City sues to stop Niles building

The City of Buchanan filed suit in Berrien County Fifth District Court last Thursday seeking to prevent the construction of the proposed South County Building in Niles

Circuit Judge William White set October 17 as the date for the defendants in the suit, the Berrien County Board of Commissioners and the judges of the Fifth District Court, to show cause why an injunction should not be issued against the construction of the building, which would include offices representing county departments such as the county clerk, register of deeds, social services and two courtrooms

Mayor Richard Gault said in a news release that the city is basing its action on two points the County Board of Commissioners had a constitutional obligation to provide Buchanan with the services of a District Court on a regular basis, and the County Finance Committee, chaired by Lad Stacey, has been negligent in its failure to conduct a complete site selection study before it made its recommendation to locate the proposed building in Niles

Gault also contends that the center of population in the southern two tiers of townships is located "at least a mile west of Buchanan" and a county facility built here would be more accessible to the majority of south county residents

Four years ago, the city had an option on a site on Red Bud Trail, just south of where T R. McCoy's Restaurant is now located, according to Gault City officals offered the site to the County Board of Commissioners as a location for the South County Building

According to city officials, the county reacted favorably to the offer and promised to allow Buchanan to make the offer again if money for the construction of a building ever became available

But when the money became available through an Economic Development Administration grant last spring, the County Board selected the site of the old Kawneer plant at Front and Marmont in Niles. Buchanan officials claim they were never allowed to make another offer and that they learned of the decision through the newspapers.

Gault said the decision was motivated by the Commissioners' "desire to grab large hunks of tax money right now, rather than on the basis of a serious site location study"

"They issued no report It appears they worked on hunches and guesses," Gault said Monday

Gault said the city's argument is not with Niles but with the county "They have plenty of time to make a serious study now (that funding for the building has been held up by a U S District Court order) and they should have made one before"

Gault also said he sent a letter to Stacey saying he wasn't "taking any shots at anyone personally" after Stacey called Gault's press release a "personal attack" in a radio interview Monday Stacey also said that the Administration Committee, not the Finance Committee, is responsible for site selection

Michael Marrs, of the city's law firm, Desenberg, Desenberg and Marrs, said the scheduled hearing would probably not be held October 17 He said Judge White would probably disqualify himself from the suit, since the Board of Commissioners and district judges are defendants, and an outside judge will be brought in

Phase I start blocked

The city commission and Phase I of the Central Business District project reached an impasse together Tuesday night when a Front Street property owner and a Front Street businessman announced they would not grant easements for sidewalk work in front of their buildings

Dewey Mollberg, co-owner of the Mollberg Building and Keith Welsh, who operates the Stationery Center in a building owned by Mark Treat, both told the commission they would not sign papers that would give the city a five foot easement needed to replace the sidewalks in front of their buildings The sidewalk replacement was scheduled to be the first work to be performed in the project

Mollberg said, "I will not sign an easement around my building and I will urge other property owners to do the same The city didn't work with us and we won't work with them"

Welsh, who said he intends to buy the building he now rents from Treat, feared that the sidewalk replacement would affect drains and change the grade in front of his store, causing water to back up and come in his front door

The commission sought to pass a resolution authorizing the city's attorneys to start condemnation proceedings to take the needed frontage, but that move was thwarted by the absence of Mayor Richard Gault and Commissioner Ben Jenson and the opposition of Commissioner R.W Bellaire

With only three members present, the commission needed unanimous vote to pass the resolution, but Bellaire, who has opposed Phase I since the original bids came in over the commission's budget in September, said he couldn't vote for condemnation in good conscience

City Manager Robert Faulhaber said condemnation was necessary because the contractor, John G, Yerington Company, has already ordered material and incurred expenses for the job

"We're cancelling the contract if we don't let them start work," he said

Faulhaber explained that the contractors couldn't bypass the sidewalks and go on to other sections of the project, because the other sections involved improvements to the parking lot which could not be finished before winter

He said that replacing the entire sidewalk except for the disputed frontage would change the pitch of the walk and "cause the very problems Mr Welsh fears"

"It's ironic that the people who are going to benefit right now are the ones who are obstructing the project," Faulhaber said

The commission finally agreed that architect Raymond Enfield should try to seek a delay in the start of construction and at the same time try to convince the recalcitrant businessmen to go along with the plan

In other business, the commission accepted a bid of $104,691 from Resco-Elk of Elkhart, Indiana to replace three bridges in the south central section of the city The funds will come from this year's HUD grant

The commission also approved the transfer of the Booster's Tavern license from Kenneth Gill to Robert L and Ann M Harp

The commission payed tribute to reporter Mary Kolhoff, who is retiring after fifty years of reporting on the local scene The commission called Mrs Kolhoff "the most faithful servant of public communications in the history of Buchanan"

"We may not get anything now"

Grau criticizes Buchanan's lawsuit

"Buchanan has stirred up a bees' nest here We may not get anything now," County Commissioner Otto Grau said after the City of Buchanan filed suit in Berrien Circuit Court last Thursday to prevent the proposed South County Building from being built in Niles

Grau, of Stevensville, is chairman of the Berrien County Board of Commissioners Administration Committee, which selected the Niles site over one offered by Buchanan

"This is the only chance we have to get a South County Building," Grau added, referring to a $1 16 million public works grant from the Economic Development Administration The grant was held up when U S. District Judge Noel Fox ordered the EDA to redistribute the $2 77 million available to governmental units within the county

Fox ordered the EDA to give more consideration to the needs of Benton Harbor Area Schools and Benton Township, denying the South County Building portion of the grant because another county facility, Lake Michigan College, received $5 million in "Round I" of the grant program

The County Board has appealed Fox's order to the U S Court of Appeals in Cincinnati and Grau fears that any opposition to the building from within the county will adversely affect the Board's case

Commissioner Lad Stacey, head of the Board's Finance Committee, agreed with Grau in a statement broadcast on local radio stations Monday "It seems to me Buchanan would rather go 30 miles to the courthouse than have one in its own neighborhood," Stacey said.

Grau also replied to charges by Mayor Richard Gault and other Buchanan officials that the Board failed to consider the Buchanan site after the city received what it felt was a favorable reaction from the Board after it first made its proposal four years ago

Gault feels the Board reneged on a promise to reconsider the Buchanan site when money for a building became available

Grau said, "There were never any promises made by me or anyone else on the committee No one had the authority to make a promise" Besides, Grau said, the Buchanan site was given consideration

"I am a north county commissioner and I don't care whether the building is in Buchanan or Niles, as long as it serves the south county You don't make decisions just to make decisions You contact every department that serves the area I have met with people and I've made studies The building will be built in Niles because that's where 90 per cent of our social services are used (in the south county) We try to put the services where the people are"

Grau said he surveyed people in New Buffalo and Three Oaks and found that they wouldn't use a county building in either Niles or Buchanan, since it is easier for them to take I-94 to St Joseph

"The building isn't going to serve New Buffalo if it's located in Niles or Buchanan, it's going to serve the southeastern part of the county," he said

In response to Buchanan arguments that, as a city of more than 3,200 it is entitled to the regular services of a District Court, Grau said, "I'll let the judges answer that We did rent space to hold court there a few years ago, but we had so few cases it was asinine to continue"

Grau admitted that the Board had to move quickly when the grant money became available last spring, but insisted that the decision to locate the building in Niles was not taken without proper study.

"I've worked on it for eight years," he said

Some in S.W. county want building in Buchanan

Four of eight southwest county government officials contacted by the Record Monday said that residents of their areas would continue to use the St. Joseph courthouse if the proposed South County Building is located in Niles However, southwest county residents would make use of the proposed facility if it is located in Buchanan, they said Only one of the eight said her constituents would continue to go to St Joseph if the new building is located in Buchanan.

Rolland Oselka of New Buffalo, county commissioner from District 10 calls his district the "forgotten corner" of the triangle that is Berrien County He said he hopes that someday a third county facility will be built to service the growing population along the lake In the meantime he favors Buchanan as the location of the new building

"The feeling I've gotten is that Buchanan is a better location than Niles If it's built in Niles, it will still be easier for people here to get on I-94 and go to St Joseph Buchanan is more convenient"

Herbert Klinedinst, Three Oaks village president, said "It would be much closer to us in Buchanan, and I think it's needed, especially in the winter. I think Three Oaks people would use one in Buchanan more than St Joe."

New Buffalo Township Supervisor Edward Ohime said his office would use a Buchanan facility instead of St Joseph courthouse, although he doesn't think the St Joseph building is overcrowded

"Primarily, our direct contact in St. Joseph is with the county offices. If there were representatives from each office located in a Buchanan building, our office would use it It would cut mileage"

Allan Boyd, Weesaw Township Supervisor, said flatly, "If its located in Niles, people in our area would still use St Joe If it's in Buchanan, many of our folks would use it instead of St Joe"

Robert Todd, Three Oaks Township Supervisor, Lena Abrahamson, Chikaming Township clerk, and Theron Childs, attorney for Chikaming Township, all said they haven't given the matter enough consideration to form an opinion

Carol Bond, mayor of New Buffalo, also said she hadn't given the matter much thought, but, "Off the top of my head, I'd say people here would still go to St Joseph Buchanan seems out of the way"

Township keeps paper ballots

The Buchanan Township Board met at the township hall Tuesday, October 11 One of the first items of business was a letter received from the Berrien County Computer Services reguarding computer tax accessing service to the township The current agreement expires December 31 A "revised agreement form" will be mailed soon

The board voted to stay with paper ballots for elections rather than switch to the computer punch type machines. Cost was one of the main objections Total cost of the changeover would have been $5650

Fire Chief Richard Flenar asked about requiring township residents to have names or numbers visible on mailboxes or homes to help fire department and ambulance drivers to find houses quicker when emergencies occur.

Dr Jones stated "the only thing we can do is rely on the press to get the word out so township firemen and ambulances can find the houses Drivers may not know the area If residents want good services they should get out the paint and paintbrushes and start painting names and numbers"

Chief Flenar also announced a "donative auction" to be held at the Township Hall on December 3, for Lawrence and Ruth Ann Phiscator Anyone wanting to donate items for the auction can call the township hall Monday, Tuesday, Thursday and Friday, from 1-5 p m Firemen will pick up donated items

A check for $205 was returned to the Township Fire Department The check amounted to 50 per cent of fees collected for filling swimming pools during the summer

George Beach presented proposals for an insurance package Supervisor, Dr. Kenneth Jones, asked Beach to submit a bid for a policy of $120,000, all risk and including personal injury insurance and the board would seek a bid for the same from present insurance company.

The board adopted a proclamation designating October 16-22 as Business and Professional Women's Week.

A motion was made and carried to purchase some new furniture for the township hall and offices in the estimated amount of $1294 Items to be purchased were a desk, $298, conference table, 72x36, $180; a table, 30x60, $120, two desk chairs, $185 each; three filing cabinets, $228, two six foot sections of coat rack with shelf above, $8

DDA plans for Phase II

The Downtown Development Authority began planning for Phase II of the Central Business District improvements at its meeting October 5

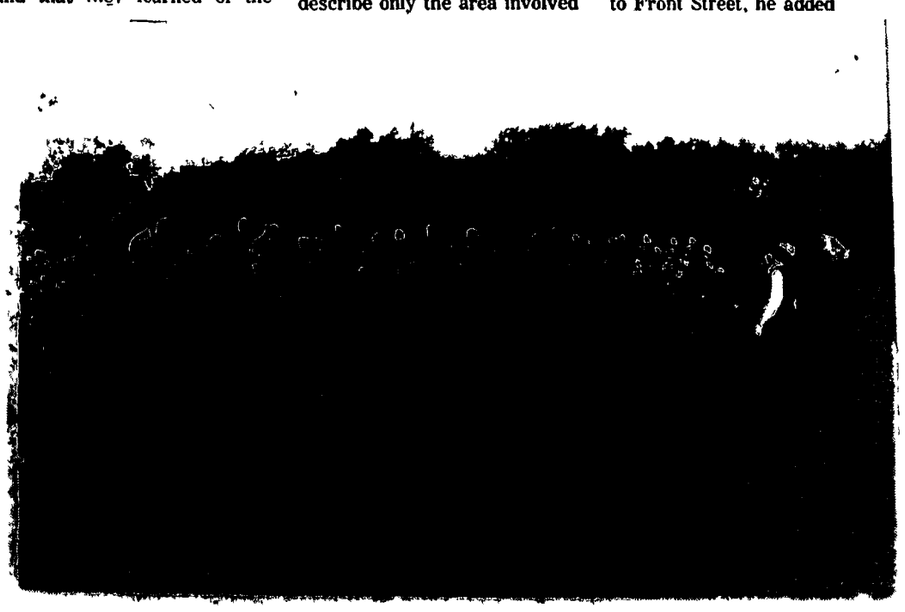
A tentative date of November 14 was set for a public hearing for Phase II, which has now been combined with Phase III of the plan, according to Joseph Garbert II, chairman of the DDA board

"Phase II and Phase III have been combined and will of necessity be very vague in the proposal to the city commission They depend so much on private financing, and Federal funds," Garbert said

The DDA's proposal will describe only the area involved and the property in that area. The original Phase II area was bounded by Red Bud Trail on the east, Front Street on the north, Days Avenue on the west and Central Court on the east Phase III was to have included property on the west side of Days Avenue now owned by Buchanan Co-ops

Garbert said the first priority of Phase II would probably be expansion of the Days Avenue parking lot so that it would have an outlet to Red Bud Trail

Another possibility for the future is the extension of Roe Street to Red Bud, he said. If Roe Street were widened, it would be a good alternative parallel route to Front Street, he added



The Buchanan High School band took part in the marching festival at St. Joseph last Saturday, October 8, receiving a Division II rating.

FRONT STREET ACCIDENT Robert George Zupke, 20, of 907 Detroit Street is aided after being hit by an auto on Front Street last Friday afternoon Zupke crossed to the south side of Front Street near Days Avenue and bent over near a parked car, out of the sight of Dorothy Sherwood, 52, of 103 Moccasin Avenue, who was driving the eastbound auto that hit Zupke Zupke was taken to Pawating Hospital, Niles, and later transferred to Memorial Hospital in South Bend, suffering from injuries to his inner ear canal and a broken jaw Police said no tickets were issued

Our Opinion
Berrien County Record

Controversy

Mayor Richard Gault and County Commissioner Otto Grau both claim to have the interests of South Berrien County at heart in the controversy over the location of the proposed South County Building, but they don't agree on what those interests are Who has the stronger case?

Mr Grau and his fellow commissioner, Lad Stacey, claim that by its lawsuit Buchanan is jeopardizing the county's Federal appeal to recover the EDA grant which would finance the building That claim is not without merit, but why should any government spend over $1 million on a building located at a site that may not be the best available?

In the absence of a professional demographic study, the location of "the best available site" is open to question Mr Grau says the building should be located in Niles instead of Buchanan because Niles has the largest single population group in the southern part of the county He adds that residents of the southwestern part of the county won't use a county building located in either city, preferring to go the County Courthouse in St. Joseph

A telephone survey of southwest county government officials conducted by The Record Monday, though admittedly a cursory one, would seem to indicate a less than unanimous acceptance of Mr Grau's position in that part of the county In fact, four of the five officials who ventured opinions said a facility in Buchanan would be used by their constituents, while a facility in Niles would not

The distance between St. Joseph and New Buffalo is approximately 31 miles, the last five miles of which consists of urban and suburban streets which are interrupted by six stoplights and are often heavily congested In contrast, to get from New Buffalo to the Red Bud Trail site Buchanan has offered requires a drive of about 24 miles and only about two miles of that distance is urban

To get to the Niles building site, southwest county residents have to travel even farther than to St Joseph, and all traffic must be funneled through downtown Niles

The Buchanan site, while providing a viable alternative to St Joseph for southwest county residents, is less than seven miles from downtown Niles

As Mayor Gault has said, the Board of Commissioners should now take the time to make a complete site selection study, one from which all of south Berrien County would benefit

BHS Guidance Notes

The Guidance Department at Buchanan High School announces that sophomores, juniors, and some seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test-National Merit Scholarship Qualifying Test (PSAT-NMSQT) this fall. The test, co-sponsored by the College Board and National Merit Scholarship Corporation, is an important step in making college plans

Scheduled for October 18, at Buchanan High School, the PSAT-NMSQT measures verbal and mathmatical aptitude -- two abilities important in doing college work. The test can also lead to other opportunities for high school students For example, students can ask to participate in the College Board's Student Search Service which provides their names to colleges interested in students like them

By taking the PSAT-NMSQT, they can enter the competition for scholarships administered by the National Merit Scholarship Corporation and can get a good idea of what the Scholastic Aptitude Test (SAT) is like

Along with their score reports, students will receive a copy of ABOUT YOUR PSAT-NMSQT SCORES, a booklet that contains valuable how-to information about

--estimating SAT scores

--finding out where to get and how to use more detailed information about colleges and financial aid

--planning for financing a college education

Also, by using the 1977 edition of the college board's **College Handbook**, students can compare their scores with those of enrolled students at more than 2,800 colleges and universities listed

Cost for this test is $2 75 payable by cash or check on the day of the test.

N.A.A.C.P. Banquet

Letter to the Editor:

The 35th Anniversary Banquet of N A.A C P (National Association for the Advancement of Colored People) was held at the Niles Holiday Inn on Saturday, October 1, at 6:30 p m

More than 190 persons attended All tickets were sold The theme was "Liberty, Equality and Justice for All"

Leon Parker Taylor was given an award for his 30 years of service Taylor is the Niles Branch President He has served at this job longer than any other president The award was a surprise and Taylor received it gratefully. The State President Carl Breeding presented the award

There were guests from Dowagiac, Buchanan, Howard Township, Brandywine Township, Benton Harbor, South Bend and Niles

Special guests were Elmer Binford, Mayor Cooper of Vandalia, Bill Gill, president of Muskegon N A A C P Branch and Libby Konar, state publicity for the N A A C P

Robert L Thompson has been labeled as the "50 million dollar man" after his speech Saturday which literally shocked everyone who attended The point he made was the N A A C P is not a black problem it is an American problem we must learn to live together And everyone should be concerned about the problems of America

We were embarrassed that our own Mayor Woodbridge was not able to attend nor was he able to send anyone in his behalf

There is an increase of membership from 23 members to 200 and they look forward to continued growth

The NAACP would like to thank Tyler Refrigeration, First National Bank, Clark Equipment Company, Church United and all the many friends who gave for the cause of Liberty, Equality and Justice for All

Cystic Fibrosis

Dear Friends,

I deeply appreciate your helping as a Cystic Fibrosis helper Without sincere people like you, there would not have been a campaign in Buchanan

Our goal was $1,000 00 and thru your efforts, we were able to send a check to C-F for $912 75.

The dollars you have helped to raise will continue to work throughout the year for the children with C-F and other lung-damaging diseases This money will add not only years of life, but higher quality to those years as we pursue our search for the cure or control

How wonderful you should all feel that you have helped the research of this child killing disease

Thank-You Once Again

Taxpayers

Letter to Editor,

Special bulletin to Buchanan Township Taxpayers

Our new Township Supervisor, Dr Jones, makes $6,900 a year and Ivan Price quit the township supervisor job then was rehired by Dr Jones for $4,800 a year

He seemed to show a lot of partiality to Fred Hankins who lives on East River Road

The State of Michigan is not making us rezone or the Berrien County Zoning Commission is not Dr Jones has the power to not accept the new proposed zoning ordinance and abide by our present zoning that is a just zoning ordinance

CETA Applications not accepted

Applications for Berrien County's Comprehensive Employment and Training Act (CETA) positions will no longer be accepted at the CETA office at 145 W Main in Benton Harbor

According to Mrs Zelma J Morris, CETA's Deputy Director, this is not a new policy, but an effort to utilize all previously established in-take centers

"This office (CETA) was not designed for in-take," Mrs Morris said "We are funding other agencies to respond to applications With people applying here, we are duplicating efforts with the MESC offices and Berrien OIC"

People interested in applying for CETA positions can fill out job applications at Berrien OIC, 522 Columbus, Benton Harbor, MESC Offices at 800 Port Street, St Joseph and Fairplain Plaza, Benton Harbor

Kent Long Sleeve
Dress Shirts

Arrow KENT. The dress shirt with nothing average about it

The trend in dress shirts is toward average sleeve lengths But Arrow's Kent won't be taking part in it.

Kent still comes in exact sleeve lengths as well as exact neck sizes Add seven button fronts and you have a shirt to fit you as precisely as the suit you're going to wear it with.

There's nothing average about Arrow Kent. Because from Arrow, America's Shirtmaker, you expect a lot more than average

Business and Professional Women celebrate 40th charter anniversary

The Royal Valley Ski Lodge, Main Street Road, last Sunday, was the scene of the Fall Meeting of the Fifth District Business and Professional Women's Clubs; the celebration of the 40th Charter anniversary of the Buchanan Business and Professional Women's Club and the signing of the proclamation for "National Business Women's Week."

It was a happy, busy day from rolls and coffee at 9 30 a m , meetings, the champagne brunch, and more meetings, to the entertainment by the Immanuel Lutheran Bell Ringers of Bridgman This group of ten accomplished young ladies was directed by Eunice Merz

Mrs Catherine Hill, president of the Buchanan club welcomed the nearly one hundred members and guests Included were BPW Club members from Allegan, Dowagiac, Edwardsburg, Kalamazoo, Niles, Paw Paw, Three Rivers, Twin Cities (St Joseph and Benton Harbor) and Buchanan

The Fifth District officers present and participating were: Corine Tichenor, Twin Cities, director; Judy Skinner, Dowagiac, assistant director; Norma Weaver, Niles, secretary; Elaine Hausser, Kalamazoo, treasurer, and Virginia Szlabick, Niles, parliamentarian.

Mrs. Mary Esther Daddazio of Ionia, the dynamic, articulate, Michigan State BPW President, gave an inspiring speech, challenging the clubs to make a dramatic and concerted effort toward greater membership growth coupled with energy, new ideas and execution of goals

An amusing skit of a 1937 business meeting was given by thirteen members with Mrs. Arloine Miller acting as 1937 president

Mrs Corine Tichenor, Mrs. Margaret Myen and Mrs Cora Anderson gave readings depicting the business meetings and fun times at the 1977 national BPW convention in Louisville, Kentucky

Following the invocation by Kathryn Blackmun, a salute to past presidents was given by Rose Zachman. Ruth Lane quoted from National Federation President Pilani Desha's message and presented a toast to "Change, Challenge and Response," the national theme for 1977-1978 BPW year

A life membership was presented to Mrs. Jack Boone, Niles, a charter member of the Buchanan BPW Club

The clubs of the Fifth District were extended an invitation to attend the charter night of the new Cassopolis BPW Club on October 29, 6 p.m , at the Holiday Inn, downtown St Joseph The husbands are invited also

Among the guests were Buchanan's Mayor and Mrs Richard Gault, Bertrand Township Supervisor Albert Siekman, Jr and Mrs. Siekman; and Buchanan Township representative, Mrs Donna Newsom, Niles Township Acting Supervisor William Barthel and Mrs Barthel, Edwardsburg Village President James Locey and Mrs Locey.

NEW COORDINATOR FOR HOMEMAKER SERVICES -- Mrs. Rosemarie Conn (seated on left) has held the position of coordinator of homemaker services for south Berrien County since 1973

Mrs Conn is shown discussing the job with Mrs. Roberta Garcia (seated on right) who is replacing Mrs. Conn as coordinator.

Homemaker Services is a division of Child & Family Services, which serves all of Berrien County and is a United Way Agency.

For information relating to Homemaker Services, contact Mrs. Roberta Garcia by calling 695-3612 or by writing Box 958 Miller Road, Buchanan, Michigan.

RECEIVES B & P WOMEN'S LIFE MEMBERSHIP: Mrs. Jack Boone (second from right) of Niles received a life membership in the Buchanan Business and Professional Women's Club Sunday from Mrs. S H. Hill (right) of Buchanan, current president of the club. Mrs. Boone has been a member of the local club since it was founded 40 years ago. Mrs. Virgil Miller (left) of Buchanan is immediate past president and Mrs Lowell Swem (second from left) of Buchanan has been a member of the organization for 39 years.

The 40th Charter Anniversary Dinner of the Buchanan Business and Professional Women was attended by 102 people at Royal Valley Sunday

Buchanan beats St. Joe

A last-second basket by Sharon Rottman gave Buchanan a thrilling 37 36 victory over St. Joseph on the Bears' home court last Thursday

Rottman's nine-footer from the foul lane gave Buchanan its only lead of the game and capped a furious rally which saw the Buckettes come from five points behind in the last 40 seconds

St Joseph led at the quarter stops 10-7, 17-15 and 26-25 The Bears once led by nine points, 26-17, in the third quarter but Buchanan fought back to within one point several times before free throws by Liz Scheffler and Ann Silverthorn gave St. Joe a 36-31 lead with 1 35 left in the game

Lynn Bobo's bucket with 40 seconds left brought Buchanan back to 36-33 and Tracee Hargreaves' 25-footer following a St. Joseph offensive foul narrowed the count to 36-35 with 24 seconds to go.

A desperation foul by Karen Bobo resulted in a missed St. Joseph free throw which Karen rebounded The Buckettes got the ball up the floor just in time for Rottman to hit her left-handed game-winner at the buzzer.

Patience Vanderbush led Buchanan with 12 points, ten of which came in the first half Rottman added ten points, all in the second half, with six of them coming on free throws

Hargreaves had seven points, Lynn Bobo six and Karen Bobo two to round out Buchanan's scoring. Lauri Hiatt came off the bench to get some key rebounds after Vanderbush fouled out with 5:51 left

Michelle Priefer and Dee Gano each had ten points for St. Joseph

"St Joe outhustled us a good portion of the game, and we can't let that happen the rest of the year," Berry said afterwards "We were a half step slower than they were until the end of the third quarter."

Buchanan was a 25-15 loser to a St Joseph team that recorded its 36th consecutive victory in the junior varsity preliminary Kris Nutting led Buchanan with six points.

Buchanan's next game is at Dowagiac on Tuesday, October 18

WAITING FOR THE REBOUND THAT NEVER CAME Buchanan and St Joe players watch as last-second shot by Sharon Rottman (extreme right) goes through the net to give Buchanan a 37-36 victory over the Bears at St. Joseph last Thursday. Players are Lauri Hiatt (10), Tracee Hargreaves and Karen Bobo (52) of Buchanan and Michelle Priefer (23) and Ann Silverthorn (53) of St. Joseph

Three victories for Bucks

Buchanan ran its cross country dual meet record to 11-1 with three victories last week.

Erik Mollberg set a team record on the Buchanan course Monday, finishing in 17:30 as the Bucks trounced Lakeshore 19-43. Lakeshore's Brad Krugler was second in 17:40, followed by Buchanan's Tom Lear (18:01), John Dougherty (18.11), Rick Bullock (18:13), Dennis Decker (18·23) and Mark Entenman (18:54). Chuck Vigansky was ninth in 19:17.

Three Rivers' John Oswald set a new course record of 17·10 at Buchanan October 5, but it wasn't enough to prevent Buchanan from making off with a 20-41 victory over his team In the other half of the double dual, Buchanan defeated Galien 15 50

Oswald's time would have undoubtedly been well under 17 minutes had he not been forced to retrace his steps after missing a flag near the end of the course. The misfake caused him to run about 60 yards out of his way The old course record of 17 15 was set by Dan Parsons of Edwardsburg in this season's first meet.

Buchanan took the second through sixth places with Lear (17·37), Mollberg (17:37), Decker (17.49), Dougherty (18·12) and Bullock (18:16) Entenman was eighth in 18·34 and Vigansky finished ninth in 19.14.

Rick Redding was Galien's top finisher in 15th place

"Its tough to get up for teams you've already beaten," said Coach Mike Rouse of the harriers schedule for the next three weeks "We're going to work through our next three meets toward the conference and regional meets"

Long Lancer runs spell defeat

Mike Young said it last week. "Lakeshore is still a big play team"

The Buchanan coach's appraisal of Lakeshore's offensive inclinations proved accurate as the Lancers used five long touchdowns to blast the Bucks 39-13 in the rain and cold Friday at Stevensville

In fact, Lakeshore must have set a record for ratio of big plays to little ones They ran only 29 offensive plays all night, and no fewer than six of those went for 30 yards or more

"Let it rain every Friday," said Lakeshore Coach Dave Topping of the wretched weather that held attendance down to such proportions that there were more spectators in the press box than there were in the stands

"This is what we've been waiting for -- to get our offense going Our backs kept their footing well on the wet field They blocked well and held on to the ball"

"We didn't have a sustained drive all night," Topping added But who needs a sustained drive when they can rip off 70 or 80 yards in one play?

Buchanan was once again able to move the ball, gaining 249 yards and running off 64 offensive plays -- more than twice as many as Lakeshore But most of that offensive success came in the second half, long after the issue was decided.

The entire first quarter was played in Lakeshore territory, but the Bucks were unable to take advantage of numerous scoring opportunities

The closest they came was a 10 play, 37-yard drive after Dan Pinkerton recovered a Lakeshore fumble at the Lancers' 47 The drive stalled at the Lakeshore 10 when Jeff Butler's pass was knocked down by Lakeshore's Gene Miston on third and five. Bob Couchman's field goal attempt on the next play was wide There were ten minutes left in the second quarter

Buchanan didn't threaten again until the fourth quarter In between, Lakeshore scored on six of its seven possessions

Two plays after Couchman's missed field goal, Lancer fullback Paul Freer took a pitchout from quarterback Dave DeVoir, brushed away two Bucks at the line of scrimmage, and raced 80 yards to a touchdown

On the second play of Lakeshore's next possession, DeVoir found Mike Stanbery all alone for a 69-yard scoring pass The same play was good for a two-point conversion and Lakeshore led 14-0

Lakeshore's next drive took three plays and had the same result Freer took a short pass from DeVoir and went 30 yards for a touchdown, behind a block by Stanbery, to give the Lancers a 21-0 halftime lead

On Lakeshore's first offensive play of the second half Odell Brister went 70 yards off left tackle to the Bucks three, where he was dragged down by Jim Stoner. Brister scored on the next play, Lakeshore's only short touchdown of the night He added an 81-yard TD romp the next time Lakeshore had the ball.

Reserve tailback Dave Goodwin, who was also a defensive standout at linebacker, gave the Lancers a 39-0 lead on a 50-yard scamper with five minutes left in the game.

Jim Longcrier got the Bucks on the scoreboard a minute and a half later with a one-yard dive, and finished the scoring with a well-executed 26-yard draw play with 25 left

Longcrier and Ricky Davis again provided the bulk of Buchanan's offense Longcrier came off the bench in the first period after Rydell Tutson left the game with a shoulder separation He gained 121 yards in 22 carries, his third 100-yard performance of the season

Davis added 91 yards in 30 lugs

But the Bucks just didn't have the speed to keep up with Lakeshore's backs once they got past the line of scrimmage.

"They loaded up on the strong side, so we went to the weak side, over Stanbery and Kevin Smiley," said Topping "That's the beauty of an unbalanced line"

"We tried to stop their option, and they went to the weak side instead," Young agreed "We just didn't get fast enough rotation on those passes We were playing the option first and the pass second"

Line Coach Bob Foster said the Buck's front four and offensive line improved over last week

Buchanan has now given up over 30 points four times this season and falls to 1-4 on the season and 1-3 in conference play Lakeshore is 2-3 and 2-2

It will be awhile before things get any easier for the Bucks They host an unbeaten Cassopolis team that is ranked in the top ten in Class C state ratings this Friday Next week they play second-place Dowagiac, which has been both Coloma and Lakeshore, the Bucks' conquerors of the last two weeks

An October 18 date at Edwardsburg, which earlier in the season appeared to be a soft spot on the schedule, looks like anything but that now After going scoreless in their first two games, the Eddies came on to upset Dowagiac and last Friday handed Brandywine its first defeat of the year

Lakeshore freshmen flatten Bucks

Lakeshore's freshmen football team battered Buchanan 58-0 last Thursday at Memorial Field The freshmen Bucks are now 1-3 for the season and 1-2 in Blossomland Conference play.

Strictly Personal

By D.E.N.

In the baseball playoffs, we were rooting for the wrong teams in both leagues

Royal Valley is getting ready for winter Depending on when the first snow flies, they may have their new chair lift ready in time

There's practically no activity now around the bee hive. The workers were busy a week ago giving the bum's rush to the poor drones

They are harvesting the grapes at Tabor Hill in what looks like it will be a good vintage It's amazing how many people from long distances go out there and take the tour

Fernwood is very beautiful right now with the mums and asters. As a matter of fact, the fall colors around Buchanan have been spectacularly beautiful.

In spite of a disappointing season, we're still great fans of coach Mike Young Like Bear fans, we're already expecting big things next year

Rocks hand Galien its second shutout

Last Friday Galien's football team was treated rudely by host Berrien Springs as the Shamrocks shut out the Gaels 3 0 The Red Arrow Conference win marked the first victory of the season for the Shamrocks

The Shamrocks touchdown came in the first period on a 2 yard Todd Johnson run, followed by a Johnson to Ron Hereford pass for two points The Shamrocks record is now 1-4 overall

The Gaels have allowed one touchdown or less in all five of their games, but they've scored only 12 points in their last four games while being shut out twice Galien is now 3-2 for the season and 2-2 in the Red Arrow

Both teams had trouble hanging on to the ball in Friday night's rainstorm The Gaels lost four fumbles while Berrien gave away five. Galien also had four passes intercepted The Gaels travel to Bridgman this Friday

Gael girls lose two

By Brian Dickey

Last week the Galien girls basketball team took the double dip as they were beaten by Eau Claire, and Berrien Springs In the Eau Claire game the Beavers jumped to a quick 14-8 lead and stayed ahead throughout the game The Beavers outscored Galien 10-9 in the second quarter to take a 24-17 halftime lead Galien scored 12 points in the third period while the Beavers scored 8, closing the gap to just three points at 32 29 The Beavers then put the game away in the final period, outscoring the Gaels 19-9 Leading the winners was Mary Flowers with 13, while Sue Heller led Galien with 15

A visit to Berrien Springs was next on the schedule for Galien and the Shamrocks weren't very hospitable as they defeated the Gaels 41-27 The Shamrocks, who were led by Jody Bowser with 10 points, took a 15-12 halftime lead after outscoring Galien 7-5 in the first period. Berrien Springs nipped the Gaels 10-6 in the third quarter, boosting their lead to 25-18 The final period saw the Shamrocks explode for 16 points to clinch the game Sue Heller led Galien with 10 points

Blossomland championships to be decided at Brookwood

It'll be a must-win situation for Buchanan and Cassopolis golfers Wednesday, October 12 at Brookwood in the season-ending 18-hole Blossomland Conference jamboree

Cass captured last week's nine-hole jamboree at Chikaming Country Club, Three Oaks, edging Buchanan 164 to 166 The Rangers now hold a one-point (51-50) lead over the Bucks with only Wednesday's conference match remaining

Each nine at Brookwood will be counted separately. Assuming a third team doesn't wedge in between the Rangers and Bucks (a possibility that is not unlikely, since Lakeshore has three second-place finishes this year), Buchanan will have to beat Cass on each nine to bring home the conference championship The Rangers need to beat the Bucks on one of the two nines and finish no lower than one place behind them on the other to win the title

"There's a lot of pressure on both teams now," Buchanan Coach Clarence Wold said "They know they have to shoot 40 or thereabouts to win"

It goes without saying that the home team has a certain advantage in any jamboree

River Valley, sixth in the conference on the season, rose to fourth place at its home course at Chikaming last Wednesday

"We have a very good chance," Wold said, "especially since the meet is here Brookwood is not an easy course We beat Cass here in the Brandywine Invitational on our fifth man's score."

Kris Moulds was red hot for the Bucks last week, shooting a one-over par 36 to lead all golfers at Chikaming and a one under 35 in Buchanan's 161-167 dual match win over Niles at Brookwood Thursday

Cass' Tom Lowe was the only other golfer to break 40 at Chikaming, shooting 37 Rick Eichler and Greg Zeug had 43s for Buchanan, Chris Stockwell shot 44 and sophomore Mark Hamilton had 47

Zeug also had an excellent round against Niles, shooting 38 Hamilton had 42, Stockwell 46 and Eichler 47. Rob Haidler led Niles with 39 It was the Bucks only dual of the season

Lakeshore is third with 45 points going into the conference meet, followed by Coloma, 33, Edwardsburg, 28; River Valley, 24, Brandywine, 12, and Dowagiac, nine

Buchanan will play in Class C regional at Clearbrook Country Club, Saugatuck on Saturday, October 15 There will be 21 teams competing, and Wold listed Kalamazoo Hackett and Cassopolis as especially strong opposition.

With only the conference and regional meets yet to play, the Bucks are carrying the following averages: Moulds, 40, Eichler, 42; Zeug, 43, Stockwell, 43; and Hamilton, 45

Beauties beat Cass

Buchanan's girls basketball team handed Cassopolis its first defeat, 56-49, at Buchanan Tuesday night Berry's Beauties took an 18 6 first quarter lead and expanded it to 31-13 at the half and 48-25 after three periods

Patience Vanderbush led Buchanan with 21 points, Tracee Hargreaves had 16 and Sharon Rottman scored ten Buchanan is now 8-0 for the season and 5-0 in conference play

Cass won the jayvee game 28-22 Sherry Vanderbush had eight points for Buchanan

NEW QUADRUPLE CHAIR LIFTS John North, president of the Buchanan Chamber of Commerce Dr Kenneth Jones, Buchanan Township supervisor and Albert Rottman, owner of Royal Valley Ski Resort break ground for two new quadruple chair lifts to be installed at the resort in time for this winter's ski season

NEW SCHOOL RECORD Erik Mollberg crosses the finish line in 17:30 against Lakeshore Monday, the fastest time ever for a Buchanan runner on the local course

New lift at Royal Valley

Royal Valley Ski Resort, located on North Main Street Road, Buchanan Township, broke ground Monday for two new quadruple chair lifts

The lifts will be located behind the lodge near the old T-bar lift The entire area, with the exception of the Jester's Bowl and Fawn runs, can be skied from the new lifts, which will be finished in time for this winter's season

The new lifts add 70 four-person chairs to Royal Valley's skier-moving equipment and increase lift capacity to 4800 skiers per hour, four times the previous capacity

The quad lifts cost $150,000, and, according to owners Mr and Mrs Albert Rottman, should be sufficient to eliminate lift lines at Royal Valley for the next three or four years

BROOKWOOD CLUB CHAMPIONS. Brookwood Golf Course held its club championship last Saturday, October 8 Owner Jim Lewis is at left. Bill Bodnar (second from left) shot a 75 to win the championship flight Art DeFauw (second from right) took the A flight with an 80 and Ken Lord shot 98 to win the B flight championship

Junior Varsity records fourth straight victory

Buchanan's junior varsity recorded its fourth straight victory last Thursday, humiliating Lakeshore 42-0

The Bucks scored 14 points in each of the first three quarters John Hall started the touchdown parade with 27-yard run in the first quarter Chad Cornwell followed with an 11-yard score

Hall added another TD on a five-yard run in the second period, and Ken Yost caught an 11-yard pass from David Price for the Bucks' final first half score

Price scored on a one-yard run in the third quarter and Hall finished the rout with a 42-yard touchdown jaunt

Dave Karpinski ran for two two-point conversions and Price passed to Jerome Vite for the other

Buchanan rolled up 194 yards on the ground and Price completed seven of 12 pass attempts for 100 yards

Led by Hall, the Bucks' defense held Lakeshore to 58 yards total offense and two first downs

"The whole defensive team was outstanding," said Coach Tom Seager

Unbeaten Cass here for Homecoming

Knowing that more speed in the defensive backfield is essential if his Buchanan defense is to have a chance of stopping unbeaten Cassopolis in Friday night's homecoming game, Mike Young elevated sophomores John Hall and Chad Cornwell to the varsity this week

Hall and Cornwell, who have been among the offensive stars as the Buck junior varsity humbled its last four opponents, are also outstanding tacklers. Both will start in the defensive backfield Friday.

"Cornwell, Hall, (Dan) Pinkerton and (Ricky) Davis -- that gives us four kids in the defensive backfield who can tackle in the open field," Young said

The Bucks will need all the speed and tackling ability they can muster against Cassopolis, a team that's even quicker than the Lakeshore group that broke six long plays against Buchanan last week

"They have outstanding speed, great talent and they play a wide-open type game," Young said of Cass,

The Rangers are averaging 27 points a game this year, led by a backfield that features both speed and power Tailback Tim Hartsell, a two-time all-conference pick, averaged almost seven yards per carry last year

Eric Collins at fullback, Mike Stanage at quarterback and super-quick Marshall Sinclair at wingback round out Cass' backfield

All-conference tackle Jim Miller leads Cass' defense

Young faces the weekly problem of trying to shore up a defense that has given up more points than any other in the conference

"We could beat Cass, or any team, if we could ever get it together," he lamented "We should be in more ball games than we are, the way our offense moves the ball"

The coach is correct Buchanan has moved the ball all year long, scoring at least two touchdowns in every game but one Last Friday the Bucks again rushed for more than 200 yards, but they were never in the game after the first period

To be successful this week, the Bucks will have to find a way to keep from going backwards on defense and shut down the Rangers' big plays in the process

Nelson in play

Laurel Nelson, daughter of Mr. and Mrs Maurice Nelson of 316 West Chicago Street, has been cast in the role of Fair Witch in Drury College's production of "Dark of the Moon", by Howard Richardson and William Berney This is the first major production of the year and opened with a private performance on October 7 for the inauguration of Dr John Bartholomy as the new president of the college The first public performance was on October 9, and will be followed by performances on October 13, 14, and 15 at 8:15 p m. All showings will be in Breech Little Theatre.

The play will be directed by Daniel Padberg and is set in the Smoky Mountains. It is the story of John, a Witch Boy who falls in love with the beautiful Barbara Allen He cannot marry her, however, until he bargains with the Conjur Woman and persuades her to turn him into a human. As part of the deal Barbara must remain faithful to him for one year. The townspeople notice some strange things happening, and when they find out about John and Barbara's pledge they force Barbara to break her promise in order to rid the valley of the Witch.

FIFTH-GRADERS GO CAMPING

Fifth-graders from Ottawa School took part in a two-day camping experience last week at Camp Madron, as part of Buchanan's outdoor education program Clockwise, from left: Archery was taught by Mrs Martha Denbow, Mrs Sandy Gerben helped students make plaster casts of leaves, seeds, berries, mushrooms and acorns, Jim Prenkert taught students how to use a compass in orienteering, and kids searched for salamanders in a rotted log while on a nature walk led by Mrs Janice Hamilton

Meanwhile, at the school farm, Moccasin School second-graders learned about soybeans and sunflowers from farm manager Brad Batchelor.

Charles Woods

The First United Methodist Church of Buchanan was the scene of a talk presented last Sunday night by Charles Woods who, until recently, was an agricultural missionary in Cuernevaca, Mexico

Woods, who has been partially supported by the Buchanan church told how he helped the Mexicans in Puebla, Mexico, purchase seed and fertilizer for a corn crop only to have their efforts wiped out by an early frost The next year a loan was arranged which provided a well and made it possible for them to irrigate a sizeable portion of their land. Within a few years additional funds had been borrowed and a sizeable dairy was in operation Woods said the most important change in the Mexicans' lives was their new attitude They could now walk into the bank with heads held high

Another project involved raising rabbits and hogs The hogs proved to be too large and a number of them were lost The rabbits produced as only they can with the result that the Mexican families could have meat on the table three or four times a week instead of once -- even if it was only a morsel He counted it a privilege to serve the church by helping these people to better feed and care for themselves

Mrs Woods was active in teaching school, particularly for their three young daughters

They are now back in the states for the next few years until their three daughters complete their high school training Woods has a temporary assignment in Tucson, Arizona, where he will be coordinating an effort between several inner-city churches in an attempt to establish a community ministry

Troop 541 roof church garage

Saturday, October 8, a group of twenty Boy Scouts and fathers from Troop 541 re-roofed the four-stall garage at the First United Methodist Church The group, sponsored by the church, did this as a service project Don Shafer, assistant scoutmaster and Leo Slate, scoutmaster, were there to give their assistance The old shingles, some that had been there for fifty years, were stripped off New plywood sheathing was applied and then roofed with attractive 3-in-1 shingles

The troop did this at its own expense They earn money collecting newspapers Last summer the troop sent one boy to Philmont Boy Scout Camp. The troop also went on a week-long campout near Ludington with 24 boys and six adults participating

Anyone wishing to donate newspapers (no magazines, please) may bring them to the garage between 6 30 and 7 30 p m , on Tuesday evenings

The scouts and their families will have a potluck dinner in the First Methodist Church basement Tuesday, October 18, at 6.30 p.m Awards and badges will be presented along with a program from the Michigan State Police Post

Ambulance service meeting notes

At the regular monthly meeting of the Southwestern Michigan Community Ambulance Service, held October 5, at the headquarters building on Chicago Road, board members heard progress reports of the ongoing membership subscription drive Discussion centered on the recently-approved commercial patron membership for area businesses and the possibility of extending this type of membership to churches in the service area Also, information sheets about the ambulance service, with membership information, have been distributed throughout the Niles and Brandywine areas, and telephone stickers with the emergency telephone number are available to individuals Membership information is available at the business office, 684-2170, and the cost of an annual subscription remains at $15 00 per family and $8 00 for a person living alone

Mike Putt, Director of Volunteers, reported on the recently held bi-county ambulance service meeting. Nothing definite has been organized yet, but the hope is that this group will be able to provide some training and increased purchasing power through quantity buying Other areas of concern could be the establishing of boundaries in Berrien and Cass Counties, and a plan for assisting one another in case of major accidents and other tragedies Other items to come before the board were legislation pending before the state legislature which are of concern to emergency medical service organizations, and plans for further donations to the capital improvement fund

During the month of September, 209 ambulance runs were made by SMCAS volunteers One hundred thirty-one runs were of an emergency nature, and 71 members were transported

You have more power over your electric bill than you think.

No matter what we do to help keep your electric bill in line, there's one thing we have no power over.

The amount of power you use

So we'd like to point out the most significant places where only you have the biggest opportunities to save.

Insulation

6 to 12 inches of insulation in your attic could save you real money each year.

You'll save even more if you insulate your walls, heating ducts and hot water pipes.

Caulking, weatherstripping, storm windows, shades and drapes also help keep heat inside in winter, and outside in summer.

Thermostat Control

Lower your thermostat in winter. Each degree below 68°F can save three percent of the energy needed for heating. If you have air conditioning, a higher thermostat setting will also save energy in summer.

Hot Water Use

You can save up to 5% a year of the energy needed to heat water if you turn your water heater thermostat down to 120 degrees and take quick showers instead of baths

Fix leaky hot water faucets promptly. And wash clothes in cold water, if you can

Washing and drying only full loads of clothes and dishes is more economical, too.

Appliance Efficiency

If you're in the market for appliances and equipment, look for the new energy saving features on refrigerators, freezers, and dishwashers. Choose an Energy Efficiency Ratio (EER) of 8 or higher on room air conditioners.

While there are a lot more ways to save electricity, these are the ones that will make the biggest impression on your bill.

YOUR NEW CAR NEEDS RUSTPROOFING.
BUT BEFORE YOU GET IT, BE SURE YOU GET REAL RUSTPROOFING. NOT A COVER-UP COATING.

There isn't one 1977 model that doesn't need additional rustproofing protection when it leaves the showroom floor. The only question is *who* can deliver the real rustproofing protection needed to retain customer appearance and value. One *sure* answer is your Ziebart Dealer. He's got the expertise, the patented spray tools, and the exclusive Zi-hard process to insure you the protection you and your car need. With the [illegible]
