

TWO-HOUR PARKING TO BEGIN MONDAY

Scout Troops 41, 80 to Start Regular Salvage Canvass of Town

Now Here's the Proposition

Uncle Hank of Hills Corners Sez: Jim Aichenbottom, the well-known Clark street Democrat, sez that the only country club he ever associated with was the one he used to whack the cows over the tail with down on the farm

I never got high marks in school—my teacher used to hit too much below the belt

Excuse For Living Here is the thing that you and I would think of if we were but men—

It's not so much the day we die As what we do 'twixt now and then

What matter that we linger late And heard our little stretch of time—

To stew in little pools of hate And scheme and wrangle for a dime,

Nor keep a mind for sunset, Nor keep a mind for sunrise,

The line betwixt the ill and good, And knows 'twere best to starve or freeze

Than die of worry lest we should

Nor keep a mind for sunset, Nor keep a mind for others' fates

Nor help a lad or girl to rise As plea for living while one waits,

Nor keep the vital soul that knows

While in the land of living men, It's not so much the time one goes—

As what one does 'twixt now and then

GEMS FOR YOUR... 25c per 1500

The Master (Lincoln) by E. A. Robinson A flying word from here and there Had sown the name at which we sneered,

But soon the name was everywhere, To be reviled and then revered— A presence to be loved and feared,

We cannot hide it or deny That we, the gentlemen who jeered, May be forgotten by and by He came when days were perilous

And hearts of men were sore beguiled, And having made his note of us He pondered and was reconciled Was ever master yet so mild As he, and so untamable? We doubted, even when he smiled,

Not knowing what he knew so well He knew that undecieving fate Would shame us, whom he served unsought, He knew that he must win and wait—

The jest of those for whom he fought; He knew devoutly what he thought Of us and of our ridicule, He knew that we must all be taught

Like little children in a school We gave a glamour to the task That he encountered and saw through But little did he ever ask And little did we ever do And what appears if we review The season when we railed and chaffed? It is the face of one who knew That we were learning while we laughed.

Canvass City Every 4 Weeks

Start With Paper Canvass; Buchanan Divided Into Four Districts

Organization has been completed whereby the two Boy Scout troops of Buchanan, '80 and '41, will cooperate in the collection of salvage material in the interest of National Defense

This work will start Saturday, February 28, and the entire city will be visited every four weeks. Proceeds will be divided between the two troops after expenses for the truck have been deducted. Since the field of collection has been increased not only as to the amount of the town to be reached, but in the thoroughness with which it will be done and the materials to be picked up, the Scouts have suggested that it would be extremely helpful if the citizens would have the paper in piles. Various papers they can use are newspapers, magazines, and cartons. Later a pick-up for rubber and collapsible tubes such as shaving cream and tooth paste tubes will be arranged. Individually what you have, one tooth paste tube, seems insignificant; but collectively for the community, they can become an important item in defense.

Following is the pick-up schedule: February 28—The area known as "the Heights"

March 7—The area west of Portage and south of Front Street

March 14—The area west of Moccasin and north of Front Street

March 21—The area east of Moccasin and north of Front Street

In order to cooperate with the Scout organizations to secure the fullest effectiveness, the public is asked to remember the following rules by which they may help. Repeat every four weeks. Remember the date for your area. Please have the paper in piles.

George Davis Hurt In M-60 Accident

George Davis, 708 Berrien street, suffered cuts, bruises and shock in an automobile accident at 5 Thursday, at the intersection of M-60 and the Portage road. Mr. Davis was returning from Galien and in making a left turn of the highway was struck by a car driven by Fred Hoyer, Flint, who was en route to Chicago. The motor on the Davis car was torn loose and hurled nearly 50 feet. Both cars were practically demolished.

Mr. Davis was taken to Pawtucket hospital but was later removed to his home. Mr. Hoyer and his companion, Charles Sullivan, also of Flint, were treated at a physician's office and were able to proceed to Chicago.

Robert Dodge Is Selected Sheet Metal Apprentice

The two National Defense Training classes which started at the high school Monday afternoon and evening were well-attended, according to Hugh Pierce, who states that if there is any material enrollment added after this it may be possible to open additional classes.

Robert Dodge, son of Mr. and Mrs. Frank Dodge, is enrolled as an apprentice in the sheet metal department of the maintenance division of the Clark Equipment company, beginning his work Tuesday.

Mrs. Gladys Smith Buys Former Apts.

Mrs. Gladys Smith has bought the residence property at the corner of Third street and Main street, formerly known as the Huff Apartments. The property was bought from the Buchanan Federal Savings & Loan Association. Mrs. Smith will take possession March 1.

Berrien County Junior Farm Bureau Banquets Here Friday

Wilmer Conover Sees "Bright Face of Danger" Again in Jap Attack

Survivor of Two Dirigible Wrecks Is in Thick of Attack Upon the Hawaiian Islands on Dec. 7

Wilmer Conover, husband of the former Clara DeWeese of this place, and a visitor here a number of times, is one of those whose fate it is to be in the thick of danger and wherever "helzapoppin'" without seeking to be there.

Mr. and Mrs. Conover, their 13-year-old daughter, Delores, and their three-year-old son, Donald, visited Sunday at the home of Mrs. Conover's mother, Mrs. Edith DeWeese, while en route from the Hawaiian islands to Lakehurst, N. J., where he will be stationed. Conover had been stationed in the Hawaiian islands for about a year.

He served there as a First Class Chief Metal Smith at the Koneohe Bay Naval Air Station. He and his family lived in a cottage near the Air station which is about nine miles from Pearl Harbor. They were in bed on the morning of Sunday, Dec. 7, when the Japanese attacked. Mrs. Conover heard the noise and looked out, seeing the air full of planes like a flock of birds.

"The army is sure putting on the maneuvers this morning," she said to her husband. Conover went to the window and saw that they were not American army planes. He dressed at once and went to his station. The Japanese planes

Mary Matthews Dies at 82 Years Lived Many Years in Bertrand Township and in Buchanan

Funeral rites were held for Mrs. Mary Marble Matthews at the Swain Funeral Home at 3 p. m. Sunday with Rev. C. H. Trueschal in charge, and burial was made in Oak Ridge cemetery.

Pallbearers were Frank Hickok, Robert Roe, Ronald Bolster, Charles Bainton, Robert Koenigshof, Richard Koenigshof.

Mrs. Matthews died at 10 a. m. Friday at the home of her daughter, Mrs. William Fette, after a long illness, at the age of 82 years. She was born in Warren township, St. Joseph County, Ind., the daughter of Orson and Louisa Marble. On Dec. 12, 1878, she married Charles W. Matthews in Buchanan.

She is survived by one son, A. S. Matthews, R. R. South Bend, four daughters, Mrs. Ed. Rickett of Dayton, Mrs. William Fette of Buchanan, Mrs. Clarence Cripe of Buchanan, Miss Doris Matthews of Buchanan, by one sister, Mrs. Florence Blake of Chicago; also by six grandchildren and two great grandchildren.

Al Godfrey Dies Near Kalamazoo

Al Godfrey, a native and resident of Buchanan during his early years, died at his home near Kalamazoo Friday.

Godfrey's parents were both employed in the Michigan Central depot during his childhood and he was reared and educated here. He also lived and worked for a time in the neighborhood of Glendora and is remembered by many there. The only known surviving relatives are two nieces, Mrs. Arthur Edison and Mrs. Bernard Genong, both of Royalton.

Attend Meeting H. S. Officials

Coach James Stahl and Principal Paul Moore of the Buchanan high school will attend a conference of high school athletic officials at St. Joseph Monday evening, March 2.

Michigan State College Man To Deliver Address

Attendance of 125 Expected For Event at Methodist Church

Mr. Don Hootman, secretary of the Michigan Horticultural Association, will be the speaker at the annual banquet of the Berrien County Junior Farm Bureau, his theme being "Youth's Outlook For the Future."

The banquet and meeting will be held in the Methodist church, with an anticipated attendance of 125. The banquet will begin at 7:30 p. m. Eastern War Time.

The program following the banquet will be as follows: Community singing—First verse of "America"

Prayer by Rev. Charles Hahn. Special music by Bob and Kathryn Koenigshof.

Community singing—"The More We Get Together"

Special Music by the Zech sisters. Introduction of speaker and the guests.

Community singing—"Now The Day is Over"

Raymond DeWitt will be the toastmaster. Mrs. Spaulding of Berrien Springs will act as pianist.

The committees which have been active in arrangements are as follows: speakers' committee, Norris Young and Harold Steinko, program committee, Richard Koenigshof, Barbara French, printing committee, Florence French, June Morris and Betty Young.

The event is open to the public, and anyone interested will be welcome. Tickets may be bought at the door at 65 cents.

With The Boys in Service

Valentyn Paul is safe somewhere in the Pacific, according to information received by his mother, Mrs. Adeline Paul, through the intervention of the Red Cross. Mrs. Paul had not heard since November.

Jack Leggett, son of Mr. and Mrs. Jack Leggett, Sr., will complete his course in photography for U. S. army signal corps service at Fort Monmouth, Red Bank, N. J. Sunday, and expects to remain there from one to three weeks before transfer to an undesignated point.

Leggett states that training is being rushed at high speed and that they have been working seven days a week. He received his basic training in a much abbreviated period on his first arrival at Fort Monmouth.

Charles (Bud) Matthews, son of Mr. and Mrs. Harlan Matthews, is in training at a hospital at Brooklyn, N. Y. for service in the U. S. army medical corps.

Pvt. John Knuth, who entered the U. S. army service in August 1941, and is with the 89th Ordnance company, stationed at Fort Leonard Wood, Mo., has been promoted to the rank of corporal.

Orville Aronson, son of Mr. and Mrs. E. Aronson, Chicago, Ill., a former resident of Buchanan, entered the U. S. army service in January and is stationed at Camp Walters, Texas.

Mrs. Dean Clark, North Buchanan received word from her nephew, Pvt. David G. Boyer, Akron, Ind., informing her that he was O. K. Pvt. Boyer operates the searchlights to distinguish aeroplanes and is with Battery A-97-C. A. C. stationed at Fort Kamehameha, Pearl Harbor, Hawaii.

Gather Cooky Jar For Fort Custer

The Buchanan W. C. T. U. and Lo'ta Sigma and the Niles and Three Oaks W. C. T. U. chapters are collaborating in making up 100 dozen cookies for a "Cooky Jar" for the Fort Custer soldiers. Donations are to be brought to the home of Mrs. W. F. Runner on March 4. Non-members who wish to donate are asked to call either Mrs. Runner (Tel. 340) or Myrtle Walter (Tel. 906) and their donations will be picked up.

First Church Broadcast Rev. Dr. Edwin J. van Etten, pastor of the Calvary Episcopal church of Pittsburgh, was the first to preach a sermon in station KDKA's Church of the Air.

Tales of An Old Town

An Attempt to Reproduce a Cross Section of The American Scene, As Witnessed Here Through the Past Century

On Ye Olde Village Green and Other Scenic Features How many know that some years not so far back Dayton had a "village green" or "commons", the same in use at least as prevalent in the old New England towns?

We have all read about historic Boston Commons, and most of us know that it was just another instance of that old New England institution of the common pasture. The Dayton "green" was located where the Michigan Central later planted a catalpa grove. To my mind this grove spoiled a beauty spot without any worthwhile replacement. The catalpas have been an eye-sore and a breeding place for insects, part of them have died and stood since like dry sticks.

But there the Daytonites used to pasture their cows, and I like the other small boys had the task of taking the family herd to graze. The land was then barren of trees but soon to grass. It was there we small boys used to play the game of "One old cat" or "one goes out and one goes in", using no hard baseball but one of yarn or string wrapped on a rubber core.

But this commons or village green went with the planting of the catalpas, which were set too thick so that many died and remained standing as dry sticks.

Another change on the black side of the ledger was the draining of the marsh land across the railway, where S. I. VanLew lived many years. An immense lot of hard work was done by Mr. VanLew in clearing and draining this land to render the land fit for cultivation and to keep the ground water several feet below the surface. Onions, cabbage and many other kinds of vegetables were planted there. Prices were rather good those days. Mr. VanLew took the vegetables to Buchanan and sold them to the merchants. That was, of course, before the days of refrigerated cars such as now bring the produce of the great southern truck farms to the north at prices that cannot be met by northern truck growers. On either side the marsh VanLew had fields of corn and small grain for his horse.

VanLew made money in truck gardening while he was a pioneer in the business, but long before the coming of the flood of southern products in refrigerated cars the entry of other farmers into the business flooded the local markets and the price here went down so that VanLew quit and the marsh returned to the wild state. It is now grown over again with brush, weeds and grass. The farm is now owned by Dr. Budde of Chicago, who owns another home at Dayton Lake. Previous to the death of his wife in 1932 Dr. Budde liberally improved the home near the lake. His wife practiced as an eye specialist both in Chicago and about Dayton.

Another nice improvement is at the Gogle home, first occupied by John Gogle, Sr., a Michigan Central telegraph operator about fifty years ago. It has now been remodeled into a fine summer home, where Mrs. Belle Gogle and daughter, Gladys, of Oak Park, Ill., spend a large share of the summer. Mr. Maurice Gogle and wife and son, John, Dayton, O., also spend some of the summers here.

Mr. Gogle is executive secretary of the Y. M. C. A. at Dayton, O. He was formerly executive secretary of one of the larger Chicago Y. M. C. A.'s.

Another important improvement was made in the village some twenty years ago when Mr. and Mrs. Noah Bellhartz built their beautiful home west of the schoolhouse. For a while they lived in the old home that stood there when the property was bought, formerly known as the Jim Finch home. Jim Finch was for years a bridge foreman for the Michigan Central. Mr. and Mrs. Bellhartz moved here 20 years ago, in the heyday of the old Chautauqua

days. Bellhartz is still one of the best known character impersonators on the entertainment stage in the United States and Canada. His best known impersonation is "The Hoosier Schoolmaster" which he has presented in public at least 2,000 times.

Maroons to Play Curtain Game at Berrien Springs

Locals Defeat South Haven Here in Last Class B Contest

Buchanan will journey to Berrien Springs for a game with the class "C" cagers, Friday.

In a previous game Buchanan emerged victorious 32-25 Richardson, a regular guard back from last seasons great Berrien unit, is the outstanding cager for the hosts. Richardson scored nine points in the previous game with the Bucks to lead his team in counters. Previous head coach, Leon Burgoyne, was recently inducted into the service of Uncle Sam.

Watson was really "hot" in the previous game with Berrien. The towering center dropped seven fielders through while sinking one free toss for a total of fifteen points. Participating in the last regularly scheduled game will be: Captain Jack Frank, Harold Doak, Elwood Vergon, Dick Hess, Robert Vanderstee, Eugene Anderson and Charles Trapp, all of whom are seniors. Starters for the Bucks against Berrien's "zone" defense will probably be as follows:

Buchanan Pos. Berrien Spgs. Hess F. Whetstone Vergon F. McGath Doak C. Chrystal Snodgrass G. Richardson Frank G. Renn

The Bucks closed their home season in a rousing manner as they easily defeated South Haven 33-19 after a rather slow start.

Doak began hostilities by scoring on an early 7-3 lead but the visitors' marksmanship at the charity stripe gradually closed the gap. The hosts had an 8-6 count as the quarter closed, vergon scored once besides Doak's two fielders.

The Havesites enjoyed their only lead of the game at halftime when they were leading 12-11. Frank scored the only maroon bucket. Knapp and Warschansky garnered twin-pointers for the Rams.

The locals really turned it on in the third canto as they outscored South Haven 12-2, Doak, a one-handed hook shot artist, bombarded the Rams bucket thrice. Snodgrass hung up two ringers while Hess sank a long one. Knapp scored the only South Haven points on two gitt heads.

The last period found the Bucks still rolling. Anderson and Snodgrass scored twice each in this quarter. The home towners racked up 10 points to South Haven's 5. Knapp, a very consistent and dandy basketeer counted four times for the Rams.

Harold Doak, senior forward, closed his season with a bang for the home-towners as he clicked for 11 points. Snodgrass dropped 9 points through Macholtz, highly publicized sophomore of South Haven, was held scoreless for the night.

The Bucks final standing in the conference is a five-five rating with a percentage of 500. At present the locals are third in the Big Seven Conference, being headed by Three Rivers and Niles. Score by quarters: Buchanan 8 11 23 33 South Haven 6 12 14 19 Referee: Knuth, St. Joseph. Umpire: Stalter, Bridgman.

No Exception In Enforcement Says Chief Kane

Many Business Men Begin Observance As Signs Are Posted

Two-hour parking will come into effect in Buchanan Monday, March 2, in a defined business trading zone, according to Chief of Police Paul Kane, who states that it will be enforced without exceptions.

The two-hour zone is defined as follows. Front street from postoffice to Portage; Days avenue from Front to Roe street, Main street from Front to Dewey. The two-hour parking for automobiles will be in effect in this area from 7 a. m. to 6 p. m. Trucks will not be permitted to park in this area from 10 a. m. to 6 p. m. No parking will be permitted by any motor vehicles from 2:30 a. m. to 6 a. m.

Many business men have in fact been observing the rule all this week, starting as soon as signs were posted. Chief Kane lacked signs to post the entire area. However, part of the district was posted Monday and merchants began immediately to move their cars off the street into the city parking lot. It is believed that there will be ample room in this lot to accommodate all cars of store owners and employees, leaving all parking places on the street for the trading public.

It is not the merchant who has abused the privileges of parking the worst, according to Kane. Many workmen living in hotels or in apartments over the stores have used the streets as garages for 24-hour parking. In fact Kane has checked cars which have been left in one parking stall ten days without being moved. Or these residents might leave their cars in one stall all day, walking to the Clark plant to work, then using the car for a few hours in the evening and again using the streets as a garage the most of the night.

The two-hour parking rule will be enforced even in the loading zones, according to Kane, who states that no loading zone is the private precinct of the store owner whose property it abuts. The loading zone is for the customer of the store as well as the merchant and neither has the right to park in excess of the two-hour limit.

It is likely that it will be necessary to employ an extra officer to enforce the limited parking. The officer will make the rounds of the district starting at 7 a. m. and repeating the rounds every two hours. He will carry a special marking stick resembling a hockey stick with a place in the end for a piece of chalk. With this he will mark one back tire of each car. Two hours later or perhaps a fraction of an hour later he will repeat the rounds and any car previously marked which is still unmarked will receive a ticket. Penalties will be left to the discretion of the courts.

Buchanan Teachers Hear Program On 'Mexican Neighbors'

A meeting for the teachers of southern Berrien County was held at the high school last night under the auspices of the Berrien County division of the Michigan Educational Association, the program theme being "Our Neighbors, The Mexicans." It was presented by two impersonators, Marcia Snow and Frazelle Boucher, who gave 10 impersonations with humorous, informative and entertaining dialogue. Among the characters represented were market vendors, street singers and dancers, Mexican aristocrats and university professors.

Artists Complete Postoffice Mural

Gertrude Goodrich and Jerry Snyder completed the mural at the postoffice Tuesday and left for Iowa City, Iowa, for a short visit with a friend who is a member of the faculty of the Fine Arts department of the University of Iowa, where he was associated with the late Grant Wood. Mr. Snyder expects to report for army service immediately after his return to his home in New York City.

### WHAT ABOUT YOUR NEIGHBOR?

By Dr. Charles Stelzle

THE WORLD is closing in on the measure of "personal liberty" you may enjoy. It is never truer than it is today that "no man liveth unto himself." We may talk as we please about our Bill of Rights and our Constitutional privileges, but there are some things of which even these do not treat and they are things which affect us in our everyday life. They are so personal that in many cases they cannot be reached by the law. The whole doctrine of law has been reduced by Blackstone, one of the world's greatest legal authorities to this simple formula "first, that we should live honestly, second, that we hurt nobody, and third, that we should render to every one his due."

THE APPLICATION of these principles to social relationships, to the labor problem, to forms of government, and to international affairs, would settle every legal question which disturbs the world today. Unfortunately the working out of these principles is often overshadowed by covetousness, bigotry, hatred and envy, and these lead to personal conflict, class struggles, and sometimes to world war.

BECAUSE of this fact there arises the necessity for a higher law. It was handed down to us thousands of years ago. Here it is "Thou shalt love thy neighbor as thyself." This law was announced by the Great Teacher when He was asked the question as to what was the first and great commandment, and when He told the story of the Good Samaritan as an illustration of this principle.

WE CAN'T go wrong on any decision or course of action with this law as the guiding principle of our life. Applied to human relationships there would be no world wars, no class struggles, no labor problems, no personal conflicts. And frankly, anything less than this reduces mankind to the level of thinking expressed in the motto "Every man for himself, and may the devil

### WHAT'S GOOD FOR A COLD?

Yes, everyone has a "favorite" remedy, but the best counsel of all may be summed up in three words: "Call a Physician!" There are many kinds of "colds," and treatments vary greatly. The remedy that worked wonders for your neighbor may only aggravate yours. Don't take any chances! Get the advice of an expert—and do exactly as he says. Colds are dangerous. Head them off—promptly! Your physician will write a prescription to meet your individual situation. We invite you to bring it here for filling.

WISNER'S CORNER DRUG

promote such migration. This seems a strange reversal from the attitude of some eight or ten years back, and even less, when Berrien County had its miniature "Giapes of Wrath" situation, and the annual invasions of the delapidated trucks and flippers of the southern fruit pickers were hotly resented in some quarters. Now that the supply of local labor has been almost entirely absorbed by the factories, there is room for the southerners.

OF THERE is another source of labor that has not been cultivated—which perhaps cannot be cultivated to its full potentiality without a relaxation of some of the child labor regulations. It hardly seems that work, such as fruit picking could harm young people after they have reached the teen age. The present law permits children to be employed for certain types of work after they reach 14. A youngster of 15 years is certainly as well qualified to clamor about on ladders in fruit trees as anyone, or to stoop over a strawberry row for that matter.

THIS IS A type of work which would be fairly classed as a defense, since the conservation of the fruit crops of Berrien county is certainly essential to the welfare of the nation. Moreover, it is a type of defense work in which the person engaged would have the added satisfaction of receiving wages. A certain part of the summer spent in such employment might be beneficial to the physical well-being as well as the finances of young people. The young ladies who have been accustomed to lounge on the beaches in unimpaired bathing suits the summer long to acquire a stylish coat of tan could acquire an equally popular shade, bending over a strawberry row, even though the distribution and placement of the coloration might vary from beach-acquired tan.

IT HAS LONG been customary in the northern part of Michigan where potatoes figure heavily in farm production to have the schools let out for a week or more in mid-fall so that the pupils may help in the potato harvest. But practically all of the fruit picking, with the exception of fall and winter apple harvest, is done from June 1 to Sept 1 when schools are not in session.

FARMERS are at present inclined to be pessimistic about the prospects of course the farmer is proverbially pessimistic but in this case their pessimism seems justified if they should be obliged to depend on past labor sources. But it seems certain that there is an abundance of labor for such work which has hitherto gone practically unused, which could be utilized with mutual benefit to employer and employe.

### Galien Locals

George Seyfred was pleasantly surprised Saturday night when his pinocchio club came to help him celebrate his birthday. Prizes in pinocchio went to Mr and Mrs Rodney Hoadley, Mrs Frank McCarty and Hiram Klein. The Jolly Club met with Mrs Orrin Stearns Thursday evening with prizes going to Mesdames Clara Patridge, Clark Glover and Nellie Klauer. Dr. and Mrs Lloyd Babcock of Detroit and Russell Babcock of Winetka, Ill., spent the week-end with their mother, Mrs. Henrietta Babcock, who just recently re-

turned from Florida. The Canation Club will hold a bingo party with Mrs Clara Patridge Feb. 27 and the proceeds will go to the Red Cross. Child Care and Training met with Mrs. R. E. Lockwood. Mrs. Phillip Keen gave a talk on the library. Mrs Lawrence Cook gave a lesson on knitting. The next meeting will be held with Mrs. George Murdock.

Mr. and Mrs. Frank Kelly and daughter spent Sunday in Mendon in the Richard Fultz home. Leona Seyfred of Lake Odessa, spent the week-end with her parents, Mr and Mrs. George Seyfred.

Mr and Mrs. George Seyfred and daughters spent Sunday with Mr and Mrs Annie Seyfred in South Bend. Mr and Mrs Fred Jachem were surprised on their 21st wedding anniversary. Out-of-town guests were the James Weavers and Mrs. Elizabeth Tupton of Chicago and Miss Eleanor Wedel of Niles. The couple have three children, Geraldine, Richard and Gerald, all at home.

Mr and Mrs. Randall Moffatt announce the birth of a son Friday afternoon at the Brown hospital in Berrien Springs. The baby weighed 7 lb. 10 ounces. Mr and Mrs Floyd Smith entertained Sunday Mr and Mrs Donald Wagoner and son of Niles, Larry Jeffries of Michigan City and Mr and Mrs Eugene Cook. Gladys Ender of Michigan City spent a few days in the Clyde Swank home.

Mrs Dorothy Hanover and son Larry and Mrs Maude Wolford spent Sunday in Chicago in the William Wolford, Jr. home. Miss Georgia Harper visited relatives in Chicago Sunday. Miss Sylvia Burkhead spent the week-end with her parents in St. Joseph.

Mr and Mrs Thomas Silverstaff of LaPorte visited relatives here Sunday. Mr and Mrs Fred Jochem spent Sunday and Monday in Kalamazoo.

Mr and Mrs Clarence Huss were Saturday evening guests of Mr. and Mrs Fred Zimmerman in Buchanan. The Methodist Sunday School awarded pins to the following people 3 months—Bevelly Huss and Donald Goodenough, 6 months—Billie Lintner, Bobby Lintner, Althea Swank, Madge Lintner, Jimmy Lintner, Clare Potter and Evelyn Roberts, 1-year—Virginia Reese, Duane Goodenough, Kathleen Harward, 2-year—Ann Marie Harward, Dona Reese, Tommy Long, fellow, John Harvey, 3-year—Makine James, Carmen Longfellow, Paul Harvey, 4-year—Allen Seyfred, Janice Seyfred, Maude Wentland and Mary Lou Kelly.

### Olive Branch

Mr and Mrs Russell Hampton, South Bend, spent Sunday with Mr Sam Hampton. Gloria and Shirley VanPeyna of Chicago spent the week-end with their parents, Mr and Mrs Theo VanPeyna. Mr and Mrs Ben Sheeley and son Harrison, were Sunday afternoon callers in the Frank McLarron home in South Bend. Charles Bennsback and Mrs Laura Beatty of Niles were Sunday visitors in the John Dickey home. Dean Straub, son of Mr and Mrs. Doan Straub, is on the sick list. Mr. and Mrs Carl Roudy of Three Oaks spent Sunday with Mr and Mrs Will Roudy. Pauline Russell is recovering from an appendectomy at the Holy Family hospital, LaPorte. Mr and Mrs Will Newitt were Sunday evening visitors in the Lysle Nye home. Mr and Mrs Orville Roudy and daughters spent Sunday with Mr. and Mrs. John Sult at New Carlisle. Buddy and Martha Clark have been on the sick list the past week. Mr and Mrs. George Olmstead were Sunday dinner guests in the Richard Olmstead home. Mrs Albert Rickerman and son Harold, and Mrs Kenneth Dickey were Sunday afternoon callers in the Lysle Nye home. Mesdames Richard Olmstead, Frank Clark, Lester Olmstead and Lawrence Kellogg will have charge of the Father and Son banquet to be held at the Galien High School Auditorium Saturday evening. The Happy Homemakers served a planned dinner when they met with Mrs Paul Smith, followed by the lesson given by Mrs. Ed. Howard and Mrs Joe Murdock. The next meeting will be held with Mrs John Clark March 26.

### North-Buchanan

Mrs Ira Howard and daughter, Mrs Herman Stelter, spent Wednesday with Mrs Norman Raabe, New Carlisle, Ind. Mr and Mrs Charles Barratt, Portau Springs, spent the week-end with Mr and Mrs Victor Fuller. Mr and Mrs Claude Bates visited Mr and Mrs. Henry Martin at Baroda Sunday.

### Dayton News

Mr. and Mrs Harold Rose and son, Mr and Mrs. Albert Heckathorn and son, Russell, Mrs. Stella Redding spent Sunday at LaPorte with Mr. and Mrs Lee R Seymour. Mr and Mrs Oscar Richter of Lapeer spent the week end with relatives here. Mr and Mrs Gray Best and daughter of Buchanan spent Sunday evening with Mr. and Mrs Harold Rose. Mr and Mrs Walter Emperger spent Sunday evening with Mrs A Emperger. Mr and Mrs. Claude Sheldon spent Monday afternoon at Niles. Mrs. Peter Laska and son attended funeral services of the former's father last Friday at Mio, Mich., northern part of the state. Mr and Mrs Arthur Chapman from near Galien were Sunday

### Wagner News

Perry Morley, who expected to go on jury duty at St Joseph this week, has been excused on account of being over the age limit. Glenn Kinney, Charles Mutchler and Bert and Milton Mitchell

### Bend of the River

Mr and Mrs George Haag and family, Buchanan, visited Mr and Mrs Elta Denno Sunday. Mr and Mrs. Charles Davis and son, Dale, spent Sunday with the former's parents, Mr and Mrs Benjamin Davis, Buchanan. Mr and Mrs Harry Penwell are the parents of a son, Danny Lee, born Saturday at the Boyce Maternity home in Buchanan. Mr and Mrs Clarence Huss and family, Galien, spent Sunday with Mr and Mrs Andrew Huss. Mr and Mrs Iden Good and family, Buchanan, visited Mr and Mrs Robert Rose, Sunday. Mrs Fred Haag and infant son, Dale Frederick, have returned to their home from Pawating hospital, Niles. Mr and Mrs Andrew Lyddick attended the meeting of the Ramblers club Tuesday evening in the home of Mr and Mrs Frank Imhoff, Buchanan. Friday night will be guest night at the meeting of the Bend of the River Grange in the Grange hall. Mrs William Koch, South Bend, is assisting in the care of her father, Andrew Huss, who is ill. Mr and Mrs. Arthur Mead, daughter, Ruth, Mr. and Mrs Charles Davis, son, Dale, and Mr. and Mrs Benjamin Davis, Buchanan, attended a birthday dinner Wednesday evening in the Edward Brocous home, honoring Mr. Brocous anniversary. Mr and Mrs. Charles Tichenor and Mr. and Mrs Robert Camp attended an all-day meeting Saturday of the AAA committee, field workers and their wives held in the City Hall at St. Joseph. Mrs Wilbur Arnett, Berrien Springs, spoke on the topic, "Founders of the P T A" at a meeting of the Parent-Teacher association held in the Mead school Friday night. Mrs Harry Ritter was in charge of the program. Nancy Sue Lauver, Bonnie Poorman, Fatsy and Sharon Ritter gave several tap dance numbers and Betty Kline presented a solo dance number. The girls 4-H club will present the program at the meeting March 20. The Ladies Aid Society of the Bend of the River Grange held an all day meeting and cooperative dinner Wednesday in the Grange hall to sew for the Red Cross.

### Miss Shirley Roberts, Buchanan, spent Sunday with Miss Lillian Letcher.

guests of Joe Heckathorn. Our postmaster, was surprised this week to receive a letter from a Fred Minkken whose parents, Mr. and Mrs. Henry Minkken, were former residents of Dayton sixty years ago. The writer was born here and is anxious to get his birth certificate. His home is in Lackawanna, N Y.

Mrs Mary Marble Matthews whose death occurred in Buchanan last week was very well known in Dayton and vicinity. Her husband, Charlie Matthews, was years ago, Bertrand township supervisor for many years. Their home before moving to Buchanan was for many years just west of the Mt Zion cemetery. Only one member of the well known Pioneer Marble family remains, being Mrs Florence Marble Blake of Chicago.

Proposed surveys and research by the federal geological survey probably would be made in cooperation with the state conservation department's geology division, for which the administrative board appropriation is sought. Michigan studies at Howard College of Mines on the collection of low grade ores, would make great unused quantities merchantable, have been suspended for lack of funds. Exploration for iron ore deposits has been carried on each summer by the conservation department's geology division, but on a rather limited budget.

Mr and Mrs James Thompson are the parents of a daughter born Saturday in their home on Arctic street.

### River Street Is Title Winner In City Cage League

The play in the City basketball league came to its climax last Thursday.

The Co-ops practically single-handedly stopped the play of the league by defeating the Desenberg Clothers 20-18. A victory for Desenbergs would have given them a play off game with Clark River Street.

By virtue of the loss by Desenbergs, River Street's cagers win the league with a final standing of .667.

This deciding game saw the Co-ops, better known as "Buchanan's Maulers", stop the Desenberg outfit due mainly to the style of play in the game.

The game was close all the way except the last four minutes. At this stage of the game one of Desenbergs' players was ejected on fouls. No one was on hand to replace him, so the game had to proceed with four players for Desenbergs and five for the Co-ops.

Two minutes later a tussle occurred between one player on each team—and they were ejected with fists drawn. This left the Desenberg team playing with three men, which spelled defeat by the count of 20-18.

Desenbergs led 16-15 before the ejection process began.

The Clark River Street team played Niles Michigan Mushroom five to complete the play Thursday night.

A scoring duel existed between Black of Buchanan and Hable of Niles with Black besting the visitor 20 points to 18. This difference gave River Street a victory by the score of 38-36.

A close game existed all the way with the score changing hands very often.

Final City League Standings  
Team G W L Pct.

### Forced Landing

Two marmie fliers escaped injury when this low-wing monoplane buried its nose in the recreational area of Fairlawn park, Anacostia, Washington, D. C. The aviators were Maj. R. D. Salmon and Staff Sergt Andrew Marshall.

### Two Forfeits Mar Play In Clark Cage League

Last week's Clark basketball games were handicapped by two forfeits.

The first game scheduled was between Clark Tractor and Clark Axle No. 2. The Axle No. 2 team won on a forfeit as Clark Tractor had only three men at game time.

The second game saw the Wheel Dept forfeit to Axle No. 1. The Wheel lacked three men of having enough to start the game.

The one game that was played saw the Clark office team at its best. The Clark Drill team was the unlucky target of a barrage of baskets by the Office team and could not form a defense capable of stopping Glen Jesse and Baily, thereby bowing to the Office sharpshooters 53-27.

Jesse and Baily each garnered twelve points for the winners.

The style of defense used by the Office team forced the Drill team to be satisfied with mostly long shots. A fast break type of offense worked very well for the Office team who led all the way.

The Office needs only a victory over the Axle No. 1 team this week to win the championship.

This game should prove to be one of the best games of the year. The Office beat the Axle No. 1 team by a 27-24 count.

Clark A. A Standings

Team	G	W	L	Pct
Clark Office	8	7	1	.875
Clark Axle No. 1	8	6	2	.750
Clark Drill	8	4	4	.500
Clark Axle No. 2	8	3	5	.375
Clark Tractor	7	2	5	.286
Clark Wheel	7	1	6	.143

### GIRL SCOUTS

Brownie Girl Scouts  
The Brownies, Girl Scouts, met at 4 p. m. Wednesday in the Presbyterian recreation room with Mrs. John Besinger in charge. The girls are making throws for wheel chairs for Veterans in hospitals.

Study Camp Sites  
The need for camps for children

This coming summer is seriously felt as a necessity this year. Children should have a chance to work under the supervision of experienced leaders, and the simpler the camp the better.

The Girl Scout leaders are already investigating the camps nearby, which will be available to the local girls this year. It is expected that a greater demand than ever before for this service will be had this year.

In Scout camps children are given plenty of opportunity for self-help under skilled direction at a very modest rate.

The annual drive for funds is now being conducted. Do you share to help keep your local organization functioning? They need your support!

### Cloverleaf 4-H Club Holds Meet

Ted Sietzman's Cloverleaf 4-H club held its 52nd meeting Monday, Feb. 24, at 9 p. m. at the home of Evelyn Swartz. The pledge of allegiance to the flag was given. Roll call was taken. The minutes of the last meeting were read by the secretary, Roger Young. Old and new business was called for by the president, Ted Sietzman, Jr. The next meeting will be held at the home of Irene Cauffman on March 9. D Cauffman gave the 4-H pledge. The

pledge was repeated by all. The Cloverleaf 4-H club has decided to enter the Hoard's Dairyman Dairy cattle judging contest. A quiz was given to the whole club. Refreshments were served by Mrs. Swartz.

Art Reed, Reporter.

Rebounding Ball Breaks Glasses  
A calf with a chain dragging from its neck ran past Edward Acree of Brazil, Ind. The chain lassoed Acree's neck. When Herbert Greenwald of Berwyn, Ill., smacked a golf ball out of the rough it hit a hidden stone and rebounded, breaking his glasses and cutting his face.

### Millionaire Evangelist to Talk at St. Joe

Robert G. LeTourneau, Maker of Road Graders, To Lead Meeting March 1st

Such is the demand upon the time of Robert G. LeTourneau, famous Peoria, Ill., road grading machine manufacturer, that he is booked for every week-end for two years ahead, yet it has been the privilege of a men's organization of the First Baptist church of St. Joseph, to book an all-day appearance of Mr. LeTourneau and his singers on Sunday, March 1.

On that date Mr. LeTourneau, the man who "lets God run his \$18,000,000 business," will speak at three large public meetings. He will appear at the St. Joseph Baptist church in the morning at 10 o'clock, in the afternoon at 3 o'clock at some large central auditorium in the Twin Cities, and in the evening at 7:30 at the St. Joseph high school auditorium.

Not only will Mr. LeTourneau appear in person at each meeting and tell of his Christian experience as a manufacturer, but he will bring with him the Carolina Jubilee Quartet of colored singers who have in the past enchanted radio listeners with their spirituals and other sacred songs. They will sing at all three services.

Primary to Mr. LeTourneau's personal appearance here, the quartet and one of his assisting evangelists will appear for four evenings in the Twin Cities and nearby. They will be at the First Baptist and First Evangelical churches in St. Joseph, the Clay Street church in Benton Harbor, and in the Congregational church, of which Rev. Fred Williams is pastor, at Baroda.

All of these preliminary week-day services and the three appearances of Mr. LeTourneau on Sunday will be financed entirely by the LeTourneau Foundation, Inc., a Christian organization which is supported by receipts of nine-tenths of the net earnings of the great LeTourneau industries. Mr. LeTourneau keeps for his own use only one-tenth of his income.

Men, women and young people of any and all denominations are invited to attend any or all of these services. No offering will be taken at any meeting. There is no charge.

Mr. LeTourneau owns and operates the big parent factory at Peoria, a branch in Georgia, another in California and one in Australia. In his layman talks here he will tell how in the early 1930's he was bankrupt, but how, in a few years, by his trust in and co-partnership with God, he built up an industry that does millions of dollars worth of business annually and dominates the heavy, caterpillar grading and filling machinery business of

### Scanning Western Sky for Hostile Wings

For the first time since the days of the Civil war, the Pacific coast, the only part of the continental United States so designated, has become a theater of war. Throughout this district the armed forces are on a constant alert. Above photo, showing 155-mm. gun, illustrates the activity

the world. The Peoria industrialist, with his party, will fly to Dendix airfield in South Bend in his own Lockheed airplane, and will be brought to St. Joseph by auto Sunday morning, March 1.

**Betty Young**  
AT YOUR SERVICE

During the lenten season every homemaker sees confronting her the task of planning meals which conform to her individual observance of this particular period. Naturally she turns to the good protein standbys that have served so faithfully through the years, and generally first on this list is fish.

Fish is important to the diet for its value as a protein food. Oysters, canned red salmon, scallops and crabs have a comparatively high vitamin A content. In salmon and sardines there are also small amounts of vitamin D. Salt water fish and most shell fish are valuable for their minerals. Oysters are a good source of iron and copper.

Much of the fine flavor of cooked fish depends on complementing it with the right sauce or relish. And too, fish is more appetizing with a sauce or garnish that supplies needed color.

Here is a suitable lenten menu

- New England Creamed Cod
- Boiled Potatoes
- Harvard Beets
- Lettuce Salad
- French Dressing
- Raisin Puff
- Creamy Sauce
- Beverage

- New England Creamed Cod
- 2 pounds salt cod fish (or any other fish)
- 8 tablespoons butter
- 4 tablespoons flour
- 1/2 teaspoon pepper
- 2 cups milk
- 1 teaspoon horseradish
- 2 hard cooked eggs, sliced

- Fish other than salted fish need not be freshened before using. For salt fish soak fish, flesh side down in large amount of running cold water for 15 minutes. Drain, cover with warm water and soak 5 minutes. Drain, cover with fresh water and heat slowly to boiling. Drain, add fresh water and simmer until just tender. Make white sauce, add horseradish. Add fish to sauce and heat thoroughly. Garnish with sliced eggs.

- Raisin Puff
- 2 cups sifted all-purpose flour
- 4 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup milk
- 2 tablespoons melted butter
- 1 egg beaten
- 1 cup raisins

- Sift dry ingredients together 3 times. Add raisins. Beat egg and combine milk and melted butter. Add liquid to flour all at once and beat until smooth. Steam in a 1 quart well-greased mold for 1 hour. Serve hot with sauce made by creaming thoroughly 1/4 cup butter and adding slowly 3/4 cup powdered sugar, 2 tablespoons milk and 2 tablespoons melted jelly. Cream together until light and fluffy. Raisin puff will serve 6 to 8.

### West Buchanan

Mr. and Mrs. Edward Thompson of Arden were Sunday guests of Mr. and Mrs. Arthur Rose.

Patty Rose, Margene Sebaaty, Ruth and David Reitz, pupils in the Holmes school, are confined to their homes with mumps.

Mrs. Walter Haas, Bakes town, daughter of Mr. and Mrs. Lloyd Wallace, who underwent an operation at Epworth hospital, South Bend, Wednesday, is reported improving.

Mrs. Glen Elrod and Mrs. Stanley Shuford spent Monday in South Bend on business.

The meeting of the All Star 4-H club scheduled to meet last Saturday in the home of Mildred Hall has been postponed until Saturday, Feb. 28.

The Dayton Rebekah lodge held their regular meeting Wednesday night in the I O O F hall.

Mr. and Mrs. Joseph Letcher, Jr., entertained their pinochle club Saturday night. Prizes were awarded to Mrs. Foster De Poy and Edward Haas. The club will meet March 21 with Mr. and Mrs. Warren King, Buchanan.

Miss Mildred Rose spent Sunday with Miss Vivian Wallace, Buchanan.

Mr. and Mrs. A. C. Sarver, Mr. and Mrs. S. C. Sarver and Mrs. Maggie Saiver were Sunday guests of Mr. and Mrs. William Long, Yorks Coilers.

The I O O F lodge at Dayton initiated a class of candidates at the regular meeting held in the I O O F hall Monday night.

At a meeting of the Parent-Teacher association held Friday night in the Broccus school, Walter C. Hawes, Buchanan, presented a talk on the topic, "Nordic Customs." Plans for a civilian defense program were discussed by the members. James Best, president, appointed the committee chairman as follows: Financial program, Miss Wanda Potter, chairman; Mrs. Fred Mairs, visiting; Mrs. Elmer Clark, publicity; Fred Mairs, hospitality; James Best and refreshments; Mrs. H. Bowerman. Plans were made to hold the meetings regularly the third Friday of each month.

Mr. and Mrs. Joseph Letcher, Jr., will entertain Mr. and Mrs. Lester Mitchell, Mr. and Mrs. Lyle Mitchell and family and Mr. and Mrs. Ward Mitchell at a family dinner Sunday, honoring the latter couple who will leave Monday for San Diego, Calif., to make their home.

### Bakertown News

The Needlepoint 4-H club met at the home of Miss Almata Flanagan on Saturday afternoon. The members are sewing on their projects which must be finished by April. They will meet every Saturday from now on. The next meeting will be with Irene Cauffman.

Mr. and Mrs. Eldon Decker and family of Three Oaks visited at the home of Mr. and Mrs. Cecil Fay on Sunday afternoon.

Miss Florence Pierce spent Wednesday in Gobels, Mich.

Mrs. Ernest Price was in Kingsbury recently on business.

The Portage Prairie Home Economics club met at the home of Mrs. John Redden Wednesday. Mrs. Iva Riffer and Emma House were assistant hostesses.

George Witherrail and son Johnny of Grand Haven are spending a few days with friends here.

Mr. and Mrs. Wesley Grant and daughter Myrna of Eau Claire were dinner guests of Mr. and Mrs. Ivan Pierce Friday.

Mrs. Ora Fay of Berrien Springs spent Thursday at the home of Martin Fay.

Mr. and Mrs. Cecil Fay were in Three Oaks on business Saturday afternoon.

Mr. and Mrs. Robert Blay and family have moved to California. They left a few days ago.

### Huron Oat Best For Mich. Growing

Michigan's new Huron oat in Lower Peninsula commercial production for four years withstands the competition presented by new varieties well adapted to other states where they originated. That is the conclusion of men in the farm crops department at Michigan State College after yield tests were made in plots where the Huron variety was compared with other varieties which were rated early, smut and rust resistant.

### Preparing for Second Attack on Hawaii

This approved picture shows U. S. army tanks maneuvering over the rough terrain of the Hawaiian Islands, as troops in occupation prepare for future eventualities. A hot reception is assured for all comers—and when.

No argument with plant breeders in other states is contemplated, Down insists. He merely supports his faith in the Huron variety with actual test plot figures comparing yields and test weight. He admits the other varieties probably produce better than Huron oats grown on farms in other states, but not in Michigan.

### No More Climbs to Top of Fire Towers

A federal communications commission wartime rule barring enemy aliens from shortwave radio broadcasting rooms will deprive many thousands of tourists of a favorite feature of their northern Michigan vacation—a trip to the top of a conservation department forest fire observation tower.

Fire towers are now equipped for radio communication, and since examination of citizenship credentials is not feasible, the towers must be closed to the general public, H. R. Sayre, chief of the conservation department's field administration, says. More than 25,000 visitors signed tower registers last season in towers in the northern half of the lower peninsula alone.

Lowest Body of Water  
The lowest body of water in the world is the Dead sea in Palestine, which lies 1,290 feet below sea level.

Bureau of Agricultural Economics as bringing "important economies" to food retailing, and confirming reports were issued this month by a leader in developing this type of sales unit, the A & P Tea Company. The food chain announced that elimination of unnecessary handling operations and costs has reduced over-all operating expenses to the lowest point in the company's 82 years, with as little as 10 cents of the retail dollar now covering distribution charges for some foods trucked direct from growing areas to company super markets.

For the nation as a whole, on food marketed through all trade channels, the Bureau of Agricultural Economics reports that marketing costs took 52 cents on the average out of the retail food dollar, eight cents less than in 1938. On the basis of food costs alone, budgeteers among working families are better off today than they were during the "prosperity" years of 1920 and 1929. Government reports show that the typical working man fed his family for \$340 last year compared to the \$540 required in 1929 and \$688 in 1920. The 23 cents that food costs take from the income dollar today is the smallest share in 29 years of government record.

### 300 Mich. Schools Will Plant Trees

For pupils in nearly 300 Michigan schools, plans for "spring planting" have less to do with farm crops and garden vegetables than with outings for the setting out of new pine seedlings in the school forests. First requests for 1942 stock, which will not be shipped before April 15, are being received by the conservation department's forestry division.

From its big pine nursery at Higgins Lake, the forestry division last year supplied 1,400,000 trees for planting on 293 school forests and 51 community forests, which vary in size from 10 to 1,400 acres. Plantings of trees furnished free in reasonable quantities for such forests since 1931 total 12,500,000. Forty-six new school forests were started in 1941—nine of them in Oceana county alone. Teachers value the practical conservation training, students like the hikes and outings at the forest plots.

In the northern 47 counties where the conservation department administers state-owned management administrators state-owned

lands, 20,000 acres of school forests and 6,000 acres of community forests recently was idle, tax-reverted property.

**Faster Than Wind**  
Light racing sailboats can be made to travel about 50 per cent faster than the wind when they are sailed at a certain angle to it, reveals Collier's.

Telephone between the "humps"!

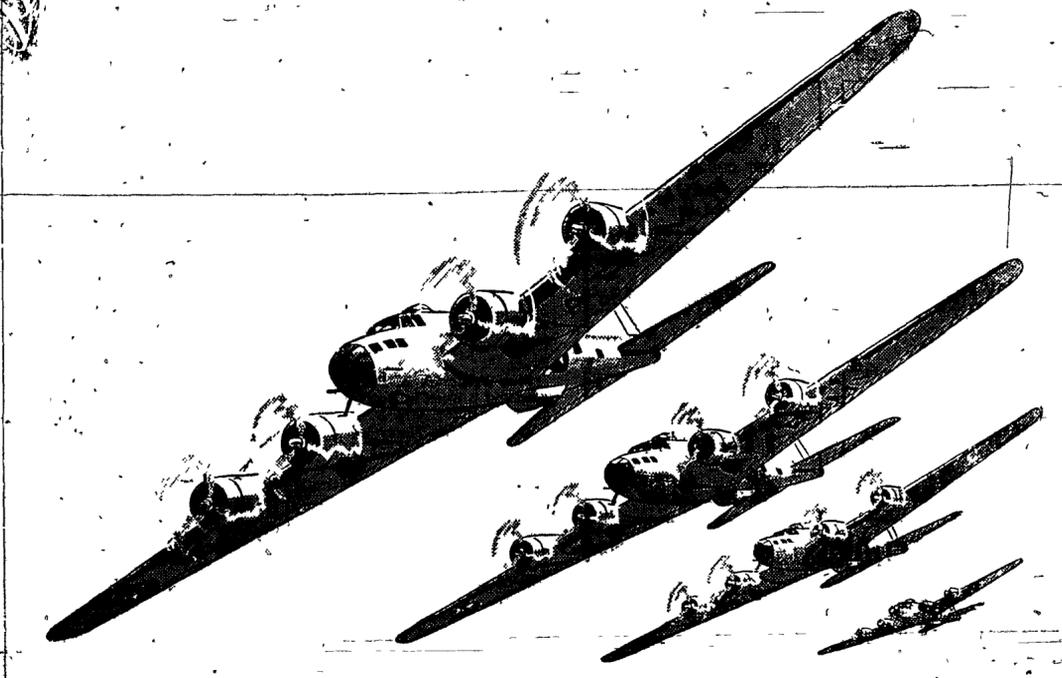

9 10 11 12 1 2 3 4 5 6 7 8 9  
MORNING AFTERNOON EVENING  
BEST TIMES TO CALL

### Help Speed War Calls!

THIS picture is to remind you that you can improve your own telephone service and lend a hand in speeding important war messages if you avoid those "peak" periods—10 A. M. to 12, and 2 to 4 P. M.—when telephone lines are likely to be overloaded with calls.

Michigan Bell now is handling an average of more than 5,000,000 calls daily—many thousands more than ever before. War calls must go through, even though it is becoming increasingly difficult to meet service needs as readily as in the past. By doing your telephoning at off-peak hours, and keeping your calls as short as possible, you will be helping to speed the messages that are vital to victory.

# Eclipse of the Rising Sun!

CHALLENGED in two hemispheres, America faces a tremendous test. But the fighters and bombers that will blot out the Rising Sun—the tanks and guns that will help smash the Swastika—are pouring off our production lines.

The biggest industrial job in history is being done because America has the electric power for the job! The electric industry was ready when the crisis came. The business men who manage the nation's electric companies had built up power reserves in advance—and interconnected company systems so that power could be delivered almost anywhere overnight.

They were ready, too, to meet new demands with new construction. They added enough power in 1941 to light one-fourth of all the homes in the U. S. A. We're glad that the electric industry has been able to help make Uncle Sam so powerful. We're determined to stick to the job until the blood-red sun has set and a new day follows darkness!

Buchanan Dairymen Head Test Averages

More than 354 cows were on test in the South Berrien Dairy-Herd Improvement Association the past month. The average production per cow was 712 pounds of milk and 27.18 pounds of butterfat. Forty-two cows produced over 50 pounds of butterfat. Twenty-five members weighed the milk from each cow daily...

Contour Farming Proves Practical In Small Fields

"All future plantings on this farm will be set on the contour," says Charles Ewalt, who assists his son, George, in operating a small farm just east of Minchman in Oronoko township. Since starting a soil and water conservation on his farm in 1937, the younger Ewalt has contour planted five fields in fruits and berries. These fields are all small, the largest being six-tenths of an acre in pears...

Trained Forest Fire Fighters Lost to Factories

Lack of trained personnel, an enormous increase in timber cutting operations, possibilities of sabotage and a relatively "open" winter were cited today by F. J. Hoffmaster, director of conservation, as reasons for apprehension over the rapidly approaching forest fire season in Michigan. "Military service and higher wages in war production plants in southern Michigan are taking from 30 to 50 per cent of our trained forest fire fighting personnel," Hoffmaster said...

An Apple A Day—Why Not An Egg, Says State College

Whoever coined the phrase "an apple a day" either forgot or did not appreciate that a hen's egg deserves a pedestal in every man's everyday fight for health. An estimated 11 1/2 million hens in Michigan are doing their best to keep Michigan egg consumers healthy and to supply the nation's war needs. At Michigan State College the home economics staff members support the contention of the poultry husbandry department that hens fed properly lay eggs that are packed with health and food essentials...

fed, also on the variance of the egg that one hen might lay compared with the egg production of some other hen, the vitamin A content is valuable to those who eat eggs. There is a good source of vitamin D in eggs. This varies widely depending on how much of the vitamin is provided in the hen's diet. Another vitamin in the yolk is the vitamin B1. "Michigan poultrymen have met and exceeded federal goals set up for egg production," explains C. G. Card, head of the college poultry department. He sees no need for farmers to worry about overproduction, since federal purchases, needs for eggs for drying plants and for local consumption should continue to provide egg markets.

The leaders, Mrs. Paul Johnson and Mrs. Ralph Lehman presented the lesson on "Making Home Production Pay"...

M. State College Advises Farmers to Form Meat Ring

Simplification of the process of farm beef butchering and the recommendation that farmers organize "meat rings" to reduce costs and share labor becomes one of the contributions of Michigan State College extension service as a part of the Michigan War Board activity. In Berrien county, information on the process can be obtained from H. J. Larkins, county agricultural agent. Lower food budget costs and assurance of a healthful variety of meat with its helpful vitamins are the other dividends of the farm butchering program. Twenty steps are listed as the simplest method for slaughtering a beef animal. Then there are eight more steps in cutting up the carcass into wholesale cuts of beef. The nine cuts of beef produced are listed as to usage: for steaks, roasts, ground meat, for canning or soup or stew. Recipes for corned beef and for dried beef also are available as part of the recommendations for an increased low-cost supply of beef for Michigan farmers. One of the results of the program, the sponsors point out, will be to reduce necessity of some food transportation, thus enabling greater efficiency in the required transportation of armament, munitions and foods for war purposes.

Doctors Approve Sugar Rationing Says U. of Mich.

Don't complain about sugar rationing; it will be good for you. This is the advice of Dr. L. H. Newburgh, widely-known University of Michigan authority on dietetics. As a matter of fact, Dr. Newburgh declares, it would be a God-send if there were no sugar at all for, if there weren't, we would be forced to eat more whole grains, meats, milk, green vegetables and other foods which give us everything that sugar does plus much-needed B-vitamins and other necessary food elements. Sugar's only importance to our diets is its fuel value, Dr. Newburgh points out, adding that this fuel value may be readily replaced by a host of other foods, many of which provide more than mere fuel. Proposed rationing will reduce sugar consumption from 114 pounds per person in 1941 to 77 pounds per person in 1942, according to the Office of Price Administration. Such a reduction in sugar consumption will force us to seek approximately one-third of our body fuel from other sources, Dr. Newburgh points out. Milk is the best substitute for sugar, Dr. Newburgh says, since it also provides proteins, vitamins, salts and fats. One glass of milk, he says, is equal in fuel content to four teaspoonsful of sugar. Whole cereals, Dr. Newburgh adds, are a much more wholesome food than sugar since they provide, in addition to fuel, vitamins of the important B group and 10 per cent of protein. An ordinary portion of oatmeal, he says, is equal in fuel value to four teaspoonsful of sugar.

**LOST**—Two pairs children's tap shoes, also 2 pairs ballet shoes. Finder leave at Teresa White's studio, Mrs. Harry Ritter, Tel 7132F2 911c

## "Party Driving" Helps in More Ways Than One

Denver—University students' ingenuity has created a new method of earning money to defray expenses. The latest wrinkle is "party driving."  
The "party drivers" guarantee sober driving for students on parties. Denver police have started to arrest several drivers of late whose cars were filled with singing, shouting college students, only to be checked by the explanation: "It's a party driver."

**White Spots on Nails**  
White spots and lines under the fingernails are sometimes known as "gift spots." They are due to structural changes in the nail bed and upon microscopic examination indicate the inclusion of air within the tissues.

# Church Services

**Christian Science Society**  
Sunday Service at 10.00 a. m. Subject "Christ Jesus"  
Sunday school at 9:45 a. m.  
Wednesday evening meeting at 7:45

The reading room in the church is open each Wednesday afternoon from 2 until 4 o'clock

**Christian Science Churches**  
"Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 1

The Golden Text (Philippians 4:19) is "God shall supply all your need according to his riches in glory by Christ Jesus"

Among the Bible citations in this passage (Matthew 16:13,16) "When Jesus came into the coasts of Caesarea Philippi, he asked his disciples, saying, Whom do men say that I the Son of man am? And Simon Peter answered and said, Thou art the Christ, the Son of the living God"

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy, include the following (p. 333) "Christ expresses God's spiritual, eternal nature. The name is synonymous with Messiah, and alludes to the spirituality which is taught, illustrated, and demonstrated in the life of which Christ Jesus was the embodiment"

## The Church of The Brethren

Ira E. Long, Minister  
Bible School 10:00  
Morning Worship 11:00 Sermon "The Intolerance of Jesus"

Wednesday, 7:30 p. m. Bible study and prayer service at parsonage at 604 Days avenue.  
Thursday evening, Grace Girls chorus, at 7:30 p. m. at the home of Mrs. David Johnson, 102 1/2 East Front street

## Univ. Michigan Regents Approve Three-Term Plan

Year-around study at the University of Michigan in a three-term program which will allow students to complete the ordinary four-year course in two years and eight months was approved by the Board of Regents in a resolution passed in their meeting of January 30.

Detailed plans for the University's accelerated program of study, which was begun January 14 with the announcement of a shortened second semester for the present school year, are now being made by the University War Board and the administrative officers of the University's 14 schools and colleges. Previously, the University has offered study in two regular terms and an eight-week summer session.

The Regents' resolution asserted that "the University should, as far as finances will permit, offer a three-term plan for students in courses related to state or national defense and for those who desire to accelerate their college training." The resolution also instructed the War Board to prepare plans and a budget, within the limits of available funds, for the three-term courses, both to be submitted to the Regents for consideration as soon as possible.

At their January 30 meeting, the Regents approved the recommendation of the War Board and the deans' conference that Commencement be advanced three weeks, from June 20 to May 30, by eliminating spring vacation and shortening examination and registration periods. This will allow time for a full term's work between Commencement and the regular opening of classes in the fall.

## Farm Fire Peril To Be Surveyed

Every farm in Michigan becomes a cog in the statewide rural fire prevention campaign to be conducted in February under the sponsorship of the Michigan Council of Defense, county defense councils and the county U. S. D. A. war boards.

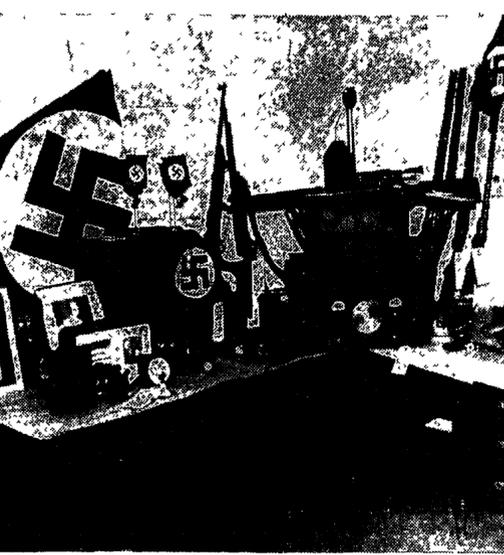

Major purpose of the survey is to prevent loss of food and materials that might be destroyed by fires on any of the state's 185,000 farms. Prevention of individual loss of life or property will be the gain that individual farmers will obtain.

County U. S. D. A. war boards are composed of representatives of seven services of the United States Department of Agriculture. These include the county agricultural agent, farm credit, rural electrification, forest service, soil conservation, farm security and the Agricultural Conservation Program. Other cooperators include boards of supervisors, press and radio facilities, farm organizations, county school commissioners, superintendents of consolidated and township schools and local conservation officers.

Slogan for the movement is "Don't Feed a Fire". Seventeen steps to lessen danger of farm fires are to be presented, plus a list of 12 common causes—Four reminders of what to do if a fire starts are to be included in literature printed by Michigan State College as an aid in the program.

Somewhere in the United States a farm building burns each 15 minutes, sponsors of the survey point out. In a recent year's tabulation, farm fires cost 550 Michigan lives. In 1940 farmers in the United States lost to fires a total of more than a hundred million dollars.

## Seized From Enemy Aliens by FBI

Shown here is some of the material seized by Federal Bureau of Investigation agents in Newark, N. J. The FBI men co-operating with local police seized many enemy aliens in Newark and vicinity. The material includes fire arms, short wave radio sets, photographic equipment and other contraband which should have been turned over to the police. Photographs of Hitler, swastika banners and other pro-Axis items not exactly contraband were included in the haul.

## Price Czar Is Sworn Into Office

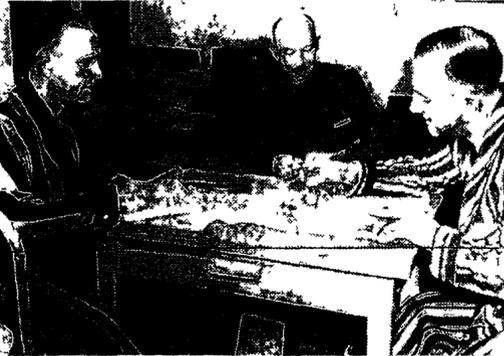

Here Leon Henderson, who will keep the ceiling on prices, is shown taking the oath as price administrator. The President's appointment of Henderson was recently approved by congress. Photo shows, left to right, associate U. S. Supreme Court Justice Robert Jackson administering the oath of office; Donald Nelson, Mrs. Leon Henderson, and Leon Henderson.

## Australian 'Jumping Off Place'

Here is a view in Alice Springs, Australia, the jumping off place of the continent's own strategic "Burma road". From the railroad here to Port Darwin on the north coast, through the barren desert wastes of the "back of beyond" rolls the four-lane defense highway which carries the sinews of war from the industrial south to the north coast.

## Burning Midnight Oil in Officers' School

At the command and general staff school at Fort Leavenworth, Kan., the only one of its kind in the country, officers of our army go through stiff training course to prepare them for command and general staff duty. Here a trio of student officers are shown in their quarters preparing solutions for the problems of tomorrow.

## Nelson Explains Rubber Situation

The following statement was issued recently by Donald M. Nelson, chairman of the War Production Board, and Jesse Jones, Secretary of Commerce.

It is extremely important that every citizen understand our situation in rubber.

We cannot win the war unless our military forces have an ample supply of rubber. If rubber is lacking our planes can't fly, our tanks can't move, our field guns can't operate, our warships can't function.

It is perfectly true that we have in the United States today a large stockpile of crude rubber. It is also true that more rubber is coming in. In addition, we have started a program to make synthetic rubber which eventually will give us a substantial supply.

Fighting with the Japs is now occurring in the area our rubber comes from. In fact, the Malayan Peninsula from which a large part of our rubber supply is normally obtained is wholly in Japanese possession today. We have to drive them out before we can get any more rubber from that area.

The rubber we have today, plus the rubber that is on its way in and the rubber we shall eventually make in our new factories, is all the new rubber we can count on at this time. There is about enough to enable us to complete our great armament program—but there is not going to be any to spare. We dare not waste any.

So we have made our choice. We go without any new rubber tires for civilian use this year so that we need not go without rubber for our tanks, planes, guns and warships next year. Unless we restrict all civilian use of rubber to the bare essentials, we shall not have enough for our military machine during the next two years.

We are rationing rubber now. We are doing so because it is an absolute military necessity. Every American must understand that the fact that we do have large supplies of rubber in this country does not in the least mean that we civilians may have all we want. It simply means that because some foresight was exercised our military needs during the next couple of years can be met—provided that civilian use is held to the absolute minimum.

We should not be rationing rubber today if our national safety did not depend on it. Everyone of us who is used to riding on rubber without giving the supply a thought should look at his tires and say "That's all there is. There isn't any more"—and proceed accordingly until adequate supplies are once more assured.

Your government is aware of the seriousness of this rubber supply problem and is working on all fronts to alleviate this situation as much as possible.

## Bertrand Man Charter Member Farm Bureau

F. A. Koenigshof of Bertland township has the following to say about being a Farm Bureau Member:

"I was one of the first to join the Farm Bureau and can proudly say that I am a Life Member of that organization.

In my opinion the farm and the farmer of today would not be in the condition they are in if it were not for the Farm Bureau which is owned and controlled by the farmer.

It is a pleasure to buy seeds which are unconditionally guaranteed for purity and germination. It is with the same degree of satisfaction that one can buy open formula dairy feeds.

Sometimes it is hard for a non-member to see the benefits from this organization. If these same individuals would only stop and look back over the past few years they could readily see where farm taxes have been lowered, sales tax on merchandise used for agriculture production has been abolished, farm produce prices are now near parity.

All this has been going on while our country has been at peace with other nations. Now that we are in war it can only will be the well organized farmers who will survive the world of tomorrow.

## LEGAL NOTICE

1st insertion Feb 26, last Mar 12 STATE OF MICHIGAN, The Probate Court for the County of Berrien

At a session of said Court, held at the Probate office, in the City of St. Joseph in said County, on the 18th day of February, A. D. 1942.

Present, Honorable MALCOLM HATFIELD, Judge of Probate. In the Matter of the Estate of Ann Jane Hoffman, Deceased. #### Youth and Defense

Boys and girls throughout America are seriously thinking about ways that they can help speed their country to victory in this great war. Many have written the Youth Division of the Office of Civilian Defense at Washington with suggestions for new, patriotic organizations.

"The best advice I can give young people below military age who want to save their country," explained Samuel Ericsson, Coordinator of Junior Defense Programs for the Division of Youth Activities of the Office of Civilian Defense, "is to see members of the Defense Council in your own town. Instead of spending time thinking about organizing, till other groups for defense—groups which might duplicate the work of others—why not use the organization already officially set-up?"

Mr. Ericsson pointed out that "Youth Defense Auxiliaries" are now being organized in connection with Defense Councils in towns, cities and states. Composed of representatives of local youth organizations, Youth Defense Auxiliaries will be very glad to receive any new ideas from patriotic girls and boys.

"The spirit of sincere patriotism that American girls and boys are showing is inspiring," Mr. Ericsson said. "We appreciate the loyalty of every young person in our great country for this fight against the evil forces opposing us across the oceans."

#### Save Paper for Uncle Sam

Ah! Ah! Don't throw that piece of paper in the basket. Look at it. Is there room to scratch down a hurried checking of an arithmetic, algebra or geometry problem? All right, fold it up and put it in your note book or other handy place but please don't throw it away. Remember you're saving paper for Uncle Sam.

If you have to write that note to Susie put it on scrap paper and tear off the used part. If it's awfully important stretch it out a little so you can use the whole page. If it doesn't take the whole page tell Susie to write her answer or next note on the other side. Of course, you will save more paper if you just tell it to her in between classes. Don't at any rate take a whole clean sheet of paper for a few lines.

Does your ink bottle leak? Well wrap it up in scrap paper not good paper or better still get a new one.

If you are the type that writes a theme over and over use the back of an old spelling paper for the first copy.

Remember let "Save your scraps to beat the Japs" be your motto from now on.

#### Athletic Requirements

One wonders if the students in our high school realize the importance of athletics. Students seem to think athletics are a pastime that does not require much thought or effort. Both boys and girls entering sports are obligated to observe various rules. Some of the boys are under strict regulations when participating in basketball or football. They have to get sufficient rest, eat correct food, practice many hours, and refrain from smoking or drinking. If you wonder what is accomplished by such sacrifices, the answer is strong bodies and good health.

#### Thumbnail Portrait

**Hervy Arrick**  
 Hervy Arrick moved to Buchanan when he was only two years old. He was born on June 12, 1924, on a farm near Monticello. Hervy is the student leader of the athletic teams of school. His hobbies are roller skating and having a good time. He played the part of "Brian" in the "Junior Play" this year. He is planning on going to college and graduating in electrical engineering.

Some of the graduated students of last year visited school last Monday. They were: Lester Hancock, Marjorie Bowman, and Suzanne McKinnon.

### Grades Present

#### Safety Drama

Mrs. Fuller's fourth grade and Miss Gate's fourth and fifth grades presented an assembly program Tuesday morning for all the grade children. The program consisted of a safety play entitled "When the Lights Went Out" in which all of the children in the fourth and fifth grades took part. "Health Habits Way", a health play, was given by the fourth grade.

### Library News

The library club held a meeting February 11 at which time they elected new club officers. Those elected: Dick Blomley, President, Eloence Farris, Vice-President, and Ruby Clark, Secretary-Treasurer.

The library members are to receive either a pin or a charm according to their choice. All members are asked to specify their choice immediately.

#### Student Self-Rule

Fourth hour study hall is going to be ruled by the student body rather than Mr. Moore, beginning this week.

The students selected to run the assembly will be chosen by the student advisory committee.

#### Future Farmers Have Charge of Stamp Selling

The defense stamp-selling campaign in Buchanan High School has been headed by the Future Farmers. Charles Dickow heads the drive with all Future Farmers assisting him.

The Future Farmers are expected to make a strong drive by sending speakers to each home room in order to encourage more money for defense. Elwood Vason will be the leader in the speaker's tour. The Future Farmers have reported their sales to the amount of \$3,105.

#### Mc Needs Your Help

Well, students, how do you like this issue of the Microphone? Could you have done a better job? Do you know any good jokes or poems? Have you ever wanted to contribute to our paper? Well, here's your chance. Write down your contribution and put it in the box in the hall. You need not sign your name. If your contribution is not used, don't feel badly, but try again. Our space is limited. We need your ideas and suggestions.

#### Home Economics Department

Did you smell that delightful aroma that penetrated the upper halls recently? Of course you did! This rare odor was none other than the pie baking in the boys' home economics class. Keep it up, boys, and maybe you'll get an offer from the army.

### B. H. S. Victor In Two Out of Three Junior High Games

Tuesday, February 17, the Niles Junior High basketball squads invaded our home court and dropped two games to our one lone defeat. The ninth grade of Niles fell under a showering barrage of field goals and free shots. The final score was Buchanan 33, Niles 13. The second game also went in favor of Buchanan. The game ended in a tie 15 to 15. After a short discussion both coaches decided to play a two minute overtime. In a last desperate attack Art Bailey dropped in a field goal to clinch the game 17 to 15 for Buchanan.

However, our third and final game was unsuccessful. The Niles quintet dropped our seventh grade 11 to 8 defeat with a rally in the last half.

#### Art Students Express Ideas on War

Students express their reactions on the war in art. This point was brought out in an article posted on the bulletin board. The emotions of the students were released in their drawings. They have expressed their own morale and inspired better spirits.

#### Dewey Avenue

The first graders in Miss Gustafson's room have been talking about health. They are making a big health chart with the picture of each pupil on it.

Mrs. Heim's second grade children were glad to have Luddy Shilts enter their grade. He is from Randolph, Ohio.

The second graders in Mrs. Doolittle's room are making large drawings of their favorite story book characters.

The boys and girls in Mrs. Wilcox's third grade have been studying winter birds in their Nature Study class. Some have made good

drawings of the bluejay and cardinal.

The boys and girls in Miss Olson's fourth grade have been practicing songs with Miss Sheffel for the operetta. A few have been chosen to take part.

### Grade News—H. S.

Miss Canagan's pupils have learned several new singing games which they play during the recess period when it is necessary to stay in the building. The names of the games are "Looby Loo," "The Muffin Man," "Hunting," and "Snail."

The pupils in Miss Connell's first grade have memorized the flag salute. They say it each day. They discussed conservation of food and clothing and how they can help.

The children in Miss Fritz's room have had fun during play-time sliding on the ice. Miss Kinney's room composed some poems last week. Many of them were very good. They plan to put them in a newspaper next week.

The boys and girls are enjoying the snow and ice. They have to be very careful when they cross streets though.

Mrs. Fuller's boys and girls are collecting empty tooth paste and shaving cream tube. Later these will be collected by Boy Scouts to be used by Uncle Sam in defense work.

Miss Gates' Fourth Grade is making a freeze of the various continents that they have studied. Committees have been chosen to work on the different parts. We had only seven people in the fourth and fifth grades who did not have perfect spelling scores this week.

The boys and girls in Miss Halton's fifth grade have bought \$281.55 worth of defense stamps and bonds. Toward this amount, the boys contributed \$145.15 and the girls contributed \$136.40.

The fifth grade in Miss Ekstrom's room will begin work on decimal fractions this week. The class is doing some interesting work with units of measure.

Miss Jeffery's room has been practicing for the Operetta, "The Blue Belt." There are quite a few people from our room who are in it.

Last week we had a T. B. test. Mrs. Lamb put a bandage on our arms with three squares on it. When Mrs. Lamb took them off, nearly everyone showed they did not have tuberculosis.

Miss Jeffery's room had a Valentine party. We had a very nice time. Kathryn Grime brought us some candy bars.

George Hattenback last week Miss Reams' room collected \$13.40 for defense stamps.

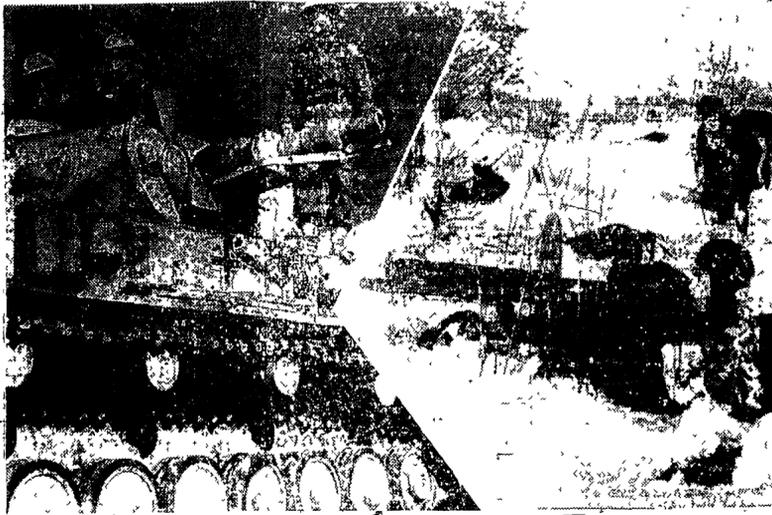

We have started a new unit in science about light. We have learned that light travels at the rate of 186,284 miles a second, and it travels in a straight line.

### Probate News

Judge Malcolm Hatfield transacted the following matters: The Petitions for the appointment of the administrators were filed in the deceased estates of Louis Egger, Frank Sommer, William A. Garwood, Agnes Newton, August Ringst, and Ann Jane Hoffman, Wills and Petitions for the probate of the Last Wills and Testaments were filed in the deceased estates of Frank Schumann, William A. Neubrand, Mary Curtis, and Emma Hinkley. Cose Bonds were filed and Letters issued in the estates of Florence Peters, Louise S. Baker, Harry F. Long, Fritz Hackstedt, Ethel Mae Lessing, Edward S. Babcock, and Florence Kyes. Inventories were filed in the deceased estates of Emily Lorraine Brown, also known as Lori Brown, and E. Lori Brown, Clarence O. Brown, Florence Peters, Louise I. Baker, Alice E. Pew, John Stroemer, and Carrie E. Eckert; and Final Accounts were filed in the deceased estates of Edward K. Warren, Alta M. Torney, John I. Rough, Margaret Schmigle, Robert J. Hadlow, Wilbur G. Smith, Edward Krieger, Charles E. Simmons, sometimes spelled Simmons, Effie Couchman, and Eudora J. Becraft, Melylle E. Harge, Adelia Howard An-re, John Stroemer, John Avignone, William B. Shafer, also known as W. B. Shafer, and Victor M. Gore.

Judge Hatfield also entered the Order Closing the hearing on claims in the deceased estates of Daniel Rodgers, James A. Howard, Karl Luther, Minnie King, Ernestine Schrupf, George W. Schrupf, also known as William Schrupf, and Minnie Hare, and entered Orders Allowing Claims and for payment of debts in the deceased estates of William Lane, Charles F. Yank, also known as C. F. Yank, William B. Shafer, also known as W. B. Shafer, David Kramer, Dillard Etheridge and

## It Blows Hot and Cold for Hitler's Hordes

South African troops of the British imperial forces make a close examination (left) of a huge German Mark 4 tank captured on the desert. Of especial interest is the huge short-barreled cannon mounted in the side of the tank. By way of contrast, picture at right gives some idea of the intense cold of the Russian-German battlefield. Red army machine gunners were photographed in the firing line as they slowly pressed the German hordes back.

Mary Golofuss, and Closed the de- ceased estates of Alta M. Torney, Aleda Marie Louise Baute Koogh, Rocco Penilo, and Martin C. Lentz.

### HOLLYWOOD

#### Reveals Misuse of Name "Sarong"

One of Hollywood's glaring errors was corrected at the very outset of Universal's new jungle drama, "South of Tahiti" coming Friday and Saturday, Feb. 27-28, to the Hollywood theatre, starring Brian O'Driley and featuring Brod Crawford, Maria Montez and Andy Devine.

John Datto, former official of the Netherlands government for many years in the Dutch East Indies and technical expert on the picture, pointed out that the native garb of the Malaysians is not, as popularly supposed in cinematic circles, a sarong.

It is, instead, he avered, the slendang, properly pronounced slendang.

"Problem" Kids Seen in Film Republic presents its own assortment of problem youngsters in the "Dead End" and "Little Tough Guys" variety in "Tuxedo Junction," which plays Friday and Saturday, Feb. 27-28, at the Hollywood theatre.

Billed as "The Little Vagabonds," the boys are cast as migrant youths whom the Weaver Brothers and Elviry take under their wings and rehabilitate with Frankie Dario, Billy Benedict and Ken Lundy as their ringleaders, the group consists of Dobby Stone, David Gorcey, Lee Murray, David McKim, Mickey Martin, George Havens, Johnny Green, Mickey Rentschler, Sammy Schultz and Joe Cobb.

Glenn Ford Is Favorite of Filmdom Although hundreds of fantastic tales emanate from Hollywood each year, success stories continue to make the most fascinating reading. That's why the film village is currently buzzing with whispers, conjectures and rumors concerning Glenn Ford, most recent entrant in stardom sweepstakes.

One year ago the name of Glenn Ford meant nothing to people who find pleasure and profit in the making of movies. Today he is being named the most promising young actor of recent years. Critics went overboard on his performance in "So Ends Our Night"; in Columbia's "Texas," playing at the Hollywood Sunday an. Monday, March 1-2, with William Holden and Claire Trevor, Ford repeats his performance and the critics have repeated their laudations. Brunette Merle Plays Top Role in Korda Film

A star-studded cast headed by Merle Oberon, Joseph Cotten, George Reeves, Alan Marshal and Hans Yary, plays the strong dramatic roles in Alexander Korda's latest production, "Lydia," which will have its premiere showing at the Hollywood Theatre Tuesday, Wednesday and Thursday, March 3-4-5, thru United Artists release.

Directed by Julien Duvivier from a screen-play written by Ben Hecht and Samuel Hoffenstein, the story of "Lydia" is laid in Boston and covers a period of forty years. The picture opens during the opulent era at the turn of the century and carries through to the present day of chromium and concrete. Its action is centered in the home of one of the Hub city's most prominent families and concerns the loves and romances of a debutante society girl. Spanky McFarland's Sister in Pictures Five-months-old Amanda McFarland, baby sister of the juvenile "Our Gang" star Spanky McFarland, is the attractive infant seen in later scenes from Universal's "Unfinished Business," play-

ing at the Hollywood theatre Tuesday, Wednesday and Thursday, March 3-4-5.

To be precise, Amanda portrays the baby daughter of Irene Dunne and Robert Montgomery, and despite her youth she figures prominently in the "surprise" ending furnished the film by Producer-director Gregory La Cava.

Molasses Better Than Spinach Molasses is better than spinach for children because it contains more iron, according to one man of science.

### Farms May Get Loans For Seed Feed, Gas Repairs

C. D. Burkam, at Kalamazoo, Michigan, field supervisor for the Emergency Crop Loan Office of the Farm Credit Administration, Department of Agriculture, has just received word from L. C. Streater, Regional Manager at St. Paul, Minnesota, that funds are now available to all eligible farmers for crop production purposes including the purchase of seed,

gas and oil, feed for workstock and all necessary repairs to farm machinery.

In issuing his release announcing the 1942 loan for crop production purposes which includes the necessary funds required for the purchase of repairs for farm machinery, Mr. Streater in his eagerness to fully cooperate with the Food for Defense Program, urges all farmers to check over their farm machinery at this time so that they may be able to order their repairs at the earliest moment possible.

Arrangements are made to accept applications for crop production loans in Berrien county, and as in former years, such loans will bear interest at the rate of 4 percent per annum from the date of disbursement. Applications will be taken at the office of the County Agricultural Agent, H. J. Lukins, in the Court House, St. Joseph, starting Monday, March 2, 1942. Applicants are advised to bring a legal description of their farm and a list of acres of different crops raised, a quantity harvested in 1941. Husbands and wives must both sign the mortgage papers.

### Gov't Seeking Instructors in Motor Transport

Motor transport has assumed such a vital role in defense activity that the United States Civil Service Commission has announced an examination for instructors in over ten branches of the automotive industry. The instructors are needed by the Quartermaster Corps of the War Department. Salaries range from \$2,600 to \$4,600 a year. There is excellent opportunity for advancement, since the policy of the Quartermaster Corps will be to fill higher positions by promotion from lower grades whenever possible.

Instructors will conduct classes in the following branches: automotive parts; automotive electri-

cal and carburetion, body finishing and upholstery; automotive machinery, tire recapping and "special" repair, fender, body, and radiator, Diesel engines; internal combustion engines, motorcycles, blacksmith and welding, and general. They will plan the courses in these subjects, and prepare and revise text and related instructional material.

Certain background education or experience is required, such as study in a college or Diesel engine school or experience as a journeyman mechanic. Experience as instructor of organized classes in one of the optional branches is also prescribed. Certain experience of a supervisory nature acquired in the automotive industry may be substituted for part, and in some cases all, of the instructional experience. For the higher positions (\$3,800 and \$4,600) the supervisory experience need not have been directly connected with the automotive industry. No written test will be given. The age limit is 60 years. Applications will be accepted until further notice and must be filed at the Civil Service Commission, Washington, D. C.

Full information as to the requirements for these examinations, and application forms, may be obtained from the Secretary of the Board of U. S. Civil Service Examiners, at the postoffice or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class postoffice.

# Spring Conditioning that's TAILORED TO YOUR CAR!

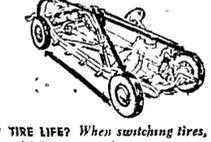

Come in Now for a FREE Inspection by Authorized Factory-Trained Mechanics that Will Show Exactly what Attention YOUR Car Needs.

HOW'S YOUR CLUTCH ACTION? Did you know that a clutch that is not operating properly can result in too-rapid tire wear? That's one of the things our tailored spring servicing catches.

ARE YOUR WHEELS IN LINE? Misaligned front wheels not only wear tires rapidly but may interfere with proper car control. One of many instances where it's better to check up and be sure.

WANT LONGER TIRE LIFE? When switching tires, do you remember the spare? If you'll let us switch your tires, working the spare in where it can best be used, each tire out of the five you have will be on the road only four-fifths as much as usual. Net result: Longer life from the same full set.

GOOD BRAKES MEAN SAFETY PLUS. Brakes ought to be kept in proper adjustment for safety reasons alone. Beyond that, brakes that are "out" can also result in unnecessarily increased tire wear. For best results, let Buick men adjust your increased brakes to Buick factory specifications.

LICK-AND-A-PROMISE spring conditioning won't do this year, mister!

You've got something more important to think about than just changing oil and grease—you've got a whole car that will have to see you through the duration, and you can't afford to overlook any part of it.

That's why Buick spring service is tailored to your own particular car.

We change oil and grease in the regular way, of course—we check batteries, cooling systems, wheel alignment and other routine matters.

Your whole car lasts longer when it is con-

ditioned as a unit—especially when trained Buick specialists do the job.

So we write your spring conditioning ticket to fit your car's needs—not to make up a ready-made "package" according to average requirements.

The cost is no higher than for a comparably good job anywhere else. It's actually lower in the long run, because it pays to have a job done right.

Drop in for a FREE check-up by our authorized factory-trained mechanics and let us detail the service your car should have this spring.

## Attend Funeral

Those from out-of-town who attended the funeral of Elmer LeRoy Shreve, held here Friday, were as follows: his daughter, Mrs Norma Jean Caudill, Hamilton, O., Robert N. Shreve, Detroit, Mr and Mrs Kermit Shreve and Robert Shreve, Michigan City, Mr and Mrs Guy Vetter, Downers Grove, Ill., Mr and Mrs Maurice Redding and Mr and Mrs Fred Goleman, Niles. Mrs Caudill and Robert Shreve were guests here over the week-end.

## W. B. A. Sewing Club

The W. B. A. sewing club met Wednesday afternoon in the home of Mrs. Otto Reinke to make boys shirts for the Red Cross.

## Nazi Agent

Aviator Laura Ingalls leaves the federal court in Washington, D. C., where a jury of ten men and two women found her guilty on charges of being an unlicensed Nazi agent. The famous flier faces two years' imprisonment or \$1,000 fine, or both.

## W. B. A. Meeting

Members of the Women's Benefit Association had a 6:30 cooperative supper at their meeting last Tuesday night in the W. B. A. hall and honored the birthdays of Mrs Loren Perry and Mrs Paul Enders. Plans were made to exemplify the lesson of fraternity on a class of candidates March 24. At contests winners were Mrs George Haag, Mrs Robert Wallace and Mrs Geneva Luke.

## Mrs. Clara Potter Dies at Galien

Mrs. Clara Potter, 76, died at 2:30 a. m. Wednesday at her home in Galien. The funeral will be held Saturday at her home at 2 p. m. and at the Latter Day Saints church with Elder J. W. McKnight in charge, at 2:30 p. m. She was born in Galien May 31, 1865, and had lived there all her life. She is survived by her husband, Roland Potter, and by three children Mrs Ward Doughton of Dayton, Mrs. Della Mikesell of South Bend and Clarence Potter of Galien. There are also 16 grandchildren and great grand children. One sister, Mrs. William Hewitt survives.

## Ward Shemely, Galien, Killed In Auto Crash

Ward Shemely, 25—a brakeman employed on the New York Central railroad and a resident of Galien, was killed in an automobile accident on Cleveland avenue, a mile and a half south of St. Joseph some time early Tuesday. The railroad was killed when he failed to make the S curve on Cleveland avenue at Hawthorne avenue just south of the Hilltop road. He was traveling south, according to the report filed by the sheriff's officers, and his car struck a tree. Shemely suffered a fractured skull and spine. Harley Kieffer, driver of a beer truck and a close personal friend of Shemely, was driving north on Cleveland avenue enroute to Grand Rapids between 5 and 6 a. m. when he noticed the wreckage of a car against a tree. He also noticed a trainman's lantern which was still burning. A more careful inspection of the car revealed Shemely's body. Officers were unable to find anyone in the neighborhood who saw or heard the crash. He was the only child of Mr. and Mrs Clifford Shemely. He was born Feb 14, 1917 in Buchanan but had lived in and near Galien since a small child. He was graduated from the Galien high school in 1935. Besides his wife, the former Ruth Renbarger, of Galien, and his parents, he leaves a young son, Charles, three years old.

No Red Tape  
There's no red tape about traveling to Nassau, Bahamas, even in these days when passports are required at many other places. Nassau travel remains unhampered by visas or passports.

Original Rosetta Stone  
The original Rosetta stone is in the British museum, but a replica of the original is in the Smithsonian institution.

American Newsreel Abroad  
One American newsreel is shown in over 500 Latin-American theaters each month.

## MODERN OIL HEATER

at low cost

Perforated Casing for added comfort and beauty

## IVANHOE "Universal" OIL HEATER

The beautiful new Ivanhoe "Universal" Oil Burning Heaters with perforated casings give a combination of radiating and circulating heat, providing a new degree of comfort. Two adjustable shutters in front to send radiant heat out into the room or to deflect heat down to warm the floor.

Attachable 3-speed blower available, if desired, for additional distribution of heat to hard-to-heat alcoves or adjoining rooms.

Attractively finished in brown "Crimcalac" baked enamel. Burns No. 1 or No. 2 fuel oil. Three sizes.

## TROOST BROTHERS

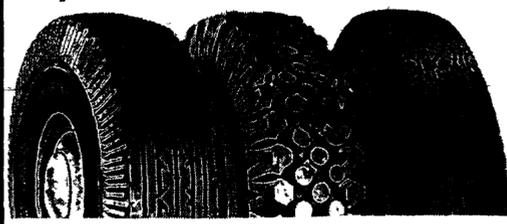

NILES, MICHIGAN

## CAN YOU USE NEW PASSENGER CAR TIRES IN THESE SIZES?

O.P.A. rulings regarding the purchase of sizes of tires listed below allow certain motorists to secure these tires, providing they meet the requirements of their local rationing board.

See your rationing board and if you can comply with their rulings on these sizes you are eligible to receive a certificate for the purchase of a new tire.

We will be glad to assist you in filling your tire requirements.

This O.P.A. ruling applies only to the sizes shown below—

440/21	525/19	650/19
450/20	525/20	650/20
450/21	525/21	30x3
440-450/21	550/20	30x3 1/2
475/20	600/19	32x4
475/21	600/20	33x4 1/2
450-475-500/20	600/21	34x4 1/2

## In Peace Keep 'Em Fit In War

It's health that keeps them full of vim and vigor, snap and sparkle — but to have health they must have healthgiving food. And for vitamins, milk is tops. A quart a day is required for a growing boy.

For prime quality milk
