RELIGIOUS.—The Rev. Wm. H. McGiffert will preach in the Presbyterian Church next Sabbath (Oct. 30) morning and evening.

BEFORE you buy your shoes, ladies, go and see those fashionable ones sold at Noble's.

MAJ. DUNCAN, of the Niles Republican, was in town on Monday.

PRICES lower than ever at Eaton & Simmons'. NEW BRIDGE.—A new bridge is being built across the race on Alexander street.

SOMETHING NEW in Dress Goods at H. J. Howe's. Call and see them.

SIDEWALKS.—We notice that our village Marshal is busy having sidewalks and roads repaired.

THE STORM.—The rain storm presented O. W. Coolidge, Esq., from meeting his appointment at New Buffalo, on Tuesday evenings announced.

W. K. SAWYER, Esq., is to address the citizens of New Buffalo, of Galien and New Troy, on the political issues of the day. Read the appointments on second page.

INCREASE.—The complete Census returns of Berrien County show the population to be 35,094 against 22,823 in 1860, being an increase in ten years of 12,271.

FOR SALE.—A pleasant house and lot for sale. Enquire at the Record office.

BARTHOLOMEW.—The earthquake wave that passed from the east to the west, on Thursday last, was distinctly felt in this place.

STILL AT IT.—Binns & Rose are still engaged in selling dry goods and groceries at the lowest possible living figures.

SOLD OUT.—Last week Messrs. Clark & Alexander sold their stock of Dry Goods to Messrs. Emery & Blakelock, of Galien, where the goods have been removed.

NOBLE has on hands a large and well selected stock of ladies' shoes, of all kinds, and of the styles for the fall of 1870. Go and see them.

POLITICAL.—There was quite a large crowd out on Monday evening, to hear Gen. Stoughton, O. W. Coolidge, Esq., and Hon. C. W. Clisbee. The speakers showed clearly the positions of the respective parties, and that the interest of the people demands the continuance of the Republican party in power.

DON'T FAIL when you visit Buchanan, to call upon Binns & Rose, especially if you have it in your heart to get a dress, shawl, or anything in the dry goods line. Willis Rose says he just can't find time to tell the readers of the Record all the advantages the uniform will secure by having their dry goods and groceries at Binns & Rose's. We therefore advise our readers to go and see him when in town.

AN OLD APPLE.—We have on our table an apple handed us by Mr. Joseph W. Nutt, which he picked from the tree over a year ago. It is of the Jonathan variety, and is perfectly sound.

VANDERPOOL.—The Vanderpool trial is progressing with a great degree of interest in Kalamazoo. Judge Brown resides with ability.

Spectacles for all eyes, at Warren's Watch Shop, Three Oaks. 3573

TAKEN UP.—The political meeting appointed for Wednesday evening for Hon. C. W. Clisbee, was taken up, as Mr. Clisbee was present with Gen. Stoughton and Mr. Coolidge on Monday evening.

APPLES.—For a few days past winter apples have been coming into market quite freely. The price ranges from seventy-five cents to one dollar per bushel.

SPEECH AT GALIEN.—Let the Republicans of Galien remember the appointment of Hon. E. M. Plimpton, on to-morrow (Friday) evening. Let there be a good turnout. Remember Democrats are working hard to defeat the Republican ticket.

NEW TROY.—We hope the Republicans of New Troy will bear in mind the speech of Hon. E. M. Plimpton at that place on Saturday evening. Turn out every one and hear him.

GOOD SUGAR, ten lbs. for \$1.00. EATON & SIMMONS'. POLITICAL MEETINGS.—Look over the appointments, found in the first column, on second page, for political meetings, and let every Republican in the respective neighborhoods attend them. Also induce your Democratic neighbors to attend.

FOR many years Dr. Price, who is at Niles, Reading House, Sunday and Monday, (until 3 o'clock), has been treating chronic diseases and he has in those years effected more complete cures than any physician making them a special treat ment.

R. R. ACCIDENT.—On Monday morning a collision took place between the Kalamazoo Accommodation, near that place, and a freight train. One or two persons were badly injured, and several others slightly hurt.

W. D. KINNEY, Esq., will speak at Dayton, Galien Center, and Pennell's School House, in Wewasaw. See the time on second page. Turn out, Republicans.

NEW GOODS.—New Goods.—H. J. Howe has a full stock of New Dry Goods, Notions, Clothing, Carpets, Oilcloths, Wall Paper, Boots and Shoes, Crochery and Glassware, Hats, Caps and Furs which he will sell as low as any one in Berrien County.

PERSONAL.—The other day our old friend Geo. M. Dewey, Esq., editor of the Republican Banner, published at Hastings, dropped in upon us. Mr. Dewey reports all things prosperous in Barry County.

AURORA.—On Monday night there was another of those grand displays of the aurora borealis. The whole heavens appeared illuminated, and at times almost as red as blood. These auroral displays have never been so frequent, in the recollection of the "Oldest Inhabitant," as during the present fall. We may anticipate something superbly grand in this line during the coming cold weather.

THAT FIRST GALE.—At Saugatuck off Perrotto's pier the schooner Flora lost her center-board and drifted ashore. The schooner Louise was dismantled. The schooner Daylight, since burnt, blew out her steam whistle, and was driven ashore and struck north side of the pier at Holland.—St. Jo. Herald.

WILLIS, we mean Willis Rose of the firm of Binns & Rose, says he is bound to keep up with the times, and that he can give as good bargains in dry goods and groceries as can be had in Berrien County. This is saying considerable, but we guess he means it. Go and see him.

A grand Republican Mass Meeting will be held at Benton Harbor, Nov. 5th, at which time Senator Chandler and the Hon. Wm. L. Stoughton, candidate for Representative, will address the people. The St. Joseph Cornet Band will be in attendance. We are assured by the County Committee that ample arrangements will be made for a grand rally. Every man should turn out and hear them.—St. Jo. Traveler.

THE BEST PLAN.—We have noticed the plan of business adopted by Noble in his trade, and are fully convinced that his is the best plan. He makes a specialty of boots and shoes, hats and caps. On these he is thoroughly posted. The result is he buys goods low, and sells for cash, making no bad debts, and hence he is able to offer the most fashionable goods for less money than goods out of fashion can be bought for. Go and see his stock and you will be sure to purchase, for prices and styles will suit.

HOW IS IT?—We notice many of our exchanges still continue the practice of circulating hand bills and circulars through their papers. Is it lawful or unlawful? If it is unlawful we trust our brethren of the press will be law abiding and not contented, in any way, an infringement of the laws. Understanding that the circulating of hand bills or circulars, through a newspaper, to be contrary to the post office regulations, we have long since refused to circulate anything of the kind. We would inquire by what authority Post masters allow some papers to do so, and refuse others? Or rather why some Post masters do so while others do not?

WILLIAMS' Anti-Pneumonic. The unfailing, ever faithful friend of the unfortunate who are afflicted with Croup, Whooping Cough, or engorged Spleen, Sun Pains and the dreadful, Inflammatory Croup which takes off its victim in the short space of an hour or two. WILLIAMS' Tonic is the Cure for this, for these and for all diseases that have their origin from miasmatic Poison in the atmosphere you breathe.

This Tonic contains no Poisons, no Arsenic, no Mercury, no Quinine, nor any other deleterious drug. It is equally safe for every age, and leaves no racking pains in the limbs nor splitting joints in the head, but the rickety patient gets up a new man, and knows that he is whole once more. Just try it, and you will be convinced. Sold by Osborn, Buchanan. 3574

Having alluded to the failure of the potato crop, I beg leave to call your attention to some of the potatoes of the Chinese Yam, which appears to be a different vegetable from the common sweet potato, and probably better adapted to supply the place of the common potato. The information spoken of I have obtained from an article published in a volume entitled, "The Farmers' Boy," or "How to make the Farm Pay." I copy a portion of the article, and leave its publication to your discretion.

The Lowell Journal says that cider commands four dollars per barrel.

C. C. Thompson placed on our table a day or two ago, a plate of nice, fresh strawberries. His vines, he informs us present the same appearance they did in the spring, with the vines full of berries from the ripe ones to the blossom.—White-hall Forum.

Slight frost last night, the first since the 25th of April—174 days without frost. How is that for summer?—Grand Haven Union 18th.

The Paw Paw Tree Northern of the 21st says the Paw Paw tree of Michigan, and John Hodgson, situated in the village of Bloomingdale was buried down on Saturday night last.

TRUCK LAYING.—The construction train has left St. Joseph, and the work of truck laying has already commenced from the junction of the Kalamazoo & South Haven with the C. & M. Lake Shore R. R. The contractor is pushing the work with a large gang of hands. In case iron should give out, that in St. Joseph will be sent to that end of the road.—St. Jo. Herald.

DRESS MAKING.—Miss Em. Mead and Miss Thelma Williams have established themselves in the dress making business, one door north of Front street, in the Bank building, (the room lately occupied by Mrs. Blish's Millinery shop.) The ladies of Buchanan and vicinity, who may want work in the dress making or sewing line, should give these young ladies a call, and thus encourage the efforts of home industry. They have had experience in the business, and are fully confident of giving satisfaction to those who may favor them with their patronage.

RIVER BRIDGE.—The Highway Commissioners of Buchanan and Niles Townships, after an examination of the river bridge, yesterday, determined to repair it at once, so as to make it safe for careful driving. Preparations are also determined on to build a new bridge in the Spring.

BOLD AND PERSISTENT ATTEMPT TO SUCCEED.—Hiram Clark, a well-known stone mason of this City, on Monday last made one of the most determined and persistent attempts to commit suicide that we ever heard of. Clark entered the Drug Store of Larimore & Dean purchased a quantity of the kind of medicine, or anything of the kind was suspected, he rushed into the back room and swallowed about half the contents of the bottle—enough to have killed almost a dozen men—with as much gusto as if it had been a favorite beverage. Mr. Dean's attention being attracted by the sound and seeing the bottle forlornly on the floor, he rushed into the back room and found Clark lying on the floor, and he immediately called for a doctor, who was sent for, and he was immediately taken to the hospital, where he is now recovering.

"This Yam is a native of the northern limits of the Temperate Zone, and will flourish in the coldest regions of our country, and of the British territories, and will endure everywhere the winters in the open ground. Its produce is more than double that of the potato, and it never rots. It will flourish best on the now useless sandy lands of New Jersey and Long Island, and it will also succeed on any soil but a stiff clay. It does not require replanting annually, but reproduces abundant crops from the fragments and small tubers that are left in the earth. There can be no fragment, however diminutive, that will not vegetate. From tubers the roots attain ten to twelve inches length and weigh four to six ounces. From sections of the root, such as are used for the regular crop, the roots attain 18 to 24 inches in length, and weigh from one-half pound to one and a half pounds, and often more. A plantation of this yam is in China termed "a permanent magazine of food," and the roots may be dug fresh for daily use from early Spring to Winter. It is more palatable than the best Mercer or other potato, and is devoid of all insipid sweetness.

PREPARATION OF THE SOIL.—The ground for planting tubers should be rendered mellow and permeable to the depth of 15 inches, and for roots to the depth of 20 inches. Old decayed stable manure or decayed peat or wood mould should be used in the proportion of one bushel to one square yard of ground. Over watering is injurious, and pondwater is unsuitable. The season for planting is as soon as the freezing has ceased, and the ground becomes settled.

TUBERS.—These should be planted in a double row—the rows twelve inches apart and the tubers in the rows. Over watering is injurious, and pondwater is unsuitable. The season for planting is as soon as the freezing has ceased, and the ground becomes settled.

There is no plant whose cultivation is more easy than that of this Yam. Its extensive cultivation promises to our country a vast and inexhaustible resource, derived from such soils as have been hitherto most unproductive and unpromising. It will supersede and far more than replace the failing and uncertain crops of the potato, with the addition of this point and comprehensive fact that the excellent success and yield ample and reliable crops throughout all the northern sections of the country."

Sunday Reading

THE TARES AND THE WHEAT.

BY MRS. C. E. BARBER.

Standing together, side by side, Tares and wheat, in the Master's field...

The wheat was sown by the Master's hand; The seeds were good and sown with care...

Side by side in the cheerful sun, Each refreshed by the softening shower...

Waiting together till harvest time, Tares and wheat, in the Master's field...

"Cast forth the tares in the fire to burn, But," saith the Master in accents sweet...

As he saith the reaper forth, His reaper Death, with his sickle keen...

Oh, patient soul in the harvest field, Wait till the Master's voice; He sends the wheat from the enemy's tares...

An Incident from Life and Death. A minister of the gospel told me in 1847, one of the most thrilling incidents I ever heard in my life...

The Foolish Old Man. A person was once conducted by an angel—so runs the parable—into a wood...

Heaven. Heaven is not passivity, nor mere exercise of devout devotion. All our powers...

Speak Kindly. How many persons might be saved from backsliding by a little oversight. If we would speak to the brother kindly...

Immortal Youth. The more we sink into the infirmities of age, the nearer we are to immortal youth...

Do not merely be peaceful if nobody irritates you; but that of your way to be peaceful; give up many things that you have a right to enjoy...

It is a good thing to obey the law of God, but it is a better thing to love it. The former is to live a new life, the latter to have a new heart...

No great good was ever yet accomplished in this world without effort, self-denial, and sacrifice; and no great progress was ever yet made in the divine life...

There is a good thing to obey the law of God, but it is a better thing to love it. The former is to live a new life, the latter to have a new heart...

No great good was ever yet accomplished in this world without effort, self-denial, and sacrifice; and no great progress was ever yet made in the divine life...
