

GALLEN SINCLAIR STATION HELD UP

1949 Grid 11 To Be Unveiled in Game With New Buffalo Here Fri.

Class D Bisons First Test Of Buck Strength

2,500 Stadium Bleacher Seats Are Available For The Game

The bid will be raised Friday night at 7:30 p.m. on the local 1949 football season when the Buchanan high school Bisons meet New Buffalo at Memorial Field in the season opener for both teams.

The Bisons will attempt to continue their string of victories that has carried them through their last thirteen games without a loss. The last defeat pinned on the local lads came the third game of the 1947 season at the hands of South Haven since that time only a 6-6 tie in the mud and rain at St. Joe last year makes a perfect record.

During this time two successive Big 7 conference titles have been won and last year's team was ranked third best in its class for the entire state by the Detroit Free Press.

Coach Les Miller lost many of his stars from the 1948 championship eleven but prospects still remain good for this fall. Gone will be such all-around choices as Leroy Smith, smashing fullback, Roger Wissler, star pass catcher and punter, and Jimmy Martin, a small but hard hitting guard. Also John Hamilton, first string center, Dick Miller, a stellar quarterback, Gene Aalls, a fleet footed end, Jim Mottl, a regular tackle, and George Marsh, a guard, have graduated and will no longer be available to help fill the gaps left from a year ago.

At the ends, Dick Lauer, Bob Luke, and Truman Schag are back with other help expected from George Vincent, Fred Altgott, and Phil Pennell, up from last year's Fresh eleven. The tackle chores will be handled by Co-Capt. Kenneth Ehler, Dale Witcox, Lawrence Zelman, Marian Stoner, and Bill Mottl. Jim Runyon, Luman Granger, Lynn Watson, and Gene Beck are returning lettermen at guards, with help also expected from Elmer Adolph, Gene Schemhorn and Vic Shafer, who played with the reserves last year.

Richard Virgil will be back at center, understudied by Sophomore Jack Schultz.

In the backfield Co-capt. Dale Rifenberg, Jim Topash, Bill Hess, Don Smith, Bob Gamble and Jim Metfield are the returning lettermen. Gamble will probably get the call at the quarterback spot, with Rifenberg, Topash and Hess sharing halfback duties. Don Smith is being groomed for the fullback post held last year by his brother Leroy.

Among the new backs, Jerry Pierce and John Hausman have been impressive in early drills. Coach Miller will again have as his assistants this year the same two who helped produce last year's champions. Bill Burkett will handle the line and scouting duties, with John Flynn coaching the reserve squad.

Twenty-five stands seats will be available for fans this year with the hillside providing a good vantage point for many more. The new concrete stands have been reserved by Memorial Field Inc. and season reserve seat tickets are on sale at Stubbs Unreserved season tickets priced at \$2 are on sale at Wisner's, Riley's, Kean's Barber Shop, High Grade Oil Co. and Higgins.

Enact "Stop-Gap Legislation" To Control Building

The city commission enacted "stop-gap legislation" at their meeting Monday night, designed to prevent extensions of industry into the business district, or of industry or business into the residence district before a permanent zoning ordinance is set up or placed in effect sometime within the constitutional time limit of May 27, 1950. The occasion of the legislation was a number of petitions for such extension.

The ordinance, when enacted, will doubtless contain provisions for the retirement of the stop-gap measure. In the meantime the latter measure will maintain the status quo.

H. S. Enrollment Slightly Down As School Opens

The Buchanan schools began regular sessions Monday with a combined enrollment of 1,319 pupils, eight less than the total last year.

Grade enrollment was 12 above that of last year. High school enrollment was eight under last year, chiefly because of the abnormally small senior class of 63. The class of 1950 has been small through its high school history. This drop in the enrollment of the top four grades, which constitutes "high school" as far as athletic classifications are concerned, left the local school at 334 for the four grades or only 9 above the 325 required for Class B membership. It is expected however, that later enrollment will raise the total to last year's level.

The enrollment Monday by grades was as follows: kindergarten, 138; 1st grade, 117; 2nd, 135; 3rd, 123; 4th, 106; 5th, 97; 6th, 90; 7th, 76; 8th, 89; 9th, 99; 10th, 86; 11th, 86; 12th, 63.

Mary E. Reynolds Called By Death

Life Career Of Distinguished Service In Schools And Community Ends

Mary E. Reynolds, who rose from rural school teaching in the Buchanan district to distinguished service in the Chicago public schools, died in Memorial hospital, South Bend, at 12:33 a.m. Tuesday, at the age of 78.

Miss Reynolds retired from teaching in Chicago at the age of 65, after 49 years of continuous teaching. She was graduated from Buchanan high school with the class of 1887. After teaching a number of years in rural schools in this section she secured a position in the Chicago schools. At the time of her retirement 13 years ago she was head teacher of Tilden Technical high school. Always a dynamic leader, she represented the Chicago teachers a number of times as a lobbyist in Congress at Washington, D. C., working for educational interests.

After her return to Buchanan in 1936 this community benefited from her abilities in leadership. She became a member of the Buchanan library board on its organization in 1937 and was still a member at the time of her death. She was an excellent public speaker, specializing in book reviewing, and her talents were often called on by organizations over this entire area and in Chicago. She gave a book review Sunday, August 28, only two days before she entered the South Bend Osteopathic hospital two weeks ago Tuesday.

On her return to Buchanan in 1936, she brought her two older brothers, Abe and Ross Reynolds, from their farm six miles north of Buchanan, to town and established a home for them at 109 South Detroit street. Both brothers incurred long illnesses before their deaths and she gave liberally of her strength in their care. She never really recovered from the long strain consequent to the loss of Ross Reynolds in 1948.

Soon after coming here she developed a deep interest in the Reynolds farm and traveled by car over a wide area selling it to the foundries. She was born June 14, 1871, on Terre Coupe Prairie near Hamilton, Ind., the daughter of Virgil and Nancy Reynolds. She lived there during her childhood. When the two brothers moved to the farm north of Buchanan she continued to spend her summers there and kept up her acquaintance in Buchanan. She was a very active member of the Chicago-Buchanan Society during the last years of that organization's activity, serving as its president in 1938. She was also active here in the local G. A. R. Circle, the Buchanan Thirty Club, and the Buchanan College Club.

She is survived by two cousins, John F. Reynolds of Three Oaks, and William Weaver of Berrien Springs. Funeral services will be held at the Swem Funeral Home at 3 p.m. Thursday, with Rev. William T. Hunt officiating. Burial will be made in the family lot at Hamilton, Ind., near her birthplace.

Mr. and Mrs. John Lauer and sons and Mr. and Mrs. Burt Davis and daughter, Vicki Lynn, spent Sunday in Akron, Ind., as guests of Mrs. Lauer's brother-in-law and sister, Mr. and Mrs. James Paxton.

B.B.A. Promotes Street Decoration For Exposition Progress

HELP US DO THIS JOB RIGHT

On October 5-8 the American Legion, collaborating with the Buchanan Business Association, the Future Farmers of America, and perhaps other organizations, will stage an "Exposition of Progress" featuring especially the products of Buchanan industries.

The Future Farmers of America will hold their annual farm fair in the Youth Council Building, as a part of the exposition. The Buchanan Business Association is engineering the decoration of the streets, plus the decoration of their own places of business, staging a fall merchandising sale, and advertising the full schedule of events.

The Business Association committee first looked into the possibilities of getting a professional decorating company to trim up the streets and business fronts with fall festival regalia. Scared from this idea by high prices, they turned to home-made decorations. It certainly seems that in this section of the United States, where Dame Nature puts on a breath-taking fall festival every year, we should be able to steal a leaf or two from her notebook and use our own ideas.

To measure up to the full possibilities of this job, every merchant will have to lend a hand, and the ideas and aid of other citizens will be welcomed. Here's some of the ideas which are at present aborning in the heads of the committee:

1. Basic materials available here: corn stalks and corn, pumpkins, crookneck squash, colored autumn foliage. Other possible materials would be grapes, fall flowers, both garden and wild, baskets of fruit, including grapes, apples, tomatoes, etc.

2. Artificial materials, as colored cloth or crepe paper might be used to emphasize the fall color note. Windows might be framed with colored cloth or paper, in gold, crimson or brown.

3. Decorations of light poles with corn bundles, squashes or pumpkins hung from the side-bars.

Individual merchants are encouraged to originate and work out their own window decorations. At the same time the committee feels that the creation of a pool of ideas might greatly improve the overall effect. To an extent the Business Association will doubtless locate materials. Those who have seen effective ideas elsewhere or who have ideas of their own are asked to pass them along to Miss Laura Koenigshof, committee chairman.

The best effects will be secured by a combination of individual originality and a community cooperation both in furnishing the ideas and helping create them.

Bring along your ideas! Let's do this job right!

A REAL REVOLUTION

Believe it or not, this writer attended a meeting of conspiring revolutionists within three miles of Buchanan one night in latter August.

There were no red flags flying, and no political slogans displayed either of the left or the right. It wasn't that kind of a revolution. It was one of the grassland meetings scheduled by the Galien Valley Conservation district.

We remember a few years back receiving soil conservation project maps of this district, with all the projects spotted in the north part of the county. And scarcely any in the Buchanan district. The inroads of the revolution in soils practice really began with the organization of the Galien Valley Soils Conservation district only three years ago.

The first part of the meeting was held on what had been a piece of stony, badly-eroded land on the back part of the Young farm. Now it is covered by a deep carpet of matted pasture, composed of alfalfa, brome grass and ladino clover, with some red clover. The parade of cars and trucks stopped out in the field shortly after 7 p.m. and added recruits kept drifting in until dark.

When the meeting adjourned to the Young barn the attendance was estimated at 150, gathered from all parts of South Berrien with a sprinkling of farmers from the north end of the county.

In the field and at the barn the farmers listened attentively to the gospel of soil conservation that is destined to restore to all but the worst eroded lands not only virgin fertility but added richness that the land has never known. It means the end of 100 years of soil mining and the beginning of organized soil building.

In 1839, 110 years ago, Lanman published his pioneer "History of Michigan" written when settlement was only beginning on Portage Prairie.

He wrote of the white oak and burr oak openings that characterized that section: "The soil of the white oak openings is lighter than that of the timbered lands, but because of the matted grass it requires a team of five yoke of oxen to break it up for seeding. The cost is \$12 an acre, varying according to circumstances. The burr oak openings require about the same effort. This is probably the most valuable kind of land. The trees are cut down or girdled, the deep mellow land is plowed up and within a few months it waves with a golden harvest of wheat, producing from 20 to 40 bushels to the acre."

Twenty years ago we used to hear the old settlers reminisce of those yields. The succeeding farmers sold the fertility of their farms to the paper mills where they hauled their straw. No 40 bushel yields any more. From 20 to 25 was good, 18 was average. But in 1949 the farmers hauling wheat into Buchanan were talking of yields from 25 to more than 50 bushels.

They are not just taking it out—they're putting back out on the farms now. At least some of credit is due the conservation movement and leaders like Leo Jones. Watch them—they're revolutionists! But not on the red side of the ledger.

To Have Holiday From Meter Taxes During Festival

Merchants To Promote Merchandise Sale

A tentative program of street decorations for the Buchanan Exposition of Progress on Oct. 5-8 was discussed and agreed on at the September meeting of the Buchanan Business Association Monday night, with President Frank Poorman in the chair.

It was decided that street and window decorations be dominated by the fall note. The committee previously appointed, consisting of Laura Koenigshof (chairman), Agnes Koenigshof, Mrs. William Nelson, Mrs. Benedict Eliott, and Mrs. Teresa Pulks, reported plans and developments up to that time. It was reported that the city manager, C. Leland Gunn, has agreed that a holiday from meter charges will be permitted during the fall festival. Corn, pumpkin and crooknecked squashes will form part of the street decorations. Supplies of each have been located.

It was voted that prizes of \$10, \$7, and \$5 would be voted for the best decorations in store windows. All merchants will be encouraged to decorate to an extent, even if they are not interested in winning prizes. It was also voted that street drawings would be held each night from Wednesday until Saturday during the exposition. Merchants are to be solicited for prizes.

An advertising committee with Don Stubbs as chairman, was named by President Poorman and was instructed to promote a fall merchandise sale during the exposition.

Bob Hutchinson Winner Of Junior Fishing Derby

Robert Hutchinson will receive first prize for the longest brook trout caught in McCoy's creek during the Buchanan Junior Fishermen's Derby held from April 30 to Sept. 11 under the auspices of the Lions Club.

Hutchinson caught his fish on the first day of the season, a 10 1/2 inch trout. Richard Confield and Floyd Throat were tied for second prize with 10 1/2 inch trout. Albert Rakowski will get fourth prize on a 10 7/16 inch trout. Harry Ritter ranked fifth with 10 5/16 and Gerald Smedley sixth with 10 5/16 inches.

Bob Groat, who was in charge of the derby as a representative of the Buchanan Lions club, states that an announcement will be made later in the Berrien County Record as to the definite date of the fish fry where the awards will be made. A total of about 300 young people were enrolled and 344 fish were caught. Nearly all the fish were from the three plantings made by the fish division of the Michigan Conservation department, totaling 700 trout.

Mr. Groat asks that all young members who wish to attend the fish fry notify Forrest Blood, 111 Clark street, by postcard or other means.

Receives Plaque For Firm's Safety Record

Management and employees of Buchanan Co-ops, Inc., were honored in the past week through the presentation of a plaque by the firm's insurance carrier for working a full year with a minimum of compensable injuries.

In making the presentation, M. C. Merbach, Hardware Mutual's safety engineer, pointed out that the firm is one of a select group in its outstanding achievement in the maintenance of a low-injury record, indicating splendid cooperation between management and employees.

Robert Koenigshof, manager, accepted the plaque for his company, stating that the safety record is due to the combined effort and cooperation of all employees, without which it would have been impossible. He mentioned specifically the work of R. B. Metzger, in charge of plant safety, and of the safety committee of employees. The Co-ops employ 28 people.

Buchananites Not Charged For Area Phone Extension

Contrary to some local belief, Buchanan residents are not paying for "area service" which they do not receive, states City Manager Gunn. The term "area service" means an extension of toll-free area to include Niles and Galien.

In the event that the toll-free area be so widened, business phones would pay \$1 more monthly, rural business phones 50c more, one or two-party residence phones 50 cents more, and four-party or rural phones 25c more.

75 Pct. Corn Out Of Frost Danger

Near-Perfect Season Gives Promise Of Record Local Crop

While late-summer dry weather has graded down the estimate for the total 1949 corn crop in the United States, it has not been that way in the Buchanan district, where a record or near-record corn crop looms, indicating that there will be some tall yield stories rivaling those of the wheat harvest.

The 1949 crop will not carry the moisture content that graded down the crop the past two years and will enter the crib in better condition to keep three-fourths of the crop is now beyond the danger from frost, states Robert Koenigshof, manager of Buchanan Co-ops.

The Co-ops portable corn sheller went into action in a test last week at the Russell Clifton crib on the A. E. Housworth farm. The sheller does a nifty labor-saving job. It is set directly against the side of the corn crib and the bottom slat of the crib is removed. A cleated carrier pulls the corn out of the crib, the corn rolling down from above as the carrier eats into it. The sheller was run with tractor power but a stationary motor will be secured this week.

The Co-ops have received assurance that the government will take the corn but is waiting until notice of a shipping point is received before starting to shell through the estimated 100,000 bushels of held-over 1948 corn stored in Berrien County.

A total of 143,000 bushels of 1949 had been shipped out of Buchanan by the Co-ops, as of Monday of this week, as compared with the next highest shipment of 125,000-bushels by this date last year.

The 1949 fall wheat planting will be possibly 15% lower than that of last year, stated Koenigshof, a main factor in the drop being the outlook for lower prices, plus the factor of government allocations. A new factor in the situation this year is the increased demand on the part of local farmers for better seed wheat. Farmers in general learned the value of better seed in the past year. The best yield locally was the Thorpe wheat, and another popular variety was Bald Rock A new variety, Vigo, is also coming into favor. The record average yield, estimated here at from 20 to 35 bushels per acre was in part due to better seed.

Betty Ann Herman Is Graduated From Memorial Hospital

Miss Betty Ann Herman, daughter of Mr. and Mrs. Fred L. Herman, completed her three years of nurses training at Memorial hospital in South Bend, on Monday, Sept. 12.

She is spending three weeks with her parents and family and will then return to the hospital as a member of the nursing staff.

Ivan Dalrymple, Herschel Station Exchange Homes

Ivan Dalrymple and Herschel Station exchanged homes during the past week, the Dalrymples moving from 104 West Fourth street to the former Station home on the east river road below the end of Mich. power plant, and the Station's moving into 104 West 4th.

The Dalrymples moved to get nearer fishing and the Station's to get a young son nearer school. So they traded and everybody's satisfied.

Mrs. W. F. Runner Church, Social Leader, Is Dead

Widow Of Former Buchanan Druggist Dies At Age Of 93

Mrs. Fredrika C. Runner, 93, a resident of Buchanan except for a five-year interval, since 1886, died at her home at 113 West Dewey avenue at 5:30 a.m. Tuesday.

Funeral rites will be held at the Swem funeral home today (Thursday) at 1:30 p.m., with the Rev. W. V. Pohly in charge and burial will be made in Oak Ridge cemetery.

Mrs. Runner was born June 18, 1856, in Medina county, Ohio, the daughter of Mr. and Mrs. Louis Rapp. The family moved to Kalamazoo county, Mich., near Vicksburg, when she was 11 years old. She grew up there and began teaching school as a girl. She then went to Oceana county and taught altogether nine years. She met Willard F. Runner there. At that time he was a druggist in Shelby. They were married in 1878. Mr. Runner bought a drug store located in the present quarters of the Union State Bank in 1886 and they moved to Buchanan.

He conducted the drug store here 28 years. About 1914 they went to Montana, where they spent two years, after which they moved back to Chicago where they spent three years. They then came back to Buchanan and Mr. Runner retired. They had lived since at the home where she died. Mr. Runner died in 1933.

Mrs. Runner had long been a leader in the local Methodist church, and was choir director for many years. She was also a leader in the local W. C. T. U. organization and a member of the Royal Neighbor lodge.

Mrs. Runner first became ill in last February and although she apparently recovered from the bronchial attack at that time, she had gradually declined since. She retained, almost to the last, the keen memory and acute mental faculties that had always marked her during life.

She is survived by two sons, Louis O. Runner of Chicago, and Clarence Runner of Buchanan, by two grandchildren and three great grandchildren.

R. Wissler Signs Baseball Contract At Janesville, Wis.

Roger Wissler, big gun for the Optimist Junior Baseball team for the past two years, and a star high school mound performer, has signed up as pitcher next year with the Janesville, Wis., club, a member of the Wisconsin state league and a subsidiary feeder team of the Chicago Cubs.

Roger won the contract in a try-out held by a Chicago Cub scout in South Bend recently. He plans to enter the Western Michigan College of Education at Kalamazoo this fall, and will leave there in April for Janesville to begin spring practice.

Reject Request To Widen Police Responsibilities

A request that Buchanan police officers serve justice of the peace summons in civil cases in the Berrien Springs area was rejected on Sept. 9 by City Manager C. Leland Gunn.

The situation giving rise to the request is the fact that at the present time Berrien Springs does not have either a justice of the peace or a constable. Civil cases arising in the village are being directed to the court of Rex Lamb in Buchanan. Justice Lamb asked that Buchanan officers serve summons in those cases.

City Manager Gunn stated that Buchanan police officers may serve summons and warrants within the city of Buchanan regardless of the location of the issuing court, and may serve summons and warrants outside the city in either civil or criminal actions initiated by Buchanan people in a Buchanan court. Gunn stated that the city supports the police force and is entitled to the best protection possible.

Bandits Caught West Of 3 Oaks 20 Min. Later

Evelyn Gauz Is Held In Station During Hold-Up

Miss Evelyn Gauz, 706 Berrien street, Buchanan, experienced a very unwelcome thrill Tuesday evening when she and George Klingerman were held up in the latter's filling station at Galien while the station was being robbed by an AWOL soldier from Florida and a girl accomplice.

Klingerman owns and operates the Sinclair station at the junction of M-60 and Cleveland avenue just south of Galien. Miss Gauz and Klingerman were in the filling station shortly before 10 p.m. when the latter was getting ready to close. Shortly before 10 o'clock a black Ford car containing two men and two girls stopped at the station, the driver asking for gasoline. While Klingerman was filling their tank a man and girl went into the station rest rooms. When he had finished the fill-up the man in the car told him that the other man, then in the station office, would pay.

Klingerman and Miss Gauz went into the office when the man suddenly said "This is a stick-up." He stood facing them with the gun pointed at Klingerman but concealed in his side coat pocket. The man held the gun on Klingerman while his female accomplice searched him and then took \$31 from a cash box.

The man then commanded Miss Gauz to sit on Klingerman's lap and the accomplice attempted to find something about the station to tie them up with. Failing, the man and girl ran to the car and took off westward on M-60 toward Three Oaks.

Klingerman called the state police post at New Buffalo and giving them a description of the car and the license number. Troopers Muth and Dalton drove toward Three Oaks, stopping the car a mile west of that place.

Klingerman and Miss Gauz went to the post, where the four fugitives had been taken and identified them. The man who held the gun on Klingerman confessed that his name is Raymond Linn, his age 22, and that he is absent without leave from the Naval Proving Ground at Cocoa, Fla. His home is at 2 White Fern, Mich.

The girl with him was Margaret Ann Eiddle, 17, of Wilmington, Del. The other two who remained in the car were William Ling, 35, also absent without leave from the Naval Proving Grounds at Cocoa, Fla., and Ann Viola Marshall, 19, of Wilmington, Del.

The police searched them and found only \$27.75 and the 32 caliber revolver that Linn had used in the hold-up. They were taken to the Berrien county jail that night and were arraigned yesterday morning before Justice of the Peace Joseph Collier, Jr., of St. Joseph. The date for the examination was set at 10 a.m. Sept. 22 in the same court.

Business Notes

A Good Paint Job. The city hall is now a brilliant illustration of what a good paint job can do for a structure. The structure is reputed to be well over 90 years old, the first brick structure built in Buchanan about the middle of the 1850s. After the completion of the painting by Contractor Pike and his helpers, the building looks younger than many others around town, its juniors by a half century or more but in need of a paint refresher.

The walls are painted yellow buff, with white trim, the mansard roof green, and the porch roof a power gray. Particularly handsome are the old pillars with their beautiful Doric capitals fresh and white. The town can very well be proud of its municipal home.

How To Help Save Your Own Money. One of the several instructions to local householders by Manager Gunn recently on the distribution of rubbish may need a little emphasis.

Operation of the garbage truck has sometimes been hampered in the past by the disposition on the curb of large piles of loose brush and yard trimmings of unequal length. The brush may take up so much space that the truck may have to make a special trip. If such a pile had been prepared as the city ordinance requires, cut into four foot lengths and tied securely in neat, compact bundles, it would take up only a fraction as much room as when in the loose state. An extra trip costs the city several dollars.

By a little care, the householders can help their city save their own money.

This is rich — read it! It would make a mule laugh had one been around. You will remember our storekeeper, Mr. Alford, recently had a gas pump installed. Naturally you would think he would have his tank in the car always filled then. Well — the other day he didn't and worse yet not enough in the tank to go places. Luckily he wasn't too far from the gas pump. Now let's all laugh together.

Clear Lake Woods

Things are sure quiet after the active Labor Day week-end, but friends are still gathering at the pavilion to talk things over.
Mr. and Mrs. Strouder Grimm and their young son, Strouder Wesley, visited at the Plummet home on Tuesday evening.
Mr. and Mrs. Art Hamel and daughter, Jean, are spending a two weeks vacation at their cottage.
Bud Kern returned to Chicago on Sunday after a ten days visit in the Blanck cottage. Mrs. Blanck left on Thursday. Ein Blanck arrived last week and will remain until Friday, teaching Chicago just in time for the wedding of his niece, Doris Blanck, to Ramsey White, on Saturday.
The Martine sisters were back here early Friday evening. They are both teachers in East Chicago, Ind., schools. They report that though the days in the week were few and the pressure at school high, it seemed endless to them after a full summer in their home here.
Lawrence and Lula Rosenquist and Mrs. Jack Carter plan on remaining here until cold weather sets in.
The Hostlers made their regular Friday evening trip, bringing Mr. Hostler's father and their granddaughter, Laurian Keogh, with them. Mr. Hostler remained as there is still a lot of work to be done on their new basement. The Keoghs plan on returning to Missoula, Mont. this week, as Bill will continue his studies there. Mrs. Nell Donohoe is doing very well after her stay in the hospital.
Miss Jean Dwik of Chicago, is spending a week's vacation in Bill Massett's place. Her sister, May, and Bill were here for the week-end. He returned on Wednesday with her brother, Anthony, and will remain until he gets his house painted.
Mrs. Anna Koerner was taken to Pawating hospital on Monday afternoon following a heart attack. She managed to get to Bernice Plummet and then collapsed. With the assistance of Kenny Herman and Art Hamel, she was made as comfortable as possible until her doctor arrived. He ordered her to the hospital at once. At present she is in fair condition, but will not be moved for a few days.
On Monday evening, Margaret, Larry, Dick, and Chuckie Herman surprised Bernice Plummet with a lovely birthday cake and gift.
Virginia Shtuka's last letter from Ruth Lagoni had the good news that her husband had completed studies in the Tokyo University and was now to be given the rank of First Sergeant. Lance and Lynn are in good health and very active. They are sure to be able to talk Japanese, since their nurse is a native.

Miss Mary Swan, head of the English department of the Niles high school, will be the guest speaker at the initial fall meeting of the Reviewers 20 club, this Thursday evening in the home of Mrs. Velma E. Dunbar, Wagner road. She will tell of her trip to England this last summer and will show movies taken on the trip. Mrs. Wayne Smith will be the co-hostess.

Fight Grasshoppers

Airplanes by the dozen and a sizable helicopter fleet now bulk-walk Argentina's army for poisoning annual grasshopper swarms. The pampas in particular, and Latin-American farmlands in general suffer with greater regularity than United States areas.

Mrs. Glenn Frye Talks To Methodist W. S. C. S. Society

Wednesday evening, members and guests of the Methodist Women's Society of Christian Service, numbering 50, attended the opening fall meeting of the organization in the church parlors.

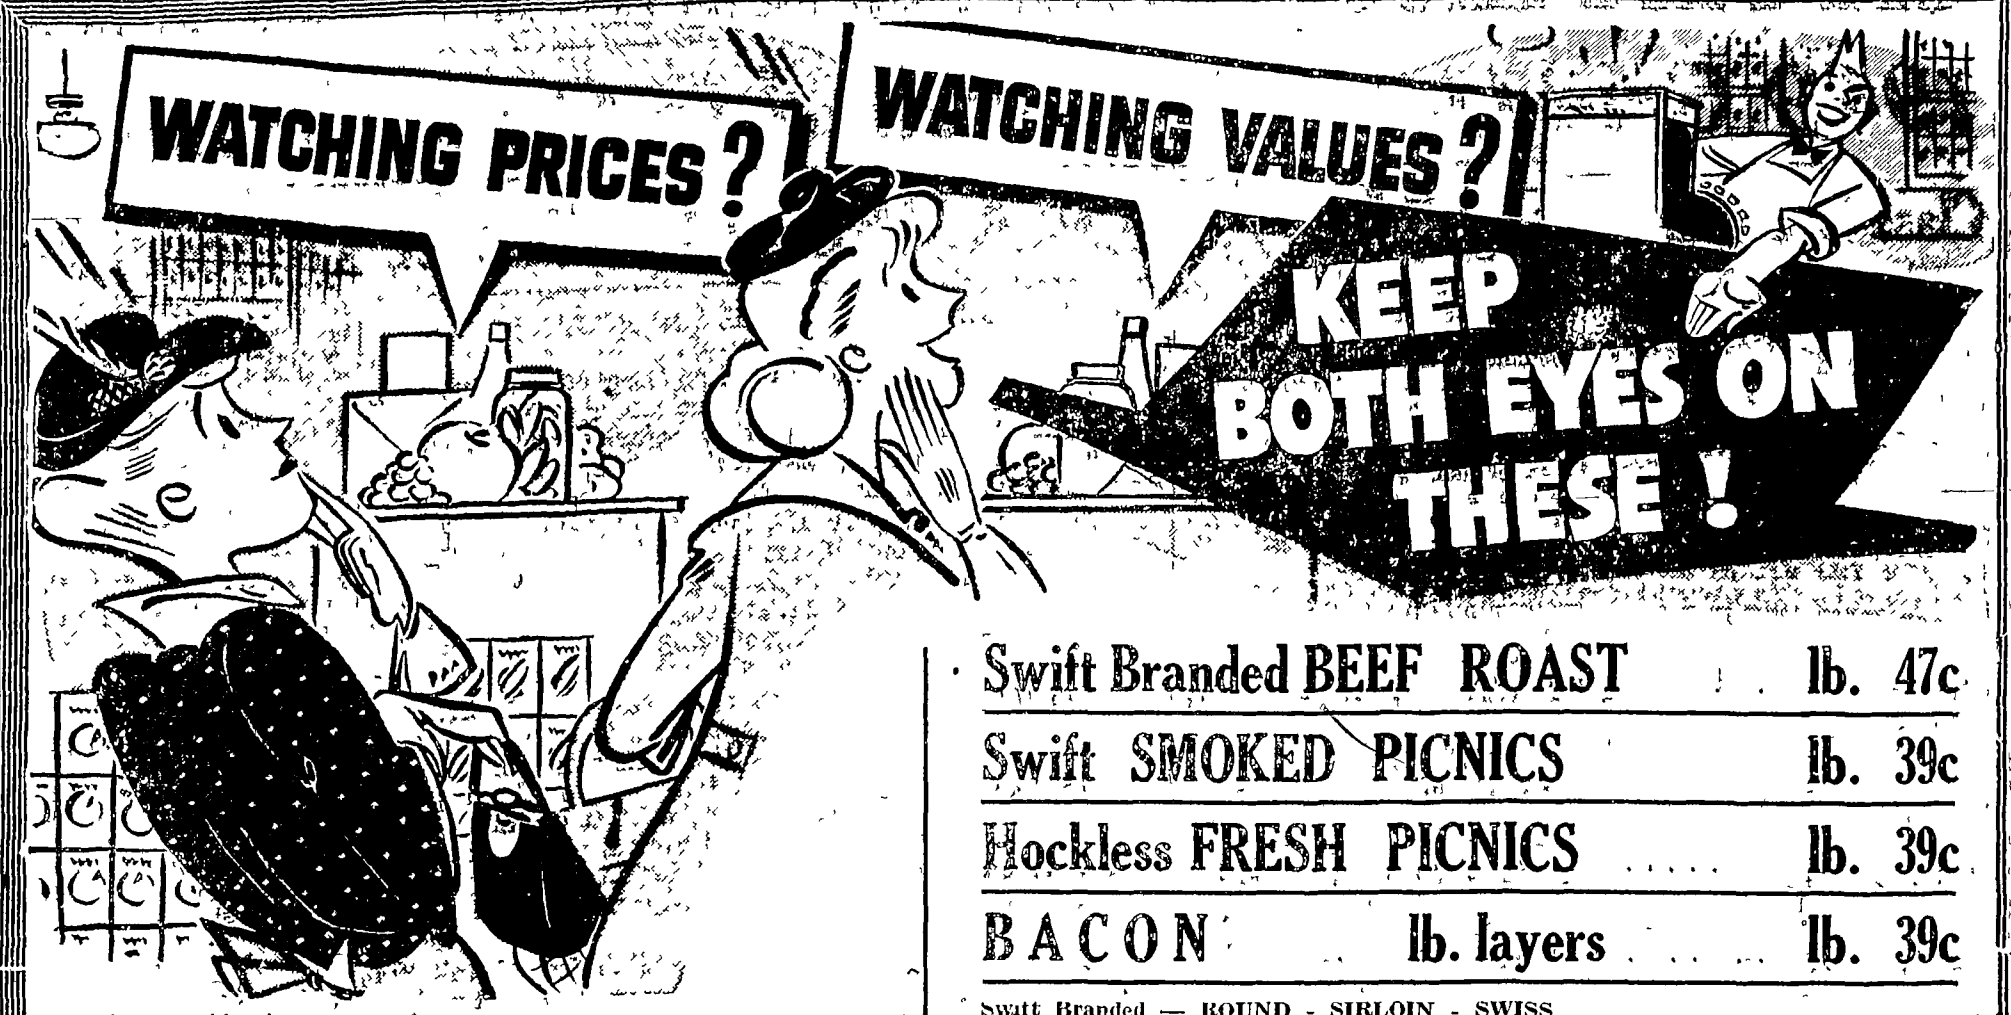

Mrs. Glenn Frye of the Benton Harbor Peace Temple, discussed the Methodist missionary schools in the Philippine Islands and China, which she and her husband, the Rev. Frye, visited last summer. She also displayed her collection of various Chinese articles.
Mrs. Arthur Wissler presided during the business session and

Mrs. Mason Clark lead the devotional service.
The group voted \$15 to the Albion College scholarship fund to help students studying for missionary work. Plans were made for the fall bazaar and dinner on Nov. 5.
Mrs. L. M. Converse gave the lesson topic. The next meeting will be an afternoon affair on October 5.

Optimist Baseball Squad Is Banqueted

The Optimist baseball team, champions of the Buchanan league, was feted at a banquet sponsored by the Buchanan Optimist club in the V F W home Wednesday evening. Members of the team were given gold baseballs by Philip Merrifield, club president.

Fred Casserio of Michigan City, well known comedian and sleight-of-hand artist, was the guest entertainer. Dr. M. J. Conyers played the piano accompaniment for Casserio's song and skit. Also honored at the banquet were Richard Montague, team manager, and Richard Donley, coach.

Mrs. Topash Opens Convalescent Home At Garwood Lake

John Topash of Galien, who suffered a severe attack of arthritis about six weeks ago, had the cast removed from his arm this week. While improving he will have to continue to have physical therapy treatments. In the meantime, Mrs. Topash has converted their Garwood Lake Tourist Camp into a convalescent home. Before Mr. Topash's illness they had completed almost all the work on their extremely modern cabins and had modernized their home. Without any change they can accommodate about 12 patients and will increase the number as soon as changes in the house have been made. Each of their youngsters, with the exception of the youngest, has been assigned a task to help with the additional work involved.

Is Treated For After-Effects Of 1946 Polio Attack

Jack Shirley, member of the senior class at the Buchanan high school, will go to Grand Rapids Tuesday, Sept. 20, to enter Blodgett hospital for corrective treatment for after-effects of a polio attack which he incurred in the fall of 1946.

Young Shirley has been affected since the attack with "raynosis phenomena", a partial suspension of blood circulation in the hands and feet, and a "winged scapula", which means a paralyzed muscle in one shoulder. He will remain from two to three weeks in the hospital.

Committee For Pupil Safety Is Organized

To Select Boy Patrols From Three Schools

The following safety committee has been named from the high school and grade faculty for the present school year. Riverside school, Miss Reams, Mrs. Gardner Moccasin school, Mr. Foster, Mr. Dale, high school, Mr. Bailey and Mr. Rizor.
Under the supervision of this committee the school patrols will be selected from the boys of each school. This will be the fourth year of school patrol work here.

Winner, Fifth National AAA Traffic Safety Poster Contest

The school patrol program and the safety work of the teachers have been chiefly responsible for whitening the school child traffic deaths to 78 in the age group 5 to 14 during the past year from 136 in 1936, despite the vast increase in traffic and a much larger school population, stated Ernest Davis, safety and traffic director of the Michigan A. A. A. "These two programs are the School-Safety Patrol protection at hazardous intersections near schools and furnishing thousands of copies of safety education material to teachers," Davis said. Two biggest factors in operation of the program are teacher safety patrol sponsors and the civic-minded youngsters who serve as patrols, spending up to 200 hours per year guarding the safety of fellow students in rain and snow, he added.

Thirty Children In Cast Of Tots And Teens Revue

Thirty children participated in the Tots and Teens style revue in the Buchanan high school auditorium at 8 o'clock Friday evening, under auspices of the Buchanan Child Study club and Chickies shop. Mrs. Benedict Elliott directed the show.
Mrs. Thomas Irvine was mistress of ceremonies. Marilyn Hewitt and Betty Remington sang solo numbers and Mrs. Howard May presented a cello number.
The cast included Martha and Rosemary Mitchell, Maice Pence, Susan and Lynn VerValin, Kay Morris, Sally Shafei, Jeri Frame, Laurel Carlson, Thelma Jo Smith, Marjorie Cline, Norma Renbarger, Jo Ellen Imhoff, Janice Barnes, Tom Blotti, Ann Schirmer, Cheryl Irvine, Carol and Carla Gamble, Nancy Sue Lauver, Kay Bolster, Mary Ann Haag, John Strayer, Roger Berg, Ronny Morris, Terry, Jimmy and Denny Shanahan, Jon Knuth, Royce, Billy Blaney, Luanne, Lee and Jeff Lyon.
The committee included Mrs. John Cline, Mrs. William Carlson, Mrs. Claude Lauver, Mrs. Claude Imhoff, Mrs. Robert Barnes and Mrs. Everett Watson.

Farm Dog Both Help And Menace To The Farm Dairy Herd

Though the farm dog may be a big help at times, he's sometimes at fault in causing trouble in the dairy herd.
Michigan State College veterinarians say that the dog that goes after the cows should be carefully trained.
Running the cows often causes bruises which help to give mastitis germs a start.
Other causes of injuries to cows' teats and udders should also be removed, the veterinarians advise. A few are insufficient bedding, high door sills, trash piles, rough milking, and crowded stalls.

Buchanan Polio Cases Improved

It is all good news about the folks of Buchanan, who had polio attacks. Mrs. Catherine Knight is improving right along. New treatments including therapy are being used in Memorial hospital in South Bend and she is responding very well.

Dianne Sheeley, two-year-old daughter of the Marvin Sheeleys, while still in the convalescent home in Grand Rapids, has no paralysis. She receives the Sister Kenny treatment every four hours and for 45 minutes at a time. It is possible that when she returns she will need braces because of weakness only. Her parents visited her on Sunday and found her very active and for the first time she resented it when they left her.

Little Linda Bryant, who remained in the hospital for only a week, is improving daily. She walks with only a slight limp which requires that she have lots of rest.

Bobby Borst, Jr., is on the mend also. However, he remains in the hospital at Grand Rapids, as the doctors discovered a paralysis in a leg, which did not show up until recently. His throat is so much improved that he can now swallow soft foods. His parents were able to see him last Sunday. He recognized them immediately and laughed and talked all the while they were there.

Thomas Capen is improving, but slowly. Plans are being made to move him from Grand Rapids to Memorial hospital in South Bend for intensive treatment, and this will probably be done this week.

Chief Helms Warns Motorists To Watch Safety Of Children

Readin', writin', and 'rithmetic time is here again for the nation's youngsters.

"School has either started—or is about to—everywhere, and once again we must increase our vigilance while driving." This was the warning issued today by Chief Helms who locally heads up the September campaign for child safety in traffic in cooperation with the State Safety Commission.

"School time," Chief Helms said, "takes the child away from his mother's apron strings for a few hours a day and during part of that time he is a potential traffic accident victim unless we adults protect him."

Emphasis on child safety is particularly appropriate in September, according to the State Safety Commission, because at no other time of the year are so many very young children exposed for the first time to the dangers of our streets. In spite of careful teaching by their parents of correct pedestrian habits, children are still immature in their thinking, and warnings have very little meaning to them.

"We can't over-estimate the importance of conscientious traffic training on the part of parents," Chief Helms said, "but we shouldn't forget that the responsibility for child safety will always lie heavier on the shoulders of the motorist than the parents."

In connection with its project, the Commission reminded all drivers that in 1948 nearly 4,500 children were killed or injured in pedestrian and bicycle accidents.

"Many of these deaths," Chief Helms said, "happened because motorists forgot to expect the unexpected while driving near schools, playgrounds, and residential districts. When a child's life

World War Mothers Observes Birthdays

Wednesday evening, the Buchanan unit of Mothers of World War II held a potluck dinner in the American Legion hall to commemorate September birthdays.

During the business session, Mrs. Harry Banke reported on the needs of Percy Jones General hospital, Battle Creek, and Veterans Administration hospital at Fort Custer.

The next meeting will be held September 21.

Granddaughter Of Mrs. G. E. Smith Weds
Dr. and Mrs. Rexford Glenn Smith, 642 Princeton Ave., Villa Park, Ill., announce the marriage of their daughter, Shirley Maxine, to Bryon L. Doran, son of Mr. and Mrs. Edward S. Doran, Sr., of Boone, Iowa.

The bride chose an all-white color scheme for her 8 p.m. candlelight wedding, which took place Sept. 1 at the Community Congregational church in Villa Park, Ill. The Rev. Gerald Churchill officiated at the double-ring ceremony.

Mrs. Cornelia Miller sang the usual nuptial songs. Lydia Schoon, a sorority sister of Mrs. Doran, at Drake University, was maid-of-honor. Bridesmaids were Marilyn Doran, sister of the groom, and Delores Kane, Villa Park, a friend of the bride.

Edward S. Doran, Jr., brother of the groom, served as best man. After the wedding, a reception was held in Elmhurst. Following a trip to Canada, the young couple will reside in Des Moines, Ia., where Mr. Doran will be graduated from Drake University in January. Shirley completed her freshman year at Drake in June.

Those attending from here were the grandmother, Mrs. Glenn E. Smith, Mr. and Mrs. Frederic Smith and family and Supt. and Mrs. Max S. Smith and family of Niles, Mich.

Arlene Clark And Lt. George Lauver Wed
A marriage of great interest to Buchanan, took place in the Chapel in the Woods at the Naval Air Station, Norfolk, Va., Sept. 7, when Arlene Chambers Clarke, daughter of Mr. and Mrs. Vincent Chambers of Chicago, became the bride of Lt. (JG) George Irwin Lauver, nephew of Mrs. Earl Harkrider, rural route two, Buchanan. The candlelight military ceremony was performed by the chaplain before an altar decorated with gladioli and lilies.

The alice-blue satin gown worn by the bride lent the only touch of color among the white uniforms of the attendants. She carried a white orchid on a white prayer book.

After the ceremony a reception for 75 guests was held in the recreation hall at the station. Following a wedding trip through Virginia the young couple will reside at the new naval air station at Birmingham, Ala., where Lt. Lauver is stationed. Lt. Lauver was graduated from Buchanan high school in 1940 and received his wings on Jan. 8, 1944, at the naval base, Corpus Christie, Texas.

Mrs. Harkrider accompanied by Mrs. David Clark of South Bend, the former Mary Jane Harkrider, attended the wedding.

City Increases Charge On Water Outside Of Town

New residences in "fringe areas" of Buchanan, outside the city limits, will henceforth pay at the rate of 150% of the regular city charge for water, as the result of action to that end by the city commission Monday night.

The action was taken on advice of City Manager, Gunn, who stated that the city water services are in part subsidized by taxes. While on the face of the city books the water department is self-supporting, this is so only because all the expenses incident to the service are not charged against it. Employee overhead is not fully charged.

Also, for the past year the city levied a substantial amount of tax for hydrant rental, such charge compensating for water use by the fire department. The outside water user enjoys this protection without paying the tax. The people living outside of the city limits pay no city taxes and their properties have not participated in plant investment.

Manager Gunn stated that it is increasingly the rule for cities to charge outsiders who have city privileges from one and one-half to double rates, usually the latter. In fact some cities will not permit outsiders to use city water at all.

The increase adopted here, stated Manager Gunn, is a logical movement to protect the interests of citizens who support the city and its agencies. Since laws cannot be retroactive, it will not

Today Thursday To Be "School Day" at Berrien Youth Fair

1,600 Youthful Exhibitors Will Enter Displays

Horse Shows To Feature Programs On Saturday And Sunday

A number of boys and girls from this community are among the more than 1,600 young exhibitors who had exhibits in place for the beginning of the Berrien County Fair today at Berrien Springs, at the fairgrounds a half mile north of Berrien Springs on US-31.

The exhibits, around which a big four-day program of entertainment for visitors of all ages has been built, were being judged

today. Approximately \$2,200 in premium money will be divided among the winners.

Today is scheduled as "School Day" at the fair, and the top entertainment feature of the day will be a Pet Show and Parade this evening, followed by a trained dog exhibition.

Friday will see the 4-H livestock auction at 3 p. m., and the first Cavalcade of Stars stage show in the evening, starting at 8 o'clock.

Saturday's highlight features will start with a tractor pulling contest at 10 a. m., followed by the first of two horse shows at 2 p. m. and the second performance of the Cavalcade of Stars shows at 8 p. m.

After church services for the boys who stay overnight with their animals at 10 a. m., the Sunday spotlight will be on the second horse show starting at 2 p. m. The fair will be officially

closed with the end of the horse show Sunday.

The Buchanan high school band will play at the fairgrounds on Sunday afternoon.

Two of the top juvenile riders of the midwest will be vying for honors and trophies during the two horse shows at the Berrien County Youth Fair Saturday and Sunday afternoons.

They are Carol Payne, 11-year-old Galien girl, and Mary Jo DeWitt of Grand Rapids.

The Payne girl gained wide recognition by taking top honors in the small pony class at the American Royal Horse Show last year in Kansas City, one of the major horse show events in the nation. She added further to these laurels at the recent Michigan State 4-H Club Show at East Lansing where she won the grand championship of all light horse classes.

The young Grand Rapids rider won fame by riding off with first prize in the junior horsemanship classes last fall at the International Livestock Exposition horse shows in Chicago.

These two girls will be among over 150 riders, both children and adults, from five states, who will compete in the two horse shows at the fair, according to Rex Davis, horse show chairman. Entries have been received from Michigan, Indiana, Illinois, Wisconsin, and Ohio, Davis said.

A total of \$1,500 in premiums, plus engraved trophies, will be awarded to winners of the 22 classes in the shows. Nine classes will compete Saturday afternoon and 11 classes on Sunday afternoon. Starting time both days will be 2 p. m.

The classes range all the way from ponies and western horses to jumpers, fine harness horses and five-gated animals.

"Flamingo Road", "Life Of Riley" At Hollywood Theatre

Two "good things" appear on the Hollywood theatre program for the coming week. They are "Flamingo Road" (Sunday and Monday) and "The Life of Riley" (Tuesday and Wednesday). The double feature bill for Thursday, Friday, Saturday schedules "The Set Up" and "Miss Mink of 1949" both good entertainments but not among the best to show on the local screen.

Better of the Thursday, Friday, Saturday films is "The Set Up", which stars Robert Ryan and Audrey Totter. This one unmarks with thrills, shocks, and amazement, the kind of people in the crooked racket. Theme of the picture centers on the prize-ringing but because of its dramatic feature, the film exerts as powerful an appeal to women audiences as it does to male.

Other half of the double bill, "Miss Mink of 1949" is the gay spoof of radio "giveaways" released by 20th Century-Fox, the players are Jimmy Lydon, Lois Collier, Richard Lane, and Barbara Brown. Taking the radio "giveaways" as its plot core, the film probes the uproarious results which might ensue in the family of a winner of a fabulous radio prize, and the effects such an unlooked for bonanza would bring.

The new Warner Bros smash hit, "Flamingo Road" is the offering for the Sunday-Monday shows. And Joan Crawford is the featured player. Ably supporting Miss Crawford are Zachary Scott, Sydney Greenstreet, and David Brian. The film is a dynamic romantic drama about small-state politics, with Joan cast as a carnival dancer. Taken from the play by Robert and Sally Wilder, "Flamingo Road" tells about a beautiful carnival

dancer who stays behind in a small southern town, falls in love, and makes her rise to prestige and riches through a story beset with murder, romance, and political intrigue. With the feature is an adventure short, "Mysterious Ceylon", a news reel and color cartoon.

For Tuesday and Wednesday the press notices say you haven't laughed until you've lived "The Life of Riley" and that's the title of the notorious laugh-producer which Universal-International Pictures bring to the local screen. William Bendix plays "Riley", the world's most successful failure! The picture is based on the hit radio show by the same name and is certain to have a large following locally. A timely short subject, "Football Magic", is included on the program and should be particularly interesting to high school football stalwarts.

Mrs. Howard Otwell Elected President Of Buchanan W.C.T.U.

Members of the Buchanan chapter of the Women's Christian Temperance Union met in the parlors of the Church of Christ Friday afternoon for the initial meeting of the 1949-1950 year and re-elected Mrs. Howard Otwell president of the chapter. The meeting followed a potluck 1 o'clock luncheon.

Other officers elected were vice-president, Mrs. Milford Carlson, secretary, Mrs. Ernest Zimmerman treasurer, Mrs. Mason Clark, Mrs. Harry Hartline gave a report on the district temperance workshop held in Allegan last July. The group discussed activities for the coming year.

The program opened with a devotional service led by Mrs. Otwell. Mrs. Earl Glossinger gave two readings and Geraldine and Kathleen Hubbard sang duet numbers accompanied by Joy Longworth at the piano.

HOW TO MAKE FARM EQUIPMENT last longer

Every All-Crop harvester is built to give years of service to harvest thousands of acres. But winter damage from rust and neglect can take more out of the life of your machine than actual use. Avoiding this loss is simple:

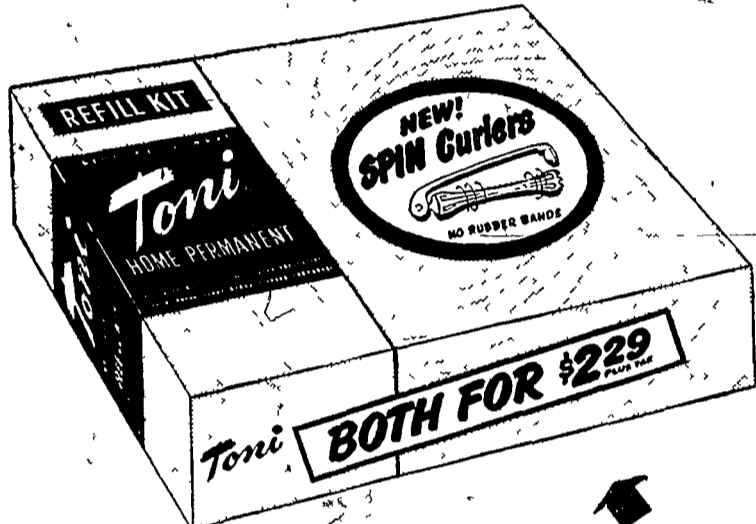

1. Keep your harvester in a good shed when its not in use — clean out all dirt and trash after each job.
 2. At the close of each season, let us make a Free 24 Point Inspection. We'll come out to your farm, or you can bring your All-Crop in.
- Our inspection and winter tune-up program includes tightening all loose bolts or other parts, listing all needed repairs, complete lubrication, protection of all bright surfaces against rust, and removal of belts and canvas for safe storage.
- Your fall tune-up doesn't cost, it pays — in longer machine life and delay-free harvests.

Enjoy A Vacation In Upper Peninsula

Mr and Mrs George Chan and daughter, Georgine, made a trip to the upper peninsula in northern Michigan. They returned on Sunday.

They were fortunate in meeting a friend of Georgine's and he acted as guide so that they saw quite a number of deer. They visited in Copper Harbor, driving in the Brockway Mountains and made the traditional crossing of the Straits at Sioux Ste. Marie. Mr Chan tried out the fishing but the lake was so rough he gave it up. However he was able to get in quite a lot of golf.

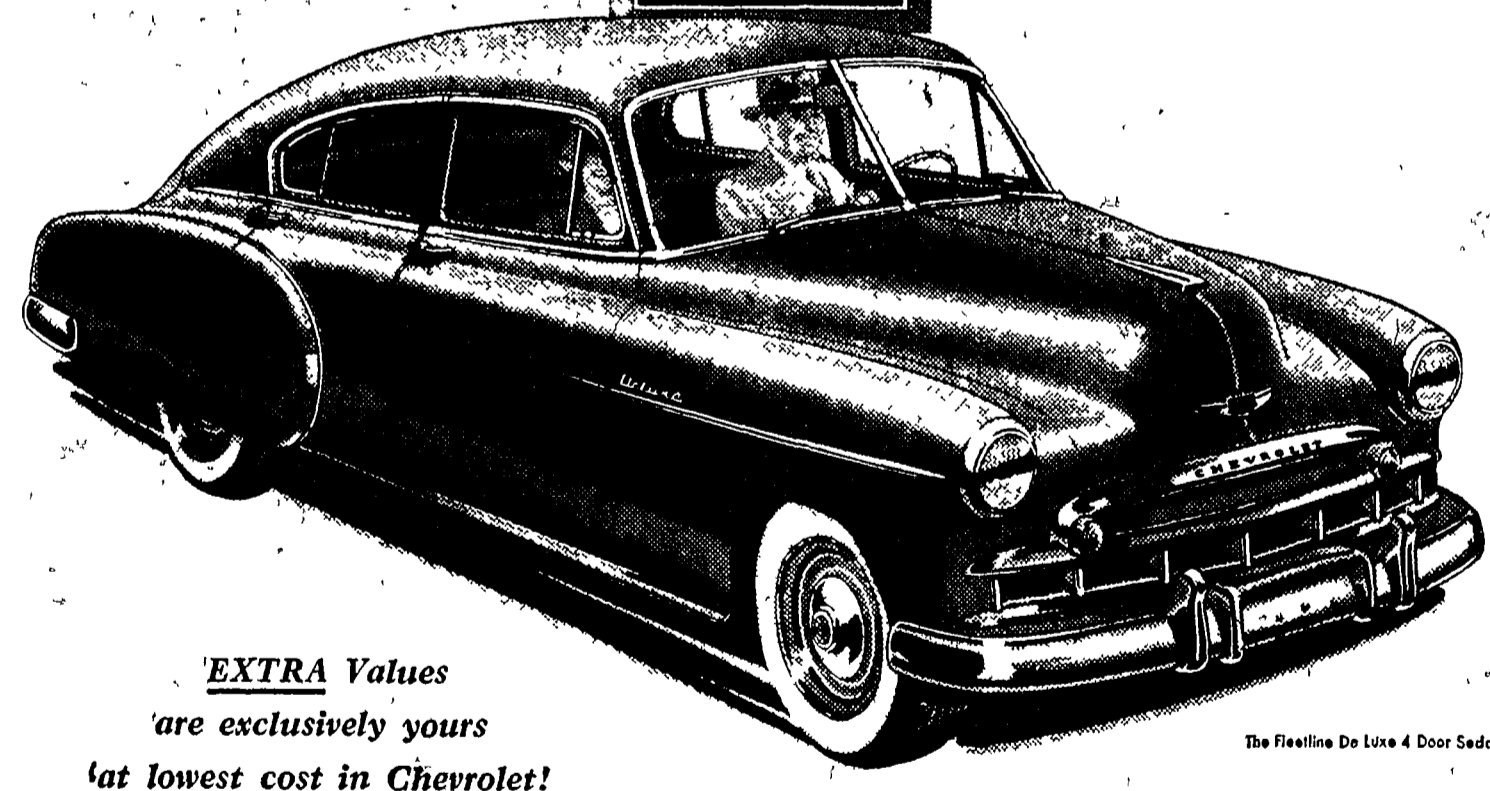

Mrs Chan found the trip pleasant and healthful. Georgine is now ready for school and she will leave on Sunday for Kalamazoo where she will resume her studies at Western Michigan College.

ONE pair of eyes is all you get... for a lifetime. But light bulbs come cheap, and they're easy to buy at the corner store.
Easiest way of all to buy them (and the smartest) is by the carton. That way you'll never run short—or be forced to put a 40-watt bulb where a 100-watt bulb should be.
Light bulbs cost little to use, too. A penny lights a 100-watt lamp for about three hours.
True, the same penny lights a 40-watt bulb even longer—and 40-watt bulbs have their place. But for reading and other close-up work, nothing less than 100-watt bulbs should be used. Don't short-change your eyes!

Important Laws Go Into Effect In Mich. Sept. 23

Editor's Note: This is one in a series of articles on laws which were passed at the 1949 session of the Michigan Legislature. They affect you and every resident of Michigan. The entire series is prepared as a public service of the State Bar of Michigan under the direction of Russell A. Seal, Lansing, chairman of the State Bar Committee on Legislation and Law Reform. The articles are objective in nature and do not attempt to comment on the relative worth of the legislative enactments but rather to present the most important facts and alert you to the changes these laws represent as they become effective on September 23, 1949.

BOWMAN'S 308 Cecil Avenue Telephone 733 BUCHANAN, MICHIGAN 3712c

Large advertisement for Buick cars. Features a large image of a Buick sedan and the text: "PRICE CONSCIOUS? Look at this! MATCHED against the field; those figures make news. Matched against what they cover—they're an urgent hint for instant action. Because that sum puts in your garage—STYLE that's as fresh as a dew-laden daisy, from those brand-new non-locking bumper-guard grilles to the double-bull's-eye taillights. SIZE that's mighty handy in traffic, a real relief in modest-size garages, a wonderful aid in parking. ROOM that rates right up at the top—with inches added to all rear seat cushions, a full foot more hiproom in 4-door Sedans. POWER that is lively, frugal, ever-thrilling because it comes from a high-compression, high-pressure Fireball straight-eight. A RIDE we'll put against anything else you can find, regardless of price—soft, pillowy, gentle. We call it matchless because we think you will too. HANDLING? Well, this price is the price on a Buick SPECIAL with finger-flick Synchro-Mesh transmission—as light and easy as you'll find on any non-automatic-drive car. But a few more dollars per month will also give you the silken luxury of Dynaflo Drive—the soft, easy, restful drive the very biggest Buicks boast. Figure it out. Check things up. Look this picture over, then— Go learn more from your Buick dealer. Sure as sunrise, you'll make up your mind to buy this one. LOCAL DELIVERED PRICES: This stunning, fresh-lined Buick 3-passenger Coupe, only \$1,882.00. Six-passenger 2-door Sedan (not shown) only \$1,905.00. Roomy 6-passenger 4-door Sedan (not shown) only \$1,958.00. State and local taxes extra. Prices subject to change without notice. Games and contests provided entertainment and prizes were won by Mrs. Lester A. Miller, Miss Janice Gray, and Miss Joan Schery and were presented to the bride-to-be. Favors were small sacks made from remnants of the materials of the gowns to be worn by the bridesmaids, which were filled with rice and marked "Do Not Open Until Sept. 3."

Gifts were arranged on a buffet around a large bride's doll in a color scheme of pink, blue and yellow. Refreshments were served at small tables.

Announce Engagement Of Their Daughter
Mr. and Mrs. Dwight Marleham, 126 1/2 East Front street, announce the engagement and approaching marriage of their daughter, Gertrude Jean, to Robert Eugene Dill, Buchanan, son of Delbert Dill, South Bend. The wedding will take place Nov. 4 in Buchanan.

The bride-elect was graduated from Niles high school and is employed as floor lady in the Woolworth store in Niles. Mr. Dill attended high school in Stockman, Ill., and served for two and one years in the army during the last war. He is employed in the Bendix Aviation corporation plant in South Bend.

June Bodine And Robert Yoeman Wed
Miss June Bodine, Niles, daughter of Mr. and Mrs. Robert Clemen, rural route, Buchanan, became the bride of Robert Yoeman, son of Mr. and Mrs. Thurl Warner, Buchanan, in a ceremony at 3 o'clock Saturday afternoon in the First Presbyterian church of Niles. Rev. T. M. Greenhoe read the candlelight service before an altar banked with baskets of gladioli. Mrs. Ralph W. Holmes, Jr., of Niles, played nuptial music. Arthur Mould, soloist, sang "Because" and "Always."

The bride was lovely in a white slipper satin gown, designed with long fitted sleeves, a net yolk, outlined with a Chantilly lace bertha and the full skirt ended in a long train. Her finger-tip length veil was caught in a tangle of orange blossoms and she carried a bridal bouquet of white roses.

Miss Betty Hinkle was maid of honor and Miss Constance Wagar and Miss Ruth Thompson, Niles, were the bridesmaids. They all wore silver green satin gowns, fashioned with sweetheart necklines, cap sleeves, full skirts and bustles. They carried yellow roses with gladioli and wore flowers intertwined on ribbons around their heads. John Batten, Buchanan, was best man and the ushers were Robert Dill, Jack Mitchell and Clayborn Götch, Buchanan. The bride's mother wore a pale blue suit with black accessories and a corsage of red roses and Mrs. Warner wore a green ensemble, brown accessories and a corsage of yellow roses.

After the ceremony a reception for 150 guests was held in Fellowship hall. Mrs. Harold Koenigsdorf, Mrs. Edward Mumaw, and Miss Alice Dumas served to northern Michigan Mr. and Mrs. Yoeman will reside on rural route one, Buchanan.

The bride was graduated from Niles high school. Mr. Yoeman was graduated from Buchanan high school and served in the army in World War II, and is employed as freight clerk by the New York Central railroad company.

F. R. Montague Enters \$100,000 Safety Contest
25 New Fords Are Listed As Attractive Prizes

F. R. Montague, owner of the Montague Motor Company, Ford dealer at 320 E. Front street, Buchanan, has entered his dealership in a \$100,000 car safety contest sponsored by the Ford Division, Ford Motor Company.

Mr. Montague is one of 6,400 Ford dealers throughout the nation who has entered his dealership in the contest during September and October.

Seven hundred prizes totaling \$100,000 will be awarded winners of the safety contest. The prizes are 25 new Fords, including five Ford trucks, 25 \$1,000 U. S. Savings Bonds; 100 \$100 Bonds, 200 \$50 Bonds, and 350 \$25 Bonds.

The contest has the support of the National Safety Council, the Inter-Industry Highway Safety Committee and other safety organizations.

Ned H. Dearborn, president of the National Safety Council, in a letter to L. D. Crusoe, vice-president and general manager of the Ford Division, said:

"Certainly every motorist should check and double check the mechanical condition of his car for safety's sake, and you at Ford are making such a check easily available for all drivers throughout the country."

"And I am sure that this free check-up and safety contest, with its attractive prizes, will make Americans more safety conscious—it will save lives."

In order to participate in the contest, Mr. Montague pointed out, motorists must bring their car or truck of any make to the dealership for a safety check at absolutely no cost or obligation to the motorist.

Free checks will be made on the brakes, steering, headlights, rear and stop lights, tires, windshield wipers, muffler, glass, horn and rearview mirror.

The Montague Motor Company will place an attractive safe driver reflector insignia on the car or truck inspected and motorists will be given an entry blank to participate in the contest.

The motorists must then complete in no more than 50 additional words the following statement:

"All cars and trucks should be safety-checked periodically because..."

A jury of prominent persons in national safety circles will judge the winners. Only one entry per car or truck may be entered.

Other details of the contest are available at the Montague Motor Company.

GOOD CUSTOMERS OF YOURS—The average Michigan family eats about \$500 worth of fruits, vegetables and dairy products a year. On this basis, Michigan Bell employees and their families consume about \$12,000,000 worth of farm products a year, much of which is produced by Michigan farmers.

HOUSEKEEPING NOTE—Can you imagine dusting the millions of tiny parts in telephone dial switching equipment? Michigan Bell does it by blowing out the dust with compressed air. In some telephone buildings a vacuum cleaner system is used to draw the dust into filters where it is collected for disposal. Good housekeeping helps to keep telephone service operating efficiently.

EVERY MINUTE COUNTS AT HARVEST TIME
If your farm machinery breaks down, a quick Long Distance call will start spare parts on the way from your distributor or the factory. And when you're busy, telephoning is the easy way to keep in touch with friends and relatives who live at a distance. Service is friendly and courteous. And Long Distance calls cost surprisingly little.

MICHIGAN BELL TELEPHONE COMPANY
Our \$13,500,000 postwar rural construction program means more and better rural telephone service.
