OFFICIAL PAPER OF THE COUNTY.

THURSDAY MORNING, OCT. 3, 1872.

To Advertisers.

The "Record" is the best Advertising Medium in Southwestern Michigan, having a larger circulation than any other paper in this part of the State.

Agents.

Geo. F. Rowell & Co., 41 Park Row, N. Y., and S. M. Pettibone, 37 Park Row, N. Y., are our authorized agents to contract for advertising in our lowest rates, for the columns of the Berrien County Record.

Without advertising is a poor man to-day.—H. T. Hibbard.

"I advertised my productions and made money."—Nicholas Longworth.

"Advertising has furnished me with a competence."—Anna Lawrence.

"A man who is liberal in advertising is liberal in trade, and such a man succeeds, while his neighbor, with just as good goods, fails and drops out of market."—Horace Greeley.

"Who invests one dollar in business, should invest one dollar in advertising."—A. T. Stewart.

"Constant and persistent advertising is a sure mode to wealth."—Stephen Truett.

P. T. Barnum, the noted exhibitor, ascribes his success in accumulating a million of dollars in ten years to the unlimited use of printers ink.

Fire Insurance.

No man should be without insurance on his buildings and his goods. The undersigned is Agent, for Buchanan and vicinity, for three of the best and most reliable Fire Insurance Companies in the United States, the Atlas, of London; the Insurance Co. of North America, of Philadelphia; and the Underwriters Agency, of New York, representing a capital in the aggregate of millions of dollars. Office, first floor of the Record brick, Front Street, Buchanan Mich. D. A. WAGNER.

Notice.

The Notes, Books, and Accounts of R. W. Merce, M. D., have been placed in my hands for collection and settlement. All persons having claims against the said R. W. Merce, are notified to call and settle the same without delay, and thereby avoid further expenses or cost. The books and accounts must be settled, and will be found at the Doctor's office in Union Block, up stairs. BUCHANAN, Sept. 10, 1872. A. A. JOHNSON.

Taxes.

The Tax Roll of the village of Buchanan is now in my hands for collection. All taxes paid on or before the 20th of October will be charged one per cent for collection, and after that date four per cent. I will be in my office at Smith & Sons' Grocery for the next two weeks, and after that on each Saturday at the new Village Building on Oak Street, for the collection of taxes. A. C. BARKLEY, Village Marshal. Sept. 2, 1872.

For bargains in clothing, or boots and shoes, go to Chamberlain & Churchill's, Three Oaks.

The White Lily Baking-Powder sold by Treat, Wirtick & Co. is pronounced by all who have tried it to be the best in use. Go and get a box and you will use no other. 161f

THINK OF IT.—If you would talk less about your neighbors, and your neighbors' sons and daughters, and more about yourself, and your own daughters and sons, your neighbors, and every body else would think it a great improvement. Don't you think so? Try it and see.

REV. N. L. BROOKWAY, the new pastor of the M. E. Church, preached in that church on last Lord's day. Mr. B. has been preaching at Dowagion for the two past years, we understand. He is said to be a man of fine abilities.

UNION—RELIGIOUS.—The second meeting was held, as heretofore announced, between the two Advent Churches to talk over the subject of Union. No definite conclusions were however arrived at. We trust the effort will not prove a failure.

REMEMBER that Elder J. J. Roe is agent for the best musical instruments manufactured, and also the Domestic Sewing Machine.

The Village Calaboose and Engine House is labeled, "Engine House, No. 1."

INSURANCE.—Now is the time to insure your property. No better companies can be found in which to insure in the United States, than the Atlas, of Hartford, the Underwriters' Agency, of New York, the old North America, of Philadelphia, and the Imperial, of London. If you want insurance, insure in these and you are safe. We know what we say when we tell you they are good.

DESERVES CREDIT.—We hear many of our citizens speak in the highest praise of Supervisor Alexander, for the energy and determination with which he prosecutes the liquor dealers, when proper complaints are entered. He deserves the thanks of all order-loving citizens, who would see this traffic confined within proper bounds.

RETURNED.—Rev. J. F. Bartmess has returned from the United Brethren Conference.

SCHOOL EXAMINATION.—The County Superintendent will be for the examination of teachers at the Union School House in Buchanan on Monday next, Oct. 7th, Dayton, Oct. 8; Galien, Oct. 9; Three Oaks, Oct. 10; New Troy, Oct. 11; Benton Harbor, Oct. 12.

THE WEATHER.—We have not had as pleasant fall weather so far as we commonly have in this country. We are all anxiously looking for a few days of pleasant weather.

SCHOOL BOOKS.—Remember that J. H. Roe sells School Books, and has removed his Jewelry Shop and News Depot into H. J. Howe's Store.

LIGHTNING.—We noticed a queer freak of lightning that occurred during our last thunder storm. The lightning struck the wire of the Atlantic & Pacific Telegraph Co., some seven miles south west of this village, and following the wire, completely shattered and silvered eight or ten of the telegraph poles.

SALT, SALT, at H. H. Kinyon's by the Pound or Barrel as cheap as anywhere in Berrien County, and warranted to be of the very best quality.

BUSINESS is lively, and the countenances of our merchants and business men are growing more pleasant.

ACCIDENT.—The other day a little girl two years old, daughter of Mr. Thos. B. Shenstone, fell into a cistern and came near drowning. When got out life appeared extinct, but with great efforts she was resuscitated, under the direction of Dr. Dodd.

TREES extracted without pain by the use of Nitrous Oxide or Laughing Gas, at Dr. Graham's Dental Rooms, Berrien Springs, Mich. 291f

CIRCUIT JUDGE.—We learn from Judge Blackman, that he intends to resign as his salary is insufficient to support his family. It will leave a place vacant that is the most important in the district, and one which is the hardest to fill. We regret that the salary of this office is not such that it would be sought by the very best legal talent of the county.

FULL SETS of teeth put up on rubber base from \$10 to \$25, at Dr. Graham's Dental Rooms, Berrien Springs, Mich. 291f

CHEESE FACTORY.—Up to Monday morning of this week, the Buchanan Cheese Factory had made \$298 cheese. There have been sold 3,600 pounds, and 200 cheese remain in the factory. During the month of August 6,000 pounds of cheese were manufactured. The factory will perhaps close for the season in a few weeks. Next season another vat will be put in, and more than four times the amount of business is expected to be done.

By reference to the advertising columns of the Press it will be seen that both hardware establishments in our village are liberal advertisers. Our most enterprising of our business men. That it pays them to patronize the printer is evidenced by the stacks of goods they are selling. Perhaps the Buchanan men are compelled to curtail their expenses. If so, it is poor policy to withdraw their advertising from their home paper.—Paw Paw Press.

NEW GOODS.—Chamberlain & Churchill, of Three Oaks, are now daily receiving direct from New York the latest and most fashionable styles of dress goods, consisting in part of merinos, empress cloths, velours, satens, gros grain silks, Japanese silks, also a large variety of alpaca in all colors, which we are prepared to sell at exceedingly low prices. Call and see us.

BRITTON was found guilty of assault on Mrs. Lyon, but had not been sentenced on Tuesday.

THE importance of advertising is undisputed and universally admitted. The extent to which it is carried forward, beyond doubt, its usefulness and advantages. The man who advertises is sure to do so again, and from each outlay in this direction he reaps more and greater advantages. It opens the most direct road to success, and offers equal inducements to all parties. A glance at any of our papers will show at once the fact that those who avail themselves most of this system are from the highest rank in business life, and this position they owe in a great measure to a steady exercise of the course we have pointed out.

ROOFING.—The Buchanan Wagon Manufacturing Co. are putting sheet iron roofing on their new building. This roofing is from Cleveland, is put up in strips over fifty feet in length, and makes the best fire proof roofing we have ever seen. It costs \$9 a square, consisting of 100 square feet.

SUICIDE.—Just as we went to press last week, on Wednesday, we learned that Mr. A. S. Harrington had committed suicide that morning. Mr. H. was living on a farm some two miles from Buchanan. The evening before the commission of the sad act, he had been conversing with his family, and among other things had spoken of persons committing suicide as being out of their right mind. In the morning he was absent so long that Mrs. H. went to look for him, and finally found him in the barn in a wheat bin. When found he was upon his knees with the rope around his neck. He must have undoubtedly thrown himself forward, and with the most determined effort literally choked himself to death. We have heard no reason assigned for the commission of the rash deed save depressed spirits caused by poor health.

IMMENSE stock of clothing, and boots & shoes at McKie & Warren's.

TAX LIST.—This is the last week that the tax list will appear in the Record. We will then have more space for reading matter.

MISS MILLARD, a former teacher in our Schools, is in town visiting at Mr. C. Clark's.

MR. GEORGE BOLTON and wife were in town visiting friends last week. George reports business good in Three Rivers.

POST OFFICE.—The Post Office Building seems lonesome since the removal of Rogers & Woods and J. H. Roe. Post Master Merrill has been carpentering the "large room" with saw dust. It renders things decidedly quiet.

COLLISION.—We understand that a rack train and freight collided near Niles on Tuesday evening. In consequence the mail was delayed several hours. We have not learned the amount of damage done by the carelessness.

POLITICAL.—Levi Sparks, Esq., nominee for State Senator, and "California" Johnson will address the citizens of Three Oaks, this, Thursday, evening, on the political issues of the day.

MCKIE & WARREN, at Three Oaks, have a very large stock of dry goods, and are selling at low prices. 33w3

ONLY 39 days to the 5th day of November. The Presidential campaign will soon end, and Grant be offered the White House for another term of four years. He is a great gift taker, and will probably accept this one if offered him.

NEW ENTERPRISE.—Arrangements have been made for the manufacture of jewelry in Buchanan. J. C. Brown, late of Santa Fe, New Mexico, and who for a number of years has been engaged in the manufacture of jewelry in that city, has entered into partnership with J. C. Welch, of this place, and the new firm will commence the manufacture of solid gold jewelry in about two weeks. The parties will also be prepared to make repairs on all kinds of the finest jewelry on short notice. All work warranted.

CORN.—Corn is drying out very fast and will be in a condition to crib before many weeks.

POLITICAL.—There has not yet been a political meeting in our village, Buchanan people don't "enthuse", much yet this campaign.

WM. CROFOOT, conductor of the freight train that collided with the Kalamazoo Accommodation east of this village a short time ago was brought up before the Circuit Court the present term, and his personal bonds of \$500 taken for appearance at the next term of court to be perfected by sureties during the present term. Crofoot was given his liberty, and if guilty, will probably make himself scarce in this section of country in the future.

FALL STYLES of new dresses, hats, bonnets, &c., are daily making their appearance on the streets.

NOTICE.—Those ordering legal advertisements in the Record will please remember that the money is due for the same when we make out the affidavit of publication. Administrators of estates are frequently slack about paying the printer's bill. It causes us a great amount of trouble, often, and an expense that is entirely useless.

POISONED.—Wilson Harper, living in Ononoko Township some three miles west of Berrien, recently lost three valuable horses. They all died within a few hours from the time they were first taken sick. An examination proved that they had been poisoned by Paris green. Mr. Harper has not had any Paris green about his premises for over two years, and believes that some one poisoned his horses to gratify some personal spite the party may have had against him.

APPLIES.—We notice that a large quantity of apples are brought to our market daily, and are bought for shipment.

FROST.—On Tuesday morning quite a frost made its appearance, the first of any note of the season.

THE STORM of Saturday night and Sunday proved very disastrous on our Lakes. We notice much damage to shipping is reported, as well as considerable loss of life.

ORDER.—Messrs. Ois & Shultz will accept our thanks for that jug of sweet cider left in our office the other day. All hands pronounced it excellent.

A new Wheeler & Wilson sewing machine for sale cheap. Enquire of E. L. Williams.

M. E. Conference Appointments. The following are the appointments made for the Niles district at the recent M. E. Conference held at Jackson: C. C. OLDS, P. R. Niles—A. R. Boggs. Buchanan—N. Brookway. Benton Harbor—F. Glass. New Buffalo—A. T. Gray. Laketon and Dayton—N. Mount. Stevensville—To be supplied. St. Joseph—R. C. Crawford. Benton Harbor—H. Worthington. Coloma—J. P. Talman. Silver Creek—D. Burns. Pokagon—G. C. Elliott. Edwarsburg—M. I. Smith. Lagrange—G. S. Hicks. Cassopolis—J. P. Force. Dowagiac—D. D. Gillett. Keeler—J. Webster. Lawrence—Wm. Mathias. Decatur—W. M. Tappin. Bangor—G. W. Pattison. South Haven—J. W. H. Carlisle. Lawton—H. Hall. J. M. Reid, Corresponding Secretary of the Missionary Society and member of the Niles Quarterly Conference.

PERSONAL.—Our young friend Le Roy Dodd left home on Tuesday morning, to spend a few weeks in Des Moines, Iowa.

THE COUNTY PRESS. We are glad to learn that the ladies of the M. E. Church cleared the sum of \$200 at their table on the Fair Grounds last Friday and Saturday. One of the delegates to the so-called "Liberal-Republican" convention held at Berrien on Monday of last week, was secretary of a Democratic ward caucus on Monday of this week. The transition was easy. The Hon. John J. Bagley, Michigan's next Governor, was in the City on Tuesday and spent four hours chatting with his old friends. Notwithstanding the unpropitious weather and the apparent want of interest in the Fair at its opening, we have reason to congratulate all concerned upon the ultimate and unexpected success in almost every department.

POCKET DICTIONARY.—Webster's Pocket Dictionary, in its present shape, is a great improvement over all previous editions and all similar works. In the first place it is neatly printed, and bound in morocco, with gilt edges. Then it contains over 200 pictorial illustrations, which give a much clearer idea of the meaning of many words than could possibly be conveyed by the usual definition. The little volume, being no larger than an ordinary pocket-book, embraces in its vocabulary a careful selection of over 18,000 of the most important words of the language, with definitions succinctly clear, those necessarily brief, to meet the ordinary wants of any one requiring its use. Prefixed to the work are tables of money, weights and measures, abbreviations, words and phrases from foreign languages, rules for spelling, explanations, etc. It is in fact a most valuable little book, and is doubtless worth the double it costs. It is very beautifully and substantially bound, with tucks and gilt edges. The Publishers, Iveson, Blackman, Taylor & Co., 138 and 140 Grand Street, New York, will forward it by mail on receipt of the proper order, or it can be bought almost anywhere.

THE ST. JOSEPH Traveler says: J. W. Wilson's house situated on the bluff, next to the residence of Mrs. Forbes, took fire on Wednesday afternoon and was burned down. There was no water available and it only remained to remove the contents, which was well done, and let it burn. It was occupied by W. Hoben and Capt. John Wilkinson. The house was insured for \$500 in the North American.

THE Excursion given by the Baptist society, to the fair at Grand Rapids resulted in a splendid time for all who participated, and a net result of \$270.50, as the financial addition to the treasury of the society. The affair was conducted by good business heads and was more successful in all respects than is usual in such cases.—Walter Livingston was run over by the engine while running to the fire on Wednesday, and had one of his legs fractured.—The wire for a telegraph line is strung along the railroad from Clam Lake to Manistee River. The line will soon be in good working order.

THE ST. JOSEPH Herald says: A copy of the Salt Lake Herald contains the news that C. W. Ormsbee, Esq., of St. Joseph, is going in business in that city. We are informed that he has formed a partnership with Geo. E. Bates, Esq., formerly of Detroit. We have heard of insults offered unattended girls on the street of late. This is the legitimate result of loud girls.—J. Snider of Benton, walking toward the Harbor, where he was working at his trade as carpenter, having with him a loaded gun, secured a ride. The position of the gun in the wagon did not suit him, and in drawing it toward him, the lock caught and discharged its contents into his arm. He was taken to Dr. Wiman's office, where every attention was given to his injury, and a little care in the young man by all the surgeons of the Harbor, who will succeed in saving the use of his arm, unless mortification sets in.—E. W. Reynolds sent a basket of peaches to Cincinnati which was full up, and held only twenty late Crawfords. Who beats it?

THE BENTON HARBOR Palladium says: The fourth volume of the Palladium ends with the present number. The paper was an experiment when it was started, but experience has fully shown that it was needed in this place, and that it can be supported here.—On the 9th inst. a certain family of Riverside held a reunion. The following relatives were present: One great grand mother, one great grandmother, two grandmothers, five mothers, seven daughters, six grand daughters, two great grand daughters, one great grand aunt, one grand aunt, five aunts, six sisters, three nieces, one grand niece, two great grand nieces, one grandfather, four fathers, eight sons, seven grandsons, four great grand sons, one great grand uncle, one grand uncle, four uncles, six brothers, five great grand nephews, one great grand nephew, thirteen cousins, seven second cousins—in all, five generations. The whole number present was sixteen. Now if any of your readers can beat this please let us know.—Large quantities of peaches went to waste in this village this week, owing to the impossibility of getting them to market. Yet within a hundred and fifty miles there are thousands of people who would use at fair prices ten times as many as they can get now. A railroad to the southeast

is a necessity, and must come, sooner or later.

FROM NEW BUFFALO. NEW BUFFALO, Sept. 23, 1872. MISSISSIPPI EDITORS RECORD:—The Liberals met in convention to-day with the Democrats, for the purpose of nominating a candidate for Representative to the State Legislature to be beaten in November next. Five townships were represented by seventy votes in the convention, three townships unrepresented. Sixteen persons constituted the convention, and of course cast the seventy votes. They were very liberal in voting, as they had the casting of four and three-eighths votes each, on an average. There were four candidates in the convention, just one-fourth of the delegation present, and yet with all their voting powers, failed to place any one of their number in nomination, but most magnanimously bestowed the same on W. S. Maynard, of St. Joseph. The Republicans in this portion of the District will certainly feel just as well pleased at the defeat of Mr. Maynard as any man they could have placed in nomination, for certainly one or two of the names that were before the convention would have looked well in print with the prefix "Hon.", and had they belonged to the right party, I don't think they have been the recipient of Legislative honors ere this. The Republicans are all right, a "Liberal Republican" in the township. You can mark us down for a good majority for Grant and the Republican ticket in November next.

IS NOW HERE.—Dr. Springsteen, of St. Joseph, this county, formerly of Chicago, who has had such magical success in the treatment of chronic diseases for a number of years past, is now stopping at the Tremont House, this city, offering his services to those afflicted with chronic complaints, or any of the diseases of the Eye or Ear. The doctor's large experience in the treatment of those diseases which he makes a specialty, abundantly qualifies him to offer his services with the utmost hope of success. He comes not a traveling quack, but as a regular physician, thoroughly educated, as his several diplomas and other valuable papers fully attest. If your condition requires it, give him a call and become satisfied.

THE NILES Democrat says: Our County Fair which came off on Thursday, Friday and Saturday of last week, was, we regret to say, scarcely worthy the name of a county fair, and calling it such does not reflect any credit upon the rich and profligate county of Berrien. Had it been denominated a township fair it would have better accorded with what was on exhibition.—An ancient relic was kindly handed to us this week by Hon. R. W. Landon, of this city. It is a copy of a newspaper called the "Freeman's Chronicle, or the American Advertiser," printed at Hartford, by B. Webster, Feb. 9th, 1784.

The house was insured for \$500 in the North American.

THE Excursion given by the Baptist society, to the fair at Grand Rapids resulted in a splendid time for all who participated, and a net result of \$270.50, as the financial addition to the treasury of the society. The affair was conducted by good business heads and was more successful in all respects than is usual in such cases.—Walter Livingston was run over by the engine while running to the fire on Wednesday, and had one of his legs fractured.—The wire for a telegraph line is strung along the railroad from Clam Lake to Manistee River. The line will soon be in good working order.

THE ST. JOSEPH Herald says: A copy of the Salt Lake Herald contains the news that C. W. Ormsbee, Esq., of St. Joseph, is going in business in that city. We are informed that he has formed a partnership with Geo. E. Bates, Esq., formerly of Detroit. We have heard of insults offered unattended girls on the street of late. This is the legitimate result of loud girls.—J. Snider of Benton, walking toward the Harbor, where he was working at his trade as carpenter, having with him a loaded gun, secured a ride. The position of the gun in the wagon did not suit him, and in drawing it toward him, the lock caught and discharged its contents into his arm. He was taken to Dr. Wiman's office, where every attention was given to his injury, and a little care in the young man by all the surgeons of the Harbor, who will succeed in saving the use of his arm, unless mortification sets in.—E. W. Reynolds sent a basket of peaches to Cincinnati which was full up, and held only twenty late Crawfords. Who beats it?

THE BENTON HARBOR Palladium says: The fourth volume of the Palladium ends with the present number. The paper was an experiment when it was started, but experience has fully shown that it was needed in this place, and that it can be supported here.—On the 9th inst. a certain family of Riverside held a reunion. The following relatives were present: One great grand mother, one great grandmother, two grandmothers, five mothers, seven daughters, six grand daughters, two great grand daughters, one great grand aunt, one grand aunt, five aunts, six sisters, three nieces, one grand niece, two great grand nieces, one grandfather, four fathers, eight sons, seven grandsons, four great grand sons, one great grand uncle, one grand uncle, four uncles, six brothers, five great grand nephews, one great grand nephew, thirteen cousins, seven second cousins—in all, five generations. The whole number present was sixteen. Now if any of your readers can beat this please let us know.—Large quantities of peaches went to waste in this village this week, owing to the impossibility of getting them to market. Yet within a hundred and fifty miles there are thousands of people who would use at fair prices ten times as many as they can get now. A railroad to the southeast

is a necessity, and must come, sooner or later.

FROM NEW BUFFALO. NEW BUFFALO, Sept. 23, 1872. MISSISSIPPI EDITORS RECORD:—The Liberals met in convention to-day with the Democrats, for the purpose of nominating a candidate for Representative to the State Legislature to be beaten in November next. Five townships were represented by seventy votes in the convention, three townships unrepresented. Sixteen persons constituted the convention, and of course cast the seventy votes. They were very liberal in voting, as they had the casting of four and three-eighths votes each, on an average. There were four candidates in the convention, just one-fourth of the delegation present, and yet with all their voting powers, failed to place any one of their number in nomination, but most magnanimously bestowed the same on W. S. Maynard, of St. Joseph. The Republicans in this portion of the District will certainly feel just as well pleased at the defeat of Mr. Maynard as any man they could have placed in nomination, for certainly one or two of the names that were before the convention would have looked well in print with the prefix "Hon.", and had they belonged to the right party, I don't think they have been the recipient of Legislative honors ere this. The Republicans are all right, a "Liberal Republican" in the township. You can mark us down for a good majority for Grant and the Republican ticket in November next.

IS NOW HERE.—Dr. Springsteen, of St. Joseph, this county, formerly of Chicago, who has had such magical success in the treatment of chronic diseases for a number of years past, is now stopping at the Tremont House, this city, offering his services to those afflicted with chronic complaints, or any of the diseases of the Eye or Ear. The doctor's large experience in the treatment of those diseases which he makes a specialty, abundantly qualifies him to offer his services with the utmost hope of success. He comes not a traveling quack, but as a regular physician, thoroughly educated, as his several diplomas and other valuable papers fully attest. If your condition requires it, give him a call and become satisfied.

THE NILES Democrat says: Our County Fair which came off on Thursday, Friday and Saturday of last week, was, we regret to say, scarcely worthy the name of a county fair, and calling it such does not reflect any credit upon the rich and profligate county of Berrien. Had it been denominated a township fair it would have better accorded with what was on exhibition.—An ancient relic was kindly handed to us this week by Hon. R. W. Landon, of this city. It is a copy of a newspaper called the "Freeman's Chronicle, or the American Advertiser," printed at Hartford, by B. Webster, Feb. 9th, 1784.

THE ST. JOSEPH Traveler says: J. W. Wilson's house situated on the bluff, next to the residence of Mrs. Forbes, took fire on Wednesday afternoon and was burned down. There was no water available and it only remained to remove the contents, which was well done, and let it burn. It was occupied by W. Hoben and Capt. John Wilkinson. The house was insured for \$500 in the North American.

Sunday Reading.

THE PARSON GOING TO MILL.

The parson sat in his house one day While the winter wind did blow; High-rick he drank in lofty thought, From Hooker's classic page.

With saddened brow and heavy sigh He laid aside his book, And with a meek, despairing eye Upon the hearth he took.

"My people think that I must break To them the bread of heaven; But I will not give to any man, Three whole days out of seven."

But hunger is a serious thing, And it is hard to bear; Sweet children's mournful cry for bread Loud ringing in your ear.

So straight he mounted his old horse, He had no time to lag, And rode like a hero to his home, To get on his old mead-bag.

But as he rode, he overtook A proud and wealthy layman, Who with a close astonished gaze The parson's bag did scan.

"My wealthy friend," the parson said, "You must not reason so; For 'tis a fixed and set thing, My mead is always low."

"If my dear people wish to know How to procure my bliss, I'll simply say, a bag of mead Will never come amiss."

Just keep the store-room well supplied, And I will be right still; But if the mead give out again, I must go to the mill!"

MOBIL. Layman! It needs no miracle, No hard laborer's sweat, To make the parson's mead-bag like The widow's cruse of oil.

Four furlongs into his store-room Your gift is right placed; The miracle is simply this, To keep it always full.

Southern Churchman.

Set them to Work.

Some one has remarked, and we think with great truth, "That minister is most successful as such who succeeds in getting the largest number of church-members to work in the interests of his church."

It is simply impossible for one man, no matter how earnest, or how much of spiritual, mental, and bodily health he has, to do everything. There is a limit of human power. He may preach the gospel with energy and fervor, administer the sacraments, visit the sick, bury the dead, instruct the ignorant, &c., &c.; but he cannot visit everybody that needs consolation, or instruct privately every one that ought to be instructed, or look after every case of destitution that occurs in his parish limits.

Happy the clergyman, therefore, that knows the power and gifts of the members of his church, and induces such to use them.

There is the Sunday school; if well-managed what a blessing it is! Suppose every clergyman had, at least, four Bible-classes connected with the school, but not in the school-room. A junior and senior male Bible-class, and a junior and senior female Bible-class, allowing but one thing to guide him in selecting the classes, viz., age—every boy and girl over such an age to be in the junior Bible-class; every boy and girl over such an age to be in the senior class. No rule but age will answer, and every appointment will cause trouble. Then to have four teachers to instruct these classes, and to do it well! What a blessing such members would be!

Then if the clergyman had some young men to look after other young men, to induce them to attend church and connect themselves with the Bible classes; and to report every month his success, what might be accomplished! Others to look after the sick, others after the poor, others to teach sewing and housekeeping or cooking; but the works to be done are as various as the conditions of the parish. What a clergyman needs, therefore, in order to make his parish a success, (a success, means, in saving souls for which Christ died,) is to get Christian men and women to work to work in unison and under his superintendence! Happy that clergyman who can find such, and find work for them! As no man can be happy without work, so no Christian can be a happy Christian unless he have Christian work to do.

Southern Churchman.

Suffer them to Come Unto Me.

When Jesus was in the world he said, "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven." He says so now. "How then can children come to him?" We answer, by studying and imitating his life, by heeding his words, by doing as he did and as he directs us to. We can have Jesus with us now, in this way, and know him better than many little children who saw him in Judea ever knew him. A dear mother of yours may die and go into the spirit world; and she may leave you her precious instructions and her faithful Christian education and life. Now if you give attention to her teachings, and follow her example, and imitate her character, you will show that she is near you, and that she is impressing you with her heavenly virtues. Thus may children come to Jesus, and enjoy his friendship, and abide in his love.—Myrtle.

A Finished Life.

A finished life, a life which has made the best of all the materials granted to it, and through which, be it web dark or bright, its pattern clear or clouded, can be traced plainly to the hand of the great Designer—surely this is worth great thought. It has fulfilled its appointed course, and returns to the Giver of all breath pure as he gave it. Nor will he forget it when he counteth up his jewels.—Miss Mulooh.

On earth we have nothing to do with success or with its results, but only being true to God's will, his glory, and not success which is the great favor before God.—Robertson.
