To Advertisers.

"The Record" is the best Advertising Medium in South-western Michigan, having a larger circulation than any other paper in this part of the State.

Agents. Geo. P. Rowell & Co., 41 Park Row, N. Y., and S. M. Pettinling, 37 Park Row, N. Y., are our authorized agents to contract for advertising at our lowest rates, for the columns of the BERRIEN COUNTY RECORD.

Value of Advertising.

"Advertising has furnished me with a competence."—Amos Lovejoy.

"A man who is liberal in advertising is liberal in trade, and such a man succeeds excepting the preachers, (and the Lord knows they are poorly enough paid.) do so much work for nothing as the editors and publishers of local newspapers. If they received but one half as much pay proportionally for time and labor as almost any other profession, their wants and necessities would be abundantly supplied.

"Constant and persistent advertising is a sure prelude to wealth."—Stephen Girard.

P. T. Barnum, the noted exhibitor, ascribes his success in accumulating a million of dollars in ten years to the unlimited use of printers' ink.

Fire Insurance.

No man should be without insurance on his buildings and his goods. The undersigned Agent, for Buchanan and vicinity, for three of the best and most reliable Fire Insurance Companies in the United States, the State of Hartford, the Insurance Co. of North America, of Philadelphia, and the Underwriters Agency, of New York, representing a capital, in the aggregate, of twelve millions of dollars, and having many years treated it successfully. Physicians recommend and use AUSTIN'S AGUE DROPS for Ague. 13w8

PROGRESSING.—Work is progressing as fast as possible on the Cheese Factory, the building being up. It is expected, if no unforeseen delays occur, to have the Factory ready for operation in a week or two, at the farthest.

ATTEMPTED BURGLARY.—Tuesday night an attempt was made to break into the residence of Mrs. Wilson, near the M. E. Church. Mrs. W. gave the alarm, and Rev. Mr. Coplin came to the rescue, when the burglar took to his heels and left. These attempts are becoming quite too frequent in our village. Something should be done.

THE largest and best shovel plow blades and double shovel plows at the Star Foundry for only \$5.00.

TRADED.—Mr. Simmons, of the firm of Eaton & Simmons, has traded his house and lot to Mr. Wm. Beardsley for a farm.

KICKED.—John Barber was kicked by a horse a few days since and badly injured.

IMPROVING.—Mr. C. S. Black is improving the appearance of his residence by re-painting.

THE highest market price paid for Butter and Eggs. G. M. BEARD, 12th. Hill's Corners.

THANKS for that splendid ice cream from Mary's the other day. All hands enjoyed it. When you want ice cream that is A No. 1, just call at Mary Arthur's, next door to the Record office, and you will find it.

STRAWBERRIES are beginning to ripen. They are late this year on account of the backwardness of the season.

POTATO BUGS.—These pests are again abundant and engaged in their ravages.

MUSICAL.—On Sunday afternoon the Cornet Band visited Prospect Hill south of the railroad, and discoursed several of their finest musical effusions.

IN TOWN.—For a week or two a goodly number of strangers have been seen on our streets.

The White Lily Baking Powder sold by Treat, Wirtick & Co. is pronounced by all who have tried it to be the best in use. Go and get a box and you will use no other. 16tf

OLD.—For a day or two the weather has been cold enough for October. Old Sol seems in some way to have lost his power this Summer.

HORSE KILLED.—On Tuesday, Mr. N. M. Maine's team ran away, being hitched to a plow. One of the horses, a valuable one, was so badly cut by the plow that he had to be killed.

AUSTIN'S AGUE DROPS warranted to cure Ague by all Druggists. Only 50 cts.

NICE POTATOES.—Messrs. Treat, Wirtick & Co. received 400 bushels of potatoes from Iowa the other day, which are certainly the finest potatoes we have seen this spring. Go and see them.

DECORATION DAY.—The day sacred to the memory of our fallen heroes was not generally observed by our citizens, no pre-arrangement having been made therefor. To the credit, however, of a few persons be it said, the graves of our brave boys, in our cemeteries, were suitably decorated with the season's beautiful flowers.

NEW MEAT MARKET.—Mr. Edward Duffy has opened a new meat market in French's building, 2d door east of the Record office. It is expected now that prices will be more reasonable, as there will be competition.

ASSOCIATION.—The St. Joseph River Baptist Association is now holding its session in this village, in the Christian Church. The Association convened yesterday. We are unable to give any particulars of proceedings before going to press.

RETURNED.—On Friday Ellis Clark returned from Southern Kansas, where he has been for some two years. He reports Kansas prospering and the country fine.

PERSONAL.—H. Marhoff was in town a day or two this week. He says farming prospects in Jackson county are pretty fair.

THROWN.—On Friday, a young lad by the name of Ingalls, was thrown from a horse on Oak Street and considerably hurt.

BURGLARS.—Some night prowlers and house breakers were at work Monday night in our village. The residences of G. W. Smith, J. J. Nichols and Mrs. Kendall were entered, and attempts made to gain entrance to others. "He" left a pocket-book in Nichols' house that had been taken from Kendall's. It is to be hoped that these burglars may yet be caught, or better still, may attempt an entrance into some house where the inmates are awake to receive them with due ceremonies, the effect of which would be to stop their further depredations.

TO CURE AGUE, take a few 10 drop doses of AUSTIN'S AGUE DROPS. w8

MAP PAINTING.—We were shown the other day a fine specimen of pen work, in the shape of a sketch or map of the business portion of our village, with the names of the several business firms in their respective locations. Also business cards, etc., the whole designed as a kind of directory to place in our hotels. The work was done by Mr. D. McE. Hardy, late of Toronto, who has located among us, and will do work of the kind indicated as well as fancy and ornamental painting.

SUBSCRIBE for the RECORD.

WAGON FACTORY.—Preparations are being made for the speedy erection of a large brick building on the corner of Main and Second streets for the Buchanan Wagon Factory. The dwelling house and other buildings thereon have been removed. There is every prospect that the Wagon Company will be successful in doing a large business, as the reputation of the Beardsleys for getting up good substantial work is not excelled anywhere. As soon therefore, as it is understood that they are connected with the Buchanan Wagon Manufacturing Company, it will open a large field for the sale of their wagons and buggies. The Capital Stock already exceeds what was first expected, and more is being subscribed, which demonstrates the great confidence in the enterprise entertained by our citizens.

THE PRESS AND ITS REWARD.—The man who has been behind the curtains, and who understands the work and reward of the press, knows full well that there is no avocation where so much is expected, and where often so little is returned by those benefited. "The pulpit, the bar, the stage, societies, corporations, individuals, all expect to be dead-headed by the press; expect to be praised for their good deeds, expect to be excused or kindly covered up when wicked or erring." The press pays its full share in many instances to enhance the prospects of individual societies, corporations and community. Yet often, when writing and working for the good of others, the Editor knows his labors will never be appreciated—he knows his task is a thankless one. Occasionally, however, a man more advanced than his fellows, will make glad the heart and lighten the toils of the knight of the quill by some suitable token of acknowledgement. Even corporations, that have been aided in their efforts towards success, by the newspaper bringing their work prominently before the public, will sometimes deign to remember the local press by giving it such patronage as they cannot possibly do elsewhere. And, at the same time, these same corporations expect the newspaper to notice their progress, and tell what they are doing. Real estate owners, too, expect the local press to note all the advantages and improvements of the town, and everything that will benefit them, and at the same time, if they have work to do in the printing line, they will often send it away to some city, because, perchance, they think by so doing a few pennies, or shillings, may be saved. In short, there is no class of community but what expects the press to notice their work and what pertains to their respective interests. This they seem to expect as a kind of something that the Editor is under obligation to do. Gentlemen, the truth is, you are entirely mistaken. No man in any community excepting the preachers, (and the Lord knows they are poorly enough paid,) do so much work for nothing as the editors and publishers of local newspapers. If they received but one half as much pay proportionally for time and labor as almost any other profession, their wants and necessities would be abundantly supplied.

THE LAST CHANCE.—The success which has attended our enterprise from the commencement is very gratifying, and the returns and number of tickets sold is fully up to our expectations. We can announce positively that the drawing will come off on the 4th of July next. We look to our agents to assist us, and on them we depend largely to aid us in bringing home this work. We will ever remember our motto. We assist those who assist us. We call upon each and every one of our agents at the present time for renewed and increased efforts. Now is the very harvest time with them. A proper setting forth of the facts to the public at this time must secure success. Any person who cannot find agents can secure a ticket by sending money direct to us. We wish here to heartily thank our many thousand agents for the good work they have done for us. Also many thanks to all who purchase our tickets. See our advertisement in another column.

LUTHER & SON, Buchanan, Mich.

"How To Go West." Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the traveler reaches almost any point therein by a splendid Line of Railroad.

This Line of Railroad is the BURLINGTON ROUTE, which starts from Chicago by the Chicago, Burlington & Quincy Railroad, and running through Burlington, Iowa, Lincoln, Nebraska, City, Saint Joseph, Atchison, Leavenworth and Kansas City, connecting with the Union Pacific, Kansas Pacific, and other Railroads running from those cities.

People going to Iowa, Nebraska, Kansas, California, or any point in the Territories, will study their own interests by going "By Way of Burlington," for the rates of that Line are always as low as any other, and it is the best Route in the West, therefore, you are more sure of your safety and comfort.

The Burlington Route has admirably answered the question "How to go West," by the publication of an excellent Pamphlet, containing a large, truthful map of the Great West, and much interesting and valuable information, which can be obtained, free of charge, by addressing General Passenger Agent B. & M. R. R., Burlington, Iowa.

CASORIA—is a scientific vegetable preparation; a perfect substitute for and more effective than Castor Oil, and is pleasant to take. It cleanses the system in a most remarkable manner; does not distress or gripe, but operates when all other remedies have failed. It is certain to cure Biliousness, Constipation, Headache, Syphilis, and all other purgative and exciting medicines. The Casoria contains neither Minerals, Morphine, nor Alcohol. By its emollient, soothing effect, it assimilates the food and produces natural sleep, peacefully adapting it to crying and teething children. It cures Stomachic Ache, Wind, Colic, Constipation, Pleurisy, Croup, and kills Worms. Make your Druggist send for it; he will always keep it, as every family must have it. It costs but fifty cents a bottle. 15w4.

THE BENTON HARBOR Palladium says: "Not long ago an old gentleman was riding through the streets of Benton Harbor alone in a buggy. A young man, seeing him, asked for a ride. The old gentleman, for reasons of his own, did not choose to grant the request, whereupon the other fairly made the day hideous by his foul and indecent railings.—Rev. H. P. Welton, formerly of this village, now of Hastings, Minn., writes to a friend that he has a large and pleasant field of labor, that his health and that of his family are good, and that he is prospering finely. His friends here will be glad to learn that he is so happily situated.—The Corona is to run every Wednesday to Chicago as soon as the freight will warrant. The Oconto, a new boat, is also to be put on when sufficient business is afforded."

THE ST. JO. Traveler says: "Hon. Geo. S. Clapp, one of the delegates to the National Republican Convention, has already taken his departure and will spend some time at different points along the road. The people of this region have just reason to be proud of their representative there, as he is a Republican of well known loyalty to the organization, and of rare prudence."

THE ST. JO. Herald says: "The people of South Haven are anxious to obtain a county seat at their port. To this end they wish to carve off portions of Van Buren, Allegan and Berrien counties. We do not expect to see this project succeed. When the Elkhart railroad is completed, as it soon will be, Northern Berrien will be as handy to the County House of Berrien County as to the new center at South Haven.—The first White Bass of the season were taken on Sunday last from a boat at the mouth of the St. Joseph. At least an hundred were taken in a very short time. J. R. Clark, of the Corona, on Wednesday took 43 at five hauls. He had only one hook on one line, also a patent reel, and twice caught ten fish at a single haul. We never heard of better fishing with a rod and line.—The State Pomological Society will hold its regular June meeting in Benton Harbor on the 13th day of June when there will be an exhibition of strawberries, cherries and other fruits that may be ripe.—We hear of a good lady boarding house keeper who lost an hundred dollars through railroad and fisherman boarders who lit out between two days this week.—The fishermen are making very fair hauls and the weather is very favorable for their business."

THE NILES Democrat says: "Maj. Duncan, of the Republican, is off on a trip to Iowa, and some people are credulous enough to imagine that he is attracted there by some of the 'Heils du cœur.' But this is a mistake. He is on a prospecting tour, and if that State suits him he will buy it. Editors often do such things.—Dick Finley, of the colored persuasion, and well known in this city, was sent by 'Squire Barron' this week to the Detroit House of Correction for ninety days, for stealing boots and shoes from Moses Davis. He was accompanied to his summer resort by Marshal Chambers.—Harry Lardner and B. Y. Collins, of this city, have purchased the large building at the foot of Sycamore street, and are putting in machinery for the manufacture of baskets.—The buildings at the dam for manufacturing purposes are rapidly approaching completion and before a week will be in operation.—A man named Hess was fined \$9 in the Recorder's Court, on Tuesday, for drunkenness and disorderly conduct.—The remains of L. the poor Indian, were dug up on Fowler's place, West Niles, last Thursday.—Messrs. G. & S. Lacey are now erecting another large building for manufacturing purposes.—R. Chambers was re-elected City Marshal by the Council, last Wednesday night."

THE NILES Republican says: "A child of sin, doubtless, in the shape of a boy baby, apparently about three days old, was found upon the steps of the residence of Thos. D. Frost, on Ninth street, early Monday morning. It was wrapped in a shawl and laid in a basket, whose ownership has been an object of considerable speculation. The child was taken to the hospital family, and will be kindly cared for until suitable disposition is made of it.—Our well-known fellow-townman, Dr. J. D. Craig, has secured the patent applied for on his machine for making pill-boxes, and a company, of which himself and S. M. Finley are leading members, has been formed for the manufacture of the boxes in this City.—A letter from his brother, J. R. Allen, brings us the unhappy intelligence that Capt. John R. Allen, our late fellow-townman, died last Friday afternoon, at his native place, Mansfield, Ohio.—One of our leading divines was photographed in his pulpit last Monday, with surroundings of flowers in profusion, sumptuous chairs, etc., etc."

THE BENTON HARBOR Palladium says: "Not long ago an old gentleman was riding through the streets of Benton Harbor alone in a buggy. A young man, seeing him, asked for a ride. The old gentleman, for reasons of his own, did not choose to grant the request, whereupon the other fairly made the day hideous by his foul and indecent railings.—Rev. H. P. Welton, formerly of this village, now of Hastings, Minn., writes to a friend that he has a large and pleasant field of labor, that his health and that of his family are good, and that he is prospering finely. His friends here will be glad to learn that he is so happily situated.—The Corona is to run every Wednesday to Chicago as soon as the freight will warrant. The Oconto, a new boat, is also to be put on when sufficient business is afforded."

charged for freight from Niles to Chicago since the road was first agitated, and that still other reductions will, doubtless, be made as soon as the new road is completed. I think it is the general feeling here that if Galien cannot secure the road to use what influence the place may afford to have the road come to your place.—The Junior Editor was in town a few days ago and I learned from him that some one hundred and fifty copies of the RECORD were now sent to this post office, being the largest distribution at any office, except, of course, Buchanan. This fact shows that we have a reading community that can appreciate a good home paper, and that they do not refrain from their duty in lending it their support. It is also a fact that our merchants and business men who might profit by advertising should take notice of.—I intended to say something in relation to the probable candidates for county offices at the coming election, but finding that I am growing prolix, I will conclude by merely suggesting that it would be a good idea for those who wish to be candidates before the Convention to do as they do in other counties, announce their intention in the RECORD, or some other county paper, that the qualifications and merits of the different candidates may be discussed and inquired into by the people.

THE CAUSE OF TEMPERANCE And some of its most important and dangerous foes in the many so-called "hotels" and "restaurants," made of cheap whiskey and refined liquors, suitable up to suit depraved appetites, under the name of "Waters of the Corona." These waters are none of these. They are not a beverage, but a game of medicine, purely vegetable, prepared from California herbs by a regular physician. For all diseases of the stomach, liver, kidneys, bladder, skin and blood, they are a reliable and untainted remedy.
