**THE ELECTION.**—On Tuesday the election for Circuit Judge passed off quietly there being only a light vote polled. The vote in this Township stood, George S. Clapp, 196 for full term and 184 for the vacancy, and Daniel Blackman, 61 for full term and 63 for vacancy, being majority for Mr. Clapp of 135 on full term and 133 on vacancy. From the returns, as far as heard from, the election will be very close, and the Republicans need not be surprised if Mr. Clapp is defeated. If this should be the result, the apathy of the Republicans is the cause, and will be a lesson to be heeded in the future.

THANKSGIVING.

The Union religious services, on Thanksgiving, next Thursday, will be held at the M. E. Church. Rev. J. R. Berry will deliver the discourse on the occasion. It is hoped the day will be generally observed by our citizens.

SNOW STORM.

On Saturday a regular snow storm commenced, and it continued more or less on Lord's day, till at night the snow was at least a foot deep. The weather was not very cold, and much of the snow melted as it fell. If such had not been the case, we doubt not, but near two feet of snow fell from Saturday till Monday morning.

NEW JOB TYPE.

The RECORD office has recently added to its extensive Job Department, over thirty new fonts of type, together with a variety of cuts and other material, which renders the BERRIEN COUNTY RECORD office the most complete Jobbing office in Western Michigan. Those wanting work from a small label to a mammoth poster, will do well and save money by patronizing the RECORD office. 1f

Robert Bonner.

who made a fortune in four years out of the New York Ledger, attributes his success entirely to his "persistent, repeated, and generous advertising."

Gen. Stoughton.

our member of Congress for this District, will leave for Washington in about two weeks. He will undoubtedly receive many a visit from gentlemen in different parts of the District before he leaves, all out of pure friendship, no doubt.—Sturgis Journal, 4th.

SOMETHING NEW.

A cheap and handy arrangement to file your papers and magazines, is now to be had in White's Files, for sale at the RECORD office. These files are cheap, and are just the thing that every person who wishes to preserve his papers, should have. Call and see them.

ALMOST A MURDER.

On Tuesday last, as Albert S. Kellogg, a musician and printer, of this city, was quietly on his way to the railroad, and had arrived near the station, he was suddenly, and without the slightest provocation, assailed by an old man named J. M. (or J. L.) Davidson, a farmer residing near Decatur, who was flourishing a heavy navy six-shooter, fully loaded and capped, which he leveled at Mr. Kellogg, and snapped one of the caps within a foot of his face. Most fortunately, that cap, of all on the revolver was defective, and the pistol was not fired. Had it been, Mr. K. would have been instantly killed. He promptly wrested the revolver from the man's hand, knocked him down, coolly took the remaining caps, and restored the revolver without further trouble. The would-be assassin seemed to be crazed by drink. In consideration of this and his gray hairs, the assailed declined to cause his arrest.—Niles Republican.

Having leased the new and commodious Hotel (the Reading House), Niles, Mich., for a term of years, I shall be pleased to see any of my old friends, and as many new ones as may see fit to call on me in my new quarters, where they will be dealt with on the same terms as while in the Bond House.

There are new and commodious barns and sheds attached with a good Cider in attendance. The Telegraph, Express and Stage Offices have also been removed to this house, and there will be no pains spared to make guests feel at home. Special attention will be paid to pleasure parties. 29m3. H. K. STARR, Proprietor.

TAX RECEIPTS.

As the time for the collection of Taxes will soon be at hand, Township Treasurers will do well to provide themselves with the necessary blank receipts, which can be had, at very reasonable figures, at the RECORD office.

**BAPTIST.**—The Baptists are pushing along the work on their new church with zeal. The brick work is nearly all up, the flooring is all laid, and the work of plastering will soon commence. As soon as this is done, and before the pews are permanently put down, the society intend giving an oyster supper, the proceeds of which are to be devoted to the benefit of the church.—Benton Harbor Palladium.

APPOINTED.

The Governor has appointed Worthy Putnam, Esq., of Berrien Springs, Circuit Judge of this Judicial Circuit, to fill the vacancy, until his successor shall be elected and qualified. On Monday, Judge Putnam adjourned the November Term of the circuit court for this county, to the second Monday of December.

THE WESTERN MONTHLY.

For November is a beautiful interest. This Western Magazine should be liberally patronized by all Western people, especially. Terms \$3.00 per year. Address, Reed, Brown & Co., 18 Tribune Building, Chicago, Ill.

THE ATLANTIC.

For November is not a whit behind its predecessors. No Magazine with which we are acquainted presents more valuable reading for the same money than does the Atlantic. It is one of the best magazines, for good solid, and interesting literature in the world. Terms \$4.00 per year. Address, Reed, Brown & Co., Boston, Mass.

SUBSCRIBE.

We ought to have one thousand more subscribers to the BERRIEN COUNTY RECORD, than we now have. There are a thousand persons in Berrien County who would subscribe if the matter was laid before them. The long winter evenings are at hand, giving plenty of time for reading. We would suggest that every person who feels an interest in the prosperity of our County, and of the RECORD, as a means to aid in advancing the interest of the whole County, asks his neighbors to subscribe, especially those who are in the habit of borrowing the RECORD to get the news. Please ask them to subscribe, and then they will read their own paper.

NEW ERA FOR ST. JOSEPH.

For 35 years, St. Joseph has wanted a railroad; on Monday last the first engine was brought to our dock by the Pullman Road, of Chicago. It is called the Swallow, No. 33, and was the property of the Michigan Central Road. The same boat also brought two flat cars. A large company of excited people hailed this welcome arrival, and the boys rang out their joy by a merry peal on the Engine's bell. On Tuesday this missionary of the 19th century was landed on our shore, and St. Joseph has an Engine, a tender and train. The whistle is no longer at a distance. The timber is on the ground for an Engine house, and although the road is not open to New Buffalo, it soon will be. Hurrah for the Chicago and Michigan Lake Shore Railroad.—St. Jo. Herald.

WRITING SCHOOL.

It will be seen by an advertisement in another column, that Prof. W. C. Hooker, teacher of Spencerian Penmanship, from New York, proposes to form a class in this village, commencing this evening, at the School House. Mr. Hooker is an accomplished penman, both theoretically and practically, having had fourteen years experience as teacher of the art in a number of the first colleges of the country. The opportunity to join his class should not be lost, as we are assured that no better chance of securing instruction, that will produce a satisfactory result, will be offered. He also writes cards, and gives private lessons if desired.

AYER'S AMERICAN ALMANAC.

for the new year, has arrived for gratis by our Druggists to all who call for it. This little annual has the largest circulation of any book in the world, made by the fact that it furnishes the best medical advice which is available to the people—enables them to determine what their complaints are and how to cure them. It contains a standing announcement of the configuration of world, or the combination of one of the stars in the firmament with all its attendant planets.

GODLEY'S.

Godley presents to his subscribers a real gem for December. The embellishments excel in attractiveness any before given. Although the last number of the volume, to many it appears better than the first. In the literary department a grand array of literary celebrities in the magazine world contribute a rich feast. A number of Christmas games will be found in the Arm-chair department. Look on page 535 for a rich collection of holiday verses. Now is the time to begin to make up clubs.

ARRESTED.

Adeline Gardner, alias, Caroline Price, was arrested by Officer Evans, on Saturday night, and brought before Esquire Ballengee, on a charge of larceny. It seems she had entered the house of Mr. Franklin Spinnetta, some four or five miles from Buchanan, in the absence of the family, and stolen some clothing belonging to Mrs. Spinnetta. At the time of her arrest, she was in the hands of the Niles Marshal, under sentence of one year to the House of Correction, at Detroit. She was examined on the charge of larceny, before Justice Ballengee, on Monday, and bound over. After the examination, she was, however, delivered over by Officer Evans into the hands of the Niles Marshal, for commitment to the House of Correction, as per former sentence.

BUSINESS CHANGE.

Mrs. Wm. Cox has purchased of Mrs. Dunning her entire stock of Millinery Goods, and will continue the millinery business in the same room occupied by Mrs. Dunning, second door north of the RECORD office. Ladies waiting good and fashionable millinery, at reasonable prices, should not fail to give Mrs. Cox a call, and examine her stock and prices.

**HUMBLES.**—This is an age of humbles. Every device and all kinds of machinery are resorted to in order to get people out of their money. A firm in New York, styling itself Wogan & Co., are sending out circulars, in which they propose to furnish counterfeit money, that will defy detection. They propose to furnish it at so low rates, as to enable the purchaser to make a fortune in a short time. A Three Oaks friend has sent us one of these circulars received at that office. The offer is very temptingly presented, and, will, in many cases, no doubt, succeed in gulling some avaricious persons out of some of their genuine money. There is not the least probability, that any person who sends \$10.00 for a package of this money, will ever hear anything therefrom. The man sending the money would not dare make inquiry as to the matter, as it would expose himself as intending to buy counterfeit money to circulate. So, these operators are perfectly safe, and, will, no doubt, receive many \$10.00 for a package of their "counterfeits which defy detection," and the sender will hear no more of his greenbacks. It will serve him right, and no one will shed tears over his loss.

ADVERTISING.

The Adrian Journal gives the following important suggestion. Those who act upon it will receive their reward:

"Now is the time to advertise—and to advertise liberally. Farmers, as well as people in town, are laying in their supplies for winter. They must have boots and shoes, warm clothing, overcoats, etc., and merchants should not let the present opportunity slip to acquire the public with the extent and quality of their stocks. These remarks will apply equally, as well to dealers in groceries, hardware, etc."

RAILROAD CONVENTION.

A Convention has been called by a Committee appointed by the Common Council of East Saginaw, to meet in that city on Nov. 23d. The purpose of the convention as explained in the call, is to consider the necessity for a Northern Pacific Railroad, the advantages to be secured to the road by adopting the route by the straits of Mackinaw, the Railroads of Michigan, as the shortest connecting link between the Northern Pacific Road and Eastern and Southern Railroads, and thus to guarantee to the Northern and Eastern States what the Government intended by its grant of land—a Northern Pacific Railroad to run as far as possible through undeveloped portions of the States and Territories. All municipal and other corporate bodies are invited to send delegates.

REMOVAL.

Messrs. Drummond & Lyon, successors to Dodd & Drummond, druggists, design removing next week, with their entire stock, to Otsego, Mich. We trust that these young men may meet with success.

SOCIAL.

The ladies of the Advent Christian Church, Oak street, met at H. J. Howe's house on Tuesday evening last, and formed a Social, to meet every Tuesday evening hereafter from house to house, as may be appointed. Mrs. A. Sanders was elected President; Mrs. J. F. Hahn, Secretary; and Mrs. P. M. Weaver, Treasurer. The payment of 10c. constitutes a person a member, who is required to pay 5c. weekly, whether present or not. Its object is, a better acquaintance, and more sociability among the members of the Church, and amongst their neighbors and friends.

NOTICE.

Mrs. Dunning desires to announce to her numerous friends and patrons, that she can still be found at the old establishment, that she has only disposed of the Millinery department of the establishment, and is now getting on a stock of Lady's fancy goods, Collars, Embroidery, Corsets, Hose, Jewelry, &c. She also continues the manufacture of hoop skirts.

Meeting of the Board of Trustees.

At a meeting of the Board of Trustees of the village of Buchanan, Nov. 5, 1899, there were present: C. Clark, President; Messrs. Roe, Binns, and Graham.

Moved that an appropriation from the Village Treasury of \$37.50 be made to defray the expense of ditching and draining the marsh in Oak Ridge Cemetery, which was carried.

The following accounts were, on motion, allowed:

Dennis Owen, \$18.25; Wm. Baker, (bill presented for \$21.14) allowed at \$8.00; D. E. Reardon & Co., \$21.82; Sherwood & Fox, \$14.83. Bill presented in favor of Richards & Fox was, on motion, referred to the Marshall for investigation.

Adjourned.

N. H. MERRILL, Clerk.

The microscope shows the color of the hair due to a deposition of pigment in its substance. When the hair becomes enfeebled, this pigment falls, and another color, the hair becomes white, or falls out, producing baldness. Baldness is easy to prevent but hard to cure. AYER'S Hair Vigor stops it; even restores the hair sometimes; always restores its color. Immediate renovation is at once visible: softness, freshness and the gloss of youth. This hair restorer is a sure remedy, and can be used by AYER'S Hair Vigor, which is beautifully clean and free from anything injurious to the hair.—Tribune, Springfield, N. Y.

From Berrien.

**ENTRUSTED.**—The almanac says it is autumn, but I think it is winter, for in the winter we have cold and snow, and we are having a good share of each now, which seems to me conclusively evidence that it is winter. The stormy weather has rendered it necessary to discontinue work on buildings just begun, so that future improvements this fall need not be expected. The brickwork on the jail has been finished, and mechanics are busy with the inside work, which is being pushed with vigor. The steamer "Magnolia" has been tied up at the "Dock," as the lateness of the season is rendering navigation dangerous, and freight is no plenty. The "Propeller, King Bros," still remains on the river and will, it is said, until skates are required to run it on. J. O. Wilson has moved in his new house on Main street. W. S. Pancher has sold his stock of groceries and provisions, and engaged in the sale of a patent right. D. B. Marquette has moved his Boot and Shoe store into the building occupied by W. S. Pancher. Jeff Davis has purchased the building formerly used as a Boot and Shoe store and is about to open a Saloon, which is certainly the most philanthropic movement I have heard of since Tombs proposed keeping negroes in bondage to Christianize them. Row Davis expects to be an exponent of much good in this community by using his influence to induce all or nearly all of his customers to sign a pledge of total abstinence, as this is a new way of promoting a temperance reform, we wait with much interest the result and will inform your readers in due time. Jewell & Maloy have moved their Clothing Store into the National Hotel building. In the same room Philo Jewell has opened a grocery. A. J. Maloy has a Flour and Feed store in the same building, while in the basement Charles Richardson has started a Meat Market. Some parties were here a few days ago to secure a place for starting a Carriage Shop. Whether they secured a site or not I cannot say. Would it not be well for our real estate owners to put lots down so as to make it an object for people to invest? The U. B. Society are without a minister since Rev. Geo. Washburn resigned, and their house has been occupied occasionally by Rev. J. E. Bunt. The M. E. Church is largely attended, and the improvement in the behavior of some of our pious young people, is marked by all who attend that church. It is earnestly hoped that this reform will be permanent. Our townsman Prof. W. Putnam, it is reported, has been appointed Judge for this judicial District, to fill the vacancy caused by the death of Judge Bacon. The appointment will undoubtedly give entire satisfaction.

Yours,

BERRIEN.
