off in Mr. French's place near the N.

July 29th. Rev. J. W. Robinson,  
who was stationed here in 1857-8, is  
expected to be present on the occasion.

ifornia land for sale; also good busi-  
ness houses for sale in Buchanan, and  
they must be sold. Enquire of J. M.  
Mathews, at the Commercial Center.

**RUNAWAY.**—On Monday a couple  
of ladies were coming into town,  
from the west, in a one horse buggy  
or wagon, the horse, by some means,  
became frightened, and ran away. No  
serious damage was done save the  
spilling of some "huckleberries," the  
alarming of the "ladies," and the  
smashing of a window in "Commercial  
Center."

**G. A. R.**—Messrs. N. H. Merrill

*Godery's*. Those who are not taking it,  
should subscribe at once. Only 35 cts.  
per year.

**LEG AMPUTATED.**—On Monday  
James Howe, son of G. A. Howe,  
Dentist, had his leg amputated just  
above the knee. The operation was  
performed by Dr. Bonine, and Dr.  
Richardson. The boy has been  
suffering for a year from the bone be-  
ing affected, so that it became neces-  
sary, to save his life, to have the limb  
amputated. The patient is now do-  
ing well.

**LIGHTNING.**—During the recent  
rain and thunder showers the light-  
ning struck in several places. No  
damages, however, has been done.  
Mr. Harlow had a shock or two of  
wheat burned by the lightning, as al-  
so did Mr. Rynerson.

**REPAIRING.**—The School Board  
have determined to give the old School  
House some repairs. Work was com-  
menced thereon on Monday. The con-  
dition of the School House was such  
as to render repairing highly neces-  
sary.

**ABOUT DONK.**—The smoked up  
piece of Messrs. Clark & Alexander  
has undergone thorough repairs, and  
now looks as bright and clean as a  
new pin. Newspaper, plastering,  
painting and such like work wonders  
in the appearance of dwellings and busi-  
ness houses.

**Farmers' Club.**

organizing a Farmers' Club. All those who

are respectfully requested to be present.

**MINERAL SPRINGS.**—Buchanan is  
about to realize, it is thought by medi-  
cal and other well informed men, a  
discovery of no small interest to our  
citizens. This discovery consists of  
no less than the finding of a spring,  
about half a mile north of the village,  
on the "Moon place," whose waters,  
though clear as crystal, are highly im-  
pregnated with some mineral sub-  
stance. A number of our citi-  
zens have visited the spot and are us-  
ing the water, and those who are post-  
ed are confident that it will yet prove  
equal to the celebrated St. Louis wa-  
ter. A number who have used the  
water already claim great benefit there-  
from. It is the design to have the wa-  
ter analyzed in a few days, and its  
medicinal qualities thoroughly tested.  
Should the present high anticipations  
be realized the Buchanan mineral  
springs will yet become as famous as  
those discovered in other localities.  
We wait, however, the result of a  
chemical analysis of the water, when  
we shall be better able to judge fur-  
ther of its medicinal properties.

**FARMER'S CLUB.**—In this issue we  
publish a call, signed by a number of  
our farmers and farm owners, for a  
meeting on Saturday afternoon, July  
23rd for the purpose of organizing a  
Farmers' club. We trust that the  
Farmers of Buchanan and vicinity  
will give this matter the attention  
it is so important a demand. Nothing  
can be more beneficial, in any agricul-  
tural county, than the frequent inter-  
change of the experience of different  
members of a given locality. Thus the  
experiments and the experiences of  
others and the benefits derived there-  
from, become matters of public pros-  
perity. Why should not the farmers  
of Buchanan and vicinity secure the  
benefits of each other's experiences in  
Agriculture, Horticulture, and Stock  
raising, as well as those of any other  
locality? We answer, they may as  
well enjoy these aids to success and  
prosperity. We are glad then to pub-  
lish this call, as it is a move in the  
right direction. We may great success  
attend the proposed Farmers' Club of  
Buchanan.

**WILHOFF'S ANTI-Periodic.**  
A CERTAIN, SAFE and SPEEDY CURE  
FOR CHILLS and FEVER, AGUE, DUMB  
CHILLS, and all Fevers of *miasmatic* origin.  
It is safe because it contains no *Arse-nic*,  
no *Zinc*, either vegetable or mineral.  
It is CERTAIN, because THIRSDANS have  
tested its virtues and pronounced it a suc-  
cess.  
It is SPEEDY, because it destroys the pe-  
riodical tendency of Chills to return on  
the seventh, fourteenth and twenty-first  
days.  
Try Wilhoff's Tonic if you wish to cure  
your Chills, have a clear head and go  
about your business in a few days.  
It does not wear and tear the body, and  
make "a raw head and bloody bones" of  
you, like calomel, nor blot your face and  
swell your eyes like arsenic, nor split your  
head and nose like Nuxom, and in your  
ears, like quinine. It is SAFE. Sold by  
Wm. Osborn, Buchanan. 21w4

**County Correspondence.**  
From "Three Oaks."  
July 18th, 1870.  
Mr. Editor:—The building mania  
in Stevensville has revived. More lots have  
been sold the past week, and more build-  
ings are to be built soon. One steam saw  
mill, now in course of erection, by Messrs.  
Dunham & Eskins. A new church is to  
be built soon, and a flour mill will soon be  
started. Two stores now doing a good  
business. New dwellings going up every  
week. One Mr. Henry Long, living near  
Stevensville, was bitten by a poisonous  
snake, on Thursday last, and on Saturday  
was very sick from its effect. Do not  
learn the particulars. J. O. BAKER.

**From "In a former letter,"**  
speaking of  
land near Stevensville, should read  
\$100 per acre, instead of \$2. J. B.

EDITOR RECORD.—You will not be sur-  
prised, if your correspondents become ex-  
hausted in their garden, with the  
thermometer at 95° in the shade, to keep  
cool! I believe your readers have been  
posted on the news of this place, up to  
within a short time. The Fourth passed  
off quietly, there being no celebration here.  
Many of our citizens visited your village,  
St. Joseph, and other places, all of them  
a good time. Those going to St. Joseph  
had the pleasure of a moonlight ride up  
the river, (if there was a moon), for they  
"never came home till morning."—What  
hate is finished, so far as cutting is con-  
cerned; the late rains have prevented  
draining so much of it as is yet in the  
field, but little injury has been done.  
The first wheating of wheat in this part  
of town, will be to-day, at Warren Howe's  
farm. Wheat is well filled, and good here,  
though the straw is light, will be a  
good crop. Other crops are looking fine.  
The potato bug is rather troublesome, hav-  
ing killed most of the potatoes, with the  
exception Mr. Pennell's. Some of his  
bug has been seen in C. F. Howe's gar-  
den. W. H. Kirby has been buying  
wheat here for his mill at Benton Harbor,  
and a good deal has been shipped  
from here. My friends several miles  
south of the river, are all interested in  
one dollar to one dollar and twenty-five  
cents.—The many friends of D. H. Reiter  
will be glad to know that he has opened a  
drug store, where all kinds of medicines  
may be obtained, together with stationery  
and notions. Dr. S. G. Armstrong, lately  
of Leaning, has commenced  
the practice of medicine here, and has an  
office in H. H. Reiter's drug store. Dr.  
Reiter, who succeeded Dr. Hall, is having  
a good practice, and is making many  
friends in his place and vicinity. Dr. J.  
W. Rhoades, Philadelphia, has estab-  
lished himself in his practice here, and  
will be glad to see the friends of his  
city, and of the State. A. Kephart, sur-  
geon, who has one office in Buchanan, has  
opened a new office in the National  
Hotel building. Cool, isn't it?  
Henry Stough, who has been for some  
time Mr. Von's partner in the black-  
smithing business, has just returned to  
Cyrus Swannick, who is now the junior  
partner of that firm.—The principal im-  
provements in town during the summer  
have been in repairing buildings, building  
new fences and painting them, has added  
very much to the appearance of the whole  
village. Among these, I notice Dr. Kephart  
has built a front porch on his resi-  
dence, which is fine improvement, as  
well as a pleasant look. Dr. T. W. An-  
derson has his residence on Main Street  
nearly ready to occupy. George H. Mur-  
dock will soon have a new house com-  
pleted. John Wicoff is adding to and  
very much improving his house, as have  
George Ewald, D. W. Gauger, D. B. and  
Bernard, Mrs. Ball, E. Howe, and the  
owners of the "House on the Hill." Among  
those who have painted their houses and  
fences, I have noticed, C. Wicoff, E. M.  
Wansborough, Mrs. Gm. Jas. Graham,  
Jacob Boon, Mr. Vign, Mrs. Barthol-  
mew, J. Fisher, also the members of the  
U. B. Church, are making considerable  
ed repairs on the parsonage.—Rev. F.  
Fisher occupied the pulpit at the U. B.  
Church, one week yesterday. His many  
friends were much pleased to see him  
again in his old place. Rev. John  
Boon, who presides at that house once in  
two weeks, has been very sick, but is get-  
ting better. A. C. Deaton, son of  
M. E. Church, while writing with a mov-  
ing machine, had a fever nearly out of  
this. Should teach boys to let things alone  
that are by the side of streets in villages  
—most of these things will cut. Lottie  
Richardson, a little lighter of Charles  
Richardson, was seen very severely on  
Thursday last, by his right arm and leg  
being laid in water, and in the evening,  
a tea kettle of water on it, his right arm  
and side were badly hurt. It is thought,  
now that the child might well. Yester-  
day, about noon, seven boys went to the  
river to bathe, going the water at the  
foot of Main Street. Bert Andrews, a  
son of the late Bert Andrews, was out  
in the current, and had the other boys  
could assist him, he was carried down the  
stream. Immediate life was obtained,  
but it was nearly two hours before the  
body was found, and had then floated  
about half a mile below. The funeral will  
take place to-day at 10 a. m., at the M. E.  
Church. The boy without twenty years  
of age. Shall we hear more of these  
things to record, or, will boys too young  
to care for themselves being in the water,  
be kept at home?—The schools of this  
village, were closed on the 18th of August.  
Marie McNab has been engaged in the In-  
termediate Department at Mary J. Smith  
in the Spring. It is interesting to  
hear of her. The High School.—Oaturday  
evening, last, the Dramatic Corp. of this place,  
assisted by D. L. Scotch daughter, gave  
an entertainment at Diel's Hall, which  
is said to have been very good. The  
piece was "Little Borek." They are to  
give another, this evening. BENJAMIN.

**Prosecuting Attorney Again.**  
BUCHANAN, July 18, 1870.  
EDITOR RECORD.—The construction  
placed upon the article appearing in your  
issue of June 30th, by Mr. Clapp, in  
his reply to theme, makes it  
necessary that I should offer the fol-  
lowing explanation in my defence.  
Mr. Clapp characterizes the produc-  
tion as a whole attack upon  
him, in an attempt to secure my own  
nomination at the cong Convention,  
as a candidate for the office he now  
holds. In the first place, I deny ever  
retiring directly to Mr. Clapp in any  
manner, and only *directly* in the  
last paragraph, in speaking of section  
41 interest that you have in the  
Convention, and upon such a man-  
ner as to not bring in question in any  
way the qualification of Mr. Clapp  
for the position.

As to Mr. Clapp's standing in my  
way in securing the nomination, I will  
say that I had been duly informed  
that he would not be a candidate  
for re-nomination; and on account of  
his extensive practice I did not de-  
sire the office; and but two years  
ago he accepted it by reluctantly  
after the most earnest solicitations of  
the Convention. His idea of my

being a candidate never entered my  
mind, and but for the understanding  
(on my part) that he would not be a  
candidate, the article referred to  
would never have seen the light. So  
all that is said about the *copying* and  
*willingness* of the party to be chosen  
I meant as rules of discrimination in  
the selection of some new candidate.

I think Mr. Clapp is very sensitive,  
and extreme delicacy must be exer-  
cised, if, as a citizen of this County,  
before a Convention (which, in this  
case, is equivalent to an election) I  
cannot offer a few suggestions to be  
considered in the nomination to be  
made for any office, without the party  
who occupies that particular office  
thinking that I accuse him of acting  
in direct violation of every principle  
of right that may be thus mentioned.

When I say that in selecting a candi-  
date for the office of Prosecuting At-  
torney, we should nominate some per-  
son who is capable of properly exer-  
cising the duties of the office, and  
also willing to devote his time and  
attention to their performance, I do  
not desire to be understood to say,  
Mr. Clapp, that you are incapable, or  
to accuse you of official negligence  
and inattention. I did say that in  
many instances the expense to the  
people and the County, in these crimi-  
nal suits and examinations before  
Magistrates, proved to be wholly un-  
necessary, on account of the proceed-  
ings being improperly conducted. I  
do not charge Mr. Clapp with being  
inensible for these evils, but attribute  
them to the form of the law, and to  
remedy the evil I said the law was  
changed, giving to the Prosecuting  
Attorney the privilege of attending to  
all the criminal cases himself. I do  
say that it is the duty of the Prose-  
cuting Attorney to attend to all crimi-  
nal cases and examinations before  
Justices of the Peace, in person, in  
every case where it is possible for him  
to do so. The people chose him for  
that particular purpose, and unless  
absolutely necessary, he has no more  
right to substitute some other At-  
torney, in cases where the County is in-  
terested, or is a party, than he would  
have to appoint another Attorney to  
appear in the case against him, in  
a civil action. This is a general rule,  
and applies alike to Mr. Clapp and  
every other person occupying that po-  
sition. He is no more exempt from  
that rule than anybody else would be;  
but in the statement of this rule (in  
my former article) I did not intend to  
say that Mr. Clapp had been guilty  
of negligence in this regard; or that  
he had not attended to these cases  
whenever it was possible for him to  
do so. But as my opinion in regard  
to the capacity of Mr. Clapp for the  
office of Prosecuting Attorney, and  
also in reference to the manner in  
which he attends to the duties of his  
office seems to be desired or inferred,  
I will, in this article, give my opin-  
ion on this subject, without preven-  
tion or circumlocution, in such a  
way as to leave no conclusions to be  
deduced from mere inferences. That  
in many instances he has neglected to  
attend to the duties of his office, I  
think can be clearly shown by refer-  
ence to the docket of the Justices of  
the Peace, especially those in the  
southern portion of the County. The  
facts are, that during the past six  
months in which Mr. Clapp has served  
as Prosecuting Attorney, as near as I  
can learn he has never attended a  
single criminal suit or examination in  
Buchanan, and with a very few excep-  
tions the same has been true as to the  
City of Niles, and of the other places  
on the line of the M. C. R. R. Mr.  
Clapp may say that he has attended to  
every case so far as it was possible for  
him to do so. I do not doubt this,  
and it only confirms what I have al-  
ready said, that it is difficult to get an  
Attorney, whose merit has gained for  
him an extensive practice, who will or  
can attend to this office, in every in-  
stance where the interest of the pub-  
lic would seem to require or demand  
it. The office is not a lucrative one,  
conflicts with other business of an  
Attorney, and is often attended to  
with great inconvenience and at a  
great sacrifice, and this is the reason  
why it is almost impossible to get an  
Attorney to accept the office who is  
suitable, and who will give it his at-  
tention. In regard to Mr. Clapp's  
being capable to fill the office, it is my  
opinion that there is not a man in the  
County better qualified for the place,  
or who would give to the people better  
satisfaction in his position.

Now, in conclusion, I wish to say a  
word in reference to the "numerous  
letters" which Mr. Clapp says I have  
sent to him, of which he gives a speci-  
men in his reply to me. I will admit  
I have written many times to Mr.  
Clapp, asking for written authority  
from him to appear in criminal suits,  
if he would not come himself to attend  
to them. He has received just such  
letters from other Attorneys in this  
village, and I presume from every At-  
torney in the County. I fall to see  
what there can be in this to censure.  
Some one must attend to these cases,  
and if Mr. Clapp cannot, then it is  
no more than right that he should  
give authority in writing to those  
who do attend to them, that they may  
get pay for their services. I have at-  
tended to many of these cases with-  
out retaining any authority in writing,  
where I never got a cent of pay and  
never expected any. The fence which  
Mr. Clapp says the Supervisors placed  
around the treasury, was put there  
no more to keep others without, than to  
keep the Prosecuting Attorney with-  
in, the inclosure. It affords not only  
protection to the people, of which I  
heartily approve, but also due advan-  
tages to the occupant of that office  
in the faithful discharge of his duties.

Yours very truly,  
W. D. KINGERY.

"Phyngrams." In one of the ward schools of Oshkosh, the other day, two wee bits of girls were discussing the beauties and advantages of their respective homes, when one of the children to the other said, "I'd like to go to your home, but I can't go because you said they were going into a new house on Algoma street in the spring, and then folks would open their eyes. The other, not to be vanquished, replied: 'Well, I heard pa tell ma that we was going into bankruptcy next week, and I guess we'll be ahead of your folks.'

"Some years ago a clergyman was preaching to a large audience in a wild part of Illinois, and announced for his text, 'In my father's house are many mansions.' He had scarcely read the words when an old crowd stood up and said, 'I tell you, folks, that's a lie! I know my father well. He lives fifteen miles from Old Kentick, and he'd be caving and there ain't but one room in the house.'

"A stranger visiting the navy yard at Brooklyn, conversing with some seamen who had been engaged in the navy during the war, asked one of them if he had received any prize money. 'Och, indeed yer honor, yes, a little; it was sifted through a ladder, and all that fell through went to the officers—all that stuck to the steps was left to the men.'
