

The Berrien County Record OFFICIAL PAPER OF THE COUNTY. THURSDAY MORNING, OCT. 7, 1869. GEO. P. ROWELL & CO. Advertising Agents.

Notice. All persons indebted to the subscribers, either by note or account, are hereby notified to come and settle the same without delay. By so doing all costs will be saved.

LEFT OVER.—In consequence of the pressure of Fair matters on our columns this week, much local matter had to be left over, as also the article of Sept. 11. A. Ford, together with several communications. Next week we shall have more room, and will probably give two articles from our County Superintendent of Schools.

H. H. Kinyon has just returned from Chicago with a large new stock of groceries, bought very low for cash, which he proposes to sell upon the same terms. Give him a call before purchasing.

FOR SALE.—20,000 Pickets, planned and pointed, ready for use. Price, \$10.00 per M.

C. S. & H. S. BLACK.

A full line of Sugars, at bottom prices, at H. H. Kinyon's.

All money paid H. H. Kinyon for Goods will be returned, provided the Goods do not prove as represented.

Having leased the new and commodious Hotel (the Reading House), Niles, Mich., for a term of years, I shall be pleased to see any of my old friends, and as many new ones as may see fit to call on me in my new quarters, where they will be dealt with on the same terms as while in the Bond House.

There are new and commodious barns and sheds attached with a good Ostrer in attendance. The Telegraph, Express and Stage Offices have also been removed to this house, and there will be no pains spared to make guests feel at home. Special attention will be paid to pleasure parties.

H. K. STARR, Proprietor.

A first-class 7 octave "Light" Piano, nearly new, for sale at a bargain. Inquire at Dodd & Drummond's Drug Store.

U. B. CONFERENCE.—The St. Joseph Conference, of the U. B., met at Roanoke, Ind., on the 29th Sept., and adjourned on the 27th. Bishop Edwards presided. The utmost harmony marked the entire session.

The prevailing sentiment was "Glory to God, and peace and good will to all mankind." The following are the appointments in this section of country: Berrien District.—N. Castle, P. E. Berrien and Buchanan.—G. W. Bawn Brough.

Troy Circuit.—Jonathan France. Silver Creek Circuit.—W. W. Wells. Bangor Circuit.—D. D. Lightner. Bainbridge Circuit.—M. Hunt. Three Rivers Circuit.—J. Matthews. St. Joseph Circuit.—J. B. Slight. Elkhardt Circuit.—A. H. Kinkaid.

THANKS.—Our thanks are due to several of our friends for tokens of kindly remembrance, and for three specimens of fruit, &c. To Mr. Thos. Broadbent for large specimens, in the shape of a huge apple and pear; Mr. R. McCumber for several fine specimens of pears; Mr. Robert Eaton for a basket of extra fine apples; Mr. R. M. Roe for a measure of sweet potatoes; Elder J. W. R. Lister for a basket of fine peaches; Mr. Wm. Burry for several specimens of extra fine pears; Mr. J. W. Fancher for a fine specimen of a Blue Crane, stuffed; to Mr. A. H. Clark for a bunch of a dozen sweet potatoes, all from one plant, and all still attached to the vine; and to Mr. Wm. Tabor for two gallons of his excellent syrup, made from Chinese sugar cane.

NEW POST-MASTERS.—Mr. Jay J. Drake, has been appointed Post Master at St. Joseph, and Mr. Edward S. Jewett, at Niles.

JUDICIAL.—Hon. Judge Upson, of the 15th Judicial Circuit, has been appointed by Gov. Baldwin, to hold Court in this (2d) Circuit, until an election shall be had to fill the vacancy caused by the death of Judge Bacon.

READ IT LADIES.—We mean for the ladies not to forget that Mrs. Blish has a new advertisement, in another column. At her Millinery Establishment is a new stock of Fall Millinery of the latest styles. Go and see it, as she says it is the largest stock and lowest prices, in Buchanan.

The Best Tobaccos are in town, at H. H. Kinyon's.

OVERLOOKED.—By some means the notice of the Berrien County Sunday School Association meeting to be held at St. Joseph on the 6th inst., was overlooked last week; and as it is too late to accomplish the object of its publication, it is not published this week.

OUT OF DATE.—We mean that the custom of tolling the bell, whenever a person dies in the village, is a custom that is out of date, and discarded in all places of any size. It is true the tolling of the bell may show respect for the dead, but it is far from respectful for the sick, if there are any, and often has a damaging effect on them. We think the tolling of bells at death, or on funeral occasions, should be abandoned, as it is a practice not the least utility to any one, and is often injurious. We trust this matter may receive due consideration from our citizens and Village Authorities.

TRUNKS.—Lantz Bros. & Co have just received a new and large assortment of trunks. Go and see them if you want one.

THOSE HATS.—The new Sinbad hat, the American Gents' hats and caps, all the latest styles, at Lantz Bros., & Co.

LIST OF LETTERS Remaining in the Post Office in Buchanan, on Tuesday, Oct. 7, 1869: Adams Austin, Long Jacob; Borham Martin, LeBon Wm. E.; Biglow Emerett L. Mrs. Woodruff Orlando; Bell Charles L. Dr. J. W. Woodruff; Croftler C. W. Patrick Lucinda Mrs.; Collier Ellen Miss; Ferris Nelson; Porterline; Cogg David; Varney Andrew; Goldman Eliza H. Varney Andrew; Graham Carrie Miss; Wroner James; Green E. M. Miss; Whipple George; Hopkins Mary E. Miss; Woodruff Dwight T. Persons calling for any of the above letters will please say "Advertised."

N. H. MERRILL, P. M.

County Teachers' Institutes. The Fall Institutes for Berrien County will be held at Buchanan, beginning at 10 A. M., on Monday, Oct. 18th, and continuing through the week ending on the 24th.

At St. Joseph, beginning Monday evening, Oct. 25th, and closing on the next Friday evening.

Several of the best Institute instructors in the state are expected to be present. Among those who have given encouragement that we may expect the most successful results.

Prof. Dr. J. P. Fain, of the State Normal School.

Prof. John Goodison, the celebrated geographer.

Sup't. Edw. Cleveland, of Van Buren Co. Sup't. Irving Cleweden, of Cass Co. Sup't. Charles Taylor, of Detroit. Principals Edwards, Barrett, and Stillwell, of our Union Schools.

No teacher in this county should neglect these rare opportunities of improvement. Those now teaching fall terms are requested to ask a leave of absence in order to attend. As before announced, Institute certificates will be granted to teachers who are present through out the sessions, and pass a satisfactory examination. The rules of the Institute will be published, in order to advertise the progressive teachers in the public, and other things being equal, they will be recommended to be selected.

There will be public lectures or other exercises of interest every evening. Pupils in the schools, and citizens generally, are cordially invited to attend any of the day or evening sessions.

H. A. FORD, Co. Sup't. of Schools. Niles, Oct. 4, 1869.

A CARD. Mr. Editor.—R. Eaton sends you a few apples and begs you to notify the public that he is the proprietor of the place referred to per Report of Reverend George Washington Patterson, Sec. of the Western Berrien Co. S. S. A., and published in the Record some three or four weeks since, lest he, said Eaton, might be selected as a private citizen, or "bores" only on "unhappy dupe of a graceless political Demagogue."

R. E.

AN INSTITUTION OF REAL MERIT.—Attention is directed to the card of "Bell's Commercial College," lately published, established at Battle Creek in this State, to be conducted by Judge D. V. BELL, its original proprietor.

Judge BELL, as our readers may know, was previous to his removal to Chicago, generally and favorably known as one of the most efficient and successful officers, and his Business College has attained to a high management, perhaps the highest rank of any in the country. A large number of the intelligent business men of the West has been educated in this Institution.

"CLEANSING THE BLOOD," upon which character has been based so much of our mere catch-word and delusion. The microscope shows that some diseases exist like parasitic growths upon the globules of the blood, and it is further known that some subtle substances destroy or expel them. These substances have been combined in a new and powerful medicine, which does effectually dispel the disorders that breed and rankle in the blood to rot out as it were the machinery of life.—Mercer (Pa.) Whig.

DELICIOUS MEDICINE.—This is the universal verdict pronounced upon "Purifying Pills" by those who have tried them. The health-promoting ingredients from which they are made, and their invigorating merits as a remedy for indigestion and its consequent ailments, and the preventive qualities against diseases arising from climatic changes, miasmatic influences and imperfect secretions, are so widely known and so generally endorsed, that we trust no one will forego the advantage of their use.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

From the Golden Breeze (Via) Commonwealth, 1868. There is no traveling physician in this country who has inspired more confidence or done more good than Dr. V. Clarence Price. Perhaps we should not call him a traveling physician either, for in one sense he is not, for he has regular offices established which he visits with the regularity of the sun, and has done so for years. He is far from the kind of a doctor who goes about at random, picking up cases here and there, with only the object of getting their money. Dr. Price always gives an honest opinion in every case presented to him, and will not undertake any case unless there is a reasonable certainty of a cure. His rooms here, on every visit are crowded, and he has effected many remarkable cures. From what we have seen and heard of his success, there is no physician whom we would sooner trust in chronic diseases, than Dr. V. Clarence Price.

Those out of health will remember that Dr. Price will be for a number of days at a conference at Niles, Reading Hotel, Saturday afternoon, Sunday and Monday, until 8 o'clock, the 23d, 24th and 25th of October.

In Niles, there is safety, it was upon this principle that the formula of Judson's Pills was based. It is the result of one man's knowledge. Dr. Judson intending to spend a fortune in advertising his pills, consulted the most intelligent and learned physicians of the age, and the result was the production of a simple but efficacious medicine that cures Biliousness, Diarrhea, Liver Complaint, Indigestion, Female Irregularities, &c. They have now been used many years by the public and their merits are becoming more and more known. Give the Mountain Herb Pills a trial. Sold by all dealers.

Envelopes and shipping tags furnished and printed at low figures, at the Record office.

From Three Oaks. Oct. 4, 1869. Mr. Editor, Dear Sir:—I have no news from our own village, except that all is quiet, and business flourishing as usual. Having visited both the County Fairs, and State Fairs, I think them all a success. Both County Fairs were well represented in our separate department, and the Committees done their work well with good satisfaction.

I think there is no County in the State that can give a better show of fruit than Berrien Co., and although we have had two County Fairs, yet I think St. Jo. might have had one equally so. I cannot say that the fruit of our country, where the climate and soil combined, produces all kinds of crops and fruits grown in this northern latitude, that will compare with this section; and when people leave this for a better location, they will travel some distance to find it better, and perhaps return satisfied to live in so good a place as old Berrien Co.

The State Fair at Jackson was a success. Each Department was a successful exhibition by itself; every one seemed delighted and pleased; and seemed to feel proud of being citizens of Michigan. They acted in every respect, becoming with intelligence and pleasure. Each Department was conducted with good order and decorum. I might speak of the sheep, horses, and cattle, some of the latter class weighing about 4,000 pounds, and one or two old ladies weighing a few lbs. less.

But to speak of the ladies, as to their good looks, I think they will rank with the ladies of any State in the Union; and if there was to be a United States Fair, I believe that Michigan ladies would carry off the blue ribbon. And, after seeing the pretty faces at the two Fairs in this County, I think the ribbon could be traced to Berrien County; and if one wishes to see the most beautiful specimens of the Fair, where will always be found the fairest of the fair sex.

I saw many good looking men; but the good looking men were not the object of the attention of the ladies. Whether it was their good looks and pleasant smiles that charmed, or the machine doing its work so nicely, I cannot say. The Gent that represented machines at the last Fair, should come to these parts. I hope he will not forget to call on J. O. Baker.

There is one fair, and one exhibition of the people of this section, and that is, the broken down bridge over the Galien river, north of this village. There is no prospect of its going off, or being repaired, or a new one built.

I noticed some movers returning from the west, who said they had seen a position in the West, where they could get out of house and home, and take a leap in the dark, as it were, in going to the east, west, north or south to better their condition or position. I would say, stop and consider; and instead of using \$500 in moving to some other section, put a dollar in your pocket, travel over a portion of this County, and see what this and St. Jo., where, considering the advantages of good markets, land is cheaper than in the West. Use the \$500 of moving money towards paying for some of the best grain and fruit lands in the world, being worth three hours ride by rail, or the great city of Chicago, and the best markets in the world, and growing better; and in five years time you will be better off than you would had you traveled to the Rocky Mountains in search of a better location. Better stick to Berrien County, and give your influence towards inducing farmers, manufacturers, and others, to settle here in our midst, where all can be happy and enjoy life to the best possible advantage, if not too lazy.

Respectfully yours, J. O. BAKER.

From Berrien. Oct. 4, 1869. Ed. Record.—Somebody has said, "If you have nothing to say, say nothing," that seems to be just what your correspondents at this place have had to say, and have said it. So I thought perhaps a word from our active little town would be read in the Record, and if you have nothing to talk about, I will say that it has been good so far for seeding and harvesting corn, but the indications now are that we shall have a storm, as it is raining, blowing and growing cold very fast.—Although the season for building is nearly over, there seems to be something doing yet. J. C. Woodruff has his dwelling under the corner of Main and Marr streets, nearly completed, which gives that corner a much better appearance. L. St. John has commenced his house. Work on the Jail is progressing quite rapidly, the brick work will be finished in a few days.

An accident occurred in Berrien township a few days ago. A young man, by the name of Hooker, while getting across a threshing machine slipped into the cylinder and mangled his leg so as to render amputation necessary. Dr. Donnie, of Niles, assisted by Dr. Hall, of this place, performed the operation, but the unfortunate man died the next morning.—On Friday, the 27th inst., Jacob Booth, of this place, fell from a fence, and in falling pulled a rail upon him in such a manner as to break his leg. The boy was but five years old.—On Thursday evening some of the members of the G. A. R., assisted by the ladies of the G. A. R., gave a grand De Witt's Hall that was highly successful. They gave us incidents of war in a piece entitled the "Soldier Boy," prepared by the actors especially for the occasion. It was well performed, and reflected much credit upon all having the matter in charge.

Among the subjects presented, were "The fall of Samaria," "The response of the soldier to the first call for troops," "The battle of Ball Run," "The dying Soldier," "The working of the people at home in supplying the soldiers in the field," "The draft Bureau," being a splendid showing of the many resorts of a noble man to avoid the draft. The whole being interspersed with music by the G. A. R. Yanborough and the boys of the actors. In its representation of camp life it recalled much of the suffering of the soldier, as well as the indomitable courage that characterized the true spirit of devotion to country, both by the citizen soldier, and the professional soldier.

It was successful in the suppression of the Rebellion. The Post realized about fifty-three dollars.

George H. Murdoch has sold his residence to a man in Chicago, for \$2,900. I understand that he is going to Missouri. As soon as it is generally understood that citizens of Chicago are to move here, this will be a desirable place to purchase property.—Rev. A. Y. Graham, of the M. E. Church, has gone to Pokagon, Rev. Mr. Burns, of the Luning Conference, takes his place here. He preached a fine sermon yesterday, and I think it was probably received by the large audience that gathered to hear him. Geo. Yanborough is to take the place of Rev. Geo. Stafoose, at the U. B. Church.

Yours, BERRIEN.

THE FARMER'S FARMER is undoubtedly one of the best Agricultural Journals published in the United States. The Publishers now offer peculiar inducements for subscribers. Send for the new Premium List, and a specimen of the paper. Address Prairie Farmer, Chicago, Ill.

Our Family Physician. Here is a book that really seems to meet every requirement of a thoroughly reliable family physician, and is sold at so low a price (\$2.50) that all can afford to buy it, and none can afford to do without it. It has one entirely new and, it seems to us, invaluable feature: it gives the several modes of treatment as practiced by the different schools of physicians.—Allopathic, Homoeopathic, Hydropathic, Eclectic, and Herbal—so that choice can be made of the method that may be the best suit one's taste or convenience, or a combination of two or three different modes may be resorted to if desirable. It is written in plain language that any one can understand.

To us there always on hand a reliable family physician, ready at all times to be consulted and to give the best advice, "free of charge," in connection with the small sum charged for this work. We are informed that over two thousand copies have been sold already in the city of Chicago, where the author resides, and that it is having an unprecedented sale everywhere. It is published in Chicago by J. S. Goodman & Co., 5 Custom House place, and is sold exclusively by subscription.

The Life of Christ, also the Lives and Sufferings of the Apostles and the Evangelists, together with a History of the Jews, by the Rev. John Fleetwood, with notes arranged in connection with the text. A new edition, revised and enlarged. Editor of Encyclopedia of Religious Knowledge.

The work will be handsomely illustrated, with a number of very fine steel plate engravings. Dr. Brown's new and improved edition of Fleetwood's Lives of the Apostles, which should be within the reach of all Christians, as it throws all the light, perhaps, that can be given on the circumstances connected with the early career of our Savior, and gives besides an abridged, but so far as it goes, an accurate history of the Jewish nation, down to the modern times.

It is an octavo, of 750 pages of reading, beside the engravings, which are the very best. The print is large and open, can be read by old as well as young. The paper is the very best. The original work was large and costly, but now it has been brought within the reach of all, and is sold at almost any book of its size possibly can be sold.

Now is the time to subscribe for this work, and you will have a new, valuable, and very entertaining religious work, to read in the long winter evenings.

Richard S. Beckett is agent for this valuable work for the territories of New Buffalo, Three Oaks, and Okemos, Mich. It is now on hand, and will call on all, giving all a chance of obtaining this excellent work. It sells rapidly.

SNOR TIPS.—The American Shoe Tip Company has introduced, this season, a new white metal tip, which by its appearance, and its use, is decidedly ornamental. A metal tip adapted to first-class shoes has long been a desideratum, and this demand is now met. It must come into use as general use on the finer grades of children's shoes as the copper tips have on common grades.—Boston Journal.

MORSE'S INDIAN ROOT PILLS.—We have lately been shown the formula from which these Pills are prepared, and from this and our own experience, in the use of them, can honestly pronounce them a good, safe and reliable medicine. Being entirely free from all poisonous ingredients they are perfectly safe in their use, and their active duties of life. We would advise all to use them, and by a fair trial you can see at once the benefit derived from them. They cure: Morsor's Indian Root Pills in all cases of Biliousness, Headache, Female Irregularities, Liver Complaints, &c. Sold by all dealers.

New Advertisements. BELL'S COMMERCIAL COLLEGE, (LATE OF CHICAGO). Now Located in Battle Creek, Mich.

This popular Incorporated Business Institute, established in Chicago in 1831, and by special arrangement transferred to the city of Battle Creek, Mich., is now open for the reception of students. It continues to be conducted by the undersigned, late President of the Bryant Business College, and has since its removal to this place, a business man of over forty years' experience, assisted by a number of the most successful business men of the Department of education.

The Institute is designed to teach plain bookkeeping, however simple the rules under which they may appear, and to give the student a practical knowledge of the art, and to give him the appreciation of a discerning and intelligent community, in his own high regard for the acquisition of a thorough practical business education. It is a safe and reliable business education, and is entirely free from all poisonous ingredients. It is a safe and reliable business education, and is entirely free from all poisonous ingredients.
