Perc Club hears Pabst

The monthly Perc Club meeting was held at the Masonic Temple, Tuesday, April 19 Robert Pabst,, president of Electro-Voice, Inc. was the guest speaker

Pabst, completing his first year as president of E-V, had some interesting and informative comments relating to the company and to the community

Buchanan Electro-Voice, a Gulton Company, is hosting 30 dealers this week introducing new hi-fidelity speaker lines They will be made available to the public in June This new speaker line has been developed out of a new strength in the Buchanan plant

This past year the emphasis has been on company internal problems product delivery and product service It is believed that by stressing these three areas it was possible for the record profit shown in the last quarter The previous year's sales were six times that of any other period

President Pabst stressed E-V is a leader in technology in the microphone systems and plans to remain the leader and to provide the speaker systems for all major companies

E-V has recently installed the speaker systems at Yankee Stadium, Pontiac Stadium, a new arena in Louisville, Kentucky and Disneyworld, also, the entire system for the Republican

Robert Pabst

Convention and President Carter used E-V microphones in his recent address to the nation.

If the new systems being introduced at this time are as successful as the company hopes for the Tennessee operations will be increased by 20 per cent. In turn this could be reflected in a 15 per cent increase in the Buchanan plant

Pabst is in hope the political and labor climate in Michigan and Buchanan can be improved so that expansion can be effected

Board of Education stands on Morse suspension decision

The Buchanan Board of Education met Monday, March 18 at Indian Hills Elementary School.

The board decided to stand on its decision to suspend Michael Morse high school music director despite protests from the audience which threatened to close the meeting

There were about 90 persons in attendance and about one third of them appeared to be protestors Some were very angry about the suspension and at one point school board President William Moon declared the room would be cleared if there were any more interruptions

In a vote last month the school board decided to deny Morse a new contract. Morse is a third year probationary teacher and the board contends he was unable to maintain class discipline and respect and the quality of music in band and orchestra was not adequate

Board secretary Jeannette Mahan reported the board had received a letter from Unserve director of Michigan-National Education Association, Jack York, suggesting that legal action may be taken in the Morse case.

A letter was read from Brian Steinke president of the Buchanan Education Association, requesting the name of the recognized bargaining agent for teachers in the Buchanan school system be changed from BEA to Buchanan-Sc Education Association (MEA-NEA) This would allow the Buchanan Association to join with River Valley New Buffalo Niles and Brandywine in bargaining as a unit. There were 85 teacher signatures in support of the change

In a unanimous vote the board said it will not voluntarily recognize the national union as a bargaining agent for the Buchanan teachers

Dr Earl Hogan, superintendent, reported it will be necessary to conduct a school census in the district before the end of May The unexpected and unbudgeted order from the state is expected to cost the district about $3 000, for which there will be no state reimbursement

The board also voted to accept the recommendation of Dr Hogan to retain the Labor Relations Service branch of the Michigan Association of School Boards as its bargaining agency

Reductions in programs to reach a balanced budget were adopted by the board in line with the favorable outcome of Monday's millage renewal vote. Cuts will have to be made in supplies, text and capital outlay, also in maintenance music programs at all levels, staff classrooms, athletics and food services, to compensate for an expected deficit of $160 000

Board member Robert Luke asked the administration and board to try to avoid cutting the high school industrial arts program further The program has already seen the elimination of the building trades program and cuts in wood shop machine shop and related courses In voting to implement the reduced budget for the coming year the board voted though not unanimously, to ask the administration to look for more funds for the industrial arts

The annual school election was set for Monday June 13 in a resolution adopted by the board

Another item acted on by the board was the approval of a six-period day instead of a seven-period day at the middle school The change had been requested by Principal Dale Cryan

A work shop for the working out of a School Board-Administration "Code of Ethics" was suggested by Dr Hogan It might be incorporated into the by laws in an effort to clarify and standardize procedures

Joe Koenigsknecht, Indian Hills principal presented a color slide program on classrooms activities and facilities at Indian Hills School and refreshments were served by the Indian Hills Community Club

Dewey Bicard (left) presents a team picture and second place ribbon to Officer Joe Kring, representative of the Buchanan Policeman's Association which sponsored the team

The Indoor Hockey team, coached by Dewey Bicard and Fred Marsh was nicknamed "Ole Blue" (after the boys in blue) and had a record of 8-2.

Ole Blue team members are Ray Lear, David Karpinski, Brian Marsh, Rod Bicard, Jim Forburger, Dan Lee, Jeff Fleenar, Dave Walters, Dan Walters, Ken Noland and Steve Baber.

The boys presented the picture and ribbon as a token of their appreciation to the Police Association for making it possible by its sponsorship for them to turn idle hours into fun hours.

Zoning hearing date not yet determined

The Buchanan Township Planning Commission has been working for two years on a new zoning ordinance They met Monday night for their regular meeting but were not ready to set a date for a hearing on the new ordinance They want to give the public a full thirty days notice so that everyone will have plenty of time to study the new plan The whole ordinance had been published in book form, but there are certain changes to be made in the books before they are ready for the public Suggestions for certain changes were received by the township attorney John Spelman

In the township hall are maps outlining the present zoning areas and the proposed ones It was suggested Monday night that the new map be changed so that the color codes are the same on both maps

Members of the planning commission include Ken Huston, chairman, Doug Bennett, Jack Harroff, Dale Nelson, Gene Rose, Burrell Weaver and Marie Zelmer Their meeting Monday was devoted mostly to answering questions from one citizen and to clear up some misconceptions about the whole plan

The next meeting will be Monday May 16 at which time the commission hopes to have enough information to set a date for the public hearing They point out that there is no real urgency, and they want to be sure that everything in the books is correct before releasing them for general use

Donald E. Bowles

Donald E Bowles has been named to the position of Manager of Information Services for Clark Equipment Company's Industrial Truck Division, Battle Creek, Michigan

Bowles will be responsible for the planning, development and implementation of information systems for the division, which includes both the Battle Creek, Michigan and Georgetown, Kentucky, operations

He reports to George Markell, Industrial Truck Division vice president and general manager

For the past twelve years Bowles was with IBM Corporation as production control manager at its plant in Boulder, Colorado; as project manager of its plant in Brooklyn, New York; and most recently as a systems engineer and manufacturing industry specialist at its South Bend, Indiana, office. Prior to his experience with IBM he held various production control positions with Sundstrand and Martin Corporation in Denver, Colorado

Bowles attended the University of Colorado He is presently on the Board of Directors of APICS (American Production Inventory Control System)

Drama and Orchestra to present 'Oklahoma'

On Thursday evening, April 21, the Buchanan High School drama group will open its spring musical "Oklahoma" for a three day run Thursday, Friday and Saturday

Set against the backdrop of the growing Oklahoma Territory, the play is a sensitive love story about a bragging, bowlegged, cowboy who falls in love with a young farm girl

As with all love stories, there are a host of charactors and complications The cowboys are upset with the farmers for building fences across the cattle ranges and the farmers are upset with the cowboys because they are such an unruly lot

Written by two of America's greatest musical writers, Richard Rodgers and Oscar Hammerstein, the show is filled with many vibrant and memorable tunes The show moves and is alive with excitement

The cast has been working since early February and they provide a rare blend of seasoned talent and rising stars For an evening of pure entertainment don't miss the high school's production of Oklahoma

Curtain time is 8 00 p m each evening, and all seats are reserved Ticket prices are $2 00 for adults and $1.50 for students Tickets may be reserved by calling the high school There will be tickets available at the ticket booth starting at 5 30 p m on the night of each performance If you haven't made your reservations, do so now — so you won't miss Oklahoma

Voters approve millage

Voters of the Buchanan School District approved by a margin of 886 to 484 the renewal of 2 4 mills for operation in Monday's special election

The one year extension of the special operational package, initiated last year, means the projected deficit in revenues to meet the 1977-78 school budget will amount to about $160,000, rather than the $320,000 shortage foreseen if the millage request had failed

A total of 1,389 votes were cast in Monday's referendum, out of 4 000 possible votes, indicating slightly less than a 30 per cent voter turnout

Ag in Action

An editorial

A Fowl Insult to Porkdom

With a major portion of comments, mostly critical and justly so, over the proposed ban on saccharin—the recent fowl insult by Federal bureaucracy on the noble hog has gone unnoticed by much of the press.

According to Congressman Paul Findley, Illinois, the United States Department of Agriculture has ruled that a concoction of pure turkey which is pressed, tented, and foisted to resemble ham can be foisted on the consumer as a turkey ham— even though it contains not one morsel of ham.

Findley reports, "the wary homemaker, of course, would never think of buying a pig in a poke, but what is she to do when Washington says it's legal for purveyors to wrap porklen turkey and label it ham Such untruth in packaging is a tactic as slippery as a hog on ice "

"Everybody in public office likes to ham it up once in awhile, but somebody at the USDA has gone hogwild on this Let the turkey stand on his own two feet. I've asked the secretary to outlaw this pigheaded scheme," he said.

To the Congressman, it's a matter of principle "I'm not just crowding the trough, grubbling around for a headline or looking for a snortful of publicity I would feel this way even if my hometown weren't Pittsfield, Illinois, pork capital of the world "

Well said, Congressman. The much-maligned hog needs a spokesman in Washington, D C.

Out of the Past

April 22, 1937

Recent press reports state that Jack Knight, son of Mrs Emma Knight, recently made a new speed record of 212 miles an hour for a nonstop flight from Cheyenne, Wyoming to Chicago The flight was made in a new Douglas DC-3 airliner, the property of United Air Lines, with ten passengers and crew on board

Miss Buchanan of 1937 has been chosen. No story or name accompanied the picture Therefore, looking ahead to the April 29, 1937 issue of the Berrien County Record, the name was found. Wait until next week and find out who was Miss Buchanan of 1937.

April 28 will be a heyday for the rural school children of the south half of the county, for on that day, at 3 p m. they will hold their annual music festival in the Niles High School auditorium All through the year they have looked forward to and worked for this event. Between 800 and 900 children will participate

Investments

Dear Editor,

As taxpayers we have a substantial investment and interest in the Buchanan School System As band parents we have substantial individual investments in instruments, music, private music lessons, and other expenses incidental to the music program in the Buchanan Schools It would seem, therefore, that when questions are put to the Board of Education about its unfair and unjust handling of the Michael Morse matter, interested and concerned supporters of Mr Morse and the music program deserve the courtesy of replies.

One response was made to the question as to whether the Board attends festivals and other performances of the band at the meeting of April 11 the Board response was "no," at the meeting of April 18 the Board response was "yes " One has to wonder what the Board wishes us to believe

Buchanan has had six high school band directors in 12 years, Mr Morse having been here the longest in that period of time How can we expect to attract and keep high caliber instructors such as Mr Morse if we continue to operate in this manner?

The Board constantly asks for communication from the citizens, yet honest attempts of students and parents to communicate their wishes in the Morse situation are ignored The irresponsible attitude of the Board in this case is most distressing. All of us have a lot at stake in the matter, and we should continue to work to urge the Board to face up to its responsibilities to the citizens and students of Buchanan Really, all we are asking is that the Board give some substantiye justification for this action, and for that matter, that they treat each teacher as a human being

Concerned Taxpayer

Who pays?

Dear Editor,

I assume that Michael Morse can seek recourse in the courts against the Buchanan Board of Education in its treatment of him If that is done, do the taxpayers of Buchanan bear the expenses of legal representation of the Board? Could those fees be better spent elsewhere? Would it not be more prudent of the Board to try to resolve the matter by reconsidering their action instead of resorting to court action?

What the United States Does for Me

This essay was written by Debbie Tyus, a junior at Buchanan High School, as a qualification and acceptance to Girls' State

What the United States Government Does for Me

By Debbie Tyus

The United States Government provides me with security. It does this with the many laws, services, and programs it offers to not only me, but to all of the citizens of the United States

The Government makes laws to protect us. They also make laws to punish the breakers of these laws For instance the government can't really stop every single murder or robbery in the United States, but it will punish the person who is the murderer or the robber There are many different types of laws, but I feel they are all there to protect us

The government also offers many strong programs and services. By programs, I mean things like Welfare, Social Security, Head Start and Housing and Urban Development Those are just a few of the many different types There are also programs that help under privileged kids get free hot lunches at school and there are programs to help under privileged teenagers get jobs so that they can support themselves, and maybe even help to support their families.

There are many services available for us as well Some of them are provided free There are clinics available for runaway teenagers, where they can receive help There are child abuse centers that can help victims of child abuse. There are many health clinics that a person may attend, including Birth Control clinics, and clinics that give vaccinations for polio, measles, and others.

Our government provides us with protection laws, programs and services that give its citizens a secure life I am very glad to be a part of it.

Just Ask Us

All letters to "Just Ask Us" must be signed although names and addresses will be withheld upon request. No letter shall be printed if it contains profanity or is libelous. All printed letters are unedited. Any questions? Write to: "Just Ask Us", P.O. Box 191, Buchanan, Michigan, 49107.

I noticed that for the past three weeks, you have been advertising a new column called "Just Ask Us." I was wondering why nobody writes to it. — Duck, Buchanan

The Berrien County Record thought the community might be interested in a new column and would participate writing to "Just Ask Us." However, the lack of interest is so overwhelming, we just sit waiting for someone to write.

Is there a law against walking (and skate boarding) on the streets of Buchanan? If so, why isn't it enforced? If people are forced to put in sidewalks, why aren't they used? — Concerned Citizen, Buchanan

There is a specific law against walking in the streets. Section 7.12, of the code book states, "Where sidewalks are provided, it shall be unlawful for pedestrians to walk upon the roadway. Where sidewalks are not provided, pedestrians shall, when practicable, walk on the left side of the street or highway facing traffic which passes nearest." The Buchanan police cannot be everywhere at the same time. Walking in the streets is a minor "offense" but when the police are present they do give warning to those who disobey this law. The middle school area probably has the worst problem of people walking in the streets. The police patrol that area but there are other schools and other areas. They don't see any point in arresting everyone who walks in the street or anyone who jaywalks. Skateboarding requires the same laws that cars, bicycles, and tricycles have to follow.

Co chairman for the 1977 Spring Achievement Program were Mrs Donna Villermain of Coloma and Mrs Barbra Kolm of Berrien Springs They were assisted by more than 100 men and women in staging this three day show Planning for the 1978 event is already underway

4-H Agents, Hank Allen and Larry Cushman, reported that 4 H is now in full swing for the spring and summer program. Families interested in joining 4-H should either contact a 4-H leader in their own community or contact the 4-H staff members at the Berrien County Courthouse, St Joseph, by phoning 983-7111, Ext 271.

The agents released the dates for major spring and summer 4-H events They are: Pre-registration of all horse, dairy and livestock exhibits for the Berrien County Youth Fair, June 3 and 4; State 4-H Exploration Days at Michigan State University, June 23-25 The Berrien County Youth Fair will be held the week of August 14 The summer 4-H program will wind-up with the 4-H members and leader Foods Banquet on September 12, 1977

The next major 4-H event will be the Annual 4-H Talent Show This event is scheduled for May **28, 1977 at the Upton Junior High School, South St. Joseph, Michigan.**

During the 1976 program year, more than 5,000 boys and girls participated in the Berrien 4-H program. These youngsters were led by more than 620 volunteer adult leaders assigned to 65 4-H clubs located in every city and township in the county. 4-H is the youth educational program of the Michigan State University Cooperative Extension Service. 4-H is currently having an open enrollment period for all children 9 to 19 years of age.

Local youths compete in Horse Jamboree at MSU

Several local 4-H members will participate in the annual 4-H Horse Jamboree at Michigan State University on April 30. They'll join nearly 500 other Michigan 4-H horse project members to judge, speak about, and be quizzed on . . horses

The Horse Jamboree will feature competitions in horse method demonstrations, horse judging, public speaking, slide presentations about horses, and the Horse Bowl--where members show their knowledge by competing against time to answer tough questions about horses.

The Horse Bowl is patterned after the "College Bowl" with toss-up, bonus and tie-breaker questions, each carrying a specific point value

Horse method demonstration contestant Jason Newsted of Niles will present short, original and factual horse-oriented demonstrations based on the latest research

In the horse judging contest, local participants will evaluate seven halter and performance classes and defend their placings with oral reasons given to official judges The junior team will include: Karmin Lewandowski of Buchanan Julie Backus of Three Oaks, Jane Anstey of Stevensville, Danette Porter of Niles, and Allison Kerner of Berrien Springs Members of the senior team are: Pam and Patti Rothfuchs of Buchanan, Shelley Rosebrook and Cynthia Plott of Niles and Darla Bilton of Berrien Springs

The Horse Jamboree began four years ago when the Michigan 4-H horse judging contest was expanded to include younger members and additional events. All divisions of the contest are open to both junior, up to 13 years old, and senior, 14 years and up, members.

One of the main goals of the jamboree, says Dick Dunn, MSU Extension specialist in animal husbandry, is to provide educational horse programs for all project members, including those who may not own a horse. The general public is invited to attend all the day's events, which will begin at 9 00 a.m For more information, contact Larry Cushman, 4-H Agent, Courthouse, Room 107, St Joseph.

Christine Smith chosen 1977 White Cane Queen

A petite, 19-year old blond from Flushing, Michigan has been chosen to reign over the Michigan Lions White Cane Week drive, April 25-May 1.

Christine Louise Smith will represent the more than 30,000 Lions from 500 clubs in the state during the annual fund-raising drive that benefits all visually handicapped in Michigan. As the 1977 White Cane Queen, she will make personal appearances throughout the state as well as on various radio and television programs.

Christine a freshman at the University of Michigan, has offered to take her Spring final examinations one week early in order to be available for the drive "Finals week" at the Ann Arbor campus coincides with White Cane Week

When she was six years old, Christine developed a tumor of the optic nerve and now retains only 23 per cent of her vision. She studied Braille in elementary and junior high schools in her hometown of Flushing, later attending the Michigan School for the Blind in Lansing. She presently maintains a 3.6 average at the University of Michigan.

Though she has not yet declared a major field of study, Christine is taking courses in the Social Sciences, prompted by her love of meeting and learning about people. She expects to attain a degree in Psychology.

Despite her handicap, Christine is an avid sports-woman, participating in swimming, skiing, canoeing, and bowling. Her hobbies also include crafts, music and cooking

Christine is the daughter of Mr and Mrs. Gerald E Smith of 9220 West Carpenter Road, Flushing, Michigan Her father is a professor of economics at the General Motors Institute and her mother is a dietician—at McClaren Hospital, both in Flint

Christine's sisters and brothers include Margaret, 26, Nancy, 21, Eric, 23, Charles, her twin brother, and Andrea, 12.

Christmas Seals thanks Michigan

"Thanks to Michigan contributors, the 1976 Christmas Seal campaign, which ended March 31 reached a record high for the Michigan Lung Association," according to Anne Deming, member of MLA's Southwest Regional Board. The traditional fund-raising effort brought in $625,299.05, a 9 per cent increase over the 1975 total.

The Association's total income has also increased this year Deming said, reaching $775,525.65 or a 14.2 per cent increase over last year Total income is comprised of Christmas Seal income and dollars from other sources such as memorial gifts, special events, and bequests.

Deming attributed the favorable year to two factors "First," she said, "our faithful contributors who didn't let their support slacken in spite of the economic picture"

"Secondly," she said, "numerous local communities helped us by sponsoring children and college students in our lung-a-thons.

The Michigan Lung Association, whose pioneering efforts were successful in the control and treatment of tuberculosis, is now working to have the same impact on such chronic lung diseases as emphysema (for which there is no cure as yet), chronic bronchitis, and asthma As an educational organization, MLA disseminates information on the dangers of smoking, the rights of nonsmokers, air pollution, influenza, the common cold and other respiratory conditions

"Thank you, people of Michigan," Deming concluded, "for caring about lung disease as a threat to health and well-being."

Carlsons named chairmen of Grand Floral Ball

Larry and Helen Carlson have been named chairmen of the 1977 Grand Floral Ball, according to an announcement by William Starbuck, president, speaking for the Board of Directors of Blossomtime, Inc The Ball, which is the finale event of Southwestern Michigan's annual Blossom Festival, is set for Saturday evening, May 21, at St Joseph's Shadowland Ballroom

The Sodus couple come to the Grand Floral Ball assignment with a history of four successful years with the Blossomtime Youth Dance committee. Two of those years were spent as chairmen of the popular event that involves young people from high schools and junior colleges of the area Helen, who has worked with Sodus Queen's Contests since 1964, and is a member of the Board of Directors of the Sodus Miss Blossomtime pageant, is employed by Jeno's Inc of Sodus Larry is associated with Cadillac Overall Supply Company and works as a part-time sales representative for Century 21, Tala Real Estate, both of Coloma The Carlsons, who have three children, make their home at 3232 Dutch Lane, Sodus

Final plans for this year's Grand Floral Ball are nearing completion, according to the Carlsons Orion Samuelson, popular air personality from WGN, Chicago, will serve as master of ceremonies again this year, and the Premiers, the Chicago group which was the hit of last year's Ball, has been engaged to play for dancing. The evening's program will also include the announcement of winners and the awarding of trophies for Grand Floral Parade floats

Tickets for the Grand Floral Ball are available now at the Blossomtime office, 311 Colfax, Benton Harbor.

These three Buchanan High School art students (l to r): Zoraida Ferrell, Karen Bobo and Marianne Kozuch, with the help of art teacher Mrs. Shirley Roti Roti, put the finishing touches on signs they made to advertise Fine Arts Week, May 9-14.

Instead of "beat", "win" or "crush" the signs say "think smArt", "art is the surfacing of the imagination" and "art is for everyone." Art is defined in a different way on each poster.

The art exhibit will be in the high school art room and the two showcases in the main building each night during Fine Arts Week from 7-10 p m. Students will be doing studio work some evenings. Everyone is invited to attend.

Buchanan student in 'Fiddler on Roof' at Ferris State

Broadway's longest running musical comedy, "Fiddler on the Roof," will be presented by the Ferris State Playhouse, Friday through Sunday, April 22-24, at Starr Auditorium. Curtain time is 8 p.m., and admission is free

According to Playhouse director Lyle V Mayer, the show is back by popular demand "We did the show in the summer of 1972 and it proved to be our all-time hit," he said "We've had numerous requests to repeat it"

"The present version has an entirely new cast, of course," he added, "and there are several thousand Ferris students who didn't see the 1972 production or who have never seen the show at any time"

The setting for the musical is a small peasant village in Tsarist Russia Tevye, a dairyman, who will be played by Jim Bilyea (Lake City), along with his wife Golde, portrayed by Maria Grimaudo (Grosse Pte Woods), and their five daughters comprise one of the hard-working families in the village Cast of the daughters are Carol Burnes and Tracy Mayer (Big Rapids), Beth Campbell (Republic) and Renee Haney and Leslie James (both of Big Rapids).

Tevye, a pious man, tries to raise his five daughters according to the old ways of the good book and has numerous direct conversations with God However, the old ways of "tradition" no longer suffice, and Tevye and his friends will have to become a part of the changing world

An interfering busybody, matchmaker Yente, played by Claudette Sroufe (Beaverton), almost succeeds in marrying off Tevye's oldest daughter to a middle-aged butcher (Larry Owens of Grayling), but Papa finally consents to her marriage with the man she really loves, a poor tailor (Bob Carr of Flint)

The second daughter marries a young radical, Perchik, played by Tom Spiroff (Dearborn) The third eldest steps out of her faith to marry a young Russian soldier played by Bob Reed (Sturgis)

After a program which takes place at the wedding of one of Tevye's daughters, the adults in the village realize the old ways do not work, and at the close of the play, they set out to find new lives in new lands, taking with them only their few meager possessions and their abiding faith in God

The Rabbi is played by Victor Riggen (Big Rapids) Three Russians are Dennis Bensko (Grand Rapids), Ted Abgy (Grand Rapids) and Mike Willman (Birmingham

Playing villagers are Richard Visco (Philadelphia), Linda Killewalk (Union Lake), Bob Eichler (Stanwood), Melanie Miller (Portage), Judy Zezulka (Garden City), Dennis Pennell (Muskegon), Sheryl Reamsma (Grand Rapids) Karen McComb (Lapeer), Kathy Van Meer (New Buffalo), Richard Newville (Bloomfield Hills) Ward Wheat (Cadillac), Brian Pinkerton (Scottville) Loren Tellam (Grand Rapids), and John Clary (Plainwell) Also Jeff Cantrick (Birmingham), Dixie Fetterley (White Cloud) Jeff Linley (Grosse Ile), Ron Chapski (Brighton) Tammy Henrikson (Rochester) Steve Burciaga (Adrian) Cindy Heikkinen (L'Anse), Mike McNiff (Boston), Dennis Mori (Buchanan), Randy Slager (Big Rapids) Thomas Warner (Rocky River Ohio), Todd Conte (St Clair Shores), and Reed Miller (Gettysburg, Pennsylvania)

Music for the production, which contains such well-known numbers as "If I Were a Rich Man" "Do I Love You?" "Tradition" and "To Life" is directed by William Donahue. A 30-piece orchestra will accompany the production

Susie Meyer is the choreographer and Keith Hammel is the technical director

News from ALMA

Among the 270 freshmen participating in first-year activities of Alma College's innovative Career Preparation Program has been Gino V Jackson of Buchanan

The Alma program, funded in part by grants from the Kellogg Foundation and the U S Office of Education is designed as a model for other colleges and emphasizes Alma's quality liberal arts curriculum as its basis During the four years of program activities, participants develop a variety of skills and learn to apply their education in ways that will better prepare them to face the job market successfully

Alma's 350 freshmen were introduced to the voluntary Career Preparation Program at orientation sessions last fall Jackson and others who elected to participate in it undertook a vocational interest inventory and began preparation of their own personal Career Preparation Plans. In developing this plan, each student works with an Alma faculty member who has had special training in career counseling

The first of a series of workshop sessions for freshmen participating in the program was held last October and focused on identifying strengths, interests, values and needs After this session each student began to complete his or her own Personal Profile, which serves as a check list and record of Career Preparation Program activities The profile is the start of a portfolio which each student develops

Another workshop in November concentrated on occupational information The freshmen program participants, as well as other Alma students, are able to obtain extensive vocational data in the college's multi-media Career Information Center In addition to a wide variety of paper material concerning career planning, the center contains audiovisual material such as video tapes of interviews with alumni in various occupations and a microfiche system providing accurate up-to-date information about vocations

During the academic year Alma students also have been able to obtain details concerning several occupations first-hand from recent alumni of the college at two Career Conventions held on the campus At these events alumni briefly described their occupations and educational preparation and then met informally with students to answer questions.

Meanwhile, the freshmen involved in the program continued to develop their Career Preparation Plans with assistance of their faculty counselors The Career Preparation Plan, a guide for the development and evaluation of personal career interests, is particularly important in planning the student's course schedule

The plan includes results of the interest inventory, the student's initial career choice, an evaluation of his or her career needs and values, and an assessment of basic skill areas that require improvement. Eventually, it also includes evaluation of each career possibility that the student considers and a record of progress in the development of job search skills, communication skills, and work skills developed through practical experience programs

In subsequent years the program participants, besides taking part in additional workshops and Career Conventions, will have opportunities to visit sites related to careers in which they are interested and to obtain on-the-job experience through off-campus practicum placements Additional activities in the sophomore, junior, and senior years will help the students to improve communication skills, develop job-search techniques, and obtain employment

Dr Daniel W Behring, director of Advising, Counseling and Career Development at Alma, reports that results of the first year of the Career Preparation Program indicate that it is having a positive effect upon students and faculty in improving career planning and preparation The program, he points out is successfully helping Alma students to become lifelong learners able to deal with the changing world because they possess a knowledge about themselves and about the world of work and are able to relate the two

A SPECIAL REPORT FROM YOUR ACTION BANKERS ON THE BEST WAYS TO SAVE.

Hanna Franklin

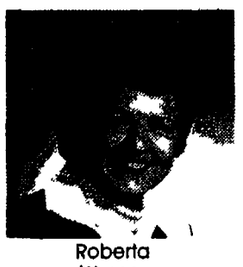
If you're newly married, on a tight budget or looking for a start-up savings program

The best plan to start with is ICB's 5% Regular Passbook Savings Account Our most flexible account, it lets you build a nest egg for unexpected bills and emergencies and pays you interest from date of deposit to date of withdrawal Need help in determining how much you can save out of your paycheck? Your Action Banker has some guidelines We'll even show you how you can save automatically by having funds transferred from your ICB Checking Account to your Savings Account

John Wilk

If you're retired and need monthly income

Join Inter-City Bank's Check-of-the-Month Club It's the club designed for people who want a high rate of return on their savings (7½% when you invest in 6-year investment certificates) yet need income from their savings on a monthly basis for living expenses Invest any amount you choose from $5000 on up and receive an interest check every month At the end of the maturity date, your original investment will then be waiting for you to re-invest, if you prefer, or take it with you Government regulations specify that withdrawals prior to maturity are subject to a substantial interest penalty



Roberta Wesner

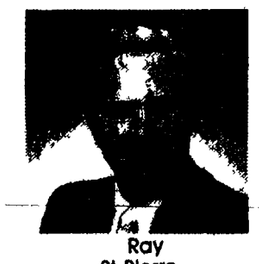
If you're a spouse working to earn extra income for anticipated future needs – or have non-emergency funds to invest

Maybe it's a new car you want to save for Perhaps it's a home, furniture or major appliances ICB's 5½% 90-day Time Golden Key Savings Account* lets you build that nest egg for future major purchases faster because it pays a higher interest rate than our Regular Passbook Savings Plan And with a $200 minimum balance in your Golden Key Account there are no service charges or minimum balance requirements on your personal checking account.

Betty Harris

If you're a household head saving for your children's college education

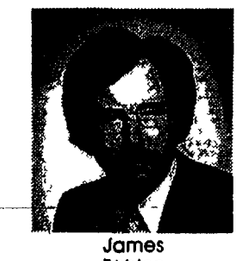
One of ICB's four Certificates of Deposit will help you have the funds you'll need when the time comes Interest rates range from 6% for 1-year certificates when you deposit a minimum of $1000 to 7½% annual interest on 6-year investment certificates when you deposit $1000 or more All certificates are compounded annually for maximum effective annual yield if left to maturity This kind of savings plan will help you beat the rate of inflation on your savings Government regulations specify that withdrawals prior to maturity are subject to a substantial interest penalty



Ray St. Pierre

If you're an employee without a pension or profit sharing plan where you work

Consider starting your own Individual Retirement Account now at ICB. You'll be building a substantial retirement fund that's tax-deferred until you begin to withdraw funds at retirement (when you'll probably be in a lower tax bracket) And you'll also be getting a tax break when you pay 1977 federal taxes because your contribution to this fund is deductible
Under the plan, you can contribute 15% of your earned income or $1500, whichever is less, in a single fund account. If your spouse does not work, your contribution can be up to $1750 or 15% of your earned income, whichever is less, when you establish two sub-accounts for up to $875 each Your Action Banker has all the details



James Behlen

If you're a businessman looking for a way to earn interest on temporarily idle funds

Ask your Action Banker about an ICB Corporate Savings Account. This account can be opened with any amount up to $150 000, the maximum account size, and earns 5% annual interest from date of deposit to date of withdrawal. This plan provides extra interest income over keeping excess funds in your corporate checking account Funds may be withdrawn anytime without penalty or prior notice

If you have any questions about these or other savings programs, come in and visit these or any one of the other Action Bankers located at the ten ICB branch locations in Southwest Michigan. Your Action Banker is there to make your banking more convenient, more enjoyable, more productive. You'll be surprised at just how much more action you get out of our Action Bankers and the Action Bank that backs them up

*Any withdrawals from your time savings before the end of a calendar quarter are subject to a substantial interest penalty, according to federal regulations.

NOTICE TO THE BUCHANAN TAX PAYER

Doctor Jones our new Township Supervisor did in fact order two building inspectors to Red Tag stop order building March 15th on the rabbit cage. In my opinion this is a waste of taxpayers money. This is about as injust as the proposed ordinance that is about to be presented to the Buchanan Township. This is not to be considered a joke, this can happen to you. Under the new proposed zoning ordinance, in my opinion, it will take the rest of your rights away and leave you paying just taxes on your land. Signed Fred E. Hankins

The "Almost Anything Goes" champs — Lakeshore 3 Lakeshore, 32 points

by Don Stowell

Buchanan High School hosted its first annual "Almost Anything Goes" contest Saturday, April 16 at Memorial Field.

Five of the area high schools that participated in the contests were Lakeshore, Brandywine, River Valley, Edwardsburg and Buchanan. Each school sponsored a different contest and supplied its own material.

The first competition was called "Blind Horse Maze." Each team consisted of four people who paired off. One was to be blindfolded and the other was to ride on his back while the blindfolded partner ran through a string maze to his teammates at the other end. The awaiting teammates then proceeded to accomplish that same task.

"Jump on the Board" was the first of the two events that all the schools participated in at the same time. Eight team members stood in a circle around a small board (approximately 2' x 1' in size). When the whistle blew, the teams were to try to stand on the boards at the same time without any part of their bodies touching the ground.

The obstacle course was the only contest that disqualified Buchanan. A full set of obstacles completely around the track put Buchanan out of the competition when one team member ran instead of walked.

The real mess started after the water balloon throwing contest when the different teams took it upon themselves to dump jugs of water on people. Then came the "Pie Over the Wall" ecstasy. Approximately 50 pie-tins filled with white frosting added to the excitement when they were tossed over tall cardboard boxes to another teammember in a race for the pie to reach the end. Each teammember who participated had to catch the pie tin.

After that contest, there was a dirth of frosted people. The last event was Tug-of-War, sponsored by Buchanan Beforehand, most participants of the pie venture took clothed baths in the creek to wash off their frosted toppings. The Tug-of-War median was McCoy's Creek. Not many cared that they got wet since they already were.

Lakeshore High School made triumphant victories throughout the afternoon events and finally ended up as "Almost Anything Goes" champions with 32 points. Buchanan, the hosting team walked (probably ran) off with a loss and a total of 2 points.

Tim Sullivan, employee of the Gamble store in Buchanan, Michigan, which is owned and operated by his father and uncle, was presented with a diploma certifying that he satisfactorily completed a two week Gamble dealer training program at the corporate headquarters of the Minneapolis-based merchandising company.

Wayne E. Waldera (left), President of the Gamble Stores Division of Gambles, made the presentation of the diploma

"The modern management techniques that these folks have mastered and the product knowledge they have absorbed will enable them to do an outstanding job of serving consumers in their community," Waldera said. "With the present trend toward do-it-yourself projects in the home, it's particularly important for our dealers to have a thorough knowledge of how our products are used so they can advise consumers correctly." Waldera continued, "Through our learning program with its seminars, workshops and discussions, we are able to offer units of study in all segments of store management and operation. More than 40 members of our division and corporate management team, with literally hundreds of years of collective retail merchandising experience, contribute their specialized talents as instructors in the retail training program."

Annual Budget conference of United Way of Michigan

Americans were fascinated last month when President Carter attended a town meeting in a Massachusetts village. The overriding feature of the town meeting is citizens determining their own destiny. They determine what services the municipality will provide and the amount of taxes that will be necessary to sustain these services. This is basic democracy and one of the fundamental tenets upon which our forefathers built our democratic form of government

For 30 years, Michigan citizens have participated in a similar representative process, not for governmental services but for voluntary services supplied by voluntary health and social service agencies, supported through the United Way of Michigan. Michigan citizens come together, representing more than 100 local United Ways, and determine the amount of money necessary to support these necessary health and social service agencies, which are funded through participation in each local United Way campaign throughout the state.

Nearly 300 Michigan citizens will gather at Kellogg Center in East Lansing at Michigan State University for the Annual Budget Conference of the United Way of Michigan, to be held April 19 and 20

Mrs. Jack Pickering, of Grosse Pointe, conference chairperson, and Mr. Starr Keesler, assistant vice president of Administration of Michigan State University provide the leadership at the Budget Conference, where 23 state and national agencies will present their program and financial requirements to a panel of volunteers for examination. The volunteers will then determine the allocation to be recommended for the continuance of these programs.

Most of the 23 agencies conduct independent campaigns for funds in other states, but in Michigan they are included in each local United Way because of their membership in the United Way of Michigan In no other state do agencies submit to such a close scrutiny by a panel of knowledgeable volunteers as these agencies do in Michigan

Agencies such as the Michigan Heart Association, Michigan Association for Retarded Citizens, United Cerebral Palsy Association of Michigan, Children's Leukemia Foundation of Michigan, Child and Family Services of Michigan, Inc., Kidney Foundation of Michigan, Leader Dogs for the Blind, and 16 other statewide or state affiliates of national agencies are included in the United Way

In 1977, local United Ways provided $5,633,785 to the United Way of Michigan for the support of these agencies

The budget conference will make a recommendation of the amount necessary to support these agencies in 1978, and each local United Way will then be asked to accept its fair share quota of that statewide goal

Christian Science lecturer to speak at Niles

What builds a spiritually satisfying life-style?

A Christian Science lecturer and practitioner from San Francisco will discuss this question in Niles on Monday, April 25

Miss Patricia Tuttle C S B, will speak at 8:00 p.m. in First Church of Christ, Scientist, Niles

"All of us," she will say, "are engaged in the enterprise of living We want to construct a life-style that has beauty and usefulness We want it to withstand the storms of fear and destruction; and the currents of unhappiness, sickness, and sin And most of all, we want the life-style we build to be satisfying, unique, individual, not patterned after someone else but original in design"

Miss Tuttle will be introduced by Mr Craig Huntley of Niles.

The lecture is open to the public without charge

Miss Tuttle is a native of Los Angeles and is a graduate of California State University at San Diego She served as a Christian Science Minister for the Armed Services and Regional Assistant for Christian Science college organizations in Europe. In 1969, Miss Tuttle became a member of the Christian Science Board of Lectureship The board is made up of some 30 lecturers who give more than 4,000 talks and lectures on Christian Science on six continents each year.

Prior to entering the public practice of Christian Science healing in 1964, she was active in education.

"A Lesson from a Bridge" is the title of her lecture The public is invited without charge.

Pam Nelson, an Albion College junior from Buchanan, plans to hike the 2,000-mile Appalachian Trail beginning May 8 She begins the trip at Springer Mountain, Georgia, and ends in August in Katahdin, Maine

Pam Nelson to hike Appalachian Trail

Pam Nelson, a junior from Buchanan, wants to tackle the longest hiking trail in the U.S., the 2,000-mile Appalachian Trail To be successful, she must average 20 miles a day

"If I can manage that much, it will take me about 110 days to get from Springer Mountain, Georgia, to Katahdin, Maine," says Pam "This is my last chance to try a really adventurous summer project before I go to medical school and I really want to give it a try"

Pam has been interested in hiking ever since her senior year in high school She took an experimental course in wilderness education during her freshman year at Albion and learned how to stake out routes and prepare nutritous, yet lightweight meals

"It's too expensive to live off freeze-dried foods all the time so I'll mostly eat noodle dishes, peanut butter and crackers, and gorp -- a favorite hiker's snack consisting of a mixture of cereals, nuts and dried fruit," says Pam "Every five days or so I'll be passing a town or village where I can replenish my supplies."

Pam will be taking along in her back pack only what's absolutely necessary "Hickers on the Appalachian Trail usually have to send back home half the items they first thought were indispensable," she says She will not even take a tent with her There are cabins along the path and she will sleep under the open sky if all the bunks are occupied when she arrives at one of the huts.

To get in good shape for this mammoth hike, Pam plans to jog a lot as soon as the weather warms up She will also have to strengthen her shoulder and arm muscles with weight lifting This will prepare her for carrying the back pack

Pam still needs to find someone to join her on the trail

"My parents would not let me go by myself," Pam said "Sometimes when your morale is low, a good friend is what you need to encourage you to keep on walking and braving those 2,000 miles"

Pam is the daughter of Mr. and Mrs Maurice Nelson of 316 West Chicago Street

REGENERATION

By Brent S Batchelor

Love lies stone cold dead smothered by its own ash powerless to rekindle itself, But though all hope died in utter despair nothing is impossible for there exists a parallel Once a gentle man hopelessly lay, no breath of life in mortal clay; But a greater force rolled the stone away to set the stage for a brighter day. Banished for eternity the dread spectre illicit relations stalks no longer the dark corridors of the mind The spark of love transformed by faith to immortal flame now appears destined to blaze for ever in the shrine of the soul

Plans underway for Americans Together Day at Galien

Plans are underway for the annual Americans Together Days at Galien. This year's events will be held June 4-5 at the American Legion grounds. Galien Rocket Football is the sponsoring organization with James Przybylinski and Clair Silas as co-chairman Others on the committee are Jerry Doehrer, Don Welsh, Larry Smith, Larry Hiatt Bill Frame, Jack Canfield, George Medich, Bill Krumm Jim Legault, Al Schliewe, Gerold Warren and Dave Smith

Mrs Clare Olmstead is serving as secretary, Terry Dalrymple, treasurer, George Medich and Cora Jane Przbylinski as parade chairmen; Lene Mollberg and Hal Fein as donation chairmen; Dewey Mollberg, publicity; American Legion and Son of American Legion on construction; Rex Hinman, public address system; Rex Hinman, Lee Allen and Al Schliewe are in charge of games for the children. The following organizations will be participating in this years celebration; Rocket Football, American Legion Auxiliary, Sons of American Legion, Little League, Fire Department, Delta Theta Tau Sorority, Lions Club, 4-H, Girl Scouts, Boy Scouts, Church of Christ, Rick Ott and Allen Strefling

Diane Rolston selected Galien Girls State Representative

Diane Rolston

Miss Diane Rolston, has been selected for American Legion Auxiliary Girls State participation to be held June 11 to June 19 at Olivet College, Olivet Michigan

Final selection for this honor was based on an essay "What Does Patriotism Mean to Me" judged by a committee of high school faculty members and Mrs. Winston Sands. Mrs Sands is the chairperson of the Girls State committee of the American Legion Auxiliary Post 344, Galien, Michigan, which is the sponsoring organization.

Miss Rolston's parents are Mr and Mrs Guy Rolston, Route One East Second St Galien, Michigan

The purpose of Girls State is to provide citizenship training for girls of high school age; to provide them with an opportunity to understand the functioning of their government and help them grasp the meaning of some of the responsibilities which they must assume when they become adults. The entire program is a non-political attempt to teach and inculcate in the youth of America a love of God and Country.

Lori Natzke

In the event Diane is unable to participate Miss Lori Natzke was selected as alternate delegate Miss Natzke is the daughter of Mrs Darlene Russell, Box 196, Galien, Michigan

ORDINANCE NO. 234

AN ORDINANCE TO AMEND ORDINANCE NO 196 (THE CITY GARBAGE & REFUSE COLLECTION ORDINANCE).

THE CITY OF BUCHANAN ORDAINS:

Sub Para (d), Section 4, of Ordinance No 196 of the City of Buchanan is amended by repeal of said Sub Para. (d), and by addition of the new Sub Para. (d), Section 4 herein.

Section 4, of Ordinance No. 196 is further amended by the addition of the Sub Para. (f) herein.

(d) Rubbish containers and bundles to be picked up on collection days shall be placed at the curb, where the premises is served from the street, and at the rear of the lot of those premises served from alleys or otherwise served from the rear, but not earlier than 6:00 p.m. of the day prior to scheduled pickup.

Garbage containers may be placed at the curb, at the back door of the building, or at the rear of the lot if such lot is served from the rear.

All containers and bundles shall be limited to a maximum weight of 60 (Sixty) lbs. and shall be as accessible to collectors as possible

(f) Should any person, firm or corporation violate any of the provisions of this Section 4 in such a manner that in the opinion of the City Manager, the violation imposes the possibility of an immediate health hazard or nuisance to the community, the City Manager shall take immediate corrective action.

The minimum corrective action is considered to be removal of the garbage, refuse or debris immediately. The cost of this removal shall be charged to the property owner at the location of the occurrence at a time and equipment rate of not less than $25.00 (Twenty-Five Dollars) per occurrence, said charges to be collected by suit or added to the tax roll.

This Ordinance to become effective April 26, 1977.

Wanda Shirley, Community Relations Manager, Niles, offers you this telephone tip:

"How can you tell if the person at your door is really a Michigan Bell Employee?"

As you may have noticed, our employees do not wear uniforms. They dress in the way they think is most appropriate to get their jobs done. While this permits them to look like the individuals they really are, it really doesn't help you identify them as Bell employees. But, there is a way. Every Bell employee who comes to service your phone is required to carry a Michigan Bell identification card giving his or her name, photograph and signature. For your protection, ask to see this card before you admit them into your home. They'll be happy to show it to you.

Michigan Bell Employees—people who know what they're doing... and care about it.

NOTICE OF MORTGAGE SALE

Default having been made in the conditions of a certain Mortgage made by JOHN PAPOI and PAULA A PAPOI, husband & wife to WHITCOMB & KELLER MORTGAGE CO, INC dated June 6, 1974, and recorded in the office of the Register of Deeds for the County of Berrien and State of Michigan on June 18, 1974, in Liber 977 of Mortgages on page 739, and assigned to Federal National Mortgage Association by assignment dated July 11, 1974 and recorded in Liber 980, page 369 of the office of the Register of Deeds for Berrien County, on which Mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of Twelve Thousand Three Hundred Seventy Five and 28-100 Dollars, ($12,375 28) plus interest from November 1, 1976 and no proceedings have been instituted to recover the debt now remaining secured by said Mortgage, or any part thereof, whereby the power of sale contained in said Mortgage has become operative,

Now Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said Mortgage and in pursuance of the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises therein described or so much thereof as may be necessary at public auction, to the highest bidder, at the front steps of the Court House in the City of St Joseph, and County of Berrien, Michigan, that being the place of holding the Circuit Court in and for said County, on May 3, 1977, at 11 00 o'clock Michigan Time in the fore noon of said day, and said premises will be sold to pay the amount so as aforesaid then due on said Mortgage together with 8 ¾ per cent interest, legal costs, Attorneys' fees and also any taxes and insurance that said Mortgagee does pay on or prior to the date of said sale, which said premises are described in said Mortgage as follows, to wit

That part of the Northeast Quarter of the Southeast Quarter of Section 15, Township 7 South, Range 18 West, Buchanan Township, Berrien County, Michigan, described as follows, to-wit. Commencing at the East Quarter post of said Section 15, thence West 208.0 feet; thence East 108.0 feet, thence North 208.0 feet to the place of beginning. Containing 1 acre, more or less.

The period of redemption will be six (6) months from date of sale.

Dated March 25, 1977.
