Martha Rifenberg Miss Buchanan for 1977

Miss Buchanan for 1977 was crowned Saturday, February 19, at Buchanan High School The new queen is Martha Rifenberg **Besides the excitement of being chosen queen, it was also her 18th birthday The Buchanan Jaycees had decorated the stage of the high school auditorium with silver columns enhanced with large pink bows Three long pillars of white balloons descended from the ceiling. Suspended across the stage were the words "What Little Girls Are Made Of" and hanging at one end of the slogan was a box labeled "sugar" and on the other end a box labeled "spice".**

The fifteen contestants Laurena Nelson, Karen Kay, Becky Canfield, Debra Ward, Carol Burns, Michaline McClellan, Ronda Huebner, Audrey Moten, Sandra Hemminger, Brenda Mottl, Julie Chubb, Martha Rifenberg, Diana Hall, Jane Montgomery and Roxanne Floyd, entered dressed as little girls with smock tops, knee socks and carrying large lollipops, as Kevin Clem and Doug Zinninger sang "Thank Heaven for Little Girls " At the end of the song the girls threw candy kisses into the audience

The girls were introduced by Master of Ceremonies, Ron Linde. They appeared in dark skirts and white blouses Following the girls introduction in formal attire there were two contestant eliminations leaving five girls Karen Kay, Michaline McClellan, Ronda Huebner, Martha Rifenberg and Diana Hall in the competition

To aid the judges in making their choice from the attractive finalists was the response of each girl to the question "What is the best piece of advice you have ever been given?"

Linda Mattson, Miss Buchanan for 1976 made her final appearance as a reigning queen and spoke on her year as Miss Buchanan

There was a little unexpected excitement as Linde was about to begin announcing winners -- the large boxes labeled "sugar" and "spice" and the slogan fell, narrowly missing three of the five finalists. The fallen items were removed from the stage and the presentations began.

Becky Canfield, daughter of Mr. and Mrs. Allen Canfield, 505 Woodland, was selected by the contestants as Miss Congeniality and the master of ceremonies presented a trophy to her

Shelley Leiter, 1976 second runner-up, placed a crown on Ronda Huebner as second runner-up for 1977 and gave her a bouquet of flowers Diane Soales, 1976 Miss Congeniality, substituting for Penny Bishop 1976 first runner-up who is now married and living in Florida, designated Diana Hall as the first runner-up for 1977 Then Linda Mattson, still the reining **Miss Buchanan, tiptoed among** the contestants before finally placing the queen's crown on the head of Miss Buchanan for 1977, Martha Rifenberg Martha was then escorted through the auditorium by her father

The new queen is the daughter of Mr and Mrs Owen Rifenberg, 107 Clark Street She is 18 years of age, a senior at Buchanan High School, cheerleader vice president of the senior class, twirler, sings in the Omegan Choir and plans to major in restaurant management at Central Michigan University She appeared in a powder blue, v-neck, sleeveless gown, gathered in front at the empire waist and accented by white beading

Diana, daughter of Mr and Mrs. Wendell Hall, 110 Dewey, was attired in a light blue gown with a deep blue velvet cape effect and a front panel of deep blue velvet She is 18, a senior, cheerleader, president of the Spanish club, member of the **Jazz band, accompanist for the** orchestra, twirler, sings in the Omegan Choir and plans to attend Indiana University and major in music

Ronda, daughter of Mr and Mrs Lyle Huebner, 312 Lake Street, is 17, a senior, was a cheerleader for five years. She is employed as a hostess at Mr. J's Family Restaurant and plans to travel and attend college after graduation. She wore a gown, fashioned by herself, of black satin and a sheer overblouse covered with splashes of orange and red flowers.

Escorts for the contest were Bobby Bailey and John Squires Visiting queens were Nancy Giza of Galien, Sherri Winders of Berrien Springs and Miss St. Joseph.

The contest judges were Dr Paul Maston, a dentist from Kalamazoo; Terrance Blakely, a controller from Paw Paw and Suzanne Smith, a dance instructor and part-time model from Kalamazoo

The Buchanan Jaycees sponsored the event again this year; Mr and Mrs. Jack Beatty were general chairmen with Mr and Mrs Gregg Miller as co-chairmen

Martha has now begun a round of activity leading up to the Miss Blossomtime contest on March 28 and Blossomtime Festival Week, May 15-21

City sets hearing for goals and objectives

To qualify for more HUD funds, the city commission has had a preliminary report prepared on goals, objectives and policies for Buchanan A booklet prepared by architect Raymond Enfield for submission to HUD, is labeled as a comprehensive **plan, which presumably refers** to the final master plan which will follow if the preliminary one is accepted.

The city plan commission has contributed much of the input into this plan Keith Morrow, Kenneth Mall, Loren Anderson, Mrs Reginald Bellaire, Mrs. John Cress, James Jesse, Walter Moore, Gerald Radde and William Sullivan are the members of this commission which has gathered ideas from other committees and individuals in the city The Buchanan school board, chamber of commerce and other organizations have been consulted On Monday the city commission will have a public hearing on the plan, necessary by HUD requirements but also designed to get more thinking from the public at large

A summary divides the goals, objectives and policies into five major services to the residents of the Buchanan area, including commercial services, educational services, transportation facilities, recreation facilities and capital improvements

a Provide sufficient quality services to residents of the Buchanan area, including commercial services, educational services, transportation facilities, recreation facilities and capital improvements.

b Attract diversified industry and promote the development of existing industry

c Increase and strengthen the city's tax base

d Provision of sufficient supply of quality housing in the Buchanan area

e Maintain and enhance the environmental quality of Buchanan

Objectives included in the report include development of the downtown business district, **promotion and maintenance of** an attractive labor market here, coordination between the city and the schools, cooperation among the city and the townships, and provision of safe and efficient traffic flow in and around Buchanan

Former mayor Joseph Garbert had appointed a downtown development authority which is presumably meeting every month and whose task it is to come up with concrete suggestions on how phases of the plan can be implemented

Copies of the plan are available for inspection at the city hall before the hearing on February 28

Phillips says Clark should have good year

Bert Phillips, president and chief executive of Clark Equipment Company, gave Perc Club some of his predictions for the future of business. He pointed out that businesses are now hesitant to predict too far into the future, but said that Clark is forecasting a pretty good year Sales last year were down to $1,261,000,000, but Clark made about $68 million in profits, partly from tax benefits gained by the sale of its British operation.

Phillips cited the energy shortage as being a serious situation and he pointed out the need for a realistic government energy policy He said that the days of cheap energy are gone and said that we have plenty of coal which isn't being mined

Phillips predicted continued increase in the cost of living, more government encroachment into the private sector, and more government regulation

Phillips said that the shortage of capital hampers economic growth and stated that the government seems to have a bias against saving as evidenced by its tax code

He said that the cost of doing business in several states is much lower than it is in Michigan, which is one of the reasons industries have been attracted to other states

"Industries are now competing with the whole world," he said, and gave examples of how companies in this and other countries have entered into competition with each other

School Board plans April millage vote

The Buchanan Board of Education is planning to have its election for millage renewal earlier than the usual June date It points out that after school is out for the summer, teachers and parents aren't always able to participate in these elections At the regular meeting Monday, the board passed a resolution calling for a special meeting to set an election date It's possible that the millage renewal election could be on April 18

The meeting was at Ottawa School and turned into a long one. The agenda called for a latest report on the contract *negotiations, but nothing publicly* was said. Some teachers were wearing buttons with sad faces on them, indicating their displeasure over no contract. B E.A president Brian Steinke asked the board to allow the teachers participation in the forthcoming millage discussions.

The board accepted high bids for certain items they had offered for sale including $1,052 for a Ford truck with snow blade, $250 for a band saw, four sewing machines at $25 each, a brake machine for $75, a radial arm saw for $200 and a tool grinder for $50.

A new contract for food services was accepted. The bid from Mass Feeding Corp was .529 a meal, and the price was guaranteed for a year and a half.

To change from a fourth class to a third class district, 2400 students are needed. Buchanan has 2,337, so will remain a fourth class district. This necessitated the change of title of Paul Montgomery from business manager to assistant superintendent-business.

The board approved a car lease proposal for the superintendent with Kennedy Motors for $149.96 a month for two years. This was understood when the new superintendent was hired.

Sharon Gregorski was granted a sick leave for surgery having to do with maternity, and Kathleen Paturalski was granted a maternity leave

The board approved the hiring of Dan Shelles to help out in the forthcoming school production of "Oklahoma" and the securing of an accompanist, if needed, the latter to be paid out of profits from the production.

Twelve reports were given at the end of the meeting. Paul Spaulding gave a transportation report which said that there are fifteen 66-passenger buses. Nine of them on regularly scheduled routes transported 1,176 students, traveling 947 miles a day. Spaulding recommended the purchase of a station wagon, closed van and a pickup truck for the transportation department

Dale Cryan brought the board up to date on the middle school. His report was highlighted by results of the Michigan Educational Assessment tests for seventh grade, which showed marked improvements in most objectives over a year ago Cryan reported that the family of Brian Tropp was interested in a sign for the middle school in memory of their son. Cryan had some samples and indicated that this project would require additional financial support from the board. He reported that middle school enrollment is down from 575 to 561.

According to Ellis May's report, the enrollment of Ottawa School, because of two apartments, has gone up 24 students, and May said that there is possibly a need to adjust Ottawa's attendance area. He showed the results of testing at Ottawa which showed Ottawa students to be above the state in attaining of objectives.

Bill Fischer reported that so far the new reading assistance program has been satisfactory He said that 114 pupils are now receiving this service, 82 for basic reading assistance, and 32 for accelerated reading assistance.

Stockman invites Vern Lubben to serve

Vernon Lubben, treasurer and director of Clark Federal Credit Union, has been invited to serve on Congressman David Stockman's advisory committee on finance

"As one step toward bringing government closer to the public," Stockman said he is "organizing a series of citizen advisory committees focused on a variety of significant legislative concerns. Each advisory committee will consist of about three dozen outstanding Fourth District citizens who have particular interest or expertise in the subject."

Stockman plans to "meet personally with each advisory committee twice annually for an in-depth discussion and frank exchange of views on pending legislation and other Federal activities relating to the advisory committee's jurisdiction."

The congressman's office will periodically distribute memorandums and specially prepared briefing materials to committee members to keep them informed of developing issues. Stockman stated, "the overall aim will be to create an informal channel for two-way communications with Fourth District voters on key issues facing the Congress."

Mayor signs Proclamation

Buchanan Mayor, Richard J. Gault, signed a proclamation on February 14, proclaiming February 20-26, as Big Brother-Big Sister Week and called upon citizens of Buchanan to support the Big Brother-Big Sister Movement.

The proclamation states "a large number of boys and girls do not have the healthy, stimulating influence of an adult at home to help them grow" and "this deprivation can cause serious problems for the boys and girls and for our community" and "there is a dire need for a service that can give such boys and girls the individual support, guidance and counselling of an 'adult' and 'Big Brother-Big Sister work is dedicated to this aim with their unique 'One to One' concept of friendship

Buchanan reimbursed

State Senator Patrick McCollough, Democrat from the **Dearborn-Downriver area, today announced that local units of** government have been reimbursed by the state of Michigan for the cost of last year's Presidential Primary election.

"I sponsored the law that requires the state to pick up the tab for the cost of the Presidential Primary election because the election itself was mandated by the state," said McCollough. "I don't think it's fair to force this kind of financial burden on local governments already having a tough time making ends meet."

Reimbursement checks totalling $2,385,281.61 have already **been mailed to 1,596 governmental** units throughout the state Checks made out to each election post, based on expense incurred, have been sent to the local election clerks

"Michigan's Presidential **Primary election is an exercise** in democracy, but an expensive one," said McCollough "Many cities, townships and villages had to hold special elections so that their residents could make their voice heard in the Presidential selection process."

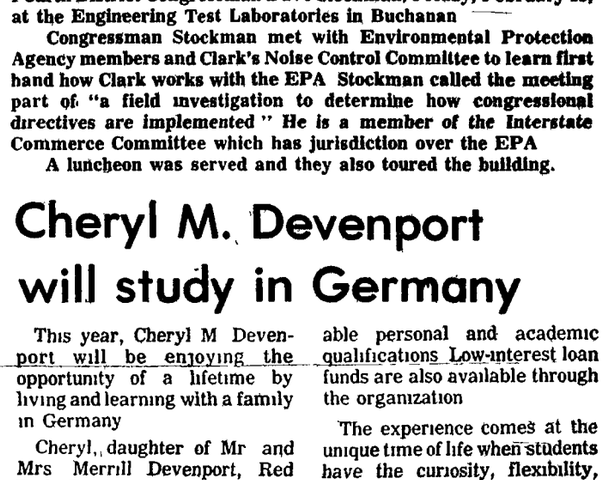
"I am gratified that the state has finally faced up to its responsibility and reimbursed these people for their expense "

Buchanan was reimbursed **$604 88 and Buchanan Township $915 30. Galien Township was** reimbursed $256 47

Youth to sing

The YOUNG BELIEVERS, a newly organized singing group from the Fairland Christian Church in Niles, will be presenting their first concert at the First Christian Church, 2240 Yankee St , Niles, Sunday evening, February 27, at 7 15 p.m

The group, made up of 14 teenage youth from the Buchanan and Niles area, will be presenting the musical, COME TOGETHER, and is under the direction of Mrs George Merrill Those participating from Buchanan are Karen Virgil, Maribeth Merrill, Linda Merrill, Kevin Clem, Doug Zinninger and Jeff Merrill The group will be accompanied on the piano by Mrs. Jack Thomas of Niles The public is invited to attend



Clark Equipment Company Corporate Noise Control Engineer, Robert Hand (left) discusses noise control ideas with Republican Fourth District Congressman Dave Stockman, Friday, February 18, at the Engineering Test Laboratories in Buchanan

Congressman Stockman met with Environmental Protection Agency members and Clark's Noise Control Committee to learn first hand how Clark works with the EPA Stockman called the meeting part of "a field investigation to determine how congressional directives are implemented " He is a member of the Interstate Commerce Committee which has jurisdiction over the EPA

A luncheon was served and they also toured the building.

Cheryl M. Devenport will study in Germany

This year, Cheryl M Devenport will be enjoying the opportunity of a lifetime by living and learning with a family in Germany

Cheryl, daughter of Mr and Mrs Merrill Devenport, Red Bud Trail North, has been accepted as an exchange student in the Youth for Understanding program, and is eagerly looking forward to the adventure of overseas living Over 6,000 students a year enjoy the excitement and personal fulfillment of living, learning, and maturing in another country through Youth for Understanding

Youth for Understanding is a non-profit international student exchange organization which has exchanged more than 55,000 students worldwide Students aged 14 through 18 can participate in the program and live with a local family in one of 23 countries in Europe, Latin America, the Far East, or Africa for a summer or year

Scholarship monies and other financial aid are still available to qualified students who wish to live and study abroad, according to Youth for Understanding Full and partial scholarships will be awarded to students with suitable personal and academic qualifications Low-interest loan funds are also available through the organization

The experience comes at the unique time of life when students have the curiosity, flexibility, and openness of mind to gain maturity and perspective on another country and their own by participating personally in another culture

Youth for Understanding students become regular family members in their overseas country, participating in all facets of local life as no tourist can Typically, students gain an interest which lasts a lifetime, and provides an investment in their future which is unparalleled

Students or their parents interested in information on this overseas living adventure with Youth for Understanding should contact Mrs Kenneth Pica, 517-645-2142 (home), 373-0001 (work), 6880 Empire Ave , Benton Harbor, MI 48813 for more information Like Cheryl, they will be taking the first step **toward a journey to a distant** country, people, and family to create friendships that span the globe

Community Outlooks

District Basketball Tournament tickets will go on sale to season ticket holders Wednesday, February 23, from 6.00-8:00 p.m., at the front entrance to the gymnasium. One ticket per season ticket.

Remaining tickets will go on sale Thursday morning at Stibb's and in Room 216, at the high school. All tickets are $1.50.

Discussing the Perc Club meeting Tuesday morning, February 22, at which Clark Company President Bert Phillips gave some of his predictions for the future of business are (l to r) Welsh, vice-president of Buchanan Area Chamber of Commerce; John North, chamber pr Phillips and Bud Mosier, chamber past president.

Our Opinion

Berrien County Record

Right to drink

By D.E.N.

One of the dumbest things we voters in Michigan ever did was to allow the eighteen year olds the right to drink in public legally One look at any high school in the state reveals the added problems which have arisen from this single stupidity.

If the age were raised to nineteen, the situation would be somewhat improved because by that time, the young people would have finished high school, and the problems would then pass on to somebody else besides the school teachers.

People will say that young people could get their booze one way or another even if there weren't such laws That may be true, but why make it easier for many of them to become alcoholics a year earlier? In addition, why is it our business to invite teenagers from Indiana to partake of that particular privilege up here?

It is time right now to write our state representatives and urge them to raise the drinking age to nineteen, something which they are presently contemplating doing

Any authority will tell you that the problem of alcohol among our youth is more serious than the drug problem, which is still a big one. It isn't just the holy rollers who are preaching against this Educators and concerned parents, and often the young people themselves know that this one year's difference in the drinking age will be important Anybody who ever had one will attest that a nineteen year old is more mature and responsible than an eighteen year old

Then let's undo our other dumb act Let's get the amendment taking the tax off foods repealed.

Consumer Service Card Program offered by Postal Service

Since the Postal Service began its nationwide Consumer Service Card Program in September 1975, more than 630,000 customers have utilized the card to notify the service about mail problems or to offer suggestions to improve mail service, according to Postmaster Oscar Crocker

As part of the Postal Service's second annual nationwide Consumer Protection Week, February 21-26, Postmaster Crocker is reminding customers about the Consumer Service Card Program The week is designed to focus attention on the Postal Service's interest in -- and protection of - its customers

Key to the program is the Consumer Service Card available in the Post Office lobbies and from letter carriers The form is easy to complete and consists of two postal cards with carbon between them One copy goes to the local postmaster for action The other goes to the Consumer Advocate at Postal Service Headquarters in Washington for analysis

"By furnishing information in our own community and nationally, customers can help us spot problem areas and trends so that we can take corrective action the Postmaster said

Nationwide, the majority of cards received during the program's first year dealt with delayed mail, with non-receipt accounting for the next highest amount, he said "But more than 28,000 customers offered suggestions and another 13,000 requested information about services," he added "Of the cards received involving complaints more than 83 per cent were resolved to customer satisfaction," the Postmaster said "We're especially proud of the 10,000 compliments we received in the program

"We can't help someone with a mail problem until we know about it," Postmaster Crocker said "Upon receipt of the card, we promptly begin an investigation to see if the problem can be resolved"

"Good service is a far broader concept than just efficient mail handling," he added "It also means employee courtesy and responsiveness to customer needs"

"The Consumer Service Card," he said, "is a guarantee from your Postal Service that it will do everything it can to solve a customer's mail problem"

Letters TO THE EDITOR

(All letters received for this column must be signed by the writer Names will be omitted at the writer's request but must be included before the letter can be printed All letters are printed as received.)

Chief who?

The Public

Do you know who the chief of police is in our fair city? If you don't you will have a hard time finding out You see the chief is almost never at the police station If you have a problem there is always a patrolman to talk to but you probably have to make an appointment to see the chief Rumor has it that he has his own place of business at which he spends his time, while being paid by the city If you can get a hold of him you are luckier than I

Taxpayer

Thank you

Dear Editor,

The Canadian girls hockey team would like to thank the coaches, Lynne Bachleda and Ida Hiatt, for doing a wonderful job coaching our team "Nobody" has enough money to pay them for the super job they did.

It's an experience that we'll always remember

Mary Layher, Lori Wagner

Pep band

To the Buchanan basketball fans & others

Why have you given no recognition to the "pep band"? They work as hard at entertaining you as the ball team cheerleaders and pompon girls Why, then, do they get little, or no, applause from you after a number? It sure would be a dull half-time show if they weren't there

Mr Editor, why no pictures of them in the paper?

There is one more home game Feb 25, let's show the band & Mr Morse that we do appreciate them, without having them prompt us to do so

One who appreciates you & shows it
"Top row, north"

Opinions

A suggestion has been made to change parking on Front Street to angle parking on one side and no parking on the other side

Public opinion is being solicited Whether you are for or against the suggestion call the Buchanan Area Chamber of Commerce at 695-3291 and give your opinion.

Out of the Past

40 Years Ago
February 25, 1937

American cheese is priced at 23 cents per pound

R F Thomas of Niles is holding a Grand Opening in his remodeled Ice Cream Fountain Store at 103 Days Avenue.

Expansion of the Girl Scout program so that it may more adequately fit the modern girl to the modern world is now being tried by that organization.

25 Years Ago
February 21, 1952

The Hollywood Theater presents "Callaway Went Thataway" starring Fred MacMurray, Dorothy McGuire and Howard Keel.

Starting March 1, Buchanan will be served by a Star Route mail truck service operating between Niles and Michigan City, with four local deliveries which will replace the present service by four non-stop mail trains.

Two of the oldest rivals in the Big 7 Conference will tangle over at the Niles gym in a contest that will settle third place It's the Bucks vs the Vikings

10 Years Ago
February 23, 1967

February 22-23 accounts for the 46th anniversary of Jack "Sky" Knight's famous night air mail flight.

Buchanan drew a first round bye in the Class "B" District Tourney.

Berrien County chapter of National Farmers' Organization joined with other county chapters in a protest against low milk prices

Developments on Development

Comprehensive Plan -- goals objectives and policies

The preliminary report No 1 of the goals, objectives and policies of the "'701' Comprehensive Plan" of the City of Buchanan will be revealed and discussed at a public hearing to be held in conjunction with the City Commission meeting, Monday, February 28, 7:30 p m , at City Hall

The public is invited to attend the meeting and participate in the discussion

This chapter of the plan states the goals, objectives and policies for present and future development of the Buchanan area. The statements presented here are the results of intense discussion and analysis between and among area citizens, community groups, area government and the planning consultants. Citizen participation was solicited through the Berrien County Record and through various public hearings and meetings

A. Goal — An attractive and diversified industrial base for the Buchanan area including the promotion and development of existing industry

1. Objective -- To work with the Townships to identify and develop industrial sites.

(a) The City of Buchanan will sell municipal services to surrounding areas provided that the costs will not be absorbed by City of Buchanan tax payers.

(b) Develop industrial sites consistent with the Comprehensive Plan.

2. Objective -- To work with the State and Townships to provide a better industrial climate for new and existing industry.

(a) Maintain a constant alert to legislative trends towards industry.

(b) Work with other Cities, Towns, and Townships as a lobby group.

3. Objective -- To develop good working relationships with existing industry.

(a) Maintain and continue dialogue with existing industry.

4. Objective -- To Maintain and provide services and equitable local taxes for industry.

(a) Review assessment and tax procedures for all property in the City of Buchanan

5. Objective -- To work with management, labor, and others to promote and maintain an attractive labor market and labor relations in the Buchanan area

6. Objective -- To explore the feasibility of establishing an Economic Development Corporation.

(a) Utilize the powers of the Economic Develop Corporation (Act No 338 PA 1974).

B. Goal — An educational system which effectively services the needs of the community and area industry.

1 Objective -- To promote working relationships among the educational system, the community and industry.

(a) Maintain the Coordination Committee of School Board and City Commission.

(b) Support the Buchanan School District's efforts to expand and improve school facilities and programs.

C Goal --- A sufficient number of commercial facilities which effectively serves the needs of the community.

1. Objective -- To encourage cooperation among businesses, government, and other interested groups.

(a) Maintain membership and active participation in the Chamber of Commerce.

2. Objective -- To solicit private enterprise to establish businesses which provide a variety of goods and services in the Buchanan area.

(a) Advertise the existence of need for certain services and goods in the Buchanan area.

(b) Promote the Buchanan area as a good market place for the distribution of goods and services.

3. Objective -- To maintain and provide services and equitable local taxes for commercial facilities

(a) Review assessment and tax procedures for all property in the City of Buchanan.

4 Objective -- To identify properly located future commercial sites

(a) Develop commercial sites consistent with the Comprehensive Plan.

5 Objective -- Maintain a viable Central Business District in the Buchanan area.

(a) Continue and maintain cooperation with the Downtown Development Authority and other interested groups.

(b) Develop the proposed Phase I, II, III, etc development of the Central Business District

D Goal — A coordinated transportation system which efficiently and safely provides for the circulation of people, services, and goods in the Buchanan area.

1. Objective -- To ensure efficient and safer pedestrian access to all Buchanan facilities and residences.

(a) Develop the pedestrian circulation system consistent with the Comprehensive Plan and Buchanan area needs.

2. Objective -- To explore the feasibility of diversified public transportation for the Buchanan area.

3. Objective -- To provide a safe and efficient vehicular traffic flow in, around and through the City of Buchanan.

(a) Develop the vehicular circulation system consistent with the Comprehensive Plan and Buchanan area needs.

(b) Utilize the services of a traffic consultant to evaluate vehicular circulation system as needs develop or change.

4. Objective -- To provide adequate parking facilities for business and other facilities.

(a) Evaluate Buchanan area parking needs as needs develop or change.

(b) Provide for optimum parking on City Streets.

(c) Develop new parking facilities which are strategically located to meet the needs of the entire Central Business District

E Goal — A sufficient supply of quality housing for all family sizes and income levels in the Buchanan area taking into account both environmental and public service considerations

1 Objective -- To prevent and minimize residential conditions which are harmful to the residents and environmental quality of the Buchanan area

(a) Enforce the City of Buchanan Building Codes, Housing Codes and Ordinance

(b) Rehabilitate poor quality housing where possible through private financing and-or public financing.

2 Objective -- To promote the provision of urban services needed to support residential development in the Buchanan area

(a) The City of Buchanan will sell municipal services to surrounding areas provided that the costs will not be absorbed by City of Buchanan tax payers.

(b) Develop utility services consistent with the Comprehensive Plan.

3. Objective -- To encourage residential development consistent with Buchanan area needs providing variety and choice of housing types.

(a) Develop a Planned Unit Development section for the City of Buchanan Zoning Ordinance (if approved by City of Buchanan).

(b) Develop residential land consistent with the Comprehensive Plan.

4. Objective -- To encourage residential development consistent with the ecological character of the Buchanan area.

(a) Develop a Planned Unit Development section for the City of Buchanan Zoning Ordinance (if approved by the City of Buchanan).

(b) Residential areas are to be developed in accordance with the Comprehensive Plan.

F. Goal -- Recreational facilities and programs to serve the needs of every age group in the Buchanan area

1 Objective -- To develop new parks and promote and enhance existing park areas

2. Objective -- To maintain and improve our local sports stadium, baseball diamonds, basketball courts, tennis courts and assess the need for new facilities and programs

3 Objective -- To promote other recreational means which would further enhance the relaxation, enjoyment, physical skills and health of the Buchanan area citizens.

4 Objective -- To promote programs with private recreational facilities and to encourage utilization of these facilities by tourists

G Goal — Maintain and enhance existing and potential aesthetic features of the Buchanan area.

1. Objectives -- To designate, preserve, and enhance our areas of historical and environmental significance consistent with the Comprehensive Plan.

(a) Trees shall be maintained in accordance with the Municipal Tree Ordinance of the City of Buchanan.

(b) Landscaping shall be provided for in new developments in accordance with the Zoning Ordinance of the City of Buchanan (if approved by the City of Buchanan).

(c) Assess the need for historical preservation ordinance(s).

2. Objective -- To restore and enhance Buchanan's "small town image".

H. Goal — Maintain a capital improvements program which promotes availability of all public services to all residents and provide community facilities required to accommodate the needs and desires of City residents and City agencies.

1. Objective -- Establish and keep current a capital improvements budget.

Governor William G. Milliken, (center), "urged all Michigan citizens to give appropriate recognition to the exemplary job being done by the Michigan Heart Association and its volunteers" when he signed a proclamation declaring February Heart Month.

Witnessing the proclamation signing were Robert Tower, (right), Michigan Heart Association chairman of the board of trustees and Kalamazoo architect, and Judge Michael Cavanagh, (left), Delegate Assembly vice president, president of the Tri-County Heart Unit in Lansing, and Appeals Court Judge.

In the proclamation, signed February 15, the governor stated that "the Michigan Heart Association and its volunteers have spent countless hours and millions of dollars in developing programs to educate the public about heart disease and on research which, among other advances, produced the world's first successful heart pump."

The Michigan Heart Association, an affiliate of American Heart Association, is the only voluntary health agency dedicated solely to the reduction of premature death and disability due to cardiovascular diseases, the nation's leading cause of death.

Michigan Heart is a member of the United Way of Michigan.

Commission Proceedings

Buchanan, Michigan
February 14, 1977

A regular meeting of the City Commission of the City of Buchanan was held in the Chambers of the City Hall on Monday, February 14, 1977

Notice of this meeting was given pursuant to Act 267 of 1976 The meeting was called to order by Mayor Gault at 7 30 p m.

Mayor

Business And Professional Women

In the absence of the president, Mrs. Arloine Miller, the February meeting of the Buchanan Business and Professional Women's Club was conducted by the vice-president, Mrs Catherine Hill, at the First United Methodist Church The dinner meeting was attended by 31 members and guests

Miss Rose Zachman, chairman of the evening, introduced the guest speaker, Susanne Mengden of Krefeld, Germany, a senior exchange student at Buchanan High School, who told of family life, schooling, traveling in Germany and nearby countries, as well as touching briefly on government and comparing her "home town" of 250,000 with Buchanan.

Susanne is living with the Robert Pletcher family on Rynearson Street in Buchanan.

Assisting Miss Zachman on the World Affairs Committee were Mrs. Marge Malott and Mrs. Pat Mollberg.

Frantz graduates

Richard Frantz, a 1973 graduate of Buchanan High School, graduated magna cum laude from Western Michigan University in December, 1976, with a BS degree in Education.

Frantz resides, with his wife Alison, on East River Road and is the son of Mr. and Mrs. Don Frantz

He was a student teacher at Buchanan Middle School and is presently a substitute teacher in Buchanan.

Nazarene Church shows film

FOR PETE'S SAKE!, a film credited as "unique in its capacity to reach out to meet the problems of people," will be shown on Sunday, February 27, at the Nazarene Church, 704 W. Front St , Buchanan.

The full-length comedy-drama, filmed in brilliant Eastmancolor by World Wide Pictures, will be shown once beginning at 7 00 p m , and is open to the public at no admission charge

Filmed entirely on location in Denver and the Colorado Rockies, FOR PETE'S SAKE! is the story of Pete Harper, a family man and service station owner, who is knocked flat by unexpected problems, but finds the strength to stand up again, to face life anew

FOR PETE'S SAKE! has been seen nationwide by over three million persons in theatre premieres, and has been cited by one film critic as "the perfect mixture – it's drama at its boldest, comedy at its lightest, and action at its liveliest. FOR PETE'S SAKE! is a family film, not only because it is good family entertainment; but because through its storyline, families can see and feel exactly what is needed to develop deeper understanding and build stronger ties."

FOR PETE'S SAKE! stars Robert Sampson, who also starred in World Wide's THE RESTLESS ONES Pippa Scott, as Pete's wife, Marge, is well-known for her Broadway appearances and numerous television roles John Milford and Sam Groom are both familiar to television audiences

Other featured players include Johnny Jensen as Pete's son, Irene Tedrow as Grandma Harper, and Nicolas Surovy as Skip, the leader of a motorcycle gang.

A cordial invitation is extended to all families of the community by Pastor Sparks, who has made arrangements for this special showing of FOR PETE'S SAKE!

Brueck receives PhD

A total of 1,299 students completed degree requirements at Purdue University in December 1976

Bachelor's degrees were awarded to 816 students while 75 received associate (two-year) degrees Of these two groups, 71 were graduated "with distinction." Ten per cent of the candidates in each school who have the highest indexes, and none with a grade-point average of less than 5 of a possible 6, receive their degrees "with distinction."

An additional 35 students were graduated "with highest distinction," this status being conferred on the top 3 per cent of all distinguished students, regardless of school

A total of 408 advanced degrees were awarded.

Foreign students earning their degrees totaled 51, with six of them receiving bachelors', one receiving an associate and 44 obtaining advanced degrees.

The December graduates, along with those who finished their studies in August 1976, are eligible to take part in Purdue's 125th commencement in May

Among the December graduates was Donald Michael Brueck, Route Two, Box 260, Buchanan. He received a Ph.D in Mechanical Engineering

The Parish Picture

At all Masses next weekend all parishioners will be asked to select three new members for the Saint Anthony's Parish Council. There are five nominees for the three openings. Kenneth Begin, Al Guentert, Michael O'Bryant, Richard Rogers and Keith Welsh The Parish Council was started in November, 1975. This is the first election of new members One third of the Council is serving one year terms, one third two year terms and all three new members will serve three year terms The Council at Saint Anthony's was formed to provide needed activities, counsel, and a growing program for the parish and community The majority of parishes in the Kalamazoo Diocese have gone to the Parish Council concept which encompasses such activities as Christian Service, Christian Education, Spiritual Development, Youth Activities, Social Activities and Administrative Services. On Wednesday evening our students in grades six through twelve will be asked to select their representative to the Council who will also serve as the Chairman of the Youth Activities Commission Those running for this office are Sue Boelcke, Kent Spoke and Jim Topash

The Hostess Committee at Saint Anthony's is sponsoring a Spaghetti and Meat Ball Dinner for the parish, community and guests The dinner will be served in the Parish Hall on Sunday, March 6 from 12.00 to 5 00 p m Tickets are available at the Rectory or may be purchased at the door A donation of $2.50 for adults and $1 50 for students is asked Proceeds from the dinner will be given to the Organ Fund;

The Adult Enrichment Series, conducted by Father Atchison held its third session in the Parish Hall last Monday evening. The series is being conducted for anyone interested in learning about the Catholic faith, changes in the Church since Vatican II, and those who just want to "brush up" on Church dogma and tradition

Casey enrolls at college

A former Buchanan resident is enrolled as a first quarter student at Life Chiropractic College in Marietta, Georgia

Patrick M Casey, son of Mr and Mrs William Faulhaber of Buffalo Road, Buchanan, is seeking the Doctor of Chiropractic (D C) degree from Life Chiropractic College

His four year academic program follows completion of four years of pre-professional study at Michigan State University where he earned a B S in physical education

Life Chiropractic College is approved by the Georgia State Board of Education to confer the Doctor of Chiropractic Degree.

Dr Sid E Williams of Austell, who founded the college in 1974, now serves as president

Guidance Notes

Students planning to enter a college or university in 1977 are urged to make application for financial assistance through the Basic Educational Opportunity Grant Program (BEOG).

The BEOG is a Federal aid program designed to provide financial assistance to those who need it to attend post-high school educational institutions. Basic Grants are intended to be the "floor" of a financial aid package and may be combined with other forms of aid in order to meet the full costs of education The amount of your Basic Grant is determined on the basis of your own and your family's financial resources

The Basic Educational Opportunity Grant Award is a grant and, unlike a loan, does not have to be repaid It is estimated that during the 1977-78 academic year the awards will probably range between $200 and $1,400

You need not send money with your application, it will be processed free of charge

Applications are available through your guidance office at Buchanan High School.

Boy Scout Troop 541 survival course

On Saturday morning, after several months of coordinated planning, Buchanan Boy Scout Troop 541, under the leadership of Assistant Scoutmaster Don Shafer, combined forces with the Green Beret Airborne Detachment Reserve Unit from South Bend for a course in "survival". Proper Planning Prevents Poor Performance became the theme for the 29 scouts and leaders.

The day, spent at the Military Maneuver grounds at Kingsbury, Indiana, covered lessons in winter medical aid, shelter constructions, compass and map exercises, fire building and wild game capture techniques using snares The scouts obtained first hand experience with Army field rations and military vehicles.

The scouts coordinated through Mike Daron, member of the Green Berets and Eagle Scout formerly from Troop 541.

American Legion Auxiliary

Ten members and one junior member attended the American Legion Auxiliary potluck dinner, Monday, February 21, at the Legion Home. They celebrated the January and February birthdays. Birthdays of Virgie Heath, Margaret Samson and Violet Swem were remembered.

Judy Samson, Girls State chairman, reported on her visit to Mr Dick, at the high school, as she endeavored to find a candidate for Girls State.

Barbara Nelson, Poppy Chairman, and the auxiliary chose a new Miss Poppy. Pamela Larson, daughter of Mr. and Mrs. Conrad Larson, North Red Bud Trail, is the new Miss Poppy.

They selected delegates to the Fourth District dinner to be held on March 6, at Bridgman Margaret Samson was selected as first delegate; Ann Reed as second delegate and Ruth Scott as alternate. The dinner will honor past District Commanders and Presidents Ruth Scott, a past District President, will attend from Buchanan

Violet Swem, president of Past Presidents Parley, announced a meeting, Monday, February 28, at the Legion Home.

Ann Reed will be hostess at the March 7 meeting of the auxiliary.

The Women Of The Moose

The Buchanan Women of the Moose presented a Fashion Show of clothing for men and women, Tuesday, February 22, 7 30 p.m., at the Moose Lodge

Light refreshments were served and door prizes were awarded

There will be a business meeting Thursday, February 24, 8 p m , at the Moose Lodge

Postmaster Oscar S. Crocker (right) congratulates Raymond L. Swetish and presents a certificate, issued and signed by John P. Doran, Regional Postmaster General, Central Region, for 30 years of outstanding service as an employee of the US Post Office in Buchanan. Swetish retired Friday, February 18, after 30 years as a letter carrier. Swetish and his wife Florence live at 409 Remus Drive. The couple has six children He was born and raised in Calumet, Michigan and came to Buchanan in 1946. He plans to "take it easy for a while and enjoy retirement."

Public Service Commission approves gas rate hike

The Michigan Public Service Commission today approved a revenue increase for gas customers of Michigan Power Company of Three Rivers that will raise the company's rates by $1 3 million, an overall increase of 3.8 per cent, although customers in the eastern Upper Peninsula will receive a rate decrease.

The Commission also authorized a uniform rate schedule and single purchased gas adjustment (PGA) clause for Michigan Power customers in its three service areas – the Lower Peninsula, the western Upper Peninsula, and the eastern Upper Peninsula The three areas previously were charged under separate schedules

The action means that an average residential customer who uses 200 Mcf (thousand cubic feet) of gas per year, regardless of location, will pay $388 46 annually based on the December 1976 level of the purchased gas adjustment clause

The order will have the following effect

--A decrease of $17 48, or 4 3 per cent, for customers in four eastern Upper Peninsula communities, including Manistique and St Ignace The current rate for 200 Mcf is $405.94 annually

--An increase of $25 52, or 7 per cent, for customers in 11 western Upper Peninsula communities, including Marquette and Houghton Present rate for 200 Mcf a year is $362 94

The company has about 10,000 gas customers in the Upper Peninsula.

--An increase of $13 16, or 3 5 per cent annually, for 44,000 customers in 15 southwestern Lower Peninsula communities, including Holland, Niles and Three Rivers Current rate level is $375 30 per year.

The Commission said treating Michigan Power as a consolidated system, with one rate schedule for all localities and a combined purchased gas adjustment clause, was "fair and reasonable" to all customers of the utility. Michigan Power buys gas from three separate pipeline companies; under the terms of today's order, the average cost of gas from all three suppliers will apply to the rates, with the exception of special contract customers in the western Upper Peninsula

The order also set the overall rate of return at 9 39 per cent and the rate of return on common equity at 13 per cent The Commission found that Michigan Power's parent company, American Electric Power Company (AEP), does not exercise leverage on Michigan Power's earnings because AEP's consolidated system debt is held at the subsidiary level rather than the parent level.

Michigan Power has received two increases in gas rates in approximately four years – in November 1975 and May 1973; prior to that time, it had not received a rate increase in some 25 years, the Commission said

Operation Rice Bowl

Again this year during Lent, many Catholic families and individuals in the Diocese of Kalamazoo will be praying, fasting and giving alms to help feed the hungry of the world The lenten program is known as "Operation Rice Bowl," and is being organized across the country in many dioceses for the specific purpose of feeding millions of starving people around the globe and to give support to community development projects in Third World countries.

During its first year, Operation Rice Bowl realized approximately $5 million, of which over $27,000 came from people of the Diocese of Kalamazoo.

"The thrust of the program again this year," said Reverend Eugene A. Sears, Coordinator of Operation Rice Bowl in the Diocese, "is to create awareness of world hunger through prayer, personal sacrifice and alms. Each participant is asked to voluntarily offer prayers and a frugal meal, then donate the money saved to Operation Rice Bowl."

Little cardboard boxes have been provided for each of the Diocese's 45 parishes in southwestern Michigan. Each participant in the program will place one of the boxes on the dinner table as a reminder of the commitment to pray, to fast, and to provide financial assistance to the world's needy The Rice Bowl boxes are also containers for the money saved by eating frugal meals during the 40 days of Lent, beginning on Ash Wednesday, February 23, 1977.

The money contributed will eventually be sent to Catholic Relief Services, the official American Catholic agency for relief and development overseas responsible for distributing the funds. The annual Kalamazoo Diocesan Services Appeal (KDSA) also provides funds every year to support the work of CRS, but the Operation Rice Bowl collection is a separate voluntary collection aside from the KDSA program which funds all diocesan projects and services in a yearly one-time appeal Recent natural disasters in many parts of the world have created the need for an added program like Operation Rice Bowl to care for the needs of the millions of victims of these disasters

According to Father Sears, "The money collected for Operation Rice Bowl is only one-third of the whole concept. Prayer and sacrifice are really the most important two-thirds "

Officers transferred

Among Michigan State Police officers being transferred to new posts are Sgt. Robert L Ring, 31, of the L'Anse post to the Detroit Freeway post. Sgt. Ring became a police officer in 1968 and was formerly assigned to the Niles State Police post He was born in Alma, Michigan.

Sgt. Kenneth G Kielcheski, 33, of the Niles post is being assigned to the post at L'Anse. Sgt Kielcheski joined the police in 1965 and has served at Battle Creek, Calumet, Bay City and New Buffalo He was born in Park Falls, Wisconsin.

Omegan Choir to present musical

The Omegan Choir of the Church of Christ, 112 West Third in Buchanan begins final preparation for its musical to be presented April 3 at the church.

The musical entitled "WALKING IN THE LIGHT" will be under the direction of Rick McDermott, the new associate minister of the church

Rick comes to us from TEEN MISSION U S A out of Lexington, Kentucky Originally from Southern Ohio both Rick and his wife Chris have presented High School Convocations, youth rallies and revivals all over the U S.A. A graduate of Great Lakes Bible College of Lansing, Michigan, Rick is excited with the challenge of presenting Christ to the youth of Buchanan

This musical is one which we want to share the abundant life of "Walking in the Light" of Christ This program will challenge you to become really excited about life with Christ and His Great Love.

Plan now to attend this musical at the church at 7:00 p.m on April 3 Everyone is invited

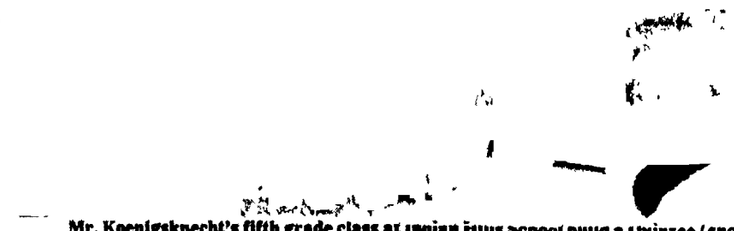
THOMPSON'S SUPER MARKET



Mr. Koenigsknecht's fifth grade class at Indian Hills School build a Quinzee (snow shelter) as part of a science project and winter outdoor education. Kristie Anderson, Jonie Phillippi and Derek Brady show the snow shelter, which is made from a large mound of snow (left to settle for a day), hollowed out and one candle burning inside The temperature outside might be -2 degrees and the wind chill temperature -40 degrees but inside the Quinzee, heated with only one candle the temperature would be about 35 degrees.

Possible support of phosphate ban by League of Women Voters

Possible support of a ban on phosphates in household laundry products for the Lake Michigan region was considered at the February 16 meetings of the Niles-Buchanan League of Women Voters The Michigan Water Resources Commission is considering putting a .5 per cent limit on phosphates in laundry detergents as is in effect in Indiana, New York, Minnesota and the cities of Chicago and Akron Michigan's phosphate limit is now 8 7 per cent Laundry detergents are the source of approximately one-quarter of the phosphate in Michigan waters

Phosphates pollute water by releasing phosphorus, a nutrient which stimulates algae growth The subsequent dying-off of this large algae population depletes the oxygen in the water Fewer fish can survive in such water and general water quality is lower Most Michigan municip l treatment plants cannot remov the phosphates from the waste water they add to lakes and rivers

Locally, Buchanan removes phosphate from its effluent and Niles plans to do so in 1978 Although South Bend does not remove phosphates, significantly less phosphate has entered the St Joseph River at South Bend since 1973 when Indiana first banned phosphate containing detergents

Information on Milton Township was also presented at the League meetings, as the LWV is considering adding this township to its area of organization The present area is Niles and Buchanan and the townships of Niles, Howard and Bertrand Milton Township is part of the Niles-Buchanan area, most of its children attending Brandywine schools.

Members were asked to consider items for the local program in 1977-1978, in preparation for the May annual meeting. Merrill Clark, Environmental Quality chairman, led the meetings, Juanita Gill and Ruth Palenchar were hostesses Guests and new members were Jackie Plummer, Joan Williamson, Marcia Blair and Grace Kelly

SCSA Society recognized

The National Soil Conservation Society of America (S C S A) has recognized the society's student chapter at Grand Valley State as the largest undergraduate student chapter in Michigan

Grand Valley's S C S A student membership totals more than fifty Meetings of the chapter are held twice each month at which time efforts to promote a better understanding of land use regional planning and other matters relating to soil conservation are explored Fred Bevis of the GVSC College of Arts and Sciences environmental sciences department is advisor to the group

Up-coming plans of the group include attendance by eight members and their advisor in the American Symposium on Land Use to be held in Omaha, Nebraska

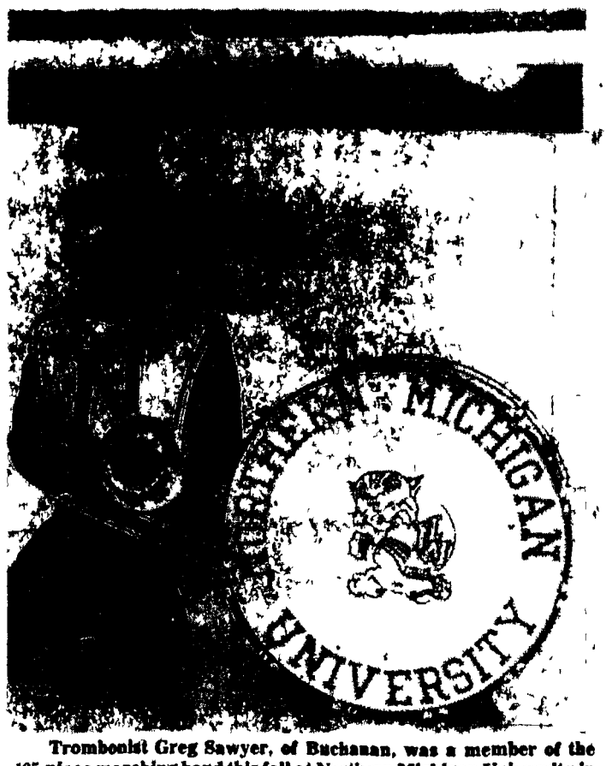
Membership of the S.C S A. student chapter at Grand Valley State includes Frederick Gordon, chapter vice-president, from Buchanan

Fields named to Dean's List

A total of 259 students were named to the fall semester academic dean's list at Hillsdale (Mich) College The dean's list honors those individuals who have earned a B or better average during the semester Of those recognized, 72 students received "All A" averages

Hillsdale College is an independent coeducational liberal arts college for 1000 students.

Donald Fields, son of Mrs Loretta Fields, Route one, Box 183 and a graduate of Buchanan High School was named to that list



Trombonist Greg Sawyer, of Buchanan, was a member of the 125-piece marching band this fall at Northern Michigan University in Marquette. The NMU Wildcat Marching Band, under the direction of Jerrold Michaelson, a former director of the University of Tampa Marching Band, performed at all of NMU's five home football games this season and participated in numerous parades. The NMU Band is often referred to as "The Pride of the North." Greg, son of Mr. and Mrs Robert F Sawyer, is a junior at NMU where he is studying music education (NMU photo)

Ministers sponsor Lenten luncheons

The Buchanan Ministerial Association will again sponsor Men's Lenten Luncheons beginning on Wednesday, March 2, at the First Methodist Church, 130 South Oak Street

The luncheons will feature a layman from one of the local churches as a speaker each Wednesday The speaker for the March 2 luncheon will be Tom Zeug of St. Anthony's Catholic Church

The luncheons begin at noon and dismiss promptly at 12 50 p m

Men from all area churches are welcome to attend. No reservations are necessary

Elementary students celebrate Valentine's Day

Friday afternoon, February 11, was Valentine party time at all Buchanan Elementary Schools. This reporter went to three of the schools, Moccasin, Ottawa and Indian Hills and visited several classes to see how they were celebrating Valentine's Day

1 Mrs Fitzpatrick's kindergarten class at Moccasin School invited parents, grandparents, little brothers and sisters to hear a special music program presented by the students The class also had lots of goodies to eat and exchanged Valentines

2 The gymnasium at Moccasin School was put to use by two classes enjoying their Valentines and guessing who some of them were from.

3 This classroom of students at Moccasin School were enjoying all the goodies their moms had made and sent to help with the celebration

4. Mrs Zawisza's third grade class at Ottawa School were getting ready to break this elephant pinata The class had planned to use the pinata at their Christmas party but when the party was canceled because of snow they decided to use it for Valentine's Day.

5 Mr. Detgen's fourth grade class at Ottawa School made individual Valentine boxes to put their Valentines in Before opening the boxes they were enjoying refreshments

6 Mr. Koenigsknecht's fifth grade class at Indian Hills School made special envelopes in which to collect Valentines

The parties were changed from Monday, February 14, to avoid beginning the week with this activity, yet provide children with the opportunity to exchange greeting and have their room treat

Unity Hospital license renewed

According to the Michigan Department of Public Health in Lansing, at the end of January, Michigan had under license and-or certification, and in operation 456 nursing care facilities with 46,914 beds, 128 homes for the aged with 9,712 beds and 231 general hospitals with 41,795 beds

Frederick A Traill, chief of the Division of Health Facility Standards and Licensing, said that January licensing activities of the department also included the issuance of annual licenses to 34 nursing homes, 12 homes for the aged and 30 hospitals

Among the hospitals whose licenses were renewed was Unity Hospital, 1301 North Main Street, Buchanan.

Colonel John Hamilton accepts command of Presidio

Colonel John D Hamilton, Sr , son of Mrs Ralph W Fisher, 713 Metea Court, Buchanan, accepted command of the Presidio of San Francisco, California, during a formal Change of Command Ceremony at that scenic Pacific Coast Army Base, to become that post's 201st Military Commander

Colonel Hamilton enlisted in the Army in October 1946 and served as an enlisted man until August 1949

He reentered the Army in April 1951 and was commissioned a Second Lieutenant of Armor upon completion of Officer Candidate School in 1952

A graduate of the University of Nebraska, Colonel Hamilton is also a graduate of the U S Army's Command and General Staff College at Fort Leavenworth, Kansas

He has served his Nation overseas in Korea, and Vietnam and held major stateside assignments at the Armor School, Fort Knox, Kentucky, prior to his current assignment at the Presidio of San Francisco He has served there as Deputy Post Commander prior to assuming command of the installation.

Among his major decorations are two awards of the Bronze Star Medal with "V" device for Valor; two awards of the Bronze Star Medal; the Meritorious Service Medal, three awards of the Army Commendation Medal, eight awards of the Air Medal and the Combat Infantrymen's Badge

Colonel Hamilton and his wife Kathryn reside on the Presidio with their son, John, Jr Two daughters, Joan and Anita are both married

Red Cross Bloodmobile in Buchanan

The Red Cross Bloodmobile will be in Buchanan at Clark Equipment Company on March 3 from 12-6 p m. and March 4 from 10 a m to 4 p.m

The bloodmobile will be in Buchanan again in September

The Red Cross asks everyone to "please participate" Six thousand units of blood are needed

Meritorious Service Award

Meritorious service at Lackland AFB, Texas, has earned the U S Air Force Commendation Medal for Technical Sergeant Paul E Tucker, son of Oran M Tucker of 703 Red Bud Trail North

Sergeant Tucker, a security police supervisor, was presented the medal at Mildenhall RAF Station, England, where he now serves with a unit of the U S Air Forces in Europe

The sergeant, who graduated from high school in 1958 at Dowagiac, has studied at the University of Oklahoma. He is the brother of James R Tucker of Stevensville

Strikers ineligible with Stockman bill

Congressman Dave Stockman (4th-MI) is sponsoring a bill which would make striking workers ineligible to receive food stamps "The food stamp program was designed to help those who, through no fault of their own, are financially unable to meet their own nutritional needs or those of their families," Stockman said "It was intended for people who are unemployed or receiving incomes below the poverty level Food stamps and federal tax dollars should not be used to support those who voluntarily choose not to work."

According to Stockman, it costs taxpayers more than $300 million a year to provide food stamp benefits to striking workers "The food stamp budget is limited and if we siphon off $300 million to give food stamps to strikers, that's $300 million less to divide among the poor and the elderly who desperately need those stamps to eat," Stockman warned

In addition to being "an unnecessary drain" on the food stamp budget and the taxpayer, food stamp eligibility for strikers, according to Stockman, involves "some basic issues of justice and federal neutrality" The Michigan Congressman explained that giving strikers food stamps amounts to "unwarranted federal intervention" into the collective bargaining process "By providing food stamps at the taxpayers expense, we remove some of the pressure that would normally bring strikers to the bargaining table. This, in turn, prolongs strikes and invariably increases prices to the consumer for goods and services," Stockman added

"I am a strong supporter of free collective bargaining," Stockman concluded, "but I believe it is the responsibility of the striking unions, and not the taxpayers, to support their own members when they choose to go on strike"

Reunion sale

The Buchanan High School graduating class of 1972 is sponsoring a rummage sale to help raise money for the class reunion The sale will be held Friday and Saturday, March 11 and 12

Anyone wishing to contribute clothes, etc may call 683-8516 or 684-0911 after 5 p m Any items donated will be picked up

Injury prone Bucks manage another win

By Joe Lawrence

An injury prone Buchanan managed still another win, this time at Edwardsburg last Friday. Entering the fourth quarter holding a six point lead, but with their leading scorer enroute to Pawating Hospital, the Bucks kept their composure and strengthened their lead to nine by game's end, 77-68

The Eddies, though saddled with early fouls, never let the visiting team retain a comfortable lead for very long. With 2 30 left in the first quarter, Edwardsburg came within a point of Buchanan, 13-12, via a field goal by Jim Case. Case could have been a strong asset to Edwardsburg had his play not been constricted by three first quarter fouls Two of those fouls came within a minute and a half after the opening tip-off as he struggled to contain Buchanan scoring ace, Gerald Busby The Bucks closed the quarter by pushing their lead to five as Busby snapped away the ball from Edwardsburg, eventually scoring his team's 20th point,

The second quarter opened bringing both sides a scoring drought, with a minute and a half going by before Busby addressed the net with a successful foul shot The Buchanan lead extended to 10 as Joe Kyles scored a basket off a Busby steal, followed by Busby himself scoring a field goal. The Bucks prevented their hosts from scoring for nearly three minutes into the quarter,

Foul trouble continued for Edwardsburg as Kevin Dycus was pulled from the game midway through the period as a result of four personals In the closing minutes of the half, the Eddies began whittling down Buchanan's 11 point lead Buck carelessness sent their opponents to the charity stripe so much that they scored nine of their last 17 points there. At half time, the Buchanan margin was trimmed to four, 40-36

The second half opened with fast scoring as each team rode over the other's defense Jim Case led the Edwardsburg charge as he scored eight of his team's first 12 points, bringing them within two midway through the third period. After a time out, the Buck lead stretched to six, and with a minute left in the period, Busby tried to make it eight, attempting an ill-fated dunk shot Losing his balance in mid flight, the area's premier player took a mean spill, leaving him sprawled beneath the backboard He left the floor on a stretcher, and was taken to Pawating in an ambulance

Buchanan finished the game in good form, despite the loss of Busby, who while playing less than three full quarters, led the game in scoring with 23. With Busby out, senior guard Joe Kyles picked up the scoring slack by making the team's next eight points from the field He scored nine of his 20 game points in the final period The Eddies at the end fell victim to a fouling spree, as Buchanan scored nine of its last 11 points at the free throw line Case and Edwardsburg high point man, Scott Hammontree, left the game early after fouling out

Hammontree left with 22, Case with 14, and Greg Humes finished with 12 for Edwardsburg Kyles and sophomore Ron Williams followed Busby with 20 and 15 respectively

The injuries suffered by Busby were a gash over his eye requiring six stitches, and a bone bruise on one of his feet According to Buchanan Coach Jon "Bo" Bohannon, three of the stitches will be removed before Friday's season finale at Brandywine Early this week, Busby was at practice, but did not drill with the team. "I hope Gerald will be at 100 per cent by Friday, but I doubt it But he will be able to do some good for the team," were Bohannon's comments on Busby's playing prospects for Friday Moses Kyles, injured the preceding week, still has swelling around his knee, and will probably not see any action.

In the junior varsity contest, the Eddy reserves beat Buchanan in a game marred by rugged play The first half went virtually unchecked by the officials Edwardsburg held a two point lead at the half, 26-24, as tempers mounted

The game was placed under greater control as both coaches approached the referees late in the third quarter However, hard feelings persisted, resulting in several square offs, and the ejection of one player in the game's waning moments

The junior Bucks were within five of the Eddies until the final minutes of the game when Edwardsburg put in 12 unanswered points High scorer for the game was Jim Anderson of Buchanan with 16, followed by teammate Jeff Butler with 15 Edwardsburg had three players in double figures; Rex Brown with 15, Steve Haines with 14, and Brent Rose with 11

The state tourney commences shortly, and last year's class C champion will begin its campaign at Brandywine Having drawn New Buffalo, a team the Bucks trounced last month, 107 to 55, they will confront each other again Tuesday, March 1 The tourney opens on February 28 with Edwardsburg playing the host team Eau Claire drew a bye, and will play the winner of that game Wednesday The winner in Buchanan's game will play Berrien Springs on Thursday The championship will be on Saturday night, March 5

Hockey teams win in Canadian Tournament

The Forest Glade Hockey Tournament, at Windsor, Ontario, Canada, recently entered by two Buchanan teams, proved to be a 'rewarding' experience for those who were involved.

The Buchanan girls' team executed one of the best played games on Friday winning 10-0 over MacGregar Elementary of Windsor, Ontario Saturday morning was a different story -- they were up against an experienced Battle Creek team who kept them hard at work every minute. Buchanan fell a little short in the score department losing 4-2 but the ladies had nothing to be ashamed of Saturday afternoon they faced the Forest Glade Elementary team for the second place standing in the tourney. The final outcome was Buchanan 3, Forest Glade 1 The girls brought home a large team trophy and they each received an individual trophy

The boys' performance was also very good in the tourney They fell short Friday evening against Dr Taylor Elementary of Windsor with a score of 3-2 in a very tight game Then they went into the Consolation bracket and won both of those games with scores of 9 to 0 against Optimists Gold and 5 to 3 against Optimists Green They brought home the Consolation Champions team trophy and each boy received his own trophy.

Their experiences of staying with foster families are ones to be cherished always The families treated them like royalty They were taken to ice hockey games, bowling, roller skating, and more. They learned the differences between Canadians and themselves in the area of language; i e "Tennis shoes are running shoes 'cause when you put them on you are supposed to run." And at the end of their sentences, the Canadians say "Ay" They were also showered with gifts galore

During the girls pep talk Saturday morning, the Coaches asked the girls what they wanted to take home with them and one answer was "their hosts"

Summer visits are already being planned by some and it is "our hope that we, too, might entertain them in the U S.A. at a hockey tournament here in Buchanan "

The director, coaches and tournament officials were all very proud of the Buchanan youngsters and their families during the entire event

Buck spikers win and lose

In volleyball action at Buchanan on Thursday February 17, the Buck squads competed with River Valley and Benton Harbor

In the first match River Valley easily won the first two games, 5-15 and 10-15 Leading server for Buchanan was Lynn Bobo with six points

Buchanan played hard to win the second match The Buck spikers won the first game 15 6 but lost a hard fought second game 16-18. They came out on top in the third game 15-7 to win the match Cheryl Nutting was the leading server with 11 points

Varsity volleyball standings for the season are 9-3 and for conference 7-1.

The junior varsity turned it around and beat River Valley 15-8 and 15-8 in the first two games to win the match. Zoraida Ferrell was top server with 12 points

Benton Harbor junior varsity lost the first game to the Buchanan Junior Bucks 15-6 but bounced back to win the next two games and the match 7-15 and 13-15. Karen Virgil was top server with 15 points.

The junior varsity standings for the season are 7-4 and in conference 5-2

Bucks beat Bronson

by Don Stowell

The Bucks appear to have good luck with non-conference games as they beat Bronson 88-71 February 15, at Buchanan

Again, Gerald Busby was high point man as he led the Bucks with 28 The Bucks never let go of the lead throughout the entire game

The first 3 minutes of the game was bad foul territory for Buchanan, as they racked up 5 team fouls At the end of the first quarter, the Bucks led 19-23.

Within the first two minutes of the second quarter, Mo Kyles, one of the Buck starters, fell and hurt his knee. That put him on the bench for the balance of the game

Buchanan handled the ball very well in the second quarter, as they bounded down the court with 30 more points The score at half time was 37-53, Buchanan's favor

Gerald Busby, famous in Buchanan dunking the ball, came through again as the third quarter got underway His one handed feat brought a cheer from Buck fans Buchanan made 20 points to Bronson's 15

Other high scorers for Buchanan were Joe and Mo Kyles with 17 and 12, respectively Greg Frazier made 4 baskets and two free throws

Spikers swamp Coloma

Buchanan's varsity volleyball squad swamped Coloma 15-1 and 15-3 to win the match, Monday, February 21 Leading server in the match for Buchanan was Brenda Mottl with seven points

The varsity spikers were beaten 6-15 in the first game with Cassopolis but then came back to win the next two games and the match 15-4 and 15-12 Top server was Laurethia Watts with 10 points

The overall record is now 11-3 and the conference record is 9-1

In junior varsity action Buchanan beat Coloma 19-17 in the first game, lost the second game 5-15 and won the third game and the match 15-8 Top server was Karen Virgil with 12 points

The junior Bucks easily won the first two games and the match with Cassopolis 15-6 and 15-9. Anita Speckine was the top server with 16 points

The overall record is now 9-4 and in conference action 7-2

Wrestling team places ninth

Buchanan's Wrestling Team placed 9th Saturday at the Class C regionals They qualified 3 wrestlers for the State Wrestling Tournament next Friday and Saturday at Middleville Qualifying for the Bucks were 98 lb. Sophomore Mark Fisher, 105 lb. Junior John Lubben and 119 lb Senior Craig Jacquez

This dunk by Gerald Busby, at the game with Dowagiac, was a real "rim bender". Buchanan won the Friday, February 11, game 82 - 59.

Strictly Personal
By D.E.N.

We found one person whose fuel bill was over $200 for January. WOW!

We've had several calls about various birds people have been seeing Bea Samson says she's had flocks of redpolls, which gives us a clue on a bird we couldn't identify, possibly a female of the species

---

The rumors are true that the former editor (the one we could fire) is again keeping company on Monday nights with Mary Kolhoff, a truly remarkable lady. We've sat through a lot of long meetings together over the years

---

Has anyone checked out the Niles Public Library lately? It's extremely good Niles Township residents are entitled to use it. It's been a big help on recent needed reference work

---

After a few months away from meetings for the paper, it's nice to renew old friendships Meetings at Buchanan Township are now conducted with an agenda, and things move along better.

The personal idea of getting Jimmie Carter to Buchanan is still in the works The plan would be to have him talk to a good cross section of the people here We have a tentative list including Gene Beck, Ron Beck, Lou Desenberg, young Joe Garbert, George Sullivan, Dave Casey, Leo McKernan, John Cress, Mel Ravish and Lem Barker Any more suggestions?

Sparks tell of Holy Land trip

Pastor and Mrs. C. Kenneth Sparks of the Church of the Nazarene returned last week from an eight day tour of Israel. In the group of seventeen pilgrims in addition to the Sparks were Mrs. Edith Phillippi of Buchanan, Mr. and Mrs. James Phillippi of South Bend, Mr. and Mrs. Albert DeBoer of Lansing, Illinois, Mr. and Mrs. Douglas Monroe of Vicksburg, Mrs Estelle Hebb of Somerville, Massachusetts, Mr. and Mrs. Wayne Glynn of Millington, Rev and Mrs. George Otto of Battle Creek, Rev. Harold Myers of Grand Rapids, and Rev. Ronald Diehl and Tim Diehl of New Lothrop.

They reported favorable weather with temperatures in the sixties and seventies. Citrus fruits were in the height of their season with some of the most delicious oranges, tangerines, and pomelos found at Jericho

Their guide was Mr Assadour Antreassian, a Christian Armenian, who is a graduate of the University of Jerusalem and holds a masters degree from Princeton University He was a "walking encyclopedia" of information on the history of the country and the Biblical events that occurred there.

In Jerusalem the familiar sacred places were visited such as Pilate's Judgement Hall Pavement, Gethsemane, Calvary, and the Garden Tomb. At nearby Bethlehem they visited the traditional site of the birth of Christ At Bethany the tomb of Lazarus was of interest The Qumran caves at the northern end of the Dead Sea and the excavated houses of the ancient Essenes sect which had stored the copies of the Scriptures now known as the "Dead Sea Scrolls" in those caves, were sites of great interest

In Southern Israel they visited Masada, the mountain fortress where 960 revolting Jews held out against the Romans for seven years then killed themselves rather than be captured and enslaved A stop at En Gedi gave the tourists an opportunity to see and taste the bitter salt water of the Dead Sea, lowest spot on the earth.

In the vicinity of Beer Sheba, "City of the Patriarchs", there were many Bedouin tents and herds of sheep and goats. They report seeing one Bedouin tent with a TV antenna Power for the TV was produced by a tractor parked nearby

Two days were spent in upper Israel, including Samaria, Galilee, and the Mediterranean coast A visit to Ahab's palace in the city of Samaria, or Sebastia as it was re-named by the Romans, gave the visitors a feel of the antiquity of the land. At Caesarea by the Sea they viewed the remains of a Roman amphitheater, a Crusader fortress, and ancient aquaducts which brought water from the Springs of Carmel.

The modern city of Haifa gave the tourists a breath-taking view of the sea and the Mount Carmel mountain range. At Nazareth they saw the place where Mary received the announcement that she was to be the mother of Jesus. The lovely sanctuary of the Church of the Nazarene in the heart of Nazareth was of special interest to this group of Nazarenes

On Sunday the group conducted worship services in a boat on the Sea of Galilee, then visited Capernaum, called "Jesus' own city" because the Lord spent so much time there. A stop at the Jordan River gave opportunity for the travelers to fill bottles with this very famous water.

Though Israel has been the scene of much fighting in the past, the tour group reported the area was very quiet while they were there The only evidence of war was seen in the Jordan Valley, near the border between Israel and Jordan, where bullet riddled houses, once the homes of Palestinian refugees, are now vacant A barbed wire fence marked the "no man's land" between the two countries

From the rocky wilderness of the south to the fertile valleys of the north, Israel was seen as a beautiful land, with friendly people and a history of sacred events that kept the hearts of the visitors beating fast with awe and inspiration All seventeen of the group indicated a desire to go again in the near future

At a late date announcement will be made when Pastor Sparks will show the slides made in Israel and give a full account of their tour.

SMC Graduates considered

Graduates of the two-year agriculture program at Southwestern Michigan College will be interviewed March 2 on the SMC campus by the United States Department of Agriculture, as part of a USDA search to locate as many as 300 persons to work as agriculture commodity aids in sampling and grading grain.

The interviews will be conducted by a representative of the Personnel Division of the Federal Inspection Service of the USDA beginning at 9 a.m. in Room 308 in the O'Leary Building on the SMC campus

The morning will involve a group meeting of all candidates with the USDA representative, to discuss the positions available and to answer questions. In the afternoon, individual interviews will be held with each graduate The individual's record while at SMC, work experience, and the interviews will be the major criteria for the selection process A Civil Service examination will not be required.

Persons selected for the USDA positions, according to Dr. Clark Nicklow, agriculture instructor at Southwestern Michigan College, would be classified at the GS 4 level, or higher. Nicklow indicated that the opportunity to advance past that level once on the job should be an important consideration for applicants

The Federal Grade Inspection Service has taken over the grain sampling and grading inspection which was formerly a private industry function

The place of employment could be as close as Toledo, Ohio, Saginaw, Michigan, or Chicago, Illinois, Dr Nicklow said.

For further information regarding the USDA interviews, contact Dr Clark Nicklow at Southwestern Michigan College (782-5113)

Festival of Aging and Art of Living

"Live and learn" could be the motto of some special Michigan residents who will be honored in October during The University of Michigan's week-long "Festival of Aging and the Art of Living."

The Institute of Gerontology, a joint unit of the U-M and Wayne State University, is looking for the oldest persons to have received either a high school, college or university diploma in Michigan within the past 10 years

If you are, or know of, a recent graduate who will be at least age 77 in 1977, contact Lila Green at the U-M Institute of Gerontology, 520 E Liberty St, Ann Arbor, Michigan 48109

The Institute can also supply information on the festival itself, which will combine a Scientific Symposium on Sensory Biology October 10-11, a Conference on Aging and the Art of Living October 12-14, and a week of music, art and theatrical events featuring older performers and artists

Lynn Rapant, director of Callman Canoe Center, will begin teaching a new canoe and kayak class on Wednesday, March 9. The class will meet each Wednesday evening for five weeks at the Niles-Buchanan YMCA. Cost of the course is $9.95.

Co-ops warn of rootworm problems

Reported high numbers of overwintering corn borer larvae can spell trouble for corn growers here this spring.

According to Buchanan Co-ops, the cyclic trend downward in rootworm infestations shows signs of reversing "And with decreased use of insecticides by growers in recent years, corn growers here should keep a sharp eye for potentially serious infestations this season," he reports

How serious? The problem is especially severe in continuous corn, he points out Larvae of the rootworm attack the lateral roots of the corn plant which can result in lodging or leveling of the plant. This often results in high levels of unharvestable corn. They also cause root pruning -- an injury to the root system -- that prevents adequate uptake of moisture and soil nutrients. This, too, can measurably reduce normal maturation of the corn plant and, often, lower yields.

Then, later in the season, when the rootworm is in beetle stage in sufficient numbers, the beetles attack the crop at silking stage and prevent pollination

One of the best ways to control rootworm is crop rotation, the Co-ops suggest When the eggs hatch and find no host corn plant, the larvae dies. Chemical treatment also is recommended if overwintering populations appear heavy going into another crop of corn Dyfonate insecticide, for example, is often recommended applied from the planter in a seven inch band over the row Later, growers are also urged to check corn plants just before the last cultivation. If there is an average of 10 rootworms per plant, growers should apply their insecticide at the plant base and cover over.

There are a number of factors affecting rootworm infestations that are really unpredictable the natural fluctuations of the insects themselves which are influenced by the number of predators in the field, the incidence of diseases, and weather conditions, principally. Therefore, efficient field inspection is vital to contain the pest before damage is done. Then it is up to the grower to apply the chemicals correctly and efficiently.

Aggravating the problem currently is the switch away from the long residual type pesticides such as aldrin In the past, these provided growers with some form of season-long protection. With the phasing out of these chemicals and the use of shorter residuals, control has had to depend on good field inspection and prompt application when the need arises

But it has been a change for the better Now it doesn't make sense to apply an insecticide when it may not be needed and when by proper monitoring of his fields a grower should know precisely when he may need treatment.

This year it looks like he may.

Never put an airtight bandage over iodine. It keeps the iodine from evaporting off the skin and might cause a burn.

This Week At Fernwood

Fernwood Begins Program Year With Painting Class

Fernwood's extended program of classes and lectures offer some new and exciting experiences for the community

The ever popular Friday night lectures and special events, free to Fernwood members, return to the schedule this season Topics include Weaving, Bonsai Around the World, Silkscreen Pottery, Extraordinary Gardens of the East and Midwest, and Lake Michigan as a Managed Fish Pond. Also, Fall Harvest Show, Arts and Crafts in Action, Woodcuts and Their History, and Life Beyond the Tree Line The Outdoor Family Symposium, an exciting weekend event, will be June 10, 11 and 12 In addition to these events, two others are scheduled for March Friday evening, March 11, at 8:00 p m in the Meeting House, Fernwood's new naturalist, Mike Champagne, presents "Michigan's Feathered Friends" On Friday, March 25, also at 8:00 p m., a lecture-demonstration on "The Fine Art of Wood Engraving" will be given by David Sander. Mr. Sander owns the last commercial wood engraving company in the world. Among the company's trademarks are the Hartford Insurance Company stag, the Prudential rock, and the Hush Puppy puppy

New classess offered this year are leathercraft, hand-made paper, pre-school art, calligraphy and creative needlepoint. Others are miniatures, candle workshop and several to complement the holiday season

Many popular classes continue, some with new instructors and others with a new approach. Day camps will continue for children from kindergarten up through age twelve

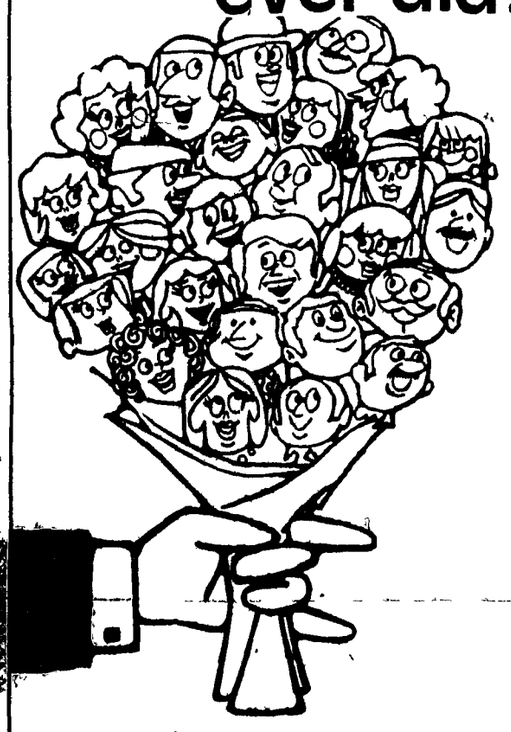
In the horticultural and natural science area, new offerings are Gardening Workshop Series, Rock Garden Day, World of the Dune, Children's Gardening, Astronomy Series and others. Each Saturday has an event to delight as well as educate each member of the family

The first class of the 1977 program year is a painting class with Ken Saathoff. It is an evening class and will be open to beginners as well as those with more experience. Mixing color, paint application, and various short-cuts to more enjoyable painting form an important part of this class. A choice of media will be offered -- oil, acrylic or watercolor A beginner's material list will be handed out the first class session. Mr. Saathoff is a Niles artist and holds a Fine Arts degree from the University of Notre Dame In progress now is a showing of his watercolors on canvas.

Another evening class is scheduled for March and it is a new one for Fernwood. Leathercraft with Randall Clark of New Carlisle, Indiana is scheduled for ten sessions on Monday and Wednesday from 7:00 to 9:30 p m. The class begins Monday, March 7

Opening Sunday, March 13, with a reception from 2:00 to 5:00 p m., will be "Mixed Media Collage" by William Simpson of Southwestern Michigan College Mr Simpson is one of many artists who's creativity will be shown this season at Fernwood.

"The best thing the credit union ever did!"



THAT'S WHAT OUR MEMBERS ARE TELLING US ABOUT SAVINGS DRAFTS.

Savings Drafts . . you use them just like checks for paying bills or making purchases. But there is no charge for writing drafts. You don't have to maintain a minimum balance. And your savings draft account earns interest on the money you don't spend. Ask us about savings drafts. We're sure you will agree, they're the best ... ion ever did.

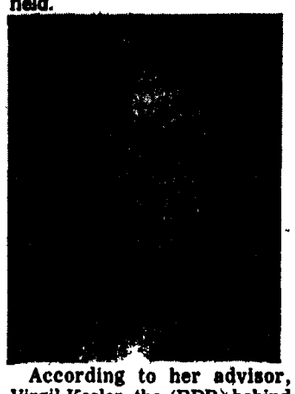
Lockwood passes exam

Denise Lockwood, of Galien, has accomplished the unusual feat of passing the Registered Professional Reporter (RPR) exam after just 14 months of training in the Court and Conference Reporting program at Ferris State College.

"We're happily impressed," said one of her instructors, Mrs. Irene Usas. "No Ferris student has passed the exam this early before."

Denise was the lone student taking the test, as all others were graduates of the program or were already employed in the court and conference reporting field.



According to her advisor, Virgil Kesler, the (RPR) behind a reporter's name is "a standard of competency that is recognized in the field of court reporting much like the C P.A. is recognized in the field of accounting "

The job of a court or conference reporter is to make a word-for-word record of what is said by using a machine shorthand keyboard similar to that of a typewriter, but with only 23 keys The Reporter then transcribes the shorthand notes into a typewritten manuscript for use by members of the court or group

To pass the test Denise had to reach a top level speed of 225 words per minute with the shorthand machine, with a 95 per cent accuracy She also had to pass a written competency exam

Ferris instructors said that an average student with Denise's level of training has a speed of 160 words per minute.

"She's a natural," said instructor Paul Jastrzembski "She's talented and she works hard to improve,"

The test, administered by members of the National Shorthand Reporters Association on November 6, 1976, consists of four parts: three machine-use skill tests and a written exam. Machine skills are tested in five-minute timings including question and answer dictation at 225 words per minute, literary knowledge at 180 words per minute, and jury charge, or the judge's instructions to the jury, at 200 words per minute.

In other words, the test encompasses all the things that a court or conference reporter might be called upon to do in any given day's work

"I didn't have very much confidence in myself," said Denise, "but my instructors and friends all encouraged me to take the test. So I did "

"I've had ten years of piano lessons I think that helped," she added

The fact that she is a registered reporter hasn't changed things much for Denise She's still working hard to keep her straight A grade point average and is looking forward to graduation.

The Ferris program is two years in length running through both summers so reporters won't lose their level of speed Courses in the program include business law, transcription, medical terminology, English, typing, and machine shorthand in addition to basic general education classes.

Denise will begin her Co-op training in March in the U.S. District Court, Federal Building, Grand Rapids.

"Graduation is August 24, and after that I hope to get a job as a court reporter," she said. And according to her instructors, that won't be difficult at all.

"A person with her talent should have no trouble finding a job," said Kesler "She's very enthusiastic."

Denise a 1975 graduate of Galien High School, is the daughter of Mr. and Mrs. Dean Lockwood of Galien.

Gaels beaten twice

By Brian Dickey

Last week Galien dropped its Varsity basketball record to 4-15, as they were beaten twice during the week

On Wednesday the Gaels played at Hartford. The Indians won 72-58 Hartford grabbed a 12-9 first quarter lead, followed by a 23 point second period surge to put them ahead of Galien 32-22 at halftime. Galien outscored the Indians 20-15 in the third, however Hartford went on to outscore Galien 22-12 in the final stanza to win the victory Ken Lowe lead Hartford with 18, while Brad Marshall led Galien with 17.

Hartford won the J V. game also by the margin of 56-41 Rick Cherhugle paced the Indians with 15 points while John Dalrymple scored 11 for Galien Hartford led at halftime 20-11 after outscoring Galien 10-4 in the first, and 10-7 in the second quarter Hartford increased their lead to 42-21 in the third, however Galien managed to outscore the Indians 20-14 in the final period

On Friday Terry Hosbien led Berrien Springs with 26 points as the Shamrocks downed Galien 77-55 The Shamrocks held a 10 point lead at halftime of 31-21 which they acquired by outscoring Galien 22-10 in the second period after trailing the Gaels 11-9 in the first. Berrien Springs netted 46 points while containing Galien to 34 in the second half as they easily defeated Galien Matt Koziel led the Gaels with 16 points

The J V game also went to Berrien Springs as Caroom led the Shamrocks with 20 points The Shamrocks led 20-13 after the first period The second period saw Berrien Springs outscore Galien 21-10 to lead 41-23. at halftime When play resumed the Shamrocks outscored the Gaels 22-12 as their lead inflated to 63-35. Galien salvaged a 21-16 fourth quarter edge on the Shamrocks, however the surge was in vain as Berrien won 79-56 Mark Patton led Galien with 12 points.

The girls varsity volleyball team lowered their record to 0-10 as they were beaten in a match 2-15 and 8-15 by Bridgman and also in a match 8-15 and 12-15 by New Buffalo and again in a match 7-15 and 9-15 by Hartford The junior varsity team raised their record to 1-9 by beating Hartford in a match 15-13, lost 10-15, and won 15-10 They also lost to Bridgman 15-1, 15-3 New Buffalo also beat Galien 15-7 and 15-5.

Max Irwin student in Georgia

A former Galien resident is enrolled as a first quarter student at Life Chiropractic College in Marietta, Georgia.

Robert L. Irwin, son of Mr and Mrs. Max R. Irwin, Sr of Pulaski Hwy., Galien, is seeking the Doctor of Chiropractic (D.C.) degree from Life Chiropractic College

His four year academic program follows completion of two years of pre-professional study at Southwestern Michigan College where he earned the A S degree.

He is married to Joy K. Irwin

Life Chiropractic College is approved by the Georgia State Board of Education to confer the Doctor of Chiropractic Degree.

Dr Sid E. Williams of Austell, who founded the college in 1974, now serves as president

The March 20 meeting will feature Keith Alcorn, volunteer curatorial assistant at Cranbrook Museum, who will show slides and tell about collecting gems and minerals in Arizona and New Mexico.

Officers of the organizations are Richard Miller, president, Mrs. John Snell, vice president, Mrs. Kenneth Baker, secretary, and Edward Plumley, treasurer. Norman Holben is past president and a board member.

Farmers reminded to pay income taxes

If Michigan farmers haven't already done so, they had better start planning to pay their federal and state income tax

"Some farmers were assessed penalties last year because they missed the state filing deadlines This is especially important for the Single Business Tax (SBT)," says Dr. Myron Kelsey, Michigan State University Extension agricultural economist

To qualify as a farmer, the individual must derive at least two-thirds of the gross income from the business of farming. The law describes gross income as being derived from raising or harvesting any agricultural commodity, including the operation of a livestock, dairy, poultry, fruit or truck farm, and also includes total gains from sales of draft, breeding, dairy or sporting livestock

Those requirements having been met, there are three options to filing federal income taxes

--Estimate the amount of tax due as of January 17, 1977 and pay this amount paying the balance owed by April 15, 1977, or,

--File the complete return on or before March 1, 1977, or,

--Estimate a quarterly income tax and file the complete return by April 15, 1977

"Farmers must remember that when they file federal income taxes, the state income tax and SBT are due at the same time Since most farmers will file a final federal income tax return by March 1, 1977, they must pay the state income tax and SBT no later than March 1, 1977," Kelsey says

Failure to pay on time means a penalty of $5 and 5 per cent of the tax due within a month If not paid within one month, there will be an additional 5 per cent per month or fraction thereof to a maximum of 25 per cent of the total tax due plus the interest of three-fourths of 1 per cent per month each month the tax is delinquent

YOUR NEW CAR NEEDS RUSTPROOFING.
BUT BEFORE YOU GET IT, BE SURE YOU GET REAL RUSTPROOFING. NOT A COVER-UP COATING.
There isn't one 1977 model that doesn't need additional rustproofing protection when it leaves the showroom floor. The only question is *who* can deliver the real rustproofing protection needed to retain its appearance and value. One *sure* answer is your Ziebart Dealer. He's got the expertise, the patented spray tools and the exclusive Ziebart process to assure you the protection your new car needs. With the cost of a 1977 car, can you afford anything less than real Ziebart protection?
IT'S US. OR RUST.

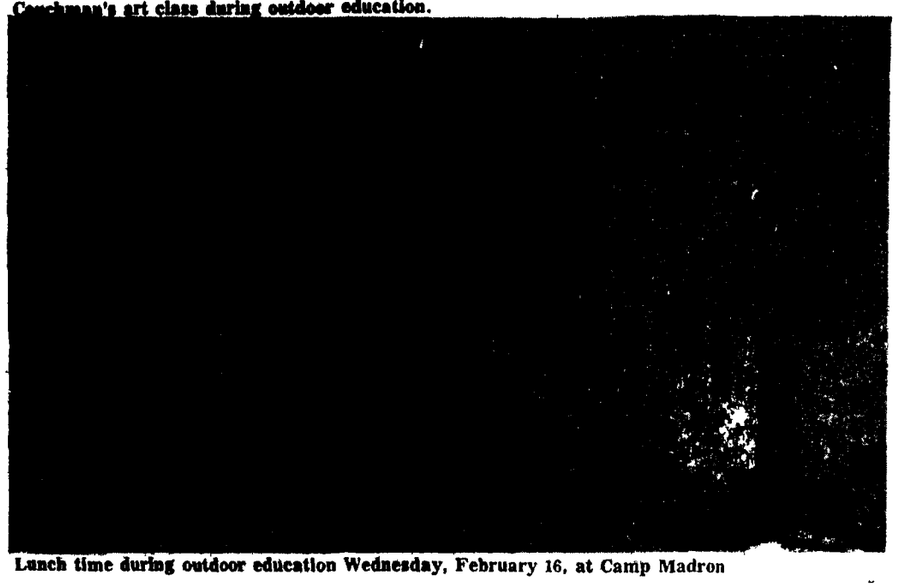
It takes teamwork to split this log as these boys learned the "art" of cutting wood in Betty Couchman's art class during outdoor education.



Lunch time during outdoor education Wednesday, February 16, at Camp Madron

Elementary students enjoy outdoor education

Camp Madron, northwest of Buchanan, was teeming with activity Wednesday, February 16, as fifth grade boys and girls from Indian Hills and H C. Stark Elementary Schools participated in a winter outdoor education program

The students were divided into four groups and each group spent about one hour with each of four teachers learning cross-country skiing, snowshoeing, nature study and art

Joe Koenigsknecht, fifth grade teacher-principal at Indian Hills, taught students cross-country skiing The group chose partners, taking turns using the skis with the other helping Cross-country skis are narrower and longer than skis used to travel down hills

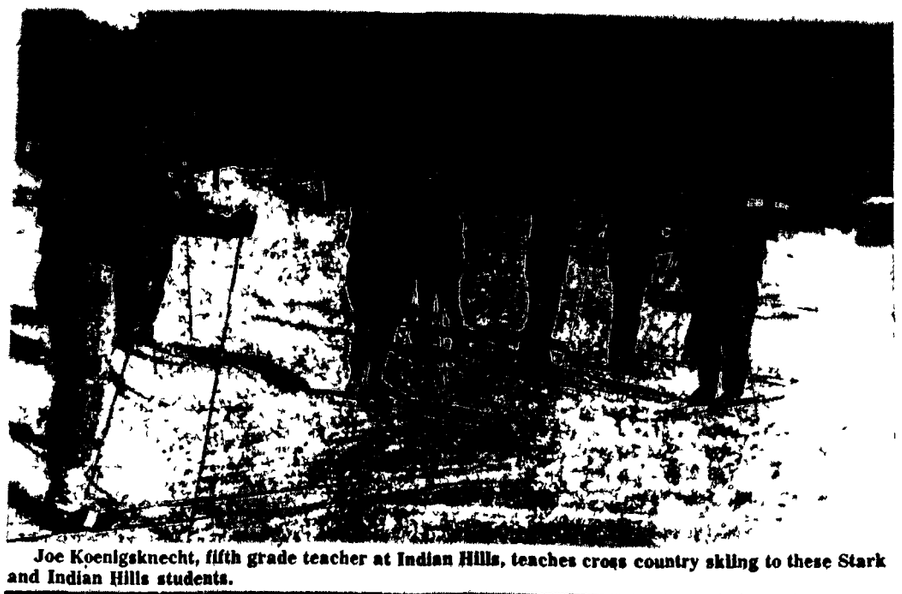
Don Brooks, fifth grade teacher at Stark taught snowshoeing to each group One of the important things to learn when snowshoeing is to keep on your

Chuck Barnes, county naturalist, led the boys and girls on a nature hike Pointing out the different animal tracks (were they from tree animals or ground animals, two legged or four legged) were some highlights of the hike

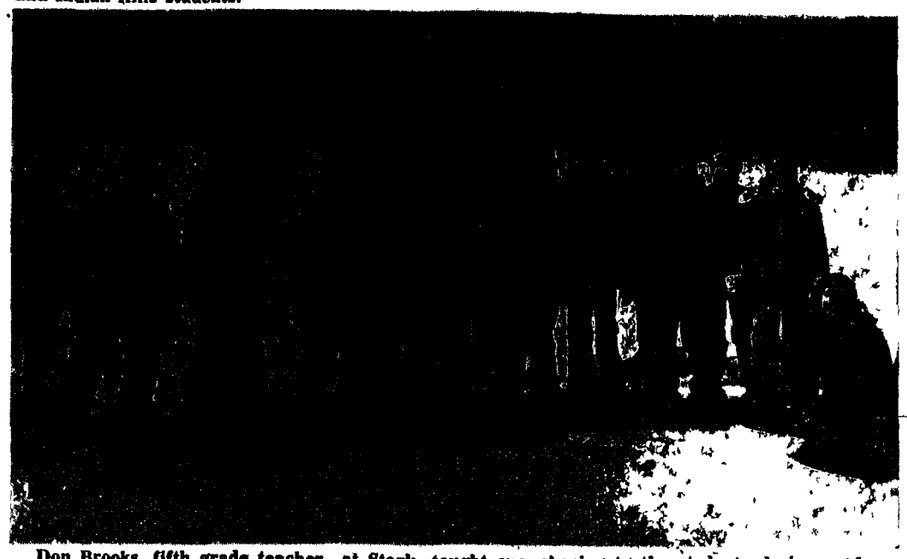
Betty Couchman, fifth grade teacher at Stark, taught art to the students The students painted on wood and on paper and also learned the art" of chopping wood

Lunch was cooked and eaten out-of-doors around the campfire, The group ate hot soup, hot chocolate and sandwiches along with anything else brought from home

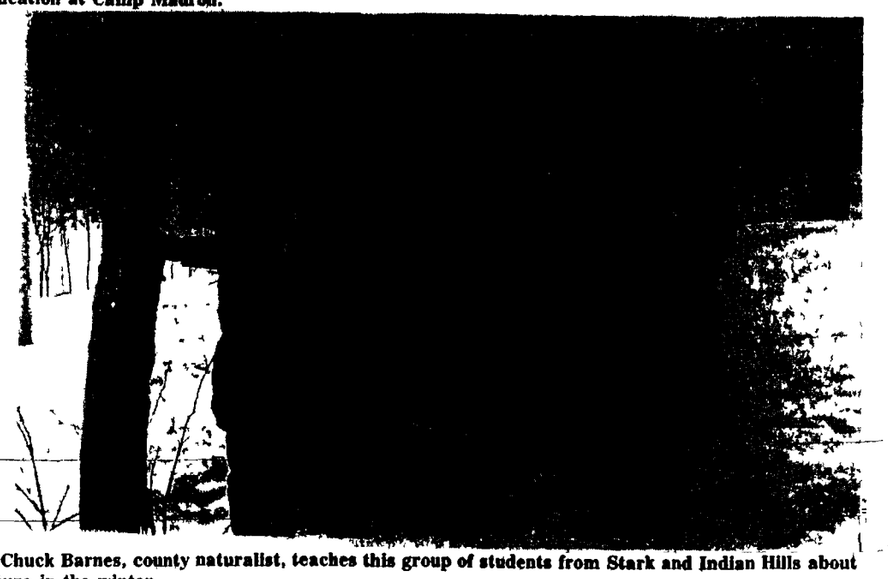
The students were at Camp Madron from 9 30 a m until 2 30 p m Fifth grade students at Buchanan Community Schools participate in fall, winter and spring outdoor education classes each vear



Joe Koenigsknecht, fifth grade teacher at Indian Hills, teaches cross country skiing to these Stark and Indian Hills students.



Don Brooks, fifth grade teacher at Stark, taught snowshoeing to the students during outdoor education at Camp Madron.



Chuck Barnes, county naturalist, teaches this group of students from Stark and Indian Hills about nature in the winter.

Portage Prairie

COLONIAL MANOR, under new management 1 & 2 Bedroom Apartments, Appliances and laundry facilities Ample parking. Call 695-9025

Notice to the Buchanan Tax Payer. Dr. Jones wage is $6900 a year and in addition to that we are paying Ivan Price an outrageous $4800 a year. This is about as injust as the new proposed zoning Ordinance Solely designed in our opinion to make you sell your land and move to Russia.
A Paid ad by Citizen League.

UNDER THE NEW PROPOSED ORDINANCE RESIDENTS BORDERING AROUND BUCHANAN HAVE TO HAVE A MINIMUM OF 15,000 SQUARE FEET AND JOINING TO THE AREA IS R-2 AND MUST HAVE A MINIMUM OF 1 ACRE TO BUILD ON

THE POOR FARMER WHO SLAVES TO FEED THIS COUNTRY HAS TO HAVE A MINIMUM OF 5 ACRES TO BUILD A HOUSE ON

IN MY OPINION THE 15,000 FOOT AROUND BUCHANAN AND THE 1 ACRE PLOT WILL BRING THE SEWER TO BUCHANAN TOWNSHIP QUICKER

IN MY OPINION IT IS AN UNJUST ORDINANCE
A CITIZEN PAID NOTICE

NOTICE

BUCHANAN TOWNSHIP'S BOARD OF REVIEW MEETINGS

City Clerk

Publish February 24, 1977.

City of Buchanan
Buchanan, Michigan

PUBLIC NOTICE

BOARD OF TAX REVIEW
CITY OF BUCHANAN

The Buchanan City Board of Tax Review will meet in the Council Chambers, City Hall, 107 West Front Street, for the purpose of reviewing the 1977 assessment roll with interested citizens.

MONDAY, MARCH 7, 1977, the Board of Review will meet in PRIVATE SESSION from 9:00 A.M. to 12 Noon, and 1:00 P.M. to 4:00 P.M.

TUESDAY, MARCH 8, 1977 and WEDNESDAY, MARCH 9, 1977, the Board of Review will be OPEN TO THE PUBLIC from 9:00 A.M. to 12:00 Noon, and 1.00 P.M. to 4:00 P.M.

MONDAY, MARCH 14, 1977, the Board of Review will also be OPEN TO THE PUBLIC from 9:00 A.M. to 12:00 Noon, 1:00 P.M. to 4:00 p.m., and 7:00 P.M. to 9.00 P.M.

In accordance with Public Act 165, November 24, 1971, the tentative ratio and estimated multipliers pertaining to our City are:

Real Property		
Tentative Ratio	33.95	
Estimated Multiplier		1.472916
Personal Property		
Tentative Ratio	50.00	
Estimated Multiplier		1.000000

Please bear in mind that the above ratios and multipliers are tentative, and are subject to adjustments by the assessing officer and Board of Review of our unit. Adjustments could create a ratio closer to 50 per cent which would reduce the estimated multiplier.

Herbert D. Russell
City Clerk

Publish February 24, 1977.

NOTICE TO CITIZENS
OF BUCHANAN, MICHIGAN

The City of Buchanan, Michigan has filed a Pre-Application for a Community Development Block Grant in the amount of $400,000 for the Program Year of 1977-1978, to the Federal Department of Housing and Urban Development. The requested grant is for the purpose of carrying out a program of community development activities within the locality as approved by the governing body of the locality as the result of several previous public hearings and work sessions.

The Pre-Application has been accepted by the Federal Department of Housing and Urban Development for review. Any citizen of the City of Buchanan, Michigan who desires to comment on the Pre-Application may do so before March 15, 1977 by writing to:

Elmer C. Binford, Director
Detroit Area Office
Dept. of Housing & Urban Development
15th Fl., Patrick V. McNamara Fed. Bldg.
477 Michigan Avenue
Detroit, Michigan 48226

A copy of the Pre-Application is on file in the office of the Clerk at the City Hall and may be inspected there.

Herbert D. Russell,
Clerk
Buchanan, Michigan
