

TITLE SECURED TO MEMORIAL PARK

Cool Weather in Past Week Holds Most of Local Fruit on Safe Side

Apples, Peaches Still Undamaged

Sweet Cherries And Keefer Pears, Reported To Be Lost

The bulk of the fruit crop of the Buchanan district was yet undamaged by frost, on Monday of this week, according to statements of a number of growers throughout this area.

The known damage at that time included admitted loss of practically all of the sweet cherry crop, which is more than usually susceptible to damage by freezing.

A few growers north of Buchanan believed that the earliest varieties of apples had been damaged. Others stated that they had examined Dutchess and other early apple blossom buds Sunday and had found them unharmed.

Sen. Ferguson Backs Action On J. Knight Stamp

Immediate Action By Local Organizations And Individuals Is Asked

Rev. Lamb, who has been active in promoting the campaign for a special stamp issue memorializing the night flight by Jack Knight in 1921, hands the Record a copy of a letter written at his solicitation by Senator Homer Ferguson to Postmaster General Robert Hannegan requesting action.

Mr. Lamb has written other leading Michigan men on the issue and it is hoped that other Buchananites are following suit.

United States Senate Committee On Appropriations April 12, 1946

Rev. E. Lamb, 201 E. Front Street, Buchanan, Mich. Dear Mr. Lamb: This is to acknowledge your letter of April 8, together with the enclosed copy of the letter (Representative Hoffman has written to the Postmaster General in regard to the issuance of a stamp to commemorate the flight of Captain Jack Knight's night flight.

With best personal regards, I am Sincerely, Homer Ferguson

13 Home Ec Club Leaders Gather At Moccasin Court USO

The all-day meeting of project leaders of 13 home economics clubs of this district was conducted in the USO clubhouse at Moccasin Court last Tuesday.

Mrs. Robert Heishey, nutrition specialist from the Michigan State college extension department, gave the lecture on "Time-Saving Meals" and demonstrated two time-saving dishes. Plans were made for the county Achievement Day which will be held in the Berrien Springs high school gymnasium May 8. Each club is to exhibit only one project.

Business Houses Will Close For Services on Good Friday

Lions Club To Hold All-Sports Banquet Thurs. Night, May 2

The annual "All-Sports Banquet" sponsored by the Lions Club, will be held in the high school gymnasium on the evening of Thursday, May 2, and tickets are now on sale at \$1.50 at the Subbs-56-to-54-at-Farmer's Mutual-Fire-Insurance company, and in the hands of the members of the Lions club.

There are only a limited number of tickets for sale, and it is very desirable that all who wish to attend buy as soon as possible so that those who are responsible for the preparation know approximately how many will be present.

Memorial Field Committee Holds Peppy Meeting

Plan Many Enterprises To Finance Plan

Interest ran high and things fairly popped at the Thursday night meeting of directors of Memorial Field, Inc., when final details of the purchase of the property were announced, plans were presented for a musical show to be put on by the Lions club this summer and a circus to be sponsored by the same club, and the status of clay target shooting was raised from a possibility to a probability.

Enthusiasm in the project was reflected by the attendance of about 25 public-spirited citizens of Buchanan, instead of merely the board of directors, as is usual. Their presence was heartily welcomed by the official board, and a wide-open invitation is extended to any and all future Thursday night meetings in the Co-ops building.

Since publication of the news item in last week's Record interest in a local gun club has become so apparent that it is now quite certain that arrangements can be made for the boys to get out the traps and shoot at targets as usual. Their presence was heartily welcomed by the official board, and a wide-open invitation is extended to any and all future Thursday night meetings in the Co-ops building.

Among the important announcements at the meeting were the plans of the Buchanan Lions Club to begin work on a musical show to be given in the near future, and also their intentions to bring to Buchanan a high class circus for a run of several days and evenings. The proceeds of both of these projects will be devoted to the Memorial park project.

Rev. C. VanDeusen was announced as chairman of the arrangements committee for the musical show and Cleon Hathaway as chairman of the circus committee.

Meetings of the directorate are held every Thursday night at 8 in the Co-ops building, when citizens are urged to attend. While approximately \$50,000 will be needed to carry on the work and get the park into usable shape for next year, the directors are happy to announce that close to \$27,000 has been realized in cash and pledges. This splendid record has been made with only a modest amount of time and effort on the part of the sponsors, which is an indication that the public is going to be ready to complete the job of financing in a prompt and business-like manner when the formal plans are ready for announcement.

Services For Holy Week Draw Good Attendance

Thursday-Night And Friday Meetings To Close The Series

The Holy Week services which began at the Evangelical church Sunday evening and are continuing until Good-Friday service at 1.15 p.m. Friday are experiencing an unusually good attendance with increasing interest in the unusual sermons by Dr. Errol T. Elliott, leader and publisher of the Friends church.

In his sermons Dr. Elliott pleads for a dynamic spiritual unity of the Christians of the world, in the interests of creating a world situation that will be for the benefit of people. Christianity must be carried into the organized group associations, he states, as moral individuals may be so organized that they constitute an immortal society.

Too often our power as individuals is neutralized by the system in which we are associated. If that system is not energized by the pulse of love and mercy rather than of hate, it is necessary to make Christianity dynamic and real, he affirms, as too often our problem is not so much turning the hardened sinner into a Christian as it is turning nominal Christians into real Christians.

We cannot solve our group perplexities as an individual nation, he states, as "we live in one world and we must find a calm life together." It is not the business of the church to draw the blue prints of a unified world, he stated, but rather to create the leaders who can create that world.

He pleaded for a realization of the love necessary, during our immediate relationships of neighbor and fellow workers to the unity in understanding that must underlie any wider group understanding. His statements on his conception of requisite attitudes toward other races were provocative of considerable discussion.

The program for the remainder of the week will be as follows: Thursday Night Sermon topic—"The Church and The Light of Men—Christ The Judge." Rev. Raymond Kietzschmer of the Evangelical church will preside. The prayer will be given by Rev. W. Y. Pohly of the Methodist church. Rev. Chaney of the Church of the Nazarene will give the benediction. Mrs. Leslie Huff of the Evangelical church will sing.

Good Friday Afternoon Love-God's Answer to Evil—Christ The Saviour

Rev. Malcolm McNeal will preside. Music will consist of a duet by Mrs. Chester Wessendorf and Mrs. Claude Imhoff of the Presbyterian church and a solo by Marjorie Bouws of the Methodist church. The prayer will be given by Rev. W. Y. Pohly of the Church of the Brethren. Rev. Kretzschmer of the Evangelical church will lead in the responsive reading and Rev. Chaney of the Church of the Nazarene will pronounce the prayer. Rev. Pohly of the Methodist church will read the scriptures.

This class will be open to all children between the ages of 9 and 14. They will be taught the essentials of Christian faith, the history of the Christian church and their responsibility as church members. This group will be received into the church on probation Easter Sunday.

Player Rosters Grow At Clarks And In City Sport

Record Participation Is Reported In Softball And In Golf

The return of peace and of the soldier to the home front is evidenced in the sport world of Buchanan this year by the formation of twelve softball teams for the summer season in Buchanan, an all-time record for competition here.

Bill Baker, recreation director at the local plant of the Clark Equipments company, announces the following teams: City—High Grade, Co-ops, V F W, Moose, Youth Council, Donley Branch.

A similar increase is reported in the organization of Clark shop golf teams, with ten foursomes playing in the Orchard Hills this year instead of at Plym Park, Niles. The qualifying rounds were played yesterday, April 1, and scheduled play will start April 24. Director Baker has delegated management of the golf schedule to a committee elected by the players and consisting of Fred Hall and Don DeFries. He is arranging to have the same sort of self-governing committees to manage the other sports.

Past Presidents Of W. B. A. Review Feted At Banquet

Past presidents of the Buchanan Review of the Women's Benefit Association were entertained at a banquet last Tuesday evening in the W. B. A. hall by members of the Review. To Give Cantata At Pres. Church Friday Evening

Dr. Tenney And Choir To Present "Seven Last Words"

A closing feature of the week day Holy Week services will be the presentation at the Presbyterian church Friday evening of the cantata, "The Seven Last Words," written by Theodore Dubois and rendered by the Presbyterian choir, aided by several singers from other churches.

The program will begin at 8 p.m. and will be directed by Dr. George L. Tenney. Dr. Tenney's direction is always a guarantee of well-rendered music, and the choir has been working on the production for several weeks. The theme of the cantata is the passion and crucifixion of Christ.

Soloists will be the following: Sopranos—Barbara Hausman, June Wessendorf; Tenors—William Pretz, Dr. M. J. Converse; Basses—James Aldrich, Robert Willard; Gleechoir—Ward Kaye will be the pianist and Marjorie Hawks the organist.

Will Canvass North Side Of City On Friday

To Collect On South Side On Friday, May 3

The Salvation Army of South Bend will make its first waste paper canvass under the new arrangement Friday, as announced by the local salvage chairman, Mrs. Mae Eisenhart.

The part of Buchanan north of Front street will be canvassed Friday of this week. All who have paper are asked to have it in cartons or tied in the flat bundles, placed on the porch or in some other easily accessible place by 9 a.m. that day.

The south side of the city will be canvassed Friday, May 3. Thereafter until further notice it will be the rule that the South Bend organization will canvass the south half of the town on the first Friday in each month, and the north half of the city the third Friday in each month.

The Salvation Army asks that any paper meant for their disposal be placed where it will be easily visible from the street. Practically all kinds of paper will be accepted except waxed or paraffined papers. Magazines and books will also be accepted.

U.S. Soil Station May Be Located Here

The Lyons club heard an excellent talk Thursday evening by James L. McKittrick, in charge of the U S soils conservation bureau at Benton Harbor. McKittrick stated that an immense loss of valuable top soil is occurring yearly in Berrien county, and that some means must be taken to counteract it. The average depth of farm top soil in the United States is nine inches, he stated. In Berrien county the average depth is eight inches and of this a half has already been used up or eroded. Terracing, correct plowing and use of cover crops are among the means used to retain the soil.

He stated that it is very likely that another station will be located in the southern part of Berrien county in the near future, and that Buchanan will be a very likely location.

Total Price Of Tract Reported To Be \$8,860

Transfer Includes 3,148 Pieces Of Valuable Nursery Stock

Final arrangements were completed the first of the week for transfer of title of the tract of land west of the high school selected as the area for the location of the Buchanan Memorial Park to the incorporated promotional association from the former owners, including William Bohl, St. William-Mathe and Mrs. A. G. Bowers.

The total amount paid by the association for the tract was \$8,860, according to Atty. William Desenberg, president of the Buchanan Memorial Association, Inc. The Bohl tract included 3,148 pieces of nursery stock whose inventory at wholesale prices grossed more than the price paid for the tract for the land.

Practically all of this stock is suitable for use in landscaping in the park. It is to be moved to the northeast corner of the tract until the grading of the grounds is completed, when it will be planted over the park according to a landscape plan now being drawn up. The stock is mostly evergreen. It includes a large number of magnolia, several varieties of spruce, tamarisk, ash, ledgwoods, maples, white birch, dogwood, juniper, lilacs, spirea, honeysuckle and other attractive trees and shrubs.

The engineer employed is now drawing up cost estimations, in addition to grading and landscaping plans. It is hoped that the grading will be completed and the area planted to lawn grass, trees and shrubs by the end of the present season, so that the park will be available for use next year.

Atty. Desenberg stated that cash gifts and pledges are continuing to come in in a very encouraging stream, many of the gifts being solicited. It is expected that the city will ultimately take over the park.

The Arthur Geberts have left for their home in Westwood, Calif., after a visit at the Ernest James home and with other relatives and friends.

Miss LaDean Beistle has returned to her home in South Bend after visiting her grandparents, Mr and Mrs William Kiley.

Guest Night, sponsored by the Odd Fellows and Silver Link Rebekah lodge, was attended by 100 people. Guests came from Niles, Buchanan, and New Buffalo. A cooperative supper was served at 7 p m, and was followed by dancing. Music was furnished by Harry Simpson's orchestra from Niles. The lodges are sponsoring another party at the Odd Fellow hall here on Saturday night, May 4.

Plans were completed for a party for returned veterans and their families on May 1 in the high school auditorium at the meeting this week of the Fidelis chapter, Unit 19, of Mothers of World War II. Mrs Nina James and Mrs Pearl Kellogg were in charge of the entertainment. Mrs. Harry Lintner and Mrs. A. Taylor will be in charge of the refreshment committee when the chapter meets April 22.

The village of Galien has issued two building permits for houses to be erected in Muesel's addition.

Style Show At Galien I. T. A. The annual style show given by the Home Economics girls under the direction of the teacher, Miss Fern Hafenrichter, at the April meeting of the P. T. A. was attended by some 300 persons.

The business meeting of the P. T. A. was conducted by the president, Mrs Harry Lintner. Mrs Lucille Allen, principal of the Galien school, gave a report of the dental clinic and the diphtheria vaccination program, sponsored by the P. T. A. Mrs Allen also reported that the school had purchased the Encyclopedia Britannica and the new World Books with the money donated by the P. T. A.

Mrs W. A. Yawter, of Benoit Harbor, spoke to the association on the Berrien county Health Clinic and the members voted to support the proposed project.

The scene of the style show was the bedroom of a girls dormitory and the time was Sunday morning.

Girls from the seventh grade through junior classes took part in the program. Miss Maxine James and Jeanette Potter played the accompaniment for the highly successful entertainment. Mrs Jack Prentker was the announcer.

Miss Hafenrichter was presented with a gift from the home economics girls in appreciation for the splendid work she has done for the department.

Trade Training At BHS Reflects Community Work

Industrial Curriculum Is Reflection Industrial Nature Of Town

You get so used to your home town that often you fail to note the ways in which it may be unusual.

Which is introductory to the statement that there are few if any towns in this entire section of the Middle West that are so purely industrial as Buchanan. Mechanical industry, of a rather highly specialized type at that, dominates the life of Buchanan. It is more industrial than Chicago, more industrial than Niles, South Bend, St. Joseph—and you could practically call the roll of the other towns and cities and make the same statement. It is doubtless even more industrial than Detroit.

Why? Because we're almost nothing here but factory employment. In the average town even in this industrialized section the so-called "service" occupations will rival industries in furnishing employment. The "services" include employees of railroads, mercantile establishments, tourist-catering enterprises, hospitals, schools, colleges, garages, and the like.

The largest single service institution in Buchanan is the Indiana & Michigan Electric company, which has 55 employees. The next largest is the Buchanan school system with 50 teaching and maintenance employees.

To the extent that the foregoing is true it should be reflected in the character of the training in the schools which are educating the future citizens of the town. And it is so reflected. The Buchanan schools have a shop department that is now in process of becoming one of the best equipped in this section.

Indicative of the development of this part of the school system was the delivery last week of two large truck loads of machine equipment from Detroit representing between \$20,000 and \$25,000 worth of

equipment in terms of new replacement valuation, according to the trade school instructor, Emory Toogood. The equipment is not new. It represents machines which were bought by the government and placed in factories of this area heavily engaged in war production. Since the government was practically telling the industries what and how much to make, it did not hold the plants responsible for buying the machines which would be used only for emergency production. Instead it bought and loaned the equipment for the duration.

Then the plants were given a priority to purchase the equipment. A No. 2 priority was granted to the War Assets Corporation, to realize as much as possible by sale to other plants. If there were no buyers, the equipment in Michigan was allotted to the Vocational Department of the Department of Public Instruction, to be reallocated on request to schools maintaining departments of mechanical trade instruction.

Buchanan high school qualified a year ago last fall, starting a trade school. In addition to the school-shop apprentice system, in which the high school gives only the theory and factual instruction, and in which the "shops" are the factories, including the Clark Equipment company, the Buchanan Steel Products Corporation and the Hubbard Tool Shop. Apprentice instruction will be described later in this article.

As a result of the presence of this trade school, and of diligent follow-up work by local school officials, the following equipment was secured last week from the storehouse of surplus material in Detroit: 1 Walker turret radial drill; 1 Hammond radial drill; 1 Leland Griffin 2-spindle drill; Fostick single spindle drill; No. 3 Cincinnati vertical milling machine; Norton 6X30 cylindrical grinder; Baileys & Oliver turret lathe; No. 4 2 24X30 surface plates.

The following precision tools were secured: 2 pairs Vermet calipers; 6 pairs of outside micrometers of assorted sizes, of which two pair are three micrometers; 2 pairs inside micrometers; 1 two-foot bevel protractor.

Allotted but not yet received are the following: electric arc welder; Cincinnati tool and cutter grinder; Cincinnati No. 2 plan grinder. As stated above, the instructor placed a conservative estimate of from \$20,000 to \$25,000 on the new value of this equipment. All the equipment is in working condition before being stored in the surplus property warehouse. It was thoroughly covered with grease and sprayed with tar to preserve it. The students will clean all this off, repaint the surfaces, and place the items of equipment in the shop.

The only expense to the school is the charge of transportation

from Detroit.

Previous Acquisitions

This is not all of the equipment secured without cost. During the year following the entry of the United States in World War II on Dec. 8, 1941, a training school for employees in war production plants was set up in the high school shop department, with equipment allocated here for that purpose by the Vocational Training Department of the Michigan Department of Public Instruction. In this school a considerable number of men and women were given training in machinery operation, and went into production work at the Clark Equipment and other plants, often being employed before they had completed the course. The total valuation of this equipment and that obtained last week, if bought new, would approach \$50,000.

When the training schools were terminated a little over a year ago, the state Vocational Training Department ruled that if a trade school were established here the school might retain the equipment on an indefinite loan. This condition was met last fall.

As a result there is now available to Buchanan high school students two years of trade school training, two years of general shop training, and two years of mechanical drawing. The mechanical drawing is limited to 11th and 12th year students. To qualify for the trade school training the pupil must be at least a sophomore and 14 years old. The equipment placed here on indefinite loan is only for trade school instruction.

School-Shop Apprentice Training

Entirely apart from the trade school is the school-shop apprentice training, with classroom instruction only at the school, and the actual practice work in the factories, at the present time only in the Clark Equipment plant here.

Apprentice training has been badly defunct by the military service-trained-off-nearly-all of the apprentices and prevented others from enrolling who were approaching the age of military liability.

With the end of the war, four veterans whose apprentice training had been interrupted returned to work. This is a very significant tribute to the esteem in which the work was held, as the returning men were several years older and past the average apprentice age. They are: Gerald Weaver, machinist; Albert Ails, machinist; Elmer Hanley, welder; James Morris, electrician. Other apprentices are: Albert Stekman, machinist; Arthur Mayhew, machinist; Dick Slocum, moulder.

Emery Toogood is the school-shop apprentice coordinator, in addition to trade school instructor.

Mr. Toogood has also under his supervision six "trainees" working mostly in local commercial establishments for the duration of their high school attendance. These students work in stores and receive complementary instruction in commercial subjects at school. The trainees are: Wisner Cornet Dug, Betty Moran, Rosa Lee Hall, Joan DeWitt, Stibbs 5c to \$1 store, Darlene Durbin, Treats Grocery, Jean Lockey, high school (custodian work), Duane Hellwig.

The apprentice and trainee work was the first work done by the high school in practical training and was instituted in 1939, with Hugh Pierce as the first instructor.

The machine training has been emphasized because it is the department which illustrates the reflection of community occupation on school instruction.

For over 25 years there has been at the high school a shop department giving general training in basic shop practice and mechanical drawing. Ray Miller teaches this department, conducting the two classes in mechanical drawing, two high school shop classes, and also shop classes for the seventh and eighth grades.

This work has been of benefit to a multitude of boys, instilling general skills that are of value through life, whether for industry or craft occupation, domestic or avocational uses. That work was not stressed in this article, since it is typical of high school instruction and does not apply so much to the thesis of this article — which is the special training that reflects the special industrial character of the community.

Mid-Morning Milk Ration Suspended

The daily mid-morning milk ration was suspended in the Buchanan schools Monday because of evidence of a diminishing appetite on the part of the customers.

School Nurse Reba Lamb said that it is usual for the children to quit the milk when the weather warms up in the spring. The children or their parents have paid two cents per half pint for the milk, the federal government paying the other two cents to make up the four cents per half pint charged by the creameries.

B.H.S. Band Goes To E. Lansing Meet

The Buchanan high school band and their director, R. F. Rishon, attended a state band meeting at East Lansing, Friday, and played in competition with 26 other Class B school teams. The Buchanan band placed in Division Three. In all only two bands, Grand Ledge and Oxford, placed in Division One. Ten bands placed in Division Two, ten in Division Three and five in Division Four.

Buchanan Squad Takes Second In Triangular Meet

The Buchanan high school track team made a very encouraging showing at the triangular meet at Kalamazoo Tuesday afternoon, placing second, very close behind State High and distancing Three Rivers, which took third.

Don Roti, coach, stated that his boys made a running fight of the meet and might very well have won it had not two of his stars, Louis Gray and Gene Wesner, been called away to take

their army physicals.

Vergon starred for Buchanan, taking first in the 440-yard dash in the good time of 58 flat, and first in the shot put with a heave of 37 feet 9 1/2 inches. Harvel, who ran ahead of Vergon in the interclass, was out off the 440 because of pulling two muscles in the broad jump.

Polley took the low hurdles with a fast 25 1/2 second mark, and ranked second in the 220-yard dash with Burgett fourth. Trapp ran 4th in the low hurdles. Leavelle ran second in the high hurdles.

Bunkett took third and Rifenberg fourth in the 100-yard dash. Kugery won the 880-yard run with an excellent mark of 2:16.8. Other seconds were Blake in the shot, Don Holmes in the mile, Rifenberg in the broad jump and the Buchanan team (Burkett, Polley, Trapp, Rifenberg) in the relay.

Harvel took third and Blake fourth in the broad jump.

The meet was held on the College track and field grounds, which were much faster than the local Athletic Field track.

Nothing to it now--

Washing Dishes, yes and wiping them, is loads easier and faster when there's plenty of hot water on tap.

But whether it's dishes, woodwork, floors, or clothing, every household cleaning job goes smoother with much less effort with an Automatic Gas Water Heater at work. It is a scientific fact that Hot Water eliminates much of the work in cleaning. And Every Homemaker knows there's nothing that really gets things clean like Hot Water.

Automatic Gas Water Heating gives you:

1. Speed
2. Economy
3. More Leisure Time
4. More energy for Recreation

And Automatic Gas Water Heaters are Now On Hand, ready for Immediate Installation.

"O.K." Clingenpeel

My friends call me Kenny Clingenpeel. I'm the man who O.K.'s requests for loans at Local Finance.

My job is to build up our office. The more often I can say "O.K." to requests for money, the more business we will do.

So—if you need money at any time, you can be sure that I will do my best to say "O.K." If you will phone in advance and arrange for the amount you want, everything will be ready when you come in.

Let me have a chance to say "O.K." the next time you need money. I'll appreciate the opportunity. Phone 1673, or see me personally at Local Finance Corporation's office, 223 East Main Street, Niles.

Seniors Lead In Interclass Meet
The senior class showed its collective heels to the rest of the senior and junior high school in the interclass track and field meet held at Athletic park Friday afternoon, with the sophomores' section.

The points gathered by classes were seniors, 78 1/2, sophomores, 37, juniors, 31 1/2, 7th grade, 12, 9th grade, 5, 8th grade, 0. The performances generally showed lack of form and condition, although there were some promising boys going through their paces. Track and field success being the result of long and thorough conditioning and achievement of meticulous form, Buchanan high school is not likely to shine until there is some cumulative build-up over a number of years. Pool track and field conditions were a handicap. Points were allotted as follows:

1st, 5, and 4, 3rd 3; 4th, 2, 5th, 1. Charles Veigon was high point man with 17 1/2 points, including a first in shot, seconds in the 40 and high jump, and a tie for first in the high hurdle. Second high was Max Polley with three firsts in the 100- and 220 yard dashes and 200-yard low hurdles, totaling 15 points.

In the following resume of events, the numerals after each name indicates the class to which the performer belongs:

100-yard dash—1st, Polley (12); 2nd, Wesner (12); 3rd, L. Gray (12); 4th, Burkett (10); 5th, Trapp (10). Time 1:12 sec.

Help yourself to better rural line service

On most rural lines today, there are more telephones than before the war. That's because so many "essential" rural folks had telephones installed during the war when shortages of materials and manpower made it impossible to add enough new lines.

Just as fast as conditions permit, we intend to add more lines to take care of those who are waiting for telephones and to reduce the number of telephones on many rural lines.

While we're doing this, you and all your telephone neighbors will enjoy better service if everyone will share the line and consider the other fellow.

You can do your part by continuing to keep all calls short... avoid listening in or interrupting when the line is in use... hang up your receiver carefully. (One receiver off the hook can tie up a whole line.)

I plan to follow the Modern trend - it's All Electric

Refrigerators must be larger with space for frozen foods

Ranges must have automatic controls

She likes automatic washing machines

Plenty of ice cubes and quick

Fully insulated ranges and how

THE women of America know what they want.
This was indisputably demonstrated in a national survey made by THE WOMAN'S HOME COMPANION to determine the American woman's approval of, or desired changes in, her household appliances.

The indication was overwhelming that women throughout the country are planning to take advantage of the labor-saving, the health-giving convenience of complete home electrification.

Ninety-four women out of every one hundred who own electric refrigerators find them completely satisfactory. Foremost among the suggestions for improving refrigerators concerned special compartments to store frozen foods—a feature that will be built in many new models.

Of the improvements desired in a new range, the majority asked for the very "improvements" that have for years been built into Electric Ranges but have not been found in other cooking devices. Among these were oven-clock control, automatic oven light, simmer speed units and giant units.

The practical, tested features of modern electrical appliances answer the needs of Tomorrow's Homes.

Explains Law on 1-Mill Tax Levy

The following was written by City Attorney George H. Batchelor in explanation of the legal basis of the one-mill tax, passed by the voters of Buchanan at the regular spring election.

The City of Buchanan was organized and obtained its charter under Act 278 of the Public Acts of 1909, as amended, which reads in part as follows: "No City shall have the power to increase the rate of taxation now fixed by law, unless authority to do so shall be given by a majority of the electors of said City voting at the election."

Which said proposition shall be admitted, but the increase in any case shall not be such as to cause such rate to exceed two per centum of the assessed value of the real and personal property in said City. Compiled laws of 1915 at page 1239 of Vol. 1 recites the same thing, and Compiled Laws of 1928 at sec. 2341, being on page 2289, makes no change and the Howells Statutes in section 2081 recites the same, without change and no change is made in the supplement for 1945.

Alton Howard Announces For County Surveyor

Alton Howard, of Watervliet, has announced his candidacy for the office of Berrien county surveyor in the Democratic primaries, to be held June 18, 1946.

Mr. Howard, a former Berrien county surveyor, and except for several years with the War Department Engineers and U. S. Public Health Service, in addition to time spent in the armed forces, he has been a life-long resident of Berrien county. He is a grandson of Mrs. Libbie Sides, of Eau Claire, and is a son of Dr. and Mrs. O. J. Howard of Watervliet. He is a veteran of World War II and served nearly 2 1/2 years as an enlisted man in the army. He is a member of the American Legion and Veterans of Foreign Wars, having served in the two Jima campaigns. Discharged from the service Nov. 1, 1945, he returned to Watervliet where he has again taken up his surveying practice.

Nominating petitions for Mr. Howard's candidacy are now being circulated throughout the county.

Mr. Howard has practiced surveying and engineering work in Berrien county for nearly 15 years and feels qualified to take over the county surveyors' office, if elected.

It is known to a host of close friends as "Penny" which nickname he has had since childhood. Mr. Howard served as Berrien county surveyor in 1937 and 1938.
