out-of-Town Football Contests

The school band is planning to attend all the out-of-town football games with the possible exception of Kalamazoo. It attended the Cassopolis game Friday, September 27, and will be there rooting when Buchanan walks all over St. Joe this coming Friday.

October 18 will introduce with honors the dance band of this season. Mr. R. Robinson, director, is now whipping into shape his 17 troubadours. There is a common belief among the musicians that it will be the finest dance band ever in B. H. S.

The dance band membership contains Doris Allee, first trumpet; Bud Mills, second trumpet; Persis Kelley, first trombone; Jack Eddie, second trombone; Jack Leggett, trap drums; Jacqueline Bilotti, piano; Vonda Beck and Joyce Morley, alto sax; Bud Ruth, tenor sax; Keith Eddie and Nancy Sheetz, clarinets; Walter Reese, bass clarinet; James Fagnas, Gene Detrymple, and Vivian Wallace, violins; and Ardis Fairman and Bill Montgomery, bass.

### GUESS WHO?

Have you ever seen any one as big as a junior who is small enough to crawl into one of the up-stairs lockers? Well, it can be done as was observed the other day.

Correction: Last issue stated only three members on faculty had Master degree. The following are to be added, P. J. Moore, Principal and Miss Helen Graves.

## The Library

The Library Club held its first meeting of the year Thursday, September 26, for the purpose of electing new officers. Senior librarians become the officers of the club. Those elected are: Ruth Montgomery for president, Marion Blake for vice-president, Genevieve Norman for secretary-treasurer.

Three new members, Evelyn Gault, Millie Stroud, and Charles Mathews have joined the library staff this year.

## Mrs. Alma Fuller Is An All-Around Community Worker

Can you beat this for community service?

Besides being president of the Faculty Club, Mrs. Alma Fuller is treasurer of the Eastern Star. This position she has held once before for ten years, and she has also acted as secretary for three years.

Mrs. Fuller is assistant superintendent of the Presbyterian Sunday school. She is also active in the Janet Stevenson Guild.

Her favorite hobby is teaching school. She has taught school in Buchanan for twenty-two years and taught the Miller school for four years.

Mrs. Fuller received her A. B. degree in 1936.

## Get Certificate Attendance At Band Tournament

Mr. R. R. Robinson's famous "tooters" received a certificate September 23 from the River View Park, Chicago, Illinois, for playing August 17 at the second annual band tournament of music in which last year Buchanan took first place.

The competition consisted of about one hundred and twenty bands. Aurora, Illinois, took first place. The bands in this district that participated were Belton Harbor, Elkhart, South Bend, New Buffalo, Gary, Michigan City, and LaPorte.

The only object of the Festival is publicity. The cost of transportation for all these bands to Chicago is tremendous, but the trip is a great treat for the bands and affords great publicity for the park.

"Being one of the members I say I don't think any of us could have had a better time, especially in going and coming in the buses. When you once get Richard Pierce, Bonnie June Chain, Ardis Fairman, and Barbara Swartz started singing and all the others joining in, a good time is the result," remarked LaVon Bagley.

Miss Bovee announced that new equipment will be ordered for girls, among which are to be archery, badminton, ping pong, also things needed, such as balls, bases and bats.

## Glee Club to Stage Operetta Dec. 18

A treat is in store for the citizens, faculty, and students this year. Mr. Robinson and his glee club have decided to stage a high school operetta December 18.

"Rose of the Danube" by G. F. Morgan and A. A. Penn is the selection.

The cast so far contains: Dick Pierce, Jerry Bowman, Barbara Swartz, Bonnie Chain, Minta Wissler, Lee Pierce, Josephine Pascoe, June Gregory, George East, John Montgomery, Revilo Ross, and Marilyn M'rs.

Mr. Robinson refuses to tell much of the story but does say, it's about European revolutions, intrigue, treachery, villainy, treason, and love.

"Robie's" last operetta was "Chonita" presented in 1933. We believe this beautiful one will be even more successful than "Chonita."

## Introducing Miss Norma Hamilton

Beauty culture is going to be the future study of Norma Hamilton.

Her ambition is to go to South Bend and study beauty culture after graduating from Buchanan High School. She is seventeen years old and a senior in high school.

Her favorite movie actor and actress are Preston Foster and Ann Southern.

She is a member of the G. A. A. Club and is very active in sports, her favorite being basketball, tennis, swimming, softball, and soccer.

Her favorite being basketball, tennis, swimming, softball, and soccer.

Her favorite orchestra is Dick Jergen's and her favorite song is "Crosstown." Journalism is her favorite subject.

## YEARBOOK COVER DESIGNS

Pupils of the fifth and sixth grades drew designs for the cover of yearbook which will contain Mothers' Club and P. T. A. programs. Miss Kinney, Miss Stout, and Miss Broderick acted as a committee to select the design which would be used. Vontie Miksell's design was chosen. Others who submitted cover designs which were outstanding were Gay Vanderberg, John Van Duesen, Joan Scherry, Earl Trapp, and Donald Gray.

## GRADE ASSEMBLY

Our first grade assembly this year was in charge of Mrs. Milton Ludwig, local librarian. Mrs. Leonard Fitch told the story, "The Three Lemons," in a very interesting and delightful manner. Rev. Wanzel Brunelle, president of the library board, presented diplomas to the following people: Diana Lauver, Marion Paddock, Jane Sampson, Gene Beck, Richard Fedore, Flossie Mollberg,

Clarence Paddock, Tony Rosetti, Gladys Dame, Coletta Davidson, Sharon Davis, Wanda Maqrotowski, LeRoy Smith, Charlene Nehring, Mary Ann Hagley, Joe Hubner, Dick Lauver, Donna Lee Mathie, Joyce Maxson, Jimmy Merrifield, Marjorie Myers, Billy Nicodemus, Alicia Simpson, Chas. ## Dewey Avenue News

Kindergarten—Vivian Dietrich

We began using our hammers and saws this week. We are carpenters. We learned the song "Carpenters All Are We."

Dr. Wertheimer visited us. He examined our teeth. We are reading about "Jimmy Chew." We have some toothbrushes that we can buy for seven cents. We made some tooth powder to clean our teeth with.

Many kindergartners bring us lovely flowers. Richard Van Beusen gave us three coat hangers for our closet. Jo Ann Merrifield, Dickie Conrad, and Annette Boyers caught some caterpillars for us.

First Grade—Blanche Heim

The first grade has a very large pepper plant given to the children by Mrs. Wilcox. The children enjoy watching the tiny peppers turn from green to yellow and then to red.

The children are bringing pictures to illustrate their "Dick and Jane" books. So far Phyllis Smith has brought the most pictures which are placed on our new bulletin board.

First Grade—Ruth Moen

On Monday we discovered that our monarch butterfly had crawled out of its chrysalis. We are now feeding it sweetened water to tame it.

Several of us have brought caterpillars, and Bobby M. brought us a grasshopper. We also are collecting gophers and cones.

Monday was Wayne's and Joanne's birthday. In the afternoon Wayne treated us all to taffy apples.

Second Grade—Audrey Doolittle

We are making a mural about a community helper, the policeman. In our library reading we are looking for stories about safety. We are learning safety songs by Irwin Caesar.

Jane Sampson, Marion Paddock, and Diana Lauver received awards from the Library Reading Club.

Third Grade—Mabel Wilcox

We had only thirteen ok's in our room when our teeth were examined by the dentist, Friday. We hope to increase that number soon by having our teeth filled.

Vernell Green has moved to Detroit. We were sorry to lose her from our group. We hope she will like her new school.

Nadene brought a pretty gourd for our collection; Ray brought a horse and rider made of corn stalks; Richard brought some arrow heads; Marilyn brought a gourd and some pine cones, and Richard brought sassafras root and tea made from it.

There were six pupils in our room who received awards for reading the required number of books in the Library Reading Club this summer. They were Robert Orpurt, Tony Rosetti, Richard Fedore, Gene Beck, Flossie Mollberg, and Clarence Paddock.

Fourth Grade—Adelo Olson

Five of us received awards from the Library Reading Club. Wanda Nadratowski has read the most books; she read ninety-eight during the summer.

One of our policemen gave us an interesting talk on safety. Those of us who ride bicycles were especially interested.

We have started to make an African village in our room. It is going to look like the village we saw on our imaginary trip to the Belgian Congo.

## Grade News

First Grade—Genevieve Carnagan

Our helpers for this week are: James Morley and Harold Gault for dusting, Jane Rizer and Gladys Hawks for watering the plants, and Kenneth Wallace and Harold Bishop for librarians.

Last week we made a study of the squirrel. We found out where they lived, what they ate, and how they got ready for winter. Miss Stout had us draw a picture of a squirrel. We also learned a song named "Gray Squirrels."

Second Grade—Miss Fritz

Charlene Nehring was a member of the Vacation Book Club. She received a diploma Monday.

James Henson brought a peanut plant to school. He told us how peanuts grow.

Several children have related to the group the interesting stories they read in the books borrowed from the city library.

Third Grade—Miss Connell

Our health lesson is about "Fruits and Vegetables." This week we are drawing and coloring fall fruits and vegetables. They make amusing posters with legs, arms, and eyes.

We have finished the covers for our scrap books. These books will contain pictures of things we are interested in and stories telling something about each picture.

Our circus chart continues to grow. We each contribute pictures and will give oral language talks about the animals we have seen at the circus and zoo.

Our captains and lieutenants have received their armbands.

Third Grade—Miss Kemey

We made a health parade of vegetables, tooth paste, tooth brushes, etc. for our blackboard border.

Joe Huebner brought a room and furniture of Pinocchio's home. Dick Lauver brought his cardboard farm to school.

We enjoyed making animals in art this week. We made squirrels climbing trees, eating nuts, and running.

Our lieutenants and captain are very proud of their armbands. They have helped to remind them of their important duties and responsibilities.

We have a museum and are collecting different kinds of stones, rock, coral, and other things of interest. It is our hobby corner.

Fourth Grade—Mrs. Fuller

We have enjoyed several good books from the public library. We have read "Hob-Nailed Boots," "A Pony Named Nubbins," and "The Wizard of Oz."

We are planning a Communica-

tion unit developing from our history work. We studied the greatest invention in the world, the story of writing. The history of the alphabet is very interesting.

Fourth Grade—M. J. Broderick

In our geography we are studying about the Belgian Congo Region of Africa. We want to find out how the life of the people in this region differs from that of the people in Michigan. The equator runs right through this Congo Region so it must be very hot there.

We saw a motion picture and also some lantern slides which showed us how the people dress, the houses they live in, and what they do for a living.

We have finished the book "Here's Juggins" and have started "Little Jungle Village" by Jo Essee McElveen Waldock.

Fifth Grade—Miss Ekstrom

Eleven of our pupils received awards for summer reading in an assembly this week. The group read a total of 258 books. Some of the favorites were "The Princess and the Gnome," "Tales from a Finnish Tuba," "Trudy and Hansel," and "Macaroni."

The teacher is reading, "He Went With Vasco de Gama." It is a book of early exploration.

Fifth Grade Dorothy Kitzinski

Last week Wednesday we all hiked out to Moccasin Bluff after school for a weenie roast. It was quite a damp but after three attempts we got our fire started. After a lunch of blackened weinies and charcoaled marshmallows we hiked back, tired, dirty, and still hungry.

Our radio fund has increased to \$11.02 after our sandwich sale from which we made \$4.52. Again we thank those who bought sandwiches, and our parents who made them.

We were pleasantly surprised at the Book Club Assembly when Mrs. Ludwig announced our room had tied with the other fifth grade room in the number of members in the Book Club and presented us

with a pair of book ends. We wish to thank Mrs. Ludwig for the lovely gift.

Betty Rifenberg brought a pomgranite to school that her grandfather brought her from Foley, Alabama. She cut it in half and let us taste it. It is full of red seeds and rather sour.

Sixth Grade—Miss Reams

Last week we had our teeth examined by the school dentist and only a small percent of our room will have their names on the Dental Honor Roll.

We have started a new unit in social studies—"The Progressive People of the Ancient World." Philip Hawks brought several library books, which will help us in our study of Egypt.

Sixth Grade—Jean Jeffery

Mrs. Lamb weighed and measured everyone in our room.

We are working on two figure multiplication in our arithmetic class.

We have completed our unit on "Prehistoric Man."

In health we are studying "Keeping Well" and "Personal Hygiene."

We read accounts of Martin Johnson's travels in Africa.

# Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. *The Ford does that for 1941.*

It has jumped ahead in size. It's the biggest Ford we've ever built, inside and out. It's wider. It has a longer wheelbase. Its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

You'll notice also a new beauty, achieved by a skillful blending of mass with longer flowing lines. Larger windshield and windows give better vision all around.

One of its biggest advantages is the new soft ride.

New, slower-action springs give a slow, gentle, gliding movement. A newly designed stabilizer helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

Get the Facts and You'll Get a Ford!

## FINANCIAL PREPAREDNESS

When a nation rearms, great demands are made upon the telephone. Defense work of government and industry requires expanded telephone service at once. Continued rapid service is vital, and your Telephone Company is equal to this emergency of national defense because of its traditional policy of preparedness. It is ready with experienced men and women; ready with a reasonable margin of facilities for growth. And being a part of the soundly financed Bell System, it is ready to obtain capital funds to pay for additional buildings, switchboards, cables and poles, whenever and wherever needed.
