

GARDEN MEETING AT H. S. MARCH 17

Grade School Pupils To Present Minstrel Show Friday, March 12

C. H. Yeager, Ag Instructor, to Head Movement

Mich. Rationing In a Nut Shell

PROCESSED FOODS
Blue stamps A, B, and C from War Ration Book No 2 good from March 1 through March 31

COFFEE
Stamp 25 good for 1 pound through March 21.

SUGAR
Stamp 11 good for 3 pounds through March 15

SHOES
Stamp 17 good for 1 pair through June 15 (Certain types of shoes are not rationed)

GASOLINE
No 4 stamps in A book good for 4 gallons through March 21 B and C book stamps good as noted on book, but renewal applications should be mailed 30 days before expiration

TIRES
Inspection deadlines March 31 for A book holders

FUEL OIL
Coupon 4 good for 11 gallons through April 17 in Zone A

Stamps A, B and C in Ration Book No 2 totaling 48 points will be valid from March 1 through March 31—Stamps for the second period will be rated from March 25 through April 30.

If you are smart you will use your first points to buy vegetables, because fresh vegetables are scarcer than fresh fruit. Use high value stamps before low value.

Use the least number of stamps possible to make up the amount of a purchase.

Make out a shopping list and add up points before you shop. Don't duplicate what you can buy fresh.

Dates
No, you haven't forgotten anything on your consumer calendar. Sugar stamp No 11 for three pounds is good until March 15. Coffee stamp No 25, good for 25 cents in six weeks, runs out at midnight March 21.

"A" gas card holders have until March 31 to get their tires inspected.

Lend-Lease Beans
Dried beans, peas and dry soups were suddenly rationed because the Russians asked for and obtained 5,000,000 of the United States 23,000,000 bags of beans. Chiefly they will go to the Russian army now driving back the Germans.

Menu for Victory
Don't believe it if you are told rice is rationed. It isn't rationed.

Other unrationed foods out of which to plan a dinner include: Canned fruits, cereals, chili con carne, fruit cake, fruit puddings, macaroni, meat, bouillon cubes, milk, olives, potato salad, popcorn, nuts, fresh fruits, fresh vegetables, frozen fruits and vegetables in containers over 10 pounds, fruit and vegetable juices in containers over one gallon, jams, jellies, meat steaks containing some vegetables, spaghetti and macaroni.

Carrot Crop
Carrots are the only fresh vegetable slated to be plentiful in March. Freezes and manpower shortages have seriously cut down on green peas, snap beans, lima beans, eggplant, peppers, and tomatoes from Florida. The Texas early cabbage crop is "somewhat light."

There will be plenty of oranges, tangerines, grapefruit and apples.

Meat Outlook
Meat rationing is still five or six weeks off. By that time the ration may have to be reduced even below 35 ounces a week, due to the extensiveness of today's "black market."

Under Ceiling
With ceilings just clamped on a list of fresh vegetables, close to 96 per cent of the nation's foodstuffs are now under price curbs. Of fresh vegetables and fruits generally appearing on the American dinner table only apples and sweet potatoes are still not covered.

Train Trip
If you're going on a train trip, better carry your lunch. Like restaurants, dining cars will be so curtailed in their supplies there may be virtually no food on trains for anyone except members of the armed forces, the American Association of Dining Car Superintendents has announced.

Diners-out
Don't think you can beat food rationing by eating your meals out. Restaurants, hotels and other eating establishments will register during the first 10 days in March for rationing of processed foods which will cut them about the same amount that the individual is restricted if he eats at home.

Eating early and in restaurants where you are known will become popular. Otherwise you may not get anything but potatoes, bread, chicken, or soup made from scraps.

Point Rule
The chief trick about point rationing to date has been that persons who laid away canned goods have had a general advantage over those who didn't.

Cast of 100 to Stage Show in H. S. Auditorium

Event Replaces Annual Grade Operetta; Miss Shepell to Direct

At long last Buchanan is to have a burnt cork show again, a minstrel show just like they used to have annually in the Rough Opry House back in the eighties and nineties.

Only this year it is to be given by a cast of 100 children from the Buchanan grades, instead of the customary annual operetta. In short, it is the annual event only it's a minstrel instead of an operetta.

The event is to be staged Friday (tomorrow) evening, March 12, in the high school auditorium, the curtain rising at 8 p. m. Miss Evelyn Shepell is directing the show. Music will be furnished by Mr. Robinson's high school band. The admission will be adults 30c; children 15c.

The cast of characters: Interlocutor, Roger Wissler, Gmger, Edwina Trapp, Cornstarch, Lynn Trapp, Vanilla, John Lee Hamilton, Pepper, Doris Jean Batten, Chocolate, William Fairman, Snowflake, Mary Ellen Pierce, Sawed-off, John Coleman, Watermelon, Gerwin Keefer, Daisy 'N June, Jackie Stark, and Barbara Swam, Dusty, LeRoy Smith, Gum Gum, Fred Vergon, Peachblossom, Nona Morten, Poke Chops, Arthur Blake, Hambone, Donald Coleman; Liza, Sharon Deans, Soapclips, Charles Allsworth.

Five dancers, Wanda Ott, Mary Lou Carbon, Wanda Lauer, Maxine Heermann, and Eileen Thompson. Miss Lovell, Miss Reams, and Miss Allsworth's sixth grades will furnish the chorus.

Old White House Fence Goes for Scrap

The national scrap drive plays no favorites. Photo shows Harold L. Jakes, secretary of the interior, tossing part of a fence that once surrounded the White House into the interior department's scrap metal collection. The old fence was replaced in 1937 by a newer and higher fence.

With The Boys In Service

Robert Russell, son of Mr and Mrs R. S. Russell, 411 East Front st., is still at Colorado Springs, Colo., where he has been nearly a year, with a photographic unit of the U. S. Army. He first went to Denver, Colo. He is now director of the post choir. Last week he was released from hospital after a course of treatment for flu.

Mr and Mrs Raymond Bauch received a letter last week from their son, Shirley Bauch, now a member of a crew of an aircraft carrier in Pacific waters. He is an aviation ordnance mate, his work being to keep bombs in readiness for the planes and to place them in the bomb racks. He wrote that he was expecting to be transferred to direct plane service.

Charles W. Trapp, son of Mrs. Martha Trapp, has been advanced to the rank of private first class, after completing a course at the naval air base at Jacksonville Fla., fitting him for machinist's mate. He has been admitted for further training to a special school to fit him in naval aircraft gunnery. He is a marine. Another son, Arthur Trapp, also a marine, is now being trained as member of a raider unit at San Diego, Calif.

Mr and Mrs Frank Rumsey received word Friday from their son, Robert Rumsey, saying that he had been transferred to Camp Wolters, Texas.

His address is Pvt Robert A. Rumsey Co C 64th Bn 4th Platoon Camp Wolters, Texas U. S. Army.

Thomas Mosier, son of Mrs Margaret Mosier, 320 Arctic, is now located at Camp Sibert, Ala. He is in training with a chemical warfare unit. He writes that he was temporarily under the weather from the influence of the "shots" given when entering the army but that he is now back on his feet. His address is Pvt Thomas J. Mosier 36424438 Co L 1st CWS Tng. Reg. RTC Camp Sibert, Ala.

Herbert Russell, son of Mr and Mrs R. S. Russell, 411 E. Front st., completed a three month course in radio repair at the Burr school, Chicago, on March 1, but has been assigned to 20 days more of study there before being transferred. He has been a member of the reserve signal corps, and has been in training as a radio repair man in U. S. Army since Nov 9. He is actually in government service, but is permitted to wear civilian clothes while attending school. He and his wife have an apartment in Chicago.

Edward Toll goes to Gunnery School Great Lakes, Ill.—Selected to learn a specialized trade in the navy, Edward E. Toll, 17, son of Mr and Mrs Edward Toll, Buchanan, Mich., is enrolled in the school for gunner's mates at the U. S. Naval Training Station here. Upon graduation he will be eligible for promotion to a petty officer rating and be assigned to duty with the fleet or at a shore station.

The Bluejacket will receive 16 weeks of instruction under the supervision of an experienced chief petty officer.

Courses in 19 of the 49 trades used in the U. S. Navy are taught in service schools here.

Corp. Earl Commins, U. S. Army air force, was a visitor Wednesday and Thursday at the home of his uncle and aunt, Mr. and Mrs. George Stark, Chippewa. He left Thursday to return to the Stevens Hotel, Chicago, where he is a student in an army school. He was employed at the Clark Equipment company before he left in October, 1941, to join the army.

Ensign Melvin R. Campbell, U. S. N. R., son of Mrs M. Campbell, 109 Charles st., has arrived in Ithaca, N. Y., where he will study engineering at Cornell University while undergoing special military training. His address is Ensign Melvin R. Campbell U. S. N. R. 502 Boldt Tower, Cornell University N.T.S., Ithaca, N. Y.

A Letter From Sgt Joe Bachman We had the pleasure and the luck to get a letter from Sgt. Joe Bachman, son of Mr and Mrs Charles Bachman, Charles et., on Monday, and since the contents are strictly non-military, we take the liberty to reproduce it here. Joe writes:

Dear Mr. Hawes: No doubt you will be surprised to receive such a letter, coming from England. As far as I know, I was very likely the first Buchanan boy to

hit foreign soil, or at least one of the first to have now been in England a few months short of a year, having been in the first air corps force to land 'Oh me! what an England I found!' Being at first on the Royal Air force rations, I got on the slim side, but when the American rations started pouring in I regained the pounds I lost.

I have had several letters from Eddie Smiles who is quite near me. I guess he is bogged down in mud and so busy with those flying fortresses that he can't find time to come down here. Also I was never able to get in touch with Victoria Zachman, who is somewhere over here. The Red Cross is doing a wonderful job and furnishes many forms of recreation for the men. However I have looked over most of the Red Cross gals and I think Miss Victoria Zachman must be hiding! However England is a very complicated place and one can get lost very easy over here, especially at night when one wanders around for hours feeling his way—then takes that last step and then—a huge splash and break the surface of some lonely pond and wonders how it got there and how he got there—himself!—However, after a lot of that sort of thing we have gotten used to it. (I can just see Buchanan in a black-out—the commission would probably have to put a fence all the way along McCoy's creek to keep the people out.)

I still get the Record, — received a copy today two months old. Speed I call it. However I was sure glad to get it as it is the only way one can get all the news. I had a chance to visit the school that was bombed over here a week or so ago and it was a terrible mess. There were a large number of children killed and I got there in time to see the horrible sight. I've never seen such a filthy trick as that one, as the German pilot circled the school three times and then dropped the bomb on the children. There were also children in the schoolyard, whom he waved to. One little girl had presence of mind to dive under a table, but she had all her hair blown off, also all her clothes, and was so terribly scared that — well, I'll leave the rest to you to picture.

How long will it take you to get the Record to me in Germany when we get there? I can't tell about operations in this theatre but no doubt the rest of the boys have told you all about how it was going, so there's no need for me to add anything. Keep the presses rolling and well keep the planes flying.

Sincerely,
Sgt. J. C. Bachman.

Mr and Mrs George Chain, 408 Main st., received a call Saturday from their son, Duane L. (Continued on Page 4)

John Clifford Rupert, 64, former well-known Buchanan resident, died Saturday morning in the Methodist hospital at Gary after a long illness.

He was born in Buchanan on June 16, 1878, the son of Mr. and Mrs. David Rupert. Mr. Rupert went to Gary 32 years ago where he was employed in the signal department of the Michigan Central railroad.

He is survived by his widow, Frances, a daughter, Mrs. Marilyn Kean of Buchanan, and a granddaughter, Marilyn Kean. Two brothers, Raymond Rupert of Niles, and Louis Rupert of Detroit, also survive.

Services were held Wednesday at 1:30 p. m. at the Mission covenant church at Buchanan, Indiana, with the Rev. W. H. Samuelson of the Lutheran church officiating. The body arrived in Buchanan at 4 p. m. Wednesday for burial in Oak Ridge cemetery.

O. Kenton Tenant House Burns Result of Stove Explosion

Fire caused by the explosion of a kerosene range entirely destroyed the tenant house on the Ontario Kenton farm two miles northeast of Buchanan Friday, together with \$1500 worth of furniture belonging to the occupant, William Alford and family.

The family were in the house at the time but the flames spread so rapidly that they had to escape without salvaging anything. The Buchanan fire department was called but the property had been totally destroyed by the time they arrived. The department devoted its efforts to saving the Kenton home, which was located only a few rods distant. The tenant house was valued at \$2,000, making the total loss \$3,500. The house was covered by insurance but the furnishings had no coverage.

Candidates Needed For 7 City Offices

Tuesday, March 16, will be the last date for filing for city offices to be filled at the spring election on Monday, April 5.

There have been no filings so far for the several offices to be filled according to Harry P. Seaver, Supervisor. The terms expire are George Deming, Precinct 1, and William Nelson, Precinct 2. Other officials to be elected are two supervisors; two constables, one justice of the peace.

To Observe World Day of Prayer Fri.

World Day of Prayer will be observed in the Church of Christ on Friday, March 12, with eight local churches cooperating.

The service will begin at 2:15 p. m. The speaker will be Mrs. John Hoven of Three Oaks. Representatives of each of the eight churches collaborating will all take part. There will be responsive service and song service. The Navy Mothers Club will attend in a body. Mrs. C. E. Kaye will be in charge of the music. The entire community is invited.

Winifred Cuddihy Is Taken by Death

Mrs. Winifred Blake Cuddihy, 52, died yesterday, March 10, at 7:50 a. m. at the home of her sister, Mrs. Mary Blake, 201 Days ave.

She was born on Feb. 1, 1890, in Buchanan, the daughter of Joseph and Catherine Blake. She had spent most of her life in Chicago. She is survived by one daughter, Mrs. Barbara Christensen of New York City, by two sisters, Mrs. Levi Wilson of Gainesville, Fla., and Mrs. Mary Walker of Buchanan. Funeral arrangements were incomplete as the Record went to press.

Buchanan Overbuys Feb. Bond Quota

Lowell Swam, chairman of the war bond sale campaign for Buchanan, states that Buchanan over-subscribed its quota of \$63,100 for February by buying \$76,493.75 in bonds and stamps. The quota for March has been set at \$73,100.

I. N. Barnhart Called by Death

Funeral services were held at the Evangelical church at 2:30 p. m. Monday for Isaac Newton Barnhart, 68, for many years, a member of the Buchanan business community as a plumber.

Rev. Norman Klump, pastor of the Buchanan Evangelical church was in charge, assisted by Rev. Carl Trueschall of the Portage Prairie Evangelical church and Rev. A. C. DeVries, pastor of the Niles Evangelical church. Pallbearers were Tom Burks, C. J. Wilson, John Rehm, Charles Babcock, Clarence Coleman, Joseph Heerman. Burial was made in Oak Ridge cemetery.

Mr. Barnhart was born in Chickering township, Berrien county, on May 17, 1874, the son of George and Mary Barnhart. He married Miss Elizabeth Huss at Buchanan Nov. 7, 1895. They had made their home in Buchanan 47 years.

Mr. Barnhart was a member of the local Evangelical church over fifty years and had sung in the choir fifty years. He was a member of the Modern Woodmen of America.

He died at his home at 207 Main st. following a long illness. Survivors are his widow, a sister, Mrs. Andrew Johnson of Niles, and a brother, Oliver Barnhart, of Buchanan.

There will be special music and singing each night. Everyone is welcome.

Give Tests at B.H.S. for Navy V-12 Training

Selection of Buchanan High school as one of the centers at which qualifying tests for the navy college V-12 officers' training program will be held April 2, was announced today by Principal Pierre Bailey.

Through the office of Ray G. Wood, Columbus, O., regional director of the training program, examinations will be conducted on that date for all high school seniors, graduates and college students who have potentialities for ultimate selection as officers. Students passing these tests will be chosen for college training, which will be carried on while the men are on active duty, in uniform, receiving pay, and under general military discipline.

Students eligible for this examination include high school and preparatory school graduates who will have attained their 17th but not their 20th birthdays by July 1, 1943, regardless of whether they are now attending college; high school and preparatory school seniors who will be graduated by July 1, 1943, provided they will have attained their 17th birthday but not their 20th birthdays by that date; and students of the same age group who do not hold certificates of graduation from a secondary school but who are now continuing their education in an accredited college or university.

Other requirements are that applicants be morally and physically qualified for this program, including a minimum uncorrected visual acuity of 18-20 for each eye, unmarried and agree to remain unmarried until commissioned, unless sooner released by the navy department, and evidence potential officer qualifications, including appearance and scholarship records.

Further information regarding these tests may be had by inquiring at the office of Mr. Bailey in the high school.

Mr. Bailey states that the folders for the Navy V-5 applicants must be started at once. Seniors 17 years old or graduates 17 years old are eligible. The Navy V-5 training is for aviation cadet or Marine Corps cadet training.

Pangborns Observe 63rd Anniversary

Mr. and Mrs. D. D. Pangborn, 106 West Fourth street, celebrated their 63rd wedding anniversary Wednesday. The occasion was celebrated with a dinner in the home for the immediate family.

They were married March 10, 1880, in the Methodist parsonage, then located on Days avenue, with the pastor of the Methodist church, the Rev. Joshua White officiating.

Mr. Pangborn was born in Berrien county, Dec. 22, 1856, the son of Joel and Sarah Pangborn. Mrs. Pangborn was born July 29, 1856, in Buchanan township, three and a half miles north of Buchanan. She was the daughter of Albert and Lucinda Tomlinson. They have lived all their married life in Buchanan, except for 11 years spent in northern Michigan, near Sand Lake in Newago county. Mr. Pangborn spent 30 years in the grocery business here until his retirement a few years ago.

They have four living children, Mrs. face Nutt, Dearborn; Mrs. Alice Fowler, Big Rapids; A. O. Pangborn and Mrs. Zoia Forman, Buchanan. Another daughter, Mrs. Sadie Van Every, died in 1924.

A daughter, Joyce Louise, was born Wednesday, March 10 at the Kelley Maternity home to Mr. and Mrs. Albert Hurlbutt, R. R. 2, Buchanan.

Mercury Falls to Five Below March 8

The mercury reading at the Ind & Michigan Power plant Monday evening was three degrees below zero, indicating a possibility of five or six below zero on higher ground away from the river. The cold snap was accompanied by about nine inches of snowfall, which disappeared in a rainfall Wednesday.

Mr. and Mrs. Russell Strauss and family, Three Oaks, spent Sunday with Mr. and Mrs. William Keller.

Buchanan Draws Bye in 1st Round Co. Tournament

Locals Lose to Strong New Troy Team Here

Buchanan will play in the Berrien County Class "B" tournament held in the St. Joe High school gym Friday night, March 19, following the winner of the St. Joe-Dowagiac and Niles game that will start at 7:15 p. m. The Bucks will play the winner of the Benton Harbor-South Haven game that will be played Friday, March 12.

With Pete Dretzler, "Zook" Trapp, Bob Bachman and Dick Snodgrass playing their last scheduled game of high school basketball last Friday night Buchanan went down to a 35-30 defeat suffered at the hands of a strong New Troy team.

Friday's battle was just a case of Buchanan "doing" everything wrong and New Troy doing everything right.

Buchanan made a ball game of it in the first quarter, which ended with New Troy leading 8-5. Pete Dretzler opened the scoring for the Maroons with a charity toss followed by Trapp and Topash with free throws and Bachman with a basket.

In the second quarter New Troy with a sudden burst of offensive power that caught the Buchanan boys asleep, outscored the Bucks 11 to 6 to lead at the half 19 to 11. Trapp, Snodgrass and Bachman accounted for the 6 points.

In the third quarter Buchanan popped up a bit, scoring 9 points while New Troy scored 10. Trapp, Snodgrass and Topash getting the Bucks points.

In a late fourth period rally Buchanan second team lost to 10 points while holding New Troy to 6. Buchanan's 10 points came by way of beautiful shooting by Trapp with a long and a lay-in, shot and longs by Snodgrass and Gooch and free throws by Bachman and Topash with 1 each.

Trapp paced the Bucks' attack with 9 points followed by Bachman and Snodgrass with 7. Buchanan second team lost to a New Troy free squad by a 27 to 20 count. Voorhees was high for Buchanan with 7 points gathering 6 of them in the second quarter.

Galien Arranges Red Cross Drive

According to the Red Cross committee, subscriptions and donations to the Red Cross may be paid at the bank or Babcock's Hardware or to any of the committee. Every adult is asked to give in this war fund drive, it is much easier to do this than to leave our homes to be sent to the front. Galien has \$500 to raise, so it will need the cooperation of everyone.

Mrs. Clare Howard Dies in Los Angeles

Mr. and Mrs. Frank Imhoff received a telegram from the first of the week, stating that Mrs. Clare Howard, former Buchanan resident, had died in Los Angeles Saturday night and that the body would arrive in Kalamazoo Friday. It is not definitely known whether the burial will be made at Kalamazoo or Otsego. She is the widow of Clare Howard, who was employed for many years in the garage operated by the late Harry Boyce. She is survived by her daughter, Mrs. Betty Weeks of Los Angeles, and by her husband. The family left about 15 years ago, going first to Phoenix, Ariz., and later to Los Angeles.

Mr. and Mrs. Louis Bruno and children have gone to Pawhusa, Okla., to attend the funeral of the former's brother, Joseph Bruno, a former Buchanan resident, who was killed Saturday.

HOLLYWOOD

New Boom Town Created For "The Omaha Trail" A new California "boom town" was created by the company for Metro-Goldwyn-Mayer's "The Omaha Trail," showing at the Hollywood Friday and Saturday, March 12-13.

Sleepy Sonora became a bustling metropolis overnight when 190 studio workers invaded its quiet streets to film panoramic wagon train scenes. Sixty head of oxen, fifteen Conestoga wagons and fifteen truckloads of "props" were needed to complete these sequences.

Ameche, Bennett Head Strong Cast Don Ameche and Joan Bennett are starred in "Girl Trouble," the riotous romantic comedy playing at the Hollywood Friday and Saturday, March 12-13.

They are supported by many popular film personalities headed by the effervescent Billie Burke, Frank ("Our Town") Craven and Alen Dinehart who, as a truant from Hollywood, wrote, directed and starred in "Separate Rooms," the Broadway stage success.

"Girl Trouble" was directed by Harold Schuster and is a serial play. Ladislav Fodor and Robert Riley Crutcher. It was produced by Robert Bassler, whose latest hit was "My Gal Sal."

Crosby and Hope Plus Dot Lamour in "Morocco" Film Bing Crosby and Bob Hope, two of the nation's funniest men in radio and movies, will be seen together again in another "Road" picture—Paramount's "Road to Morocco," which is due next Sunday, Monday and Tuesday, March 14-15-16, at the Hollywood theatre with the lovely, luscious Dorothy Lamour once more the lady they vie for.

The three stars, who shared honors in "Road to Singapore" and "Road to Zanzibar," are said to outdo their previous monkeyshines in this fun-for-all.

There's the business of Bing selling his pal Bob into what he believes to be slavery, only to discover that Bob, instead, has wound up in the place of Princess Shalmar (Dorothy Lamour), living in the lap of love and luxury.

Then there's Mabel, the talking camel—the boys' "lost" scene in the desert—their wild and woolly rescue of the Princess—all of it, and more, making "Road to Morocco" a movie "must" if ever there was one.

In addition to the million and one g.g.s. there are four hit tunes.

Rita Hayworth Hits New High "Where do I go from here?" mused ravishing Rita Hayworth and she's being neither kittenish nor naughty. Currently starred in Boris Morros' and S. P. Eagle's phenomenal production of "Tales of Manhattan" at 20th Century.

The titan-haired beauty has, indeed, reached the cinema peak "My Gal Sal" established her as a great dancing musical comedy star and, with that field conquered, she focused her sights on the stage among the luminaries of straight drama. Now, according to preview critics who have thrilled to her performance in "Tales of Manhattan," she attains her second objective with her captivating romantic lead opposite Charles Boyer. The film will be presented at the Hollywood theatre Wednesday and Thursday, March 17-18.

THE OLD JUDGE SAYS...

"How do you feel about this idea of stopping 'em from selling liquor anywhere near army camps, Judge?" "I was just talking about that with Will down at the barber shop about ten minutes ago. Tell you what I told him, Ned. I say it's up to the Army to decide. Why should we walk in and tell the Army how to do its job

...any more than I should tell you how to go about putting out a fire? And here's something that strikes me funny. All this worrying seems to be about the boys' conduct around the camps here in this country. You never hear a word of worrying about them drinking when they go abroad. Kind of queer, isn't it, Ned?"

Predict Scarcity of Seed Potatoes

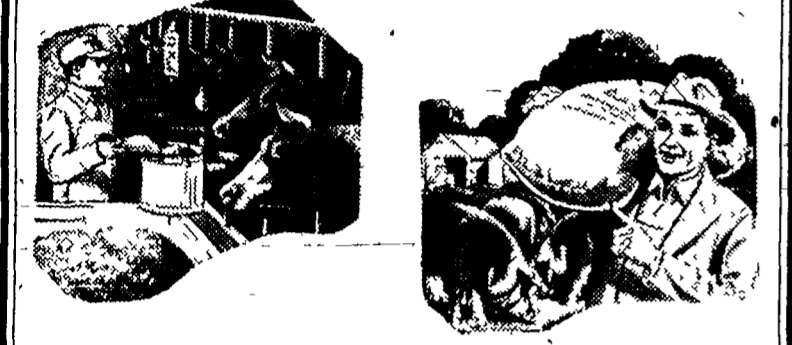

Rising prices on market or table-stock potatoes gives indication of a possible shortage in good seed potatoes to plant the increased acreage sought within Michigan for wartime needs in 1943. Growers are urged to study requirements and attempt now to purchase reliable seed or make certain that seed potatoes produced at home are of good quality, according to H. J. Lurkins, Berrien county agricultural agent.

What You Buy With WAR BONDS

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a 45-caliber weapon.

The new gun used by the paratroops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. You can help buy these for our boys in the Solomons and elsewhere with your purchase of War Bonds. Join the Payroll Savings Plan and let's "Top that ten percent!" U. S. Treasury Department

Seabee Do Their Stuff

"Island X"—Anywhere in the World—Is Home to Them
A D. B. Johnson, IV, in The Scientific American
Take a map of the world and mark crosses on or near any points you like outside the continental limits of the United States where the Navy has been reported in action. Chances are you will have indicated Seabee bases. From the Atlantic to the Solomons, from Trinidad to Iceland, from Alaska to Australia, in many lands and climates, north, south, east and west, the Seabees have gone to work and to fight. With a brief history, thus far, but a vivid one, the Seabees—who derive their names from the phonetic pronunciation of the letters "C-B"—Construction Battalion—comprise the newest branch of the Navy, and one of the most dramatic and romantic services.

The Seabees were born

The Seabees were born a child of necessity and have grown to manhood within the short space of time, since the Japs took Guam, Wake, Cavite, and other advance base facilities of the Navy. The story of unarmed civilian construction men on Wake Island during the heroic stand by Major Devereaux and his little band of Marines, and the part the civilians played, after grabbing anything that would shoot, is well known. The lesson was quickly learned and shortly after the declaration of war the need for construction personnel at many locations outside the United States became apparent. That this force should be in uniform and under military command went without saying, with conditions as they were. The Navy's Bureau of Yards and Docks authorized its Civil Engineer Corps, which, through the medium of individual civil engineers, has served the Navy since 1776, but as a unit with authority to command only since 1942, to recruit one regiment of three battalions, totaling approximately 3,300 officers and men. That was in December of 1941. By mid-November of 1942 the Seabees were authorized to enlist 210,000. After training, each battalion is a complete entity unto itself, each of which can build or tear down anything constructible, each of which is being sent to the far-flung fronts of this war, and each of which has been trained to protect and defend what it builds.

The Potomac river at Washington is about 2,000 feet wide. When it enters Chesapeake bay it is about six miles wide. The lower Potomac covers what is known as a drowned valley.

LEGAL NOTICE

1st insertion Mar. 11, last Mar. 25 STATE OF MICHIGAN, The Probate Court for the County of Berrien.

At a session of said Court, held at the Probate Office in the City of St Joseph in said County, on the 8th day of March A D 1943 Present, Hon. MALCOLM HATFIELD, Judge of Probate in the Matter of the Estate of Fred A Koenigshof, also written F. A Koenigshof, Fred August Koenigshof and Robert F Koenigshof Deceased having filed in said Court his petition praying for license to sell the interest of said estate in certain real estate therein described.

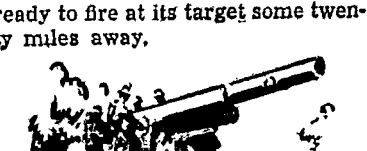

It is Ordered, That the 5th day of April A D, 1943, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said County.

What You Buy With WAR BONDS

The biggest field gun in the Army that's the 240-mm. howitzer. It's twenty-feet of barrel and must be pulled into position by tractors. After it is rolled into place, its own wheels are removed and the Big Bertha is set upon its emplacement ready to fire at its target some twenty miles away.

The short of these huge guns runs into thousands of dollars but we can assure the Army of obtaining them by our purchases of War Bonds. Ten percent or more of your income is necessary. The easiest way is to join the Payroll Savings Plan at your office or factory. Let's "Top that ten percent!" U. S. Treasury Department

physical endeavor — and there's plenty of it from reveille, at six in the morning to taps at 9:30 at night—is carefully watched by medical men; and the older members of the battalion are urged to take it easy until they once more become the toughened men they were in bygone years. As for the younger fellows, there's no more need to worry about them than if they were in the Army, the Marines, or other branches of the Navy, and the story is about the same.

Quite naturally the emphasis is on the military scheme of things, for these men already know their trades. However, there is technical training in lecture hall and in laboratory, or in specially designed practical workshops. There are talks and actual labor on boilers and heating, Diesel and gas engines, evaporators and purifiers, generators and electricity, aircraft protection and camouflage, pontoons, propulsion units, and dry-docks, tank and radio mast construction, refrigeration, welding, small arms, concrete forms and carpentry, diving, excavation and earth moving, but erection and fire-fighting. The latter four will be covered still more in detail and actual practice after the men have left Camp Allen, at Newark, for the advanced training at Camp Bradford, not far away.

If a man wants action in foreign lands in this war, he'll get it in the Seabees. As soon as a battalion has been formed and has completed its training, it leaves for "Island X," which is a continent, an isthmus, a beachhead anywhere in the world. When a battalion leaves the United States for its objective, it is as complete and sufficient unto itself as American ingenuity and inventiveness can make it. Food, clothing, arms, and ammunition are but a few of the impediments. There must be tents to live in, a laundry, a dentist's and a doctor's office, and paraphernalia, kitchens that cook while they roll, or during tropical hurricanes, or in northern blizzards; and in fact, under all conditions. But even that is only the beginning. There men are sent out to construct something. That means all manner of road building and concrete machinery, it calls for welding and acetylene cutting apparatus and the Diesel engine, gasoline and electrical power to run them. It means tons of concrete, reinforcing iron, and the lumber for forms, tanks for the storage of water and engine fuel. In short, try to visualize a safari of over a thousand men with everything they'll need for months from toothpaste to aspirin, roast beef to a cold glass of beer, work gloves to a new pair of pants. Then add your list of all conceivable equipment, machinery, and materials to build a city in which to live, to carry an airport out of a jungle, to build storage bases and landing facilities on a coral reef. This is a Seabee battalion.

It is Ordered, That the 5th day of April A D, 1943 at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petitions.

It is Further Ordered, That Public notice thereof be given by publication of a copy of this order, once each week for three successive weeks previous to said day of hearing, in the Berrien County Record, a newspaper printed and circulated in said County.

Editorial

"Do unto others as you would have them do unto you." The pupils of our school should observe the Golden Rule more carefully. It is now more than ever, essential that we overcome snobbishness and co-operate in helping win this war.

Don't treat your classmates as though they were poison. When you meet a person, do you wait for him to speak first? Are you selfish and greedy about sharing with others? If your answer is yes, give it another thought. Things like these may seem only trifles to you, but they often develop into more serious actions. Maybe you are one of those snobs. If so, change your ways immediately and try to make more friends.

News Notes

The G.A.A. held a basketball tournament last Thursday night in the high school gymnasium. The battle was staged between Fresh girls vs. Junior G.A.A. The freshman girls won the game.

B.H.S. Junior High Plays

Niles J. H. Last Thursday the B.H.S. junior high basketball team journeyed to Niles to stage a basketball game with their opponents Niles. The seventh and eighth grades fought for a high score, but were finally defeated by Niles. The final score revealed:

Buchanan seventh grade, 11,
 Niles 16.

Buchanan eighth grade, 30,
 Niles 21.

The seventh grade lineup: Don Gray, Ted Gierke, Lloyd Dockey, Paul Montgomery, John Spatta, George Johnson, Walter Casto, Jack Davidson, Merlyn Heckock, James Ott.

The eighth grade lineup: Herbert Moyer, Robert Stark, Kenny Mitchell, Maynard Martin, Marvin Heckthorne, Frederick Clark, Bill Blake, Dale Florey, Herbert Johnson.

Who was that ugly looking boy that had the Hitler face, and frightened the sixth grade teacher and students? (I know, but I won't tell) He escaped from the make-up club.

Mr Stark attended a conference last Wednesday, March 3, in Berrien Springs, with representatives from the state departments. The theme of this conference was "How Schools Adjust Themselves to Present War Conditions."

Gamma Zeta Pi

The regular meeting of the Gamma Zeta Pi was held Monday night after school. Two new members joined the group, Robert Stark and Jack Kussel. Negro make-up was studied and practiced. There are twelve members in the club who are studying the art of make-up. Miss MacNeil is sponsoring the group.

Pvt Joe Mottl

visited the high school during his furlough last week.

Mr J Hynk who has taught mathematics for the past twelve and one-half years in Buchanan high school has resigned to take charge of the church in Bertrand, Michigan.

The students regret his leaving, but wish him happiness and success in his new field of endeavor.

F. F. A. News

The F. F. A. have elected their officers. They are as follows:

President, Robert Koenigshof, vice president, Dick Upham, secretary, Art Reed, treasurer, Dick Post, reporter, Randal Couchman.

Next week there will be an F. F. A. program where they will discuss the farm labor situation.

The dance following the Buchanan-New Troy basketball game

was sponsored by the Latin club. Everyone attending found out what the "gremlins" were for and had a good time.

The French club held a meeting on Monday, March 1. Phyllis Carlisle and Arthur Ebers conducted the meeting, and games were played in French.

All of you, no doubt, have heard about the gremlins that fly Well, we know about another gremlin. Yes—"the drinking fountain gremlin." He's the little fellow that "fixes" the fountains so that the water goes into your face instead of your mouth. Fiendish little fellows, those gremlins.

Last Thursday the nominating committee of the P. T. A. held a meeting to nominate officers for the coming year.

The service flag has the number of 255 on it, which represents the number of people in service who have attended the Buchanan public school. This figure may not be accurate because it was obtained from the public library, and the record might have been added to since.

Friday, March 5, Mr. Hugh Pierce and Mr. Lloyd Johnson, representatives of the Vocational Training for War Production Workers, visited the Buchanan schools to see about putting in supplementary training courses.

Mrs. H. C. Burgoyne, sister of Velma Dumber, visited school Friday.

Mrs. Stark substituted for Miss Kinney one day last week.

Rev Perry E. Fyle spoke before the high school students at the assembly program Thursday, March 4. His topic was "You Name."

Stamp News

The stamp news on our drive March 4, turned out remarkably well. As you already know, the grades won the contest. This is the outcome, Grades 566.15, Dewey Avenue, \$19.88, and Junior and Senior High School \$57.15, making a grand total of \$143.25.

Library News

In the school library there are many magazines with interesting articles in them. In the February issue of Glamour there is the article, "Sounding on Speech" by Helen Sharpe. Grade School News

Miss Carnagan's first graders are watching for signs of spring. They have prepared a chart to record the observations made. They plan on making a little science newspaper, which they will illustrate, to use on the reading table and to take home.

New helpers in Mrs Morley's room are housekeeper, Jean Warner, door keeper, Bonnie Poorman, librarian, James Shove, closet keeper, Joe Hayes, flower keeper, Barbara; board washer, Nellie Antisip.

The children will watch for signs of spring. It has been too cold this week for them to find any.

Miss Fritz' second grade has a new flag in their room.

The helpers in Miss Fritz' room are Nancy Bristol, Jack Ream, Richard VanDeusen, Harold Gaul, John Yaeger, Bob Samson, Kay Heubner, and Harold Forstner.

Dick Swem brought a lovely daffodil plant to Miss Kinney's third grade last week. It has a bright yellow flower on it.

The boys and girls are learning to multiply and divide now. They are enjoying the new work.

The boys and girls in Mrs Fuller's fourth grade had a pop corn sale and earned the money to pay for their Weekly Readers for the second semester. They wish to thank everyone who helped to make it so successful.

The pupils in Miss Ekstrom's fifth grade are spending an imaginary vacation in New York City. They are writing letters home to their friends about the interesting places they have visited in the Eastern States.

Miss D. Lovell's room is beginning the study of the Western States. They are beginning a unit to find out why it is called "the land of great differences."

In science Miss B. Lovell's fifth and sixth grades have been studying the weather. They are now making a weather chart and hope to soon be able to forecast the weather. On Monday we had an exhibit of airplane models.

Miss Reams' sixth grade had an arithmetic contest, the boys against the girls. After about half an hour we counted the scores. They may call the women the weaker sex, but what about the weaker minds?

A sniff and a sob came from Miss Allshouse's sixth grade pupils. The boys' section resounded with wails and cries of dismay. Lynn Watson's wailing sounded above all the others. The cause of all this commotion was that Betty Sue Pendley was moving to Phoenix, Arizona, on Friday, March 5, and the boys just couldn't stand the thought of it. Betty was a favorite with girls, boys, and teacher, and one and all were sorry to see her go.

Miss Allshouse's sixth graders are trying hard to write news articles that are original. They thought it would be easy, but when they began to tackle it they had more difficulty than they had bargained for. But difficult or not, they are still trying!

Mary Lou Carbon, who is in Miss Allshouse's room, returned to school for the first time since she had the German measles. She told an original story about how she recovered from them in four days. She said since it was the German measles, she bought war bonds and stamps. As she did this,

Dewey Avenue News

The kindergarten children are interested in working out a little theatre. We have some very enthusiastic Indians and cowboys in the show.

The first grade is glad to have Floyd Thorsen and Betty Schutze back in school. Both children were out of school with the mumps.

The second grade is enjoying the story of "Bambi" which one of the children brought from the library.

The children in Mrs Wilcox's third grade are continuing bird study. The following boys and girls have made an interesting bird chart: Veldoris Renbarger, the cardinal; Fatsy Wagner, the bluejay; Mary Weaver, the chickadee; J. D. Nee, the woodpecker; Franklin Lennox, the robin; and Lowell Gamble, the bluebird. We are learning a poem about the robin.

Miss Kappel's third grade have enjoyed writing in our new writing books. We have been learning that our papers look much better when we write neatly.

We were glad to see Marlene Keen back. She has been out of school because of the mumps.

The fourth grade is enjoying the study of Switzerland. We are especially interested in the Alps and in the mountain climbers. We are learning about mountain glaciers and snow fields, too. Suzanne Mullen has brought her book The Heidi for us to read in connection with our study.

The following boys and girls have made an interesting bird chart: Veldoris Renbarger, the cardinal; Fatsy Wagner, the bluejay; Mary Weaver, the chickadee; J. D. Nee, the woodpecker; Franklin Lennox, the robin; and Lowell Gamble, the bluebird. We are learning a poem about the robin.

Miss Kappel's third grade have enjoyed writing in our new writing books. We have been learning that our papers look much better when we write neatly.

We were glad to see Marlene Keen back. She has been out of school because of the mumps.

The fourth grade is enjoying the study of Switzerland. We are especially interested in the Alps and in the mountain climbers. We are learning about mountain glaciers and snow fields, too. Suzanne Mullen has brought her book The Heidi for us to read in connection with our study.

Stamp News

The stamp news on our drive March 4, turned out remarkably well. As you already know, the grades won the contest. This is the outcome, Grades 566.15, Dewey Avenue, \$19.88, and Junior and Senior High School \$57.15, making a grand total of \$143.25.

Library News

In the school library there are many magazines with interesting articles in them. In the February issue of Glamour there is the article, "Sounding on Speech" by Helen Sharpe. This article will help improve your pronunciation of words. It also has articles on the latest styles in clothes. Other magazines for your amusement and education are "Boys Life," "Popular Mechanics," "Time," "Life," "Field and Stream," "American Girl," "Reader's Digest," "National Geographic" and others.

From the Farmers to the Harpers

If you feed the cows, pigs, and chickens too, This little rhyme is not aimed at you.

But at you students here in town, Who's heads in shame should be hanging down, When you take your lunch each day, Thinking it is far easier that way.

We students from the country, Think it's a very mean crime, That you sit in the lunchroom, And take your time.

While we from the country, Must stand in line, The food you eat, Is grown by us.

So why not cooperate, And save room for us, Moral: Don't bring your lunch unless it's necessary.

Ruth Young, Seventh grade.

Clear Lake

(by Fern Inman Miles)

Oh, hum—not much doing this week in this sleepy little summer resort, and winter refuge.

Mrs. Ralph Phillips has returned home from Pawating hospital. She is doing as well as can be expected.

Mr and Mrs Chester Tippy and daughter, Dolores, have moved to Chicago where Mr Tippy has accepted work.

A H Fernwalt made his weekly business trip to Chicago Monday.

Mr and Mrs. Fied Bowling were Saturday shoppers in South Bend.

Baby-Betty Ann, daughter of Mr. and Mrs. Jerry Ketch, is doing nicely after getting off to a bad start.

First impressions of Michigan to a Iowan. The crown, sandy soil after always seeing coal black dirt of Iowa, the many trees and their many varieties, clear water of lakes and streams, by far different than the muddy Missouri river. Fish, fish and more fish! The abundance of wild life and fruits, so many kinds. So my hat's off to my adopted state—Michigan—always a delight—never a disappointment. A grand state—Michigan!

Grade School News

Miss Carnagan's first graders are watching for signs of spring. They have prepared a chart to record the observations made. They plan on making a little science newspaper, which they will illustrate, to use on the reading table and to take home.

New helpers in Mrs Morley's room are housekeeper, Jean Warner, door keeper, Bonnie Poorman, librarian, James Shove, closet keeper, Joe Hayes, flower keeper, Barbara; board washer, Nellie Antisip.

The children will watch for signs of spring. It has been too cold this week for them to find any.

Miss Fritz' second grade has a new flag in their room.

The helpers in Miss Fritz' room are Nancy Bristol, Jack Ream, Richard VanDeusen, Harold Gaul, John Yaeger, Bob Samson, Kay Heubner, and Harold Forstner.

Dick Swem brought a lovely daffodil plant to Miss Kinney's third grade last week. It has a bright yellow flower on it.

The boys and girls are learning to multiply and divide now. They are enjoying the new work.

The boys and girls in Mrs Fuller's fourth grade had a pop corn sale and earned the money to pay for their Weekly Readers for the second semester. They wish to thank everyone who helped to make it so successful.

The pupils in Miss Ekstrom's fifth grade are spending an imaginary vacation in New York City. They are writing letters home to their friends about the interesting places they have visited in the Eastern States.

Miss D. Lovell's room is beginning the study of the Western States. They are beginning a unit to find out why it is called "the land of great differences."

In science Miss B. Lovell's fifth and sixth grades have been studying the weather. They are now making a weather chart and hope to soon be able to forecast the weather. On Monday we had an exhibit of airplane models.

Miss Reams' sixth grade had an arithmetic contest, the boys against the girls. After about half an hour we counted the scores. They may call the women the weaker sex, but what about the weaker minds?

A sniff and a sob came from Miss Allshouse's sixth grade pupils. The boys' section resounded with wails and cries of dismay. Lynn Watson's wailing sounded above all the others. The cause of all this commotion was that Betty Sue Pendley was moving to Phoenix, Arizona, on Friday, March 5, and the boys just couldn't stand the thought of it. Betty was a favorite with girls, boys, and teacher, and one and all were sorry to see her go.

Miss Allshouse's sixth graders are trying hard to write news articles that are original. They thought it would be easy, but when they began to tackle it they had more difficulty than they had bargained for. But difficult or not, they are still trying!

Mary Lou Carbon, who is in Miss Allshouse's room, returned to school for the first time since she had the German measles. She told an original story about how she recovered from them in four days. She said since it was the German measles, she bought war bonds and stamps. As she did this,

American measles popped out and started chasing the German measles away

monopoly. Three days later in Wilson, N. C., Judge C. C. Wyche handed down a directed verdict in favor of the Atlantic Commission Co. and other defendants in a similar Anti-Trust Division action charging conspiracy to monopolize part of the potato market.

Dewey Avenue News

The kindergarten children are interested in working out a little theatre. We have some very enthusiastic Indians and cowboys in the show.

The first grade is glad to have Floyd Thorsen and Betty Schutze back in school. Both children were out of school with the mumps.

The second grade is enjoying the story of "Bambi" which one of the children brought from the library.

The children in Mrs Wilcox's third grade are continuing bird study. The following boys and girls have made an interesting bird chart: Veldoris Renbarger, the cardinal; Fatsy Wagner, the bluejay; Mary Weaver, the chickadee; J. D. Nee, the woodpecker; Franklin Lennox, the robin; and Lowell Gamble, the bluebird. We are learning a poem about the robin.
