Does it pay?

As an illustration of the policy of encouraging home enterprises, the pay car on the M. O. R. R., on the last day paid, the hands employed in their shops at Jackson, the nice sum of \$25,000. This amount is, of course, put into immediate circulation in that city.

BINNS & ROSE can supply you with all kinds of glass ware.

MANY of the larger houses in our village have two families occupying them. Why don't those who own village lots take notice of these things and put up buildings, and improve their property? It would prove a profitable investment.

MANY of the former residents of Buchanan have returned during the past month, and all declare that it is folly to look elsewhere for a better place to live in, so far as regards business or society. This speaks well for the village, and should encourage others to locate among us.

SPECIFICATIONS for a new engine house and calaboose combined are being drawn up, and proposals for building will soon be advertised for in the Record.

THE Spinal "come and get us" is raging to a fearful extent in various places throughout the State. We have read several accounts of persons who were supposed to have died from this malady, and have come to life while preparations were being made for their burial. People should take warning by these accounts, and in cases of this kind should not consent to an interment only after an examination by a skillful physician.

A WORD TO TENANTS.—There are a few persons who rent houses in this village, who leave them in such a condition that no one wishes to occupy the premises after them. They may say that they leave them as they found them, but this is no excuse for a neglect of duty. A tenant should have pride enough and principle enough about him to clean a house after he has through with it, for the next occupant. If it is not done it becomes the duty of the landlord, who will lose nothing by his labor in the amount of rent he will receive, and the class of renters he will secure.

A GOOD WORD FOR LOCAL PAPERS.

The New York Times says you might nearly as well forget your churches, your academics, and school houses, as to forget your local paper. It speaks to ten times the audience that your local minister does, and if it has any ability at all, it is read eagerly each week from beginning to end. It reaches you all, and if it has a lower spirit and less wisdom than a sermon, it has a thousand times better chance at you. Laying as it does, open on every table, in almost every house, you owe it to yourself to rally liberally to its support, and exact from it as able, high-toned a character as you do from every educator in your midst. It is in no sense beneath notice and care—for it is your representative. Indeed in its character it is the summation of the importance, interest and welfare of you all. It is the aggregate of your own conscience, and you cannot ignore it without miserably depreciating yourselves.

MANUFACTURE OF CHEESE.—We take the following from the Flint Globe, which may be of some interest to our readers at this time:

"We give this week some figures relating to the manufacture of cheese at the Burton Cheese Factory, situated in the Atherton Settlement, upon the farm of Rev. O. Parker. The factory is under the charge of Mrs. A. L. Finney, an experienced cheese maker from New York State. The whole number of cows from which cheese was made, was 80. Number pounds of milk made into cheese, 114,377. Number of pounds of cheese made, 11,000. The whole amount of cheese manufactured, found a ready market in this city. In fact so great is the consumption of this article of food, that three or four times as much might have sold."

THE "spotted fever" continues to rage in this locality. To the other deaths from that cause we must add that of Miss Sylvia Martin, who was attacked last Sunday evening, after church, and who died on Wednesday morning. There are some other cases, but most of them, we understand, are likely to recover.—*Benton Harbor Palladium, 10th.*

PEACH TREES are in bloom. Fruit growers inform us that there is every prospect of an abundant crop. Should nothing intervene that does not appear at present, we may look for a busy and prosperous season.—*Benton Harbor Palladium.*

THE cerebro spinal meningitis is finding victims in this vicinity. Benton Harbor lost two last week.—*St. Jo. Herald.*

MR. MAITMAN, U. S. Engineer in charge of the pier informs us that the level of Lake Michigan is only six inches below the tide level shown by the U. S. Gauge for the same month and day in 1871.—*St. Jo. Herald.*

Whereas, God, in his providence, has suddenly and unexpectedly called from labor to reward, our much beloved Presiding Elder, Rev. H. Freeman,

Resolved, That we recognize and meekly submit to the will of Him who ruleth in righteousness.

Resolved, That we deeply feel the loss of our Brother, not only as an efficient presiding officer, but an earnest worker in the cause of Jesus, and a bold defender of the truth.

Resolved, That we deeply sympathize with the sorrow-stricken family in their bereavement, praying that He who doeth all things well will give requisite grace to sustain them in this their deep affliction.

Meeting of the Board of Trustees.

At a meeting of the Board of Trustees of the village of Buchanan, held May 13th, 1872, there were present: Wm. Pease, President, Messrs. Ross, Day, Black, Osborn, Graham and Binns, Trustees.

The minutes of the previous meeting were read by the Clerk, and on motion, approved by the Board. The Board of the Treasurer for \$5,000, conditioned upon a faithful performance of the duties of his office, was presented, and on motion of Trustee Ross, was accepted by a full vote. A motion was made by Trustee Graham that E. M. Plimpton be appointed Village Attorney for the ensuing year. The motion was supported and unanimously adopted.

On motion of Trustee Osborn, the President appointed Messrs. Day & Osborn a committee to see Mrs. Matthews and Mr. Dutton in relation to opening Detroit Street through their lands, and to report at the next meeting of the Board. A remonstrance, signed by 33 taxpayers, against the building of a side-walk from west side of Chicago street, to the corner of John Buckler's lot, and extending east to east side of Portage street, was presented. On motion of Trustee Osborn, the remonstrance was laid on the table.

On motion of Trustee Binns, the Board instructed to do nothing towards building the side-walk until such time as the Board of the Board of the remonstrance. Trustee Binns made a motion that a new cross walk be built across Main Street, from lot of Mrs. Dunning to corner of the lot of the Board of the Board of the remonstrance. The motion was supported and unanimously adopted. On motion of Trustee Binns, the Board and the Clerk directed to draw an order on the Treasurer for the amount of \$1,000, in favor of Wm. Osborn, was presented, and on motion of Trustee Binns, allowed by the Board and the Clerk directed to draw an order on the Treasurer for the amount of \$1,000, in favor of Wm. Osborn, was presented, and the Treasurer directed to extend the road tax accordingly.

On motion the Board adjourned.

W. D. KINZIE, Clerk.

THE LAST CHANCE.

The success which has attended our enterprise from the commencement is very gratifying, and the returns and number of tickets sold is fully up to our expectations. We can announce positively that the drawing will take place on the 4th of July next. We look to our agents to assist us, and on them we depend largely to aid us in bringing about this result. We will ever remember our motto. We assist those who assist us. We call upon each and every one of our agents at the present time for renewed and increased efforts. Now is the very harvest time with them. A proper setting forth of the facts to the public at this time must secure success. Any person who cannot find agents can secure a ticket by sending money direct to us. We wish here to heartily thank our many thousands of agents for the good work they have done for us. Also many thanks to all who purchase our tickets. See our advertisement in another column.

Won't it be fun,—better than a circus, menagerie, and negro show combined,—to see the grand army of Niles Democrats, including Harry Gephart, D. B. Cook, Mayor Muzzey, and "Rich," men who would rather be called thieves than Republicans,—during the political canvass now opening, marching through the streets in procession, with uniforms of white cloth coats, pants and hats, and carrying banners inscribed with "Rich," "Hays," "Preston," "Hobbs," "Hagar," "Love," and "Benton Harbor Palladium, 10th."

A NEW RAILROAD PROJECT.

A company has been organized whose object is to construct a Railway from Monticah, at the junction of the Mansfield & Lake Michigan, and Grand Rapids & Indiana railroads, to run through Otsego, Pine Grove, Lawrence, Keeler Center, Pipestone, Berrien Springs, Weesaw and Three Oaks, thence probably to Laporte and Valparaiso.

A liberal amount of stock has already been subscribed and the project has been received with much enthusiasm at all points along the proposed line.

The following gentlemen have been chosen directors: Hon. Henry Chamberlain, of Three Oaks; S. R. Hughes, of St. Joseph; Alonzo Sherwood, of Weesaw; Geo. H. Murdock, of Berrien; Wm. Smythe Farmer, of Eau Claire; Charles Duncomb, of Keeler; John B. Potter, of Lawrence; Lucius B. Randall, of Kalamazoo, and Jas. M. Ballou, of Otsego.

The officers are S. R. Hughes, President, Charles Duncomb, Vice President, Henry Chamberlain, Treasurer, and Lucius B. Randall, Secretary. The road will be known as the Mackinac & Chicago Railroad, and it is intended to furnish a western outlet to the northern extension of the G. R. & I. Railroad, which penetrates the finest portion of the southern peninsula, and will, next year, be completed to the Straits. That noble enterprise would be incomplete without a western outlet, and by this new road it will be connected with the P. P. W. & C. Railroad and all its vast western connections. The country through which it passes is the finest in the State, and the absence of heavy grades or difficult streams will render its construction a matter of comparative ease.

The officers are all gentlemen of good business qualifications and undoubted integrity, and their names are a guarantee that no pains will be spared to "push forward" the work speedily and with the strictest economy.

A corps of engineers will start from Monticah in a few days and will be followed almost immediately by agents who will secure the right of way. We certainly wish the incorporators the most abundant success in their enterprise, and we feel assured that they will meet with substantial encouragement from the people along the line.—*St. Jo. Traveler.*

May 7th, 1872.

Editors RECORD.—The reports from district school which have been published in your columns are very interesting, especially to those residing in the neighborhood from whence they come. Now that the spring schools have had ample time to get in working order, we begin to look for accounts from them again. I send you a short report of the school in Laketon, District No. 7, Lake Township, for the month ending May 3d: The number of scholars registered was forty. Average attendance twenty-five. The visitors numbered three. We hope to be able to report a much larger number of visitors for the present month. Nothing is more encouraging to teacher and scholars, nor more conducive to the welfare of the school, than the frequent presence of parents and friends in the school-room. We earnestly and cordially invite all such to visit us often. At the rhetorical exercises on Friday afternoon, May 3d, thirteen of the scholars took part.

The pupils are so generally well behaved that it is difficult to select any for especially honorable mention, but if there be a choice those named below deserve particular commendation for correct deportment, good lessons and regular attendance:

Sarah Bridgman, Lillie Whitten,

May Halley, Laura Leroy,

Adella Weston, Nellie Higgins,

Clifford Higgins, George Weston,

Nathan Weston, Charlie Whitten,

FROM BERRIEN SPRINGS.

News from the Temperance War.

May 14, 1872.

Editors RECORD.—On the evening of April 24th a number of the citizens assembled to consider what could be done to stop the sale and use of intoxicating liquors, which were going on to an alarming extent. At that meeting it was determined to ask those persons who were engaged in the traffic to sign an agreement to sell no more after thirty days. Accordingly four of our prominent citizens were appointed to wait upon them with such a paper. This they did, obtaining the signature of every liquor dealer in the village. The friends of temperance now only wait the expiration of the thirty days, wondering if these men stand by their agreement, or will they violate every principle of honor and integrity by continuing in their unlawful and pernicious business? The days passed, quickly they thought who lived to frequent the saloons, but slowly to those wives whose husbands were spending all their meagre earnings for drink, not only leaving their families to suffer for proper food and clothing, but losing all their manhood in the consuming fires of alcohol. But the last day came and the word went out: "The saloons are closed!" Some folk like throwing up their hats and shouting for gladness, but the prudent, the sober, the temperate, and the God-fearing, they would not do so. They would rather wait and see if the foe would really surrender without a battle. It was soon rumored that liquor was still sold at the "Bagley." It was asked: "Are we mistaken?" Did not the proprietor of this house sign that paper? Certainly he did, but he must be troubled with a short memory. Well, here was a new aspect of affairs, and while the temperance people were considering what was to be done three letters were found directed to three of the workers in the temperance movement, and inserted under the door of their dwellings. One of the recipients of these letters "is a minister of the Gospel."

The two other "gentlemen" of acknowledged Christian integrity. The following are accurate copies:

"Rifled, make another move in the shutting up of the saloons and we will blow you Hall-wards."

"Ku-Klux."

"Mr. Shearer: If you move again in shutting up the saloons we will blow you to Hell."

"We mean business."

"Mr. Hills: as one of your friends I ask as one of you to keep still in reference to selling any spirituous or malt drinks, as I know some things that is about to transpire which may prove a fatal thing to you. I am sorry things are as they are, but you are now warned of your trouble."

"Ku-Klux."

The temperance people are not badly scared, but propose to move at once on the enemy. Yours truly,

WATCHEFUL.

THOUSANDS will bear testimony (and do it voluntarily) that VEGETINE is the best medical compound yet placed before the public for regenerating and purifying the blood, eradicating all humors, impurities or poisonous secretions from the system, invigorating and strengthening the system debilitated by disease; in fact, it is, "as many have called it, 'The Great Health Restorer.'"

"How to Go West."

Forty years ago, Illinois was as far West as most people wished to go; and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word "West," has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the traveler reaches almost any spot therein by a splendid line of Railroad.

HAVE AN AID IN LIFE.

BY EMMIE.

I would live for something useful,
I would never be a drone,
I would fight life's battle bravely,
Though I had to fight alone.

I would work for some great purpose,
I would have some aim in life;
And for that would struggle bravely,
Even active in the strife.

There are always useful stations,
On each brave and active heart,
Choose right your avocations,
And then nobly do your part.

Waste no precious time in dreaming,
Or in waiting for employ;
Let your life be real, not seeming,
If you would your work enjoy.

Do what duties come before you,
Though you may seem but small,
Know that he who watches clear you,
Judges from the heart of all.

Write your name in glowing colors,
On the scroll of life's record;
Leave some work, as proof to others,
Who were once upon life's stage.

From each duty know no turning,
Let each day's work something tell,
While life's lamp is on your burning,
Do your work, and do it well.
