

Now Here's the Proposition

Europe is divided in two parts—unoccupied and preoccupied

The prophet allus hez plenty of honor in his own country—ez long ez he shows a profit

The Difference

This is the thing I said once years ago

"I shall not keep this house when you are gone

If you go first, for nothing will remain

Of joy we once knew in it, you and I

In eager days So if it must be so, Since all the light that lies on house and lawn

Will turn to shadow and a thing of pain

It must be I will leave it, if you die"

Yet while I stay behind these mounting years,

I do not find this place a house of tears,

Or any pall of sadness anywhere, Only a friendly shadow haunts the halls,

Only old laughter echoes from the walls,

Only a friendly ghost-smiles from the stair

Archers, Guards To Shoot It Out At the Gravel Pit

Pistoleers Accept Challenge To Meet Archers Tues. Evening, Oct. 27

Representatives of the U. S. War department may or may not be here next Tuesday evening, Oct. 27, according to as yet unauthenticated reports emanating from a high source in the janitorial force of the department

The occasion will be the contest between the Clark archers and the Clark guards, bows versus pistols, in a test of accuracy. The Clark Archers have issued the challenge, affirming their confidence that they can shoot the pants right off the guards. Such a challenge to the guards could mean but one thing, and that thing will be a test of skill at the city gravel pit across the Michigan Central tracks from the Dry Zero plant at 6 p. m. Tuesday, October 27.

The teams will be composed of the following six men each

Archers—Hall, Hittle, Sittler, Harbaugh, Grimes and Thompson

Guards—Brown, Haney, Melien, Porter, Srawley, St. John

Each man will shoot 2 rounds of 5 shots at the regulation pistol target at the distance of sixty feet

It is indicated by reports originating in more or less official sources that if the Clark Archers are as good as they say they are, they will be loaded forthwith on a truck and sent immediately to one of the two score fighting fronts, where their skill may revolutionize modern warfare, turning the clock back some five hundred years to the bowmen of Cressy and Soissons

However, the guards say that after the test is over the archers will be much more likely to get into their puddle-jumpers and go home, not saying as much as they are now

Only time can tell. Spectators will be permitted to stand in the rear of the contestants at their own risk. Field Marshal Herman Hess will command the guards and Major General Clem Savoldi will command the archers.

V. F. W. Post Gets Rare Chinese Sword

The Gladys N. Lyon Post of the Veterans of Foreign Wars has received a rare war curio in the form of a sword which was made from many kinds of Chinese coins

The sword was given to the post by William Crandall, who had received it from a friend who spent many years in China.

J.-G. Melvin Named Chairman Navy Day

Buchanan will observe Navy Day on Tuesday, Oct. 27, with a showing of flags in front of business houses and other places.

J. G. Melvin, commander of the Ralph Rumbaugh American Legion post, will be chairman of observations here, according to a proclamation by Mayor Wilson, printed elsewhere in this issue

Delay Registration Fuel Oil Dealers

William H. Bartz, chairman of Berrien county rationing board, has announced that upon advice received from state headquarters, the registration for dealers in fuel oil and kerosene originally scheduled for Tuesday and Wednesday, Oct. 20 and 21, has been indefinitely postponed

When the dates are again fixed, due notice will be given through the press, Mr. Bartz said.

DON'T SEND HIM AN UMBRELLA

Think me crass and devoid of the true spirit if you like—but to a soldier any Christmas gift is usually appreciated in proportion to its utility.

Wrist watches, flashlights, cigarette cases and lighters, writing kits, portable radios, pen and pencil sets, shaving and shoe-shine kits, all have a high utility value.

Fancy jewelry, on the other hand, the clasps and pins with military insignia plastered over them are worthless. The wearing of such jewelry is prohibited.

One mother sent her corporal son a monogrammed set of sterling silver cuff links. "I've still got them in my foot locker," the corporal mournfully explains.

Cards, playing cards of a strong, durable material, make an excellent soldier gift, especially if your son or some one else is not above the customary game of barracks blackjack. In such cases two or three decks will surely be appreciated, particularly if the cards can take a beating in the field. Do not, however, under any circumstances, send along card chips. Soldiers don't use them and have no place for them. Furthermore their presence constitutes prima facie evidence of gambling.

A staff sergeant who ran elaborate off-duty poker games in his room each week-end was once caught with several stacks of chips in his locker.

"And what do you use these for?" asked the inspecting lieutenant, fingering a pile of blues.

"To tell the truth, sir," answered the quick-witted sergeant, "I like to kid myself. I carry them around in my pocket because they make me feel vicariously rich."

When it comes to clothes, such articles of wear as hose, shoes and gloves are the most welcome items. Hose should be tan, as should be shoes, the latter with smooth fronts. Sweaters in most posts are out unless the soldier is stationed in cold climates. Even then the G. I. (Government Issue) is adequate to meet all weather conditions. In Alaska, for example, our men are equipped with fur-lined clothing which costs a small fortune.

Extra shirts, ties, trousers, handkerchiefs and blouses are an unnecessary luxury, but an additional hat comes in handy. When purchasing those little jaunty soldier hats, which men refer to as "go-to-hell" hats, make certain the piping corresponds to the branch of service your soldier is in. Red piping indicates the field artillery, blue the infantry, blue and gold the air forces, etc.

Please, and I plead out of the poignant pain of personal experience, do not send umbrellas. My mother sent me one in my rookie days, and as I live and breathe, I reported at a rainy reveille with the darn thing open and almost wound up in the guard house, my top sergeant having no sense of humor.

"Get the hell outa that black parachute," he barked at me.

If the serviceman in question is stationed overseas send him cigarettes. Even if he doesn't smoke send him cigarettes. They're so valuable and wanted they've become a medium of exchange, and he can barter them for something he likes or needs.

Pipes, tins of tobacco, razor blades, shaving equipment, newspaper and magazine subscriptions are all worth their weight in gold to the man in foreign service. But above all send cigarettes, and I'm not lobbying for any tobacco trust, either.

I have spoken with American soldiers back from action in Egypt. A 15-cent pack of smokes costs half a dollar in Cairo, and the soldiers never get to Cairo.

Lots of well-intentioned folk send books for Christmas. This year books offer a problem because the postal authorities will not handle packages to servicemen which are larger than eighteen inches. All packages should be no bigger than a shoe box, and you can't get many books into that. Besides every outfit has its own library. Men in uniform are partial to pocket-size literary gems which can be lugged around in knapsacks or carried on the hip.

If by chance a man in service is well-equipped and already has practically everything you can think of, it might be wise to mail him a money order or a check and tell him to "Go ahead! Blow this on Christmas." Army life hardens a man. A monetary gift for the Yuletide will very rarely outrage his esthetic tastes.

Whatever you send, the postoffice advises that all Christmas gifts to soldiers bear the label, "Christmas Parcel." These should be sent no later than Oct. 31.

Inflammable, intoxicating, perishable or poisonous articles are prohibited. And the correct address should carry the name, rank or rating, the serial number, the branch of service, the organization or the A. P. O. number and the routing post office.

If this seems like a lot of trouble to you, please think of an American soldier, any American soldier, spending Christmas in New Guinea with the mosquitos, flies, snakes and head-splitting sun glare.

Then go out and buy another war bond.

Notes on Earliest Roads of Buchanan Township Part 3

Mrs. Mildred Higginbotham of Walkerton, Ind., was a guest on Tuesday of Mrs. Martin Mitch

Our informant said that her father had told her that the first street laid out in Buchanan was Portage street, and that he had told her that he could remember the Indians portaging south on this road from the St. Joseph river.

Now this series is not "history," since there is not a very solid foundation to base facts on. However since she called us up we have found the record of the survey made Jan. 28, 1843, of a township road commencing at the spot now known as the intersection of Front and Portage, but then known as Day's corner, and thence running very irregularly north. From the description no one would recognize it as any part of present North Portage. But there are a number of references to surveys made in the late thirties and early forties of the last century of a road running from the mouth of McCoy's Creek to Terre Coupe Prairie. On later maps the present River street is marked Terre Coupe Road. In

MAYOR'S NAVY DAY PROCLAMATION

Though an inland state, Michigan early contributed her quota to the glorious history of the American Navy when, in the War of 1812, her cities manned the ships of Commodore Perry to his glorious victory in the memorable battle of Lake Erie, as he left his burning and sinking flagship, the USS LAWRENCE

Today our American Navy sails side by side with that of its former foe of 1812 in the same cause of democratic liberty for which she then fought

In the growth of the modern American Navy to world-wide eminence, men from the middle-west and north-west, half of our Navy personnel, and Buchanan takes just pride when the role of her Navy heroes is heard Today, in a peculiar sense, the turn of the war tide rests upon the success of our Navy and its aerial support. It is therefore peculiarly fitting to give our Navy some evidence of its united civilian support

Therefore, in conformity with the proclamations of the President of these United States and the Governor of Michigan, I, C. J. Wilson, Mayor of Buchanan, do hereby proclaim Tuesday, the twenty-seventh day of October, one thousand nine hundred and forty-two, as NAVY DAY, and call upon all citizens on that day in their homes or places of assemblance, to make appropriate salute to our NAVY—FIRST LINE OF ATTACK

Given a Buchanan this 19th day of October, in this year of our Lord one thousand nine hundred and forty-two

Am. Legion Plans To Observe Navy Day in Buchanan

Buchanan will join in celebration of America's first war-time Navy Day October 27, according to plans announced today by Hugh O'Brien of Detroit, state chairman of Navy Day, and George Stocum, vice president of the Navy League for Michigan

G. J. Melvin, commander of American Legion Post No. 51 has been appointed Navy Day Chairman in Buchanan—He will make local plans which will mark twin commemoration in Buchanan of the birth of the Navy and the birth of President Theodore Roosevelt

Throughout Michigan, American Legion posts are cooperating with civic organizations in Detroit in staging celebrations designed to make citizens Navy conscious and to make "The Navy—the First Line of Attack" a slogan in every Michigan home

High ranking Navy officials are being sought to participate in Detroit in staging celebrations—the Navy Frank Knox was the speaker last year. Parades and ceremonies are being planned by American Legion post commanders throughout the state

October 27 has been celebrated as Navy Day because it is the anniversary of the birth of President Theodore Roosevelt, so much of whose life was devoted to establishing a sound Naval policy for the United States. It also is celebrated because Oct. 27, 1775 was the date on which the first resolution to authorize American warships was introduced into the Continental Congress, which measure was passed three days later. Navy Day first was celebrated in 1922, making this the twenty-first celebration

Marvin Back at Kroger's After Long Invalidcy

Rowley Marvin, manager of the local Kroger Store, has returned to his post there after an absence of several months because of a knee injury. His friends are glad to see him able to work again. With The Boys in Service

The U. S. Navy welcomed another former resident of Buchanan, Mich. when Jiles N. Pendley, 20, son of Mr. and Mrs. W. D. Pendley, 203 N. Detroit st., reported for active duty at the U. S. Naval Training Station here last week. The new recruit is now undergoing recruit training, after which he will either be sent for duty aboard a Navy "Man-O-War," or given additional specialized instruction at one of the Navy's many service schools

Richard Noe left Saturday for the Pacific coast, after a furlough spent visiting his father, Thomas Noe, and at the home of his sister, Mrs. C. H. Pattengale, 115 West Chicago Street

He has been in the navy almost two years and since the war opened has been on convoy duty most of the time between the United States and Australia

He happened to be in Manila Bay when the war started, and saw some of the bombing by Japanese planes. He was also in the Battle of Java Sea when a few American ships joined the fleet of Dutch, Australian and English ships in an attempt to block the shipment of Japanese troops into the Dutch East Indies.

Henry Mecklenberg wrote last week to his home that he had been transferred on Monday of last week to Kessler Field, Miss., after having been at Fort Custer only three days. He has been assigned to the army air corps. He was employed about three years at the Hollywood theatre and is the son of Mr. and Mrs. Henry Mecklenberg, 311 W. Smith Street, Buchanan

A celebration was held last week in the home of Mr. and Mrs. Frank Nekvasil honoring Pvt. James Nekvasil, who was home on a furlough from Camp Ripley, Minn. Guests attending were Mrs. James Nekvasil, Mr. and Mrs. Herb Haas, Mr. and Mrs. Joseph Nekvasil, all of Buchanan, Mr. and Mrs. Paul Nekvasil of Three Oaks, Mr. and Mrs. Frank Fleck of New Buffalo, Mr. and Mrs. Tom Kenton and family of Berrien Center, Mr. and Mrs. Glenn Philippi of Baroda

Would Appreciate Letters, Says Young Soldier

Camp Crowder, Missouri, October 15, 1942, 6:30.

Dear Librarian,

This is a rather unusual letter from a fellow you don't even know.

I am writing this letter to you because I would like for some of my friends in Buchanan to write to me. I have sort of lost track of their addresses and I know that they don't know mine.

I met the editor of the Berrien County Record last Sunday while on leave. He asked me to write to the library and give them my address. It is on the envelope but I will write it at the end of this letter to make sure you can get it right.

I would appreciate any correspondence from any natives or residents of Bucktown.

Military secrecy prevents me from describing this camp in detail.

However it is a signal corps training center. The emblem you see at the head of this letter is the signal corp emblem.

I am taking my training to become a high-speed radio operator. Later on I will become a candidate for officer's training. This training can be obtained by anyone who can pass rigid mental and physical tests.

Wishing I were back around Buchanan again, I must close.

I will welcome all correspondence and answer it promptly.

As ever,

Carries Dental Drill in Face Eighteen Years

It's a fairly good thing that this story is "on" a dentist in Ashland, Wis., whose name has been forgotten by the victim during the passage of twenty years

And in recording it the Record scoops the American Medical Journal, in which a more technical account is likely to appear.

Recently Mrs. Wilbur Dempsey went to a local dentist for a dental examination and to ascertain whether any possible dental condition might be responsible for sinus trouble. The dentist took an X-ray. The picture showed something that looked like a long, sharp instrument embedded in the affected sinus. He sent her to a Niles eye, nose and throat specialist for further examination. The specialist made further examination and found that a piece of a dentist's drill about 1 1/2 inches long was embedded in the sinus, causing the trouble. Accordingly he operated Monday—and removed the offending drill.

Mrs. Dempsey said that the only dental work she had done during which this could have occurred was about 18 years ago in Ashland, Wis., by a dentist whose name she had forgotten. She had a tooth extracted at that time and the dentist had used a drill. After that she had had sinus trouble.

The drill segment which was extracted had obviously been there many years since it had become calcified and it crumbled into pieces as it was extracted. Dr. Moore said that obviously it had broken off in the bone structure and had worked up into the sinus cavity. He stated that it was very likely the entire cause of Mrs. Dempsey's trouble.

Tag Campaign To Observe Navy Day

Navy Day is to be observed this year Tuesday, Oct. 27, by local Navy Mother's Club, Post 288, in conducting a Tag Day with proceeds going to help our Bluejackets. This day is one all N M C A Clubs have to observe and what could be more fitting than to work for their boys? Some of these mothers have boys in war zones and some who are training to go there.

Won't the public please respond this day and give all possible to help this cause? Be looking for the Navy Mothers Tuesday early and late. They'll be out looking for you

Buchanan Steel Corp. Honored For Bond Buying

Frank Isbey, chairman of the Michigan War Bond Committee, visited Buchanan Monday afternoon, visiting the Clark Equipment Company and the Buchanan Steel Corporation plants, for "pep" sessions in the interest of increased war bond sales

Is First Factory in Berrien County to Get Minute Men's Flag

Mr. Isbey spoke to the working men and office force of the Buchanan Steel Corporation at 4:30 p. m. Monday, with a vigorous speech on the urgency of the hour and the vital need for purchase of War Bonds in support of the fighting forces. He then presented a Minute Men's Flag to the plant, stating that this was the first flag awarded in Berrien County to a plant which had attained an average purchase by employees of war bonds to the extent of not less than ten per cent of their salaries. The flag was received jointly by Mr. E. W. Cress, vice president and treasurer, and Max Skimmo, president of the UAW-CIO local at the plant. The flag was hoisted over the building a few minutes after Isbey and his party left. Isbey was introduced by Lowell Swem, local bond sale chairman.

The Isbey party went from the Buchanan Steel Corporation plant to the Clark theatre, where he spoke to about 1200 men representing a shift and a half, strongly urging the purchase of war bonds to the fullest possible extent. The crowd of workmen packed the theatre and it was necessary to hold an overflow meeting for several hundred waiting outside

He received a fifteen-day furlough, but since he was unable to get train reservations, he was obliged to travel by bus, taking five days for the trip. He looks in fine trim and his friends are delighted to see him.

Vincent DeNardo, is now an instructor in mathematics at the U. S. Navy station at Key West.

Meeting in Australia. Herman Schneider has heard that her son, Gordon, recently had the pleasure of meeting Lieut. Howard McClellan, when the latter ferried a plane to Australia a few weeks ago. The two boys had not met for ten years, since they had been members of a boys' Sunday School class in the Hills Corners Christian Church.

Lieut. Harry H. Banke, Jr., arrived Sunday for a visit until today with his parents, Mr. and Mrs. Harry H. Banke, Sr. He was graduated Saturday from an officer's training school at Aberdeen, Md., receiving a commission as second lieutenant. He goes from Buchanan to Jacksonville, Fla., where he takes up new duties.

Message to Farmers

You have your part in helping defend your country and it is an important part.

You are having your difficulties, as everyone else is, but lack of reasonable financial backing should not be one of them.

4,500,000 Pounds of Fats Salvaged

Housewives Save Kitchen Grease for 11,300,000 Shells A&P Estimates

Out of the frying pans of patriotic American women came enough waste fats during July, August and the first week of September to provide the glycerin for 11,300,000 anti-aircraft shells.

First reports on the nationwide campaign to salvage waste fats necessary in the manufacture of explosives, released here today by the Great Atlantic and Pacific Tea Company, indicate that American housewives have turned in approximately 4,500,000 pounds of this vital material during the first nine weeks of the drive.

The food chain based this estimate on collections in its own stores which amounted to 326,000 pounds during this period. "The response to the government's appeal has been excellent thus far," the report said. "but many more housewives must take part in the campaign if the goal of 5,000,000 pounds is achieved."

Starting with a total of 104,000 pounds collected in July, when

A & P opened the campaign simultaneously in all of its stores throughout the country, housewives have been turning in waste fats to company meat counters at a continually increasing rate as the campaign gained momentum, the report stated. In August collections nearly doubled the first month's total and the upswing continued with 55,000 pounds turned in during the first week in September.

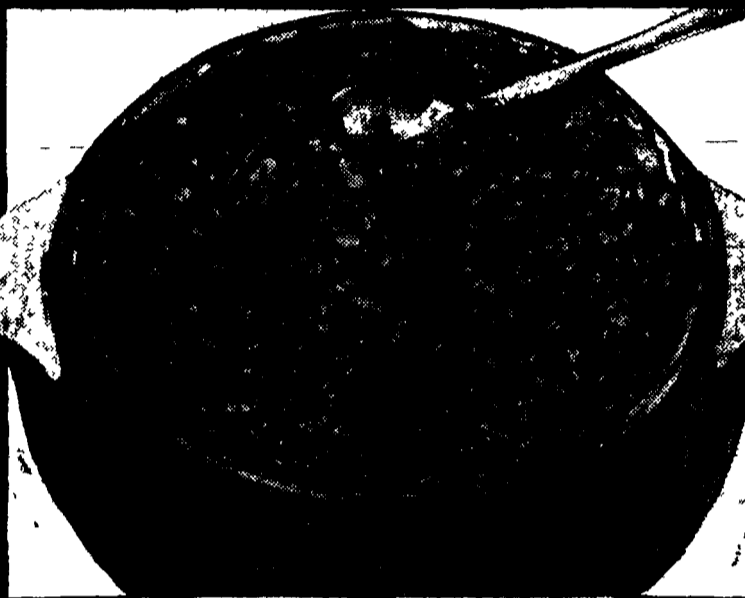

Collections are expected to be swelled during the coming weeks as additional women are enlisted in the campaign through the promotional efforts of the Fat Salvage Committee and the War Production Board.

Top 70 Tons in School Scrap Drive

Rex Lamb reports that 6875 additional pounds of scrap were brought in in the second drive Tuesday afternoon, raising the total to 141,140 pounds or over 70 tons. Rex Lamb and Supt. H. C. Stark-cooperated in both the first and the second drive and deserve credit for their work.

'A Knife in Hitler's Back'
Flash: The boys of Buchanan High have aided in the downfall of Hitler! This is news, and the best news anyone would want to hear. The work done by these larger and willing boys, collecting and hauling scrap, will not have been in vain. It will strengthen our Nation's power in crushing the Axis. The boys' pay checks will be the pride in their hearts when victory is ours. Having collaborated with the bushmen and the city of Buchanan, the boys hopped on their assigned trucks and vigorously set to work.

Your Responsibility

Before the war the waste, the inefficiency, the proposed remaining of America, the use of public funds for corrupt political purposes, while reprehensible, did not hold threat to our national existence. The social reforms and the favoritism to pressure groups, the progressive regimentation, were gradually destroying our freedom but none, nor all would have brought immediate, overwhelming disaster.

Since the war, the waste, the inefficiency, the gross negligence of those in charge have hindered our war effort to such an extent that a General, an Admiral, an Assistant Secretary of the Navy has each said we are losing this war.

Writing in the September issue of the International Teamsters monthly publication, a former editor of the Wisconsin Teamsters Union, who is now a Private on duty with the United States Army said, "Whether we like it or not, whether we care to face the truth or not, instead of winning this war—we are not even holding our own, in fact we are giving ground steadily in many places."

"We can lose this war! Call me defeatist, call me anything you care to, but, I reiterate, we can lose this war!"

From all sections of the country comes the same sour note, so let us accept it, fix the responsibility and, without any more "fooling around," remedy the fault.

Neither Republicans nor Democrats, but a small group called New Dealers, are to blame for the situation. They are responsible because they have been, and they are more interested in remaking America, in bringing about their so-called social reforms in World Politics, in perpetuating themselves in power, in destroying our Constitutional liberties, than they are either in the winning of this war or in the preservation of our national existence.

Confusion, caused by contradictory orders and statements, of which even the President has been forced to take notice, which he has rebuked, is the order of the day. Inefficiency, created by divided authority, the desire to advance the interest of some group, agency, or bureau is prevalent. Washington is a madhouse.

There is just one way—and only one way—for the people of this country to cure this evil, start this Nation on the road which will lead to the defeat of our enemies, preserve our Government and make certain that when this war ends, the Four Freedoms shall exist here in America for everyone.

The voters of the United States of America at the November election, have an opportunity of sending to Congress, Senators and Representatives who will clean out this mess in Washington, bring order and efficiency out of chaos, inaugurate and carry on a program of effective, efficient, support of the men who have been sent to war.

Nothing that I can think of would give the members of Congress more courage to insist upon an all-out war effort, than for Democrats and Republicans who are sick of the new Deal muddling, of its political maneuvering, to give the Republican candidates in Fourth Congressional District and in the State, an overwhelming majority on November 3. Let the New Dealers know, by your vote, that the end of political hoodlumbing is here, that the defeat of our enemies comes first.

If re-elected, the winning of the war will be my first objective.

CLARE E. HOFFMAN
Your Representative

Perhaps, a few were tired and stiff the next day, but you can bet that we heard no complaints. That is what we call real "manpower." The students of B. H. S. are proud of you boys. A knife in Hitler's back, a bullet in a Jap. Thanks, boys, for collecting all that scrap.

News Notes

"Blackie" Attends School
Pleading eyes were seen looking up at Mr. Elbers upon completing his roll taking in fifth hour history last week. Ah, yes, one more bright face, eager to learn. But alas, the trouble began when the new pupil sauntered to the back of the room and began to scratch fleas on his ear. Yes, you have guessed it, the new pupil was a little dog.

With the assistance of a pupil in the back row, the "pup" was removed and the class resumed their lessons.

Bucks Cheer For Victory
"Horse and buggy, horse and buggy, team, team, team," chorused the football players in the best yell at the pep meeting last week. If the students could yell like the boys fight we'd be sure to win every game. So get out with the vocal chords, kids, and YELL!

Up The Hill We Go
The people you saw climbing the halls last Monday night happened to be the seventh grade "Wieners" were roasted and "Marshmallows" were toasted. Miss MacNeil went along to assist with the fun.

Ms. Ira Swartz is substituting for the Gym teacher.

What's this? Hunting season has opened! And here's what I heard the principal, Mr. Bailey, and Mr. Sukup are going pheasant hunting. But listen—after school

Let's go to the dance Halloween! Yes, there's a dance in the high school gym after the Dowagiac game. It will be sponsored by the Lion's Club and the Youth Council. Dance Orchestra will play. The tickets are fifteen cents for students and thirty cents for adults.

G. A. A.
Mr. Bailey, principal, has given the G. A. A. permission to use the gym on Tuesdays and Thursdays during the noon hour. This is the only way the girls can get in their practice. Mrs. Helen Swartz, substitute gym teacher, will help the girls in carrying on their activities.

F. F. A. Initiation
Last week some of the boys were running around here in girls clothing and boots. That was the preliminary of the Annual Future Farmer of America initiation which was held at 8 o'clock on Monday night, October 12. Later there will be a formal initiation for those joining the F. F. A. Twelve sophomores were given a big send off, after being started by a paddle. Those who joined this year were, Joe Benak, Jim Benak, Allen Clements, Art Klingerman, Bob Letcher, Harold Lisika, Bob Mitchell, Bob Neff, Max Swain, Don Swartz, Bob Taylor, and A. D. Adams. After the initiation they had cider and doughnuts. Everybody had a swell time, even those who were initiated.

"Ag" Classes Aid Farmers
The agricultural classes are responding to the call made to the "ag" boys by the farmers near Buchanan for aid in harvesting their crops of apples and potatoes. The seniors and juniors picked apples. Other volunteer workers offered their services to the potato diggers.

The cause is worthy and the students have demonstrated a fine, helpful spirit.

Buchanan Battles Three Rivers
October 23
The football team this year is really laying 'em flat. We have won three out of five games played and don't intend to let the remaining ones go by without more victories. The next battle will be fought against Three Rivers Friday the 23. So come on all you football fans and help the boys chalk up another victory by getting down to the field and really cheering!

Buy Your Fall Chaps From Scilders
Students, dig down in your pockets for the half dollar that's going to buy one of those chic school hats.

The maroon and white "beanies" with the school monogram will really top off your appearance.

Magic Chefs
Friday, Oct. 16, at seven thirty the boys Home Ec class served a

budget breakfast. The "Magic Chefs" as they are called, filled the halls of B. H. S. with a good mouth watering aroma.

Breakfast was consumed without so much as a bat of the eyelash. And I mean consumed.

Teachers Attend M. E. A. Meeting in Kalamazoo
The Michigan Educational Association will hold its annual convention in Kalamazoo, October 22 and 23. All the teachers will attend.

A holiday for us, Students!

"So Long Boys"
The senior class held a party in the gymnasium, Thursday afternoon in honor of Kenneth "Speed" McGowan—and Homer Knapp who left for the Navy Friday. Refreshments were served and then the boys were presented with gifts from the senior class.

Grade School News
The pupils in Miss Carnagan's first grade are enjoying the book "Safety Can Be Fun" by Munro Leaf. The Nit-Wits in the story have some very unpleasant experiences because they do such things as, run downstairs, run with a lollypop in their mouth, or not wait at corners for traffic lights. To avoid the experiences that the Nit-wits had the children are making some safety rules for themselves, and other members of the family.

There is a fruit and vegetable market in Mrs. Morley's room. There are bananas, apples, oranges, lemons and grapes. There are potatoes, peas, pumpkins, corn, cabbage, carrots, celery, beans, beets, radishes, lettuce and tomatoes all made of clay.

Bobby Rossow is in school again after a long absence. Wednesday, everyone was there.

With the help of pictures the children are enjoying the story of Bambi.

Helpers this week are: Housekeeper—Jack Marsh, Doorkeeper—Carmen Shreve, Closet Keeper—Barbara Coffel, Book Keeper—Richard Penland, Board Keeper—Joe Hayes, Plant Keeper—Gerald Miller. Carmen brought a grasshopper for the children to see.

Miss Fritz's children chose lieutenants and captains for the next six weeks. The lieutenants are Janet Beck and Donald Boyer. The captains are Beverly Burrus and Bob Samson.

Annette Boyer has moved to Kalamazoo, Michigan. We miss her very much.

Miss Fritz is reading the story of The Poppy Seed Cake to her children during their rest period.

Miss Kinney's third grade has been studying about care of their teeth and of their bodies. The boys and girls are planning good meals, and they are trying to eat the foods that are good for them. Mrs. Lamb came in and talked to them about the importance of their teeth, and ways that they could take care of them.

The children made several experiments in science last week. They learned about air pressure, air expanding, and contracting when heated and cooled, and uses of air. The experiments were very interesting.

In arithmetic Miss Kinney's room has been studying about fractions and parts of things.

The boys and girls in Mrs. Fuller's fourth grade are working on an assembly program for National Education Week early in November. Every child has a part in it. The fourth grade is working with Mrs. Flynn's group.

Miss Lovell's fifth grade has been writing and giving oral book reports to interest the rest of the group in reading the books.

We have begun a study of the Southeastern United States in Social Studies in connection with this each child is making a United States "booklet" into which he will put maps and reports that he has made of the various states and sections as we study them.

Our string of keys is growing from day to day. We hope to have quite a few by next week.

Last week Miss Ekstrom's fifth grade bought \$6.50 worth of Defense Stamps. This week the sales promise to become even better.

The fifth grade is working on multiplication tables.

Darlene Tinkle, from Louisiana, has enrolled in Miss Ekstrom's room.

Mrs. Flynn's fifth and sixth grades saw a moving picture show of Boulder Dam on Friday. I am sure every one that saw it thought it was very interesting.

Nine pupils from our room are in the band or orchestra.

Our room made a Columbus poster and placed it in the hall. The lessons about Columbus were very interesting.

The sixth grade has just started to study about the Greeks in history. Some of their early cus-

toms were different from the customs today.

Last week Miss Ream's room had two movies, they were shown by Mr. and Mrs. Giver and Mr. Swem. The one shown by Mr. Giver was about Boulder Dam, and the one shown by Mr. Swem was about the Smokey Mts and other places down south. In Mr. Swem's picture there were two little bears. They were very cute. Nona Morten has her name added to the Dental Honor Roll. That makes fifteen names on the Honor Roll in Miss Jeffery's room. Opal Keteign left Miss Jeffery's room and a new boy, Robert Fisher, has entered.

The children in Miss Jeffery's room brought fruit and made a fruit basket to send Donna Phiscator, who is sick and cannot come to school.

HOLLYWOOD

Artistic Starlet
Peggy Moran will once more take up the serious study of art, the play announced during the production of "There's One Born Every Minute," showing at the Hollywood Theatre Friday and Saturday, October 23-24.

Miss Moran is the daughter of Earl Moran, painter, famous for his "calendar girls." Hoping she had inherited some of her father's talent with the brush, Peggy began to study art seriously after she had finished her schooling and for a time worked for a commercial artist.

Dumbo the Most Appealing of Disney Heroes

Of all the characters created by Walt Disney and his staff for such unforgettable production as "Snow White," "Pinocchio" and "Fantasia," none perhaps has quite come up in heart appeal to the title character of the newest Disney-RKO Radio feature picture, "Dumbo," which appears at the Hollywood Friday and Saturday, October 23-24.

Dumbo is a lovable little baby elephant, born with ears as big as sails, and shunned by his companions on this account. As animated in Technicolor, Dumbo is a timid, grey, roly-poly baby with big, sad, blue eyes. He is so shy he doesn't have a word to say throughout the entire production, conveying his meaningful thoughts in pantomime. But what Dumbo lacks in garrulity, his pal, Timothy Mouse, makes up for. Timothy, who wears the scarlet uniform and cap of a bandmaster, the elephant Dumbo when all the other elephants avoid him as a freak.

Comedians Given Unusual Award

Bud Abbott and Lou Costello have won an Academy award. The academy is the California Military Academy and the award is the distinction of having been selected by the student body as the "outstanding comedians of the year."

The honor was extended to the famous comedians during production of their newest picture, "Paradise My Darling," to appear at the Hollywood theatre Sunday, Monday and Tuesday, October 25-26.

Spectacular Rise Of Dance Music In "Syncopation"
The development of popular music from jungle rhythms to "boogie-woogie" is built into the gripping drama and romance of "Syncopation," William Dieterle's production for RKO Radio.

With Adolphe Menjou, Jackie Cooper, Bonita Granville and George Bancroft heading its brilliant cast, the film covers the period from the early 1900's up to the present time, tying its appealing human story to its background with a wealth of songs typical of the various eras.

"Syncopation" will be at the Hollywood Wednesday and Thursday, Oct. 28-29.

"MORE POWER TO YOU, PARTNERS!"

WE'LL keep things humming down here while you're fighting up there.

We'll see to it that there's plenty of electricity at every switch at the air field—and plenty of power for the production lines that are pouring out airplanes, tanks, guns, supplies and ships.

All that takes a lot of electric power—but we've got what it takes! We have far more power than all the Japanais—five times as much as we had in the last war!

American business management is producing seven-eighths of that tremendous flow of power. The same practical business management under public regulation that has increased electric service and decreased electric prices so much that the average American family today enjoys about twice as much electricity for the same amount of money it did only 10 to 15 years ago.

Bowman-Geminder Nuptials Observed

On Saturday afternoon at 3 o'clock the Church of Christ was the scene of the marriage of Miss Marjorie Anna Bowman, daughter of Mr. and Mrs. John Bowman, 308 Cecil avenue, to John Geminder, son of Mrs. Vera Geminder, Galesburg, Ill.

The Rev. Frank Flagg, pastor of the Church of Christ, Dowagiac, read the double ring service before the altar which was decorated with baskets of yellow pom-pom chrysanthemums and palms. Mrs. John Kelly played the nuptial music and Miss Lenore Gulbranson, Niles, sang "I Love You Truly" and "Because."

The bride, given in marriage by her father, wore a floor length gown of white net over satin and a finger tip veil of tulle caught with a tangle of pearls.

She carried a shower bouquet of red, white and blue chrysanthemums.

Miss Helen Mary Sachs, maid-of-honor, wore yellow net over satin, floor length and a shoulder length veil, caught at the head with ruffles of the same material and carried a bouquet of roses and mixed flowers.

The bridesmaids were Miss Marjorie Wolkins and Miss Marjorie Blake.

Miss Wolkins wore a gown of pink net over taffeta and Miss Blake chose blue net over taffeta. Both wore shoulder length veils of the same material and carried bouquets of roses and mixed flowers.

The bridegroom was attended by his brother, Gerald, as best man, Gene Kobe and Robert Reese were ushers.

The bride's mother wore a navy blue crepe dress with matching accessories and a corsage of red and pink roses.

The bridegroom's mother wore a violet silk dress with brown accessories and a corsage of bronze

crystanthemums

After the ceremony a reception for 150 guests was held in the church parlors.

A tiered wedding cake and bouquets of red roses decorated the table.

Mrs. Geminder was graduated from Buchanan high school in 1941, from Maher's Business college, Kalamazoo, in 1942, and was employed in the office of the Clark Equipment company.

Mr. Geminder was graduated from Galien high school in 1937, from the Chicago School of Radio Engineers in 1939 and is now employed at a radio station at Marquette.

After a short wedding trip the couple will make their home in Marquette.

Out of town guests were from Detroit, Dowagiac, South Bend, Three Oaks, Niles and Galien.

MICHIGAN'S War GOVERNOR

Murray D. Van Wagener during his present term as Governor and during his eight-year term as State Highway Commissioner, has gained the experience that is needed to serve his State and Nation in peace time as well as in war. He gets things done—AND RIGHT.

This experience—plus the vigor to follow through on a tough job—is important to you and the Nation NOW! In these fast-changing times, your best interests are served by a man whose performance is proved.

STATE DEBT PAID OFF!

\$27,000,000 is a lot of money for the State to owe. Governor Van Wagener promised when you elected him before to pay at least half of the State's debt. He did a lot better—today the debt is paid in full and there is an \$8,000,000 surplus in the Treasury to ease your tax burden in the days to come.

PERFORMANCE PROVES HE GETS THINGS DONE!

We Are Doing Our Part. Are You?

ENLIST THIS CAR IN YOUR WARTIME SERVICE

If you Really Need a Car, you can—and should — get a New One NOW!

This car wants a wartime job!

It's ready and eager to get out helping someone do his part in the war effort—you'll be doing your country a patriotic service if you'll put it to work at a really useful job, instead of letting it stand idly by.

This is one of many brand-new, unused, 1942 models built before automobile production ceased—models that are safer, more dependable and in many cases, more economical to run than older cars which have passed their prime.

That is why present car-buying regulations take into consideration the age and condition of your present car as well as the use you make of a car.

Thus if you are included in any of the seven major classifications of eligible buyers, chances are that you not only can but should replace your present car with a new one now.

You will ride on tires with their whole life before them. In this car, you'll travel behind a Buick FIREBALL valve-in-head straight-eight engine that makes the most of every single drop of fuel and oil.

Even the wheels in this Buick help get maximum mileage from tires, because the whole car is built to serve you through the duration.

The panel lists the seven major classifications of car-owners who are eligible to buy new cars now. If you are included—or think you might be—see your Buick dealer now about giving one of these eager beauties a wartime job to do.

Buick factories have been all-out on war production for months—but Buick dealers can make immediate deliveries from large and complete stocks.

"Better Buy Buick!"

John F. Russell, Inc.
122 MAIN ST. Buchanan, Mich.

IF YOU ARE INCLUDED IN THIS LIST, YOU'RE ELIGIBLE TO BUY

There are seven major classifications for persons eligible to buy new cars under basic rationing rules.

These include: (1) persons engaged in the production of war materials or the prosecution of the war, directly or indirectly; (2) physicians, nurses, clergymen, veterinarians; (3) car-owners engaged in public service, such as fire departments, public health, highway maintenance, etc.; (4) owners of taxicabs and other means of transportation; (5) farmers; (6) newspaper wholesalers; and (7) traveling salesmen in certain fields.

Your Buick dealer will be very glad to help you determine whether you come under the rules of eligibility. He will also be glad to help you fill out the proper applications.

Don't guess about your eligibility—see your Buick dealer now and make sure.
