PARK EQUIPMENT STOLEN· About $50 worth of recreational equipment was stolen from this metal building at Ravish Park last weekend

Thieves cut park program short

The theft of a large amount of recreational equipment from a metal storage shed at Ravish Park last weekend will result in severe curtailment of activities at the park for the rest of the summer, according to Mel Ravish, park supervisor

"The program at Ravish Park will be very limited for the remainder of the year," said Ravish

Items stolen included arts and crafts materials, games, a set of horseshoes, wiffle ball bats and a 16-inch softball Ravish said the equipment was worth "at least $50."

The thieves apparently used a hammer to break open a padlock which locked a chain that secured the door of the shed The theft was discovered by park workers Monday morning

Ravish said that theft and vandalism has occurred at the park several times previously, including once earlier this year In the past, the Buchanan Recreation Program always replaced stolen equipment, but it won't this time, according to Ravish.

Ravish said it is useless to replace the stolen articles with new equipment that may eventually be stolen also "We have an obligation to the taxpayers putting out money to replace this equipment every time it's stolen," he stated

Some Ravish Park activities will still be offered until the park program terminates for the summer on August 19, but partipants will have to make do with what little equipment is left

Vandalism has been a continuing problem at Ravish Park

A one story frame building, formerly a concession stand at the Smith Park midget league fields and moved to Ravish Park for use as an arts and crafts building and rain shelter, has had its interior nearly demolished by vandals

In the past year, vandals have ripped the door off the building, ripped panelling off the walls, broken windows, and gouged holes in the walls Shingles have been torn off the roof and refuse and human excrement litter the floor

Isolated incidents of vandalism have occured infrequently at other city parks, Ravish indicated, but only at Ravish Park has the problem been continual

City property reappraisal underway

The Honorable Richard J Gault, Mayor of the City of Buchanan, this morning issued a reminder that the reappraisal of residential property is currently underway

The contract was let to the United Appraisal Company, a Division of the Cole-Layer-Trumble Company of Lansing, Michigan and Dayton, Ohio, which Mayor Gault termed. "The largest mass appraisal firm in the United States today, with active projects in over 30 states"

The first step in a reappraisal program, the Mayor explained, is to send individuals, called field listers, into the field to gather information These individuals who come directly into contact with the public, do not place the values on homes, but gather and verify information relative to construction details, improvements or destruction of various buildings and land information

The actual pricing will be done based upon a cost price schedule recently released by the State Tax Commission and verified by experienced appraisers after contacting various builders and contractors Once this schedule has been completed, trained clerical personnel will use the physical information gathered by listers to determine the basic cost for each individual house and other structures

This cost will then be compared with the market value prevalent in the City An experienced appraiser will then review each individual home to assure that the information is accurate and that the pricing schedule has been correctly applied, he explained

"The objective of a program of revaluation," Gault said, "is to assure that all real estate has been properly listed and equally valuated It is the objective to assure that each citizen of the City of Buchanan pays his fair share and only his fair share of the tax burden to provide the necessary services for all"

Any citizens of the City of Buchanan desiring further information or clarification of this reappraisal program may call or visit the City Hall

APPRECIATION AWARDS FOR DAM RESCUE. Buchanan Fire Chief Neal Burks and Patrolman Francis Morley received Appreciation Awards last week from the Berrien County Sheriff Department The awards were given for outstanding courage and professionalism in assisting fellow officers in making a successful rescue of two persons trapped under the spillway of the Buchanan dam on May 15, 1977 Lt. Richard Heminger (left) of the Sheriff Department's Galien substation presents a plaque to Burks while Morley and Buchanan Police Chief Dan Moore (right) look on

Buchanan street work funded, alleys vacated

There were seventeen visitors in attendance at the regular City Commission meeting, Monday, July 25, at City Hall

The first item of business following roll call and minutes of the last meeting was public hearings to consider vacation of alleys Each of the three alley vacations was dealt with separately

1 A proposed alley known as Barton Acres Alley, between the business district and Metea Court, running from Liberty Street east to the city limits The commission tabled action to allow time for a resolution to be written

2 An existing alley in Colonial Gardens running from Terrecoupe Road, west to the city limits at the southern edge of the Colonial Gardens Plat Several residents of the area voiced conflicting opinions concerning the vacation After hearing from Attorney Desenberg concerning the law on division of the property when an alley is vacated the commission voted 3-1 to vacate the alley. The property was divided equally between the adjacent land owners

3 An existing alley running from Chicago Street south for a distance of 132' between Days Avenue and Redbud Trail South (Pinlock Engineering and Batchelor property). Since both property owners approved the vacation the commission voted to vacate the alley

The city reserved the entire width of each alley as a permanent easement for public utilities purposes

The commission was advised a total of 85 copies of the completed Comprehensive Plan for the City of Buchanan have been delivered

Three vacant lots located at 120, 122 and 124 Bluff Street have been appraised for $700 each The commission authorized the advertising for bids with a minimum bid of $700 and terms of the sale must be cash

The bid from Consumers Asphalt Company for street improvements on Arctic, Enterprise and Commercial Streets were accepted Even though the bid of $84,034 was higher than the $65,000 budgeted for the project it was recommended the balance be obtained from the Capital Projects Fund for Street Improvements and can be handled by a subsequent budget revision

The bid of Burns Buildings for $10,743 for a pole building at the Wastewater Treatment Plant and for material for the Department of Public Works addition was accepted

The commission voted to pay $6,500 of the $7,040 58 invoice presented by Clifton Engineering, withholding the remaining amount until some items have been replaced.

Commission members voted to pay Attorney B.R Desenberg $2,498 85 for services during the month of June

They also voted $5,609 85 to Architects, Inc for Phase I planning, $3650 for a home rehabilitation project and voted to authorize payment of bills in the amount of $86,334 26

Clark Credit leases Niles office

Clark Equipment Credit Corporation on July 21 signed a two-year lease to occupy the former First Federal Bank offices at 306 East Main Street in Niles These offices will house 52 persons already employed by the company in the area of regional credit administration

"This is a temporary move while the long range space needs of Clark Credit are being studied," said David L Howe, chairman of the board of Clark Credit

According to Howe, Clark Credit is presently housed at four separate locations in Buchanan The move will allow the corporation to consolidate its offices at two locations, the main office at the southwest corner of Front Street and Days Avenue in Buchanan, and the former bank office in Niles

The employees being moved currently work at the Axle Division and the Mollberg Building on Buchanan's Front Street. Employees at Clark Credit's main office on Front Street are not affected by the move Howe said

Citizens get chance to discuss zoning

By Don Nichols

John Owicki is the Chairman of the International Seed Popping Contest and the Johnny Appleseed Chairman. The Seed Popping contest was started here and now people from England, Germany and all over the U.S have participated He has done extensive research so that Johnny Appleseed is portrayed each year with realism

About eighty people went to Indian Hills School Monday for the hearing on Buchanan Township's proposed new zoning ordinance Chairman Ken Huston had planned to end the meeting at 9 30, but some of the people still had more to say after that

Burrel Weaver explained the new zoning map in comparison to the old one The only specific objection was from people in the East River Road area who objected to the changing of their area from agricultural to residential It was explained to them that they could still continue farming the area, but there was even a petition presented against this change The planning commission explained that they were not trying to stop people from farming, but were encouraging farming in the township

The planning commission indicated that at its August meeting it still has the option to make changes before presenting the ordinance for approval by the township board There is an effort by some residents to force the whole issue to a vote by the entire electorate

The fear was expressed that future planning commissions and boards of appeals might interpret parts of the ordinance differently than the current members of those bodies The proceedings of Monday's meeting were all taped, and it was suggested that in some way they could be transcribed for future study and reference

There were several questions about non-conforming use of various zoned properties and at one point two men from the Berrien County Planning Commission were consulted

Dr Kenneth Jones, supervisor, had a suggestion about going back to the old practice of allowing relatives to live in a mobile home on a farm, and presumably this will be discussed again at the planning commission's August meeting

School Board accepts Inter-City bid

The Buchanan Board of Education experienced considerable opposition and a threat of recall when they voted last spring not to offer tenure status to Michael Morse, director of instrumental music That matter was resolved last spring but last Thursday the board accepted the resignation of Morse, who is going to Michigan City It also accepted the resignation of Lyle McMullen, who is leaving the teaching profession

The main reason for Thursday's special meeting was to accept bids on the $700,000 tax anticipation notes the board needs to borrow Michigan National Bank and Inter-City Bank were the bidders, and Inter-City's was the lowest bid at 3 18 per cent interest for 254 days The cost for borrowing the money will come to $15,705

The board discussed at length whether or not to lease or buy copying machines It was finally voted to buy a Savin copier and collator for $7496 51 plus a $630 service contract Three of the seven board members voted no to this expenditure

George Merrill explained to the other members how to fill out the statements of organization and the campaign expenditure statements required by law now in Michigan for anyone running for public office or serving on various boards or committees These forms must be filed at the county clerk's office

Poor promotion, lack of money, caused canoe center closing

Three years ago the American Canoe Association bought Riverside Camp on East River Road in Niles Township from the United Methodist Church, announcing that it planned to use the camp as its national training center for Olympic kayak and canoe racers

The camp was renamed the Callman Canoe Center, after Arthur M. Callman, an ACA commodore (president) of the 1930s, the funds from whose estate were used to purchase the camp

The Buchanan Area Chamber of Commerce designated Buchanan the "Olympic Kayak Capital of the U S", a title derived from the presence of the camp and local resident Marcia Smoke, the premier women's kayak racing instructor in the country and an Olympic bronze medalist in 1964

Later, plans for the camp were announced which included family and group camping, year-round meeting facilities, and extensive use by local school and the community as a swimming and recreation area Even the possibility of adding a restaurant and an arts and crafts center to the camp were discussed

Few of the plans ever materialized The center did attract some midwestern YMCA and church groups for weekend recreation and this summer the Niles-Buchanan YMCA gave swimming lessons at the camp pool The center has also been used as a training camp by national-level canoe and kayak racers But two weeks ago the center closed due to a lack of funds and the ACA has been forced to put it up for sale

Lynn Rapant, director of the Callman Canoe Center for the past year, feels the ACA itself shares the blame for the center's failure

"The ACA didn't put enough money into the camp and didn't give it enough time to succeed," she said "The camp wasn't promoted enough, especially locally There just wasn't enough money for local ads"

Rapant feels the center might have broken even financially this year if the ACA had kept it in operation, but extra money would still have been needed to maintain and renovate the aging bunkhouses and other camp buildings

Rapant said the center catered mostly to large groups and Chicago people were the largest source of income The only regular users were YMCAs, Boy Scouts and Girl Scouts from out of town, she noted

Poor communications and the lack of local promotion seem to be the reasons the center, containing Buchanan's only public swimming pool, never had much local use "We offered weekly canoeing and kayaking lessons this year through the Buchanan summer recreation program, but nobody signed up to take them," Rapant said

She noted that only two per cent of the ACA's total budget is used for flatwater racing programs such as the Callman Canoe Center offered Olympic-style racing is only one of the ACA's many interests and responsibilities, the others including ecology, water safety, river rights, canoe sailing and the increasingly popular whitewater paddling Only 350 of the ACA's 4,000 members are flatwater racers

With the closing of the canoe center, can Buchanan remain a hotbed of flatwater racing, an Olympic, though somewhat obscure, sport?

Dick Proud, owner of the Sport Corner, thinks so Proud rents and sells kayaks and canoes from his store in Buchanan

"As long as Marcia Smoke continues to coach, and it's my understanding that she will continue, serious flatwater racers will continue to come to Buchanan," he said He agreed that the lack of local promotion hurt the canoe center

Proud thinks kayaking will grow in popularity as it gains exposure He cites the sports popularity in Europe and the interest in his kayak exhibit at last year's Berrien County Youth Fair as proof

Proud said he rented eleven kayaks last weekend, his best weekend of the summer, and nine of the eleven were rented to people who had their first exposure to kayaking at his fair exhibit.

Though the Callman Canoe Center has closed Lynn Rapant hasn't given up kayaking She will remain in the area and has taken a job as junior high program coordinator for the Niles-Buchanan YMCA She plans to continue training on the St Joseph River, with a hopeful eye toward making the 1980 Olympic team

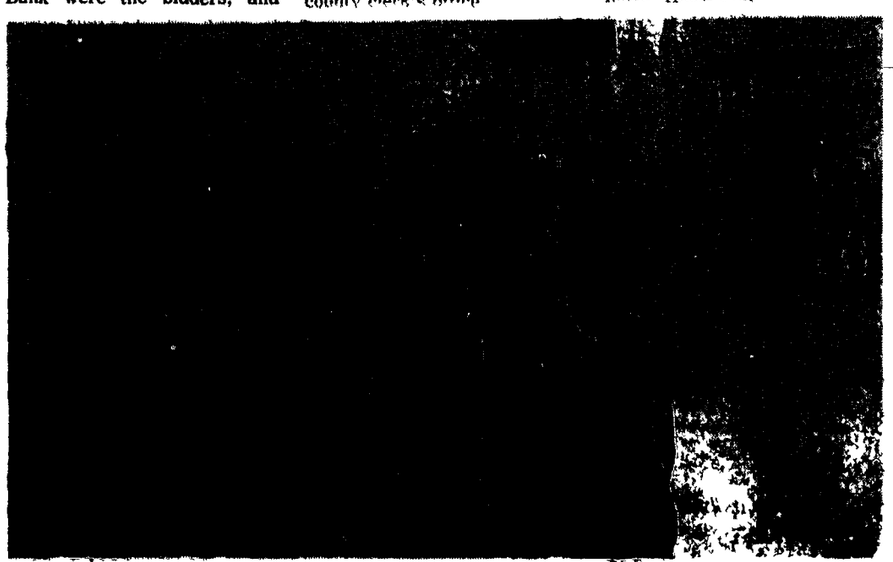
Bike hits car; rider suffers broken teeth

Six year old Renita Mayo of 510 Arctic Street, Buchanan, suffered broken teeth when the bicycle she was riding slammed into a car at the intersection of Oak Street and Front Street on the morning of July 21

Also on the bike was Jackie Rachelle Thompson, ten, of 1106 Red Bud Trail, who was uninjured.

Buchanan police officers said the bicycle was traveling east on Front Street when it ran a red light and hit a car driven by Marne Wilson Trapp, 208 Days Avenue, Buchanan, that had entered the intersection on a green light

Officers said the bicycle's handbrakes had been removed prior to the accident No tickets were issued.



Officers help Renita Mayo, six, of Buchanan into ambulance after the bicycle she was riding hit a car at the intersection of Oak and Front Streets in Buchanan on July 21. The girl was taken to Pawating Hospital, Niles, where it was determined she had suffered broken teeth. She was released to the care of an oral surgeon.

National-Standard's third quarter earnings rise

For the nine months ended June 30, 1977, National-Standard Company's sales were $204,999,000, up from $169,418,000 in 1976. Earnings were $2 25 a share compared to $1.76 per share last year

For the third fiscal quarter, earnings were $3,362,000 or $ 81 per share on sales volume of $70,807,000 Comparable sales of $55,500,000 in 1976 produced earnings of $2,486,000 or $ 59 per share

"The most significant improvement in the quarter was in the Wire Products Group, highlighted by a continuing strong demand by the rubber industry," N-S Chairman T H. Pearce said. In the spring of 1976, the rubber industry commenced a prolonged strike. Pearce also said the strong performance of foreign operations continued in the third quarter. "Machinery results, although far from satisfactory, showed a reduction in operating losses and increasing backlog," he added.

"Incoming business continues to indicate strong demand for our products and stability in the general economy We believe our fiscal year that ends September 30 will be very satisfactory," Pearce concluded

National - Standard parent company of Buchanan Steel Products, manufacturers a wide range of wire products, fabricated metal products and specialized machinery, with 28 domestic and 8 foreign For the year ended 30, 1976, the company's sales volume of $282

Opinions

Ag in Action

OSHA's "common sense"

There's a new booklet out, published by the Occupational Safety and Health Administration, better known as OSHA. Its title is, "To Shift To Common Sense Priorities," and in it the new OSHA Administrator, Dr. Eula Bingham, calls for an expansion of educational efforts and a re-focusing of the agency's inspection efforts on the most serious health and safety hazards Apparently, emphasis will be on health hazards that cause irreversible injury — cancer, lung disease, nerve damage, and "all the rest."

Dr. Bingham's apparent goals, the de-emphasis of regulation replaced by an increased emphasis on education, are indeed admirable OSHA's critics have requested this change for a long time But the administrator's "all the rest" generalization hits a nerve like no chemical ever could

At a recent farm broadcasters' meeting in Washington, D C., Dr Bingham continued to speak in broad generalities Here are some examples

On respect for agricultural chemicals -- "I've seen farmers clear the nozzles of chemical applicators with their mouths Look, I've been on a farm, I know what they do"

On the use of diethylstilbesterol (DES) as a cattle feed additive -- "What happens if pregnant women accidentally consume the hormone? This is a problem, but we don't know how serious. However, we have to take necessary precautions."

The DES generalization came later, during questioning by a Missouri farm broadcaster. "Mrs. Bingham," he said, "how many cases of cancer can you cite to us that have resulted from the use of DES as a cattle feed additive?"

"Oh, I can't .uh, that's not ," Dr. Bingham stammered Finally, "I cannot cite any"

"Why was it withdrawn?"

"I don't know I had no input into that decision," she answered Finally, she admitted, "I had no idea it had been withdrawn I thought it was still available"

Apparently, the woman had been talking through her hat And by expounding in sweeping generalities she had been backed into a corner. But Dr. Bingham is trying to solve problems, trying to understand, and trying to be fair. Just like "all the rest" of Washington's bureaucrats.

Strictly Personal

By D.E.N.

In the same mail, cards from four of our favorite people Joe Koenigsknecht wrote from Paris where he's trying to stay on a $12 a day budget Kyla Newsom has been doing great work at Ferris State. Helen and Ann Habicht were just preparing to drive from London to Cambridge.

In reporting the fall of the Greek and the Roman civilizations, Will and Ariel Durant list as reasons runaway inflation, abandonment of the established religion, the general acceptance of homosexuality, the use of drugs, the spread of pornography and the lack of trained and disciplined armies, among others. They also list the unwillingness of people to work "The Rise and Fall --" adds the lack of confidence of the people in their government.

Some robber bees tried to get into the hive last week and eventually got the bum's rush, but not before several of the home team had died in the efforts. We never knew there was so much excitement to beekeeping

---

Our appraisal in Niles Township went up almost forty per cent An interview with the appraising company left nobody the wiser. If Buchanan has the same experience, it's going to be tough to pass any millage votes in the future

Praises cop

Berrien County Record,

When the boy get shot a few weeks ago a policeman doctored him up. This week a little kid was hurt down town. That there same policeman was there helping that kid while the other police didn't I call him the cop with the green box. Who is he and why ain't he thanked? Ain't see a policeman like him before. Wish others were so good God must love that boy for he helps us black folks same as the whites

If he ain't given a award or something I does hope my thanks are good enough

Ed

(Editor's Note) Buchanan Police Chief Dan Moore says the "cop with the green box" is Patrolman Robert Dings Dings is a paramedic who has taken several first aid training programs and has volunteered to work with the Southwestern Michigan Community Ambulance Service Therefore he's the policeman most qualified to give medical help when he's on duty The green box is a first aid kit.

Rezoning

Notice to the Buchanan taxpayer

At the last open hearing at the zoning board during the course of the evening Dale Nelson, who sits on the planning commission, there stated in public that he bought farm land which he intends to keep as farm land We would like to request of the Buchanan township that no lands or farm lands should be rezoned unless individual property owners can have the same kind of choice as Dale Nelson

Also, upon checking-the-tax records at the court house in St. Joseph, we find that there has been no valuation increase on his property since 1970 to the present date How much has your tax valuation been increased since 1970?

Citizen League

Tree removal

Dear Editor,

I would like to make a short comment on last weeks article concerning the removal of four catalpa trees along Terrecoupe Road The trees were labled as hollow and dangerous in storms

As your picture illustrated one of the trees was obviously hollow to some extent, however you failed to show what the tree looked like before it was cut One main point you failed to produce was the condition of the other three trees that were also labled hollow and dangerous by your paper. If you go by the location you will notice the stumps left are completely solid and show no signs of hollowness

All elderly trees begin to show signs of age after a certain length of time This does not make a tree dangerous in storms either Solid trees, because of weight are much more dangerous and apt to fall over in wind storms than hollow trees Did you ever think a mother racoon may have sheltered a den of cubs in that tree?

A $400 million investment in Berrien County and the future of Southwestern Michigan was announced by Indiana and Michigan Electric Company The gigantic investment was in the form of the company's first nuclear power plant, to be located on the shore of Lake Michigan at Bridgman

The Indians were champions in the regular Little League season and the White Sox won the post season tournament

Berrien Ambulance Company began operating ambulances at two locations in the county Area funeral directors discontinued their service as the private ambulance service became operational

Congressman Dave Stockman Reports

Food Stamp Reform—Better But Not Enough

The 1978 Agriculture bill recently passed by the House included some much needed reforms for our wasteful, unworkable food stamp program but unfortunately, the reforms do not go far enough

The revised program will do a better job at targeting food stamps to those who really need them Higher income people who have been exploiting loopholes to get into the program will find many of those loopholes closed with these new reforms.

A little reform is better than no reform but I can't look at the changes that were made without regretting the potential improvements ignored.

Earlier this year I co-sponsored a bill which would have made strikers ineligible to receive food stamps. We spend more than $300 million a year to provide food stamps for these people who voluntarily stop working. The federal government in so doing is subsidizing one side in a labor/management dispute. If strikers need to be subsidized for the duration of a strike, it should be the responsibility of the union and not the taxpayer. Unfortunately, not everyone agreed and the bill never became part of the food stamp reforms

A similar case concerned taking students off the food stamp rolls. I joined in legislation to end this abuse and yet it was not included in the final reforms

Our present food stamp program involves 20 million recipients and 83 million tax payers who support the $6 billion program The program has grown so quickly (federal outlays for food programs have increased by more than 1,000% in the last 9 years) and with so little direction that I believe it is beyond the point where it can be reformed

We should build in a sufficient transition period and then scrap the entire food stamp program. We could then rebuild our entire welfare program from the bottom up with a food stamp alternative that is a rational, integral part of the entire system rather than an unwieldly appendage tacked on with little rhyme and even less reason

A rational, lower cost program which stresses work incentives as well as assistance to those who are truly in need is not an impossibility. It takes work but it must remain our ultimate goal.

Commissioners adopt resolution urging immediate US 31 construction

Last month the Berrien County Board of Commissioners adopted a resolution urging the state highway department to immediately begin constructing a four-lane highway to replace the existing two-lane road (U S 31) between Niles and St Joseph. The board requested that local chambers of commerce and governmental units in Berrien County also express their displeasure over the delay in the construction of the proposed freeway, presently scheduled for completion in 1985

On July 20 the Buchanan Area Chamber of Commerce sent the following letter to Senator Charles O Zollar, state highway department Director John P Woodford, and Governor William Milliken

Acting in response to the well-documented need for the new U S 31 Freeway and recognizing the general public's desire for the earliest possible completion of this proposed highway, the Board of Directors of the Buchanan Area Chamber of Commerce presents the following Resolution for your consideration, and in so doing joins many organizations public and private throughout the Michiana Area supporting the new U S. 31 Freeway

Whereas, the Buchanan Area Chamber of Commerce is vitally concerned with the continued economic progress of the Michiana Area, and

Whereas, the Chamber is also vitally concerned with the health, welfare, and safety of the general public in the area, and

Whereas, the present U S 31 route represents a continuing obstacle to this area's economic Development and a hazardous threat to the public's well-being, and

Whereas, the new U S. 31 Freeway has been promised to this area, for nearly ten years and yet it has continued to be plagued with continued delays, and

Whereas, the general public and its elected officials have become increasingly impatient with these delays, and recognizing that such impatience can have severe political repercussions on the Executive Department of the State of Michigan,

Therefore be it resolved, that the Board of Directors of the Buchanan Area Chamber of Commerce urges the Michigan Department of State Highways and Transportation to begin both north and south construction of the new U S 31 Freeway at the earliest possible date, and

Be it further resolved, that the Board of Directors requests a response to this resolution from the State Highway Department explaining the reasons for delaying a project that has been proposed for nearly a decade and which has been passed over in favor of other projects in other areas of the State

Congressman Dave Stockman challenges accuracy of safety and cost estimates for cars with air bags

Challenging the accuracy of safety and cost estimates for equipping cars with air bags, Congressman Dave Stockman (4th-MI) has co-sponsored a resolution which would countermand an order by the Secretary of Transportation and the National Highway Traffic Safety Administration to make air bags mandatory in cars beginning with the 1981 models

"Based on the sketchiest of information, the government is essentially mandating a $200 cost increase for the average new car This comes on top of nearly $800 in new costs for such mandated items as polution devices and other safety features," Stockman said.

The Michigan Republican said that there has been very little research into the effectiveness of air bags "Fewer than 100 'real world' accidents involving air bags have been investigated hardly enough on which to base a decision affecting 100,000,000 cars," he continued. Stockman commented that even experts agree that for air bags to be used effectively they must be used in conjunction with safety belts and that they would only be effective in frontal collisions Frontal collisions account for less than 55 per cent of all fatal accidents

"Overall," he said, "we have the now familiar case of an obscure bureaucratic agency imposing a $20 billion cost on American car buyers on the basis of an untested, unproven hypothesis It's time for the Congress to say no"

"I would point out that NHTSA, the group pushing for air bags is the same group that brought us the mandatory buzzer-interlock system which would cost Americans more than $200 million, a great deal of aggravation and which would eventually require an Act of Congress to repeal," Stockman added

Stockman said that the estimated $200 installation cost per car is just the beginning "Once an air bag inflates either in an accident or through a malfunction, it could cost again as much to have a new bag re-installed," he explained "Extend that over the accident rate for the average driver and it comes out to more than $2,000 during his driving lifetime"

Stockman concluded by saying that the government must learn from its mistakes "Well meaning experts forced a $200 million buzzer-interlock system on us in the name of safety. Now they're trying to do the same thing with air bags without sufficient justification only this time the price tag is 100 times larger"

Former Secretary of Transportation Coleman requested that a 'real world' sample of 400 000 air bag equipped cars be used to see if air bags are effective life savers before mandating air bags for 100,000,000 cars "The new Secretary of Transportation, Brock Adams has decided to forego the sampling and go ahead with the regulation based on information gleaned from only 100 'real world' accidents", Stockman concluded "Such research-regulation decisions make the research behind the recent FDA Saccharin decision seem exhaustive by comparison."

Electro-Voice 'Turkey Open'

Over 170 Electro-Voice employees and their guests enjoyed golf, dinner, music and dancing at the first Turkey Open, held at Brookwood Golf Club on June 28

The event was sponsored by the Electro-Voice men's and women's golf leagues and organized by Clark Warburton, secretary of the golf league, and Denny Bromley, vice-president of the league. Warburton is a staff engineer at Electro-Voice and Bromley is model shop supervisor

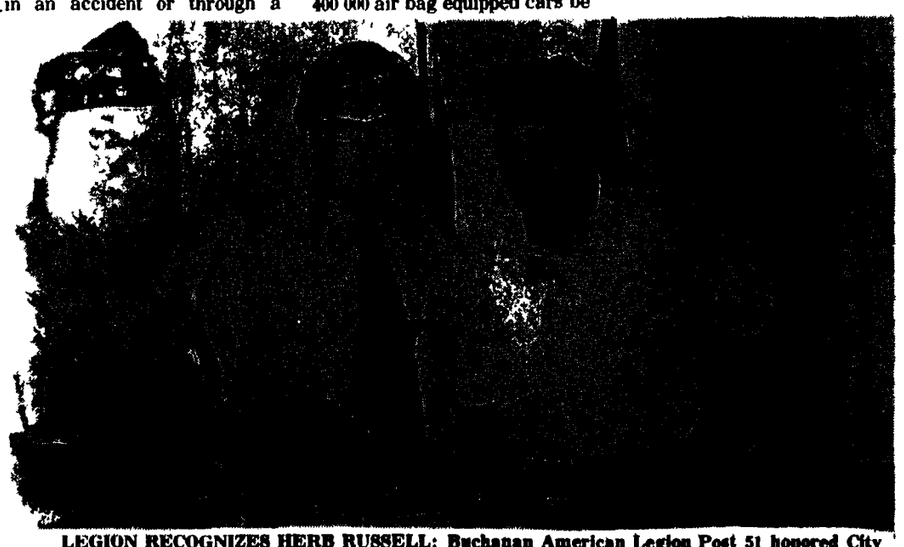
Warburton said the golf leagues, which play weekly matches throughout the summer, hope to make the Turkey Open an annual event

For dinner the golfers were served smoked turkey supplied by the men's golf league, homemade linguini supplied by Brookwood Golf Club, and hot dishes and salads prepared by the wives and members of the women's golf league.

Music was provided by a combo consisting of Electro-Voice President Bob Pabst, Music Products Marketing Manager Charlie Winkler, and Doug Leiter. Guitarists Mike Leiter and Gary Ewald made spot appearances. Vocalists were Sandra Dean Pabst, Joda Murphy, and Chuck White

Senior Engineer John Overley provided a surprise attraction when he sang three ballads and received a standing ovation after each one

Sales Manager Paul McGuire presented President Pabst with a personalized Electro-Voice 1776 microphone



LEGION RECOGNIZES HERB RUSSELL: Buchanan American Legion Post 51 honored City Clerk Herbert Russell at City Hall on July 25, presenting him with a plaque in appreciation for the many years that he has served Post 51 during the annual Memorial Day services. Russell has been in charge of the public address system at the services for over 20 years. From left are Jerry Mason, Post 51 commander; Russell; and City Manager Robert Faulhaber.

Twin Cities Symphony to hold auditions

The Twin Cities Symphony will hold auditions for musicians for the 1977-78 concert season on September 8 from 6:30 p.m. to 10.00 p m. at the St. Joseph High School orchestra room, according to Lloyd Sanborn, symphony manager.

All southwestern Michigan musicians with band or orchestra experience are invited to attend. Especially needed are clarinets, trumpets, percussion, French horns, trombones, bassoons, oboes, harp and strings,

Musicians auditioning will be required to play a prepared piece and sight read a short passage of orchestral music, Sanborn said

For further information and assignment of audition times, all interested musicians should call the Twin Cities Symphony office (983-4334) between 9 00 a m. and 11:30 a.m. or the music director, Robert Vodney (429-9764)

Although rhubarb is eaten as a fruit (often with strawberries), it is actually a vegetable.

Wanda Shirley, Community Relations Manager, Niles, offers you this telephone tip

"If you have a question about your phone service, your Michigan Bell Service Representative has the answer."

Mr. and Mrs. Richard Mattern and son, Dick, have returned home from a week's visit in Salt Lake City, Utah They were guests of Rev. and Mrs Reggie McClendon and daughter, Cheri, fiancee of Dick. Cheri and Dick both attend Arizona College of the Bible at Phoenix, Arizona. The wedding will be December 31, in Salt Lake City, at the Free Evangelical Church of which Rev. McClendon is the pastor

Mr and Mrs Clarence Bailey and daughter, Lorr, Mrs Carol Harrison and children and Mr. and Mrs. James Stowers have returned from a three week trip to Reno, Nevada, northern California, Oregon and Washington

Rev and Mrs Robert Strauss have announced the marriage of their daughter, Mary Jo, to Rev Lyonel Gilmer of Chicago, on Saturday, July 16 Rev Gilmer is chaplain at Children's Memorial Hospital and Grant Hospital in Chicago

Dorothy and Dianne Mattern are attending church camp at Lake Louise.

Mr and Mrs William Conn and Mr and Mrs Adolph Rychly attended the annual reunion of the Torstensen family at Paw Paw Lake, Watervliet last Sunday. Family members attended from Colorado, Indiana, Illinois and Michigan.

The Oronoko Adult Group will enjoy a potluck dinner and recreation Saturday, July 30, 4 p m , at the home of Mr. and Mrs Merrill Devenport The children are invited Please bring swim suits

On August 14, the Oronoko United Methodist Church will hold outdoor services on the riverside It will be a very special surprise celebration and all members are urged to attend Please bring a dish to pass and tableservice

Dr. Moyer appointed Director of Personnel at Ann Arbor Schools

Dr. Herbert S. Moyer, most recently of Port Huron, Michigan, and formerly of Buchanan, Michigan, has been appointed as Director of Personnel of the Ann Arbon Public Schools He was previously Executive Director of Curriculum Services for the Port Huron Area School District. He is married to the former Betty Yetter of Eau Claire and they have one daughter Karen who will be attending Alma College this fall

Dr. Herbert Moyer

Dr. Moyer has been active in community activities and recently was President of the Port Huron Rotary Club and Seaway Arts Council, as well as a member of several local and state PTA and professional groups He previously was a teacher and administrator in Buchanan, Michigan; White Plains, New York; and Mt Vernon, Ohio He received his BA degree from Western Michigan University, MA from Teachers College Columbia University, and doctorate from Wayne State University

Out of town guests

Mr and Mrs Ray Keefer, 313 North Detroit Street, had as their guests recently, his nephew, Burdick E. Keefer, son Michael and Mr and Mrs Leland Eggelston of Three Oaks Mrs Eggelston is Mr Keefer's niece

Portage Prairie

Weekend guests

By Mrs. William Shaw
695-6592

Mr. and Mrs. Don Ehninger and daughters of Columbus, Indiana were guests of Mr and Mrs. Charles Ehninger on the weekend While here they had their daughter, Jamie Christine, christened during the morning worship service at the Portage Prairie United Methodist Church

The United Methodist Women will NOT be meeting on Thursday, August 4, as had been planned due to a change in the program The next meeting of the women will be held in September at Fellowship Hall on Thursday, September 1

Mr and Mrs Carson Houswerth entertained, at dinner on Saturday evening, Mary and Esther Morelock of Reed City, Michigan and Trella Rough

Ada, Michigan, was the scene of the 43rd reunion of the descendants of Henry and Mary Gilbert on Sunday, July 24, as 16 members gathered from Ada, Wyoming, Niles and Buchanan, Michigan and LaPorte, Indiana, for a 1:00 p.m., basket dinner at the home of Mr. and Mrs. Charles Ritter Jr.

Adelbert Terrell, 67, of Wyoming was honored as the oldest member present and Curtis Ritter, four year old son of Mr. and Mrs Charles Ritter Jr. was the youngest Mr. and Mrs. Richard Gilbert and family of LaPorte traveled the farthest for the event

During the year one death was recorded, that of Mrs Elaine Gilbert Strauss on May 30, 1977 There were three births A son, Jeffrey Thomas, was born December 15, 1976, to Mr. and Mrs Tom Golden, Jonathan Curtis was born November 24, 1976, to Mr. and Mrs Daniel Pope and Kimberlee Ann was born March 2, 1977, to Mr and Mrs. David Grover.

Rain prevented outside entertainment. The afternoon was spent visiting and reminiscing over pictures of previous reunions

The 1978 reunion is scheduled for July 16 at the home of Mr and Mrs. Carl Gilbert in Buchanan. Those attending from this area were Mr. and Mrs Ralph Gilbert and son, Randy and Mr and Mrs Carl Gilbert

Mr. and Mrs William Frederick Deal Jr

Candlelight ceremony unites couple

Shirley Ann Fall and William Frederick Deal Jr exchanged wedding vows on Saturday, June 25. The candlelight, double-ring ceremony was performed by Rev Ralph Jackman at First Reformed Church of Flint

The bride wore a gown of candlelight Quiana with sheer lace sleeves and trimmed with Chantilly lace Her cathedral length veil, trimmed with matching lace, was held by a lace covered cap trimmed with candlelight pearls She carried a silk bouquet of daisies, apricot roses and white flocking framed in rust fern

The maid of honor, Sue Mielewski, and the two bridesmaids, Sue Deal, sister of the bridegroom and Lou Mielewski, wore matching gowns of pale apricot crepe with deep apricot roses accented with voile capes and full ruffles which followed the hemline and were held at mid-back by a large matching fabric rose Their off-white picture hats were trimmed with apricot chiffon scarfs and ribbon roses Their silk bouquets were of daisies and apricot roses with the maid of honor's being accented with rust

The bridegroom wore a candlelight Charleston tuxedo with matching shirt and brown velvet trim His silk carnation was accented with rust and apricot from the bride's bouquet The fathers wore candlelight Newports with matching shirts and brown trim The best man, Tim LaLonde, and the groomsmen, Paul Kline and Paul Phillips wore candlelight Newports with apricot shirts and brown trim

The bridegoom selected Dan Phillips as the organist and also to accompany him as he sang a love song to his bride

The reception was held in the church fellowship hall.

Both are 1971 graduates of Davison High School The bride is a Baker's Business College graduate and the daughter of Mr and Mrs. Don VanWormer of Davison and Mr Ward Fall of Harrison

The bridegroom attended Mott Community College and graduated from Michigan State University He is a music instructor at Galien Township Schools and the son of Mr and Mrs William F Deal Sr of Davison.

Following a wedding trip to Canada the couple is at home in Galien

Police report

Illegal cigarettes

The manager of the Citgo station at 739 East Front Street was arrested and charged with a violation of the Michigan Tax Act after Buchanan police officers purchased a package of cigarettes stamped with Indiana tax markings at the station on July 22.

James Heichel of Michigan City, Indiana, manager of the station, was released after posting $100 bond Officers confiscated 223 packages of cigarettes stamped with Indiana tax markings

A bicycle worth $15 was stolen from Wanda Taylor of 102 Arctic Street on July 23 Taylor said the bike was taken from a patio at the rear of her house

Vandals fired pellets from a BB gun through a plate glass window and a glass door of Sexton's Furniture Store at Front and Oak Streets last weekend The windshield of a truck belonging to the company was also broken, apparently by a thrown rock

Paul Snelson, custodian of the Church of the Nazarene, 704 West Front Street, reported a fire extinguisher worth $10 was stolen from the church sometime last week

Mrs Gus Fagras, 413 West Front Street, reported the theft of a plant and hanging basket from her front porch on July 23

This Week at Fernwood

Pottery Classes

The month of August at Fernwood begins with two classes in pottery for our younger artists. Starting August 1 will be six sessions of Children's Pottery. For two weeks on Monday, Wednesday and Friday mornings, this introductory course will teach each child the basic handbuilding techniques of clay forming. Slab coil and pinch methods will be used to explore the making of pots, decorative tiles and animal shapes that will be glazed and fired This class is from 9 30 a m – 11.30 a m on each of the scheduled days The class is filled

Also beginning August 1 is Teens' Pottery. For three weeks on Monday, Wednesday and Friday afternoons from 1 00-3 00 p.m this class will concentrate on wheel thrown pottery techniques Hand building techniques, glaze mixing, and glaze application are all part of this class which is structured for both the beginning teen and also for teenagers who have had previous pottery experience. There are a few openings left

Both classes are under the instruction of Helen Jenkins of Niles A popular instructor in our youth program, Mrs Jenkins received her BFA Degree from Cornell University and has a MA Degree from the University of Notre Dame

Continuing in the Craft Cabin is Lost Wax Jewelry under the instruction of Nana Maher. With pewter casting finished, students are beginning wax forms that will soon be cast in a metal of their choice. A variety of designs in rings, pendants, bracelets, and pins are soon to be cast in bronze, silver or gold This class meets from 7 00 to 10 00 p m on Monday and Wednesday With this class in session, the Craft Cabin would make an interesting stop during your evening stroll on the Fernwood trails

Ending the week's activities is the always popular St Joseph River Canoe Trip From 10 00 a m. til 4 00 p m , Saturday, August 6, Fernwood Naturalist, Mike Champagne, will lead an enthusiastic group of class registrants up and down the river banks, stopping here and there for a little birding and botanizing Canoe rental is included in the registration fee Bring a picnic lunch and the family for an outing along the beautiful St Joe.

Friendship Club donates lighted globe to public library

The Buchanan Friendship Club donated a lighted globe and some children's records to the Buchanan Public Library on July 20 Purchase of the globe and records was made possible through community support of the Spring Salad and Casserole Luncheon prepared by the members of the club.

The purpose of the Friendship Club is to bring together the people of Buchanan in an effort to develop cultural and social activities Friendship Club is open to all residents of the community, both new and established

Club meetings held at the First United Methodist Church on the 2nd Wednesday of each month from September to June at 7 30. The meetings offer a program and a short business meeting concluding with refreshments shared with new and old friends

There is also a stitchery group that meets twice a month with the meeting place rotating among the members' homes

Anyone interested in more information should contact the club president, Carol Dellinger, 695-6460, or the membership chairman, Shirley Dodson, 695-2538 If you are just interested in the stitchery group, contact Pat Wallsten, stitchery chairman at 695-2669

Garden forum

The Garden Forum of Berrien Springs has scheduled a flower show – "Florescence" In Harmony with the Arts – Sunday, July 31, 1977, at the Middle School in Berrien Springs, Michigan The show will be held from 3 00 to 8 00 p m No admission will be charged

Sections in the show are devoted to music, painting, literature, pottery and sculpture Those interested in entering any arrangements should call Mrs Oliver Wilson at 471-1101, or Mrs Donald Snyder at 471-3844

Hicks return from missionary work

Harold and Beverly Hicks, formerly of Elkhart, Indiana, have recently returned from missionary work in Spain and are visiting Mr. Hicks' relatives in the Buchanan area

The Hicks' have spent the last three years as missionaries for the Church of Christ-Christian Churches in Zaragoza, Aragon province, in northeastern Spain They were one of the first two families of missionaries sent to Spain by the Church of Christ

Mr and Mrs Hicks and their two children, Gwen, 17, and Greg, 14, have been studying Spanish language and culture and working with a small Spanish church.

They plan to return to Zaragoza, a city of 600,000, on August 29 There they plan to establish a new church

Harold Hicks is the son of Mrs Floyd Hicks of Buchanan He will speak of his experiences during bible school hour at the Buchanan Church of Christ on July 31

Melodies of Victory at Faith Baptist Church

The Melodies of Victory ensemble representing the Maranatha Baptist Bible College of Watertown, Wisconsin, will present an evening of sacred music at the Faith Baptist Church, 1300 N Main St., Buchanan, on Thursday, July 28, at 7 30 p.m. The group is presently on their summer tour through the eastern states

The ensemble consists of four young women, all accomplished musicians, members of the Chorale Choir of the College which choir has travelled extensively presenting concerts in churches and schools across the country, most recently in the southern states The young women are Corinne Mitchell, accompanist from Calgary, Alberta Canada, Lidia Rodriguez, second soprano from Sterling, Illinois, Sharon Rhine, alto from Sodus, New York, and Lisa Cobb, soprano from Anderson, Indiana. Miss Mitchell competed as a finalist in this year's piano contest and the final voice contest was won by Miss Cobb

The program will include several interesting vocal arrangements and combinations for solo voices, duets, and trios which will bless the hearts of the hearers

Maranatha College is a co-educational Baptist Bible College dedicated to the training of young people for Christian service Established in the fall of 1968 under the leadership of Dr B. Myron Cedarholm, its present student body numbers 673 In addition, 136 are enrolled in the Maranatha Baptist Academy, now in its fourth year of operation The Graduate School offers programs of study leading to the Master of Arts and Master of Divinity degrees

Travelling with this summer ensemble will be a member of the faculty who will present the ministry of the school and bring a brief gospel message to conclude the program

The public is cordially invited to attend the concert There is no admission charge but a freewill offering will be received

House Taxation Committee to conduct series of public hearings during August

The House Taxation Committee will conduct a series of public hearings the second week in August on the Single Business Tax and proposals to revise it, State Representative Harry Gast (R-St Joseph) has announced Representative Gast is a member of the House Taxation Committee and will be present at the hearings

"The Single Business Tax has evoked much debate in our business community in the 18 months it has been in effect," Gast said "It has been labeled as burdensome and unfair, and I don't think there is anyone unwilling to admit the tax has its flaws

"The hearings will be restricted to an examination of specific proposals to revise the tax and evidence of the effects of the SBT. It is extremely important for anyone with strong views, specific proposals or evidence to testify at these hearings so that we can iron out the inequities in the law," Gast continued

Gast said the Committee would seek testimony from businesses on the following questions

--What taxes did you previously pay?

--What was your last liability for each tax?

--What is your current unemployment compensation and workers' compensation liability?

--What is your current Single Business Tax liability?

--Are you eligible for any of the special provisions under the SBT (labor intensity, gross receipts, food, contractors, etc)?

--What changes do you propose to benefit your industry, if any?

"Answers to these questions will enable the committee to weigh specific proposals to benefit the largest majority of people," Gast said.

The hearings will be conducted in the House Taxation Room in the State Capitol in Lansing Discussion on various issues will be limited to specific days, in order to minimize the time interested parties must spend in Lansing The meeting and topic schedule is as follows

Monday – August 8, 1 30 p m. to 5 p m , Treasury Department Analysis of the first year's SBT returns and Proposed Profit Weighting Formula

Tuesday – August 9, 9 a.m. to 12 p m , Non-Professional Small Business; 2 p.m to 5 p.m., Professionals.

Wednesday – August 10, 9 a.m. to 12 p.m., Labor Intensity, Depreciation, Gross Receipts, 2 p.m. to 5 p.m , Apportionment, Capitol Investment.

Thursday – August 11, 9 a m. to 12 p m , Special Treatment Provisions Sections 31(3), (6), (7), 35(f), 39(1), (2), 57(3), 2 p m to 5 p m , Agriculture, Banking Insurance

Anyone interested in testifying, Gast said, should contact David Lowery, Committee Aide, Room 116½, State Capitol, Lansing, Michigan 48909 A written summary of the proposed testimony should be forwarded and at least 20 copies of the testimony or other materials to be presented to the Committee should be sent to Mr Lowery as soon as possible to provide for prompt distribution

This week's activity will be a gold rush at Centennial Park

First place winners at last week's pet show at Kathryn Park.

Head Start-Home Start begins In October

Orion Flowers, director of Tri-County Head Start-Home Start, last week announced that Head Start and Home Start programs for Berrien, Cass, and Van Buren counties will begin in October

Head Start is a pre-school educational program for children from poverty level families (as defined by federal guidelines)

The program provides individualized activities that are designed to stimulate the development of each child It includes educational experiences in language, speech, math, science, nutrition, self-awareness and self-care

Parents may become involved in the program through policy councils and community committees Parents help plan the things to be taught in the classroom and are also referred to social services that can provide them with needed information and help, Flowers said

Head Start is especially beneficial to handicapped children since the program is based on the unique needs of each child

The program is designed primarily for four year olds who will be entering kindergarten the following year

Home Start is a program for three and four year olds that takes place mainly in the homes of the children

A "home visitor" goes into the home at regular intervals to demonstrate developmental activities that parents can use with their children Between visits, the parents work with the children themselves

The objective of Home Start is to provide an atmosphere of acceptance and give each child opportunities for success that will help him build a positive self-concept The program also develops skills needed by the parents in fulfilling their roles as the primary teachers of their children.

Home Start is limited to children in Berrien County and southern Cass County.

Flowers said applications for the program are available at the following places: Stark School in Buchanan; Galien Elementary School, Marrs Elementary School in Berrien Springs; and the Niles YMCA

Persons seeking further information should contact Flowers at the Head Start office in Decatur, Michigan, telephone 616-423-7074

Head Start and Home Start are operated by the Tri-County Council for Child Development and funded by an annual grant from the Department of Health, Education and Welfare

Mechanic test forms available at LMC

Michigan auto mechanics certification test schedules and registration forms for the next set of 16 tests certifying Michigan mechanics are now available at Lake Michigan College, according to Samuel Laswell, LMC automotive technologies instructor

The tests will cover six repair categories for heavy duty truck mechanics, eight for auto and light truck mechanics, one for motorcycle mechanics, and one for recreational trailer mechanics, Laswell said

Beginning next year – in January, 1978 – every repair facility in the state must employ at least one state certified mechanic for each service category offered by the facility, the LMC instructor indicated

Registration forms can be obtained from the office of Ben Standen, LMC Occupational Studies dean, Rm C-122, Napier Avenue campus or by phoning that office at 927-3571, Ext 233 The tests will be offered at 25 locations around the state, including Kalamazoo and Battle Creek. Registration forms should be mailed to Mechanic Certification Division, Bureau of Automotive Regulation, Michigan Department of State, Lansing, Michigan 48918

The test schedule follows

Heavy Duty Trucks (registration deadline, August 5)· Engine Repair – Gasoline, September 10, Engine Repair – Diesel, September 10, Drive Train, September 17; Brakes and Braking Systems, September 17; Suspension and Steering Systems, September 24, Electrical Systems, September 24.

Automobiles and Light Trucks (registration deadline, September 2). Engine Repair, October 1, Engine Tune-up, October 1; Front End and Steering Systems, October 8, Brakes and Braking Systems, October 8; Automatic Transmission, October 15, Manual Transmission, Front and Rear Axle, October 15; Electrical Systems, October 22, Heating and Air Conditioning, October 22

Motorcycles and Recreational Trailers (registration deadline, September 2): Tests will be given, October 29.

LADIES LEAGUE CHAMPIONS: (left to right) Judy Saratore, Buchanan, nine-hole league champion, Sharon Flanagan, Niles, 18-hole league champion, Pat Williamson, South Bend, and Rosella Miller, Niles. Flanagan, Williamson and Miller tied for 18-hole championship, with Flanagan winning playoff.

BARODA BASS. Ted Phillips of Buchanan is shown holding two largemouth bass he caught while fishing at an undisclosed lake near Baroda with Chuck and Bob Letcher, also of Buchanan The fish weigh six lbs , four ozs and five lbs , eight ozs. Phillips says he's keeping the name of the lake a secret

CANAMER cultural contest winners named

Tami Hill, 12, daughter of Dick and Janet Hill, 2293 Mt. Tabor Road, Berrien Springs, won first place in art at the junior high school level in the cultural contests of the CANAMER games She is a sixth grader at Grace Lutheran School

Mark Verdum, 13-year-old 7th grader of Lakeshore junior high, son of Mr and Mrs. Robert Verdum, 1574 Oak Terrace, St Joseph, designed the logo which will be placed upon the 1977 CANAMER Games shirts

David Summers, 16-year-old son of Mr and Mrs Anthony Lombardo, 1808 Eldorado, Stevensville, and 9th grader of Lakeshore high school submitted the winning photo in the recently concluded contests

Gene Eddy, 16, son of Joan and Jerry Eddy, 1426 Agard, Benton Harbor, a Benton Harbor high school junior won first place in the art entries at high school level

Each of these top winners have been invited to travel as guests to the Games to Brantford, Ontario, Canada the weekend of August 12-14 The cultural exhibit from Berrien County will be on display at the Games along with the cultural exhibit from Brant County, Ontario.

The CANAMER Games cultural exhibit is now on display at the St Joseph library where it will remain until the end of this month

Hamilton, Walkden and Blumka attend freshman orientation

Michelle Hamilton, Jeanne Walkden and Margaret Blumka, all of Buchanan, were among 2,400 prospective freshmen who completed summer orientation at Western Michigan University in Kalamazoo.

In groups of 125 to 150, the students came to Western for the three day periods to meet their faculty advisors, register for classes, take a battery of tests and tour campus buildings. Forty specially-trained student leaders aided in the "Get-acquainted" process

Many parents also spent time on the WMU campus meeting University administrators, faculty and staff members while their sons and daughters were going through the orientation process Norman Russell, assistant to the vice president for student services here, directs the program.

The new students will return for the first day of fall semester classes on Monday, August 29

Judy Saratore wins golf tournament

Judy Saratore of Buchanan shot a 73 to win the ladies nine-hole league handicap tournament at Orchard Hills Country Club on July 19. Kay Varner of Niles finished second with a 75

The 18-hole league tournament ended in a three-way tie, with Sharon Flanagan of Niles, Pat Williamson of South Bend and Rosella Miller of Niles all shooting 145s Flanagan won a playoff for the title on July 24

Two teams from Orchard Hills won honors in statewide tournaments recently

A team composed of club professional Bob Meyer, Pat Williamson, Emalu LaRose and Rosella Miller won a pro-am tournament sponsored by the Professional Golfers Association at Riverside Country Club in Battle Creek on July 5 The team shot a bestball 59 in leading a field of 30 teams by two strokes

Meyer, Gary Frucci, Pete Smith and Frank Sims tied for first in the 36-hole Handi-Comp Scratch Pro-Am at Jackson Country Club on July 18 They shot 59-68 to take home a $900 prize There were 36 teams entered in the Jackson event

Brookwood Tuesday Ladies Golf League

July 12 results of the Brookwood Tuesday Ladies Golf League were Group I Low Gross, Ann McLeaver (54), Low Net, Carla Brown (38) and Play of the Day, Mary Louise Hess

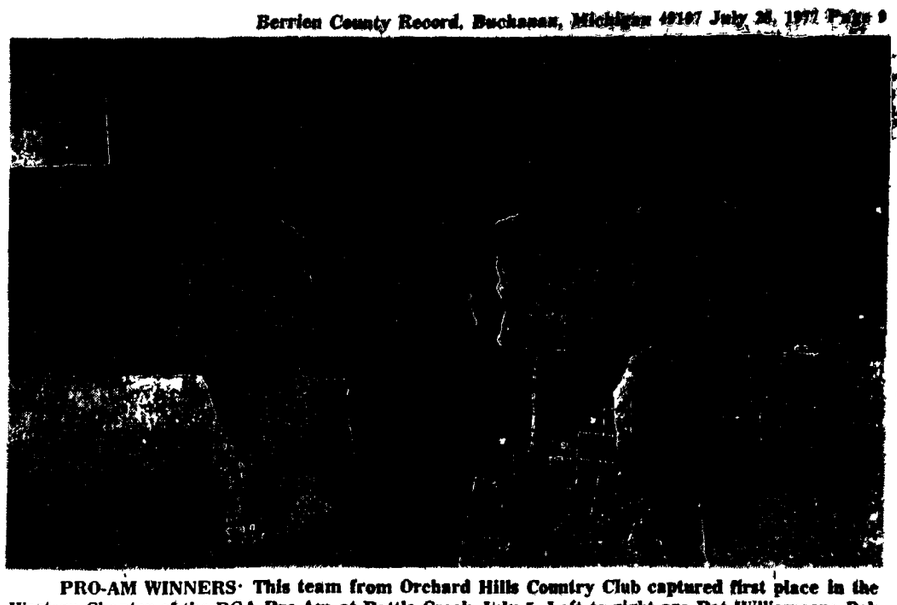
Tennis Club to hold closed tournaments

The Buchanan Tennis Club will hold closed tournaments at the high school courts from 8.00 a m to 5 00 p.m on Saturday, July 30 and during Sunday afternoon, July 31, according to Pam Lawrence, club secretary The tournaments are open only to club members



PRO-AM WINNERS· This team from Orchard Hills Country Club captured first place in the Western Chapter of the PGA Pro-Am at Battle Creek July 5. Left to right are Pat Williamson; Bob Meyer, club pro, Emalu LaRose, and Rosella Miller.

Troy Wreggelsworth attends music camp at Blue Lake

A student from Buchanan is attending the third session at Blue Lake Fine Arts Camp, a summer school of the arts located just north of Muskegon

The student is Troy Wreggelsworth, who is majoring in orchestra

Blue Lake was founded in 1966 and in 11 years has grown to become one of the largest facilities of its type in the United States The camp offers students a highly diverse arts curriculum

Blue Lake has programs throughout the summer for elementary, junior high, high school and college students The camp runs for two-week sessions The third session runs from July 19 through July 31 and is primarily for high school students

Students attending the camp during the third two-week session have the option of majoring in one of the following areas art, ballet, band, jazz-rock ensemble orchestra, piano, and musical theatre

There are two orchestras during the third session with students assigned according to proficiency level following auditions held the first day of the session In addition to a full rehearsal schedule, students have a chance to attend performances of the Blue Lake Staff String Quartet

WINS HILL CLIMB. Perry Wahlstrom, 12, of 415 West Fourth Street, Buchanan, won a hill climb for trail bikes up to 80cc July 24 at Three Rivers. It was Perry's fourth win this year. He's the son of Mr and Mrs Bill Wahlstrom

"We are all insane, anyway Note the mountain climbers"
Mark Twain

Public Service Commission approves application

The Michigan Public Service Commission approved an application of Fruit Belt Electric Cooperative of Cassopolis to refund nearly $2 million to its customers over the next 12 months.

The money was collected from customers over a 4-year period but held in an escrow account while the Federal Power Commission (FPC) determined the final wholesale rate for power Fruit Belt purchases from its supplier, Indiana & Michigan Electric Company (I&M) of Fort Wayne

A residential customer using 500 kilowatt hours of electricity per month will receive a credit of $3 95 monthly for the next 11 months, beginning with the July 1977 billing In June, 1978, a final amount per kilowatt hour to be refunded will be calculated

The cooperative received a rate increase from the Public Service Commission in May 1977, with a residential customer's bill set at $19 10 per month for 500 kilowatt hours of electricity.

Fruit Belt serves approximately 17,000 customers in rural sections of Berrien, Cass, Kalamazoo, St Joseph, and Van Buren counties and in two Indiana counties

RUSTPROOFING.
EITHER YOU HAVE IT OR YOU DON'T
Car makers don't build the rustproof car and no car dealer can deliver the real rustproofing you get with the exclusive Ziebart process
Don't be misled by some sweeping references to anti-corrosion methods used in building some 1977 cars Real rustproofing must be done after the car is built. And it must cover every critical area inside and under the car That's the proven Ziebart method There are no shortcuts That's why your Ziebart Dealer uses nine different patented spray tools to reach rust prone areas That's why he uses a rustproofing sealant that actually penetrates welded seams where rust can start. Your Ziebart Dealer can deliver a rustproofed 1977 car because [illegible] knows the cost of rust.
IT'S US. OR RUST.

PADDLE KRACKERS: The Paddle Krackers canoe club of Galien left on July 22 for a one-day trip down the Pine River near Baldwin This is the fourth annual trip for the club, comprised of eleven couples. In previous years, they have canoed on the Pere Marquette, Ausable and White Rivers Also planned for this year are a family inner-tube float down the Muskegon River and a hayride. Couples, from left to right, are Ted and Denise Payne, club presidents, of Galien, Phil and Joanne Miller, Galien; Dick and Gloria Schmidt, Three Oaks; Jerry and Peggy Swartz, Buchanan, Larry and Janet Swartz, Galien, Dick and Michelle Schmidt, Stevensville; and Ron and Lynnda Murdock, Galien. Camper trailer in the picture was donated for last weekend's trip by Walt Jane of Buchanan. Members of the club not pictured are Tom and Lesta Doyle; Bob and Diane Swartz; Jeff and Dawn Adams; and Bob and Tina Fox.

Galien Babe Ruth

Galien rapped 12 hits in beating Bridgman by a score of 16-6. Scott Geik had 3 singles to pace the Galien attack Mike Pence, Scot Dalrymple and Don Brewer had 2 hits each while Marty Koziel, Mark Patton and Scott Parm had 1 hit apiece. Geik and Koziel each scored 3 runs and Brewer had 3 RBI's. Galien accumulated 12 stolen bases with Koziel and Tony Krieger leading with 4 and 3 respectively Koziel allowed only 2 hits and 2 earned runs in picking up his third win of the season

Galien's defense allowed 2 unearned runs in the bottom of the sixth inning allowing winless Berrien Springs to take a 3-2 victory. Galien's batters were limited to 3 hits which is their lowest out put of the season The Galien hits were 2 singles by Mike Pence and a single by Tony Krieger Marty Koziel scored 2 runs and stole4 bases Don Brewer was the starting and losing pitcher.

Galien was defeated by Buchanan 11-3 Thursday, July 21 Although Buchanan only had 6 hits, 12 walks and seven errors proved too much for Galien to overcome The losing pitcher for Galien was Scot Dalrymple Galien had 4 hits on doubles by Don Brewer and Mark Patton and singles by Scott Geik and Tony Krieger Brewer also had 2 RBI's Krieger had an outstanding game in center field for Galien

CANAMER Games cultural contest first-place winners left to right are: Tami Hill of Berrien Springs, Gene Eddy, Benton Harbor, David Summers, Stevensville, and Mark Verduin, St. Joseph. Not present was Patience Vanderbush of Buchanan

Tami won first place in junior high art entries, Gene took honors in the high school are competition (art entry shown behind him is his), David submitted the winning photo entry and Mark designed the logo winner at elementary school level Mark's design will be placed on the CANAMER shirts this year. Patience won the high school level logo contest

Physicals for athletes

All Galien athletes participating in fall sports should make an appointment with O'Malley Clinic or with their own physician as soon as possible for physicals

Football and girls' basketball physical cards should be turned in to Mrs Burns before the first practice

Physical cards are available in the high school office.

Howell attending convention of Delta Theta Tau Sorority

Mrs Arthur Howell is attending the 69th national convention of Delta Theta Tau Sorority at Stouffer's Riverfront Towers, St Louis, Missouri, July 19-23, as a delegate of Mu Beta chapter of Galien The theme of this year's convention is "Meet Me in St Louis."

The sorority, with more than 25,000 members comprising 300 active chapters and alumnae associations, is dedicated to the advancement of philanthropy On the national level and in the Chapter's local communities many thousands of dollars have been contributed to various projects and individuals The sorority was founded in 1903 at Muncie, Indiana by five high school girls

During the business meetings of the convention the delegates will be given information concerning the sorority's national philanthropies. They will vote on expenditures for each project in the coming year and will elect national officers

National president Phyllis Jean VanOsdol, Indianapolis will preside over the convention in St Louis Mrs Jack Becker, Sparta, Illinois is the convention coordinator

Teresa Doyle returns home

Teresa Doyle, daughter of Mr and Mrs Elmer Doyle will return this week from a 14 day visit to Italy and Germany with Mr and Mrs Tom Watson

WHAT IS THIS WORLD COMING TO?

Revelation 1·3
"Blessed is he that readeth, and they that hear the words of this prophecy, and keep those things which are written therein· for the time is at hand"

The Book of the Revelation is the only book where this promise is implicit.

Yet, this book is probably the least understood of the sixty-six books of the Bible.

After a very extensive study Pastor Morgan is beginning a systematic exposition of this book.

The messages will be "safe and sane" no arbitrary dates will be set for the Lord's Return, but it will be proved that His Return is imminent and that God's people should live as if it would take place in the very next second!

If you would like to know the Book of the Revelation better; if you would like to read your daily newspaper with more insight and understanding, then come out to:

Faith Baptist Church
1300 North Main Street
In the blue-capped domes across from Unity Hospital.
Every Sunday at 11 a.m. You are cordially welcome!

Perhaps you sent a lovely card,
Or sat quietly in a chair.
Perhaps you sent a funeral spray,
If so we saw it there.
Perhaps you spoke the kindest words,
As any friend could say;
Perhaps you were not there at all,
Just thought of us that day,
Whatever you did to console our hearts,
We thank you so much
whatever the part.

By the family of
Dean Wilcox

Mr. & Mrs. Marion Cummins

Veterans!
This ad is for You!!

We now have several homes that qualify for a V.A. Loan.

In some cases the cost per month is less than the rent you now pay.

At any rate, whatever your reasons for wanting your own home (family, pets, something besides rent receipts) - it doesn't cost you anything to stop in for a qualifying session -

You'll be Glad You Did!!

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT

July 28, 1977

City of Buchanan
107 Front Street, City Hall
Buchanan, Michigan 49107
616-695-3844

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS

The above-named City proposes to request the U.S. Department of Housing and Urban Department to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) to be used for the following project:

A Program of Housing Rehabilitation. To assist low-income owner-occupants to put their homes in housing code compliance. Buchanan, Berrien County, Michigan $84,000

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the above-named Buchanan.

The reasons for such decision not to prepare such Statement are as follows: The City has concluded that the project proposed will not significantly affect the quality of the human environment.

An Environmental Review Record respecting the within project has been made by the above-named Buchanan which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, between the hours of 9 A.M. and 4 P.M.

No further environmental review of such project is proposed to be conducted, prior to the request for release of Federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Buchanan to the office of the undersigned. Such written comments should be received at City Hall on or before August 13, 1977. All such comments so received will be considered and Buchanan will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

Richard J. Gault, Mayor
107 Front Street, City Hall
Buchanan, Michigan 49107
