BUW goes over the top!

Buchanan United Way Chairman Bill Racine (left) needed help from Business Division Chairman Bob Habicht to raise the BUW thermometer at the corner of Front Street, Red Bud Trail and Rynearson Street over the 100 per cent mark Tuesday morning. Racine announced that the fund drive went over the top Tuesday, having raised $51,381.38, 109 4 per cent of its goal. Habicht's Business Division has raised 125 per cent of its goal, a total of $4,243 Racine said a portion of Buchanan United Way funds are earmarked for Galien Boy Scouts, Girl Scouts and cancer patients

731 vote in city election

Welsh and Radde win by large margins

Keith Welsh and Gerald Radde scored resounding victories in the Buchanan City Commission election Tuesday, as the only incumbent in the race, Mrs Mildfed Anderson, was swept out of office

Welsh and Radde gathered the two highest vote totals of the field of four and will be sworn in as commissioners at the November 14 meeting.

Welsh led the field with 583 votes and Radde was second with 461 Mrs Anderson trailed Radde by nearly a two to one margin, finishing third with 232 votes Don Clifford was fourth with 75 The candidates finished in the same order in each of the city's five precincts

Two write-in votes were cast for outgoing Commissioner Gene Wesner, who chose not to seek another term Don Trull garnered one write-in vote

The total ballot count of 731 represented one of the largest turnouts for a city election in recent years The election attracted about 24 per cent of the city's 3,027 registered voters.

Welsh has been one of the city administration's most vocal critics in the recent controversy over the Central Business District development project He led a large group of city residents in a protest over a condemnation resolution passed by the commission in October for the purpose of obtaining easements for Front Street sidewalk improvements In an interview with The Record last week, Welsh said the $295,000 being spent on the project "could be put to better use."

Radde and Clifford also had criticized the commission

Radde said last week he favored the concept of downtown development but thought the city had mishandled it. Both Welsh and Radde also criticized the city's protest of industrial property tax assessments

Mrs Anderson had supported the development project Along with Mayor Richard Gault, and Commissioners Wesner and Ben Jenson, she consistently voted with the majority to continue the project Commissioner Reginald Bellaire was usually in the minority on development questions

Mrs Anderson became involved in another controversial commission decision when she offered the motion that resulted in firing the city's law firm, Desenberg, Desenberg and Marrs, on October 24

After the election Tuesday night, Welsh said, "We're very happy with the turnout today and the show of support "

Welsh said he spoke for Radde also.

"We want to sit down and analyze the results He (Radde) ran on his own and I ran on my own We hope the people will let us know what they desire I hope we can work out our problems with the township and the county," Welsh said

He added, "We feel that people really wanted a change "

Welsh said Tuesday was a special day for him because it was his daughter's first chance to vote in an election

"I hope she voted for me," he said

Financing resolution passes

DDA meeting draws largest crowd ever

About 30 Buchanan business people attended a meeting of the Downtown Development Authority last Wednesday night at which the DDA passed a resolution approving tax increment financing as one method of financing Phase II of the Central Business District development project

The tax increment plan would set up a district and a base period for capturing tax increments for the project according to attorney Louis Desenberg Increases in the valuation of property in the district during the period would be applied to millage to determine the increments available.

The plan will be presented to the city commission at a public hearing Monday, November 14 at the Middle School Media Center The plan must be approved by the commission and the state Municipal Finance Committee

DDA Chairman Joseph Garbert II said that tax increment financing is only one possible way to finance Phase I., the physical aspects of which remain vague at this time He mentioned private financing and Federal grants as other options

Phase II has previously been described to include the area south of Front Street along Days Avenue south to Central Court Garbert said physical changes involved in Phase II will not be discussed at Monday's meeting, since they have not been completely formulated The main purpose of the meeting, he said, is to discuss financing.

Garbert called the turnout at Wednesday's DDA meeting "terrific "

"It's the most response we've gotten from the public," he enthused

The businessmen were brought to the meeting by a concerted effort by the Chamber of Commerce to get them to attend

"From what I understand, the chamber is going to have a continual effort to convince them on downtown development," Garbert said

Architect Raymond Enfield attended Wednesday's DDA meeting to answer questions about the development project He was asked whether improvements in the downtown area would result in economic benefits to downtown businesses

"This could have some economic benefit, but there are too many other factors to take into account, such as merchandising in the individual stores," Enfield answered "Sure, some of you are doing all right now, but we're looking at ten, 15 and 20 years from now "

Garbert again pointed out the benefits a revitalized downtown could give to the city's tax structure He said the industrial tax base is declining and predicted that the new property appraisal will show commercial property is also declining in value

He said improvement of the downtown district was the best chance to avoid an increase of the tax burden on homeowners

Garbert said improvement of the downtown district would help prevent strip development on Niles-Buchanan Road

Garbert said the project could have been started on the south side of Front Street, where changes in parking lots could have meant an increase in parking spaces downtown Phase I will not provide increased parking

"But starting on the south side would have meant acquisition of property, and we have no funds for that," Garbert stated "We started on the north side to demonstrate our serious intentions to the private investors we need for the south side "

At the meeting, and again during an interview Tuesday morning, Garbert emphasized that plans to close Main Street and Days Avenue have been dropped The proposed street closings, part of the original downtown plan that was brought up when Garbert was mayor, drew tremendous opposition from city residents

"We have no intention of closing any street in this city," he said "We've said all along we wouldn't do anything the public didn't want us to do "

He indicated he was pleased with the support given to the downtown development concept by the candidates for commission seats in Tuesday's city election

"Some kind of downtown development is necessary," Garbert said, "due to the tax situation It's simply the handwriting on the wall The two newly-elected commissioners, if one isn't Millie Anderson, are in for a rude awakening They're going to have to come up with some sound decisions instead of just rhetoric "

Manager's house hit by thieves

City Manager Robert Faulhaber reported the theft of $920 worth of jewelry and about $116 cash from his home to Buchanan Police Friday

Faulhaber told police he thought the theft occurred on October 26 or 27. He said he first discovered some money missing on October 27, but thought little of it until Friday, when he discovered the jewelry missing while packing for a trip The valuables were taken from a bedroom in the city manager's home at 115 North Detroit Street

Township considers new zoning ordinance

The Buchanan Township Board of Trustees set Monday, November 21 as the date for a combined meeting with three other local governmental bodies at which the board will present its proposed zoning ordinance

It was decided at the board's Monday night meeting that the Buchanan City Commission, the city plan commission, and the township planning commission will be invited to discuss the new ordinance at 8 p m. November 21 at the township hall

Dr Kenneth Jones, township supervisor, said the combined meeting was a courtesy extended to interested members of township and city governments No date has been set for the board to vote on the ordinance

"We won't vote on it at least until after the meeting with the city," Jones said

Fred Hankins, a frequent critic of the board and the ordinance, accused the board of trying to pass the ordinance by failing to take any action on it.

"You can make it a law if you sit on it for 30 days," Hankins said

Jones explained that the ordinance can't become law without being voted on by the board

"It won't become a law until 30 days after we sign it," Jones explained "We could sit on it for six months and it wouldn't become a law if we didn't vote on it "

Later, Hankins tangled with Jones, Clerk Donna Newsom and Trustee Dale Nelson over a $3 00 per hour fee Hankins claims he was charged to examine township tax records.

Hankins said last week he would seek an injunction against the board to stop it from charging the fees. Township officials responded that Hankins had never been charged for examining tax records. They said he had been charged for the township's time and expense in making copies he requested.

"He has never asked to examine records," Mrs Newsom said Monday "He has always asked for copies " Jones pointed out that Hankins had once asked for copies of 47 different tax descriptions

Mrs Newsom asked Hankins why he was complaining about the fee now "Every time you come in you say you don't care about the cost because it's not coming out of your pocket anyway," she said

"It's coming out of money pockets," Hankins answered

After puzzling over Hankins' answer, Jones asked the board if anyone would move to repay Hankins' fees There was no response, except for a few muttered "no"s

Jones said the township was within its rights to charge for secretaries' time, according to state statute He added that township employees are paid by all the residents in the township and he doesn't feel it is right for one man to use up employees' time at the expense of the rest of the taxpayers.

Jones also requested that Hankins not enter his chiropractic office on township business "until you can behave like a gentleman."

Fred Kline opened a discussion about the township's possible participation in the Buchanan Area Parks and Recreation Board Kline, who is involved in the Rocket football program, said City Manager Robert Faulhaber had requested information from him regarding the number of township boys involved in the program Kline said he refused to answer any questions.

Jones said the city was trying to find out what percentage of the children who use recreational facilities in the city are from the township, apparently so the township could be charged for use of facilities.

"The city must be patient with the township," Jones said He said the township isn't going to raise millage to pay for use of the recreational facilities, but the board will try to budget money to pay part of the cost in the future

The board approved the purchase of 50 chairs and 12 eight-foot tables for the new addition to the township hall Purchases of a vacuum cleaner, bulletin board and floor runner matting were tabled until Trustee Paul Spaulding can check prices on those items and report back to the board

Clerk Donna Newsom said the cost of office furniture previously purchased would be $1,045 51 The board had stipulated a maximum of $1,479

The board received a letter from Fapco, Inc President Larry Gardiner asking that signs be put up near his company's plant on Terre Coupe Road warning motorists of truck traffic Fapco has ten to 15 semi-trucks backing into its dock every day, and there have been several near collisions with cars speeding by on Terre Coupe Road

Jones said he would suggest to the county road commission that warning signs be placed on the road, so that IMW, Inc also on Terre Coupe, would be included in the area posted.

The board decided to pay for the signs, even though Fapco had offered to, because they involved township roads and township residents and they will be extended to include IMW

Jones also said the township building inspector had red tagged a building being constructed on property belonging to Glen Sult on Bakertown Road The building was two feet short of the required ten feet from the side property line. Jones said he had talked to Sult, who agreed to move the building away from the line next spring.

Treasurer Ruth Rose reported that the price of dog licenses has gone up from $4 to $5. Dog licenses can be purchased at the township hall from December 1, 1977 to March 1, 1978. Dogs must have valid rabies certificates

Jones reported on a letter from Hempstead and Barrett Insurance Service that said the township is now covered for the entire cost of a new fire truck in the event one of the old ones is damaged irrepairably

Mrs Newsom read a letter from the state treasury department notifying Assessor Ivan Price that a decertification petition initiated by Hankins was not acted upon because Price answered all the petition's allegations to the state tax board's satisfaction

In response to a letter from Optimist International, the trustees passed a resolution declaring the week of November 15 "Youth Appreciation Week "

Jones also read a letter from county CETA director Weldon Burden urging the township to apply for CETA funds to combat unemployment Jones said the township has no CETA jobs at the present time He has inquired about getting a CETA grant to employ people at the Southwestern Michigan Community Ambulance Service, but that type of grant isn't available

Hogan opposes House bill

Buchanan Superintendent of Schools Dr Earl Hogan has joined with superintendents from Berrien Springs, Brandywine and Niles to oppose passage of Michigan House Bill 5086

Bill 5086 is the house version of Senate Bill 714, an unemployment compensation measure that would have required Michigan school districts to pay unemployment compensation to non-certified school employees during school vacations when those employees aren't working

Non-certified employees are seasonal employees such as bus drivers, cooks, and secretaries

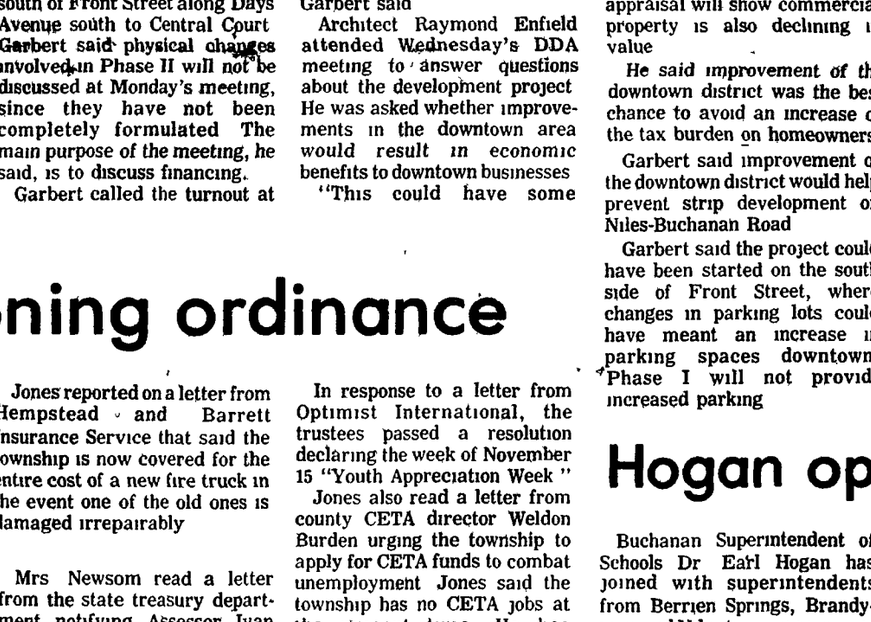
The original Senate bill was passed with amendments exempting school districts from paying the benefits However, the bill was brought up in the House without those amendments and is currently bottled up in the House Labor Committee, chaired by Rep Daisy Elliott of Detroit, a strong supporter of the bill minus amendments

Since Federal law requires all states to pass unemployment compensation acts by December 31, the superintendents fear that the bill may still eventually become law without the amendments

Hogan has estimated that the bill will increase the cost of education in Buchanan by $33,600. He and the other superintendents are urging residents of their districts to write to members of the House Labor Committee urging them to report the bill out of committee with the Senate amendments included

In other school news, Hogan said the Task Force interim report date has been moved back to November 29 The Task Force is scheduled to present final reports to the school board on December 13

Hogan said negotiating teams representing the school board and the Buchanan 5-C Education Association, bargaining agent for the district's teachers, will meet on November 14.



Lesson in government

Fifteen Girl Scouts from Cadette Troop 389 visited the Precinct 3 polling place at the UAW Union Hall on Fifth Street during Tuesday's election. The girls, whose troop leaders are Mrs. Victor Shafer and Mrs. Fred Kline, are working on their "My Government" badges. Mrs. Daniel Shelles (center), vice president of the local League of Women Voters, shows the girls how to mark ballots.

Community Outlooks

Next Monday's (November 14) city commission meeting will be a public hearing on Phase II of the Central Business District Development project. It will be held at the Middle School Media Center

The Buchanan Township Fire Department is sponsoring a community benefit auction to help the Lawrence Phiscator family pay medical expenses incurred in the recent illness and death of Mrs. Phiscator. The auction will be held at 11 a.m. on December 3 at the township fire station. Anyone having items to donate to the auction should call Fred Canfield (695-6022), Dick Flenar (695-2507), Roger Davis (695-9057) or the township hall (695-6442).

In conjunction with Book Week next week, the Buchanan Public Library will present the Canamer Games cultural exhibit from November 14 to November 18.

New adult and children's books will also be on display and may be checked out after November 18.

Stupefying Federal Regulations

There is a glimmer of hope that the Carter administration is trying to do something about those stupefying federal regulations.

President Carter has decreed that henceforth, all rules and regulations issued by the government shall be written in plain English and he has directed that his department and agency heads read all those issued regulations personally to make sure that the decree is carried out. The theory is, no doubt, that if a member of the Cabinet can understand a regulation, then anyone can understand it.

James B. Minor, regarded by some as the nation's foremost authority on bureaucratic language, and a lawyer himself, has been the main instructor at a series of special workshops that have been held for the writers of regulations.

"Regulations are almost guaranteed to be written in gobbledygook," says Minor, "because they are often drafted by lawyers who favor 16th century words like 'deemed' and 'whereas' and 'aforesaid'."

He used this paragraph in the workshops to illustrate his point

"We respectfully petition, request and entreat that due and adequate provision be made, this day and the date hereinafter subscribed, for the satisfying of this petitioner's nutritional requirements and for the organizing of such methods as may be deemed necessary and proper to assure the reception by and for said petitioner of such quantities of baked cereal products as shall, in the judgement of the aforesaid petitioner, constitute a sufficient supply thereof."

Translated, he said, that means "Give us this day our daily bread."

But there's another side to be considered If the government starts writing all those rules and regulations in plain English, what excuse are they going to have for not enforcing them?

Thank you

Dear Editor

The residents of Berrien General Hospital Extended Care Facility wish to give thanks for the new van we have and are enjoying much Many groups, including the hospital auxiliary, Buchanan Women of the Moose, Twin City Beta Sigma Phi, and Buchanan First United Methodist Church, gave generously

We look forward to taking shopping trips, outings, and attending recreational activities in the community

Because of the hydraulic lift, a person doesn't even have to leave his wheelchair, making it easier to take these trips So many of us couldn't get out before because it was too difficult to get into a car

We also appreciate the volunteers going on the trips Many thanks to them

We look forward to many enjoyable trips Thanks to all of you

Zoning

Special Notice Buchanan Township Taxpayer·

Last night at the board meeting at the Township Hall, the new proposed ordinance was presented to the board It was not acted upon There will be a petition passed among the taxpayers to get 80 signatures to put this on the ballot in 30 days or sooner

Last night Donna Newsom made a statement about the tax records If you are on welfare you will not be charged $3 00 an hour plus 25 cents a copy per side This is highly discriminatory if you are a working man or woman and pay taxes you support the welfare rolls and you will be charged $3 00 plus 25 cents a copy

Is this the kind of people you want to represent you in a highly unjust zoning ordinance? I don't and I hope you don't either.

Sincerely,
Fred E Hankins

Chanters 4-H Club annual banquet

The sixth annual Galien Chanters 4-H Club Banquet was held November 5, at the Galien American Legion Home. The banquet was attended by 160 members, parents and guests. A special guest, Pam Boyce and son Andrew, from the County 4-H Office were also present. According to the Chanter's youthful reporter, "a terriffic meal was served by the Ladies Auxiliary."

New officers for the 1977-78 year were installed The new officers are· president, David Mills; vice president, Paula Geminder; secretary, Beth Schau, treasurer, Paul Zielbauer; high school publicity chairman, Brenda Roberts, elementary publicity chairman, Lisa Lozmack; photographer and historian, Roxanne Hock

The following members received the Citizenship Award: Amy Allen, Sharon Begin, Scott Bock, Bill Burns, Roxanne Carpenter, Kevin Chappell, Sue DeFreeze, Robin DeRidder, Tad Flanagan, Paula Geminder, Teresa Geminder, Scott Harroff, Teresa Horn, Terri Kanous, Lisa Lozmack, Doreen Ludolph, Wayne Perkins, Rachelle Redding, Roberta Redding, Brenda Roberts, Ernie Roberts, Theresa Roberts, Rita Roberts, Rodney Roberts, Dana Rogers, Beth Schau, Dale Seyfred, Jean Smith, Rhonda White, Debbie Wolkins, Paul Zielbauer, Bobbi Redding.

Trophies and ribbons won by members throughout the year were also on display

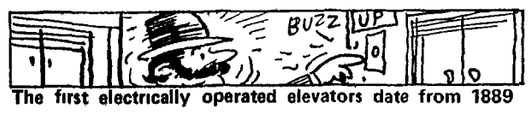
The banquet was followed by a dance

Wayne Perkins receives several awards

Wayne Perkins, son of Mr. and Mrs Don Brown of Buchanan, recently received several awards at the MAWHC Approved Show Year End Awards, held at Hastings, Michigan

Perkins received Reserve Champion Showman, Fourth place State Stallion Halter and sixth place State Appaloosa halter He is a member of the Galien Chanters 4-H Club

"Those modern artists don't have anything on me," said Galien woodworker Steve Cardinalli To prove it, Cardinalli displays one of his prized creations, the "Whatchamacallit" (left) along with a doll-sized gazebo



The first electrically operated elevators date from 1889

Galien store features handmade wood creations

Window shoppers passing Cardinalli's Country Store in Galien are often impressed by the tiny wooden objects displayed there But they're mystified by one item, the largest wooden figure in the window

It's a hodge-podge of seemingly unrelated wooden objects apparently stuck together at random Is it modern art, or just a lot of left-over pieces of wood glued together?

"I call it my whatchamacallit," says Steve Cardinalli, owner of the store and builder of all the miniature objects in the window "Those Chicago artists don't have anything on me"

Having had his joke, Cardinalli goes on to explain that the mysterious object is merely a collection of cutouts and scrap left over from the miniature pieces of furniture, buildings, autos and other items he has made over the years.

Using a sander, lathe, drill press, bandsaw and file, Cardinalli makes miniature replicas of almost any item, from outhouses to automobiles Many of the items are doll-sized pieces of furniture that would excite the imagination of any little girl, but Cardinalli also makes such varied objects as a pool table, with wooden cues and b-b's for balls, a cleaver and knife made of tin riveted to tiny wooden handles, and a telephone with a receiver that comes off the hook

"I make things that other people don't think about," Cardinalli says

Many of Cardinalli's creations have moveable parts The wheels on his cars turn and the tray on his high chair is removable He's especially proud of the outhouse he built, a one-holer with a tissue roller that comes apart so it can be reloaded

Cardinalli has been making wooden miniatures for 25 years, though he built most of what's in his store this year, since recovering from a stay in the hospital

He recently bought the store in Galien, formerly the Town and Country Store, after owning the Dayton Store at Dayton Lake for seven years. Cardinalli, who retired after 37 and a half years as a switchman for the Joliet and Eastern Railway, currently lives in Chesterton, Indiana but says he's planning to move to Galien

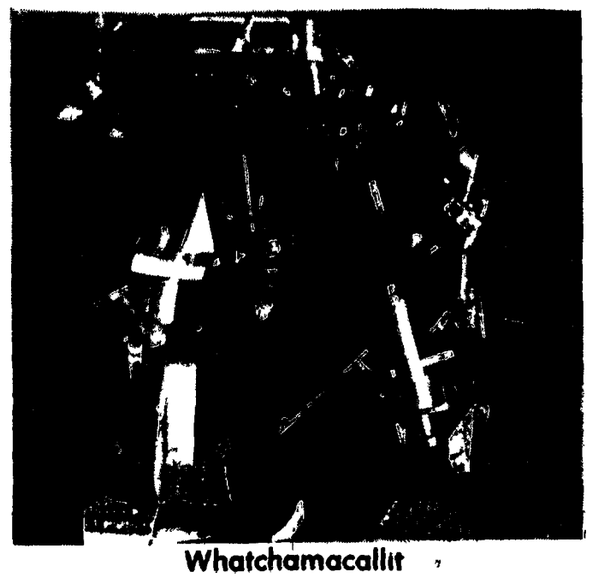
Some of the wooden items in Cardinalli's store aren't for sale "I used to put a high price on most of it because I didn't want to sell it I gave it away to my kids and grandchildren," he says He has 14 grandchildren

Cardinalli uses any kind of wood he can find for his projects, and all pieces are drilled so they fit together without any nails All of the pieces, though, are unfinished

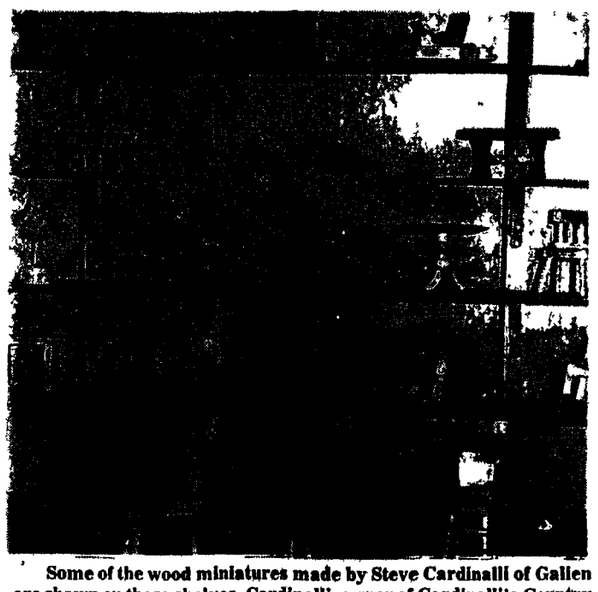
"I don't like to paint," Cardinalli says. "It's too tedious"

One thing Cardinalli does like is antique furniture. Much of his miniature furniture is made in antique style He says he'd like to deal in and repair antiques at his store some day

If he does the same kind of work on full-sized furniture that he does on his miniature pieces, he will undoubtedly be successful



Whatchamacallit



Some of the wood miniatures made by Steve Cardinalli of Galien are shown on these shelves Cardinalli, owner of Cardinalli's Country Store on Cleveland Avenue in Galien, has been making doll furniture and other miniature wooden items for 25 years

Bucks end loss streak with win at Paw Paw

They were only two teams with 1-7 records playing out the string, finishing out dismal football seasons to make way for winter and basketball

But you wouldn't have known it from the way Buchanan and Paw Paw went at each other on a balmy November evening last Friday In the end, the Bucks wanted the game more than the Redskins, and they came home from Paw Paw with a hard-earned 19-12 victory

"The kids realized they had a chance," said winning coach Mike Young, explaining his team's intensity "Confidence begets confidence We came out in the first quarter and realized we could move the ball"

Paw Paw Coach Dick Doll offered this analysis of the game· "It was a good hitting game by both teams, but Buchanan has good backs Longcrier and Davis are so quick We don't have that speed"

Jim Longcrier and Ricky Davis, the heart and soul of Buchanan's offense all year, both rushed for over 100 yards for the second week in a row In fact, it was their best combined effort of the season, as Longcrier picked up 182 yards on 21 carries and Davis added 106 yards on 12 runs Each scored one touchdown

The Bucks added a new element to Friday's contest· a solid defense Three times they stopped the Redskins inside the Buchanan 20 yard line

"The kids played real good defense," Young said "I think they learned that in the second half against Edwardsburg last week It's just a shame they couldn't have learned it earlier."

The Bucks got on the board the second time they had the ball, taking a 6 0 lead with 3·41 left in the first period

Two consecutive Jeff Butler-to-Dan Pinkerton passes netted 24 yards On the second one Pinkerton made a leaping one-handed stab to snare a lob from Butler at the Paw Paw 13 Butler then rolled out around left end for a 13-yard touchdown run

"It was a standard belly series play, and Jeff saw there was no one out there so he kept it," Young said

Minutes later, Buchanan's defense had to rise to the occasion when Paw Paw recovered a fumble at the Bucks' 30. An offside penalty set the Redskins back to the 35, then Bob Bellaire, Craig Vergon and Bob Miller combined to hold the 'Skins to two yards in the next two plays

Quarterback Andy Hamre scrambled for 13 yards on third and fourteen, but 194 lb. fullback Marty Galbraith was stopped for no gain on fourth down

Longcrier put the Bucks up by two touchdowns two plays later, skipping and darting for 75 yards in an exciting display of open field running Bob Couchman's kick put the Bucks in front 13-0 with 9·38 left in the half

Doll inserted Jon Ghastin at quarterback after the following kickoff, and the Redskins were back in Buchanan territory immediately when Chris Weeks took an option pitch and rambled for 41 yards John Hall and Aaron Samson saved a touchdown by dragging Weeks down at the Bucks' 16

The play was a costly one for the Redskins, as Weeks, their leading rusher, suffered a shoulder injury and sat out the rest of the game. His replacement, Tom Berner, scored both Paw Paw touchdowns, but gained only 34 yards in 13 carries

Samson recovered a fumble on the next play to kill the drive at the 15

Longcrier ripped off another of his multiple-cutback runs with 34 seconds left in the half. This one was a 35-yarder that carried to the Paw Paw 20 Young sent Couchman in to try a field goal on the next play, but a low snap from center foiled the attempt.

Paw Paw took the second half kickoff and went 85 yards in nine plays for its first score Berner got the TD on a nine-yard run. The big play in the drive was a 44-yard pass from Ghastin to 6'5" end George Crouse

Ghastin completed three passes, good for 112 yards, to Crouse in the second half On each of them, the Redskin quarterback lofted the ball in a high arc and the big end used his height to outreach the smaller Buck defenders

Paw Paw had a chance to tie the score midway through the third period, but the Bucks' defense rose up again On third and four at the Bucks' 16, Vergon and Chad Cornwell threw Berner for a five-yard loss, and Paw Paw lost the ball on downs after an incomplete pass on the next play

Davis got what proved to be the winning touchdown with 4 21 left in the final quarter, breaking off left tackle for a 34-yard run The score capped a 67-yard drive and gave Buchanan a 19-6 lead

Desperate now, Paw Paw went to a passing attack Buchanan's Hall saved another touchdown when Berner caught a screen pass and escaped the Bucks' 41. But a 15-yard pass from Ghastin to John Taylor, combined with a face mask penalty, moved the ball to Buchanan's 12. Berner scored three plays later on a three-yard run

The Bucks got the ball back with 1 50 left in the game, and three running plays by Chris Hemminger ran out the clock

The victory broke a five-game losing streak for Buchanan, enabling the Bucks to end the season on a high note With seven or eight starters returning next year and a successful junior varsity team, the future appears brighter for the Bucks

In other action involving Blossomland Conference teams last week, Cassopolis defeated Constantine 23-13 to earn a spot in the state playoffs opposite Lake Michigan Catholic, which struggled to 6-3 win over River Valley.

Coloma and Brandywine scored shutout wins over Watervliet and Berrien Springs, and Lakeshore and Dowagiac lost to Class A teams Niles beat the Chieftains 21-7, while Benton Harbor nipped the Lancers 12-7

Tackle's TD wins for JV's

Tackle Dale Backus ran 30 yards with a teammate's fumble to give Buchanan's junior varsity football team a come from behind 12-8 victory over Paw Paw at Memorial Field Thursday night

Buchanan trailed 8-6 with 4 58 left in the game when Rodney Bradshaw took a handoff from quarterback David Price at the Paw Paw 42 yard line Bradshaw broke through the line and was hit by a Paw Paw safety at the 30, causing him to fumble straight up in the air Backus, trailing the play, picked the ball out of the air and outraced the Paw Paw defenders to the goal

"I didn't call it that way," said Buchanan Coach Frank Mucha, "but I'll take them any way they come"

Dave Karpinski gave the Bucks a 6-0 lead with a 3-yard run in the first quarter But the Redskins took the lead early in the second half, scoring the first time they had the ball in the half and adding a two point conversion to make it 8-6

Buchanan drove to the Paw Paw 18 early in the fourth quarter, but the Redskins threw Bradshaw for a three-yard loss on fourth down and one

Paw Paw then drove into Buchanan territory, but two straight tackles by Lonnie Przybylinski stopped the Redskins' drive and forced them to punt

The Bucks took over at their own 19 Third down passes of seven and 15 yards from Price to Ken Yost kept the drive until Backus fulfilled a dream shared by every offensive lineman by scoring the game-winning touchdown

Paw Paw wasn't giving up yet, however The junior Redskins moved to Buchanan's 38 on the strength of a screen pass that carried 21 yards They tried another pass, but this time defensive end Jerome Vite stepped in front of the intended receiver to intercept it Vite was finally dragged down at the Paw Paw 26 Shortly afterward, the Bucks had a 15-yard touchdown run by Fred Brown called back for clipping

Mucha said the Bucks' defense played well the entire game, singling out defensive halfback Court Rowe and safety David Harding for special praise

The junior varsity finishes its season with a 5-4 record They were 4-3 in Blossomland Conference play

The Board of the Buchanan Midget Basketball League issued the following message to parents and spectators

"Co-operation from parents, relatives, friends and visitors would be greatly appreciated in regard to the paying of entry fees Please back our program by donating a quarter each week at the door This money helps us pay for our officials"

"We still need people to help us collect this fee at each game Please get involved in your child's program Contact Richard Dudkowski at 695-3244"

Berry's Beauties face tough tests this week

Patience leads Buchanan past Lakeshore

Patience Vanderbush scored 24 points and pulled down 17 rebounds to lead Buchanan to a 46-34 girls' basketball victory over Lakeshore here Tuesday night

Sharon Rottman added nine points and 14 rebounds for Berry's Beauties, who are now 11-0 in Blossomland Conference play and 14-0 overall Karen Bobo had eight points and her twin sister Lynn netted four for Buchanan Tracee Hargreaves was held to one free throw

Buchanan piled up a 16-8 margin in the second quarter, but other than that the game was much closer than the 62-37 laugher the Beauties enjoyed when the two teams met earlier this season at Lakeshore

"I've never seen us miss as many layups and close-in shots as we did tonight," said Coach Ray Berry

The game was tied 9-9 at the end of the first quarter, and Buchanan held leads of 25-17 and 38-24 after the second and third quarters

The Buchanan Jayvees fell to 5-7 for the season (5-4 in the Blossomland) in losing to Lakeshore 37-18 Michelle Smith led Buchanan with seven points and Monica Morris added six

Buchanan's unbeaten record will be in jeopardy in two difficult tests this week

In a Thursday night home game, the Beauties will meet a tall Class A team from Battle Creek Lakeview Lakeview competes against Niles and St Joseph in the tough Big Eight Conference

Next Tuesday the Beauties travel to Cassopolis to meet the Rangers, who currently trail them by only two games in the conference race Buchanan beat Cass by eight points when the teams met here

Buchanan reached the 70-point mark for the first time this year at Coloma last Thursday, walloping the Comets 70-44

Patience Vanderbush with 23 points and Sharon Rottman with 17 led Berry's Beauties, who expanded their Blossomland lead to two games when Edwardsburg upset Cassopolis (56-53) the same night Eleven of Rottman's 17 points came in the first half, and Vanderbush took over in the second half, scoring 15 points. Rottman led Buchanan with 16 rebounds and Vanderbush added 14

Karen Bobo (ten points), Lynn Bobo (eight), Tracee Hargreaves (seven), Lauri Hiatt (four) and Mary Welsh (one) rounded out the scoring for Buchanan The Buckettes held quarter leads of 18-10, 36-28, and 50-34

Karen Kne led Coloma with 14 points, all of which came in the first half Nancy Capizzo added ten

"We broke the game open in the second half," said Coach Ray Berry "Two things happened – our running game, which was good the whole game, improved in the second half, and we played much better defense"

Buchanan's junior varsity was outscored 12-0 in the first quarter and went on to lose to the Comet jayvees, 30-18. Monica Morris had six points for Buchanan and Kris Nutting and Sherry Vanderbush each had four

Galien trounces Centreville 41-6

By Brian Dickey

Last Friday Galien ended it's season on a very successful note trouncing Centreville 41-6 The Gaels offense totaled 355 yards.

The first Galien touchdown came in the first quarter when Jerry Sears ran one yard Randy VanLew kicked the extra point The Gaels didn't score again until the second period when Sears again ran one yard The conversion kick failed and Galien led 13-0

Steve Benson also scored in that quarter as he caught a 38-yard Matt Koziel pass Sears followed with a conversion run to give the Gaels a 21-0 halftime lead

Dale Bailey got the Gaels on the board again in the third quarter as he recovered a Centreville fumble in the end zone. Jerry Woodrick ran for the two extra points. Centreville's Bob Schurig then scored for the Bulldogs on a two yard run It was Centreville's only score.

Rick Hein, a senior who has played offensive guard all season for Galien, was given a chance to score and ran in from a yard out for the Gaels' fifth touchdown of the night The kick failed and Galien led 35-6

Galien wasn't done yet, however, as Alex Henderson ran two yards to make the final score 41-6.

Coach Tony Yonto was pleased with his 5-4 Gaels. "At the beginning of the year we had three goals· 1) Be competitive, 2) Go 5-4 or above, 3) Enjoy the game. We did all three."

Frosh lose despite two tds by Brown

Bruce Brown scored two touchdowns as the Buchanan freshmen football team ended its season with an 18-14 loss to Paw Paw last Thursday at Memorial Field

Brown scored on a six-yard run in the first quarter as Buchanan took a 6-0 lead He also scored the game's final touchdown, a 21-yard run with two minutes left.

Paw Paw scored all three of its touchdowns in the first half, with the last one coming on a 24-yard run just eight seconds before halftime

Coach Mike Bashara said the Bucks' entire defense played well He singled out Richard Davidson at defensive end and Arnold Jagt at linebacker Buchanan stopped the Redskins on downs inside the Bucks' 20 three times in the second half

Bashara also said he was pleased with pass blocking on the Bucks' offensive line that enabled quarterback Mike McCarty to complete six passes in nine attempts

Buchanan finished with a 2-6 record

Wanda Shirley, Community Relations Manager, Niles, reminds you

There are things you can do to control the cost of your phone bill.

We are constantly searching for ways to help you economize on your phone service, but here are just a few ideas on how you can help yourself

Call when it's least expensive For example, when you're calling long distance, dial direct and plan your calls for times when the rates are lowest

Budget Service that's really low budget! Look into the availability of Budget Service if you don't make a lot of phone calls every month It's the least expensive one-or-two party phone service we offer

Plan to have all your service installed in one visit For instance, if you move, plan carefully so the installer doesn't have to make extra trips, for which you may have to pay additional charges And while you're planning for new service, make sure it's going to be the kind most suited to your needs.

Sometimes, little tips can save you a surprising amount over the long haul We'll keep trying to help you save

CPR classes at Inter-City Bank

Cardio-Pulmonary Resuscitation (CPR) classes will be made available to the general public through the Buchanan office of Inter-City Bank throughout 1978, announced Robert B. Wheeler, marketing director of ICB last week.

Wheeler made the announcement at a special CPR class for bank employees held at the Buchanan branch last Wednesday.

Wheeler stated that at least four classes will be made available in St Joseph and Buchanan starting in January. He said that anyone interested in attending the first class, scheduled for the latter part of January, may contact the New Accounts representative at any ICB branch office

Over 70 per cent of all ICB bank employees have taken the class, which involves a film, a question and answer period and practical exercise on special mannequins The program is made available through the American Red Cross and the American Heart Association.

After completing a CPR class, one becomes certified and is issued a card which demonstrates that he can practice CPR without threat of being held liable as long as he performs according to his training

Wheeler quoted the American Heart Association, saying, "Over half of the deaths in 1977 will be a result of cardio-vascular causes."

"It has also been stated that 6½ million Americans have heart attacks each year We're happy about this program, because the training not only helps a heart attack victim, but also one who is faced with drowning, smoke inhalation or shock " He added, "We're happy to be able to help those CPR instructors throughout Berrien County in getting the word of CPR out to the public. If we can help one person in the future, help to save one life, then the program will be a success."

Last Wednesday's CPR class at Inter-City was taught by New Buffalo police officers Paul Magro, Don Wehner and Clarence Kerous

Forsythias, roses, snapdragons bloom -- berries bear fruit

Does the tropical weather we've been enjoying lately have you feeling like leaves should be budding and turning green, instead of turning brown and falling to the ground?

The 70 degree temperatures of the last few days apparently fooled some raspberry plants belonging to Mrs. Stella Proud of Route 2 Clear Lake Road. Mrs Proud reports that two full rows of her berry plants are blossoming and bearing fruit She brought some berries into The Record office Tuesday afternoon to prove it.

She said her forsythias, roses and snapdragons are also in bloom, which she doesn't consider uncommon She says her flowers bloom every Indian Summer

These eight Lions were honored for continuous service to the club at last Thursday's meeting. If it's about money don't guess...ask your action banker

Our job at Inter-City Bank is to protect your money, make it grow and give you advice on any money matters – either personal or business. Just ask That's what we're here for.

How can I get high interest rates on my savings without paying a penalty for emergency withdrawals?

You can't But we can help you determine how much you can afford to put in high-interest, long-term savings and how much to save for emergencies in an instant withdrawal, lower-yield passbook account.

What's the highest rate of interest I can earn on an Individual Retirement Account at Inter-City Bank?

It happens rarely, but when it does call the bank immediately, so that we can make corrections that same day, and your account will be accurate and up to date.

What should I do if I find an error in my monthly statement?

ICB is now offering a 7¾% IRA Time Passbook savings account with a minimum deposit of $300, renewable every 3 years Withdrawals prior to the attainment of age 59½ are subject to a substantial interest penalty

I'm planning to retire, so what kind of a program should I have to provide a guaranteed monthly income?

Join ICB's Check-of-the-Month Club It will provide you with up to 7½% annual interest – paid monthly. Minimum investment is $5,000.*

What's the minimum I have to invest in a Certificate of Deposit?

A thousand dollars And you may buy a "CD" that yields from 6 to 7½ percent interest This interest is guaranteed when left to maturity-date, which range from one to six years Withdrawals prior to maturity are subject to substantial interest penalty

What's the best way to budget for expected future purchases like a car, furniture and appliances?

ICB's Golden Key Savings Account earns you 5½% interest, compounded daily which yields 5 65% annually A minimum balance in your Golden Key Account of $200 entitles you to free personal checking privileges in your checking account (Withdrawals prior to end of a calendar quarter are subject to a substantial interest penalty)

*Withdrawals prior to maturity are subject to a substantial interest penalty

To provide more hunting space this year, over 100,000 acres have been leased by the Department of Natural Resources. Lists of leased lands are available at DNR district offices and from Agricultural Stabilization and Conservation Service county offices in southern Michigan

Many sportsmen planning to hunt on farmland this year have already sought the landowner's permission The Department of Natural Resources reminds hunters that the law requires them to get that permission in writing

ZIEBART'S THE NAME THAT PAYS OFF WHERE IT COUNTS–AT TRADE-IN TIME

That little yellow Ziebart decal on your car window or bumper becomes a great little salesman, working for you when you sell or trade in your car That's because a car dealer or buyer will pay more for a car that's free of interior rust damage Isn't that the best reason for taking your new car right to your Ziebart Dealer for rust-proofing? Over two million satisfied Ziebart customers think it is!
