OSBORN & WHITE'S Drug Store

Will be opened for the SPRING TRADE The largest stock of Paints & Oils

To be found in Berrien County. Many years' experience in this line of goods has given facilities for buying and selling these goods, both as to price and quality, not possessed by any other concern in this vicinity. A full line of White and Colored PAINTS, Dry and in Oil.

Putty, Glass, Varnishes, And everything in the line. Also, a complete stock of DRUGS & MEDICINES,

Books and Stationery, Fancy Goods, &c.

Remember the Place: At the Old Stand, South Side of Front Street.

The Berrien County Record OFFICIAL PAPER OF THE COUNTY.

THURSDAY MORNING, AUG. 8, 1872.

To Advertisers. The "Record" is the best Advertising Medium in South-western Michigan, having a larger circulation than any other paper in this part of the State.

Value of Advertising. "Without advertising I should be a poor man day." - H. T. Hubbard.

Fire Insurance. No man should be without insurance on his buildings, and his goods. The undersigned is Agent for Buchanan and vicinity, for three of the best and most reliable Fire Insurance Companies in the United States.

SICKNESS. There seems to be considerable sickness during the last two weeks among children. It is policy, especially at this season of the year, not to let them have free access to apples, green corn, garden vegetables, and trash that occasion so much of the sickness among children.

GREAT BARGAINS. - Binns & Rose are now selling their summer stock at the very lowest prices, to make room for their fall and winter goods. Call soon if you want the best bargains ever offered at any store in this village.

OUR BAND. - We notice in the Niles papers that the Buchanan Cornet Band paid that city a visit on Wednesday last week, and receive just compliments for the kind of music with which the people of the place were favored. "Our boys" are in excellent trim and their services will be much needed, and, no doubt, duly appreciated during the Campaign.

TO SUBSCRIBERS. - Those who have promised to pay us for their paper "after harvest" we expect to visit us very soon. We need all the money that is due us in our business.

NEW TYPE. - We have just received some new job type. Those who want Bill Heads, Letter Heads, Envelopes, Cards, Circulars, &c., printed, will get first class work done by calling at the RECORD office.

TO SUBSCRIBERS. - Those who have promised to pay us for their paper "after harvest" we expect to visit us very soon. We need all the money that is due us in our business.

WE ARE SELLING OFF ALL SUMMER GOODS AT VERY LOW PRICES. REDDEN & GRAHAM.

STAYED OR STOLEN. - From my premises, six miles northwest of Buchanan, one mile east of Mill's Corners on Monday night, Aug. 5th, a dark bay mare, four years old, blind in one eye. A liberal reward will be paid for her return or for information that will lead to her recovery. GOLEB COOL.

GOOD JOB. - The Marshal has caused Front street, along the business portion of the town, to be filled up in the center, and the low places leveled off. It is good work performed at the right time.

TO FARMERS. - There is considerable discussion among farmers at this time of the year in regard to what kind of wheat it is best to sow. We extend the free use of the columns of the RECORD to farmers for the discussion of this and kindred topics, and trust they will avail themselves of the privilege offered to them.

PROCEEDINGS of the State Convention will be found in another column.

DEEDS, Mortgages, Leases, Land contracts, Wills, &c., made out with neatness and accuracy at the RECORD office.

The White Lily Baking Powder sold by Treat, Wick & Co. is pronounced by all who have tried it to be the best in use. Go and get a box and you will use no other. 16tf.

NOTICE. - J. H. Roe wishes to inform his friends and the public generally, that he has not removed his jewelry store, but expects to remain at the postoffice building, where all work in his line will be attended to on short notice, and satisfaction guaranteed.

TWIN COLTS. - Mr. Charles Black drives a nice span of twin colts, which he bought recently. Mr. Black is a good judge of horses, and we expect there is yet a "come out" to these colts which their present looks do not indicate.

TIME TO ADVERTISE. - Now is the time for our merchants to advertise and sell their goods to make room for their fall and winter stock.

VACATION only lasts three weeks longer. Boys, improve your time.

ORGANIZING. - Grant and Wilson Clubs are being organized all over the State. Let the good work go on. Clubs ought to be formed at once in every town and school district.

NOTICE. - Smith & Sons will pay cash for Early Rose potatoes, apples, and fruits of all kinds.

FARMERS are now busy with their fall plowing.

DAYS AND NIGHTS are now about of the same length.

"THE OLDEST INHABITANT" is prophesying that we will have six weeks of frost this fall.

QUITE a number of drunken and disorderly people in town Saturday night.

CONGRESSIONAL Convention for this District was held in Decatur yesterday.

THE grading done on Portage street is a good job and is a much needed improvement.

WE AGAIN refer new subscribers to the "Laws of Newspapers" to be found on first page of every issue of the RECORD.

COTTON is now closing out his summer goods very cheap, to make room for a very large and extensive fall and winter stock of Boots and Shoes.

WIND-MILL vendors are now on the rampage.

PUBLIC DEBT. - The amount of the public debt less money in Treasury August 1st, was \$2,138,068,666.44. Decreased during July \$8,247,687.18.

SEARCH. - Greasy hats are scarce in this village. People are afraid to invest, as the fashion will likely change after November next.

WOOL. - The new tariff law reducing the duty on wool five per cent. is now in force.

EMANCIPATION DAY does not seem to have been celebrated very generally in this part of the country.

NOTICE. - The Niles papers advertise a letter for a man by the name of Smith, and says that if any one knows of a person by that name, to send him to the post office in that city. We pity that postmaster.

WHEAT. - Win. Denend who has threshed many thousand bushels of wheat in this county since harvest, says that wherever he has been, the wheat crop has averaged beyond the expectation of the owners, in the yield and also in the quality of the grain.

REDDEN & GRAHAM are selling Summer Dress Goods so low, that you can't help but buy if you see them.

OUR BAND. - We notice in the Niles papers that the Buchanan Cornet Band paid that city a visit on Wednesday last week, and receive just compliments for the kind of music with which the people of the place were favored. "Our boys" are in excellent trim and their services will be much needed, and, no doubt, duly appreciated during the Campaign.

BERRIES. - There has been a good market this year for "huckleberries, cherries, raspberries and in fact berries of every kind. The supply is hardly equal to the demand.

WE ARE SELLING OFF ALL SUMMER GOODS AT VERY LOW PRICES. REDDEN & GRAHAM.

Farmers' Club Picnic - Invitation. On Wednesday, Aug. 14, at 10 1/2 a. m. the Farmers' Club will have a Basket Picnic on the Park Grounds in the village of Buchanan. By a unanimous vote of the Club the President was instructed to extend the invitation to all the citizens of Buchanan and the vicinity round about, without reference to business or occupation, to come out to the picnic. Other Farmers' Clubs, if there are any near enough, are also invited to attend. Hon. Henry Chamberlain, of Three Oaks, has consented to address us on the occasion, and the Glee Club will give us some of their stirring songs. Come, one and all, spend an hour with us and see if you have occasion to regret it. By order of the Club. D. FISK, Pres.

ANOTHER ENGINE. - The Cheese Factory has procured a nice little engine for the business. This makes nine steam engines that are in use in different parts of the village, and as soon as the Wagon and Carriage Factory is finished, there will be still another. We have four mills that use water power, besides numerous small shops that use neither water nor steam power. The manufacturing interests of Buchanan are getting to be of considerable importance, and will insure the steady growth and prosperity of the place.

RIVER LOW. - The St. Jo. River is said to be lower this season than it was ever known to be since the first settlement of the country.

ORGANIZATION. - We see it stated in several of our State papers that there has been effected an organization of liquor dealers in this State, with agents or branch societies in nearly every town, for the double purpose of mutual insurance against fines, and of taking a test case to the Supreme Court to get a decision on the constitutionality of our prohibitory liquor law.

SUDDEN DEATH. - Benjamin Butler, of Niles Township, aged seventy-two, died very suddenly on Thursday last week, of heart disease. Mr. Butler, as we learn, started to go fishing on the day mentioned, and when a few rods from the house, was attacked with a spell of dizziness, to which he has been subject for several years, and leaving his bucket and fishing tackle, he returned to the house and complained to his wife who advised him to lie down. He did so, and in a few minutes said he felt better. Shortly after, Mrs. Butler missed him from the house, and when he was found he was lying dead within a short distance from where he had left his pail and fishing apparatus, having, to all appearance, died without a struggle.

UNIFORMS. - Campaign Uniforms this fall consist of a zouave cap of plain oil-cloth, a sky blue cape, torch, and a flag with the names of Grant and Wilson.

PRICE OF WHEAT. - The price of wheat is steady at \$1.80 and \$1.85 for red, and \$1.40-45 for white. The indications are, we think, that farmers will get a good price for their wheat this year. The news from Russia and especially from Germany, is that they will have to rely largely on the United States the coming year for bread stuff.

ROSS & SON will soon occupy their office which has been refitted, and when completed, will be one of the nicest Banking offices in the State.

ACCIDENT. - On last Sabbath, a young man, a Swede, whose name is not known, but who, for some time, has been at work on the double track, was found in a senseless condition a few feet east of the village. His head was severely bruised in several places, and to all appearance, he must have been run against by the cars. Under the attendance of Dr. Myers the young man is doing as well as could be expected, with some probability of his entire recovery.

REMAINING in the Post Office at Buchanan, on Thursday, August 8, 1872.

HOW IS IT? - We notice the Traveler says Henry Chamberlain received 46 votes for Senator in the Republican Convention. How is this, Bro. Reynolds? Did that Convention vote for a Democrat? Is there not some mistake?

A FEMALE PHYSICIAN. - Mrs. Dr. Anderson, well known to many of our citizens, is a regular graduate of the Medical Department of the Ann Arbor University. She has now returned to Buchanan, and has opened an office in Collins & Weaver's block for the practice of medicine. Mrs. Anderson will give particular attention to the diseases of women and children. See her card in another column.

ZINC COLLAR PADS. - During the month of July the Zinc Collar Pad Company shipped from their factory in this village 44,896 Zinc Collar Pads, amounting to the aggregate value of \$25,000. This does pretty well for one month's showing of a business not yet established two years.

A STRAW. - The other day when returning from Chicago on the evening Accommodation, we concluded to proceed to take a vote, which resulted in Grant, 84; Greeley, 15; would vote for neither, 5; not yet decided, 2; McClellan, 1. We suppose this last one was the same person from Indiana, who has been voting for Gen'l Jackson for the last forty years, and is now changed to McClellan.

TWO DOLLARS pays for the RECORD one year, one dollar for six months, and fifty cents for three months.

RUSSWAYS. - Last Friday Dr. Pierce's gray colts came down Front St., from his residence, hitched to his new buggy, on somewhat a faster gait than they would have gone if there had been any one in the buggy. Fortunately the team stopped in front of the Doctor's office without doing any damage. On Thursday last week a lively team of Proud & Pease ran from Niles to this place without doing any damage, having apparently kept the road all the way. On the same day a team driven by James Price were not properly managed at the postoffice, a circuit, striking the sidewalk, threw out the occupants in the wagon, and ran against the fence, tearing up the ground and making a general crash, but as accidents that usually happen under such circumstances, it resulted in no serious damage. On Saturday the team of J. H. Kingery became frightened at the depot from the whistling of a locomotive, and started up, when the necky broke and let the tongue of the wagon on the ground. In running around the end of the tongue struck Nicholas Orney a severe blow which will cripple him for several days. The team was stopped before running any great distance. We hear of some other cases of unskillful horsemanship, but let the above close our chapter on the subject for this week.

A CABRAGE. - Mr. H. H. Kinyon placed in our office the other day a cabbage head, raised in Mr. S. F. Long's garden, measuring 84 inches in circumference. This will be hard to beat at this season of the year.

Meeting of the Board of Trustees. At a meeting of the Board of Trustees of the Village of Buchanan, held July 24, 1872, were present: Wm. Pease, President; Messrs. Ross, Black, Blinn, and Osborn, Trustees.

On motion of Trustee Ross, the President was authorized to employ a suitable person to rake mow and clean up the Cemetery grounds. The work to be commenced at once.

On motion of Trustee Blinn, the President appointed Trustees Black and Ross, a committee to examine and ascertain what repairs were needed on several different parts of the village, and to instruct the Marshal to make such repairs as were necessary.

Proceedings of Farmers' Club. The Farmers' Club met at their usual place Saturday, August 8d, the President in the Chair, and a goodly number in attendance. Had a very interesting session. The subject of preparing ground for wheat, and the time and manner of sowing it was duly discussed. Although there was some diversity of opinion on some points, it was generally agreed that ground should be plowed in good season and thoroughly cultivated or pulverized before sowing. Saw from the first to the tenth of September. Most of the Club would use a drill and sow about one and one-fourth bushels to the acre, more or less according as the ground is rich or poor. Mr. Wm. Rough thought it would pay to make the drill rows twice as far apart and cultivate between.

The Committee to procure speakers for the picnic reported that they had secured the Hon. Henry Chamberlain, of Three Oaks, to deliver an address on the subject of Agricultural Interests, on Wednesday, Aug. 14th inst., at 10 1/2 a. m. Voted to accept and adopt the report, and to hold the picnic on August 14th. The Club also voted to appoint a Committee of arrangements to procure a site and prepare it for the occasion. Chair appointed T. Broadhurst, P. Lawson and J. Plets said Committee. Then voted to invite all citizens to attend the picnic and hear the address. Subject for next meeting of the Club, fencing. Adjourned. D. FISK.

Reply to "A Victim" by Luther & Son. By request of "A Victim" of Three Oaks, published in last week's RECORD, we give below a full statement of all the gold and money returned to us, and expenses:

As a remedy it is a valuable one, which the public may rely upon for relief. By curing Croup, Whooping Cough, and other diseases of the Throat and Lungs, it saves untold numbers of lives, and an amount of suffering that can not be computed.

"Phunygrams." Dr. Jennett, who recently died in Lafayette, Ind., was the oldest physician in the city.

The Paducah Kentuckian tells this: "One of our neighboring towns, one evening, recently, some Good Templars, packed up a notice calling for a meeting at one of the churches in the place, for the purpose of organizing a lodge of Templars.

In a few moments after the notice had been put up, the saloon-keepers stuck up, immediately under it, the following offset notice: 'Attention!!! Free drinks to-night at all the saloons in town.' No lodge was formed there that night."

A few gentlemen of charitable inclination were once visiting some of the tenement-houses in New York, and in one room in a basement they found four families established.

Accosting an old man who sat smoking his pipe near the door, one of the gentlemen said: "Don't you find it rather crowded with so many in a room?" "Well, well," said the old man, "there's only four families of us, and there was room enough for the lady in the corner to begin to take boarders."

The morning following the freshet at Wilton, Mass., a celebrated temperance lecturer halted at a spring to refresh himself and horse. As he did not wish to alight he asked a boy to pass him a dipper of water. After he had drunk, thinking to impress his principles upon the boy, he said, "Water, my boy, is nature's beverage; it never injured man or beast."

"I don't know as it ever did, mister, but it knocked the bottom out of our bridges and roads."

A gentleman, using his best endeavors to escape treading on the long walking train of a lady, did not succeed, when the lady turned upon him fiercely and gave him some of the long after marriage style of language.

Broken-hearted, the gay bachelor responded, "Madam, I again humbly beg your pardon; I thought you had passed some time ago."

The following note, written to her schoolmate by a girl who had been absent several days, illustrates the sweet simplicity of childhood: "Dear Susan—I Shan't attend school until I get some new cuffs, collars and Jewelry—dear Mamma agrees with me that it is my duty to take the shine out of that Upstart Many Jones and I'll do it if I never learn nothing."

A little girl, when her father's table was honored with the presence of an esteemed friend, began talking very earnestly at the first pause in the conversation. Her father checked her rather sharply, saying: "Why is it that you always talk so much?" "Cause I've got so much to say," was the innocent reply.

Coleridge once having occasion to go from home, his wife packed his portmanteau, and gave him strict orders to put on a clean shirt every day. On his return, imagine her dismay to find his portmanteau shirtless. But inquiry developed the fact that her absent-minded unworthy husband had obeyed her order to the letter, having put on a clean shirt every morning, but had forgotten to take the soiled one off! And there the seven were on his back.

Since ladies have taken to wearing newspapers for busts, publishers complain that their fair subscribers are more in the "rearers" than ever.

"I'm afraid I'm sitting on your crinoline, ma'am." "Oh, never mind, sit; it's of no consequence; you can't hurt it." "No, ma'am, it's not that; but the confounded thing hurts me."

There is a woman in Illinois who wants a divorce simply because her husband beats her with an iron "boot-jack." Of course she won't get it, but the application goes to show how unreasonable some people are.

"Henrietta," said a landlady to her new girl, "when there's bad news, particularly private afflictions, always let the boarders know it before dinner." It may seem strange to you, Henrietta, but such things make a great difference in the eating in the course of a year.

Miss Drummond, the Quaker preacher, was asked whether the spirit ever inspired her with the thought of getting married. "No, friend," said she, "but the flesh has."

That compositor had his own way of punctuating and spelling, and this is the way he treated a familiar passage of scripture: "The wicked flee, where no man pursueth; but the righteous, is bold as a lion."

Mamma: "Now take your medicine like a good girl, and when you get well I'll buy you a nice doll." "Sick child?" "Please, ma, have it a Dolly Varden."
