

The Berrien County Record.

R. A. WAGNER, Editor.

THURSDAY MORNING, JAN. 5, 1871.

SENATORSHIP.

Before another issue of the Record shall appear, the question of "Who will succeed the Hon. J. M. Howard in the Senate of the United States?" will have been settled.

The Republicans of the Michigan arise, with almost a unanimous voice, and demand a man from their section of the State. It will not do for the Republican members of the Legislature of the east part of the State to deny this just demand.

It is but justice to a long neglected portion of the State. If the west had not the men of ability to fill the high position, then it would be admissible for the east to bring forward their candidates.

But there is no lack in the west. Men of integrity—men of ability and influence reside in Western Michigan.

But in this instance they say it "impairs the obligation of contracts." If it is unlawful for railroad companies to charge or receive more than a reasonable compensation for their services, then all contracts for remuneration, so far as they are in excess of what is reasonable, are illegal and void.

The question might be raised, are we in favor of having the Legislature fix the charges of inn-keepers, to regulate by law the price to be charged for a meal, or a night's lodging?

The Board of State Canvassers met at Lansing, to ascertain and declare the vote given at general election on the 8th of November.

The vote for Governor falls up as follows: H. P. Baldwin, (Rep.) 100,170; C. C. Comstock, (Dem.) 88,391; M. Fish, (Temp.) 2,710.

The vote for Lieutenant Governor as follows: Morgan Bates, (Rep.) 101,408; J. A. T. Wendell, (Dem.) 82,276; E. Curtis, (Temp.) 2,848.

The vote for Secretary of State falls up as follows: D. Striker, (Rep.) 101,519; J. W. Flanders, (Dem.) 82,681; J. Evans, (Temp.) 2,562.

LEGISLATURE AND RAILROADS.

The Chicago Tribune says that a bill to regulate by law the rates of fare and freight on the railways of the State of Illinois, has been already prepared for presentation at the next session of the State Legislature.

This question, which is one of more than ordinary interest and importance, will likely be agitated in our Legislature this session, and it presents many points for consideration.

It cannot be doubted that railroad companies are common-carriers, and as such, are subject to certain common law regulations, from some of which it is impossible for them to relieve themselves even by special agreement.

What are some of the obligations of a common carrier? "A common carrier is bound to carry all goods and passengers, subject to all the responsibilities incident to his employment. He is entitled to his pay in advance, but a tender of his usual or a reasonable compensation obliges him to carry."—Parsons, on Contracts.

But in this instance they say it "impairs the obligation of contracts." If it is unlawful for railroad companies to charge or receive more than a reasonable compensation for their services, then all contracts for remuneration, so far as they are in excess of what is reasonable, are illegal and void.

The history of railroad companies will more than convince every one that they are receiving for their services a compensation that is unreasonable as compared with other business, and that if not interfered with, on no distant day they will exert a power and influence detrimental to the best interest of our State and nation.

The new year, 1871, is begun. By this we are reminded that old Father Time, the tomb-builder, is still holding his fierce career—still making his silent and majestic, though rapid steps through the advancing years.

The vote on State Treasurer falls up as follows: V. P. Collier, (Rep.) 100,718; A. J. Borna, (Dem.) 82,624; L. R. Atravere, (Temp.) 1,521.

The vote on Auditor General falls up as follows: W. Humphrey, (Rep.) 101,478; C. M. Butler, (Dem.) 82,692; C. K. Carpenter, (Temp.) 2,589.

The vote on Attorney General falls up as follows: Dwight May, (Rep.) 101,487; J. Atkinson, (Dem.) 82,429; E. G. Fuller, (Temp.) 2,861.

The vote on Superintendent of Public Instruction falls up as follows: O. Hosford, (Rep.) 101,087; D. Doty, (Dem.) 83,116; A. Mahon, (Temp.) 2,531.

White life lasts there is plenty to do.

The world is waiting for our actions to help carry forward great and good schemes for the advancement of knowledge and truth.

County Superintendency. We notice that petitions have been and are being circulated, praying the Legislature to repeal the law creating County Superintendents of Schools.

It becomes the Legislature to take such action as shall reduce the expenses of running the State government in all its departments, without impairing its efficiency.

The election of the County Superintendent system is a useless and expensive appendage to the school system, and should accordingly be abolished.

From Kansas.

BAZAR, CHASE CO., Dec. 22, 1870. Dear Sirs—We are having snow winter weather for Kansas.

The War, &c.—Latest Dispatches. BORDEAUX, Dec. 28.—General Fierber, in a despatch to the Minister of War, announces that owing to the intense coldness of the weather, he will encamp his troops near Arras, and await the prosecution of a general movement throughout France for the relief of Paris and deliverance of Belgium.

BERLIN, Dec. 27.—Information has been received here that the Porte has ordered the Bosphorus and Dardanelles coasts to be protected by torpedoes.

LONDON, Dec. 29.—The Germans in the Eastern Department are retreating. They have already evacuated the town of Gray, in the valley of the Taone.

LONDON, Dec. 29.—A proclamation has been issued by the Prussian Government placing under blockade all ports of France now occupied or held by the German forces.

LONDON, Dec. 29.—Official contradiction is given to the despatches of the Prussians which falsely represent the Fort Noyelles battle as a German victory, and claim to have taken some French troops prisoners.

LONDON, Dec. 29.—The bombardment of Paris continued on Monday, Dec. 29. The Prussian Tenth Corps have occupied Mont Avron, after one day's bombardment.

BERLIN, Dec. 30.—The King has sent the following telegram to Queen Augusta: "VERSAILLES, Dec. 29.—The bombardment of Paris continued on Monday, Dec. 29. The railway station at Noisy was shelled, and the French artillery at Bondy dislodged. The Prussian loss was three men. The garrison of Fort Avron fled to Paris."

DRESDEN, Dec. 30.—The Crown Prince of Saxony, in a despatch to King John, General in the Prussian army, has ordered all French refugees to report to army headquarters for service in France immediately. All those who fail to comply with the order will be considered as deserters.

LONDON, Dec. 30.—A Prussian despatch reports that Colonel Battenstein, commanding a detachment of six companies on foot, two squadrons of cavalry, and two guns, was surrounded by the French near Mont Touise. After a desperate fight he cut his way out, losing only 100 of his command and taking 240 prisoners.

There are French reports that propositions have been made for peace, to Gambetta. BORDEAUX, Dec. 30.—Accounts received here show that both the Prussians and French have suffered terribly from the cold. Strong reinforcements have been sent forward to all points, to replace French soldiers thus incapacitated. Vast quantities of material calculated to increase the comfort of the troops, have also been sent to the front.

The Legislature.

LANSING, Jan. 5.—The Legislature convenes here tomorrow, and the town to-night is crowded to overflowing.

LONDON, Dec. 30.—Prussia has replied to the representatives of the British Cabinet. It will give indemnity bonds to owners of British vessels recently destroyed to impede the navigation of the Seine, but declines to compensate the sailors for the harsh treatment accorded them.

BERLIN, Dec. 30.—The Federal treaties with Baden, Hesse and Wurtemberg have been ratified. The Upper Chamber of the Prussian Diet passed the treaty by nearly a unanimous vote.

PARIS, Dec. 29.—The losses which would be sustained by the Prussian army during the late sorties on the German forces from this city have been so heavy and serious as to render it absolutely necessary to reconstitute the army of defence. With this object General Blanchard's division has been broken up; General De Malroy's division has been transferred to the front, and the 1st division under General Vinoy, both Generals Blanchard and Vinoy holding important commands.

pipe of tobacco for relief.

Accidentally he put a candle into the pipe, with the tobacco which soon exploded, lodging the ball in his head. Dr. Ashton, of this place, was sent for in great haste. No further particulars.

The Kalamazoo Gazette of Dec. 30 contains the following: Mr. W. Collins, an Englishman, about 80 years of age, living with his son, James Collins, about two miles north east of Plainwell, retired to his room about one o'clock p. m., Dec. 24, and having taken off one shoe, was about to take off the other, when he dropped dead. His son hearing him fall, hastened to his room and found him entirely lifeless. Mr. C. had enjoyed his usual health up to the time of his death. He had eaten a hearty dinner that day and seemed unusually well.

Water from the bottom of our artesian well is very strong salt water, and the pump throwing a two inch stream, does not exhaust it. The experiments seem to show that at a less depth, the water has apparent qualities resembling the Spring Lake water. Whether the company will attempt manufacturing salt, or healing some diseases, will perhaps be determined by an analysis of the water.

THE TECHNOLOGIST.—No 12 of Vol. I of the Technologist is before us. We know of no more desirable publication for the engineer, manufacturer or builder. Terms only \$2.00 per annum.

THE NEW BELL.—The bell for the Advent Church, on Oak street, has been received. It was manufactured in Cincinnati, and furnished by Hubbard & Spencer, of Chicago, at cost, with hangings. Its weight is 1,000 lb, and cost \$261.00.

TAXES RECEIVED.—On Friday and Saturday Treasurer Fisk received for taxes \$5,234.52. The entire amount of tax assessed to Buchanan Township for the year 1870 is \$14,245.32.

PEACH BUDS.—The recent cold weather has killed the peach buds in this region. Occasionally a live bud can be found, but they are like angels' visits, "few and far between."

LECTURES.—Prof. Tenney's lectures were slimly attended. It seems that Buchanan folks have but little taste for real literary entertainments. Who knows what has gone with the "Literary Association?"

CHRISTMAS TREE.—There was a Christmas Tree at the M. E. Church on New Year's Eve. Perhaps we had better say a New Year's Tree. A pleasant time was had by those in attendance.

FARM TO RENT.—A No. 1 Farm to rent, on good terms for cash. Enquire at this office.
