Pollution Study Urged At Township Meeting

A proposal to study pollution in Clear Lake was made at the regular meeting of the Buchanan township board Monday night.

Sydney Schachtmeister, former Berrien county sanitarian, and now environmental consultant for Gove Engineers, Kalamazoo, made the presentation to the board.

The proposal calls for a feasibility report, economic study and cost estimate for the evaluation of Clear Lake. A complete study of the chemical, biological and physical characteristics of the lake would be made. An evaluation of the information obtained and steps to prevent further deterioration of the lake would be presented. Areas where physical clean-out is needed would be located and methods for cleanout and estimated costs given. A lake restoration program would be presented in a study report.

A price tag of \$3,000 to \$3,500 was put on the project by Schachtmeister. He also noted that several outside agencies would be called in to do specialized work on the project for Gove Engineers.

According to Schachtmeister, the work schedule on the project would call for:

- Establishing districts around the lake for sampling control
- Locating possible sources of contamination and set-up of sampling stations
- Locating deposits of undesirable material and making estimates of volumes
- Obtaining samples of all algae and weeds for identification
- Taking grab samples of water at sampling stations at predetermined intervals to establish the quantity of contamination
- Analyzing all samples and recording results
- Providing proposals for chemical contamination control and estimation of costs
- Providing proposals for algae and weed control and estimation of costs
- Providing proposals for the removal of undesirable material and estimation of costs

Want to Make Fall Study
"We would like to begin the project as soon as possible," said Schachtmeister, "so that we can do a fall baseline study. This would provide seasonal observation and sampling."

Supervisor Ivan Price, commenting on the proposal, said that the board would have to study the proposal, along with the Zoning board.

"I can see where the township board might finance the cost of the study but doing something about the problem is a different matter. Support from the residents around the lake is a must, maybe the project would have to be financed."

Andrews Road Subdivision Planned, Cite Requirements

Walter Reese, Mam Street road, appeared before the Buchanan township board Monday night to request permission to plat a subdivision of his property on the north side of Andrews road.

Supervisor Ivan Price informed Reese that he would need an engineer to prepare detailed drawings and take core samples, and also have the plat approved by the various county agencies.

A bill for \$12,693.76 was received by the board from the Berrien County Road Commission for work completed on Miller, Burgoyne and Chamberlain roads. Miller road, with costs of \$16,100.39 for grading, gravel and drain, was \$2,600 over estimates. Burgoyne road sealing totaled, \$3,093.85, and was \$1,239.48 under estimates. Chamberlain road repairs were \$399.52 over estimates and total \$3,499.52.

Appointed Assistant Inspector
Robert Mitchell, River Shores, was appointed assistant building inspector by the board. He will aid the building inspector, Galen Weaver, in the inspection of township construction.

Building permits, for the month of September, were issued to:

- Glenn Weaver, corner Able and Wagner road, home addition.
- Dewey Bicard, Terre Coupe road, home addition.

Clark Reports Second Best Earnings Period

Clark Equipment company reported Wednesday that earnings for the first nine months of 1968 climbed sharply above levels for the same period of 1967 on the basis of a moderate increase in sales.

Earnings, after surcharge in the quarter ended Sept. 30 rose 34 per cent to \$6.8 million, equal to 60 cents per share, from the 1967 level of \$5.1 million, or 45 cents per share.

"Despite the earnings drain represented by the surtax," said Walter E. Schilmer, president of Clark's, "our nine months results are the second best in the company's history."

Sales jumped to \$128.1 million from \$118.3 million in the third 1967 quarter.

For the first nine months of 1968, earnings of \$18.1 million after surcharge or \$1.60 per share, were seven per cent higher than the \$16.9 million or \$1.50 per share reported a year ago.

Sales of \$371.9 million were only marginally higher than the \$369.3 million for the first nine months of 1967.

"If the economy continues at its present level for the balance of 1968, full year results should show an improvement over 1967," added Schilmer, "although we don't expect to match the record performance of 1966."

Schilmer attributed the sharp rise in the third quarter earnings to improved operating efficiency and a moderately higher level of operation in all divisions.

He noted that overseas performance has been especially strong with civilian sales showing an upswing in all divisions during the quarter.

starting Thursday morning, Oct. 17 and with a gala Homecoming parade scheduled for 7:30 o'clock that evening.

The celebration, trimmed from the ten-day schedule of 1967, was planned by a special sub-committee made up of several Buchanan area colleges and high school students.

Heading the special Fever committee is B. G. Harker, who serves for the second year. Members include Terry Lomough, Lee Ann Smith, Janet Funk, Lou Desenberg, John Colip, John Clark, Jim Jesse, Cindy Funk, Chris Vigansky and Pat Gill.

Strike Up the Bands
The first big feature of the weekend, the parade, will consist of Buchanan's homecoming queen candidates, the Bucks Football squad, several floats and the Variety and Junior Variety bands.

During the parade, the floats will be judged with prizes being awarded at the halftime of Buchanan's grid match with River Valley Friday evening. A snake dance will follow the parade.

Prizes for the parade awards will be provided jointly by a merchants committee and the Buchanan high school student council.

On Friday, merchants will conduct a special "Count Down to Victory" sale which will feature hourly specials and price reductions on articles until the kickoff of the football game.

On Thursday and Friday, merchants will also conduct a "Predict the Score" contest. Buchanan shoppers will have an opportunity on the two days to indicate their prediction of the outcome of the Friday night game and place their entries in receptacles placed throughout the business district.

The first correct score drawn Saturday morning will be the winner of a valuable prize to be given away by the committee. If no correct score is drawn, the winner will be the entry with the closest prediction to the actual score. No purchase is required.

Fashion Show Set
The "Predict the Score" drawing will follow a Saturday morning fashion show.

Trick or Treat Hours Set For Little Kiddies

Wednesday evening, Oct. 30, has been set aside as "Trick or Treat" night in Buchanan, reports David H. Shibinski, chief of police.

"Drivers should be especially prudent," said Shibinski, "during the hours of 6-8 p.m., the hours set aside especially for the tiny beggars."

At 8:00 p.m. the city's fire siren will sound indicating the end of the special begging period. Shibinski suggested homeowners would aid the safety of the little children by turning porch lights on.

Thursday, October 31 is Halloween.

Clark Awards \$3,142 For Employee Ideas

Claude A. Fenn, vice president, Clark Equipment company, awarded eight Clark Buchanan plant employees and one employee currently on military leave, a total of \$3,142 Wednesday, for suggestions submitted under the Clark "Progress Through Ideas" system.

The payout followed the \$2,242 awarded employees of the Buchanan plant in September.

Suggestions used by the company range from an idea for a combination picnicking, foaming, blanking and drawing die to simplify an operation and reduce scrap, to a better and

cheaper method of shipping axles.

Joe E. Smith, formerly a resident of Niles and now in the US Army stationed in Alabama, will soon be receiving a check for \$384.14 as second payment for suggesting the combination of his initial payment of \$218.66 was made about a year ago while Joe was still actively employed by the company. Representing Joe at the presentation ceremony was his foreman, C. L. Heckathorn of Sawyer.

John Billington of Benton Harbor is battling 1,000 with suggestions he has submitted. Since the program began in November 1966 all three of his suggestions have been adopted by the company.

Henry Lakin, 119 W. Chicago, was awarded \$120.10. This is the third award for Henry who has so far submitted four suggestions.

Arvelle Armstrong of Runyon road, a salaried employee, qualified for a \$234.70 cash award for his idea. To date, Arvelle has submitted 65 suggestions, 14 of which have earned awards.

Another Buchanan resident, B. W. Dillinger, 4925 W. US 12, received \$1,002.80 as second payment for his suggestion. His first payment amounted to \$1,281.80 bringing his total award to almost \$2,300 for his suggestion.

Two heads are better than one, and it seems that four heads are better than two. Four Clark employees, L. J. Allen of 302 Cecil, Elmer Ivan of Dowagiac, William Mammon of Mishawaka and Norman Rothenberg of St. Joseph, collectively submitted several suggestions and were awarded \$1,464.71 for their ideas.

Fenn, in presenting the awards, noted that the program was initiated in November of 1966 to provide a means whereby employees could earn cash awards and other forms of recognition for the contribution they make to the progress of the company. He said that the ideas of all employees were essential to the continuing growth of the company, and that over 2,000 such ideas had been submitted.

Local Weather

Buchanan received the first preview of winter's icy blasts this last week as the mercury dipped to near-freezing on two occasions. The week's low was recorded at 34 degrees on Friday. Early Monday, the temperature was recorded at a low of 36 degrees.

The week's high of seventy was reached on two days Wednesday, Oct. 2 and Tuesday, Oct. 8.

Dump Contract Agenda Item For Commission

Among the items scheduled for the business agenda for Monday evening's regular meeting of the Buchanan City Commission is a discussion of the city's sanitary landfill.

Located at the end of Howe Lane, the dump is used by the city and, under contract, by Bertrand township. The township's contract with the city expired in September and is presently up for negotiation.

City Manager Robert Faulhaber will ask commission members for authorization to seek bids for a new city police car to replace a 1963 Plymouth which has more than 45,000 miles logged. It is city policy to seek bids at this point.

The city's one other police car is a 1968 Ford which is expected to remain in service through the remainder of 1968.

Commissioners will also be asked to approve the pay schedule for election workers for the upcoming Nov. 5 General Election. Faulhaber reports they will be asked to approve \$1.50 per hour for workers in the city's four precincts.

The city has in the past had 28 workers, seven in each precinct. City Clerk Treasurer Raymond T. Suabedissen expects to have 36 workers for the November election, which will include two counters in each precinct who will report for duty when the polls close at 8 p.m.

The meeting time for City Commission is 7:30 p.m. on the second floor of City Hall.

Co-ops Feed Banquet Planned For Tuesday

The Buchanan Co-ops Feed Banquet will take place Tuesday evening, Oct. 15, at the Portage Prairie United Methodist church, according to Lyman Clark, Co-ops general manager.

The purpose of the meeting is discussion of new designs and plans in hog, cattle and poultry feeding programs. Speaker for the evening is William Byrum, livestock marketing specialist for the Market Development division of Michigan Farm Bureau.

Conditions Set For Absentees

Going to be out of town for the day, Tuesday, Nov. 5? If so, you can qualify for an absentee ballot.

This is one of four conditions under which an absentee ballot can be obtained, according to Miss Triella Rough, clerk for Bertrand Township.

If you expect to be away from the community for the entire time the polls are open, on election day, that is, from 7:00 a.m. to 8:00 p.m., you may make application.

Application may also be made if:

- you are physically unable to attend the polls without the assistance of another person;
- you cannot attend on election day because of the tenets of your religion; or
- if you are 70 years old or older, even though you may be in the community on the day of election.

Raymond T. Suabedissen, Buchanan city clerk-treasurer, reports that absentee ballot application must be made before 2:00 p.m., Saturday, Nov. 2 according to state law.

If there is a serious illness, however, or a death in the family, special extension may be granted on the deadline. The absolute deadline is 4:00 p.m., Tuesday, Nov. 5.

Applications for absentee ballots may be obtained from any township and city clerk's office.

FLOWERS AND GIFTS — Mrs. Dale (Frances) Sigle, co-owner of Floral Enterprises, puts the final touch on a display at the shop which opened this week on East Front street in quarters formerly occupied by Noggle's Boot shop. Mrs. Sigle and her sister, Mrs. Charles (Betty) Shurte of Barron lake, plan to offer custom arrangements of quality permanent flowers and a moderately priced gift line.

New Floral, Gift Center Opens on East Front Street

Floral Enterprises, a flower and gift shop, opened its doors this week on East Front street in quarters formerly occupied by Noggle's Bootery. The owners of Floral Enterprises are two sisters, Mrs. Dale (Frances) Sigle of Range Line road and Mrs. Charles (Betty) Shurte of Barron lake.

The shop will feature permanent arrangements for the home or business and a moderately priced line of gift items, such as candles, wickerware, wooden ware and novelties.

The sisters began their business about two years ago at the suggestion of friends and the encouragement of their husbands. Their first services consisted of custom arrangements and developed into home demonstration parties also.

They credit their husbands with the realization of an actual shop. The men contributed time and talent to the remodeling by painting, shelf building, and babysitting.

The Sigles are the parents of three boys, Robert 6, Alan 4, and Gregory 3. The Shurtes are expecting their first child in the very near future.

With the opening of the shop they have expanded their services to include a rental service for businesses or individuals who would like to change their decorations on a regular basis or need a particular type of arrangement for a special occasion such as a party or grand opening.

Several of their designs have been on display in area restaurants and businesses.

For custom assignments, Mrs. Sigle or Mrs. Shurte will design an arrangement to suit the customer's own container or offer selection from a number of containers in stock.

Displays at the shop include arrangements for all occasions in addition to Autumn, Thanksgiving, and Christmas decorations.

Hours for the shop will be 9:30 a.m. to 5:15 p.m. Monday thru Saturday.

"We feel sure that between Saturday and the last day of the drive, Sunday, Nov. 10, we will hit the victory mark," said Dodge. He noted the Saturday morning kick off breakfast was planned to stimulate enthusiasm to a sure the victory.

Registrations Up In Townships

Voter registration activity in Bertrand and Buchanan townships is reported "high" since the primary election.

According to Clayton E. Spaulding, Buchanan township clerk, 200 persons have registered to vote in the Nov. 5, general election since Aug. 6. Ninety-five persons registered on the last day.

The deadline for registering was Friday, Oct. 4. The township now has 1225 registered voters, 500 in precinct 1 and 725 in the second precinct.

In Bertrand township, business on the final day of registration was "not as busy as I thought it would be," said Clerk Trella Rough. Forty persons signed the voter rolls before the 8:00 p.m. deadline.

Since Aug. 6, 151 persons have been listed as new registrants.

Bertrand now has 984 registered voters, the number, however, subject to cancellations received from other townships and absentee registrations.

Buchanan city is unable to indicate registration activity, reports Ray Suabedissen, city clerk-treasurer. "We have been very busy with registrations since the primary and we expect to make final voter tally before the end of the week," he said.

Campaign chairman Ron Church said \$8,327 was reported collected.

"This does not include," Church noted, "reports from our major industries such as Clark Equipment company, Electro Voice, Inc., Buchanan Steel Products and others."

The breakfast meeting was the first of two to be held, at which division chairmen report their successes. The drive began Tuesday, Oct. 1 and continues through next Tuesday.

The next report meeting is scheduled for Monday morning at 7 o'clock. Site of the meeting is Louie's restaurant, 103 Days Ave.

Clark Tour Set For Teachers

As a part of a local in-service training program in the Buchanan public schools, local teachers will tour the Clark Equipment company plant Friday morning.

The teachers will meet at the company's administrative building on Dewey avenue at 9 a.m. to begin the 2 1/2 hour tour.

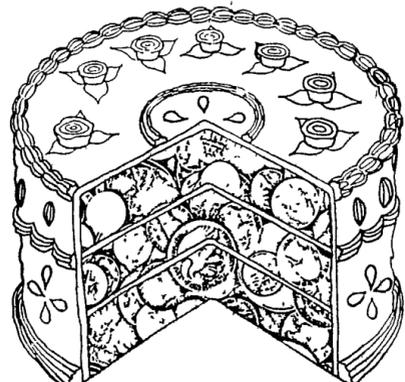

During Friday afternoon, the teachers will gather in the high school library for a general faculty meeting.

The final hour of the afternoon will be set aside for separate elementary and secondary department meetings. The elementary department will meet at the McCaslin gymnasium at 2:30 p.m. while secondary teachers will be advised of their meeting location by Donald Trull, high school principal.

NOW YOU CAN HAVE YOUR CAKE and EAT IT TOO!

THIS IS THE PLAN. DECIDE HOW MUCH YOU'LL SAVE each month and put that amount aside monthly before you start your spending. **IT PAYS TO REMEMBER** that regularity of saving over a period of time is what really counts. **THE CHART IS BASED** on saving \$100 monthly for 15 years, then withdrawing \$100 monthly for the next 15 years. Throughout the entire period, earnings are added to the account and compounded regularly. **TO USE THE CHART** to figure the effect of saving \$25 a month, divide all figures by 4. For \$50 a month, divide by 2. For \$200 a month, multiply by 2, and so on.

15 YEARS OF SAVING				15 YEARS OF WITHDRAWING

*At the end of each year. These figures are projected at 4% a year, compounded quarterly. More than you saved will in account after 15 years of withdrawing.

THIS IS THE TIME. LOOK AHEAD 15 YEARS into the future. No matter how young or old you may be, there's something you'll need money for, isn't there? **YOU CAN HAVE** the money you need 15 years from now, if you start your own sensible "15-Year Savings Plan" at once. But don't put it off . . . **TIME IS THE MAGIC INGREDIENT** in this practical savings plan. And, as the chart shows, time is—literally—money to you. Delay is costly. **SAVINGS IS EASY** once you start out right with a workable plan you know will get results. Here you have the workable plan. Why not come on in and get started on it?

While in Chile, Mickey traveled a good deal and spent every weekend at the family's cottage at the seashore.

Michele is the daughter of Mr. and Mrs. A. B. White, 116 Clark St.

She reported that while in South America she watched "a lot of" television. "Only one show originates in Chile, the rest are imports." "Commercial ads are shown only once every half hour, but they might last as long as ten minutes," reported Mickey.

It is refreshing to know that television is not really that different in Chile, isn't it.

—Visiting the Hermitage, the world's largest museum, the czar's summer palace; and viewing the Russian ballet.

Would you like to go back, Mary Alice? "Yes, but I'd like a little breather in between." Her parents, Mr. and Mrs. David Hanson of 402 W. Third St., would probably agree.

Auf Deutschland. Less than a hundred miles from the coast of the southern end of the Baltic sea is the city of Bremen, West Germany, a chief continental port of emigration and Europe's second largest cotton market.

In this old city of Gothic and Romanesque architecture, Terry Rundborg spent an enlightening eight weeks.

For his first impression, we refer to Terry's chronicle. "I had read stories of the 'old country' and I expected to find a whole new 'look' from the United States. To my surprise, there is nothing really different between the two countries.

"Walking down the streets of Hamburg or Bremen is much like walking on the streets of any major American city, except the houses are taller and more narrow."

While in the West German city, Terry lived with the Ernest Hammens family.

Back to Terry's diary: "Bremen suffered more than 62 percent destruction in World War II. One of the most uncanny things I was to find during my stay was that not a sign of destruction was visible — anywhere.

"In twenty years, the Germans have built the city up from ashes, literally, and it is now one of the most modern cities in Europe."

Do German young people think differently than American youth? "No," says Terry. "They feel the same feelings we do and think much as we do. They have a great love for America as do their elders."

What about schools in Germany? "The teachers in German schools are well paid," reports Terry. "They receive between \$145,000 a year as a beginning teacher, with \$500 raises every two years."

Schools run on a staggered schedule with students arriving and leaving at different times throughout the day. Teachers, Terry reports, move from room to room rather than students — an idea he favors.

Terry has learned a smattering of German and has a burning

desire to return to the continent. He is the son of Mr. and Mrs. James Rundborg, Sr., 806 E. Smith St.

Bienvenido, Amigo

For Michele White, Santiago de Chile, Chile's capital city of three million persons was "home" for eight weeks. Her "foster parents," Sr. y Sra. Eugenio Prieto.

While in the South American capital, Michele attended the Youth for Understanding school for two hours each day, studying Spanish, geography and the history of her host nation. She also had the opportunity to visit her "sister's" school which she described as "American but taught in a European manner."

Her Chilean "sister", 17-year-old Cecilia Prieto, hopes to visit the United States in the spring on the same program which made possible Mickey's trip.

One major difference in the school system in Chile noted by Michele "There are very few public schools", she reported, "and those which do exist are provided only for the very poor."

While it was summer in Buchanan, Mickey visited Chile in the dead of winter. "It was cold," she said, "but never below freezing."

She discovered that many travelers to Latin American countries soon discover "Driving is scary in Chile. On one highway, there were six lanes with eight cars abreast and the people turn regardless of what lane they are travelling."

"Did you learn Spanish?" "A little bit," says Michele, "but it was difficult. It seems the Chileans were always quite anxious to try out their English on me — so it would wind up with me speaking Spanish and my Chilean counterparts speaking English."

Varsity Band Receives Honor

The Buchanan high school marching band was one of four bands to walk off with first division ratings at the Southwestern Michigan Band and Orchestra association's 1968 Marching festival at Niles, Wednesday, Oct. 2.

Brandywine, Niles and DeCatur were also top winners in the field of ten bands competing.

The Bucks Varsity band made excellent impressions on judges for the event — they received top ratings in each of the categories of the contest.

According to Darius Jaspers, band director, the band began its show from a company front formation with a majestic fanfare.

On the signal of Senior Drum Major Cindy Funk, the band stepped off down the field at Niles Senior high school to the splited strains of the "March of the Olympians" and drew praise from contest judges.

A precision drill routine and fancy footwork to the tune of the popular hit, "Fever" were also included in the band's 9½ minute program.

Presentation of the overall First Division award was made to the band by Harry Ahrens, president of the SWMBOA.

Plan Band Show

On Friday, Nov. 1, the Buchanan Varsity and Junior bands will join for a combined band show at the halftime of the Buchanan-Lakeshore football game. With the addition of the high school chorus, more than 200 young people will fill Memorial field with music in a patriotic vein. A surprise attraction is also planned for that appearance, reports Jaspers.

CLEAR LAKE

Continued from Page 1 thru a special assessment district," Price said.

Why a Study? "I don't like to point a finger at anyone for the cause of the lake deterioration," said Price. "But we have had problems, the recent events at the lake have just brought the conditions to everyone's attention."

Price was referring, in the latter part of his statement, to the recent threatened closing of Camp Sura by the County Health department. Schachtmeister stated, at the meeting, that he had made a proposal to the Chicago Jewish Board of Education to design new facilities for sewage disposal at the camp.

Residents Express Concern Two long-time residents of Clear Lake contacted by the Record Tuesday, stated that the lake is gradually being polluted. They have noticed more weeds and algae in recent years. This plus the reddish, brown tamarack flowing into the lake has caused further consternation.

"Something has to be done and I am for getting the study made," stated one resident.

Memories Linger From Summer Trips For Buchanan Students

With preparations beginning for Buchanan's homecoming festivities and school activities taking place at a hectic pace, three young people look back to their summer break.

The trio were exchange students who spent several weeks abroad — visiting such countries as Finland, West Germany and Chile.

The visits of Mary Alice Hanson, Michele White and Terry Rundborg are past now, but the memories linger and the impressions gained are vivid.

"It was difficult to sleep the first couple of nights," said Mary Alice, "that is, getting used to the sun!"

Mary Alice was recounting her first few days with the Uno Fagerholm family in Finland's capital city, Helsinki, on the Gulf of Finland in the north Baltic Sea.

The midsummer nights on the Finnish peninsula are not really nights as we know them, she pointed out. "On June 21, the sun was up all night," she added.

The weather? "It got up to 70 a couple of days during my visit," she remembers, "and the Finns were sweltering in the 'heatwave'." Despite the city's location on the Gulf, the humidity was not unseemingly high, Mary Alice recalls, but it did rain a good deal.

What was the topic of her first conversation in her "foster" home? The Kennedys. "The entire Kennedy family is highly revered in Finland," she said. Of the gifts taken to Finland by Mary Alice, the Kennedy half-dollars were the most cherished.

During her eight-week stay in the north European republic, Mary Alice got the opportunity to venture to the south for a brief but interesting visit to the Union of Soviet Socialist Republics.

"You could feel the difference as you crossed the border," said Mary Alice. Roads were reportedly of poorer construction, engineering was poorer and "we passed only eight or nine cars on our six hour trip from the border to Leningrad by bus," she said.

Some experiences in Russia — Customs was strict, some travelers had Bibles which were taken away by the Communist border guards.

—Russian children wanted her bus to stop so they could buy chewing gum. It is not produced in Russia because they feel it is one of the evils of the Capitalist society.

—Twelve Russian youngsters were taken away by Communist police for attempting to talk with the Finnish tourists and Mary Alice.

Anderson-Johnson Nuptials Saturday At St. Anthony's

Miss Lynn Sherry Anderson became the bride of Densel Ray Johnson of Dowagiac Saturday in St. Anthony's Catholic church.

The Rev. Leon H. Pohl, church pastor, performed the 7:30 o'clock double ring ceremony before an altar graced with bouquets of yellow and bronze chrysanthemums.

Nuptial music was by the church organist, Mrs. John Zelder.

The bride is the daughter of Mr. and Mrs. Harold A. Anderson of 4025 Chamberlain road, and the bridegroom is the son of Mr. and Mrs. Paul Johnson of 217 Spaulding St., Dowagiac.

Escorted by her father, the bride appeared in a floor-length A-line gown of imported Chantilly lace over organza and satin. The empire bodice was fashioned with a bateau neckline trimmed with seed pearls and long sleeves tapering to bridal points. Two tiny bows accented the detachable chapel train which flowed from the mid-back. An elongated cap of Alencon lace petals with seed pearl trim secured her ballerina length veil of pure silk English illusion and she carried a cascade of white roses.

Mrs. Jim Anderson of Galien, a sister-in-law of the bride, as matron of honor, was attired in a floor-length empire gown styled with a brown velvet bodice with scoop neckline and long sleeves and a cream beige crepe skirt with matching crepe train flowing from the back waist. A brown velvet bow held her shoulder length veil of candlelight silk illusion and she carried a cascade of yellow and bronze chrysanthemums.

The bridesmaids, Miss Carolyn Hubbs of Cement City and Miss Sandra Williams each wore a costume identical in

Mrs. Densel Johnson

color and detail to that of the matron of honor, but without a train, and each carried a similar bouquet.

Bucks Get 3rd Loss; Aim For Brandywine

Hopes that Buchanan might have a prestigious ranking in the Blossomland conference at season's end were dimmed Friday night as the Bucks took defeat at the hands of Edwardsburg, 18-13.

It was the third loss for the Bucks this season, their second in conference matchings.

An improvement was shown, however, in the Bucks defense as they held Edwardsburg scoreless in the second half while marking a tally in the fourth quarter.

34-yard opening boot.

With action at the Bucks 20, quarterback Pat Sexton electrified spectators as he chose to keep the pigskin on the opening play, skited the Eddie line wide on the left and sprinted 74 yards for pay dirt.

With the game less than a minute old, Bucks fullback Gary Elliott missed a PAT kick attempt, but the Bucks were on the board 6-0.

Ron Aalfs' return kick off put the Eddies on their own 38 yard line for their opening series of the game.

They pushed to the Buchanan 46, but the threat was ended when Bucks defensive end Har-

lan Vastine snagged a pass from Eddie quarterback Glen Emenaker intended for halfback Jerry Howard.

The Bucks took over for their second series of the game, working from their own 35. A push toward paydirt ended when a fumble put the pigskin back in the hands of Edwardsburg's defensive end, Gary White, on the Buchanan 46-yard line.

The bobble proved costly as the Eddies moved steadily downfield in seven plays for their first score of the game with Emenaker scampering around left end for the score. Defensive action by Bucks linebacker Ted Lake resulted in a missed PAT attempt.

The Eddies would not let up and dominated the clock and the field during the second quarter, piling up two additional TDs and 140 yards in rushing yardage.

The second Eddies tally came on a third and four situation on the Buchanan five yard line. Emenaker shoved a handoff to his fullback Doug Smith who waltzed into the end zone thru a massive hole on the right side of the Buchanan defensive line.

Two minutes later, Eddie halfback Randy Hoffman hit the left side of the Bucks line at the Buchanan eleven, found daylight and charged in for the score.

Both PAT kick attempts by Robin Ward were not good.

During the quarter, the Bucks were held to a minus five yards

DEFENSIVE PLAY UP — The Bucks showed improvement in their defensive attitudes this last week despite their loss to Edwardsburg, 18-13. They held the Eddies scoreless in the second half. Above, Bucks safety Pat Sexton (17) churns to bring down the Edwardsburg fullback Randy Hoffman (21). Other Bucks moving in on the play include left tackle Bill Glossinger (70), Reg Turner (80) and middle guard Ron Marbeller (60). Glossinger took defensive honors for the team Friday, according to Head Coach Doug Borgert.

Edwardsburg Tops; Cass Scores Upset

Edwardsburg's win against Buchanan and a surprise upset of a highly-rated Berrien Springs squad narrowed the Blossomland conference lead to one team — the Eddies — and molded a hot and heavy three way race for the circuit's second spot.

Berrien Springs, River Valley and Brandywine will be out Friday to define the conference standings and eliminate the traffic jam in the number two spot.

In fifth place is Cassopolis, by virtue of its defeat of the Shamrocks Friday, while Buchanan, Coloma and Lakeshore share the sixth place berth.

Cassopolis 14, B. Springs 6. Nine fumbles, a pass interception and a Cassopolis monster-linebacker named Charlie Brown combined to weave the roadblock which ended Berrien Springs' three game streak.

Defensive stand-out for the Bucks was Bill Glossinger, a 185 pound senior. Taking honors for Edwardsburg were defensive end White and linebacker Jerry Howard.

Coming Up

On Friday night, the Bucks travel to Brandywine to meet a revived Bobcat offensive squad which massed 39 points in its victory over the Lakeshore Lancers last Friday night. Time of the contest is 8 p.m.

AROUND THE CIRCUIT

Edwardsburg Tops; Cass Scores Upset

Friday night

Cass dominated offensive and defensive action thruout the first three games of the contest. At the halftime gun, both teams were scoreless.

In the third period, Brown stole a Shamrock pass from Sprungs' quarterback Mark Boehm and scampered sixty yards to break the deadlock and get Cass on the board.

Three plays later, the Shamrocks fumbled the pigskin away, leading to a 34 yard touchdown pass from Cass quarterback Jeff Hiemstra to end Larry Ash. Both PAT attempts, kicked by Bernard Thomas, were successful.

The Springs lone score came in the fourth period when Shamrock's Denny Fox bulled two yards for paydirt.

Brandywine 39, Lakeshore 26. Ten touchdowns, six scored in the game's second half accounted for a high scoring melee as the Bobcats of Brandywine defeated the Lakeshore Lancers at St Joseph.

Jim Johnson scored two touchdowns for the Bobcats, kicked three extra points and came away from the match with a credit of 154 yards gained. Teammate Dennis Kuemins racked up 93 yards. In all, the Bobcats gained 315 net yards.

Lakeshore also topped the 300 yards mark in yards gained.

Brandywine came up with 12 points on TDs in each of the first two periods. They doubled the mark in the second half with a pair of TDs for both the third and fourth frames. Three of six PAT attempts failed.

Lakeshore was scoreless in the first period, came on with a pair of TD's and two successful PAT tries to lead at the end of the half. A tally in each of the remaining two periods failed to put the Lancers in a near-winning position. Lakeshore was two for four in PAT tries. They are winless for the season.

The 39 points scored by Brandywine was 14 more than the total scored by the team in its first three outings.

R. Valley 20, Coloma 0. Coloma remained among the trio of winless teams in the Bud conference with their Friday loss. The Mustangs of River Valley were quick to take the advantage in the match, coming up with their winning score in the first half.

That the Mustangs were "hot" defensively was demonstrated by the scoreless second half. River Valley has now shut out three opponents in its four appearances.

Mustang back Matt Caid was responsible for 14 of the 20 points scored by the Valley eleven. George Kuipers scored for the remaining touchdown.

While they netted 298 yards in the four periods, the Mustangs held the Cornets to 123 yards, split about evenly between the ground and aerial attacks. Five Coloma passes were intercepted.

The Mustangs garnered 14 first downs in the game, while Coloma was held to only four.

Looking Ahead

"Around the Circuit" was 500 for the last week, with the Cass upset and Brandywine's victory bringing the average down.

Saturday morning should see River Valley with a win over Cassopolis and Berrien Springs home from Coloma a winner.

Edwardsburg is favored over Lakeshore, but an upset is a distinct possibility here. Buchanan will have to work hard to

Bucks JVs Score Victory Over Edwardsburg, 12-7

The Bucks Jayvees added another credit to their season's record Thursday, Oct. 3, when they topped the little Eddies 12-7.

The JVs are now 2-1 for the season.

In their latest win, the young Bucks began the day's scoring in the second quarter when Jeff Wood snagged an Eddie pass on the Edwardsburg 20 yard line and scampered into the end zone for the score. Ray Hartline's kick attempt for the PAT was not good.

Later in the same frame, the Jayvees jumped into scoring position when they blocked an Eddie punt on the Edwardsburg 20. Before the Buchanan series was completed, fullback John Meeks had charged 15 yards on an off tackle run for the second Bucks TD. Hartline missed the second kick attempt for the PAT.

The Edwardsburg lone score came in the third period.

After that TD, the Eddies were unable to penetrate Buchanan territory beyond the 15 yard line. On their own venture to that point, the Eddies lost the ball for the second time in the match when Jeff Wood repeated his second period performance, taking a pass interception to end the threat.

According to JV Coach Ed McKeel, the Jayvees were up on defensive blocking over previous contests. He had praise for the defensive maneuvers of the little Bucks. "We had three

and four men on the tackles — the boys are working hard on basics and it's paying off," he said.

In previous games, the Bucks JVs lost their first to Cassopolis, 6-0. Offensive mistakes accounted for the loss. The Ranger Jayvees came away from the contest with no first downs gained and they drew a blank on four pass attempts.

Penalties also plagued the Bucks in their opening game.

Head knocking practice after the Cass game led to a 32-19 victory against Berrien Springs in the Bucks JVs second match of the season.

Tonight at 7 o'clock, the Bucks JVs meet Brandywine at Memorial Field.

The Old Pro

The once-proud Bucks gave a full effort in the second half against the Eddies and almost pulled off the upset of the year.

The opportunity was there, but the Bucks had neither the poise nor the offense to make the sustained drive in the fourth quarter — a drive which could have given them victory.

Their "never quit" attitude is to be admired, but poise and team or field leadership is a must in the tough ones.

Injuries are beginning to take their toll with the loss of such players as Eugene Bailey, Rich Backus and Jim Stibbs.

When you look at the dejected Seniors, it seems improbable they were defeated as a freshman team. Attrition has certainly taken its toll.

There will be no easy games this year and this week will be no exception. Brandywine will be out for blood as they seem to have found new offensive life in scoring 39 points against Lakeshore.

The League has finally grown up and everybody will be shooting for the once mighty Bucks.

Based on performance to date, I cannot see that the Bucks are going to be consistent winners next year.

The underclassmen have not shown enough speed or leadership potential to reverse the present trend.

Improvement in the Bucks offense could put new life in the team — and a victory now could be a lifesaver. Fight back, Bucks.

St. Joe Ponies Ride Hard Over Gaels, 25-0

The St. Joe Catholic Ponies rode roughshod over the Galien Gaels Friday night, 25-0 and in the process evened Galien's conference record to 2-2.

The tables were turned as the Gaels, who were ranked as the top defensive team in Southwestern Michigan last season, allowed the Ponies 293 net yards gained while piling up only 96 yards on their own.

The Gael loss was attributed to an upsurge within the last week by the Ponies Scouts had reported the team down in matches prior to the meet—but, according to Ponies coach Terry Rose, "They decided they weren't going to walk around like whipped dogs."

The Ponies were defeated 47-0 a week ago by Battle Creek's St. Phillip.

Gael Coach Dave Barz gave credit where it was due after the contest: "They played a fine

game and deceived to win." The Gallen nemesis took the form of Ponies' halfback Steve Ives who scored in each quarter for the first 24 points and completed a PAT kick in the third for the final point.

Three Gael passes which were intercepted and two balls lost on fumbles were major factors in the contest. On three of his TD runs, Ives charged from a line of scrimmage within the Gael five yard line. His fourth period TD came on a 29 yard dash.

Gael will have an open date this Friday and will spend the pause working on defensive and offensive maneuvers as they bone up for their Oct. 15 meeting with Eau Claire. The Beavers are tied for second spot in the Red Arrow conference with Watervliet. Their records 3-0-1.

TRYING TIMES

Michigan government officials have had some trying moments in office but none more trying than that of Gen. William Hull, governor of the Michigan Territory during the War of 1812.

Hull was court martialed on Jan. 3, 1814, and sentenced to death for surrendering Detroit to the British without a fight. Fortunately, Hull's sentence was remitted.

RAW SURFACE WATER IS NOT SAFE TO DRINK

It is no longer considered safe to drink raw surface water from either lakes or streams. Civilization, with its potential contamination, has invaded even the wilderness area.

When traveling distances from approved public water supplies, it is wise to have a filled Thermos or canteen. For an emergency use, two drops of Tincture of Iodine in a pint of water, left to stand for a half hour before drinking is safe. Easler to use is a product we carry called Halazone. One tablet purifies a pint of water. Explorers use them.
